Judge Claude Frollo (also simply known as Frollo) is the main antagonist of Disney's 34th full-length animated feature film The Hunchback of Notre Dame, which is based on the 1831 French novel of the same name by the late Victor Hugo.

He is a religious fanatic who uses his position as the Minister of Justice in the city of Paris to enrich himself and persecute those he considers inferior, especially the city's Gypsies. He is the ex-foster father of Quasimodo as well as his arch-nemesis and the murderer of his mother. This version of Frollo is noticeably more evil than his literary version.

He was voiced by the late Tony Jay, who also played Shere Khan in Disney's The Jungle Book 2 and TaleSpin, Monsieur D'Arque in Disney's Beauty and the Beast, Megabyte in ReBoot, Mr. Toplofty in An American Tail: The Treasure of Manhattan Island and Galactus in the 1994 Fantastic Four TV series. In Kingdom Hearts 3D: Dream Drop Distance, he was voiced by Shouzou Sasaki in the Japanese version, and Corey Burton in the English dubbed version.

Not much is known about his past nor earlier life, though Frollo resides in Paris, France, where he initially serves as a court judge. A deeply religious man, Frollo uses his position to inflict great suffering upon the gypsy population, believing them to "live outside the natural order" and engage in "heathen" behavior, as well as "inflame the people's lowest instincts". For this reason, many gypsies (if not all of them) held a great fear of the tyrannical judge.

One winter's night in 1482 A.D., a group of gypsies attempt to enter Paris in secret, only to be stopped by Frollo and his soldiers. When a gypsy woman attempts to flee, Frollo, thinking her to be hiding stolen goods, chases her through the streets of Paris. The woman arrives at Notre Dame and tries to gain Sanctuary in the church, but Frollo catches up to her. As he wrestles the "stolen goods" from her, he kicks her in the abdomen, causing her to fall head-first on the front steps of the church and die instantly.

He then finds out the goods were actually the woman's hideously deformed baby son, whom he attempts to throw down a well, believing him to be an "unholy demon" due to his deformities and that doing so would "send it back to Hell where it belongs", but he is stopped by the Archdeacon of Notre Dame. Though Frollo defends his actions regarding the death of the woman and his attempt to drown the child, the Archdeacon tells him that even though he could hide his crimes from the public and lie to himself about his justifications, he could never hide his crimes from the eyes of the

Virgin Mary (Notre Dame being French for "Our Lady.") The Archdeacon then tells Frollo to adopt the baby and raise him as his own in order to atone for his actions.

Fearing damnation, Frollo begrudgingly accepts and names the baby Quasimodo ("half-formed"). He keeps him out of the people's attention in the cathedral towers. Frollo decided that the child may have some future use for him as he intends to make those plans a reality.

As Quasimodo grows up as the bell-ringer of Notre Dame, Frollo regularly visited him and put his corrupted beliefs in the latter's mind as well persuading him to never venture outside to avoid the hatred of the world, which he describes as cruel and unforgiving for deformed people. It is also shown that he lied to Quasimodo about the fate of his mother, telling him she never loved him and abandoned him which caused him to take him in.

20 Years Later

20 years later in 1502 A.D., Frollo has risen to become Minister of Justice, and has almost complete control over Paris' affairs while the king is away at war. When doing his usual lesson with Quasimodo, Frollo is infuriated to learn that Quasimodo is interested in attending the annual Festival of Fools. He refuses to let Quasimodo attend, as it goes against his edict that Quasimodo never leave the bell tower under any circumstances. He also admits that even though he is required to attend the festival due to his status as a public official, he doesn't enjoy it at all and in fact utterly loathes the concept of the Festival of Fools, describing it as "the dregs of humankind all mixed together in a shallow, drunken stupor." He convinces Quasimodo to forsake his desire to attend the festival to avoid the harrowing judgments that the rest of Paris supposedly has for people who are deformed.

Later, Frollo recruits renowned solider and war hero Phoebus to serve as his new captain of the guards and join him in his campaign against the gypsies. Though Phoebus is skeptical about the gypsies being an actual threat, he agrees to help Frollo.

While attending the festival, Frollo discovers a gypsy dancer named

Esmeralda, who both attracts and disgusts him with her beauty. Shortly afterwards, Quasimodo is revealed to have changed his mind about attending the festival and has secretly joined the festivities, but his cover is ultimately blown when he is nominated to become King of Fools (an award given to the person with the "ugliest face in Paris") and the others figure out that he is indeed Notre Dame's hidden bell-ringer. Frollo is clearly infuriated that Quasimodo has disobeyed him, and is even more so when he is ultimately crowned King of Fools.

In the midst of the cheers for Quasimodo, one of Frollo's guards throws a tomato at Quasimodo. Another guard throws a tomato at him too, causing the rest of the crowd to start throwing food at him as well. Several others tie him down, and the crowd continues throwing food at him, cruelly laughing at him and mocking him. Quasimodo begs Frollo for help, but a displeased Frollo allows the torment to continue to punish him for his disobedience, even refusing to allow Phoebus to put a stop to the torment.

Esmeralda then comes to Quasimodo's aid, cutting him loose despite Frollo ordering her not to. She berates the judge for tormenting the innocents he is supposed to protect. Frollo fails in silencing her and vows that she will pay for defying him. Esmeralda defies him once again when she proclaims that Frollo is the real King of Fools and throws Quasimodo's crown at his feet.

Frollo orders Esmeralda to be arrested, but she is able to evade his guards at the Festival with magic tricks, which Frollo describes as "witchcraft." Frollo is left humiliated by his and his guards' inability to capture her. He then glares angrily at Quasimodo, who apologizes for disobeying him and vowing not to do so again, before returning to Notre Dame.

Esmeralda is only able to escape Frollo's wrath by sneaking into Notre Dame, where she is beyond Frollo's reach due to the divine right of Sanctuary. However, Phoebus is able to follow her in, but she stands up to him and fights him to a draw, earning his respect. Frollo barges into the cathedral and demands that Phoebus take her into custody, but Phoebus claims Sanctuary for Esmeralda on her behalf. Frollo demands that Esmeralda be "dragged outside", but the Archdeacon arrives to defend her and reminds Frollo to respect the sanctity of the church. An angered Frollo then orders his guards to leave, but he himself hides behind a pillar.

## Hunting Esmeralda

While the Archdeacon escorts Phoebus out of the cathedral, Frollo comes up behind Esmeralda and grabs her, threatening her by saying that gypsies don't do well inside stone walls. He then proceeds to sniff her hair inappropriately and gropes her neck. Esmeralda is utterly disgusted and shoves Frollo away. He then accuses Esmeralda of "clouding [his] mind with unholy thoughts." As he leaves the cathedral, Frollo taunts Esmeralda saying that Notre Dame was a "magnificent prison, but a prison nonetheless." He then informs her that he would have her arrested the second she stepped outside of the church. He then posts guards at every entrance, effectively trapping Esmeralda inside Notre Dame.

## Frollo Continues his Plans

That night at the Palace of Justice, Frollo is disturbed by his attraction and lust for Esmeralda. Despite this, he thus protests against the Lord, shifting the blame of his crimes on others and coming to the conclusion that Esmeralda must have put a spell on him to damn his soul, and that his desires for her were not his fault at all. He resolves to have Esmeralda for herself, and failing that, kill her (which he expresses in the song "Hellfire"). Unbeknownst to Frollo, Quasimodo has helped Esmeralda escape the cathedral in gratitude for her rescue of him during the Festival of Fools, as well as feelings of love towards her.

Upon learning that Esmeralda has escaped, Frollo declares that he will find her even if he has to burn down all of Paris. The next day, he leads his guards in a ruthless manhunt for Esmeralda, raiding portions of the city and offering a reward to any of the gypsies who would help him find Esmeralda. The gypsies, of course, refuse to sell out one of their own, and Frollo has them imprisoned.

Frollo later arrives at the home of a miller and his family and accuses them of hiding gypsies in his home when he discovers a gypsy talisman on the miller's property. The miller protests his innocence in the whole affair and begs mercy from Frollo, who refuses to listen and places the miller and his family under house arrest. He then orders Phoebus to burn down the mill with the family still inside, simply to make examples of the "traitors."

Phoebus, appalled that Frollo wanted to murder an entire family of innocent people, refuses the order outright. The fanatical judge calls Phoebus an "insolent coward" before setting the mill ablaze himself, but Phoebus, refusing to allow any innocents to die, goes into the burning building and saves the family from harmed.

Frollo then orders Phoebus to be executed for his insubordination right then and there, but before Phoebus can be killed, a disguised Esmeralda throws a rock at Frollo's horse, causing the horse to throw Frollo off. Phoebus then steals the horse and rides away to escape Frollo and his guards. The guards shoot at Phoebus with arrows, with one piercing him in the back, near his heart. Phoebus falls off the judge's horse and into the river. Leaving Phoebus for dead, Frollo and his guards resume the search for Esmeralda. Unbeknownst to Frollo, Esmeralda was able to rescue Phoebus and secretly brings him back to Notre Dame where she and Quasimodo help nurse him back to health.

As night falls, Frollo's hunt has left Paris burning and in ruins, with Esmeralda still nowhere to be found. Frollo is at a loss to explain how the gypsy girl could have possibly escaped Notre Dame when he had it completely surrounded. He then comes to the conclusion that the only way she could have escaped without alerting his guards would be if Quasimodo helped her.

Frollo visits Quasimodo unannounced, and though at first Frollo appears to be visiting him as he normally does, he finally reveals that he is aware that Quasimodo helped Esmeralda escape. Though Quasimodo protests that he was simply repaying the girl for her kindness to him, Frollo angrily rages at him for falling victim to her "cunning." However, Frollo calms down and concedes that Quasimodo could never stand a chance against Esmeralda's "heathen treachery" and promised to free him from her "evil spell" by revealing that he had discovered the gypsy hideout, the Court of Miracles, and at dawn, he would attack with a thousand men; this is actually a lie to prompt Quasimodo to seek out the Court himself and find it for Frollo.

Quasimodo and a recovered Phoebus go to the Court of Miracles to warn the gypsies of the judge's impending attack. However, Frollo successfully follows them and lays siege the Court, arresting all the gypsies and mocking Quasimodo for "finally being of use" to him. After they leave the Court, Frollo has Quasimodo chained up in the bell tower, to prevent him from leaving Notre Dame again.

## Final Battle

Frollo organizes a public execution of Esmeralda in the courtyard of Notre Dame, sentencing her to be burned at the stake for witchcraft. However, before the execution begins, Frollo offers her one last chance: he will pardon her and allow her to walk away alive, but only if she becomes his mistress. Esmeralda refuses and defiantly spits in the judge's face. Frollo then begins the process of burning Esmeralda alive, but Quasimodo is able to free himself from chains and swings into the courtyard to rescue her, hiding her in an upper chamber of the church.

Enraged that Quasimodo has interfered yet again, the maddened judge finally loses what remains of his sanity and orders his men to attack Notre Dame, telling his men to grab a wooden beam to break down the door. In the chaos, Phoebus is able to free himself from imprisonment and rallies the citizens of Paris against Frollo and his soldiers. The other gypsies are freed as well and join the fray, causing the chaos to erupt into a fully-fledged battle. Quasimodo and his gargoyle friends take charge of the defense of Notre Dame itself and are able to prevent quite a few soldiers from entering the church, but not stop the assault fully. Quasimodo resorts to pouring a large vat of molten lead down into the courtyard to stop the soldiers' advance. The molten lead completely surrounds Notre Dame and is successful in stopping Frollo's soldiers, but not the judge himself, who is able to cut a small entrance into the door with his sword, large enough for him to get in.

As Frollo heads towards the staircase to the bell tower, the arriving Archdeacon furiously states that he won't tolerate Frollo's assault against the church, implying that he will report Frollo to the French monarchy and have him arrested for his crimes. However, Frollo furiously shoves the Archdeacon out of the way and locks him out of the tower, telling him that Frollo himself and Quasimodo have "unfinished business to attend to", and that the Archdeacon will not interfere this time.

Though Quasimodo is initially celebrating the victory against Frollo and his soldiers, Esmeralda has fallen unconscious because of smoke inhalation, and Quasimodo's attempts to revive her are not successful. Frollo finds him sobbing over her, believing her to be dead. Frollo asserts guilt, vindicating his actions by stating he was simply doing his duty and says that it's time to end Quasimodo's suffering forever. However, Quasimodo realizes the judge's true intentions when he notices Frollo's shadow raising a dagger, clearly intending to kill him. Quasimodo overpowers Frollo, wrenching the dagger from his grip and throwing him to the floor.

A shocked Frollo begs Quasimodo to listen to him, but Quasimodo has finally had enough of Frollo's lies. He then goes on an emotional tirade about how all his life Frollo had told him that the world was a dark, cruel place, and that he now sees that people who are just like Frollo are the only reason why. In the midst of Quasimodo's tirade, Esmerelda finally recuperates, much to Quasimodo's complete relief. Enraged that Esmeralda was still alive, Frollo draws his sword and advances on them both, but Quasimodo picks her up and quickly darts onto the church's balcony and out of sight.

## Death

Frollo searches for the two and finally finds them trying to climb down the wall. He tries to cut off the gargoyle structure Quasimodo was hanging on, but Quasimodo leaps to another one out of Frollo's reach. Quasimodo keeps evading Frollo and manages to climb back onto the balcony.

Blinded by rage, Frollo confesses that he killed Quasimodo's mother when she tried to protect him as a baby, which Quasimodo is shocked. As such, Frollo proclaims his intention to kill his former ward like he should have done 20 years ago. He blinds Quasimodo with his cloak and attempts to throw him into the molten lead below, but Quasimodo manages to hold on and pulls Frollo along with him.

Instead of letting his foster father fall, Quasimodo holds him and the cape tightly while Frollo maintains his hold on the cape, with his own grip on the balcony weakening. Esmeralda attempts to pull Quasimodo to safety. Taking advantage of the distraction, Frollo is able to climb onto part of the wall onto another gargoyle structure. Rather than getting to safety, he steadies himself and cackles madly at their situation. With an evil grin, the demented judge raises his sword to kill them both, proclaiming that "He shall smite the wicked and plunge them into the fiery pit".

At that very moment, the gargoyle he stands on is cracking, causing him to lose his balance and hang on to the gargoyle for dear life. The gargoyle then comes to life and roars at him menacingly before breaking away from the cathedral completely, sending a screaming Frollo plunging into the molten lead a long way below, where he dies a well-deserved death and finally gets his eternal comeuppance.

Frollo's death can be interpreted as divine intervention: The gargoyle being the symbol of God, "judging" Frollo as "the wicked" and therefore casting him into the "fiery pit" of Hell, symbolized in the form of the molten lead. Alternatively, it might be the doing of Notre Dame itself, who is implied to be sentient throughout the movie and been observing Frollo for 2 decades and it finally had enough of him for attempting to commit another murder. In the end, Frollo finally suffers the fate that he had feared so greatly and was the driving force for all his actions in the film-the damnation of his very soul.

With Frollo gone, Quasimodo gives Esmeralda and Phoebus his blessing, and dares venture outside Notre Dame, where the people welcome him warmly, prompting Clopin to reprise the introduction song, but after singing "who is the monster and who is the man" the first time, he now asks "what makes a monster and what makes a man" to hammer the point home.

House of Mouse

Frollo makes a few cameos in the series. In "Everybody Loves Mickey", he was seen sitting with Grumpy and Grimsby, with all three giving their trademark dry expressions in response to the comedy of Mortimer Mouse.

In "Dining Goofy", he showed to be unamused with the fact that he was seated with the Mad Hatter, calling him Frumpy during the time that Goofy lets Daisy know that he changed the seating chart so that the audience could make new friends, which did not work out.

He also appears in Mickey's House of Villains, but not as one of the villains that take over. Instead, he only appears in a crowd shot in between the cartoons shorts, taking place before the takeover. During Jafar's reign as host, however, Frollo is nowhere to be seen whatsoever, implying that he possibly left the club before Jafar's plan started.

Kingdom Hearts Dream: Drop Distance

Judge Claude Frollo serves as a villain in the video game Kingdom Hearts: Dream Drop Distance. In this mix of the Disney and Square Enix multiverses, he is confronted in the world La Cité des Cloches (French for The City of Bells), depicting a medieval Paris around Notre Dame Cathedral. As Sora and Riku, the primary protagonists, are travelling separately to fully restore the Sleeping Worlds from Darkness, they end up in La Cité des Cloches, where they both witness different events of the movie. In this version, Frollo was voiced by Corey Burton.

Riku first arrives when Phoebus is chasing Esmeralda at Frollo's command but denies having seen her running away. As Frollo is scolding Phoebus, Esmeralda befriends Riku, telling him about Frollo's genocidal quest and directs him to Notre Dame. While initially sympathetic to Frollo, having himself fallen in Darkness, Riku realizes the abuses he puts Quasimodo through and encourages the bell-boy to follow his heart.

Meanwhile, Frollo accosts Sora, believing him to be a gypsy due to the clothes he wears. As Phoebus suddenly barges in, reporting that monsters have invaded the town, Sora deduces that he speaks about Dream Eaters and rushes to fight them, followed by Phoebus who worries that he is but a kid. Left alone, Frollo starts ranting against all of the "threats to law and order" he spent his life-fighting.

They witness Quasimodo, crowned Kings of Fools as in the movie, riding Dream Eaters. Frollo's arrival causes the Dream Eaters to go berserk, and Sora confronts them as Esmeralda helps Quasimodo go back to the cathedral. Upon venturing into Notre Dame, Sora witnesses Quasimodo help Esmeralda escape from the guards that prevent her from leaving the cathedral's sanctuary, then Frollo ruining Quasimodo's self-esteem with false kindness.

As Riku is searching for Frollo, hoping to save him from Darkness, he witnesses him trying to burn the innocent Miller family in their house, with an outraged Phoebus standing against him to defend them. When Frollo summons the powerful Nightmare Dream Eater known as the Wargoyle, delusionally ranting that it is a gift from God to help him "cleanse the world", Riku understands that the fanatic has sunk too low and resolves to stop him. With Phoebus wounded Riku rushes after Frollo alone.

While Phoebus has been stripped from his rank, he warns Sora that Frollo is about to invade the Court of Miracles. With Quasimodo's help, they rush there to warn the gypsies, but as in the movie, this is a trap and Frollo barges in after following them. He subdues them with his Nightmares Dream Eaters takes Esmeralda prisoner, indifferent to Quasimodo's desperate pleas, and prepares to burn her at the stake. Sora rushes to stop him, but he has a Dream Eater knock out the boy. When Sora reaches Notre Dame, Quasimodo has already rescued Esmeralda from the stake and is taking her into the cathedral.

Riku confronts Frollo atop Notre Dame's towers, as the unhinged fanatic is gleefully watching Paris burning, and calls him out on his delusion, calling him "a sad old man with a dark heart", but Frollo summons the Wargoyle to "pass judgment". As the monster's appearance knocks him overboard, Frollo falls into the fire while cackling maniacally and yelling "Judgment is mine!" However, he somehow survives, unless the dream in which Sora is present is not the same, which remains unclear. After a short confrontation with Ansem, Seeker of Darkness and Young Xehanort, Riku defeats the Wargoyle and shatters its wing, causing it to fall into the fire.

Since Sora must face the now-wingless Wargoyle, hinting that it was the same that fought Riku, he cannot prevent Frollo from barging into the cathedral after his former ward. Just like in the movie, Frollo attacks Quasimodo and Esmeralda with a sword and reveals the awful truth about Quasimodo's mother's fate, but he fells overboard after Quasimodo dodges his sword strike. As Esmeralda desperately tries to keep Quasimodo from falling, the fanatic climbs the gargoyle while blaspheming, only to fall to his well-deserved doom.

Riku

In Riku's story, Judge Frollo questions why he bothered summoning Phoebus if he could not find Esmeralda. Frollo is seen trying to "pass judgement" against a family by using the Wargoyle. Luckily, Riku and Phoebus make it in time. Back at Notre Dame, Frollo falls off the balcony, yelling "Judgement is mine!". Afterward, Ansem appears and briefly threatens Riku with Frollo's dropped blade, before discarding it and leaving.

Kingdom Keepers

In the novel series Kingdom Keepers, Judge Frollo appears in one of the books. He is one of the Overtakers, a group of certain Disney villains that plan to take over all of the Disney parks, and he also has command over an army of Green Army Men. He tried to drown one of the Kingdom Keeper kids. He, along with Maleficent and the baddie in charge (Chernabog), are the main Overtakers (along with Evil Queen and Cruella De Vil).

We gasped in horror at what we found out.

Me: WHOA!

Nico: Those are acts of pure evil right there.

Me: I know. But Frollo is beyond a shadow of a doubt, the worst of them all.

Lincoln: He sure was.

Me: Yep. And in the end, God has had enough of him and sent him into the fire of Hell where he will burn. But lets head to the world of Notre Dame and stop Frollo ourselves. Lola had her shot twice. Now it's time for all of us to get some shots in. This is gonna be like in the Battle of Armageddon in the Book of Revelations. We as Angels will face the Army of Frollo.

Everyone: YEAH!

Me: Lets head to the Simulator.

We went to the Simulator and we got ready.

---

We were getting ready for the biggest battle in all of the name of religion. We were gonna make Frollo pay the ultimate price for his crimes against God and the world.

Me: Here we go guys.

Lana: Yeah!

We went into the Simulator and it activated and we were in Paris, France in 1502 A.D. Home of the world famous Notre Dame Cathedral, a famous landmark of Paris that stood ever since 1260 A.D.

Sora: Here we are in Notre Dame.

Me: Yep in 1502 A.D. The 16th Century just started.

Nico: Wow. So this is Notre Dame Cathedral.

Marinette: It's so beautiful. I can't believe it's so pretty.

Jessie K.: Notre Dame has a lot of history that dates back to 1163 A.D. when it was first built. It took 97 years to build. From 1163 to 1260 A.D.

Lincoln: Wow! That is so amazing!

Laney: It's so cool learning so much about Notre Dame.

Notre-Dame de Paris (/ˌnɒtrə ˈdæm, ˌnɒtrə ˈdɑːm, ˌnoʊtrə ˈdɑːm, ˌnoʊtrə ˈdeɪm/; French: [nɔtʁə dam də paʁi] (About this soundlisten);

meaning "Our Lady of Paris"), referred to simply as Notre-Dame,[a] is a medieval Catholic cathedral on the Île de la Cité in the 4th arrondissement of Paris. The cathedral was consecrated to the Virgin Mary and considered to be one of the finest examples of French Gothic architecture. Its pioneering use of the rib vault and flying buttress, its enormous and colourful rose windows, as well as the naturalism and abundance of its sculptural decoration set it apart from the earlier Romanesque style. Major components that make Notre Dame stand out include one of the world's largest organs and its immense church bells.

The cathedral's construction began in 1160 under Bishop Maurice de Sully and was largely complete by 1260, though it was modified frequently in the following centuries. In the 1790s, Notre-Dame suffered desecration during the French Revolution; much of its religious imagery was damaged or destroyed. In the 19th century, the cathedral was the site of the coronation of Napoleon I and funerals of many Presidents of the Republic.

Popular interest in the cathedral blossomed soon after the publication, in 1831, of Victor Hugo's novel Notre-Dame de Paris (better known in English as The Hunchback of Notre-Dame). This led to a major restoration project between 1844 and 1864, supervised by Eugène Viollet-le-Duc. The liberation of Paris was celebrated within Notre-Dame in 1944 with the singing of the Magnificat. Beginning in 1963, the cathedral's façade was cleaned of centuries of soot and grime. Another cleaning and restoration project was carried out between 1991 and 2000.

The cathedral was one of the most widely recognized symbols of the city of Paris and the French nation. As the cathedral of the Archdiocese of Paris, Notre-Dame contains the cathedra of the Archbishop of Paris (Michel Aupetit). In 1805, Notre-Dame was given the honorary status of a minor basilica. Approximately 12 million people visit Notre-Dame annually, making it the most visited monument in Paris. The cathedral was renowned for its Lent sermons, founded by the Dominican Jean-Baptiste Henri Lacordaire in the 1830s. In recent years, an increasing number have been given by leading public figures and state-employed academics.

The cathedral has been progressively stripped of its original decoration and works of art. Several noteworthy examples of Gothic, Baroque, and 19th-century sculptures and a group of 17th- and early 18th-century altarpieces remain in the cathedral's collection. Some of the most important relics in Christendom, including the Crown of Thorns, a sliver of the true cross and a nail from the true cross, are preserved at Notre-Dame.

While undergoing renovation and restoration, the roof of Notre-Dame caught fire on the evening of 15 April 2019. Burning for around 15 hours, the cathedral sustained serious damage, including the destruction of the flèche (the timber spire over the crossing) and most of the lead-covered wooden roof above the stone vaulted ceiling. Contamination of the site and the nearby environment resulted. Following the April fire, many proposals were made for modernizing the cathedral's design. However, on 16 July 2019, the French Parliament passed a law requiring that it be rebuilt exactly as it appeared before the fire. Stabilising the structure against possible collapse is expected to continue until the end of 2020, with reconstruction beginning in 2021. The government of France hopes the reconstruction can be completed by Spring 2024, in time for the opening of the 2024 Summer Olympics in Paris.

We walked around Notre Dame and we were inside the very house of God.

Me: Wow.

Aurore: It's so beautiful in here.

Me: It's just as beautiful in this time as it is back home in the 21st Century.

Lola: I heard that most of this got destroyed in a fire back in 2019.

Me: That's right and that was terrible.

Laney: It sure was. That was all over the news. Very sad.

Nico: Yeah that was awful. I can't believe that a bad malfunctioning wire destroyed hundreds of years of history here.

Lincoln: Very shocking.

Clyde: How long has Notre Dame been standing?

Jessie K.: Over 860 years Clyde. It was built back in 1260 A.D.

Clyde: Man. That's bad.

Linka: No kidding.

Me: Nico, you have been here before when you were helping Marinette and Adrien deal with the Akuma's right?

Nico: I sure have. Awesome place to visit and learn about. It was so cool learning all about the most famous church in the world.

Me: I know.

I then sensed something.

Me: Get down!

We ducked and everyone but Aqua ducked.

Aqua just got hit with a strange quill.

Terra: Aqua!

Ven: Are you ok?

Aqua: (suddenly becomes scared) Terra? Ven? I'm scared.

Terra: Huh?

Ven: Aqua there's nothing to be afraid of.

Nico: I saw a strange quill hit Aqua.

Me: Strange quill? Where have I seen this before?

Another of the strange quills just hit Kairi.

Sora: Kairi! Are you ok?

Kairi: (pained expression becomes a smirk) Never better, Spiky!

Sora: Spiky? Kairi, are you feeling- (Kairi kisses him)

Me: Kairi turned into a badass girl and Aqua turned Timid. Polar opposites of who they really are.

Shy Aqua was apologizing to Terra and Ven for a lot of things.

Shy Aqua: (to Ven) Ven, I'm sorry that I treated you like a kid all those years ago. (to Terra) And Terra, I'm sorry that I accepted Eraqus' orders to keep an eye on you. Becaue of that, you thought that I betrayed your trust.

Terra: Aqua, it's ok. We already forgave you for all of that.

Shy Aqua: But because of my mistakes, the worlds were put in grave danger!

Ven: That's not your fault. Xehanort caused all of that to begin with.

Me: That's right Aqua. You are not to blame for any of that.

Lincoln: That's right.

Me: Kairi, are you gonna…

Kairi: Don't tell me what to do, Knudson. (pokes finger at my chest) I'm my own boss!

Me: (Gulp) Okay now you're starting to scare me.

Ven: You know, Aqua. You're really cute when you're shy.

Aqua: Y-You really think so?

Ven: I know so.

Badass Kairi: I need to change out of these rags!

Kairi did so and she came back 10 minutes later with different clothes. She had a black leather jacket, a black t-shirt with a skull on fire on it, black skirt, black boots with razor sharp spikes on them and she also had black fingerless gloves with spikes on them.

Me: WHOA!

Nico: Wow! You look awesome Kairi.

Me: Really badass and hardcore.

Bubbles (Adult): Reminds me of what I went through when I was hardcore.

Brittney: You look really good like this Kairi.

Badass Kairi: Thank you guys.

Me: But lets focus on the matter at hand.

We went up to the bell tower and we met Quasimodo and Phoebus.

Quasimodo: Sora!

Sora: Hey Quasimodo.

Quasimodo: It's so good to see you again.

Sora: Same to you.

Goofy: How have you been?

Quasimodo: Been doing great. But Frollo is making things really worse. He's going to attack the Court of Miracles at dawn with 1,000 men.

Me: Not if we get there first. But I know all of his tricks and his cunningness.

Phoebus: Frollo is a monster and he kills people that are innocent. He doesn't care about all of Paris. He just wants to make people suffer.

Me: I know Phoebus. We came here to kill him and make him pay for his crimes against God. He took God's laws into his own hands and he's going to use them to destroy all of Paris.

Phoebus: What a monster!

Lori: He literally disgusts me!

Me: He is one of the worst. We won't let him get away with everything he did.

Quasimodo: I now realize the truth about him. Frollo has been lying to me about everything. Frollo is a monster.

Me: Anyway lets get to the court of miracles.

We left the cathedral and we went to a cemetery. We were looking around.

Me: It's got to be here somewhere.

Lana: Lets see.

Lana then lifted a lid off a grave and we saw a hidden staircase.

Me: A hidden staircase.

I sensed that Frollo was hiding.

Me: Come on out Frollo! I know you're here!

Frollo then came out from behind a gravestone and we saw him!

Me: Judge Claude Frollo. So we meet at last.

Frollo: So you all know about my plans.

Me: To kill thousands of innocent people in the name of God? Yes we do. And you will pay for your ultimate blasphemy.

Quasimodo: It's over, Frollo!

Frollo: You're right. It is over. For you!

Me: Wrong!

I fired a powerful blast of wind and sent him flying. He flew back into the Palace of Justice and landed on a sofa.

Me: It's just beginning.

I formed a genjutsu and made it look like the staircase was just a hole in the ground that lead to nothing.

Me: That should hold him for a while. But we got to hurry.

Shaggy and Scooby backed out.

Shaggy: Ha! Like forget it guys! No way are we going down into that spooky tunnel!

Scooby Doo: Reah and you can't make us!

Badass Kairi: But I can!

She grabbed Shaggy and Scooby and went down.

Me: (Sadly) Hey that's usually my job!

Nico: She beat you to it.

We went down the stairs and we went through some dark tunnels. I had a ball of light lit and my infrared vision was on and it was going to flush out hostiles.

Me: It sure is creepy in here. Look at all the skulls and dead bodies.

Lucy Loud: Wicked. There are a lot of them.

Laney: Really scary.

Lincoln: It sure is creepy.

Tarantulus: It's like going into a cave of death.

Me: No kidding Tarantulus. But stay close guys.

We then found the Court of Miracles.

Me: Wow. The Court of Miracles. It's beautiful.

We then saw Esmeralda.

Esmeralda: Sora, Donald, Goofy, Lola!

Sora: Hey Esmeralda!

They hugged.

Sora: It's good to see you again.

Goofy: How have you been?

Esmeralda: Terrible. Frollo is out to kill me.

Me: So we have noticed. Frollo has taken God's laws into his own hands and he's out for blood. He's going to kill all the gypsies and he will stop at nothing until he does.

Esmeralda: What!? That monster!

Me: He's worse than a monster Esmeralda. He makes even the devil himself look like a joke.

Esmeralda: This is really bad!

Everyone heard us.

Phoebus: We all came to warn you! Frollo is coming! He says he knows where you're hiding and said he's attacking at dawn with a thousand men!

Me: And we're going to make him pay for his crimes against God.

?: Then you will have a hard time getting to him!

We turned and we saw PORCUPONGO! The enemy of the Jungle Fury Rangers from episode 15 of Jungle Fury!

---

Porcupongo served Dai Shi and Camille. After Hamhock was destroyed, Camille ordered Porcupongo to destroy the Power Rangers, while she went to revive Grizzaka. Porcupongo attacked

Ocean Bluff and encountered the Rangers. Porcupongo could shoot with whirlwind of needles and was strong in close combat. In first fight with Rangers, Porcupongo hit Lily with his needles and one of them stucked in her body, making her act like a biker girl. Porcupongo later returned and now fought only with Casey and Theo, and was winning. However, Fran removed the quill and Lily returned to help her friends. The Rangers morphed into Jungle Master Mode and defeated him. Then Porcupongo enlarged himself, but was destroyed by Jungle Master Megazord.

* * *

Casey Rhodes: Porcupongo!

Porcupongo: It's been a while Jungle Fury rangers!

Me: I remember this guy! He used his strange quills to make Lily into a badass biker girl! (Realizes something) Wait a second. Now I see what you did! You used your quills on Kairi and Aqua and turned Aqua into a shy timid girl and Kairi into a Badass Punk!

Porcupongo: That's right. You like what I did to them? I made Kairi more confident.

Me: A little too confident if you ask me. So much that it's scary.

?: And he's not the only one.

We then saw a figure come out and we saw that it was Nicole's old enemy from the Hidden Star Village: Disgraced Former Deputy Hoshikage, AKAHOSHI!

* * *

Akahoshi (in Japanese: アカホシ, Akahoshi) is the main antagonist of the Star Guard Mission Arc. He assassinated the Third Hoshikage with the help of his allies, Shiso and Yotaka when the Third discontinued the star chakra training. After the Third's death, Akahoshi manipulated the people in the village into doing the star chakra training despite knowing its danger. He wanted to gain the full power of the Star chakra to one day dominate all Five Great Nations.

## Personality

Akahoshi was obsessed with obtaining power and followed strictly behind the ideology of individuals dying for the greater cause of the village. His ideology and stubbornness, led Akahoshi to depravity. In the quest to obtaining more power for the village, Akahoshi murdered the Third Hoshikage because the latter outlawed the practice of using star chakra. Akahoshi did not care about the dangers the star chakra posed to the children of the village and encouraged them to continuously train in hopes of building up a strong military force in the village.

Aside from his calm and commanding personality he displayed, Akahoshi revealed his true nature as sadistic individual who laughed after murdering the Third Hoshikage and as a stubborn person who wanted power over the safety and lives of the villagers. With his henchmen, Shiso and Yotaka, Akahoshi only cared for them because of how helpful they were to him but did not cared about their safety when he recklessly used the star chakra. Akahoshi also displayed selfishness and brutality by how he went on a rampage when he gained the full power of the star chakra not caring about the safety of his fellow villagers.

## Biography

Under the Third Hoshikage's rule, Akahoshi served as a ninja under his rule. When he learned about Natsuhi and Hotarubi and how they were against the star training because of its dangerous effects, the Third Hoshikage ended the star chakra training but banished them. Akahoshi disagreed with the Third Hoshikage's decision to end the star chakra over the safety issues involved. One night, Akahoshi and his men Yotaka and Shiso assassinated the Third Hoshikage. They managed to cover up the assassination leading the people in the village to think that the Third died of other causes. When Akahoshi came to power after the Third's death, Akahoshi resumed the star training. Concerned about the meteor not getting stolen, he hired leaf ninjas (Neji Hyūga, Rock Lee, Tenten, and Naruto Uzumaki) to protect the star.

When he learns about Natsuhi's motives, he disguises himself and captures Sumaru (Natsuhi's son). At the time he did this, he encounters Naruto and Neji who attempts to stop him. He brings Sumaru back to his building in hopes of luring out Natsuhi. Akahoshi manages to encounter Natsuhi and wants her to comply with his demands for her son's safety. Naruto and Neji manages to make it to the destination where Akahoshi and Natsuhi were at. When they continue their fight, Akahoshi attacks Natsuhi with his star chakra attack which results in her and Naruto falling off the cliff they were at. Neji asks why he attacked Naruto to which Akahoshi lies that he was in the way.

Akahoshi soon learns that Sumaru was taken by Rock Lee and Tenten. Akahoshi later encounters Natsuhi again and confesses to murdering the Third Hoshikage. He fights Natsuhi until he defeats her. Later when Akahoshi was telling the village about his plans as the Fourth Hoshikage, he encounters Natsuhi and the leaf ninjas again. Akahoshi uses his star chakra to take control of Sumaru's mind for a moment to force him to say that he will sacrifice himself for the village. Akahoshi forces Natsuhi into a situation where she has to choose to either save her son at the cost of her life or die. Akahoshi murders Natsuhi, tells the leaf ninja that their job in his village is done, and leaves Sumaru to the leaf ninjas calling him the son of a traitor. Later when Sumaru and others mourn for his mother in a building, Akahoshi orders his men to burn down the building he and a few others were in.

In the village, Akahoshi is confronted by people in the village over the effects of the star chakra training on the children. When they press him for his actions, Akahoshi stubbornly supports the star chakra training and did not care what happens to the children because he sees them as necessary sacrifices to the village's growth. After getting press more by the villagers, Akahoshi confess to murdering the Third Hoshikage with the help of Yotaka and Shiso. Shiso questions whether Akahoshi takes things too far. Out of desperation, Akahoshi responds by implanting the meteor into his chest to gain more power. With his new power, Akahoshi attacks everyone indiscriminately. Naruto uses his rasengan to destroy the meteor which results in Akahoshi's defeat. Afterwards, Akahoshi, Yotaka, and Shiso are arrested by the authorities in the village and imprisoned.

Nicole: AKAHOSHI!

Akahoshi: (Laughs Maniacally) That's right Nicole! Now I will have my revenge!

Me: You are just a monster!

Qin: Who is he?

Naruto: That's Akahoshi. He was once the deputy Hoshikage of the Village Hidden in The Stars. It's called that because a meteor from the planet Cicea, located 75,000 light-years away from Earth, crashed into the village 200 years ago.

Me: This meteor had a strange kind of radiation that alters Chakra somehow. He was poisoning the genin with the Alien Chakra and it was destroying them like some kind of cancer. When the jonin of the village told the 3rd Hoshikage about the effects that the radiation from the meteor was causing, he immediately ordered for the training to discontinue because of its poisonous effects. Akahoshi went to him and asked for the Star Training to resume for the village to be saved. But the 3rd Hoshikage refused and Akahoshi in a fit of rage killed him in cold blood!

Nicole: After that, he got the star training back up and in doing so he was poisoning all of the genin with alien chakra. Me and all of Team Cosmic Dragon exposed him for his crimes and he was made an S-Rank traitor. We killed him and I sealed him into the Book of Vile Darkness.

Qin gasped in sheer horror.

Qin: What a monster!

Me: His name means Red Star. Akahoshi in Japanese means Red Star.

Badass Kairi: Here's what I think of you, Akahoshi.

CRUNCH!

Kairi then kicked him in the groin. REALLY Hard.

Sakura: (winces) Ouch! That's gotta hurt!

Me: (Winces) YIKES!

Porcapongo: (Winces) Oooh! Boy I made her too badass.

Then Kairi grabbed Porcupongo in a headlock!

Badass Kairi: I want to hear you say You're A Stupid Porcupine!

Porcupongo: NEVER!

Badass Kairi: Okay then! (gives Porcupongo a painful noogie) Say it.

Porcupongo: (cries hysterically) I'm a stupid porcupine.

Badass Kairi: Louder!

Porcupongo: I'm a stupid porcupine!

Badass Kairi: LOUDER!

Porcupongo: I'M A STUPID PORCUPINE!

We laughed hysterically!

Naruto: (Laughs) That was so funny!

Casey Rhodes: That is really funny!

Badass Kairi: Look, guys. I might be more badass now. But you guys will always be my friends.

Me: Thanks Kairi.

Luna: But this dude is gonna pay for messing with your lives!

Porcupongo: (Groans) Things can't possibly get any worse for me!

Troy: Oh yes, they can!

Megaforce Rangers: Legendary Ranger Mode: Hyperjet Squad!

The Megaforce Rangers turned into the Jetman rangers from 1991.

The Megaforce Rangers blasted Porcupongo all over with their weapons and the blasts exploded and Luna fired a powerful blast of energy and Kairi let go of Porcupongo and it hit him and exploded. Obliterating him instantly.

Me: BULLSEYE!

Then a ring appeared on Luna's right middle finger and it had a purple gem with a porcupine in it.

Luna: Whoa! Look dudes!

Isabelle: The Porcupine spirit is perfect for you Luna. It teaches you to face your weaknesses and vulnerabilities head-on, and to do what you must to protect yourself from anything or anyone that wishes you harm.

Luna: Wow! That's perfect dudes!

Then a purple light appeared and it landed into Luna's hands and then it revealed itself to be an animal crystal. It was the Porcupine Zord Crystal!

Me: Whoa! The Porcupine Zord! Awesome!

Luna: Amazing dude! It's so cool!

Sam S.L.: It sure is Lunes.

Kairi and Aqua were back to normal. But their heads were spinning. Quills came out of them and were on the ground.

Kairi: (Groans) What happened?

Aqua: (Groans) I feel like I got run over by a truck.

Kairi saw what she was wearing.

Kairi: Guys, what the Hell am I wearing?

Me: Well it's a complicated story.

I revealed everything.

Kairi: Whoa!

Aqua: I can't believe I was that shy.

Me: I know. But Kairi you look awesome in all black clothes.

Sora: I agree.

Kairi: Thanks Sora.

Sora: Kairi, I just want you to know that we don't blame you if you did anything bad to us. You were under the effects of that quill.

Kairi: I know, Sora. (smiles) Besides, there are some things my badass self did that I don't regret.

Sora: Such as? (Kairi kisses him)

Everyone: Aww.

Nicole: One more thing to take care of.

Nicole fired an energy blast at Akahoshi and it hit him and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Akahoshi was completely obliterated in an instant and his spirit was sent into the River of Fire!

Me: Enjoy the River of Fire you traitor!

Nicole: Yeah!

?: GET OFF MY LAND!

Me: I haven't heard that voice in a long time!

We turned and we saw THE TOTEM SPIRIT!

---

The Totem Spirit was a tall, anthropomorphic totem pole with three faces. The bottom face was blue and had a jagged mouth with its tongue sticking out, a large, blue nose, and black-rimmed eyes with swirly red sclerae, black pupils, and multiple irises; the outer ones being white and the inner ones being yellow. The middle face was orange with a jagged mouth, a large, red nose, and black-rimmed eyes with green sclerae, black pupils, and multiple irises, much like the bottom head. The top face was green with two green and yellow protrusions coming out the sides, two horn-like protrusions coming out of the top, a small, red nose, red lips, and black-rimmed eyes with black pupils and white sclerae. It had large arms and short, but bulky legs made of unpainted wood.

## Personality

He was highly territorial, telling intruders to "Get off my land!" in an ominous, echoing voice, and chasing them off. However, he was also easily distracted, at one point becoming more concerned with getting his turn with the Story Stick than getting rid of the gang.

## History

The gang were camping at an Indian reservation when Shaggy Rogers and Scooby-Doo went to get some firewood. They were menaced by the Totem Spirit, who commanded them to get off his land. They hid in a bush and ran away. They told the rest of the gang about the monster they saw, but they didn't believe them, not even Freddie Jones; according to him, the totem pole monsters teamed up with the Martians and left Earth five years ago. However, Jay Littlefield believed them; he told them about the Totem Spirit, who was said to appear if his sacred land was threatened.

Later, the gang took turns telling stories with the Story Stick, but Daphne Blake's story was interrupted by the Totem Spirit, who captured all but Shaggy and Scooby. Scooby kicked dirt onto the monster, burying him and allowing the others to escape from his grasp. He broke out of the dirt pile and chased the gang until they lost him by hiding in a log.

Scooby's nose led the kids to a pit surrounded by the monster's footprints, however it also led them to the monster itself, who rose out of the ground from beneath Scooby. A chase ensued, which eventually ended at a bear's cave, where a bear showed up and chased the monster away. The gang returned to the pit and realized it was filled with ancient Indian artwork. Velma Dinkley figured out the mystery and came up with a plan.

Velma purchased a mail-order termite, who proceeded to devour the Totem Spirit, causing him to panic and run into his own pit. He was unmasked as Mr. Ryan, who was planning to build a hotel, but found the ancient artwork and realized that he could make a lot more money off of it than he would with the hotel. He used wood and paint from his truck to create his Totem Spirit disguise, which he used to scare people away while he stole it.

---

Shaggy: Like ZOINKS! It's the Totem Spirit!

Qin: He's a living Totem Pole! What's his story?

Me: He was really Mr. Ryan. He was a former disgraced architect, Mr. Ryan. He worked at an Indian Reservation in Montana and he was in charge of building a hotel there and he found rare Native American artwork and realized that Native American art is worth much more than a hotel. He wanted to scare people away so he can keep it all for himself.

Qin: Geez!

Laney: I've always been very fascinated with Native American Culture as much as Cryptozoology and Psychology.

Me: I know. Mr. Ryan was sentenced to 15 to 30 years in prison for his crimes and the artwork was put in a museum instead of having a hotel built.

Qin: And he got life in prison for the conspiracy right?

Me: Bingo. You're catching on quick Qin.

Lisa: Let me handle this!

Lisa formed a blade gear and she slashed his legs his wooden arms and legs off and then he turned into a regular totem pole.

Me: Nice work Lisa. He will make a great decoration for the backyard.

Lisa: Indeed.

Lisa put the Totem into a scroll.

Me: Now lets get Frollo. I have a plan.

I whispered to everyone my plan. We were going to have Esmeralda turn herself in and wait in the shadows. When Frollo has her arranged to be burned at the stake, we'll jump in and free Esmeralda and have Phoebus incite a rebellion against Frollo and we'll unleash all of hell onto him and his men.

Nico: J.D. that's brilliant.

Quasimodo: Good plan.

Esmeralda: Okay. I'll do it.

Me: Good. Lets do it. This is gonna be a major bloodbath of divine retribution. Frollo has now incurred the Wrath of God!

My eyes glowed red with righteous fury.

We put our plan into action.

* * *

Esmeralda turned herself in and she was to be burned at the stake for heresy! We were watching from the shadows on top of the roofs of the buildings.

Me: This is it guys. We wait till the wood is lit.

Nico: Right.

We watched and waited.

Frollo: The prisoner Esmeralda has been found guilty of the crime of witchcraft. The sentence: DEATH!

Me: I don't think so you blasphemous fiend.

He took the torch and went up to Esmeralda.

Frollo: The time has come gypsy. You stand upon the brink of the abyss. Yet even now it is not too late. I can save you from the flames of this world and the next. Choose me or the fire.

Esmeralda spit in his face.

Me: Nice one.

Frollo: The gypsy Esmeralda has refused to recant. This evil witch has put every soul of every citizen in Paris in awful peril. For justice, for Paris, and for her own salvation, it is my sacred duty to send this unholy demon BACK WHERE SHE BELONGS!

Frollo lit the wood on fire.

(APOCALYPSE TOMORROW BY CHARLES EVANS PLAYS)

Me: NOW!

I fired powerful blasts of fire and energy and they hit by the men and exploded.

KRABBBBOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOOOOMMMM!

It set the ground around the stake on fire and we swooped in and Nico cut Esmeralda free and I punched Frollo in the face and sent him crashing into a cage and he had blood coming out of his mouth. Quasimodo took Esmeralda to the church.

Quasimodo: SANCTUARY! SANCTUARY! SANCTUARY!

Frollo got up and he was enraged!

Frollo: Captain!

Captain: Sir!

Frollo: Seize the cathedral!

The soldiers went for the church!

Captain: CHARGE!

Me: You are finished Frollo!

I unsheathed my sword and I faced him. Phoebus got onto a cage.

Phoebus: CITIZENS OF PARIS! FROLLO HAS PERSECUTED OUR PEOPLE, RANSACKED OUR CITY, AND NOW HE HAS DECLARED WAR ON NOTRE DAME HERSELF! WILL WE ALLOW IT!?

Everyone has had enough of Frollo and his men and they broke all of the gypsies out and a huge war broke out!

Me: It's over Frollo! You took God's law into your own hands and killed thousands of innocent people all for your own selfish goals!

Frollo: It was my duty!

Me: You are nothing but a murderer! You've killed thousands of innocent people and destroyed much of Paris and sent it to Hell unjustly! Now you will die! Prepare to face the divine wrath of God!

Maria: Time for you to burn in Hell! Literally.

William: Or we can just burn you.

I punched him in the face and we engaged in a massive sword fight! We clashed violently and sparks were flying all over the place and setting much of Paris on fire! Lori punched a soldier in the face and knocked out most of his teeth and she fired a powerful blast of wind and blew him into a spear and impaled him!

POW!

Phoebus punched a man in the face and knocked out most of his teeth and Lola fired a powerful blast of fire and burned him to death. Luan fired a powerful blast of light and it hit a man in his chest and burned through his black heart and killed him. Teresa flew around the church and with her mechanical wings, she cut a bunch of ladders with a bunch of soldiers on them in half and sent them falling and Laney skewered them with spears of plants. Lincoln fired a powerful blast of lightning and electrocuted the soldiers all over and reduced them to ash. Lola fired a bunch of fireballs at the soldiers and they hit them and exploded into massive explosions of fire.

KRABBBBOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOMMMMM!
KRAAAABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM
KRABBBBBBBOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOMMM!

Nico: You soldiers have failed this city!

Nico punched a soldier in the face and knocked his whole head off with devastating force and it was sent flying and it got impaled on a spear! Vince slashed a soldier in the stomach with a crystal sword and disemboweled him and then he slashed his head off and kicked it into the river! Carol fired a blast of King Ghidorah's Gravity Lightning and it hit a soldier and he exploded all over in an explosion of blood and carnage and she slashed a soldier in half with a powerful sword and she kicked another soldier in the face and fired Godzilla's Spiral Ray and he exploded all over as a pile of burning matter and it hit a bunch of buildings and caused them to explode all over into a massive wall of fire!

KRABBBOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOOOOOOOOMM!
KRABBBOOOOOOOMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOMMMM!

Lucy Loud fired a powerful blast of night lightning and it hit a bunch of soldiers and electrocuted them and they exploded in massive explosions of fire.

KRABBBBOOOOOOOOOOMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOMMMMMM!

Much of Paris was turned into a massive and raging inferno of epic proportions!

Laney formed a powerful scythe of plants and slashed a soldier in half and he dissolved from extremely potent sulfuric acid! Lana froze a bunch of Soldiers in blocks of ice and Lynn fired a massive wave of volcanic lava and incinerated them into nothing.

Laney: BOIL STYLE: LAKE NATRON!

Laney fired a cloud of caustic mist and it fossilized some soldiers and Leni fired a powerful barrage of energy blasts and blew them apart in massive fiery explosions!

KRABBBBOOOOOOOOOOOMMM! KRABBBOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOMMMM! KRABBBOOOOOOMMM!
KRABBBOOOOOOOOOOOOMMMM!

Carolyn Hope fired a powerful time ray and reduced a bunch of soldiers into dust with accelerated aging.

Quasimodo hit a soldier on his head from the church with a block of concrete and smashed his head in.

Victor smashed a soldier's head in with a brick.

Hugo imitated an airplane and fired rocks at them like a machine gun. Killing a bunch of soldiers.

Luna fired a powerful blast of water and it slammed into a bunch of soldiers with the force of a megatsunami and sent them flying and they were skewered on a bunch of spears and killed instantly. Linka fired a massive blast of lightning and electrocuted a bunch of soldiers into ash. Sam fired a blast of fire and incinerated a bunch of soldiers. May fired a powerful blast of ice and froze a bunch of soldiers in a bunch of ice cubes and Nico punched them and shattered them into a million pieces.

Maggie: You all give the people of Paris a really bad name!

Maggie fired a massive blast of black fire and incinerated a bunch of soldiers in an instant!

Liberty: You monsters make me sick! AVADA KEDAVRA!

Liberty fired a powerful blast of green magic and it hit a bunch of soldiers and killed them instantly! Reducing them into nothing but dust!

Liberty then ran up to one soldier and kicked him in the face and knocked him down! She had her hand in his face.

Liberty: HAKAI!

Liberty used Hakai on him and he glowed purple and he was screaming as he was completely obliterated him into nothing. Erasing him from existence forever.

Liberty then saw more soldiers coming.

Liberty: RIDDIKULUS!

Liberty changed their armor into stupid dumb dresses and then she fired a massive blast of fire from her hands and incinerated them!

Naruto kicked a soldier in his face and sent him crashing into the crowd where a man slashed his head off.

Naruto: WIND STYLE: RASENSHURIKEN!

Naruto threw a powerful Wind Style: Rasenshuriken and it hit a bunch of soldiers and completely destroyed them in a spinning explosion of wind and it reduced them into nothing but a gory pile of blood and guts and splattered them everywhere.

I was continuing my clash with Frollo and our fight was relentless! Sparks and embers were flying all over the place from our swords and they caused all the buildings all over Paris to explode into flames. I then slashed Frollo in his face and left a cut on his left cheek.

Me: That was for killing Quasimodo's mother!

I kicked him in the stomach.

Me: That was for destroying much of Paris!

Then he went for the church!

Me: Oh no you don't!

I chased after him! We got to the church and then streams of molten copper poured from the church and they blocked my path and Frollo got into the church.

Me: Oh no! I know where he's heading!

I went to Quasimodo and got him and Esmeralda down.

Inside the church, Frollo was stopped by the Archdeacon.

Archdeacon: Frollo, have you gone mad!? I will not tolerate this assault on the house of God!

Frollo: Silence you old fool!

He threw him aside!

Frollo: The hunchback and I have unfinished business to take care of! And this time, you will not interfere.

He closed the door and locked it and went up the stairs.

Nico: Lets finish these clods with teamwork!

Sandstorm: Right! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his

Sandblaster Gun 100-fold.

Carolyn Hope: I've always wanted to try this! POKEMON CYBER KEY POWER!

The Pokemon Cyber Planet Key went into her right arm device and it enhanced her Dialga Powers 100-fold.

Sandstorm and Carolyn Hope: TIME BOMB CLUSTER DESTROYER!

Sandstorm fired a cluster blast and Carolyn Hope fired a powerful Roar of Time blast and it merged with the cluster blast and turned it into a powerful time shower and the blasts hit a bunch of soldiers and disintegrated them into dust in an instant.

Commander Mars: Lets do it Bronzong! POKEMON CYBER KEY POWER!

The Pokemon Cyber Planet Key went into Mars's right arm device and enhanced her Bronzong's abilities 100-fold.

Octane: Time for some fire power! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his flamethrower 100-fold.

Commander Mars: Use Solar Beam!

Commander Mars and Octane: SOLAR FIRESTORM BLAST!

Bronzong fired a powerful Solar Beam and Octane fired a powerful blast of fire and the blasts combined and turned into a powerful stream of solar fire and it hit many soldiers and incinerated them all at once and it hit a bunch of buildings and they exploded.

KRABBBBOOOOOOOOOOOOOMMMMM!
KRAAABBBBOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOOOMMMM!

Ben: Time for some fear tactics!

Ben turned into Toepick!

Ben: TOEPICK!

Riku: Now you're talking!

Toepick opened his grate and revealed his nightmare face and fired a powerful beam of energy and Riku fired a powerful blast of dark fire.

Riku and Toepick: NIGHTMARE FACE FIRESTORM!

The blasts combined and turned into a flaming super scary face that not only scared the living daylights out of the soldiers but also incinerated them on contact!

Ben then turned into Astrodactyl!

Ben: ASTRODACTYL!

Astrodactyl fired a powerful blast of energy from his mouth and Trent Fernandez fired a powerful barrage of white blades from his Drago Blade.

Astrodactyl and Trent Fernandez: COSMIC DRAGON SLASHSTORM!

The blasts combined and turned into blades of cosmic energy and they slashed a bunch of soldiers in half.

On the church Frollo was looking for Quasimodo and Esmeralda. But all he found was me.

Me: Looking for someone Frollo?

Frollo: Where are Quasimodo and the Gypsy girl?

Me: In a place called none of your business. It's over Frollo. You will now face atonement for your crimes against God.

Frollo: All my acts were in the name of justice!

Me: I would say "May the Lord have mercy on your worthless soul" but you have no soul to save.

Lola, Aqua, Kairi, Sora and Quasimodo joined me.

Quasimodo: You lied to me Frollo.

Aqua: He lied to everyone and killed thousands!

Lola: You are a monster!

Quasimodo: You did teach me about faith. All my life you told me that the world is a dark cruel place! But now I see that the only thing dark and cruel about it is people like you!

Me: That's right! In the immortal words of my best friend Nico, "Judge Claude Frollo, you have failed this world!"

Aqua: Yeah!

Frollo: You are a monster Quasimodo! I should've known you would risk your life to save that Gypsy witch, just as your own mother died trying to save you.

Quasimodo: What!?

Frollo: Now I'm going to do what I should've done 20 YEARS AGO!

He threw his cape at him in an attempt to throw him off the church. But I slashed it off!

Me: You are dead Frollo!

Lola: This is for killing Quasimodo's mother! FIRE DRAGON MEGABURN!

Lola fired a powerful blast of fire and it turned into a deadly dragon and it hit Frollo and exploded.

KRABBBBOOOOOOOOOOOOOMMMMM!

Aqua: This is for killing thousands of innocent people! WATER SPELLWEAVER SPIN!

Aqua had a vortex of water spin around her and she fired it and sent it at Frollo and it spun him around with the force of a powerful megatsunami.

Sora: This is for abusing the laws of God! LIGHT TRINITY STRIKE!

Sora fired a powerful blast of light and it hit Frollo and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMM!

Kairi: This is for turning all of Paris into a nightmare! LIGHT LOVE STRIKE!

Kairi fired a powerful blast of light and it hit Frollo and knocked him down!

Quasimodo: And you are not welcome into this world again! HUNCHBACK FIRE PUNCH!

Quasimodo punched him in the face and sent him crashing into the floor of the church.

But then he got up and Quasimodo saw him come at him. I had to think of something fast.

I knelt and prayed to God by chanting the Lord's prayer in latin.

Me: (Speaking in Latin) Pater noster, qui es in caelis,

sanctificetur nomen tuum.

Adveniat regnum tuum.

Fiat voluntas tua,

sicut in caelo, et in terra.

Panem nostrum quotidianum da nobis hodie,

et dimitte nobis debita nostra,

sicut et nos dimittimus debitoribus nostris.

Et ne nos inducas in tentationem,

sed libera nos a malo.

Amen!

(Our Father, which art in heaven,

hallowed be thy name;

thy kingdom come;

thy will be done,

in earth as it is in heaven.

Give us this day our daily bread.

And forgive us our trespasses,

as we forgive them that trespass against us.

And lead us not into temptation,

but deliver us from evil.

For thine is the kingdom,

the power, and the glory,

For ever and ever.

Amen!)

Frollo had his sword raised up and he was ready to kill Quasimodo.

Frollo: "AND HE SHALL SMITE THE WICKED AND PLUNGE THEM INTO THE FIERY PIT!"

But then storm clouds rolled in from out of nowhere and lightning struck Frollo and he screamed in excruciating pain and then he lost his balance and fell from the church and into the molten copper below where he was incinerated in an instant!

Lola: Whoa!

Aqua: Go to Hell, Frollo!

Me: And stay there!

Sora: Good riddance.

Nicole then sent his evil spirit into the River of Fire for all eternity.

Nicole: Purgatory and Hell are too good for you Frollo. The River of Fire is perfect for you to suffer. Forever in Oblivion.

Me: This is what you get for taking God's laws into your own hands. For your crimes on this planet, you are forever damned.

Quasimodo: Goodbye Frollo.

Lola: Good riddance.

We went down to the ground and everyone cheered wildly for us at the defeat of Frollo and his men. Quasimodo was now a hero and he was no longer viewed as a monster.

Quasimodo: (To the viewers) Never take the laws of religion too far or there will terrible consequences from the Lord and Team Loud Phoenix Storm.

Me: You said it Quasimodo.

Quasimodo: Thank you all so much J.D.

Me: It was our pleasure Quasimodo. I'm so sorry about what Frollo did to you and your mother.

Quasimodo: It's all right J.D. But thank you for helping us.

Me: You're welcome.

Laney: But this was an epic fight and we made sure that Frollo will never abuse the laws of God ever again.

Nico: We sure did.

Me: Well lets head home.

We went back to the estate and the world of The Hunchback of Notre Dame from 1996 called La Cité des Cloches, French for The City of Bells, was now in orbit around the Realm of Departure.

Me: Wow! That was intense!

Kairi: Boy it sure was. That was the most intense adventure ever.

Me: One of them Kairi. But you all did great.

Kairi: If you guys need me, I'll be in my room changing into my normal outfit.

Sora: Okay.

Me: Kairi, you looked awesome as a badass.

Kairi: Thanks J.D.

Kairi went up to her room.

We rested.

THE END

Another Fanfiction and awesome Disney Movie covered.

The Hunchback of Notre Dame from 1996 has been one of my favorite movies ever since I was a kid and it was really intense how Frollo was that ruthless and evil! But Tony Jay did a great job voicing him back then and it was awesome! But it was ultimate blasphemy for Frollo when he abused God's laws like that. Margaret White may have been insane but Frollo was beyond a shadow of a doubt, the most evil Christian Fanatic ever. Akahoshi from the Hidden Star Village arc of Naruto was a monster! But he got what was coming to him. The next Naruto villain we're gonna face is Jirobo of the Sound 4 and get ready for a fight with a strong one. NicoChan11 gave me the ideas for this one. Thanks man. Let me know what you all think. Next up is the awesome movie The Pagemaster! Get ready to face the genres of Horror, Adventure and Fantasy as we face the ruthless Mr. Hyde, the Vengeful Whale Hunter Captain Ahab and the ruthless White Whale Moby Dick, the merciless blackhearted pirate that ever sailed the seven seas: Long John Silver, and a ravenous Fire-Breathing Dragon!

See you all tomorrow.

# Wisdom of The Pagemaster

In the Antarctica Prison, we were there to visit Johnny Test's old enemy, Brain Freezer.

Me: Boy we haven't seen Brain Freezer in a long time.

Aylene C: I know. But I thought my kiss would warm him up.

Nico: Yeah but some people will never change.

Kairi: I'm so glad to be back in my old outfit again.

Sora: To be honest, Kairi, you're fine the way you are.

Kairi: Thanks Sora.

We arrived at Brain Freezer's cell.

Brain Freezer: Hey guys.

Elec Man: Hey, Brain Freezer. How've you been?

Brain Freezer: Pretty good. For a minute, I thought you guys stopped visiting me.

Me: We had other things that were happening to us.

Blitzwing: Brain Freezer, there's something you need to know.

Brain Freezer: What is it?

Maria: The Legion of Doom's been disbanded. It was after we defeated Thanos.

Brain Freezer: What?!

Me: Yeah the Legion of Doom disbanded after the devastating battle with Thanos.

William: And Grodd took himself out of action by overloading his brain and turning himself into a normal ape. We tried to stop him but we weren't fast enough.

Nico: Don't worry. He, Captain Cold, Trickster, Heatwave, Mirror Master, Weather Wizard, and Top are the only ones that turned themselves in after Thanos' defeat. The rest of the remaining Legion members are still at large.

Me: But if we encounter them, they will be separate. That battle took a heavy toll on us. We had two casualties. We lost Ra's Al Ghul and Bowser.

Brain Freezer: Whoa. I'm really sorry guys.

Me: It's all right Brain Freezer.

We saw Dark Vegan and he was almost beaten to an inch of his life.

Me: Geez! Dark Vegan looks like he was pulverized by an army of thugs.

Dark Vegan: (weakly) Help… me…

Gwen Tennyson: Dark Vegan's still alive in there?!

Nico: I've been teleporting in here every now and then to heal Dark Vegan just so Brain Freezer can keep beating him up.

Brain Freezer: Boy I can see that. You know what? When I get out, the first thing I'm doing is getting an apartment.

Sky Lynx: And then, you'll be back to committing crimes?

Brain Freezer: I'll think of something I can pull off without the need of my powers!

Me: Well okay. We always need a recurring villain. We've been fighting many of them.

Brain Freezer: I see. Thanks guys. And Aylene, that kiss was awesome. We were in every way like Romeo and Juliet.

Aylene C.: I know. If we ever have a chance, we should go into theater together if I'm not too busy.

Brain Freezer: I would like that.

Me: Freeze ya around kid.

We left the prison.

---

Back at the estate we were watching TV.

Qin: Hey Bai Tza, I heard you guys went and defeated all of your siblings.

Bai Tza: That's right Qin. That was an amazing adventure.

Me: It was one of our most amazing adventures. Instead of telling you all about them we'll show you.

We went up to the rooms and in Lincoln's room Qin met Tchang Zu, the Demon Sorcerer of Lightning.

---

Tchang Zu once ruled the world, along with Shendu and his demon brethren, but was banished by the immortal and actor, Cao Guojiu, who used a pair of castanets to defeat him. His portal resided in a movie studio in Hollywood, California.

He made his first appearance in "The Stronger Evil," where he appeared before Shendu's spirit, accusing him for making excuses to rule the world for himself, causing him to throw a thunderbolt at his brother. As Shendu promised to free his brethren, Tchang Zu and the other demons reluctantly agreed and placed a spell on him as a safety measure.

In the episode, "And He Does His Own Stunts," Shendu in Valmont's body used the Pan Ku Box, which freed Tchang Zu. Tchang Zu ordered Shendu and the Dark Hand to take him to his palace. As they drove around, Tchang Zu saw a parking lot and thought it was a palace that the humans built for him. But Ratso pointed it out to him, angering Tchang Zu. As they kept driving, Ratso suggested the Chinese Theatre to him. Tchang Zu said it would suffice. Once they entered the building, Jackie Chan snuck inside and saw the Dark Hand sitting in the theatre rows, watching Tchang Zu on the stage as he vowed to destroy the city. Finn referred to him as a regular alleviate. Tchang Zu noticed Jackie and began to attack him outside the theatre. As they were fighting, Uncle used a pair of castanets, the symbol of the immortal who defeated him, to send him back into the portal from which he came.

Later in the episode, "The Demon World," he was going to visit Hsi Wu but instead discovered the Chans. He began to fight them, until Paco used the castanets to send him back to the Netherworld.

---

Qin saw the statue he was as.

Qin: Whoa! He looks scary.

Me: That is Tchang Zu. He was the Demon Sorcerer of Lightning.

Tchang Zu: That's right. So you are the one named Qin Chen. Lincoln told me so much about you.

Qin: I'm sure he did.

Me: Tchang Zu resurfaced during our Earth Day Charity adventure as a heartless and we sealed him into a statue like his brothers and sister.

Bai Tza: That's right.

Tchang Zu: I just absolutely regret being a sibling to that miserable fool Shendu.

Bai Tza: Something we can agree on brother.

Qin: Wow! You are the Demon Sorcerer of Water right?

Bai Tza: That's right.

Bai Tza went over her history.

---

Bai Tza was one of the eight Demon Sorcerers who once reigned over Earth during the dark ages. Her rule took place in the lost city of Atlantis. When a band of heroes appeared and sealed them into the netherworld, her city was left to ruin and left to bicker amongst her fellow siblings, all except for Shendu, who was sealed in a statue-like form. During the second season events of the series, Shendu's soul had been banished to the netherworld after his physical form was destroyed by Jade Chan using his own trademark Dragon Talisman. Bai Tza and her relatives began to torture Shendu endlessly for not attempting to free them from the netherworld although he explains that he was unable to due to the fact that he had been cursed earlier and had already begun to open up a portal to the demon world as soon as his fleshy form was restored. Shendu makes a pact with them that if they allow his ethereal form back into the human world and possess a single being as his physical vessel, he would promise to set them free. Bai Tza does not see any action until the closing episodes of the second season when all but the seventh and eighth gates have been sealed. Bai Tza emerges from her own portal thanks to Shendu, although she is not thankful for his efforts as the six other portals have been closed thanks to the Chans. The family soon chases her down but she manages to quickly escape.

She returns to her city of Atlantis only to find it barren and in ruin over time and seeks to find a new abode which to call her kingdom. She appears before Shendu for answers but discover he is sleeping, immediately directing her attention towards his goons. They inform her that San Francisco would be an ideal place, although she takes more interest after overhearing earthquakes, and departs for the San Andreas fault to cast a spell which would flood the city.

After information leaking from Valmont, the Chan family heads towards the fault to stop Bai Tza before she can succeed. An intense battle ensues with Shendu reawakening after a subduing spell by Uncle wears off. They managed to stop the two and save the city, Bai Tza quickly taking her leave afterward. Bai Tza again appears and tries to send a tidal wave, but the Chans intercept her with the banishing item. They succeed, but the wayward Jade manages to get snagged into the energy stream by accident and ends up the netherworld with Bai Tza. When Shendu appears to his estranged siblings with hope of escaping yet due to the unclosed eighth portal belonging to him, Jade makes her presence known and preys on their ambitions to get out, allowing her to make it to the portal in time.

---

Qin: Whoa!

Bai Tza: I know. But Girl Jordan helped me become a much better and good person. She has an amazing heart as pure as the world.

Girl Jordan: Thank you Bai Tza.

We then went to Lynn's room and we saw the statue of Dai Gui, the Earth Demon Sorcerer.

Lynn: This is Dai Gui, the Demon Sorcerer of Earth.

---

Dai Gui is shown to be able to dig underground and move exactly like a shark. His horns are visible above ground whenever he digs. His portal is located in Spain, where he attempts to dig a new kingdom underground, but is defeated by Jackie who wears the Armor of the Gods, an item related to the sorcerers who banished the demons to the Nether region. In the "Demon World" story arc, he is one of the last four demons to be banished, likely ruling Iberia (Spain and Portugal) or part of or all of Europe. He is banished forever upon being defeated by Tohru.

---

Dai Gui: It's a pleasure to meet you Qin. We heard so much about you.

Qin: So you are the Demon Sorcerer of Earth. Wow. You have a lot of power.

Dai Gui: I do. My empire was amazingly strong. But Lynn defeated me the second time.

Vince: I defeated Dai Gui the first time.

Me: Yep. You did awesome partner.

Next we went to Lori's room and we saw the statue of Xiao Fung, Demon Sorcerer of Wind.

* * *

The Demon Sorcerer of Wind, He was banished by the Immortal Zhongli Quan. He is the second smallest demon in the family with the smallest being Hsi Wu.

He is one of the demons that prefers to handle situations in a more civil manner if possible and seems the more reasonable one among the demon family.

When Shendu's spirit ended up in the Demon Netherworld, Xiao Fung alongside his siblings scolded Shendu for not freeing him while he was still free. Xiao Fung's Demon portal was located inside a washing machine at a prison in the Black Forest.

The Dark Hand deliberately let themselves get caught by the authorities, and sought out the door. Jackie infiltrated the prison, and accidentally released the Demon. Xiao Fung disguised himself, and escaped into the tunnels beneath the prison. After a pitched battle, he was banished again. He appeared in the Demon World episodes, and forced El Toro Fuerte and another wrestler to battle gladiatorially. He was banished by, ironically, the fan his servant Paco was using to fan him.

* * *

Lori: This is Xiao Fung, Demon Sorcerer of Wind.

Xiao Fung: Ah so you are the Qin Chen we heard so much about. It's a pleasure to meet you.

Qin: Same to you. You represent wind right?

Xiao Fung: You are correct young one. Wind is a very powerful and strong element that is always ever changing.

Qin: Wow.

We then went to Kraven the Hunter's room and inside it was the Demon Sorcerer of the Moon, Tso Lan.

---

His portal is located halfway between the Earth and the moon, which the Dark Hand and Shendu reach by using Earth's space station to pass over its location. Upon release, Tso Lan prepares to move the moon out of its orbit, annihilating the Earth's ecosystem in the process to make the planet a more suitable environment for him to live on. He is banished back to the Netherworld by Jackie, Jade and Tohru.

Demon World Story Arc

During the "Demon World" story arc, Tso Lan is one of the four final demons to be banished away forever, fighting El Toro who used the Rooster Talisman to combat Tso Lan. It is revealed that Tso Lan is older than his sister Po Kong when they were all trying to get through Shendu's portal. He appears to be one of the strongest beings in existence when he tossed Po Kong like a feather, something no other demon could do, and beyond the strength of the Ox Talisman or the shadowkhan summoned by the Fourth Mask, although it also could have been a gravity trick. Tso Lan was the Demon Sorcerer of Moon who hailed from a family consisting of himself as well as seven siblings and later on his nephew Drago.

---

Qin: Wow! You are the scariest one of them all.

Tso Lan: Indeed. But you must be the child known as Qin Chen. It's a pleasure to make your acquaintance.

Kraven: (Russian Accent) Tso Lan was a very formidable opponent and is an amazing prize for me. I'm glad we fought my friend.

Tso Lan: Indeed we did.

Qin: That is so amazing!

Next in Leni's room, Qin met the Demon Sorcerer of the Mountain, Po Kong.

---

The Demon Sorceress of Mountain, she was banished by the Immortal Zhang Guo Lao. Po Kong's portal is located in her former domain of Japan. It is, like several other doors, contained within a regular door. When she was released, she attempted to devour Jackie. However, she was overwhelmed by an army of Jades created by a faulty cloning spell. Using a drum found at the site, the Chans then banished her once more. Po Kong is the largest demon in the group. Po Kong appeared in Demon World (Part 2), where she rules Japan and forces many to work in salt mines for her meals. She attempted to devour them again. However, Tohru was enslaved in her domain, and aided the Chans by banging on a nearby drum to banish her. Po Kong's Chi was located in the Canadian city, Quebec, within a pair of chopsticks, made from the Immortal drumsticks that banished Po Kong.

---

Qin: Wow! So you are Po Kong.

Po Kong: That's right child and you would make a tasty and delicious snack.

Me: Po Kong is always hungry. She eats anything in sight.

Leni: That's scary but totes terrifying.

Me: It was.

Po Kong: But I can't eat anything because I'm trapped in here.

Me: Well maybe you'll lose some weight as your punishment. Besides you should be grateful that we didn't send you into the River of Fire like the rest of your siblings.

Bai Tza: That's right sister.

Po Kong: (Sighs) You're right. Thank you.

Next we went to Jade's room and we saw the statue of Hsi Wu, the Demon Sorcerer of the Sky.

---

He was one of the last Demons to be released, his portal located outside the women's room in Fenway Park. Jade accidentally snapped off his tail, forcing him to flee. He tried to retrieve his tail but Uncle placed a spell that would prevent demons from entering the shop unless they were invited. Seeing Jade, Hsi Wu saw his opportunity. He disguised himself as a human boy named Seymour Jahoositz and quickly befriends Jade. He gets inside the shop and nearly to his tail only to be pushed out by Uncle. Next day, he was invited to the Spring dance by Jade and gave him a necklace with one half a coin. He once again tries to get into the shop only to find that Uncle had hexed his tail to immobilize him. Hsi Wu catches his tail in a bag, revealing himself to everyone (including to the horror of Jade). He kidnaps uncle, demanding that he undo the spell; Uncle said that he cannot and required to do another spell, but needed books. The Dark Hand brought spell books but their efforts were hampered by Jackie and Tohru. Hsi Wu flew off with his tail, determined to find some other way. But Jade, empowered by the Rabbit and Rooster Talismans, begins a flight chase across the industrial district. She is able to release his tail on him, as Jackie played the flute, sending him back to the Netherworld.

Later, after Bai Tza becomes the seventh demon to be banished, the demons hold a meetings to discuss Shendu's punishment. In desperation, Shendu claims that his portals can let them all out and that he had discovered a spell to keep it open until all of them were freed. While waiting for Shendu to open the portal, Hsu Wu is hit by a Moose camera. He followed its path to its source, Jade, who got caught in the banishing spell's beam and was pulled into the Netherworld after Bai Tza. He brings Jade to his siblings, which pleases Po Kong with the prospect of her first meal. But Jade reveals that, contrary to Shendu's story, only one being can go through Shendu's portal, causing debate amongst the Demons.

When the portal opens via the banishment of Shendu's spirit, it becomes "every demon for himself." Hsi Wu is first off the bat, but he is stunned with lightning in the back from Tchang Zu. However, he pulls back ahead by knocking down Dai Gui and Tso Lan with boulders. Seeing all the other demons out of the running, he looks ahead only to see Jade jump through the portal, which closes in his face, leaving his last burst of speed to send him plowing into a rock.

Enraged at Shendu's deception, the demons prepare to torture him for all eternity. In desperation, he suggests using the Book of Ages, which horrifies the others, for they would never tamper with that. But with their current situation, they reluctantly agree. Rewriting the book, Shendu makes it that he and his siblings were never banished, making them rulers of the world. Hsi Wu has his own tower high in the sky, with Viper as his songbird. While scrubbing for Tchang Zu's arrival, he hears a flute, which he despises. It turns out to be played by Jackie, whose memory was restored, and Hsi Wu is once again banished.

---

Jade Chan: Hey guys. Hsi Wu and I were just talking.

Me: That's all right Jade.

Qin: Wow! So you are Hsi Wu.

Hsi Wu: That's right and you must be Qin who I have heard so much about.

Qin: That's me.

Hsi Wu: It's a pleasure to meet you. I take it you are meeting my brothers and sister.

Qin: That's right. It was really cool meeting your siblings.

Me: We have one more to meet and I've saved the best for last.

Lastly we went to my room.

Qin saw how beautiful it was.

Qin: Your room is amazing. I've never been in your room before.

Me: It's a cool room huh? But this is who I want you to meet.

I pressed a red button and a panel in front of my bed opened and Qin saw the statue of Shendu, Demon Sorcerer of Fire. Mine and Jackie Chan's arch nemesis and Jackie Chan's number 1 enemy.

---

Shendu is the main antagonist of Jackie Chan Adventures. He is the main antagonist in the first two seasons, the final antagonist in season 3 and a major antagonist for the rest of the series. He is a giant dragon demon and sorcerer who wants to restore his power and rule the world. He is Jackie, Jade, and Uncle Chan's archenemy.

Shendu is very treacherous, manipulative and knowledgeable, thinking things through before making any mistakes (most of the time). He is also extremely bloodthirsty, sadistic and evil. However, he does seem to respect his mortal enemy Jackie Chan of his martial art skills, admitting of the threat it serves to him and wanting Jackie as his preferred host as opposed to Valmont.

Once in time, Shendu and his demon brothers and sisters ruled the ancient world, with the humans as their slaves. However, they were banished to thenetherworld by powerful warriors known as the Eight Immortals, who used the sacred relics and the Pan-Ku Box to seal them. Shendu escaped his imprisonment, continuing to rule China for centuries, until one of his servants, a defiant chi wizard by the name Lo Pei, used a powerful form of sorcery known as Scroll Magic that trapped him in a statue form, dividing all of his powers in 12 talismans representing the animals of the Chinese Zodiac and scattering them all throughout the world, so nobody would ever reunite them.

During his time imprisoned, Shendu attempted to deceive humans to find his talismans for him. There was a short period where Shendu was in a mining tunnel, and had a group of bandits try to get his talismans for him. They hired a bumbling sheriff who managed to save the town regardless, leaving Shendu in his statue form. Ages passed and technology advanced, with Shendu waiting for the opportunity to rise once again. One day, Shendu was found by a criminal known as Valmont, leader of the Dark Hand, a powerful crime organization. Shendu then deceived Valmont into finding his talismans, in exchange for his fortune, which was buried in his palace. But Valmont was being followed by Captain Augustus Black, commander of the Section 13, a ramification of a secret agency that hunted down criminals all around the world.

Jackie Chan, an archaeologist, accidentally found the rooster talisman in one of his explorations, and soon was put into the middle of a quest to find all of the talismans before the Dark Hand. Jackie got most of them, but once he found the tiger talisman, his soul was split into two: the good and the evil part. His evil half was convinced by the Dark Hand to bring all talismans in exchange for money. He agreed, and all talismans were reunited, making Shendu once again walk the earth. Shendu discards Valmond and travels to his palace, where he prepared to rise his army of dragons and conquer the world once again, but Jackie stopped him using a spell made by Uncle Chan, his uncle who owned a antiques shop and was a wizard. His niece Jade, however, used the dragon talisman to destroy Shendu's body, which set Shendu's soul free. Shendu got to the netherworld, where his brothers and sisters were not happy with him, obligating him to free them all.

Shendu then tried to possess Jackie's body, but ended possessing Valmont instead, stealing the Pan-Ku box and opening all the portals of the demons, but Jackie managed to stop him by sealing the demon portals once again. Shendu later managed to possess Jackie, then used the Book of Ages, a magical book where all history was recorded, to change history and make him and his brothers and sisters to rule the world once again. Jade managed to retain her memories and convinced Jackie, who was turned into Shendu's servant, to help her restore the world. Shendu was once again defeated.

Later in the series, Jackie accidentally destroyed the talismans during a battle against Daolon Wong, a evil sorcerer who tried to get the talismans' power, making all of the powers scatter through the world, and thus starting a quest to retrieve the talismans powers, which entered the bodies of the sacred animals's descendants who once possessed these powers. Since there was no dragon in the world anymore (as Shendu himself was the last of them) Daolon Wong made a pact with Shendu to resurrect him again in order to get the dragon power. However, Shendu betrayed Wong and obtained all of his powers again. Luckily, Uncle Chan used the spell to turn him into a statue and restored the talismans, which were then secured on Section 13's vault, as well as Shendu's statue.

When Drago absorbed all the demon chi, Uncle resurrected Shendu to fight Drago. Shendu did so poorly until the J-team threw the talismans at him, at which point Uncle and Tohru banished both of them, the talismans, and the demon chi to the netherworld forever.

Shendu: So you are the child known as Qin Chen. It's a pleasure.

Qin: Wow. Your fire powers are incredible from what I heard from J.D.

Shendu: Indeed. My powers were the strongest.

Qin formed a fireball in her hand and she did some tricks with it and she turned it into a powerful dragon of fire.

Qin: So are mine.

The dragon roared and then vanished.

Shendu: Very impressive. You have amazing fire powers.

Qin: I know.

Me: Shendu was Jackie Chan's number 1 enemy. Now he is my prisoner. But we have amazing talks together before sleep.

Shendu: That we do.

Qin: Wow! That's amazing!

Me: It sure is.

Bai Tza: Better him having a talk with you than me "brother."

Me: Indeed.

Then we went down to the Living Room and we were watching TV.

---

Later we were watching one of my favorite movies from 1994: The Pagemaster.

---

Pessimistic 10-year-old Richard Tyler lives life based on statistics and fears everything. His exasperated parents have tried multiple ways to build up his courage to little success. Richard is sent to buy a bag of nails for building a treehouse. However, Richard gets caught in a harsh thunderstorm and takes shelter in a library. He meets Mr. Dewey, an eccentric librarian who insists that he is in need of a special book and gives him a library card, despite Richard's protests. Searching for a phone, Richard finds a large rotunda painted with many famous literary characters. He slips on water dripping from his coat and falls over, knocking himself out. Richard awakens to find the rotunda art melting, which washes over him and the library, turning them into illustrations.

He is met by the Pagemaster, the mythical Keeper of Books and Guardian of the Written Word. Richard asks for directions to the exit, so the Pagemaster sends him through the fiction section toward the green neon exit sign. Along the way, Richard befriends three anthropomorphic books: Adventure, a swashbuckling pirate-like book; Fantasy, a sassy but caring fairy tale book; and Horror, a fearful "Hunchbook" with a misshapen spine. The three agree to help Richard if he checks them out using his new library card. Together, the quartet encounters classic-fictional characters. They meet Dr. Jekyll who turns into Mr. Hyde, driving them to the open waters of the Land of Adventure. However, the group is separated after Moby-Dick attacks, following the whale's battle with Captain Ahab. Richard and Adventure are picked up by the Hispaniola, captained by Long John Silver. The pirates go to Treasure Island, but find no treasure except for one gold coin, nearly causing a mutiny. Fantasy and Horror return and defeat the pirates. Silver attempts to convince Richard to leave with him but surrenders when Richard threatens him with a sword.

In the fantasy section, Richard sees the exit sign on the top of a mountain. However, Adventure's bumbling awakens a dormant dragon. Richard tries to fight the dragon with a sword and shield, but the dragon swallows him. Richard finds books in the dragon's stomach and uses a beanstalk from Jack and the Beanstalk to escape through the dragon's mouth. He and the books climb the beanstalk to reach the exit. They enter a large dark room where the Pagemaster awaits them. Richard accuses the Pagemaster of causing the horrors that he suffered, but the Pagemaster reveals the journey was intended to make Richard face his fears. Dr. Jekyll, Captain Ahab, Long John Silver, and the dragon reappear in a magical twister and congratulate him. The Pagemaster swoops Richard and the books into the twister, sending them back to the real world.

Richard awakens, finding Adventure, Fantasy, and Horror lying next to him as real books. Mr. Dewey finds him, and, even though the library policy only allows a person to check out two books at time, lets him check out all three books "just this once". Richard returns home a braver boy, sleeping in his new treehouse with his books.

---

We saw the movie play and when it was done we cheered wildly.

Me: Boy that is so awesome!

Nico: It sure was. I loved it how Richard Tyler turned into a braver boy afterwords and now he has awesome friends.

Lincoln: Me too. It's amazing how he went from fearing everything to becoming a courageous boy.

Linka: It sure was.

Liberty: Just like you Lincoln. You are a very brave boy all on your own.

Me: He sure is.

Paige: That's our Linky.

Carol: You said it Paige.

Kairi: I wish I was that brave. I may have been brave because of being hit with Porcupongo's spell but that wasn't me.

Me: You still have that chance Kairi. We can help you through the same journey that Richard Tyler took and become a stronger and more braver person.

Kairi: Really?

Me: Sure.

Kairi: Thank you J.D.

We went to simulator and we got ready.

---

We got ready for an amazing journey. We were gonna help Kairi become a stronger and more braver person. The simulator activated and we found ourselves in a ginormous library.

Me: Wow! What a library.

Kairi: This is amazing.

Laney: Wow! Look at all of the books. There are so many of them.

Sora: It's so cool!

Lincoln: It's amazing seeing so many books.

?: There sure are a lot of books huh?

We turned and we saw a blond hair boy with blue eyes and glasses and he had a red shirt, blue pants and combat boots on and he had a magical sword with him and he had a bag of fairy dust and a bag of exploding eyeballs on his hips. And with him were three books. One was Horror, the 2nd was Adventure and the 3rd one was Fantasy.

Me: Wow! Richard Tyler!

Richard Tyler: That's right. It's a pleasure to finally meet you all J.D. I've heard so much about you all.

Laney: Wow! You sure have changed a lot since you began your journey.

Richard Tyler: I know. But I realized what a fool I was being when I was afraid of everything.

Lincoln: Wow.

Kairi: I want to get stronger. Ever since my journey as a keyblader began, I've been wanting to get stronger ever since.

Richard Tyler: I see. You are strong already. But I'll gladly help you.

Kairi: Thank you.

Richard Tyler: You ready to start this journey, Kairi?

Kairi: I sure am. (to the rest of us) You guys don't have to follow the two of us. We can handle ourselves.

Nico: Kairi, remember what I always say. Never fight alone! Besides, Sora will kill us if we let anything bad happen to you.

Me: I agree. But we'll go with you.

Kairi: (sighs) Ok. But let me and Richard take the lead this time.

Me: Got it.

We went down the isle of a bunch of books and we went through a book passage.

Richard Tyler: Kairi, why exactly do you want to get stronger? You already proved that you're strong enough when you helped kill Captain Hook.

Kairi: That's true. But I want to get stronger to show that I can help Sora just as much as he helped me. I love him and now it's my turn to help him.

Richard Tyler: That's a good motivation.

Toad Man: To be honest, Kairi's been wanting to become stronger ever since she got hit by one of Porcupongo's quills.

Me: That's right.

Kairi: Yeah. Lets go.

We went down the isle of a bunch of books and we went through a book passage and we were in the Horror Section! It was a world of fear and terror.

Kairi: So this is where we have to start?

Adventure: Aye Lass. The Horror Section.

Shaggy: Like, g-g-g-g-g-g-g-go through here!? (Scared Whimpering) No way!

Scooby Doo: Ruh-ruh!

Fantasy: Honey, you two are gonna be safe with us.

Kairi: Okay lets go.

We went through a terrifying graveyard and we saw all kinds of terrifying gravestones. We walked on and then we saw a terrifying house up ahead and thunderclouds roared behind it and we were ready.

Me: Scary house. But we're ready.

Kairi: That house is really scary.

Lincoln: It is really creepy.

Lucy Loud: I find a house like that to be enjoyable.

Horror: It's a scary house.

Adventure: But we're ready for anything.

I saw a plaque on the gate and it had a name.

Me: Dr. Jekyll?

And there was another name etched into it below it.

Me: Mr. Hyde? (Gasp!) This is the house of Dr. Henry Jekyll and Mr. Edward Hyde!

Nico: Whoa! I read that story and it was terrifying!

Laney: That's one of my favorites and it was a strange story about a brilliant psychologist with a split Personality. The Strange Case of Dr. Jekyll and Mr. Hyde by Robert Louis Stevenson was a great story.

Me: I remember that.

---

Gabriel John Utterson and his cousin Richard Enfield reach the door of a large house on their weekly walk. Enfield tells Utterson that months ago he saw a sinister-looking man named Edward Hyde trample a young girl after accidentally bumping into her. Enfield forced Hyde to pay £100 to avoid a scandal. Hyde brought them to this door and provided a cheque signed by a reputable gentleman (later revealed to be Doctor Henry Jekyll, a friend and client of Utterson). Utterson is disturbed because Jekyll recently changed his will to make Hyde the sole beneficiary. Utterson fears that Hyde is blackmailing Jekyll. When Utterson tries to discuss Hyde with Jekyll, Jekyll turns pale and asks that Hyde be left alone.

One night in October, a servant sees Hyde beat Sir Danvers Carew to death, another of Utterson's clients. The police contact Utterson, who leads officers to Hyde's apartment. Hyde has vanished, but they find half of a broken cane (the other half having been left at the crime scene). Utterson recognizes the cane as one he had given to Jekyll. Utterson visits Jekyll, who shows Utterson a note, allegedly written to Jekyll by Hyde, apologising for the trouble that he has caused. However, Hyde's handwriting is similar to Jekyll's own, leading Utterson to conclude that Jekyll forged the note to protect Hyde.

For two months, Jekyll reverts to his former sociable manner, but in early January, he starts refusing visitors. Dr Hastie Lanyon, a mutual acquaintance of Jekyll and Utterson, dies of shock after receiving information relating to Jekyll. Before his death, Lanyon gives Utterson a letter to be opened after Jekyll's death or disappearance. In late February, during another walk with Enfield, Utterson starts a conversation with Jekyll at a window of his laboratory. Jekyll suddenly slams the window and disappears.

In early March, Jekyll's butler, Mr. Poole, visits Utterson and says Jekyll has secluded himself in his laboratory for weeks. Utterson and Poole break into the laboratory, where they find Hyde wearing Jekyll's clothes and apparently dead from suicide. They find a letter from Jekyll to Utterson. Utterson reads Lanyon's letter, then Jekyll's. Lanyon's letter reveals his deterioration resulted from the shock of seeing Hyde drink a serum that turned him into Jekyll. Jekyll's letter explains that he had indulged in unstated vices and feared discovery. He found a way to transform himself and thereby indulge his vices without fear of detection. Jekyll's transformed body, Hyde, was evil, self-indulgent, and uncaring to anyone but himself. Initially, Jekyll controlled the transformations with the serum, but one night in August, he became Hyde involuntarily in his sleep.

Jekyll resolved to cease becoming Hyde. One night, he had a moment of weakness and drank the serum. Hyde, his desires having been caged for so long, killed Carew. Horrified, Jekyll tried more adamantly to stop the transformations. Then, in early January, he transformed involuntarily while awake. Far from his laboratory and hunted by the police as a murderer, Hyde needed help to avoid capture. He wrote to Lanyon (in Jekyll's hand), asking his friend to bring chemicals from his laboratory. In Lanyon's presence, Hyde mixed the chemicals, drank the serum, and transformed into Jekyll. The shock of the sight instigated Lanyon's deterioration and death. Meanwhile, Jekyll's involuntary transformations increased in frequency and required ever larger doses of serum to reverse. It was one of these transformations that caused Jekyll to slam his window shut on Enfield and Utterson.

Eventually, one of the chemicals used in the serum ran low, and subsequent batches prepared from new stocks failed to work. Jekyll speculated that one of the original ingredients must have some unknown impurity that made it work. Realizing that he would stay transformed as Hyde, Jekyll decided to write his "confession". He ended the letter by writing, "I bring the life of that unhappy Henry Jekyll to an end." With these words, both the document and the novella come to a close.

We went up to the house and went in and we were ready for anything.

Kairi: It sure is scary in here. But I'm ready for anything.

Richard Tyler: We all are. You have to seize the courage Kairi. It may be scary, but you have to face your fear for anything. You have to reach deep within yourself and seize the courage.

Kairi: Okay.

Then we saw a man appear.

Man: May I assist you all in some way?

Lily Loud: Oh uh hello there mister?

Dr. Jekyll: Doctor. Dr. Jekyll.

Me: Pleasure to meet you doctor.

Kairi: We're sorry to intrude like this sir.

Richard Tyler: We're trying to get to the other side of the house.

Dr. Jekyll: The other side?

Dr. Jekyll took us to a room and we saw an interesting laboratory set and he offered us a drink. But we didn't want any. But he drank it and then he was in excruciating pain as he was changing!

Richard Tyler: Uh oh! Be ready for anything!

Kairi summoned her keyblade and we saw that he was turned into MR. EDWARD HYDE and he was laughing like a fucked up lunatic!

---

Although he is one of the four main antagonists, his role is considerably shorter than that of Long John Silver and the dragon. After his transformation from Dr. Jekyll into a scary green monster, Mr. Hyde attacks Richard Tyler, Adventure, Fantasy, and Horror, and he advances towards them in a frightening scene, wielding a hammer-like cane. Horror eventually climbed onto a chandelier, which broke off and fell, causing Mr. Hyde to fall into a hole in the mansion's living room, but he grabbed onto the chandelier's chain and attempted to drag it and Horror down with him. Fantasy rescues Horror in time and the group ran to safety away from the haunted manor, as Mr. Hyde presumably fell to his death. He later reappears and transforms back into Dr. Jekyll to congratulate Richard.

---

Me: Mr. Hyde!

Kairi: You monster!

Kairi kicked him in the face and slashed him all over with her Keyblade and Richard slashed him with his sword and cut him!

Kairi: You are a monster of evil Hyde!

Me: Let me help out!

I fired a blast of light and it hit Mr. Hyde and separated Dr. Henry Jekyll from him! Making him two people!

Dr. Jekyll: I'm free! I'm cured!

Me: I split you apart and freed you from him.

Dr. Jekyll hugged me in gratitude.

Me: Lets kill this monster that was inside you! KIBAL, Lets howl!

I turned into Wolf Moon!

Me: Feel the fury of the wolf!

I went at Mr. Hyde and slashed him with my scythe and kicked him in the face. He crashed into the wall. He was laughing maniacally like a homicidal madman!

Lincoln: Lets see how he likes a lobotomy of 100 million volts of electricity!

Lincoln fired a powerful blast of lightning and it hit Mr. Hyde and electrocuted him all over!

Blitzwing: Lets finish this clod with a combo! CYBER KEY POWER!

The Earth Cyber Planet Key went into his bak and it enhanced his Electron Scimitar 100-fold.

Elec Man: Time for some serious lightning power! GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into his right arm and it enhanced his Thunder Beam 100-fold.

Blitzwing and Elec Man: LIGHTNING MEGABLADE SLASH!

Blitzwing fired a powerful blade of lightning from his Electric Scimitar and Elec Man fired a powerful blast of lightning and it merged with the blade of lightning and it slashed Mr. Hyde in half and cleaved him in two right down the middle. Killing him instantly!

Lincoln: Yeah!

Me: That did it!

Kairi: Awesome!

Me: Lets get out of this haunted estate!

We went up the stairs and into another line of books and they were full of ghost stories and Lucy loved them. Same with Brittney and the goths.

The ghosts talked to the goths and they understood what they went through and more.

We got through a door at the top and we were on the roof and we had to jump down.

Later we got down and we were in the world of Adventure. It was beautiful and amazing! The view of the ocean was amazing.

Me: Whoa! Look at the view of the ocean.

Lincoln: It's breathtaking!

?: It is nice huh?

Then we got an unexpected visit from CLAWBSTER from episode 4 of Power Rangers Mystic Force!

---

Clawbster had been terrorizing the city of Briarwood for a while, by turning people into stone statues. He and Necrolai then appeared just outside the forest. Nick, Xander, Vida and Chip, the Rangers went to fight the creature, but were no match for the villains. Both Clawbster and Necrolai escaped to the city. Once in the city, Clawbster began turning more people into stone, including Madison. The other Rangers showed up, but again, the monster and Necrolai retreated. When Clawbster returned to the city once more, Xander, Chip and Vida went out to fight it. But they were again outmatched. Nick was able to show up on his Mystic Speeder, and by using the "Reflectus - Torgo" spell, he managed to reflect Clawbster's Stone Spell back at him. Once the monster himself was turned to stone, Nick used his Phoenix Power to shatter the creature, thus returning everyone including Madison back to normal. Koragg then revived and enlarged Clawbster. The Rangers morphed into their Mystic Titan Forms, and then formed the Titan Megazord. Together, the Rangers used the Titan Megazord's Mystic Spell Seal attack to destroy Clawbster completely.

---

Nick Russell: Clawbster!

Clawbster: Its been a long time Mystic Force Rangers.

Madison Rocca: Don't think we haven't forgot what you were doing!

Me: I remember this guy! He was turning several people into stone statues and he even turned Madison into stone!

Charlie Thorn: That's right.

Clawbster: You know your history about us J.D. You must've been watching us on TV.

Me: That's right. All 26+ years of Power Rangers on TV we watched. But you are no expert gardener!

Clawbster: Lets see if this pleases you.

Clawbster fired a ball of energy and he had just turned Beast Boy to stone.

Tara: Beast Boy!

Clawbster: (laughs) First, you get turned into a statue. Now, it's your boyfriend's turn. Man, your family just can't help getting turned to stone, huh?

Me: That's none of your business you rotten crawdad!

Clawbster: I also came to deliver a message.

Vida Rocca: And that is?

Clawbster: Morticon and Imperious are back. And so are the remaining Ten Terrors. Except for those traitors Matoombo and Itassis.

Xander Bly: What about Octomus?

Clawbster: Forget him! He's old news now!

Tara was infuriated!

Clawful: You give us lobsters a really bad name!

Tara then lifted a huge rock and it was as big as a massive boulder and Clawful punched him and pinched him all over with his claws and it really hurt Clawbster! Then Tara threw the rock and squished Clawbster and she splattered his blood and guts all over the place and died in an instant!

Beast Boy turned back to normal!

Beast Boy: Whoa! What happened!?

Tara: Beast Boy!

Tara hugged him.

Me: You were turned to stone because of Clawbster.

Beast Boy: Whoa! Now I know how Tara felt when she sacrificed herself.

Me: I know.

Shanan: That was awful though.

Me: But she saved you.

Richard Tyler: She sure did. We have to go onto the water.

Me: Yep.

We used our shinobi skills to walk onto the water. We then saw that it was really choppy.

Me: Wow. Looks like a storm is coming.

Nico: No kidding.

Kairi: Wow.

We then saw a bunch of boats.

Adventure: Whaling men.

We then saw CAPTAIN AHAB!

---

Captain Ahab, also simply known as Ahab, is the protagonist villain of the 1851 classic Herman Melville novel Moby Dick.

He was portrayed by the late John Barrymore in the 1926 film The Sea Beast, the late Orson Welles in Moby Dick-Rehearsed, the late

Gregory Peck in the 1956 film adaptation, Barry Bostwick in the 2010 film adaptation, and Danny Glover in the 2011 film Age of the Dragons. He was voiced by George Hearn in the 1994 live-action/animated film The Pagemaster.

Although the titular monstrous white whale is seen as the villain, Ahab is actually one as well since he has allowed his thirst for vengeance to drive him insane - the story of Moby Dick has been quoted by some as a prime example of the futility of humans seeking vengeance on animals and Captain Ahab may well embody such a concept.

Ahab is the tyrannical captain of the Pequod who is driven by a cal desire to kill Moby Dick, the whale that had maimed him off the coast of Japan during a previous whaling voyage. Although he is a Quaker, he seeks revenge in defiance of his religion's well-known pacifism. Ahab's Biblical namesake is the evil idol-worshipping Israelite ruler King Ahab in the Books of Kings in the Bible, and this association prompts Ishmael to ask, after first hearing of Ahab's name.

When Ishmael remarks upon the ill associations of such a name, he is rebuked by one of Ahab's colleagues, who points out that "He did not name himself!"

Little information is provided about Ahab's life prior to meeting Moby Dick, although it is known that he was orphaned at a young age due to the death of his insane widowed mother. When discussing the purpose of his quest with Starbuck, it is revealed that he first began whaling at 18 and has continued in the trade for 40 years making him 58 years of age and having spent less than 3 years on land. He also mentions his "girl-wife", whom he married late in life, and their young son, but does not give their names.

Ahab ultimately dooms the crew of the Pequod (save for Ishmael) to death by his obsession with Moby Dick. During the final chase, Ahab hurls his last harpoon while yelling his now-famous revenge line:

The harpoon becomes lodged in Moby Dick's flesh and Ahab, caught around the neck by a loop in his own harpoon's rope and unable to free himself, is dragged down into the cold oblivion of the sea by the injured whale. The mechanics of Ahab's death are richly symbolic. He is killed by his own harpoon, a victim of his own twisted obsession and desire for revenge. The whale eventually destroys the whaleboats and crew (but spares Ishmael) and sinks the Pequod.

Ahab's motivation for hunting Moby Dick is explored in the following passage:

The White Whale swam before him as the monomaniac incarnation of all those malicious agencies which some deep men feel eating in them, till they are left living on with half a heart and half a lung. That intangible malignity which has been from the beginning; to whose dominion even the modern Christians ascribe one-half of the worlds; which the ancient Ophites of the east reverenced in their statue devil; - Ahab did not fall down and worship it like them; but deliriously transferring its idea to the abhorred white whale, he pitted himself, all mutilated, against it. All that most maddens and torments; all that stirs up the lees of things; all truth with malice in it; all that cracks the sinews and cakes the brain; all the subtle demonisms of life and thought; all evil, to crazy Ahab, were visibly personified, and made practically assailable in Moby Dick. He piled upon the whale's white hump the sum of all the general rage and hate felt by his whole race from Adam down; and then, as if his chest had been a mortar, he burst his hot heart's shell upon it.

---

Adventure: It's Captain Ahab mateys.

Me: From one of my favorite stories: Moby Dick.

Laney: I love that story.

Kairi: Me too.

---

Ishmael travels in December from Manhattan Island to New Bedford, Massachusetts with plans to sign up for a whaling voyage. The inn where he arrives is overcrowded, so he must share a bed with the tattooed cannibal Polynesian Queequeg, a harpooneer whose father was king of the fictional island of Rokovoko. The next morning, Ishmael and Queequeg attend Father Mapple's sermon on Jonah, then head for Nantucket. Ishmael signs up with the Quaker ship-owners Bildad and Peleg for a voyage on their whaler Pequod. Peleg describes Captain Ahab: "He's a grand, ungodly, god-like man" who nevertheless "has his humanities". They hire Queequeg the following morning. A man named Elijah prophesies a dire fate should Ishmael and Queequeg join Ahab. While provisions are loaded, shadowy figures board the ship. On a cold Christmas Day, the Pequod leaves the harbor.

Ishmael discusses cetology (the zoological classification and natural history of the whale), and describes the crew members. The chief mate is 30-year-old Starbuck, a Nantucket Quaker with a realist mentality, whose harpooneer is Queequeg; second mate is Stubb, from Cape Cod, happy-go-lucky and cheerful, whose harpooneer is Tashtego, a proud, pure-blooded Indian from Gay Head, and the third mate is Flask, also from Martha's Vineyard, short, stout, whose harpooneer is Daggoo, a tall African, now a resident of Nantucket.

When Ahab finally appears on the quarterdeck, he announces he is out for revenge on the white whale which took one leg from the knee down and left him with a prosthesis fashioned from a whale's jawbone. Ahab will give the first man to sight Moby Dick a doubloon, a gold coin, which he nails to the mast. Starbuck objects that he has not come for vengeance but for profit. Ahab's purpose exercises a mysterious spell on Ishmael: "Ahab's quenchless feud seemed mine". Instead of rounding Cape Horn, Ahab heads for the equatorial Pacific Ocean via southern Africa. One afternoon, as Ishmael and Queequeg are weaving a mat - "its warp seemed necessity, his hand free will, and Queequeg's sword chance" - Tashtego sights a sperm whale. Five previously unknown men appear on deck and are revealed to be a special crew selected by Ahab and explain the shadowy figures seen boarding the ship. Their leader, Fedallah, a Parsee, is Ahab's harpooneer. The pursuit is unsuccessful.

Southeast of the Cape of Good Hope, the Pequod makes the first of nine sea-encounters, or "gams", with other ships: Ahab hails the

Goney (Albatross) to ask whether they have seen the White Whale, but the trumpet through which her captain tries to speak falls into the sea before he can answer. Ishmael explains that because of Ahab's absorption with Moby Dick, he sails on without the customary "gam", which defines as a "social meeting of two (or more) Whale-ships", in which the two captains remain on one ship and the chief mates on the other. In the second gam off the Cape of Good Hope, with the Town-Ho, a Nantucket whaler, the concealed story of a "judgment of God" is revealed, but only to the crew: a defiant sailor who struck an oppressive officer is flogged, and when that officer led the chase for Moby Dick, he fell from the boat and was killed by the whale.

Ishmael digresses on pictures of whales, brit (microscopic sea creatures on which whales feed), squid and - after four boats lowered in vain because Daggoo mistook a giant squid for the white whale - whale-lines. The next day, in the Indian Ocean, Stubb kills a sperm whale, and that night Fleece, the Pequod's black cook, prepares him a rare whale steak. Fleece, at Stubb's request, delivers a sermon to the sharks that fight each other to feast on the whale's carcass, tied to the ship, saying that their nature is to be voracious, but they must overcome it. The whale is prepared, beheaded, and barrels of oil are tried out. Standing at the head of the whale, Ahab begs it to speak of the depths of the sea. The Pequod next encounters the Jeroboam, which not only lost its chief mate to Moby Dick, but also is now plagued by an epidemic.

The whale carcass still lies in the water. Queequeg mounts it, tied to Ishmael's belt by a monkey-rope as if they were Siamese twins. Stubb and Flask kill a right whale whose head is fastened to a yardarm opposite the sperm whale's head. Ishmael compares the two heads in a philosophical way: the right whale is Lockean, stoic, and the sperm whale as Kantean, platonic. Tashtego cuts into the head of the sperm whale and retrieves buckets of spermaceti. He falls into the head, which in turn falls off the yardarm into the sea. Queequeg dives after him and frees his mate with his sword.

The Pequod next gams with the Jungfrau from Bremen. Both ships sight whales simultaneously, with the Pequod winning the contest. The three harpooneers dart their harpoons, and Flask delivers the mortal strike with a lance. The carcass sinks, and Queequeg barely manages to escape. The Pequod's next gam is with the French whaler Bouton de Rose, whose crew is ignorant of the ambergris in the gut of the diseased whale in their possession. Stubb talks them out of it, but Ahab orders him away before he can recover more than a few handfuls. Days later, an encounter with a harpooned whale prompts Pip, a little black cabin-boy from Connecticut, to jump out of his whale boat. The whale must be cut loose, because the line has Pip so entangled in it. Furious, Stubb orders Pip to stay in the whale boat, but Pip later jumps again, and is left alone in the immense sea and has gone insane by the time he is picked up.

Cooled spermaceti congeals and must be squeezed back into liquid state; blubber is boiled in the try-pots on deck; the warm oil is decanted into casks, and then stowed in the ship. After the operation, the decks are scrubbed. The coin hammered to the main mast shows three Andes summits, one with a flame, one with a tower, and one a crowing cock. Ahab stops to look at the doubloon and interprets the coin as signs of his firmness, volcanic energy, and victory; Starbuck takes the high peaks as evidence of the Trinity; Stubb focuses on the zodiacal arch over the mountains; and Flask sees nothing of any symbolic value at all. The Manxman mutters in front of the mast, and Pip declines the verb "look".

The Pequod next gams with the Samuel Enderby of London, captained by Boomer, a down-to-earth fellow who lost his right arm to Moby Dick. Nevertheless, he carries no ill will toward the whale, which he regards not as malicious, but as awkward. Ahab puts an end to the gam by rushing back to his ship. The narrator now discusses the subjects of (1) whalers supply; (2) a glen in Tranque in the Arsacides islands full of carved whale bones, fossil whales, whale skeleton measurements; (3) the chance that the magnitude of the whale will diminish and that the leviathan might perish.

Leaving the Samuel Enderby, Ahab wrenches his ivory leg and orders the carpenter to fashion him another. Starbuck informs Ahab of oil leakage in the hold. Reluctantly, Ahab orders the harpooneers to inspect the casks. Queequeg, sweating all day below decks, develops a chill and soon is almost mortally feverish. The carpenter makes a coffin for Queequeg, who fears an ordinary burial at sea. Queequeg tries it for size, with Pip sobbing and beating his tambourine, standing by and calling himself a coward while he praises Queequeg for his gameness. Yet Queequeg suddenly rallies, briefly convalesces, and leaps up, back in good health. Henceforth, he uses his coffin for a spare seachest, which is later caulked and pitched to replace the Pequod's life buoy.

The Pequod sails northeast toward Formosa and into the Pacific Ocean. Ahab, with one nostril, smells the musk from the Bashee isles, and with the other, the salt of the waters where Moby Dick swims. Ahab goes to Perth, the blacksmith, with a bag of racehorse shoenail stubs to be forged into the shank of a special harpoon, and with his razors for Perth to melt and fashion into a harpoon barb. Ahab tempers the barb in blood from Queequeg, Tashtego, and Daggoo.

The Pequod gams next with the Bachelor, a Nantucket ship heading home full of sperm oil. Every now and then, the Pequod lowers for whales with success. On one of those nights in the whaleboat, Fedallah prophesies that neither hearse nor coffin can be Ahab's, that before he dies, Ahab must see two hearses - one not made by mortal hands and the other made of American wood - that Fedallah will precede his captain in death, and finally that only hemp can kill Ahab.

As the Pequod approaches the Equator, Ahab scolds his quadrant for telling him only where he is and not where he will be. He dashes it to the deck. That evening, an impressive typhoon attacks the ship. Lightning strikes the mast, setting the doubloon and Ahab's harpoon aglow. Ahab delivers a speech on the spirit of fire, seeing the lightning as a portent of Moby Dick. Starbuck sees the lightning as a warning, and feels tempted to shoot the sleeping Ahab with a musket. Next morning, when he finds that the lightning disoriented the compass, Ahab makes a new one out of a lance, a maul, and a sailmaker's needle. He orders the log be heaved, but the weathered line snaps, leaving the ship with no way to fix its location.

The Pequod is now heading southeast toward Moby Dick. A man falls overboard from the mast. The life buoy is thrown, but both sink. Now Queequeg proposes that his superfluous coffin be used as a new life buoy. Starbuck orders the carpenter to seal and waterproof it. Next morning, the ship meets in another truncated gam with the

Rachel, commanded by Captain Gardiner from Nantucket. The Rachel is seeking survivors from one of her whaleboats which had gone after Moby Dick. Among the missing is Gardiner's young son. Ahab refuses to join the search.

Twenty-four hours a day, Ahab now stands and walks the deck, while Fedallah shadows him. Suddenly, a sea hawk grabs Ahab's slouched hat and flies off with it. Next, the Pequod, in a ninth and final gam, meets the Delight, badly damaged and with five of her crew left dead by Moby Dick. Her captain shouts that the harpoon which can kill the white whale has yet to be forged, but Ahab flourishes his special lance and once more orders the ship forward. Ahab shares a moment of contemplation with Starbuck. Ahab speaks about his wife and child, calls himself a fool for spending 40 years on whaling, and claims he can see his own child in Starbuck's eye. Starbuck tries to persuade Ahab to return to Nantucket to meet both their families, but Ahab simply crosses the deck and stands near Fedallah.

On the first day of the chase, Ahab smells the whale, climbs the mast, and sights Moby Dick. He claims the doubloon for himself, and orders all boats to lower except for Starbuck's. The whale bites Ahab's boat in two, tosses the captain out of it, and scatters the crew. On the second day of the chase, Ahab leaves Starbuck in charge of the Pequod. Moby Dick smashes the three boats that seek him into splinters and tangles their lines. Ahab is rescued, but his ivory leg and Fedallah are lost. Starbuck begs Ahab to desist, but Ahab vows to slay the white whale, even if he would have to dive through the globe itself to get his revenge.

On the third day of the chase, Ahab sights Moby Dick at noon, and sharks appear, as well. Ahab lowers his boat for a final time, leaving Starbuck again on board. Moby Dick breaches and destroys two boats. Fedallah's corpse, still entangled in the fouled lines, is lashed to the whale's back, so Moby Dick turns out to be the hearse Fedallah prophesied.

"Possessed by all the fallen angels", Ahab plants his harpoon in the whale's flank. Moby Dick smites the whaleboat, tossing its men into the sea. Only Ishmael is unable to return to the boat. He is left behind in the sea, and so is the only crewman of the Pequod to survive the final encounter. The whale now fatally attacks the Pequod. Ahab then realizes that the destroyed ship is the hearse made of American wood in Fedallah's prophecy.

The whale returns to Ahab, who stabs at him again. As he does so, the line gets tangled, and Ahab bends over to free it. In doing so the line loops around Ahab's neck, and as the stricken whale swims away, the captain is drawn with him out of sight. Queequeg's coffin comes to the surface, the only thing to escape the vortex when Pequod sank. For a day and a night, Ishmael floats on it, until the Rachel, still looking for its lost seamen, rescues him.

* * *

Qin: What happened to Ahab's leg?

Me: It was bitten off by Moby Dick, a giant albino Sperm Whale. He wants revenge on Moby Dick for taking his leg.

Qin: Geez!

Bai Tza: I was shocked myself.

Ahab then saw something and then the sky turned red with blood and lightning flashed in the skies!

Ahab: THAR SHE BLOWS!

We saw a massive blast of spout mist.

Me: Here he comes!

We saw Moby Dick breach and he was huge!

Me: WHOA!

Qin: He's a massive whale!

Me: Not nearly as big as Monstro, but he's right up there!

Ahab: I GRIN AT THEE! THOU GRINNING WHALE!

Fantasy: (Gasp) He's Possessed!

Horror: He's Insane!

Adventure: He's my kind of guy!

We saw Moby Dick heading straight for them!

Laney: This is one of the good parts!

Horror: He's heading straight for them!

Ahab: TO THE LAST I WILL GRAPPLE WITH THEE; FROM HELL'S HEART I STAB AT THEE! FOR HATE'S SAKE I SPIT MY LAST BREATH AT THEE!

Then Moby Dick breached and then I pulled the boat they were on away from him with the Force just as he was about to land on them.

Me: Moby Dick is our prey!

Ahab: HE'S MY WHALE! I WON'T ALLOW ANYONE ELSE TO TAKE HIM!

Me: Then we will kill you Ahab!

I punched him in the face and then I kicked him in the stomach and punched him in the nose.

Laney fired poison barbs at the crew and poisoned them all except for Ishmael.

Kairi slashed Ahab all over with her keyblade and she blasted him all over with lightning and kicked him in the face and punched him in the stomach and slashed him in the arm.

Me: You only care about your own petty revenge and that makes me sick!

Sasuke: You brought all this on yourself!

Gwen Tennyson: You are not worthy of the life you were given. ANODYNE CYBER KEY POWER!

The Anodyne Cyber Planet Key went into Gwen's right arm device and enhanced her Anodite Powers 100-fold.

Sky Lynx: Nothing good ever comes from revenge! CYBER KEY POWER!

The Gigantion Cyber Planet Key went into his back and enhanced his flamethrower 100-fold.

Gwen Tennyson and Sky Lynx: MANA FLAMEBALL MEGABLAST!

Moby Dick breached out of the water and Gwen Tennyson fired a powerful ball of Mana and Sky Lynx fired a powerful blast of fire and the fire merged with the ball and Moby Dick swallowed it and he exploded all over the place as a massive explosion of whale blood and guts and Captain Ahab looked on in sheer horror and rage as he was reduced to nothing but chum!

Lana: WHOA!

Lola: That was intense!

Nico: Moby Dick has failed this world!

Me: Yeah!

Captain Ahab was so extremely enraged that he came at me with a spear, insane and completely out of his mind!

Then, he came at me with a enraged face. He was stabbing at me and I was dodging all his strikes.

Ahab: (ENRAGED SCREAMING!) YOU FUCKING FUCKHEADED FUCKWEED! YOU WILL PAY FOR THIS! WHY CAN'T YOU JUST DIE JUST THIS FUCKING MINUTE?! DIE! DIE! DIIIIIIEEEEEEEEEEE! AND STAY DEAD! (Laughing insane) Hahahahahahahaha!

Nico: HOLY SHIT! He's out of his mind!

I punched him in the face and I clashed my sword with his spear and Richard unsheathed his sword and we clashed with him. We were really clashing with him all over and it was a powerful clash! I punched him in the face and Richard Tyler slashed him in the face and Kairi cut him all over with her keyblade. He came back at us and punched and kicked at us!

Ahab: (Insane anger and maniacal laughter) DIE! DIE! DIE! DIE! DIE! DIIIIIIIIIIIIIIIIIIIIEEEEEEEEEEEEEEEEEEEEEEEEE!

But we were dodging all his attacks like they were nothing.

Kairi slashed him in his leg stub and kicked him in the face.

Richard Tyler threw fairy dust into Ahab's eyes and it exploded.

Ahab was screaming in excruciating pain as his eyes were blown right out of their sockets and he was bleeding like a hog!

Me: You are not worthy of the life you were given! It's time you went to hell! WOLF MOON FIRE SLASH!

I swung my scythe as it was ignited with blue fire and I slashed Captain Ahab and he bursted into powerful fire and he was dead in an instant as he was incinerated into nothing!

Me: Enjoy the fire of hell.

Nico: Captain Ahab, you have failed this world.

Me: Nice job Richard!

Richard Tyler: Thanks J.D. I went on a journey like this before and it was awesome!

Me: Wow.

Kairi: That is so cool!

Fantasy: It sure is.

Then we saw another ship coming. It was the ship of the ruthless pirate LONG JOHN SILVER!

In the Adventure section of the film, Richard and Adventure were shipwrecked and picked up by the Hispaniola, captained by Long John Silver. Jim is forced to serve as the cabin boy, filling the role of Jim Hawkins in the novel. As in the original book, the pirates go to Treasure Island, but find no treasure, nearly causing a mutiny. Fantasy and Horror return and defeat the pirates. Silver initially attempts to take Richard with him, but surrenders when Richard threatens him with a sword. Silver sails away and has never been seen again, much as he does in the novel.

It is implied that Silver comes to a strong respect for Richard, as he does for Jim Hawkins in the original story. He gives Richard a satisfied smile as he rows away. At the end of the film, then appears with the other characters that he encountered to congratulate Richard.

---

Me: The ship of Long John Silver!

Laney: From Treasure Island!

Lincoln: Wow! That's an awesome story!

Me: It sure is.

Jim Hawkins: He's not like the John Silver that I know.

Adventure: (to Jim Hawkins) You know another John Silver?

Jim Hawkins: I do. But as much as a jerk as he was, he actually did care about me.

Me: I remember that.

Lana: They're heading for that island over there.

We saw the famous Treasure Island!

---

An old sailor named Billy Bones comes to lodge in the rural Admiral

Benbow Inn on the West English coast. He tells the innkeeper's son, Jim Hawkins, to keep a lookout for "a one-legged seafaring man." A former shipmate, Black Dog, confronts Bones and engages in a violent fight with him. After Black Dog is run off, a blind beggar named Pew visits to give Bones "the black spot" as a summons to share a map leading to buried treasure. Shortly thereafter, Bones suffers a stroke and dies. Pew and his accomplices attack the inn, but Jim and his mother save themselves while taking Bones's sea chest. Inside the chest, they find a map of an island on which the infamous pirate Captain Flint hid his treasure. Jim shows the map to the local physician Dr. Livesey and the district squire John Trelawney, and they decide to make an expedition to the island, with Jim serving as a cabin boy. They set sail on Trelawney's schooner, the Hispaniola, under Captain Smollett. Much of the crew, as it is later revealed, are pirates who served under Captain Flint, most notable of which is the ship's one-legged chef "Long John" Silver. Jim, sitting in an apple casket, overhears the conspirators' plan to mutiny after the salvage of the treasure and to assassinate the skippers.

Arriving off the coast of the island, Jim joins the shore party and begins to explore the island. He meets a marooned pirate named Ben Gunn, who was also a former member of Flint's crew. The situation comes to a head after the mutineers arm themselves, and Smollett's men take refuge in an abandoned stockade. During an attack on the stockade, Jim finds his way there and rejoins the crew. Jim manages to make his way to the Hispaniola and cuts the ship's anchorage, allowing the ship to drift along the ebb tide. Jim boards the Hispaniola and encounters Israel Hands, who was severely injured in a dispute with one of his companions. Hands helps Jim beach the schooner in the northern bay, but then attempts to kill Jim with a knife. Jim escapes, climbs into the shrouds of the ship and shoots his pursuer.

Jim goes back ashore and returns to the stockade, where he is horrified to find only Silver and the pirates. Silver prevents Jim's immediate death and tells Jim that when everyone found the ship was gone, the captain's party agreed to a treaty whereby they gave up the stockade and the map. In the morning, the doctor arrives to treat the wounded and sick pirates and tells Silver to look out for trouble when they find the site of the treasure. After he leaves, Silver and the others set out with the map, taking Jim along as hostage. They encounter a skeleton, arms oriented toward the treasure, which unnerves the party. Eventually, they find the treasure cache empty. The pirates nearly charge at Silver and Jim, but shots are fired by the ship's command along with Gunn, from ambush. Livesey explains that Gunn had already found the treasure and taken it to his cave. The expedition members load much of the treasure onto the ship and sail away. At their first port in Spanish America, where they will sign on more crew, Silver steals a bag of money and escapes. The rest sail back to Bristol and divide up the treasure. Jim says there is more left on the island, but he for one will not undertake another voyage to recover it.

---

Me: Lets go. We got another pirate to kill.

Lola: Lets get him!

Kairi: Lets.

We went to Treasure Island and we saw Long John Silver and his crew on it.

Me: There they are.

We confronted them.

Me: Long John Silver.

Richard Tyler: Remember me?

Long John Silver: Richard Tyler me boy. How have ye been since we last saw each other?

Richard Tyler: I'm now stronger than ever thanks to my journey.

Kairi: And now it's time for us to destroy you all.

We went at Long John Silver and his crew and I slashed some of his crew apart and Richard Tyler slashed Long John Silver with her keyblade all over.

Laney fired poison barbs and poisoned the crew and killed them.

Ben: Time for some frog power!

Ben turned into Bullfrag!

Ben: BULLFRAG!

Shanan: Wow! He's an Incursean from the destroyed planet of Incursea Prime!

Bullfrag: That's right.

Bullfrag then punched the crew all over and his speed was incredible.

Riley: Time for some serious pain and action!

Riley then revealed that she had the first weapon that Azmuth created: The Mighty Sword Ascalon!

---

Azmuth was inspired to create Ascalon when he saw a planetary system in perfect alignment while spending time with Zennith on Primus. Ascalon was created to tap into the fundamental forces of the universe. Zennith deemed the creation of Ascalon as irresponsible, but Azmuth ignored her warnings. By the time he had finished creating it, Zennith had left him but Azmuth ignored it.

Ascalon was later stolen by a Warrior who hoped to end the eons-long civil war between the many factions on the Incursean homeworld. The result, however, was the destruction of the planet, which rendered the Incurseans scattered.

Shocked by what he had done, Azmuth vowed to hide away Ascalon and dedicated himself to peaceful sciences, creating the Omnitrix as an apology for what Ascalon has done to the universe, hoping that Zennith would return to him.

Sometime later, Azmuth visited a primitive world he had discovered in his studies: Earth. There he found that the creature known as Dagon and an army of Lucubra were invading Earth with hopes to conquer the entire dimension. A group of knights had tried to stop them, but many had fallen under the mind-control of the Lucubra. Only the strongest of the knights, Sir George, born a Roman soldier who had somehow lived for 900 years, was able to escape the Lucubra. However, he could not defeat them. Azmuth gave Sir George Ascalon, saying that he was worthy enough to wield its terrible power. Sir George used it to cut out Dagon's heart. He cast Dagon back into its dimension, sealed it in and stabbed Ascalon through the heart. For as long as Ascalon pierces the heart, Dagon cannot return to full power.

## Ultimate Alien

Many years later, after Sir Cyrus foolishly broke the seal and let a Lucubra back into our dimension, Sir George went on a quest to regain Ascalon from the shrine built around it and Dagon's heart by the Flame Keepers' Circle but Ascalon and Dagon's heart fell into the hands of Vilgax, who was pretending to be Dagon so that he could regain his empire. Dagon possessed Winston and told Vilgax that infinite power lay beyond the seal. Vilgax believed him and traveled to the seal, which he broke with Ascalon. Vilgax was sucked into Dagon's dimension along with Dagon's heart. Sir George arrived at the seal and picked up Ascalon, rejuvenating himself once more to defeat Dagon and stop him from enslaving his dimension. Azmuth was doubtful of him, however, and told Ben and his team that the power of Ascalon would likely overwhelm Sir George before he could reach his target. Ultimate Humungousaur confronted Sir George and reached an agreement with him: if Sir George failed to stop Dagon, Ben would receive Ascalon and attempt to stop Dagon himself.

In The Ultimate Enemy: Part 2, Ben gained Ascalon after Sir George's death at the hands of Dagon. Ben was able to use Ascalon to defeat Vilgax (who had absorbed Dagon through an energy absorber because Dagon's substance was energy), by absorbing Dagon and his power into Ascalon. Vilgax tempted Ben to use the combined power of Dagon, Ascalon, and the Ultimatrix to "destroy all evil" and rule the universe, but Julie, Kevin, and Gwen were able to snap him to his senses. Ben subsequently gave Ascalon (and the Ultimatrix) to Azmuth who in return gave him the new Omnitrix.

Powers and Abilities

Ascalon taps into the forces of the universe itself as the source of its power. Misuse of that power can destroy an entire planet.

When used, Ascalon encases the wielder in a suit of armor similar to that worn by a knight. This armor protects the user from mind control. It can accomplish a variety of feats:

Ascalon is incredibly durable, being able to survive an exploding planet.

Ascalon's blade is powerful enough to cut through metal and block or reflect energy blasts.

Projecting energy blasts.

Channeling its power through its armor to project shockwaves.

Opening portals for transport.

When the users spins it, Ascalon can create whirlwinds that are strong enough to send Humungousaur flying.

The sword is linked to the one who wields it, allowing them to manipulate and control the sword even when they aren't holding it.

Erecting force fields.

Absorbing the powers of its opponents.

Changing the user of the Omnitrix/Ultimatrix back to normal.

---

Me: Whoa! Gwen do you see that sword!?

Gwen Tennyson: That's Azmuth's sword Ascalon! How did Riley get that!?

Riley swung the sword and she fired powerful energy blasts from it and she caused a bunch of pirates to explode into piles of blood and guts. Riley then spun the sword around and it formed a powerful tornado blast and blew the pirates miles away from Treasure Island!

Riley: WOW! That was awesome!

Me: Wow! That sword is powerful!

Bullfrag: She has to be careful with that. If it's misused, it will destroy the entire planet.

Me: Whoa! That's terrible!

Riley: Don't worry Ben. I'll be careful.

Toad Man: Lets stop this freak!

Toad Man fired a blast of Acid Rain and Bullfrag launched his tongue.

Toad Man and Bullfrag: ACID TONGUE BURN!

The acid rain merged with Bullfrag's tongue and the tongue hit Long John Silver and dissolved him into nothing.

Me: Yeah!

Nico: Long John Silver, you have failed this world.

Ben reverted back.

Me: That was awesome!

Richard Tyler: It sure was.

?: Then you will die by my hatred!

Out of the bushes came a figure I remember. It was JIROBO!

---

Jirobo, along with the other members of the Sound Four, were involved in the Invasion of Konoha, assisting Orochimaru by putting up a barrier to make it so others could not interfere in his battle with the Third Hokage. Jirobo's identity is unknown at this point, but it is revealed when the Sound Four are charged with escorting Sasuke to Orochimaru. After the Sasuke Retrieval Team tracks them down in the forest, Jirobo stayed behind to fend them off while the rest of his team fled with Sasuke in tow. He trapped all five team members inside a stone prison, absorbing their chakra in the process. Shikamaru, the team's leader, offered to sacrifice his teammates and Sasuke, but Jirobo refused, admonishing him and saying that he deserved to die for being a bad leader. As it turned out, Shikamaru only pretended to parley with him to confirm his location, and determine where the chakra flow around the barrier was weakest. Choji successfully broke through the barrier, and stayed behind to fend Jirobo off while the rest of his team went after Sasuke.

Jirobo took pleasure in taunting Choji during their battle, calling him fat and further insulting Shikamaru. Choji had happened to bring his "secret weapon" to the fight, which happened to be three colored pills that increased his strength exponentially. Jirobo was forced to open his cursed seal to fend off his opponent, and even when his strength was at its greatest with the second stage of the seal open, an enraged Choji managed to kill him after consuming the third pill for insulting Shikamaru, eating his last chip and the Third Hokage's death.

---

Me: JIROBO!

Jirobo: Hello J.D. Knudson. It's been a long time.

Qin: Who in the world is he?

Me: That's Jirobo. He was one of Orochimaru's elite bodyguards called the Sound 4 and he was also one of the fuckweeds that helped Orochimaru kill the 3rd Hokage!

Qin gasped!

Qin: That's insane!

Nicole: It is. And during the 4th Great War, I faced him again and killed him and sent him and his fucking cohorts back to hell.

Tayuya: Yeah and he still pisses me off!

Jirobo: Tayuya, watch your language.

Tayuya: Oh shut up fatso!

Me: Sheesh even though he's dead you still can't let that go.

Kairi: I got this clod. I've been wanting to try this one. RAINBOW STYLE NINJA ART: SEVEN COLOR RASENGAN PRISM!

Kairi formed 7 color chakra orbs and they were of each of the 7 colors of the rainbow and she threw them at Jirobo and they hit him and completely obliterated him in a massive explosion of incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared, he was completely gone!

Me: Whoa! Awesome job Kairi!

Naruto: Wow! That was amazing! I've never heard of Rainbow Style techniques before.

Sasuke: Me neither. That's a new one.

Fu: Yeah but it was awesome! Way to go Kairi!

Sora: That was awesome!

Kairi: (Giggles) Thanks guys.

Me: Was that your final smash Kairi?

Kairi: Nope. I wanted to show you how I use Shinobi Techniques.

Lincoln: Wow! That was awesome!

Nico: It sure was. But Jirobo has failed this world just like he did in the future.

Me: Yep. In 150,000 years.

We continued on and we were in the world of Fantasy. It was a beautiful place and it was filled with all kinds of awesome stories and characters that we all know. Along the way we heard a moo from a cow and then we saw THE GHOST OF THE HOODED HEIFER! The Meanest Wrestler in all of the Coolsville Wrestling Federation!

---

The Ghost of the Hooded Heifer was the disguise of the Coolsville Comet, which was an alias for Herbert Blaum. He had business reasons for ruining the wrestling in Coolsville.

Physical appearance

The Ghost of the Hooded Heifer was a large cow able to stand on its back hind legs. It had sharp teeth two big horns, black hooves, a blue mask and spandex outfit.

---

Shaggy: ZOINKS! Like, it's the Ghost of the Hooded Heifer!

Qin: What is his history?

Me: He was really Herbert Blaum A.K.A. the Coolsville Comet and he was gonna ruin the wrestling spirit in Coolsville and he was upset for Carol Colossal - Owner, Founder, President and C.E.O. of Colossal Toys, buying the C.W.F. before he could and he wanted to scare everyone away so he could buy the place cheap.

Qin: Geez!

Lynn: Wait a second! I remember the Hooded Heifer! He was the meanest wrestler of them all! He was so bad that he would destroy anyone in his path! After he was kicked out of the C.W.F., he swore to come back for revenge. But he died over 40 years ago.

Me: That's right. Herbert got 50 years in prison for his crimes.

Haiku: He deserved it.

Lynn: I got this mad cow!

Lynn went at him and she defeated him and Lola turned him into a gold statue.

We then found the exit and it was on top of a massive tower of books.

Me: We're almost there guys!

Lincoln: Yep.

Then we heard growling and then the ground started to shake and we saw rocks fall off a mound and it had glowing reddish-orange eyes open and we saw that it was really a powerful fire-breathing dragon!

---

The dragon first appears as a picture in the center of the library, which melts and morphs into the dragon after Richard slips and gets knocked out, trapping him in the world of illustrations. The dragon later appears to be dormant. After Adventure continuously rambles in the dragon's mouth, the dragon wakes up, chasing Richard, Adventure, Fantasy, and Horror. Fantasy loses her wand by Horror accidentally knocking it out of her hand, and the dragon swallows it. After they are close to the Exit, the dragon attempts to burn Adventure, Fantasy, and Horror. This forces Richard into fighting the dragon by himself in order to save them.

While fighting the ferocious dragon, Richard gets caught by the dragon's tail, with the dragon swallowing him shortly after. However, after Richard opens the Jack and the Beanstalk book within its stomach, the dragon is then forced to regurgitate Richard due to the growing beanstalk. However, the dragon bites part of the beanstalk, making it fall down into nowhere and the dragon attempts to swallow Richard again. Luckily, Richard escapes and reaches the Exit, where the dragon pleasantly congratulates him.

Me: WHOA! WHAT A DRAGON!

Laney: He's magnificent!

Lucy Loud: What a dragon.

Lana: He's amazing!

Me: But we can't beat him with magic! Dragons are impervious to magic.

Kairi: Lets use our Shinobi Techniques on him!

Me: Good idea! Lets do it! WIND STYLE NINJA ART: CYCLONE BLADE TORNADO!

I fired a massive blast of wind that turned into a deadly tornado of wind and it had powerful blades of wind and it cut the dragon all over.

Troy: Let's see how this guy does against a deck of cards.

Megaforce Rangers: Legendary Ranger Mode: Royal Flush Squad!

The Megaforce Rangers turned into the J.A.K.Q. Squad from 1977.

The dragon fired a powerful blast of fire from his mouth.

Luna: Try this you lizard face! WATER STYLE NINJA ART: JELLYFISH STING STRIKE!

Luna fired a powerful blast of water and it turned into a powerful school of deadly jellyfish and some of them hit the fire and it turned into a powerful cloud of steam and the rest hit the dragon and electrocuted it.

Me: Try this on! SPECTRUM STYLE NINJA ART: VISIBLE LIGHT RASENSHURIKEN STRIKE!

I formed 7 powerful Rasenshuriken of each of the 7 colors of the rainbow and I threw them at the dragon and they hit him and

exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion knocked down the dragon and Richard fired a powerful barrage of fairy dust and it hit the dragon and exploded all over.

KRABBBBOOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBOOOOOOOOMMM! KRABBBBOOOOOOOOOOOOOMM!

Elena: Time for some lightning power!

Ben turned into Buzzshock!

Ben: BUZZSHOCK!

Elena fired a powerful blast of lightning and Buzzshock fired a powerful blast of lightning as well!

Elena and Buzzshock: LIGHTNING SUPER MEGA STRIKE!

The blasts hit the dragon and electrocuted the dragon all over.

Me: Time for some Final Smash power!

Kairi: Lets do it! RAINBOW MEGA LIGHT KEY STRIKE!

Kairi fired a powerful blast of light and it turned into a powerful key of rainbow light and it hit the dragon and exploded with incredible power!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Horror: Time for this guy to face fear! HORROR SPIDER DEATH RAY!

Horror fired a powerful ray of energy and it turned into a purple spider and it slammed into the dragon and exploded!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM!

Adventure: This dragon is history! ADVENTURE SWORD MEGA SLASH!

Adventure's sword glowed and he swung it and released a powerful blade of energy and it cut the dragons wings off and it roared in excruciating pain!

Fantasy: Time for some fairy dust power! FANTASY MEGA DUST BOMB!

Fantasy fired a powerful beam of fairy dust and it hit the dragon in the eyes and it exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Richard Tyler: This dragon will be perfect for a leather purse! BOOK GENRE COURAGE STRIKE!

Richard Tyler fired a powerful wave of energy and it turned into every genre of books you can think of and it slammed into the dragon and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The dragon was completely obliterated in an instant!

Me: YEAH!

Nico: That was awesome!

Lincoln: It sure was.

Richard Tyler: (To the viewers) It was so cool doing a final smash! I should do this more often.

Me: You definitely did a great job Richard.

Kairi: That was awesome! Lets get to the exit.

Maria: Let's check out one book for each of us to remember this adventure.

Me: Good idea Maria.

Elena: So, Kairi. Has this adventure made you stronger?

Kairi: It sure has.

We went to the top of the tower and we met the Pagemaster! The king of books and it was an honor. We were honored to meet him. Kairi had officially passed her test and she was now more courageous than ever. We had beaten the most iconic villains in all of literature and more. But dragons have been around in literature for centuries. Treasure Island, Moby Dick and Dr. Jekyll and Mr. Hyde have been around since the 19th century. It was awesome! Plus we helped Kairi become an awesome and better person. We went back home and went to the library and we were checking out all kinds of books. Lola checked out books on cooking and she can now make more than just pizza, she can make all kinds of food. Shaggy and Scooby got all kinds of pizza cookbooks and they were awesome! We had an awesome time in the worlds of books. Richard Tyler decided to join us.

THE END

---

Another Fanfiction complete and another awesome movie done!

The Pagemaster has been one of my favorite movies ever since I was a little kid and it was an awesome movie from 1996! McCauley Culkin did a great job and so did Christopher Floyd, Patrick Stewart, Frank Welker and Whoopie Goldberg. They were awesome in that movie! But those dumb stupid critics ruining it for the box office and made it a box office bomb! What a bunch of dumb idiots! They wouldn't know good movies if it kicked them in their faces! Jirobo is a monster and I'm glad we killed him. Next up is the foul mouth redhead of the Sound Four, Tayuya. She will be getting into a rotten mouth match with me so be warned, it's really explicit. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is a full fledge chapter for the awesome movie Dragonheart! Get ready to face the ruthless immortal king Einon and we're gonna make him pay for his crimes!

See you all tomorrow.

# Healing of the Dragon Heart

In the Tennis Courts at the estate, we were watching Lynn and Julie Yamamoto play tennis. It was so cool seeing them play.

Me: This is so cool seeing Lynn and Julie having a tennis match.

Ben: It sure is.

Kitten: Who do you think is going to win this tennis match?

Me: Too close to tell. Lynn and Julie are pretty much evenly matched. They both have what it takes to be the greatest tennis players and win the Wimbledon Tennis Tournament.

Nico: That's true.

Lincoln: Tennis is a tough sport.

Nico: It sure is. But it's one of my favorite sports.

Lincoln: We know.

Cornelia: I'm betting on Julie. What about you guys?

Most of us were betting on Julie and Lynn. It was a 50-50 shot.

Julie hit a tennis ball to Lynn and Lynn hit the ball back and it hit the wall with a second bounce. Laney was watching the ball.

Laney: 40-30.

Me: Boy this is really close. If Lynn wins this set, she wins.

Nico: No kidding.

Riley: That is so cool!

Ben: By the way Riley, how did you get the sword Ascalon? That was the first weapon made by Azmuth.

Me: That's what all of us were wondering and that sword from what I heard is very powerful.

Riley: It sure is. I got the sword when Azmuth came to me two days ago.

---

Riley: (Narrating) I woke up from having a bad dream and went to get a drink from the kitchen. That's when Azmuth came to me.

Azmuth then appeared in a flash of light. And he was standing before her.

Azmuth: Greetings Riley.

Riley: Azmuth, it's a pleasure to see you again.

Azmuth: Ben has told me so much about how you and he are a loving couple and I am so happy for him.

Riley: I know. Ben is the most amazing boyfriend ever.

Azmuth: I'm very happy for you both. I have something for you.

Azmuth then snapped his fingers and in a flash of light appeared the mighty and powerful sword Ascalon.

Azmuth: This is the sword Ascalon. A powerful weapon I made years ago.

Riley: Amazing. I heard Ben mention this is one of his adventures. It has incredible power.

Azmuth: But you have to use it very carefully. And you have to use it with purity and only when needed.

Riley: I promise Azmuth.

Azmuth gave the sword to her.

FLASHBACK ENDS

Riley: That's how I got Ascalon.

Me: Wow. That's amazing Riley.

Ben: I'm glad that he gave you Ascalon. Sir George once had that sword and he was the very first Forever Knight.

Riley: That's what I heard.

Me: I heard that he lived for over 1,000 years.

Ben: More than that J.D. He was born in 231 A.D.

We gasped. We were absolutely astonished.

Lincoln: But that's impossible!

Nico: Sir George was around for almost 1,800 years!? That's unbelievable!

Me: 1,789 years to be precise. That is incredible! And I've lived for over 150,000 years.

J.D. 2: Over 20,000,000,000 years for me.

Me: We've all lived for long periods of time that defied all forms of human comprehension.

Nico: We sure have.

Lana: But how did Sir George get Immortality like that?

Lola: You have to be blessed by the gods to get it.

Me: It can be a number of sources. For thousands of years there have been many people that were considered immortal. The famous Greek Hero Achilles was one of them. He got his immortality after being dipped into the river Styx. But his only weakness was his heel on his right foot. He got hit there and he was dead.

Laney: Wow. I read about that.

Me: It was amazing that he could endure it all. Same with Sir

George. He was one of history's most amazing heroes.

Ben: He sure was. He even helped me kill Dagon.

Me: I've heard a lot about Dagon. He was said to be a major malevolent deity out of H.P. Lovecraft's Necronomicon.

Lucy Loud: That's right. There was also an Esoterica Cult that worshiped him ages ago.

Ben: But we beat them all.

Julie Yamamoto: I remember that. I almost made a terrible mistake of joining that cult. It was called the Flame Keepers Circle.

Me: It's good you didn't.

I went over Dagon's history and it was one that was filled with ultimate evil.

---

Dagon is an extra-dimensional demonic entity who tried to invade this dimension with the help of his Lucubra army during Earth's medieval era. He was banished back to his dimension when Sir George defeated him by cutting out his heart with Ascalon, a powerful weapon given to him by Azmuth nearly one thousand years ago.

In The Flame Keepers' Circle, Dagon was first introduced as a legendary alien god who is believed to have visited Earth many years ago and brought advanced technology to humans in the past. He is also believed to have sworn to come back to Earth to bring the "Golden Age". He claimed he would bring alien technology so that Earth will not have war, nor disease, just peace. His appearance was revealed in a carving.

In A Knight to Remember, Dagon took control of Gwen and explains to them that if Vilgax gets his heart, he will be able to take control of the entire universe. After Vilgax defeats the Forever Knights and the Esoterica, Dagon takes control of Winston and tells him that in order to be powerful enough to rule the universe, he must break the seal.

However, this was a trick.

In Solitary Alignment, his shadow was seen in a flashback. Azmuth also notes that Dagon has enslaved 100 dimensions at the time.

Dagon's voice was heard in Enemy of My Frenemy, being called by the name Old One, a being who can bring dead people back to life. Charmcaster gave him six hundred thousand souls (from every living thing in Ledgerdomain except herself) and in return, asked to bring her father back to life. Spellbinder disapproves of this, saying that his daughter became a worse tyrant than Addwaitya ever was by doing so. Spellbinder says that even though he loves her, he can't stay in Ledgerdomain with her, knowing that his life was bought by the cost of so many others, and decides to leave again. He returns to the dead and the Dagon makes all the souls return to their bodies, saying that "such is the way of magic".

In The Beginning of the End, Dagon's voice was heard again when Sir George demanded to face him, but Dagon instead summoned his herald, Vilgax.

In The Ultimate Enemy: Part 1, Dagon was able to turn every human into an Esoterica except for Ben's Team, Julie, and Sir George. Later, he took control of Gwen again and he tried to use her to break the seal. Eventually, he broke the seal himself, thus allowing him to enter Earth's dimension.

In The Ultimate Enemy: Part 2, after Dagon freed himself, Sir George immediately attacks him. Dagon then ordered his herald Vilgax to destroy Sir George, but he is nowhere to be found, and thus Dagon sends his Esoterica to defeat George. While Gwen, Kevin, and George fight a couple of Esoterica, Ben transforms into Way Big, and Way Big transforms into Ultimate Way Big. Dagon fights Ultimate Way Big and easily defeats him with acid rain, with none of Ultimate Way Big's attacks having an effect on him. He then proceeds to fight Sir George and Chromastone. After he defeats Chromastone and kills Sir George, Vilgax and Psyphon return with their machine. Thinking it was a weapon, Dagon used his laser beams on it; however the machine absorbs powers from other living beings and due to Dagon's essence being only power, he was fully absorbed within the machine. Psyphon fired the machine at Vilgax and he received all of Dagon's power.

At the end of the battle, Ben used Ascalon to defeat Vilgax by absorbing Dagon into it.

## Powers and Abilities

### Laser Beams

Dagon is a nigh-omnipotent extradimensional "demon". As such, he neither ages nor can he be killed by conventional means. His heart alone is said to have the power to rule the universe, and he claims that "his substance is power".

Dagon is extremely strong, as he was able to lift Ultimate Way Big with his tentacles even after shifting into a relatively smaller form. He is also extremely durable, taking multiple hits from Ascalon and Ultimate Way Big's attacks without any significant damage.

Dagon is able to float freely in his "natural form" and can teleport anywhere he wants.

Like the Lucubra, Dagon can control minds, but to a much greater degree. He can also transform other beings into Esoterica. He was able to convert nearly every human on Earth into Esoterica in a matter of seconds while still being partially trapped by the seal.

Dagon possesses great knowledge of magic and has the ability to revive the dead, such as when he brought Spellbinder back to life.

Dagon can give a portion of his power to other beings.

Dagon can fire powerful laser beams from his eyes and control weather, being able to summon acid rain and lightning.

Dagon can freely reshape his own body into a variety of forms and change his size at will. In addition to his "natural" and serpentine forms, it is said that he adopted the form of a dragon during his first battle with Sir George.

Dagon can rapidly heal from seemingly any injury. Ascalon's energy waves left slashes on his face that quickly sealed, and tentacles severed by Ultimate Way Big's cosmic beams regrew themselves in seconds.

Dagon can see beings that are very small compared to him.

Dagon is mentioned to have a powerful fire breath, at least in his dragon form.

Weaknesses

Dagon's essence is power, which makes him vulnerable to having his power (and thus himself) absorbed by another. Technically, this makes him exceptionally vulnerable against Osmosians, though the idea never came up in the show.

Dagon's mind control can be blocked by protecting the head with certain metals, as well as mana. Ascalon can also protect its wielder from mind control.

Despite being resistant to damage from conventional weapons, Dagon is very vulnerable to Ascalon.

Dagon is bound to the rules of magic, as seen when he returned a payment from a refused bargain.

---

Everyone gasped.

Gwen Tennyson: I remember all that. That was awful.

Me: I know. That was terrible that Dagon can do all that and did all that. It was just pure evil.

Nico: Whoa. I hope that Dagon doesn't get brought back by Vypra. That would be an ultimate catastrophe.

Me: If he does, than God help us all.

Lana: Yeah.

Lola: What about Sir George? What was he like?

Ben: Sir George was a truly noble knight. He was a man of honor.

Me: He was a true hero. But he was also the founder of one of Ben's most dangerous enemies: The Forever Knights.

I went over Sir George's history.

---

Sir George (birthname Georgius) was an extremely old character in Ben 10: Ultimate Alien. He is the first Forever Knight, having founded them over one thousand years ago. In The Purge, he recruited the Forever Knight leaders to join his own faction of the Forever Knights, uniting all the separate factions into a single order, and later started a war against all aliens on Earth.

Background

George was born in 231 AD in ancient Rome. He acquired immortality at some point by unknown means, living for over 900 years before becoming a knight in the medieval era.

Sir George forged the seal that kept the Lucubras at bay seventeen centuries ago. He also defeated their master, Dagon, with the sword Ascalon, carving out Dagon's heart and pinning it to the ground with the sword. He is the "First Forever Knight", having founded the Forever Knights.

Ultimate Alien

Sir George moved to the Bellwood Senior Village and lived there for years until the events of The Creature from Beyond. He had a coin with the same symbol as the seal that held the Lucubra. He somehow knew when the seal was destroyed and immediately left. At the end of the episode he was seen looking at the damaged seal, looking down, then leaving.

In Ben 10,000 Returns, Professor Paradox warns Ben to "Beware Old George" and the Creature from Beyond.

In Prisoner Number 775 Is Missing, Sir George arrives at Area 51, where he attacks the guards and removes the base, leaving a crater. A later episode revealed that he turned Area 51 into a Forever Knights stronghold.

In The Purge, Sir George, escorted by two high-tech Forever Knights, appears during a meeting between Enoch, Driscoll, Patrick and Urien. After a brief fight with Driscoll, he is identified as the founder of the Forever Knights and unites the factions into one. Sir George's first order was the Forever Knights target the aliens living on Earth and remove them whatever way possible. He later sends Driscoll to lead the Forever Knight soldiers into attacking an alien air-lift area that Ben was guarding. Upon learning of Driscoll's defeat, Sir George is not disappointed as it was just a distraction for a bigger plan. Sir George has Driscoll lead the Forever Knights while he is away and to have the Forever Knights ready upon his return, "for the battle of 100 lifetimes".

Sir George's trip is explained in A Knight to Remember: he has been on a quest to find Ascalon and Dagon's heart, planning to use his old sword to destroy the heart once and for all. Using a long series of calculations, Sir George found when and where the shrine that holds Ascalon and the heart would appear next, leading a team of Forever Knights to intercept it.

At the shrine, Sir George and his knights were ambushed by Dagon's cult, the Flame Keeper's Circle, and their new leader, Vilgax. Vilgax tossed Sir George aside and grabbed Ascalon, gaining control over the sword's powers in the process. Sir George and Driscoll tried to stop Vilgax from freeing Dagon, and in the process, Vilgax was sucked into Dagon's dimension. Sir George was able to regain Ascalon, and his youth.

Immediately following this, in Solitary Alignment, Azmuth appeared and explained via a holographic flashback that he forged Ascalon and gave it to George in hopes that he could defeat Dagon. Now Azmuth wants Ascalon back, because he fears that Dagon will not underestimate Sir George a second time.

Sir George leaves the area via a rift in space-time created by Ascalon and goes back to Area 51. Using a lock of hair Kevin pulled out, Gwen tracked down Sir George to Area 51 where Ultimate Humungousaur fought him. Ultimate Humungousaur and Sir George made a compromise: if Sir George fights Dagon and loses, he will give Ben the Ascalon.

In The Beginning of the End, Sir George started a war with the Flame Keepers' Circle. Then he goes on challenging Dagon to a battle. Instead, Dagon gives him Vilgax to battle with, but Ben arrives to assist George against the powered-up alien.

In The Ultimate Enemy: Part 2, Sir George takes a direct lightning attack from Dagon and tries to defend himself using Ascalon. However, this backfired since Ascalon merely conducted the lightning into George himself, turning him into an old man once more and electrifying him to the point where he crumbled into dust. Following his death, Ben took Ascalon and used it against Vilgax, mentioning George's catchphrase before charging into battle and defeated his old nemesis.

## Powers and Abilities

While as an old man, Sir George had inhuman physical strength and agility. He could lift or break objects with ease, like when he knocked out a security guard with a wooden barrier.

Sir George possesses eternal life.

Sir George can use magic and read minds. Sir George's magic is powerful enough to entrap Lucubra and he sensed when the seal was broken.

## Ascalon

Sir George possessed Ascalon, the very sword that he used to defeat Dagon. When reunited with Ascalon, he regained his youth, as well as a suit of armor (which according to Driscoll, made Sir George immune to mind control).

Sir George is an expert swordsman and skilled hand-to-hand fighter, beating the Esoterica with little effort, and besting Dagon and Ultimate Humungousaur with Ascalon.

Qin: Whoa!

Luan: That is amazing! I didn't know that Sir George did all that.

Luna: So aliens have been on Earth long before us?

Ben: They sure have. It was amazing to find that out.

Me: I know.

Riley: But now I have Ascalon and I want to use it to help Ben and us defeat our enemies. I promised never to misuse it.

Ben: That's good.

Julie and Lynn went back to their match and it was an even match. But Lynn tied them and it was a Deuce.

Laney: Deuce!

Poromon then stood still and he was acting like a tennis ball.

Wildrider: Poromon, what in the Pit are you doing?

Poromon: (grinning) I'm acting like a tennis ball!

But then Julie picked up Poromon and served him to Lynn!

SMACK!

Poromon: OW! Whee!

Lynn hit him back to Julie!

SMACK!

Poromon: That hurts but Wheee!

Julie smacked him back.

SMACK!

Poromon: WHEEE!

Lynn smacked him back.

SMACK!

Poromon: WHEEEE!

Julie saw that it was Poromon.

Julie: What the!?

They stopped.

Poromon: (LAUGHS) That was so much fun!

Lynn: Sorry about that Poromon.

Julie Yamamoto: Are you all right?

Poromon: I'm fine. But don't stop now. That was so much fun!

Elita One: (apologetically to Julie and Lynn) I'm really sorry about Poromon, girls.

Julie Yamamoto: It's all right.

Lynn: He was having fun though.

They resumed their match and Lynn won the match!

Me: Way to go Lynn!

Nico: Yeah you did it!

Ben: Good try though Julie.

Julie Yamamoto: Thanks Ben.

Riley: It was a good try though.

?: Blah see? Blah!

We turned and then we saw THE GHOST OF AL CABONE!

The Ghost of Al Cabone was the disguise of Prestina, based on the deceased gangster Al Cabone.

## Physical appearance

The ghost had a skeletal pale white face with no nose, blue eyes, and yellowish teeth. His attire was of 1920s gangster era comprised of an old-fashioned, double-breasted blue pinstripe suit with a dark blue shirt underneath and a white necktie, red boutonnière flower, black and white alligator leather shoes, and a gray fedora hat with a black stripe. He had long, wavy white hair, unlike the real Al Cabone, who had short brown hair.

## Personality

He had stereotypical gangster mannerisms, often saying "see?" at the end of sentences.

## Powers and abilities

He had the unexplained ability to float in midair (perhaps a cosmetic trick employed by Prestina, who was herself a stage magician).

## History

Al Cabone was a gangster who buried stolen money beneath his house. When the cops came for him, he swore he'd come back and get his money, but he spent the rest of his life in jail, and his house was torn down and replaced with a TV station.

### A Pup Named Scooby-Doo

Al was a gangster in the 1920s and 30's. He was eventually arrested after a fight with the police and spent the rest of his life in prison.

According to the tale told by Pop O'Conner, he came back as a ghost years later after he had died to look for his treasure, which was buried somewhere underneath the sight of his house; however, his house was torn down to be replaced by the TV station that hosted the For Letter or Worse game show, which featured Shaggy Rogers and Scooby-Doo as contestants.

His ghost came back to haunt the HBTV station, scaring away everyone. The station manager reveals that, if the ghost isn't taken care of, he'll have to close down the station.

The gang put on their own show of For Letter or Worse, with the ghost and Scooby as the contestants. Scooby solved the puzzle which reveals the ghost's true identity, Prestina. Prestina's show was cancelled, and she didn't want anyone to have a show at HBTV if she couldn't, so she tried to scare everyone away from the station and drive it out of business.

---

Shaggy: ZOINKS! It's the Ghost of Al Cabone!

Lincoln: Who is he?

Bai Tza: I remember him! He was the most ruthless gangster of all next to Al Capone and he was a major monster!

Me: And I remember the case that centered around him. He was really Prestina, a former disgraced magic show host that had her show cancelled. When her show got cancelled, she was infuriated about it and she donned the disguise of the Ghost of Al Cabone to get revenge on the station. She claimed that if she couldn't have a show than no one could. She vowed to shut down the entire station.

Laney: That is sick!

Velma: It sure was.

Me: She got 45 years in prison and was ordered to pay $15,000,000 in restitution and was also ordered to enroll in Anger Management classes.

Lola: Whoa! That is awful! But she deserved it!

Me: Yep.

Lori: Let me face him.

Lori spread her wings and flew up to him and punched the ghost in the face and kicked him in the stomach and kicked him in the face and she punched him in the face and then she grabbed him and tied him up into a pretzel knot!

Lola then fired a blast of gold fire and turned him into solid gold.

Me: Nice!

Lori: Thanks Lola. I think he literally looks awesome as a solid gold ghost pretzel.

Lola: You're welcome Lori.

Me: He sure would be perfect for the backyard as a decoration.

Later we went inside.

---

Later we were watching TV and reading books.

Qin: Hey Freddy can I ask you a question?

Freddy: Sure Qin.

Qin: Who was the worst bully you've ever had to deal with?

Freddy: That's an easy one. That would be Red Herring.

Qin: Red Herring? He sounded like he was really bad news.

Me: He was Qin. He was the worst bully in all of Coolsville. A 10,000% rotten egg.

I went over his history.

---

Red Herring was Coolsville's neighborhood bully, and Freddie Jones's prime suspect of any of the town's crimes. Out of the many, many times he was accused, only once did he actually commit the crime, and that was when Fred did not accuse him.

As an infant, Red once pretended to be a monster on the playground, which Freddie never forgot, and therefore believed every crime and monster scheme would be done by Red.

### A Pup Named Scooby-Doo

Season one

Shaggy Rogers' bike had been stolen by a ghost, and Freddie thought Red was the culprit, so they searched his hideout, Weirdo Woods. Red pretended to be a swamp monster in order to scare them. Freddie accused him of stealing it when they found a blue bike, however, Shaggy's was red. It was actually Red's bike, but Freddie didn't believe this and thought he painted it so that they wouldn't recognize it. He used a sandblaster on it in an attempt to reveal that he painted it, but he was wrong and the sandblaster ended up damaging the bike. In retaliation, Red got on the bike and ran him over. The gang were forced to pay for the damages to Red's bike.

When Shaggy and Scooby-Doo attended the Coolsville Comic Book Convention, Red disguised himself as the Eyeball Monster to scare them. He then planned to sneak up on a group of kids and make them cry, only to get laughed at when he got hauled off by a security guard. When Shaggy's first edition of Commander Cool (among many others) was stolen by Dr. Croaker, Shaggy and Scooby questioned several people, including Red. In retaliation, Red accused Shaggy, claiming that his interrogations were just a cover-up. Once the real culprit was caught, Red attempted to steal a comic, but it was booby trapped. It exploded into a gummy mess, trapping Red.

Season two

When Mr. O'Greazy's restaurant was haunted by a Burger Monster, the gang met Red there, where he informed them that it was his favorite place to eat. He offered Scooby a hot dog, but when he tried to eat it, he took it away and told him to get his own. He accidentally walked into a trash can, causing him to spill his food and get covered in garbage. Despite O'Greazy's being Red's favorite restaurant, Freddie still accused him of being the villain, only for Red to show up and point out how little sense it made to do so. According to Velma, he was wrong for the 647th time that month - a new record.

After the Ghost of Zombo was captured, Freddie was unsure of who the culprit was. Red appeared and reminded him that that was the part where he was supposed to accuse him of being the culprit. He did, and Red put a clown nose on him and squeezed it, informing him that he was wrong yet again.

Season three

He decided to clean and spruce up his aunt's bike, and dressed up as the Boogey Biker to scare the gang away, so they wouldn't ruin his reputation. He was forgiven, and justified Freddie's accusations (and paranoia).

Red challenged Freddie to a wrestling match following the capture of the Ghost of the Hooded Heifer, saying that if Freddie won, Red would take the blame. Freddie lost, prompting Red to refer to him as a "mega-weenie".

---

Me: And when Mystery Inc. joined us, we got word from Agent Venom that Red Herring was gonna blow up Coolsville in a dangerous terroristic plot that would leave thousands dead.

Qin gasped in horror.

Qin: That guy is a monster!

Me: I know. But back when we were kids, Fred had a brain the size of a peanut and he would accuse him of everything he did. He wanted to throw Red Herring in prison badly.

Nico: Boy I remember that. That was awesome!

Laney: That was an awesome adventure.

Me: How about tomorrow we go to the Uranus Prison so we can have Qin kick the living crap out of him?

Qin: Yeah! I hate bullies with a vengeance.

Me: Me too Qin.

Nico: Same with me.

Qin: Yep. Mizore, can I ask you a question too?

Mizore: Sure Qin.

Qin: How did you get your ice powers?

Mizore: I was really born a Snow Woman. My people are the ladies of the snow. We are known throughout the world of Japanese Folklore and myth.

Mizore went over her history when we met her and more.

---

Mizore returns to school after a delayed absence and shows an immediate interest in Tsukune Aono. In truth, she becomes infatuated with him, going so far as to create her own journal/ scrapbook with all of his newspaper articles. She truly hated Moka Akashiya at first since she "got in her way" but she eventually regains her sense of trust, after Tsukune saved her from her loneliness. Unfortunately, this leads Mizore to stalk Tsukune on a daily basis. During the last few episodes of the season, she finds out (indirectly from Tsukune) that Tsukune is human. After that, she runs to the place where Tsukune saved her from her loneliness and starts to think about everything that has happened, wondering what she should do. Ruby Tōjō appears out of nowhere in her Raven form and helps to convince her to help him. She, along with Kurumu Kurono, Yukari Sendo, Moka and Ruby decide to stop the execution and save their beloved Tsukune, even if it meant losing their own lives.

Year Two

During Year Two, Mizore still harbors feelings for Tsukune Aono and still stalks him. In one episode, she tries to attract Tsukune by learning how to cook curry, she becomes pretty decent at it, although it took hard work, and ends up making the curry in her own, signature way by using ice crystals instead of rice. Later on, she asks Tsukune to pretend to be her boyfriend for the sake of her mom, who starts getting ideas of marriage. While visiting the human realm, she, along with everyone else in Tsukune's harem (excluding Ruby) meets his mother. She battles Kurumu Kurono and Yukari Sendo to see who is more deserving of Tsukune (which ends with them all losing to Inner Moka). During the last few episodes, it is revealed through the Lilith Mirror, that her greatest desire is to be with Tsukune. However, he tells her, and everyone else (excluding Moka who was not with them at the time) that no one can replace Moka and that no one can replace them either. After that, together they overcome the effects of the mirror and defeat the spirit of the mirror.

After beating the spirit, the barrier that isolated the worlds from each other starts to fall apart and Moka sacrifices her rosary to stabilize the barrier. About a week later, Mizore can't stand to see Tsukune in so much pain, so she calls her mom and makes plans to have him marry into their family. A while after, everyone realizes that Tsukune left the school to see one of the Dark Lords and get another rosary for Moka. However, Tsurara Shirayuki decides to intervene as it would hinder her plans to have him marry into their family. But Mizore comes out of nowhere and says that she will stop her mom and do what she must for the one she loves because that is what she feels she must do. After the confrontation, she, along with everyone, finally witnesses Tsukune revive the Outer Moka and the two hug each other. At the end of the series, everyone, including Inner Moka (who was unleashed due to her sister stealing the Mirror again) holds Tsukune tightly.

Powers and Abilities

Yuki-onna Physiology: Being a monster of ice, Mizore possesses control over ice and coldness. She is also able to easily withstand cold environments that humans and other monster species cannot easily tolerate.

Cryokinesis: As a Yuki-Onna, Mizore has almost complete control over ice at will. Meaning that she can freeze and then control any form of water and her attacks are all water or ice-based. It also means that water attacks are completely useless against her. After her training with Ginei Morioka, she can now also freeze any body of water around her and control it. When using her power at full capacity, her hair usually turns into ice where she can create anything that she wishes and her ice usually takes the form of either ice claws or ice projectiles.

---

Qin: Whoa! So you went through a dark lifestyle.

Mizore: I know.

Qin: But thank goodness that J.D. and Naruto helped you out.

Mizore: It's good they did.

Qin: Kurumu, you're a succubus right?

Kurumu: That's right. My people are known as the beautiful demons of medieval folklore.

Kurumu went over her history.

---

Kurumu Kurono is a Succubus and a third year student at Yōkai Academy. One of her goals was to take Tsukune Aono from Moka Akashiya. Despite her numerous sexual advances towards Tsukune, in actuality, Kurumu is a very innocent character and genuinely yearns for Tsukune's love. Kurumu is actually a very innocent character compared to Ageha Kurono (Kurumu's mother) who is a sexual deviant who plans to steal all men with her kiss in a way. Kurumu used to be like that, until one fortune day, when she met Tsukune and Moka, that all changed through Tsukune's saving her life from Inner Moka.

Kurumu is a student at Yōkai Academy, and takes an interest in Tsukune Aono instantly when meeting him. She appears as a helpless female student trying to seduce Tsukune and takes an interest in him due to his human smell. She tries to get Tsukune's attention by smushing her breasts on him, telling him that her breasts could just burst. Kurumu has Tsukune look into her eyes and she uses Allure on him. Because of Tsukune's human scent, she takes Tsukune with her, and later on, she meets Moka Akashiya personally, and reveals that she is a Succubus, and her plan to enslave the entire male student body, and plans on having an entire harem at Yōkai, according to the Shonen Jump Advanced manga where she says "Operation: Yokai harem!". According to Kurumu, her plan was infallible and that every male in in the school would be mesmerised by her beauty, unlike Moka came along, implying that Kurumu was a student at Yōkai Academy far before Moka. Tsukune then comes along and tries to apologise to Moka, until Kurumu tries to get Tsukune's attention and uses Allure on him. Tsukune insults Moka by the affects of Allure, and Moka is in pain. Later, it's shown in Kurumu's room that Tsukune is feeling bad on how he treated Moka and wants to apologize to her. Kurumu tries to get Tsukune with Allure or Charm again, and gets him into gooshing into her breasts with his face, but just then Tsukune resists and tells Kurumu how important Moka is to him. Kurumu turns into her true form and attacks Tsukune, until Moka comes along. Moka pushes her out the window, and Moka warns Tsukune about if a succubus kisses a man, the man would be her slave forever.

When Tsukune pulls off Moka's rosary, the power the Rosario held released Inner Moka, the vampiric form of Moka Akashiya, and threatens Kurumu that she, herself, Moka would rip off Kurumu's tail and wings. Tsukune comes to Kurumu's defense, and making sure that Inner Moka doesn't hurt Kurumu, causing Kurumu to fall in love with him, just like the other girls (Yukari Sendo, Mizore Shirayuki, and Ruby Tōjō) will.

---

Qin: Whoa! That is amazing!

Kurumu: I know. But thanks to J.D. and Naruto, I've become a much better person.

Me: I'm glad.

Moka: But my history is a dark one. I'm a vampire, a S-Class Super Monster.

Moka went over her history.

---

Moka Akashiya (赤夜 萌香, Akashiya Moka) is the main female protagonist. She is a Vampire in Yōkai Academy and the first person Tsukune Aono meets when he sets foot in the Yōkai realm. Moka takes a liking to Tsukune, initially because of the taste of his blood (something she very quickly becomes addicted to), but later when he tries to protect her from the Outcast Ayashi, Saizou Komiya. When the Rosario Cross around her neck is removed, the seal keeping her inner nature is released. Cold and arrogant, the Inner Moka is a completely different entity from the kind and loving Moka, going so far as to specifically remind Tsukune to "be kind to the other Moka". Tsukune is the only one able to remove the Rosario Cross around Moka's neck.

Her name is a pun on the word "mocha", as well as reflecting her split personalities, as mocha is a combination of coffee (which represents Inner Moka) and cocoa (which represent Outer Moka). It is revealed that Outer Moka is a personality made by the sealing ceremony of the Rosario and Inner Moka is closest to the original Moka, which is save for repressed memories. Furthermore, Akasha Bloodriver has told Inner Moka that the only person who can remove the Rosario is someone who means her no harm and loves her; in this case that person is Tsukune.

Inner Moka (or Ura Moka) is Moka's inner-self and polar opposite who is also very prideful, which is revealed when after Tsukune removes Moka's Rosario Cross. She also becomes delighted with Tsukune's blood and early on states that it is the main reason why she bothers to save him whenever he is attacked in the first place. However, as time goes on, she comes to genuinely respect Tsukune's growing courage and gentle heart, especially after he risks his life several times in order to pull off the rosary to free her when the both of them are in danger. His gentle and caring nature slowly begin to wear down on Inner's cold demeanor, not only towards him, but to Yukari Sendo, Kurumu Kurono, and Mizore Shirayuki, as she begins to accept the girls as friends despite their mutual 'rivalry' for Tsukune.

'Inner Moka' is actually the true Moka Akashiya with 'Outer Moka' being a personality created by the power of the rosary, which somewhat suppresses the powerful vampiress blood within her. Despite this, 'Inner Moka' shows an incredible amount of concern for Outer Moka that mirrors a 'sisterly bond' at times. She's determined to protect whatever 'Outer Moka' holds dear, especially Tsukune. She respects and treats 'Outer Moka' as she would her own sister and will berate her if she doesn't do what she is supposed to do i.e. doing homework, eating properly, taking a shower before going to bed etc.

Although Moka was an S-Class monster, being a vampiress, she was very weak at birth, so, being a Beyond S-Class Shinso Vampiress, her mother Akasha Bloodriver transfused her blood into her body, to literally save her life. There is a possibility that Inner Moka's hair is always silver due to her mother giving her too much Shinso blood, because, for Shinso Vampires, they are only supposed to have silver hair when in serious fight mode. Before Moka's mother gave her the rosary to seal away her powers, Moka was constantly sparring with her younger sister Kokoa Shuzen, though Kokoa frequently lost. Despite numerously losing in battles, the young Inner Moka was impressed with her little sister's hardworking determination. She knew that Kokoa was never going to win, but Moka never refused to or backed down from a fight, even out of pity. When Akasha gave Inner Moka the Rosario, it was the only thing she had left of her mother, because Akasha had ripped up all the photos and books of herself and her last words to Moka, was that the Rosario seal can only be broken, as someone can only take it off if that is the person who truly means her no harm and who loves her; in this case, that is Tsukune Aono. When Moka was sealed with the Rosary, Kokoa constantly chased her and Moka always hid from her, finally escaping to Yōkai Academy, but Kokoa found out by the time of Season II and only transferred there to get back at Outer Moka for "stealing her real big sister away." When Kokoa Shuzen, her younger sister, found out about the school, and even attempted to fight against the Doppelgänger in the second Manga book, at the very end of the book, she joins the Newspaper Club, which is a very different spin from the Anime for Moka because in the anime, she had never joined the club.

Qin: Whoa! Moka, I'm sorry they had to seal your true self.

Moka: It's okay but thank you Qin.

Me: But you got to admit, her inner self is one badass warrior.

Keito: Boy she sure is. And thanks to J.D. and Naruto, they freed me from the monster I was. Metaphorically speaking. I'm what's called a Jorogumo. We are the spider women of Japanese folklore.

Leni: Keito is one of the people I'm not afraid of because of spiders.

Me: That's a relief.

Keito: I was a total bitch when I was working for the Public Safety Commission

Keito went over her history.

---

Keito (ケイト, Keito) is a student of Yōkai Academy and a member of the Public Safety Commission, a police force made up of students that protect the school's peace. Her true form is a Jorōgumo (a spider woman that has been known in Japanese legends).

Like many of the student police officers, she was ruthless and prone to employing violence, intimidation, and other immoral actions in order to further the Public Safety Commission's agenda, which was to extort Yōkai Academy's student body of money and impose their vision of law upon the school. This was a significant change from what they had initially been, which was as a militant group of students who ensured the safety of the school by intervening and resolving violent conflicts between the student body, since the school is host to a wide variety of monsters that may not get along.

Shortly after the defeat and exposure of Hitomi Ishigami, the Newspaper Club's activities had begun to irritate the Public Safety Commission. Keito reported their latest activities to the head enforcer, Kuyō, who decided to confront the Newspaper Club and attempt to intimidate them into submitting to the Public Safety

Commission's demands and pay them the bribe.

This effort was impeded by Kurumu's indignant outburst, which prompted Keito to strike her with a loop of her spider silk. Kuyō immediately tasked her with monitoring the club's reaction. Despite orders from Ginei Morioka not to sell newspapers, Kurumu went ahead anyway, with Tsukune in tow. Keito quickly ambushed them, informing them of the previous year's defiance of the Public Safety Commission and their subsequent punishment, and then she proceeded to try to kill them.

Before she could so, Moka Akashiya intervened, which resulted in Tsukune being injured by Keito, who at this point had already revealed her true nature. Tsukune managed to remove Moka's seal, which released the Inner Moka. Moka proceeded to swiftly kicking Keito, which resulted in Keito being significantly injured and defeated. This event led to Kuyō's ill-fated alliance with Hitomi Ishigami, who wanted revenge against the Newspaper Club.

In the TV adaptation, Keito is still a member of the student police force, but her presentation and role are considerably different from her original counterpart. Here, she is seen in guise of a normal student who is in charge of a rival newspaper club, which is in fact backed by the Public Safety Commission. Though not shown, she is tasked with outcompeting and discrediting the existing club, which is assisted by 3 female students who function as her underlings.

After a calculated humiliation of the Newspaper Club's Yukari Sendou, and despite warnings from the club president, Kurumu coerces Tsukune to help her to distribute papers rather than burn them. At this point Keito ambushes them, informs them of the past club's punishment, and, while her minions restrain Kurumu, strings up Tsukune and reveals her true nature as a Jorōgumo and as a student police officer. She also reveals that the 3 girls assisting her were members of previous clubs that the Public Safety Commission attacked and shut down, and that Keito had injected them with a kind of venom that made the girls, who were in fact semi-insect monsters, into her slaves.

She threatens to do the same to Kurumu, but the intervention of Yukari and Moka prevent this. In the resulting confrontation, Tsukune removes the Rosary, and is promptly rescued by Moka. After being taunted by the awakened Moka, Kurumu frees herself from Keito's web and the 3 enslaved insect monsters. Keito attempts to ensnare Moka in her web, but Moka effortlessly drags Keito towards her, who begins to become fearful and begs for Moka to stop.

Moka responds by throwing Keito into the air and kicking her away, with Kurumu following suit immediately. Keito is sent flying into her own web along with her minions, comically being wound up into a giant ball of silk, and bouncing along at high speed while her minions pledge their loyalty to her, much to her pain and chagrin. The large silk ball immediately strikes the ground with great force, leaving Keito's minions unconscious, and Keito herself just conscious enough to croak a compliant reply to Moka's taunt before passing out.

Her swift and decisive defeat leads to Kuyō and the rest of the Public Safety Commission to attempt to eliminate the Newspaper Club.

---

Qin: Whoa! That's terrible!

Keito: I know. But thank goodness that J.D. and Naruto saved me.

Qin: But who were the Public Safety Commission?

Me: Really bad organization of students that were brainwashed under the influence of an evil fox demon named Kuyo. Kuyo is what's called a Yoko, an evil fox spirit out of Japanese Myth.

I revealed everything about them.

---

The Public Safety Commission (公安委員会, Kōan'iinkai?, English manga: "Protection Committee" or "Security Enforcement Committee") is a group of enforcers on school grounds charged with protecting the academy. These members use their status to their advantage, similar to hall monitors, and anyone who opposes them is delivered swift punishment through methods of imprisonment and torture. They collect tribute and bribes from clubs, and if they do not pay, they will be shut down.

The Public Safety Committee have a long-standing rivalry with the Newspaper Club for exploiting their true nature, and had decimated the previous Newspaper Club in the past, leaving Gin the only member.

According to Deshi in the anime, she, Kuyō, a bespectacled male who becomes a cerberus, and a tall, sadistic male who becomes a golem are referred to as the "Four Kings".

In the end after Tsukune's identity is revealed (both manga and anime) it is likely the Headmaster expelled the corrupt members from the School Police and the academy and replaced them with ones that actually did their jobs without becoming corrupt as they do not cause trouble for the Newspaper Club (or anyone else for that matter) afterwards.

Qin gasped in shock!

Qin: That's awful!

Me: It was. They ruled over Yokai Academy with an iron fist. Here's everything about Kuyo.

I went over Kuyo's history.

---

Kuyō (九曜, Kuyō) is the head of the Public Safety Committee at Yōkai Academy. Kuyō enforces the group's rules with a tyrannical and sadistic iron fist, going so far as to state if someone goes against him, they are against the school. He is a Yōko, an S-Class species of monster who are amongst one of the most powerful of all Yōkai who live in Japan, and they have even known to be worshiped as divine beings. Kuyō believes that yōkai and humans will always remain enemies, claiming friendship between the two only occurs in fairy tales. After Kuyō had been defeated by Tsukune, he joined

Fairy Tale and became the 3rd Subdivision Leader.

Kuyō first appears in the Committee's office learning about Keito's defeat by Inner Moka and Kurumu as he goes over the files on the members of the Newsclub. Everyone's monster identity is listed except for Tsukune. Kuyō then remarks that they will soon have something interesting happen for the first and longest time at Yōkai, burning the files with a sneer.

The next day, Kuyō comes to Ms. Nekonome's classroom and tells Tsukune that he is under suspicion of being a human. When Moka, Kurumu, and Mizore defends Tsukune with the fact that humans could not even be at Yōkai Academy, Kuyō sees them as possible accessories to Tsukune hiding his identity. With this, Kuyō takes Tsukune and the three girls to the shrine that serves as the Committee's headquarters.

In the shrine, Kuyō shows Tsukune where the teachers, students, and his friends are being questioned about his identity. Kuyō then brings out the Fan Club Collation which he had beat up the trio badly and Kuyō explains that they told him all about how Tsukune never fought back against them and how weak he was. Having his men pin Tsukune to the ground, Kuyō tells Tsukune that he could change into a monster and free himself of the guards holding him down, clearing the charge. When Kuyō hears from Tsukune that he's human, Kuyō simply laughs maniacally. Kuyō tells his men to let Kurumu and Mizore leave, but keep Moka locked up as she was an accessory to hiding Tsukune's human identity. Kuyō coldly tells Tsukune the Committee finds him guilty of being human and he is to be put to death. Kuyō announces through the speakers that Tsukune is a human who infiltrated the Academy, and that he will be put to death, inviting other students to watch him die.

Kuyō puts Tsukune on a big cross for his execution with a bloody sign saying "I'm Human". Kuyō asked Tsukune if he's lost his mind in fear. Tsukune proves him wrong by calmly asking him to promise one thing is to spare the rest of the Newspaper Club. Kuyō is surprised that someone being put to death would make such a selfless request. Kuyō says they will not suffer unnecessary harm, but saying that he plans to kill them. Kuyō announces that the time has come to kill Tsukune and lights him on fire, however, it's put out by Mizore's ice as Ruby and Kurumu fly down to free Tsukune. Moka, Mizore, and Yukari arrive, yelling for them to Tsukune to safety while they handle things there. As Kurumu and Ruby flee with Tsukune, a surprised Kuyō asks if the girls know what they've done is a crime against the Academy. Moka, Mizore, and Yukari tells him that it doesn't matter so long as they save Tsukune. Kuyō explains that Gin said something similar to him the previous year saying that the Security Committee's corruption needed to be exposed which matters more to him than the Academy. In retaliation, the Security Committee killed every member of last years Newspaper Club, except for Gin. Kuyō then orders his top three minion to kill the Newspaper Club as punishment. Kuyō looks up to see Kurumu and Ruby still flying away with Tsukune, gloating that they can try to running, but against someone of his power, they don't stand a chance so Kuyō heads off after the trio.

Kuyō eventually catches up to them on the roof and throws an arrow of fire which pierces Tsukune's heart and engulfs him, burning him badly. Kuyō comments that the execution could sadly not be shown to the students, but has none-the-less been carried out. Before passing out, Tsukune was able to release Inner Moka and with Inner being enraged, she kicks Kuyō across the roof. Kuyō has assumed to his monster form, that of a fox that has control over fire and is also a S-ranked monster. He fires a blast at them but Gin blocks his attack to save his fellow members. Kuyō didn't seem to care if Gin did that since he plan to kill him anyways. Kuyō battles Kurumu, Mizore, Yukari, and Ruby in order to by some time for Moka to inject her blood into Tsukune to save him. Kuyō has proven himself superior in power as he has beaten the four girls as he had changed into his final form. When Moka fights Kuyō, he noticed that her kicks are weak due to the amount of blood she injected into Tsukune. Kuyō beats Moka back to where Tsukune's at and fires a blast seemingly destroying the two for good.

However, Kuyō is shocked to see that Tsukune survived who dodged his attack while holding Moka. Kuyō tries to attack Tsukune and Moka, but Gin grabs him from behind. Kuyō expresses shock at Gin getting into a position to immobilize him, to which Gin reminds him about Werewolves are known for their speed. Moka tells Kuyō that he's became intoxicated with power from being the justice of the school and becoming corrupt and he needs to learn his place. With a jump kick, Moka hammers Kuyō into a room below the roof, ending his ways of justice.

Shortly before the other students arrive, Moka reattaches her rosary and collapses; seeing Kuyō and Moka unconscious and Tsukune shirtless, the others assume that Tsukune himself defeated Kuyō and rejoice at the Yōko's defeat, declaring Tsukune their new hero.

## Equipment

Katana: After joining Fairy Tale as its 3rd Sub-Division Leader, Kuyo is seen carrying a katana that he later employs in tandem with his fox fire in his rematch with Tsukune.

## Powers and Abilities

Yōko Physiology: As a Yōko, Kuyō possesses the fearsome abilities of his race, with their formidable Yōki, their Kitsunebi (Fox Fire), their tremendous strength and speed and their renowned Battle Form. In the beginning of the series Kuyō possessed only four tails but later on he is seen with an additional fifth tail, meaning his power has greatly increased since Part I.

Transformation: Like all Yōkai, Kuyō is able to transform into a Human form and revert to normal monster state. Unlike many Yōkai, as a Yōko, he is able to transform into an advanced form, one more powerful than his base-line or Human form.

Battle Form: As the most feared weapon of the Yōko, this form is specifically optimized for combat and striking fear into the enemy. It is possessed of a significantly hardened and strengthened body, an imposing if somewhat attractive appearance, this form significantly amplifies the Yōko's power. In this form, the Yōko's Yōki is concentrated and boosted to a higher level of power than their base-line form, rendering the Yōko unbeatable to non-high level and non-S-Class monsters. True to its nature, the Battle Form enhances the user's combat abilities, allowing him/her to unleash fearsome blasts of Kitsunebi, move with tremendous speed and agility, withstand powerful attacks with a solid degree of success, and strike with pulverizing, ground-shaking physical force. After his humiliation by

Tsukune, he began to train himself and gained a fifth tail. The caused his battle form to change, creating clothing out of fire. He stated that anything that got near him would be burnt.

Kitsunebi (Fox Fire): The principle weapon of the Yōko, this body-covering fire serves as Kuyō's primary weapon, which he is able to employ in all of his forms, which is always accompanied by a strong burst of Yōki whenever he uses it. This Yōki-generated fire is incredibly hot, and depending upon how much power Kuyō puts into it, it is capable of seriously burning his opponent, or causing a concussive burst of fiery energy capable of vaporizing bone. He employs this fire attacks in a few distinct ways; as a contact-based attack, where he unleashes the fire at point-blank range, which can easily overpower low-class monsters, a generic fireball attack whose power depends upon what form he is in, and a specialized, full-power, potentially lethal technique.

Enhanced Strength: As an S-Class monster, Kuyo possesses enhanced physical strength where he was able to counter and block all of Inner Moka's fierce attacks though they were greatly weakened from her injecting blood into Tsukune beforehand. Later on during his fight with Tsukune and Ruby in his dimension, Kuyo sent Ruby flying to a boulder with one powerful punch that knocked her unconscious for some time (though she was probably still recovering from her injuries in her fight with Raika). His ordinary punches were also powerful enough that Tsukune had a hard time defending against them before using his vampire strength despite being able to catch a pillar thrown to him by Gyokuro Shuzen while in his modified human form (though Tsukune's body remembering the sensation of Kuyo's attacks held him back somewhat).

Enhanced Durability: Kuyō is very durable as he was able to survive from taking dozens of fatal beat down blows from Ginei who was in his monster form and moment later return to the battlefield in his monster form completely ignoring his wound (despite such injuries are capable of taking out a S-class monster in battle) and later on took several kicks delivered to him by the likes of Inner Moka and appeared completely unfazed (albeit Inner Moka's was weakened during the time). He also took an direct explosive punch from Tsukune to the face. That although it causes damage, does nothing more than push him back and later took several fatal attacks delievered to him by Tsukune's first unseal state greviously wounding him, however despite the injuries he was able to return back to the battle in his monster form completely ignoring his wounds.

Enhanced Stamina: Kuyo's musculature produces fatigue toxins considerably less than the musculature of ordinary humans or yokai, allowing him to stay physically active for longer periods of time. Kuyo first demonstrated this in being able to fight against the entire Newspaper Club by himself which included Ginei, a werewolf, before fighting against Inner Moka alone in rapid succession. Later on Kuyo regained consciousness in an attempt to kill Tsukune and Ruby by setting the dimension they were in on fire while his wounds from his fight with Tsukune were still open and had enough strength to open a portal to escape the dimension.

Enhanced Speed: During his second fight with Tsukune, Kuyo was able to overwhelm the latter with various rapid attacks before he could react though Ruby did noted that the experience of near death Tsukune had been dealt with from his first fight with Kuyo caused his body to subconsciously slow down.

Enhanced Agility: Kuyo has some agility where during his second with Tsukune he was able to jump around the floating boulders in his dimension without losing control and even attacked Tsukune and Ruby whilst in mid-air. Kuyo also made several back flips when he was retreating after being struck by Tsukune to a nearby boulder as well.

Flight: Kuyō is able to fly into the air (anime) when he went to kill Tsukune after when Kurumu and Ruby got Tsukune to safety.

Great Demonic Aura: Kuyo is able to exert a great amount of yoki that has the same fiery effect of his fox fire during his first fight against the Newspaper Club. After training for a year to become a subdivision leader of Fairy Tale, Kuyo's yoki took the image of a giant yoko in flames that initially unnerved Tsukune. After activating his new battle form, Kuyo's yoki was able to burn through physical objects in short distances.

## Abilities

Expert Hand-to-Hand Combatant: His has skills in hand-to-hand fighting combat by his own right. He can use them together with his fire manipulation thus further augmenting his punches with fire as shown by first demonstrating by taking down the Outer Moka with a mere punch to the stomach. He then blocked everyone one of Inner Moka's high-speed attack and even found an opening in Inner Moka's defense and took her down effortlessly without even trying (albeit Inner Moka's power was greatly weakened during the time) and later fought an even ground against Tsukune blocking most of his attacks until the final clash.

Swordsman: Due to him later equipping a sword, it can be presumed that Kuyo learned some swordsmanship where he ignited the blade in fire to further augment its power though as Tsukune defeated him after releasing the first seal of his holy lock before Kuyo can use his sword it's unknown what the full extent of his swordsmanship is.

## Techniques

Ball of Fire: Kuyō summons a huge fireball on the top of his hand and it creates a huge explosion on impact which was capable enough to take down Ruby with a single hit.

Vortex of Fire: His signature attack when in his baseline or Battle Form, Kuyō unleashes a swift surge of Yōki, which is then drawn to the tips of his tails, and generates a swirling array of five fireballs, with a central orb circled by four smaller ones. This assembly of Fox Fire then begins to rotate up to cyclone-like speeds, and is hurled at the enemy at tremendous speed. The power of this attack is fearsome, for it generates significant explosive force alongside its burning power, and could easily leave lesser opponents as a pile of ash. The power of the attack was sufficient to severely burn and wound Ginei Moriaka, who is a Werewolf, another species of S-Class Monster.

Fire Punch: Kuyō ignites his fist in flames to enhance his punches to have a burning fiery effect.

Fire Spear: Kuyō forms a large spear/arrow of fire and throws it at his opponent, impaling and then immolating said opponent. This is the attack Kuyō used to nearly kill Tsukune during their first battle.

Entei Toui: This is Kuyo's new battle form that he obtained in his training to become the 3rd Sub-Division leader of Fairy Tale where he covers his body in an emperor robe woven from his fox fire. The fox fire also burns anything that comes in contact with him thus granting Kuyo enhanced defense along sending out waves of fire and heat that burn anything near him though those powerful enough can resist the flames.

Flame Katana: Kuyō can cover his katana in flames. Its effect is unknown, because he was instantly defeated before he could use it.

Qin gasped in horror!

Nico: What a true evil bastard!

Me: He was. And I'm glad I sent his fucking ass off to hell.

Natsumi: I know. I'm glad he's dead. He makes us Kitsunes look like a joke. He was a monster from hell.

Laney: He sure was. I'm glad he got what was coming to him.

Kurumu: Me too.

Naruto: He got what was coming to him.

Lincoln: Yep.

Later we were watching Lori and Carol's favorite movie: Dragonheart!

---

An English knight of 'The Old Code', Bowen, mentors a Saxon prince named Einon, in his ideals with the hope that he will be a better king than his tyrannical father King Freyne. While suppressing a peasant rebellion, the king is killed in an ambush and Kara, a young peasant girl, accidentally causes Einon to be mortally wounded in the chest. Einon's Celtic mother, Queen Aislinn, has him taken before a dragon and asks it to save the boy's life. The dragon replaces Einon's wounded heart with half of its own on the promise that Einon will rule with justice and virtue. However, Einon proves even more tyrannical than his father by enslaving the former rebels that killed his father and forcing them to rebuild a Roman castle. Bowen, believing the dragon's heart twisted Einon, swears vengeance on all dragons by hunting them down.

Twelve years later, an adult Einon's castle is rebuilt. Kara asks that her father be freed after years of slavery; Einon agrees, but instead kills him to "free" him. Meanwhile, Bowen has become a very skilled dragonslayer. Brother Gilbert, a monk and aspiring poet, observes Bowen's prowess and follows him to record his exploits. Bowen stalks a dragon to its cave, but the confrontation ends in a stalemate. The dragon states that he is the last of his kind and they agree not to kill each other, instead forming a partnership to defraud local villagers with staged dragonslayings. Bowen names the dragon Draco, after the constellation. Unknown to Bowen, Draco is the dragon who shared his heart with Einon and feels any pain Einon feels.

Kara, seeking revenge on Einon, is imprisoned after a failed assassination attempt. Realizing she is responsible for his near-death as a boy, Einon attempts to seduce her and make her his queen. Aislinn, despising what her son has become, helps Kara escape the castle. Kara tries to rally her village's people against Einon, but they instead offer her as a sacrifice to Draco. After she is taken to Draco's lair, Einon arrives to recapture her and fights Bowen. As they fight, Einon demoralizes Bowen by declaring that he never believed in the code and was only using Bowen to learn how to fight. He gains the upper hand and nearly kills Bowen; Draco intervenes and reveals his half-heart, causing Einon to flee in horror. Kara asks Bowen to help overthrow Einon, but the disillusioned knight refuses.

Bowen and Draco come upon Gilbert at another village. Kara, disgusted by their actions, attempts to expose them, but the villagers do not believe her until after the staged slaying, while Draco is playing dead. When the villagers decide to carve him up for meat, he takes flight, revealing the scam. They then surround Bowen, Kara, and Gilbert, declaring to make them their meat instead. Draco rescues the trio and takes them to Avalon, where they take shelter among the tombs of the Knights of the Round Table. Draco tells Bowen about himself and Einon: he had hoped that by saving Einon, it would change his nature, reunite the races of Man and Dragon, and earn Draco a place in the stars, where worthy dragons go after they die. Instead, he fears his actions have cost him his soul and agrees to help fight against Einon. After a vision of King Arthur reminds him of his knightly honor, Bowen agrees as well.

Bowen and Draco organize the villagers into a formidable army, and they are nearly victorious against Einon's forces when Gilbert strikes Einon in the heart with an arrow. Draco, feeling Einon's pain, falls from the sky and is captured. Einon, realizing he is effectively immortal so long as Draco lives, is determined to keep the dragon safe. Aislinn, knowing of the connection, attempts to kill Draco during the night, but Einon intercepts and kills her instead.

The rebels invade Einon's castle, and Bowen throws Einon from the top of a tower. While he tries to free Draco, the dragon begs Bowen to kill him and end Einon's reign. Bowen can't bring himself to kill his friend, but Einon rises up and charges at Bowen. Reluctantly, Bowen throws an ax into Draco's exposed half-heart, killing Einon and Draco. Draco's body dissipates as his soul becomes a new star in the constellation, and Bowen and Kara lead the kingdom into an era of justice and brotherhood.

---

When we finished watching the movie, we were cheering wildly.

Me: Awesome movie! I love that movie.

Carol: Me too guys. Dragons are my favorite creatures.

Lori: Literally amazing.

Nico: They are awesome. But that King Einon was a monster! So many have suffered because of him and he needed to be stopped.

Me: I agree. Lets see what his history says.

I looked it up.

---

In the year 984, Prince Einon is being educated by his mentor Bowen, who teaches him about the Old Code, in an attempt to prevent Einon from becoming like his tyrannical father King Freyne. The King leads his army during a peasant rebellion. Einon attends the battle and finds his father mortally wounded. Believing that his father is already dead, Einon takes his crown, but Freyne comes round and attempts to stop Einon with the last of his strength, but Einon struggles free shouting "It's mine". The noise alerts a peasant girl named Kara, who accidentally knocks Einon onto a spike and impaling his heart, mortally wounding him. Bowen arrives and removes Einon from the battlefield and takes him home.

When Royal physicians are unable to heal him, Einon's mother Queen Aislinn takes him to a dragon, Draco, who agrees to give Einon a piece of his own heart, if he promises to rule with justice and virtue. However, Einon becomes just as evil as his father by forcing the rebels to rebuild the castle and orders the leader of the rebels (Kara's father) to be blinded. When confronted by Bowen about not following The Old Code, Einon replies that the King is above the code. Bowen replies that no one is above the code, especially the King. Bowen fights Einon's soldiers to get the point to the young King before returning to the dragon's cave, believing that his heart corrupted Einon and swears vengeance.

Twelve years later, King Einon has successfully rebuilt the castle and, while pursuing Kara after she unsuccessfully attempts to assassinate him for murdering her father, reveals to Bowen that he has been evil all along and lied about his oaths. He then fights Bowen and nearly kills him, but Draco intervenes and takes both him and Kara away.

When the rebelling peasants become more influential and formidable after Bowen, Kara, Brother Gilbert, and Draco join them, Einon is presented by his mother with dragon-slayers to kill Draco, secretly knowing it will kill him, as well. When Einon learns of this, he realizes his mother's intentions and kills her for intending to "correct a mistake made years ago, when she saved a creature not worth saving." The rebels then invade the castle and Einon fights Bowen again, ending with Einon falling off a tower into a pool.

Einon survives the fall and takes Kara hostage, but Draco forces him to release her by biting himself. Fuming, Einon tries one last time to kill Bowen by charging at him with a dagger. Draco begs Bowen to kill him, as it is the only way to truly put an end to Einon's evil. Reluctantly, Bowen does so, killing both Draco and Einon.

---

We gasped in sheer shock!

Qin: I can't believe that Einon is that evil! He makes some of the kings of history look like a joke!

Me: I know. He was a monster. He deserves to die. Lets head to the simulator and teach that freak a lesson in hell.

Carol: Me and Lori beat him a while back.

Carla: I remember you told me about that mommy.

Pearl: Yeah that was awesome!

Carol: That was a good adventure.

Lori: It literally was.

Rachel S.D.: I love dragons as much as anyone else. But I didn't know that they can heal people that are badly hurt.

Hinata: It only happens if their heart was hit. I was hit in the heart and I had a mermaid heal me by having her give me half of her heart.

Nico: Whoa! When was this Hinata?

Hinata: 150,000 years from now. It was a strange thing. But it was thanks to Naruto that I was saved from death.

Lola: Wow.

Lana: That was awesome!

Hinata unzipped her jacket and below her ninja armor vest in the middle of her chest was a nasty scar that looked like a huge gapping hole wound.

Me: I remember that. A Sound Ninja stabbed you there and Naruto saved your life.

Naruto: That was awful. But at least I killed him.

Me: Way to go bro.

Lori: Ouch.

Me: But lets head to the simulator and destroy Einon.

Everyone cheered and we went to the simulator.

---

We were getting ready and it was gonna be a tough battle. We were gonna make sure that Einon pays the ultimate price for his crimes. The Simulator activated and we found ourselves in a forest outside a rebel camp in the year 996 A.D., 1,024 years ago.

Me: Wow! Here was are in 10th Century England. Wow.

Laney: It's beautiful.

Nico: So this is what it was like back 1,000 years ago.

Lana: It sure is different here than it is in the 21st century.

Me: I know.

Varie: It sure is amazing here.

Aylene C.: No kidding.

Me: Lets go see the rebel camp.

We went to the camp and we saw a lot of people getting ready for a huge fight.

Me: Wow. A lot of rebels.

Sasuke: There sure are. I would say hundreds.

Katniss: It's definitely more than enough forces to overwhelm Einon's men.

Lincoln: It sure is.

Me: But with us, we are gonna destroy them all.

Carol: We sure are.

Kurumu: Einon's reign of terror will end with us.

?: Well we have new recruits.

We saw Bowen, Knight of the Old Code.

Carol: Bowen!

Bowen: Carol, Lori. It's good to see you again.

Lori: Same to you Sir Bowen.

Carol: We all came to help you take down Einon.

Me: It's a pleasure to meet you Bowen. We are Team Loud Phoenix Storm. We are from the future. 1,024 years into the future.

Bowen: I see. Carol and Lori came from the future to help out.

Me: They sure did.

Bowen then saw Tayuya!

Bowen: You!

Tayuya: Huh?

Bowen: (to Tayuya) What do you think you're doing back here? Haven't you caused enough trouble?

Tayuya: (confused) What the Hell are you talking about? This is my first time here.

Bowen: Don't play dumb with me! A few hours ago, you helped Einon launch an attack on us! We barely got out with our lives.

Maria: Look, we don't know what you're taking about. Tayuya has been with us all morning.

Me: Wait a second. Bowen, did this version of Tayuya had yellow eyes and dark sclera?

Bowen: Yes she did.

Me: We have a dark version of her running around.

Tayuya: Oh fuck! My evil self is running around!

Me: Oh fuck me sideways.

Draco then came to us.

Laney: Wow! What a magnificent dragon!

Draco: Indeed young one. But Bowen, Tayuya is speaking the truth. We have an evil version of herself running around ruining her image.

Bowen: Then we'll trust you Tayuya.

Me: Bowen, let us help you take down Einon. We swear on the ways of our power to help you.

We unsheathed our swords and knelt down.

Bowen: Very well. You must recite the old code. A KNIGHT IS SWORN TO VALOR!

All: A KNIGHT IS SWORD TO VALOR!

Bowen: HIS HEART KNOWS ONLY VIRTUE!

All: HIS HEART KNOWS ONLY VIRTUE!

Bowen: HIS BLADE DEFENDS THE HELPLESS!

All: HIS BLADE DEFENDS THE HELPLESS!

Bowen: HIS MIGHT UPHOLDS THE WEAK!

All: HIS MIGHT UPHOLDS THE WEAK!

Bowen: HIS WORD SPEAKS ONLY TRUTH!

All: HIS WORD SPEAKS ONLY TRUTH!

Bowen: HIS WRATH UNDOES THE WICKED!

All: HIS WRATH UNDOES THE WICKED!

We were ready to fight and take down Einon once and for all. We went to the castle of Einon and he and his men were coming. I used my magic on Draco and removed the link with Einon had with Draco's heart.

Me: This is it.

We then saw a bunch of men coming for us and with them was Einon and the charge sounded!

Bowen: CHARGE!

Me: CHARGE!

We charged and we engaged all of them and it was a massive bloodbath!

Draco was destroying the castle and we were blasting the men all over. Piles of blood, guts and gore were splattering all over the place. We fired powerful blasts of fire and energy and more and we were blowing them all apart.

Carol: (to Einon) You think dragons are bad? Wait until you see my Kaiju powers!

Carol fired a powerful blast of Godzilla's Orange Spiral Ray and it hit a bunch of men and blew them all apart in massive fiery explosions and scattered their burning remains all over the place.

KRABBBOOOOOOOOOMMM! KRABBBOOOOOOOOOMMM!
BOOOOMM! BOOOOM! BOOOOOM!
KRABBBBOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM!

Lincoln fired a powerful blast of lightning and electrocuted many of Einon's men all over. Laney fired powerful barbs and they hit a bunch of men and poisoned them and killed them. Lola fired a powerful blast of fire and burned them into ash and Lana froze them into blocks of ice and Luan blasted them with light blasts and blew them apart in powerful explosions of fire.

KRABBBOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOOOOOOMMMM!

?: You fuckers are gonna pay for everything! You motherfucking fuckweeds!

We turned and we saw DARK TAYUYA!

---

Tayuya also possessed a cursed seal (along with the other members of the Sound Four) which she could use to increase her strength if she ever found herself facing a difficult opponent. She was the second-strongest member of the group.

The only other known female who was ever in the Sound Village was Karin of Sasuke Uchiha's team pronounced Taka or Hebi. Anko Mitarashi was part of one of Orochimaru's squads but she never did stay in the Sound Village.

Along with the others members of the Sound Four, Tayuya was killed when she tried to deliver Sasuke Uchiha to Orochimaru. She proved to be too much of an opponent for Shikamaru Nara, though she was forced to use the second stage of her cursed seal to defeat him. Temari of the Sand Village showed up to assist him. When Tayuya's guard was down, Temari used a powerful wind jutsu that made a series of giant trees collapse on Tayuya, crushing her to death.

---

Tayuya saw her and gasped!

Tayuya: You tried to ruin me!

Dark Tayuya: I can see that you're starting to hate me just like everyone else hates you. And you know why?

Tayuya: Enlighten me.

Dark Tayuya: Because to everybody else, I'm all you are. And all you'll ever be.

Tayuya: What's the supposed to mean?

Dark Tayuya: No one will ever see how many people you've saved. Or how many bad guys you've helped defeat. All they'll ever see when they look at you is me. And what I do.

I punched her in the face and sent her crashing into a tree.

Me: You motherfucking fuckweed! No one fucks around with our friend Tayuya and lives to tell about it you fuckfucker!

Dark Tayuya got up. She growled at me.

Me: You are just a fucked up bitch! You follow the delusions and ambitions of a fucked up madman that is just as pathetic as everyone we killed!

Dark Tayuya: DON'T YOU DARE TALK ABOUT LORD OROCHIMARU LIKE THAT YOU MOTHERFUCKING SHITSUCKER!

Me: And I thought I was the only fuckhead with a rotten mouth. But I can talk about that fucklipped fucker in any way I please and you are nothing but a fuckweed bitch!

Nico: Boy when you said her mouth was that rotten J.D., you weren't kidding.

Jack Spicer: (readies blaster) We already have a dark side of me as a recurring enemy. Hell will freeze over before we let history repeat itself!

Jack Spicer fired his blaster and it vaporized Dark Tayuya in an instant.

Edzilla: ED SMASH BAD KING! (Punches Einon)

SMASH!

Edzilla's punch sent him crashing into a rock.

But he got up and ordered for his men to retreat.

Bowen: Lets get him!

Me: Wait Bowen, lets let him retreat. We have his sorry ass right where we want him.

Nico: That's right. We have him trapped.

Me: Lets storm the castle and make him suffer.

Bowen: You got it.

Later at night we went into the castle and we were heading up to a room and there we saw EINON!

Einon: Well, well, well, what a pleasant surprise. I expected you Bowen, but with my bride to be as well and you have a Priest to wed us.

Bowen: To Bury you.

We arrived inside.

Me: It's over Einon.

Kurumu: Your reign of terror is over!

Me: This time you die.

Einon: Well to bury one of us…

I unsheathed my sword and he got up and went at us with his sword and I clashed with his sword.

Me: Kill his men!

Everyone else slashed his men apart and I kicked Einon in his face and punched him in the stomach and kicked him in the face! I then slashed him in his chest!

Me: I think Hell is too good for you Einon.

Einon: You are not leaving here alive!

We resumed our clash and sparks were clashing all over the place and setting much of the castle on fire. Nico slashed a man in the face and kicked his whole head off and he then grabbed a man's neck and ripped it right off of him and he kicked a man's whole head off. Laney fired several barbs loaded with Strychnine Ω and poisoned a bunch of men and they disintegrated into nothing but piles of slop. Lincoln fired a powerful blast if lightning and electrocuted a bunch of men into ash. Lola fired a powerful blast of fire and incinerated many of them. Lana broke open the gates and the rebels came in and they were slashing a bunch of men apart. In the tower I was fighting Einon and I kicked a rock and it hit him in the face and it really hit him. He got up.

Einon: Fool. I'm immortal.

Me: So am I you fuckweed.

I kicked him in the chest and sent him crashing through a wood gate and he fell from the tower and crashed through the floor and into the water below. Draco was flying all over.

We had Einon beat. But knowing him, he will not die that easily.

We went and stood ready for him. Then he came up to us. We had him surrounded.

Me: It's over Einon.

Kurumu: Your reign is over.

Me: Now we are going to kill you just like they killed your fucked up father.

Troy: It's just you and us now, Einon!

Megaforce Rangers: Legendary Ranger Mode: Mighty Morphin!

The Megaforce Rangers turned into the Mighty Morphin Rangers.

Carol kicked him in the face and punched him in the stomach and then fired powerful blasts of King Ghidorah's lightning at him and the blasts exploded all over him. The Megaforce Rangers blasted and kicked him all over and the place and we really were punching, blasting and kicking him all over.

Me: Lets fuck this guy up!

Ben then turned into Atomix!

Ben: ATOMIX!

Shanan: Awesome! A Uranonian from the planet Uranos.

Me: Wow! That's amazing!

Shanan: They use Radiation for their attacks like Prypiatosians do.

Galaxy Man: I will never forgive this monster for his crimes.

Atomix fired a blast of energy and Galaxy Man fired his Black Hole Bomb.

Atomix and Galaxy Man: WHITE HOLE ATOMIC BURST!

The blasts combined and turned into a white hole that fired a blast of white light and it hit Einon and exploded with incredible power!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion blew most of the castle apart.

Ben then turned into Gutrot!

Ben: GUTROT!

Bright Man: This will light up your day!

Bright Man fired a powerful beam of light from his light bulb on his head and Gutrot fired a powerful blast of chemicals from his stomach.

Bright Man and Gutrot: LIGHT CHEMICAL BEAM STRIKE!

The blasts combined and turned into a deadly beam of chemicals and it hit Einon and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Elita One: You are a monster with no heart! CYBER KEY POWER!

The Autobot Cyber Planet Key went into her back and it enhanced her weapons 100-fold.

Cornelia: The power of the Earth is stronger than you! EARTH CYBER KEY POWER!

The Earth Element Cyber Planet Key went into he right arm device and enhanced her Earth Powers 100-fold.

Elita One and Cornelia: EARTH DART MAGNA STRIKE!

Elita One and Cornelia fired darts of lasers and rocks and they hit Einon all over and skewered him all over.

Kitten: Time for you to see how deadly moths can be! EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into Kitten's right arm device and it enhanced her powers 100-fold.

Wildrider: Never plague Europe again! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his scattershot lasers 100-fold.

Kitten and Wildrider: SCATTERSHOT MOTH LASER FIRESTORM!

Kitten sent a barrage of energy moths and Wildrider fired a powerful blast of lasers and they hit Einon and exploded all over.

Me: Now to finish you off for good! KIBAL! LETS HOWL!

I turned into Wolf Moon!

Me: Feel the fire of the Wolf Moon! WOLF FIRE THUNDERCLAP!

I clapped my hands with devastating force and sent a powerful shockwave of pure blue fire and it hit Einon with devastating force and burned him all over.

Kurumu: This is for all the pain you caused to so many innocent people! SUCCUBUS CLAW BLADE SLASH!

Kurumu extended her nails and they were really sharp claws and she slashed Einon all over with them.

Carol: This is for ruining the lives of so many others! GODZILLA ATOMIC RAY BURST!

Carol fired a powerful blast of Godzilla's Spiral Ray and it hit Einon and exploded all over.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOM
KRABBBOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOOOOOMMMM!

Bowen: I was a fool to take you on as my student. Now you will join your father in hell. KNIGHT SWORD MEGASLASH!

Bowen's sword glowed a powerful white light and then he slashed Einon all over and cut him up real good.

Me: Now you are history.

I pulled out a dagger from my boot and then I slashed my wrist and coated the blade of the dagger in my poisonous blood and I walked up to him. The wound healed.

Me: Now you die you fucker.

I stabbed him right in his black heart and he was being destroyed from the inside out as my poisonous blood was killing him. In a few seconds he was reduced to a pile of dust and nothing of him was left but dust.

Me: Go to Hell and stay there.

Nico: King Einon, you have failed this world.

Carol: (To the viewers) Not even tyrannical kings are a match for the awesome power of Team Loud Phoenix Storm.

Vince: You said it Carol. But you were awesome.

Bowen: Thank you all so much J.D.

Me: It was our pleasure Bowen. I'm glad we could help you and kill Einon. Monsters like him deserve to be completely forgotten.

Bowen: Well said.

We later went back home and I made a plaque for the Old Code of King Arthur and it was a wooden plaque placed above our fireplace. This was an awesome adventure.

THE END

---

Another Fanfiction complete and another awesome adventure done.

Dragonheart has been one of my favorite movies ever since I was a little kid. Dennis Quaid, Sean Connery and David Thewlis all did a great job in that movie in 1996. Dragons are awesome creatures and they are amazing! Tayuya was a true foul mouth girl in the show and in my mind she is misguided and lost. Next up for the Naruto Villains is Kidomaru and he is gonna scare the living daylights out of Leni with his Spider appearance. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is the Dexter's Laboratory super villain Comrade Red, arch nemesis of Dexter's favorite Superhero Major Glory and we're going to go into battle like he did in Krunk's Date. It'll be like with what happened during the Cold War between the U.S.A. and the Soviet Union.

See you all tomorrow.

# America VS Russia - TLPS Style

In Ed's room at the estate, Ed was practicing some awesome dance moves with awesome aerobics dance moves. Eddy came in.

Eddy just walked into Ed's room to see him doing aerobic dance moves.

Ed: (smiles at Eddy) Hi, Eddy!

Eddy: (speechless) Ed, what are you doing?

Ed: I'm practicing new dance moves. Figure it would give me more distractions for our battles.

Eddy: Ed, you're an idiot.

Later in the mountains of the Ozark's in Kentucky, we were enjoying the sights of the beautiful countryside of the mountains that were home to famous hillbillies.

Me: (Inhales) Ahh. What a beautiful view.

Nico: Boy it sure is.

Lincoln: I love the Ozark Mountains. It's so beautiful.

Laney: It's amazing. Loads of history behind them.

Naruto: It's so amazing here.

Sakura: Lets not forget Naruto that these mountains were home to the infamous Hatfields & McCoys Feud.

Naruto: I know. That was terrible.

Lana: That was terrible that a feud like that happened.

Lola: It was all a pointless feud that destroyed two families.

Lisa: Affirmative. It was a completely pointless and petty feud.

Varie: It sure was.

Me: Hey look over there!

I pointed out to the northwest and we saw an Entei, a Suicune and a Raikou.

Nico: It's an Entei, Suicune and Raikou.

Ash: What are the 3 legendary wolf Pokemon doing out here?

Laney: No idea.

Venom: We're gonna go out on a limb here and guess that the Entei, Suicune, and Raikou over there used to be humans.

Me: You're right Venom. I sense it too. More of Team Rocket's crazy Pokemon Gene-Slamming victims no doubt.

Lola: Those guys were absolutely sick!

Lily Loud: No kidding.

Lila Loud: I'm glad we killed them all.

Me: Me too.

The three pokemon appeared to us and they were amazing!

Entei: So you are the famous Team Loud Phoenix Storm.

Me: That's right. We saw you three here in the Ozark's. Were three gene-slammed because of Team Rocket?

Suicune: That's right. We should introduce ourselves. I'm Amy Bascom.

Entei: I'm Erica McConnell.

Raikou: And I'm Elrena Kirlian.

Me: It's a pleasure to meet you girls.

Elena: My real name is also Elrena. But everyone now calls me Elena.

Raikou: I see.

Me: How did you girls become like this if I may ask?

Entei: That was a terrible day for us.

* * *

In Team Rocket Headquarters before we destroyed it, 3 figures swooped in from the shadows and snuck in through the roof of the building as awesome spy music plays.

They were Erica, Amy and Elrena dressed in cat suits. Erica's was grey, Amy's was black and Elrena's was brown. They snuck in through the air vents and they were as quiet as mice.

Erica: (Narrating) **We were originally secret agents that were sent by our superior officers in an organization called the Anti-Pokemon Villain Team Rebellion.**

FLASHBACK PAUSE

Me: The Anti-Pokemon Villain Team Rebellion?

Suicune: That's right. I apologize for not telling you about that. It's a powerful ultra-secret military strike force who's mission is to destroy all the Villain Pokemon Teams out there either by killing them or bring them to justice.

Nico: Wow! I've never heard of a group like that.

Me: So it's kind of like a counterterrorism group. Looks like we've been helping you guys without even realizing it.

Raikou: That's right. And you've done us a big help by destroying Teams Rocket, Magma, Aqua, Flare and Galactic.

Me: We didn't know you were gonna go after them first. But Team Plasma is our next target.

Entei: I see. So far they haven't made their move yet.

Me: But we're keeping a close watch on them.

Entei: Good. Now continuing where I left off.

FLASHBACK RESUMES

Erica, Amy and Elrena were crawling through the vents and they arrived in a secret vault.

Erica: (Narrating) **Our mission was to get blueprints on every team base in the world so we can come up with plans to take them down from the inside and outside in a massive undetermined strike. But the moment we got to the vault, it was all a trap.**

They got hit with tranquilizer darts full of something. Then they started changing and they groaned in excruciating pain!

Erica: (Groaning) WHAT'S HAPPENING TO ME!?

Amy: (Groaning) IT HURTS LIKE HELL!

Elrena: (Groaning) THE PAIN!

Then their shadows showed that they were changed into the legendary wolf pokemon as their cat suits were torn apart and they grew!

FLASHBACK ENDS

Raikou: We failed our mission and ended up looking like the legendary wolf pokemon.

Me: I'm so sorry girls.

Stacy Bolton: I know how you feel, girls. I was gene slammed by Dr. Luther Paradigm along with my brothers.

Entei: You were too?

Stacy Bolton: I sure was. I got slammed with Sawshark DNA. It was awful.

Me: And a bunch of others got slammed too. But I can give you all the ability to transform at will.

Entei: Really? You would do that for us?

Carolyn Hope: He sure can. J.D. made us human again after we got slammed and we now have the power to transform at will.

Kayla: We sure do.

Nico: It's true girls.

Suicune: Wow! That's amazing!

Entei: We would like that!

Me: Okay. But just so you know, this is gonna hurt real bad.

Raikou: We're ready for it.

Me: Okay. Boys cover your eyes.

The boys did so.

I snapped my fingers and covered my eyes and then the three girls were in excruciating pain and they were changing back. They shrunk and changed back to human. Erica was a red hair girl with red eyes, Amy was a blue hair girl with blue eyes, and Elrena was a blond hair girl with purple highlights in her hair and yellow eyes.

Erica: Ow. What happened?

Amy Bascom: We're human again!

Elrena: We sure are.

But they were naked.

Erica: (covers her boobs) I can't believe our catsuits got destroyed!

Mixmaster: Don't expect to wear them again. Their remains probably got thrown out.

Me: No kidding.

Poromon: Is it over yet?

He uncovered his eyes and saw the girls naked and he got a nasty nosebleed and then he got launched away!

Nico: POROMON!

Chromia: (carrying towels in her arm) Instead of robes, we'll give you girls towels this time.

Erica: Thanks Chromia.

They covered themselves.

Amy Bascomb: It's okay guys. We're decent now.

We uncovered our eyes.

Me: Okay. Lets get you girls back to the estate and get you some new clothes.

Elrena: Okay.

We went back to the estate.

---

Back at the estate in Leni's room, we made Erica, Amy and Elrena awesome new clothes and they had awesome clothes on. Erica had a red shirt on and it had an Entei on and she had an awesome red plaid skirt with red leggings and red sandals on and she had a sleeveless red fire trench coat with an erupting volcano on it and it had the kanji for Erica McConnell - Entei's Ambassador of Volcanic Benevolence on the back. エリカ・マッコネル-エンテイの火山慈善大使

Amy had a blue shirt with a Suicune on it and she had blue jeans with rainbow streaks on it that represent the Aurora Borealis and she had awesome blue sandals and she had a sleeveless blue trench coat with the beauty of the Aurora Borealis on it and she had the kanji for Amy Bascomb - Suicune's Ambassador of the Aurora Borealis of Serenity on it. エイミーバスコム-静寂のオーロラのスイキューン大使 And she had an awesome hair bow in her hair that was adorned with blue diamonds.

Elrena had a yellow shirt with a Raikou on it and she had a yellow plaid skirt, yellow leggings and yellow sandals and she had a sleeveless trench coat with a raging lightning storm on it and it had a lot of lightning and it had the kanji for Elrena Kirlian - Raikou's Ambassabor of the Thunderstorm of Faith on it. エレコ・キルリアン、ライコウの信仰の雷雨の大使

Erica: Wow! We look awesome!

Amy Bascom: These clothes are amazing and they fit us really perfectly.

Elrena: I feel incredible with these clothes. You are an awesome fashion designer Leni.

Leni: Thanks Elrena. That totes means a lot to me.

Me: Leni is an awesome fashion designer when it comes to clothes. She knows so much about them.

Amy Bascom: I can see that.

Elrena: But we look amazing. And it feels awesome to be human again.

Me: I'm glad we could help girls. But when the time comes, we'll head back to your headquarters to tell them what happened to you.

Erica: That's a good idea.

We later went to have snacks.

Later in the middle of the city, Nico was charging towards an unseen villain when he suddenly hit in the face by the assailant and he crash landed by us.

Me: So you want to fight huh? Then Team Loud Phoenix Storm will be happy to give you one COMRADE RED!

The assailant was none other than Major Glory's arch nemesis from the Soviet Union, COMRADE RED! And with him was Kidomaru - long deceased member of Orochimaru's Sound 4, Dru Harrington A.K.A. Giganis - disgraced Tangarian cadet from Power Rangers S.P.D. episode 9, and the Ghosts of Captain Scavenger and Injun Joe!

---

## Comrade Red

Comrade Red is Major Glory's arch nemesis on Dexter's Laboratory. Like Major Glory represents the USA, Comrade Red represents the Soviet Union with their relationship being a parody of the conflicts that occurred during the Cold War between the Soviet Union and the USA. Major Glory represents most aspects of the Western World such as democracy, the free world and heroism. Comrade Red represents communism and the Soviet Union, and also believes that the world should be crushed. He dresses in Russian attire and like Major Glory (who decorates his costume like his country's flag) he decorates his costumes with the designs of the former Russian flag of the Soviet Union used prior to 1991. He also uses a hammer and sickle as weapons.

As Major Glory is a parody of Captain America, Comrade Red is a parody of Red Skull.

He made a cameo appearance in The Powerpuff Girls episode "Members Only", as one of the members of the Association of World Super Men.

## Kidomaru

Kidomaru (in Japanese: 鬼童丸, Kidōmaru) is an antagonist in the anime and manga series Naruto. He is a member of the Sound Four and is the smartest and third-strongest member of the group. He was also indirectly responsible of leading the Third Hokage's death. He could use his webbing to bind, trap and detect his group's enemies. Like the other members of the Sound Four, he was given a cursed seal that he could use to enhance his strength. He has had many appearances in Naruto video games as well such as Naruto Ultimate Ninja 3.

He was involved in the Invasion of Konoha along with the other members of the Sound Four, and helped put up a barrier to keep anyone from interfering in the battle between Orochimaru and the Third Hokage. He traps members of the Anbu Black Ops in a spider web to prevent them from following him as he escaped with Orochimaru, after the Third Hokage used the Fourth Hokage's forbidden Technique on the latter. His identity was unknown at this point, but was later revealed when he and his team were sent back to Konoha to escort Sasuke to Orochimaru. After Jirobo stayed behind to deal with Choji and the remainder of the Sasuke Retrieval Team caught up with him, Kidomaru handed Sasuke to his teammates and stayed to toy with his enemies. After Kidomaru incapacitates them and attempts to kill Naruto, Neji stays behind to deal with him. Neji proves himself to be a strong opponent with his Byakugan and Gentle Fist, leading Kidomaru to surmise that he cannot win in close-ranged combat, and fell back to fight from a distance.

Kidomaru eventually activates the first stage of his Cursed Seal. He summons a giant spider and creates kunai knives, cutting open the spider to release thousands of smaller ones. Neji resists the entire barrage of spiders and kunai knives, save one knife that cut his shoulder. Further testing revealed that the Byakugan had a blind spot, and after advancing to the second stage of his Cursed Seal, continued to attack that spot. He creates a bow and arrow, with the arrow attached to a chakra-filled cord to direct the arrow towards the blind spot. He succeeds in striking Neji the second time, but he sees the cord and sends some of his own chakra through it, hitting his heart. As Kidomaru lay dying, Neji remarked that he was the strongest opponent he had ever fought. Kidomaru, in turn, said that he had not been pushed so far since Kimimaro, and cursed his opponent with his last breath.

Giganis

Giganis is a Space Patrol Delta officer named Dru Harrington from Tangar. He and Schuyler Tate are best friends until Dru is sent to the Nebula Academy where he is listed as MIA. That's when he meets Broodwing who teaches him to only look out for himself and introduces him to Emperor Gruumm. Giganis comes to Earth to kill Anubis Cruger but is foiled by his old friend; the Delta Squad Megazord finishes the job and Sky arrests Dru.

Captain Scavenger and Injun Joe

Jack Canna was also known as Captain Cannaby and dressed up as the Ghost of Captain Scavenger while his unnamed partner dressed up as the Ghost of Injun Joe to scare people away from the Dixie Queen. They used a secret cave in Tom Sawyer's Cavern to print up their fake money and used the ship as the distribution point to the rest of the gang.

He dressed up as the Ghost of Injun Joe while his partner Jack Canna dressed up as the Ghost of Captain Scavenger to scare people away from the Dixie Queen. They used a secret cave in Tom Sawyer's Cavern to print up their fake money and used the ship as the distribution point to the rest of the gang.

(Russian Dance Music Plays)

Comrade Red: (Russian Accent) Ah J.D. Knudson and Team Loud Phoenix Storm. It is time my most powerful comrades and I are showing you who will be big boss of entire world. (Holds up a model Earth) First we will be crushing you, (Crushes the model with his bare hands. Holds up a Hammer and Sickle like the Soviet Union symbol) then we shall be ruling all that we are seeing.

Me: We'll see about that!

Qin: Who are the other three?

Me: The one with 6 arms is another of Orochimaru's fucked up minions: Kidomaru. He was another one of Orochimaru's elite bodyguards, the Sound 4.

Qin: Geez!

Dru Harrington: You remember me don't you?

Me: How can I forget you Dru Harrington. You were once Sky's friend until you betrayed him and joined Emperor Gruumm so you can kill Commander Cruger!

Dru Harrington: That's right!

Me: You are just as fucked up in the head as Gruumm was when I killed him.

Cruger: And I'm glad he did.

Qin: And the other two?

Me: They are the ghosts of Captain Scavenger and famous storybook villain Injun Joe. Captain Scavenger was the most ruthless river pirate that ever terrorized the Mississippi River.

Qin: Injun Joe!? The Native American criminal murderer from Tom Sawyer?

Me: That's him. Very notorious figures from the 19th century. They were really Jack Canna and his partner that were the heads of a major multi-billion dollar counterfeiting operation at an old Louisiana Dixie Boat.

Qin: Whoa!

Me: Yep. They got 50 years in Federal Prison for their crimes.

Qin: And I bet they got Life because of the conspiracy.

Me: Yep. Also that was a special case. We met Josie and The Pussycats and it was awesome! But Alexandra was one snobby bitch! She tried many times to kill Josie.

Lincoln: Wow!

Lola: I love Josie and the Pussycats! They were so awesome!

Me: They sure are. Luan, you would love Melody. She is a funny girl and she is a kick in the butt.

Luan: Wow! I heard a lot about her jokes. They are funny!

Cruger: But those monsters deserved it. No counterfeiters will be welcome here.

Me: I agree

Dru Harrington: (to Cruger) Well, if it isn't my old boss, Commander Crueger. Too bad I wasn't able to finish you off before. But now, it's time for me to finish what I started. (points blaster at Cruger) And Knudson? I wouldn't bother trying to blast me. I know at least 6 different ways to kill this old dog before you can blink.

Me: We'll see about that.

Sky Tate: How could you do this to me, Dru? We used to be best friends in S.P.D. Why give that all up!? WHY?!

Dru: (laughs) Why? Because it's much more fun doing what I want then helping stupid people in need.

Sky Tate: You bastard. You can consider our friendship over!

Dru: Don't deny that we're the same, Sky! I know what you helped your new friend do to those Anti Fairies. You and I now have a lot in common then you previously thought.

Me: Sky is nothing like you Dru! I don't know why they let you live. They should've killed you!

Laney swooped in and kicked Dru in the back of the head and knocked him down!

I kicked Dru in the face and sent him crashing into a bunch of crates.

?: Let me help you all as well.

We turned and we saw Dexter's favorite superhero called MAJOR GLORY!

---

Major Glory had already begun his training to become the symbol of America's spirit and the world's protector as a young child under the tutelage of his Uncle Sam.

After Krunk started suffering from a severe toothache, Valhallen tried telling him to go see a dentist, but was stopped by a paranoid Major Glory who was fearful of the dentist, which lead to a fight between him and Valhallen. Major Glory wanted use both the superheroes and villains to get it loose. However, Valhallen disagreed and insisted in going to the dentist to get it removed properly. He tells Major Glory that dentists have the knowledge and tools to remove the problem. He still rebuffed Valhallen's claims until Krunk decides to make a quick trip to the dentist and was proven wrong. Major Glory paid the price for his mistake when he had to get his own teeth checked by the dentist and it revealed his own neglect in his dental hygiene.

---

Dexter: It's Major Glory!

Me: Wow!

Major Glory landed.

Me: It's an honor to meet the famous Major Glory!

Major Glory: Same to you J.D. You have the true American heart. The Justice Friends have been told so much about you.

Me: I can tell.

Superman: (to Major Glory) You look like a combination of me and Captain America.

Major Glory: I kinda do don't I?

Me: Lets get these clods!

Ed: I know a good way to leave these assholes speechless!

That's when Ed started doing the aerobic dance moves that he was doing earlier. All of us were speechless. Even the bad guys.

Luan: Are those… dance moves?

Spiderman: Dude, that is so not how you start a battle.

Poromon: (starts to dance as well) Well, I like it!

I facepalm.

Giganis: You're kidding me, right?

Waffle Woman: (laughs) That's one way to humiliate yourself!

Comrade Red: (to Major Glory) You really should pick allies to know how to fight.

Kidomaru: (grabs Lincoln):Thanks for the opening, losers! (throws Lincoln in the path of an incoming car)

But Lincoln teleported in a flash of lightning and flew at him and punched him in his face!

Troy: See if you can handle this, Comrade Red!

Megaforce Rangers: Legendary Ranger Mode: Science Platoon Dynaman!

The Megaforce Rangers turned into the Dynamen from 1984!

We were about to help Sky against Giganis but Waffle Woman blocked our path.

Waffle Woman: How about we let the two former best friends settle this between themselves?

Tara: I'll take on Waffle Woman. You guys can have the rest!

Me: With pleasure.

We went at them!

---

Battle 1: Kidomaru!

---

Leni was facing Kidomaru! She was shaking in fear because of her fear of spiders!

Kidomaru: (grins evilly at Leni) What's the matter? Don't you like spiders? They'll be with you when you die you fucking bitch!

Leni: (FREAKS OUT!) SPIDERS!

She blasts him with bug spray and then she smashes his head in with a huge hammer!

---

Leni pulverized him all over with the hammer and she flattened him into a pulpy pancake. Lincoln fired a blast of lightning at him and electrocuted him all over.

Lola: No one talks that way about my sister!

Lola fired a powerful blast of fire and incinerated him.

Lincoln: Go back to Hell. You okay Leni?

Leni: Yeah I guess so.

---

Battle 2: Giganis!

---

Sky Tate was battling his former friend and it was a bitter bloodfeud.

It was a brutal fight!

Sky punched him in the face and kicked him in the stomach and blasted him all over with his blaster and he slashed him all over. Nico woke up and swooped in and punched him in the face and kicked him in the stomach with devastating force.

Nico: That was for sucker punching me in the face you fucker!

Sky: Lets take him down together Nico!

Nico: With pleasure Sky. I just cant believe that this guy used to be your friend!

Sky: As far as I know, the man that used to be my friend died long ago.

Nico and Sky fired powerful energy blasts and they hit him and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Yeah! Dru Harrington A.K.A. Giganis, you have failed this world!

They walked up to him.

Dru: (defeated on the ground) What are you waiting for, Sky? Kill me. Show me waht a true villain looks like!

Sky: No. Because we were friends, you're not going to Hell. You're going back into confinement. And this time, your card's going to be magic proof.

Nico: And another thing…

Nico pulled out a handgun and shot Dru in the leg with a 40 caliber bullet. Dru was screaming in pain.

Nico: That was for sucker punching me.

Sky Tate put him back into confinement and he was not gonna get out anytime soon.

Nico: For your crimes against our planet, you are sure to be damned.

Battle 3: Waffle Woman!

---

Tara was facing Waffle Woman. She punched her in the face and fired a powerful blast of earth energy and it hit her and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

Waffle Woman fired a powerful blast of syrup at her and she dodged it and the syrup hit a nearby building and it exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Tara sent a huge boulder into her and it squished her face in.

SMASH!

Tara went at her and kicked her in the stomach.

Tara: Waffles are my favorite breakfast, but you give all items of breakfast a really bad name!

Waffle Woman: Like you ever know! I was the queen of breakfast! Until Powdered Toast came and ruined my life!

Tara: Maybe it was because you brought that all on yourself!

Tara punched her in the face and kicked her in the face! Tara fired a powerful blast of earth energy and it hit her and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOM

It sent her crashing into a building. She got up.

Waffle Woman: I think that's my cue to leave. But just remember. When it comes to me and my 5 main teammates, we're always 10 steps ahead of you! (teleports out)

Tara: Team Loud Phoenix Storm is always 1,000 steps ahead of evil.

## Battle 4: The Ghosts of Captain Scavenger and Injun Joe!

Lola and Lana faced the Ghosts of Captain Scavenger and Injun Jones. Lola fired a powerful blast of fire and burned them and Lana froze them in a block of ice.

Lola kicked their faces and bit them and they screamed in pain!

Lana bit Injun Jones and kicked him in the crotch.

Lola then fired a powerful blast of gold fire and turned them into Solid Gold Statues and sent their spirits into the River of Fire.

Lana: That takes care of them!

Lola: You said it sis! (Slaps Lana's butt)

Lana: Thanks Sis.

## Battle 5: COMRADE RED!

I was facing Comrade Red.

Me: You know this is just like what happened back during the Cold War. From 1947 to 1991, America and the Soviet Union were in a major verbal catfight that lasted for 44 years.

Comrade Red: You are right about that. And I take it you know how my comrades in the Soviet Union got defeated?

Me: When the Berlin Wall in Germany was destroyed and it caused the Iron Curtain to fall.

Comrade Red: That's correct.

Me: It's like we're fighting in the Cold War again before the Soviet Union fell from power. But that was 29 years ago.

Comrade Red: Indeed. Lets do this.

Me: With pleasure.

I went at him and I kicked him in the face and he bashed me in the head with his hammer and I kicked him in the stomach and punched him in the face. We clasped hands.

Me: I will say this Comrade Red, Russia does train its soldiers really well. That much I can give credit for. I'm sure you heard about how I defeated Vostok?

Comrade Red: Ah Comrade Vostok, he was a good soldier for the Russian Communism order.

Me: He was a terrorist that destroyed much of Prague!

I punched Comrade Red in the face and kneed him in the chin and kicked him in the stomach. I punched him in the head and formed a hammer of lightning and smashed his head in!

SMASH! ZZZAAAAAPPPP!

Nico swooped in and punched him in the face!

Major Glory punched him in the face and fired a powerful laser blast from his eyes and it hit him and exploded. The Megaforce Power Rangers blasted Comrade Red all over. Major Glory then kicked him in the face and punched him in the face. I fired powerful blasts of fire and they hit him in the face all over and exploded.

KRABBBBOOOOOOOOOOOOMMM!

Me: Time for some powerful teamwork!

Nico: WHOA! What power! That was unbelievable!

Lola: Wow! Look at all the fire!

Laney: Unbelievable! What power!

Nico: That was intense!

We had the city protected in a powerful force field.

Xander Bly: Lets do it!

Xander fired a massive rockslide with his Code 1: Rockslide and Bridge Carson fired powerful energy blasts from his Delta Blaster..

Xander Bly and Bridge Carson: ROCKSLIDE DELTA CRUSH!

The rocks and energy blasts hit Comrade Red all at once and they exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Lets see how he likes this! Xander lets get him!

Xander Bly: With pleasure!

I swung my sword.

Me: (ECHOING) IRON ROCK CRUSHER! 岩鉄砕

I smashed the ground with my sword and massive rocks went at Comrade Red and Xander Bly fired another Rockslide!

Me and Xander Bly: EARTHQUAKE SUPER CRUSHER!

The Rocks all hit Comrade Red all at once with the massive destructive power of a 10.9 Earthquake and they exploded with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion sent Comrade Red into a building and he crashed into it.

Vida Rocca: Time to blow him away!

Sydney Drew: With pleasure!

Vida Rocca activated her Code 1: Whirlwind and fired a powerful vortex of wind and Sydney Drew fired a powerful blast of pink energy from her Delta Blaster.

Vida Rocca and Sydney Drew: HURRICANE DELTA VORTEX!

The blasts combined and turned into a deadly wind vortex that blew Comrade Red around.

Me: Lets do it Vida!

Vida Rocca: With pleasure!

I charged up a powerful blast of blue energy in my sword.

Me: (ECHOING) ARROW SHOCKWAVE! 真空波

I fired a powerful blue arrow of energy and Vida Rocca fired a powerful vortex of wind!

Me and Vida Rocca: HURRICANE ARROW VORTEX!

The blast of wind merged with the arrow and the arrow hit Comrade Red and exploded and it blew him away with a massive explosion of wind that packed incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion of wind blew him high into the sky.

Sky Tate: Time for some blue power!

Madison Rocca: Right!

Madison Rocca fired a massive blast of water with her Code 1: Tidal Wave and Sky Tate fired a powerful blast of energy from his Delta Blaster.

Madison Rocca and Sky Tate: MEGATSUNAMI DELTA BURST!

The blasts of energy merged with the water and turned it into glowing water and it slammed into Comrade Red and sent him crashing into a wall with the destructive force of a megatsunami!

Me: Lets see how he likes this blast of water!

Madison Rocca: Lets do it J.D.

I had my sword pointed at Comrade Red.

Me: (ECHOING) SUPER WAVE SMASHER! 超流破

I fired a powerful burst of water and Madison Rocca fired a powerful blast of water.

Me and Madison Rocca: MEGATSUNAMI WAVE SMASHER!

The blasts combined and it slammed into Comrade Red with the massive force of a powerful 15,000 foot high wave going at 6,000 miles per hour and it sent him crashing into the force field and it electrocuted him all over!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ben: Time for some Alien power!

Ben turned into Whampire!

Ben: WHAMPIRE!

Me: WHOA! I never saw this one.

Shanan: That's a Vladat from the planet Anur Vladias!

Me: Wow!

Lucy Loud: Wicked amazing. I love this one next to Ghostfreak.

Brittney: He really is cool.

Shanan: He sure is. But the Vladat's planet was changed to Anur Transyl when the Transylians took over.

Riley: Wow!

Nico: I didn't know that.

Shade Man: (Transylvanian Accent) That is really interesting.

Whampire fired a powerful blast of sonic energy and Shade Man fired a powerful Sonic Blast with his Noise Crush.

Whampire and Shade Man: SUPERSONIC VAMPIRE BURST!

The blasts combined and they hit Comrade Red and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Riley: Time for me to test my new Omnitrix Powers!

Riley activated her new Ultimate Riley Powers and she activate the powers of Shocksquatch!

Riley: SHOCKSQUATCH!

Nico: Whoa!

Whampire: Riley you were awesome!

Riley: Thanks Ben. Watch this! XLR8!

Riley activated XLR8's super speed and went at Comrade Red at 500 miles per hour and punched and kicked Comrade Red all over with incredible speed!

Ben then turned into Swampfire!

Ben: SWAMPFIRE!

Swampfire fired a powerful blast of fire and burned Comrade Red all over.

Swampfire: Time for some ultimate power!

Swampfire then turned into ULTIMATE SWAMPFIRE!

Ben: ULTIMATE SWAMPFIRE!

He fired a massive blast of blue fire and Francis fired a powerful blast of fire.

Ultimate Swampfire and Francis: PURPLE FIRE FIRESTORM!

The blasts combined and turned into a powerful blast of purple fire and it hit Comrade Red and exploded!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Time to finish Comrade Red!

Lisa: Affirmative J.D.! Lets waste this communistic Soviet Union abomination! PERIODIC TABLE FIRESTORM!

Lisa fired a powerful barrage of energy blasts and they turned into the symbols of the periodic table and they slammed into Comrade Red and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM

Dexter: Time for this communistic nightmare of a man to face the power of a scientific powerhouse! NEUTRONIC MEGA LASER CANNON!

Dexter pulled out a powerful laser cannon and he fired it and the blast hit Comrade Red and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Major Glory: Time for the pride of the good people of America to end the age of communism! AMERICA LASER FIRESTORM!

Major Glory fired a powerful blast of lasers in the colors of Red, White and Blue and it hit Comrade Red and exploded.

KRAAABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Laney: Time for some sheep power! Wooll! Warm up!

Laney turned into Celtic Sheep!

Laney: Time for this sheep to bring the shock! SHEEP LIGHTNING SUPERSTRIKE!

Laney fired a powerful blast of lightning from her staff and it hit Comrade Red and electrocuted him all over. He was knocked out and defeated.

Me: That takes care of him.

Comrade Red: (Weak and defeated) You may have defeated me, but my comrades at the Masters of Evil will be ready for you.

Major Glory: (to Comrade Red) Comrade Red, because you're from Russia, we'll be shipping you back there so they can decide your punishment.

Me: But first…

I touched him and stripped him of all of his powers.

Me: A precautionary measure to make sure he can't escape.

Nico: Good thinking. Comrade Red, you have failed this world.

Me: That's right.

Dexter: Sky, I'm very sorry about Dru. We know he was your best friend.

Sky Tate: Dru stopped being my best friend the day he tried to kill Commander Cruger the first time. (smiles) If anything, you guys are better best friends then him.

All of us smile at this.

Me: Thanks Sky.

Sky Tate: So, Ed. Can you teach us those dance movies you did earlier sometime?

Ed: I would be happy too Sky.

Major Glory: (To the viewers) In the name of American life, never become a communist monster like Comrade Red.

Me: You said it Major Glory. It was an honor to have you help us.

Major Glory: Anything for amazing heroes like you guys.

We had Comrade Red deported back to Russia to face punishment. He was given an eternity sentence in the Neptune Prison for Traitors.

THE END

---

Another Awesome chapter done and our second Dexter's Laboratory villain defeated.

Comrade Red had a major appearance in the episode of Dexter's Laboratory called Krunk's Date and that was an awesome episode! It was a funny one too! Kidomaru nearly killed Neji in the Naruto Sasuke Retrieval Arc and that was awful! Next up is Sakon & Ukon. Get ready for us to face the conjoined mad twins. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is a full fledge chapter for 101 Dalmatians. Lana and Lola faced Jasper, Horace and Cruella in the Volcanic Trip Saga and now we're going to face them in a full fledge chapter.

See you all tomorrow.

# 101 Dalmatians and a Bad Fur Lover

We were flying back to the estate after dealing with a bunch of evil drug cartel leaders over in Honduras. We brought them to justice for doing terrible things with drugs and more. Interpol was after them for years.

Me: Well those drug lords won't be terrorizing Central America any time soon.

Nico: You said it. They have failed this world.

Liam: (Southern Accent) Aw yeah. Those guys got what they deserve.

Carmen: They sure have my country hunk.

Liam: Aw it weren't nothing my fiery dumpling.

Sora: Aqua, can I tell you something?

Aqua: Sure, Sora.

Sora: You're like the big sister I've always wanted.

Aqua: (shocked) You really think so?

Sora: I know so Aqua. We met back 10 years ago and you loved me ever since.

Aqua: Oh. (Hugs Sora.) Thank you so much Sora, my little brother!

Everyone: Aww!

Me: That is so adorable!

Lola: How really cute!

Lori: That is literally amazing.

Lana: Hey look down there!

We saw a white car broken down on a busy highway over in Arkansas.

Me: Looks like a car broke down. Lets lend a hand.

We went over.

Me: Are you having car problems?

Woman: Oh yes. (Sees us) Wow! Team Loud Phoenix Storm!

Me: That's right. It's a pleasure to meet you miss uh?

Adrienne: My name is Adrienne Lewinski. It's an honor to meet you all.

Nico: Same to you Adrienne.

Adrienne: But it's an honor to meet you.

Me: What seems to be the trouble?

Adrienne: My car broke down.

Two boys came to her.

Adrienne: These are my two boys, Henry and Jack.

Henry Lewinski: Wow! You guys are our heroes!

Jack Lewinski: We love how you guys destroy all the bad guys. And we have our favorite toys of you guys.

They held up action figures of us.

Me: (Chuckles) We can see that.

Nico: Looks like our new toys are a success.

Laney: They sure are.

Azula: (to Adrianne) Why exactly are you alone with your kids?

Adrienne: (Sighs) To get away from my evil husband.

Me: Can you tell us what happened?

I pulled out a notepad and a pen.

Adrienne: It was 3 days ago. I lived in New York City with my kids. It was a happy life. But then that terrible day came. While my husband was away at work, I got a visit from the Child Protection Services. They told me that they were gonna take my kids away because of allegations of abuse. But I didn't even do anything to them!

Me: That is not right. I sense that you're telling the truth. What's your husbands name?

Adrienne: His name is Brian. Brian Lewinski.

Cutthroat: Alright. We've got a name. Now, we just need to know where to find him.

Thumpback: (to Adrianne) What does your husband look like?

Adrienne: Here.

She handed me a picture of him. He was a black hair man with brown eyes and he had a strong build and was wearing a black shirt.

Me: Hmm. Handsome fella. Wait a second.

I recognized him.

Me: (Gasp) I've been after this guy for years!

Laney: Really?

Me: I sure have Laney. For 4 years I've been after him. Brian Lewinski is the head of a major multi-billion dollar human trafficking operation. He's really bad news and he's now on the FBI's top 10 most wanted fugitives. But has done a really good job of covering his tracks. Adrienne, did he send you anything that was a message to you?

Adrienne: He did as a matter of fact.

She handed me a piece of paper that was actually a threatening message.

Me: "I will never forgive you for ruining my life. After I come get the kids, I'm coming to kill you bitch. Burn in Hell forever. Brian." What an asshole!

Nico: No kidding! He needs to be stopped or more people are gonna suffer because of his greed!

Adrienne: I know. But luckily I got the kids out of the social services building before he could. So we were on the run. We're heading over to Mexico to start a new life.

Me: You three don't have to keep running anymore. As of right now you are hereby placed into the protection of Team Loud Phoenix Storm. We're going to help you deal with this.

Adrienne: Really? You all would do that for us!?

Me: We sure would. Besides, it would take a miracle for your evil husband to get to you. Our mansion has powerful security that's 10,000 times more powerful than Fort Knox.

Jack Lewinski: Wow!

Adrienne: Wow! (Hugs me) Thank you so much J.D.

Me: You're welcome Adrienne.

We went back to our estate and we were looking up the history of Brian Lewinski. What we saw was shocking!

Me: Whoa!

Nico: This guy is worse than we thought.

Me: According to this, it says that Brian Lewinsky is wanted also for the murders, of 20 people! He was married 20 times and all of his wives died under suspicious circumstances. All in 10 different states. But the police have not been able to capture him. He defrauded millions of dollars of life insurance policies from several insurance companies on all his wives. Totaling more than $250,000,000.00.

Laney: All pure unadulterated greed.

Nico: Yep.

Me: And it says here that he is the ringleader of a major multi-billion human trafficking operation and a multi-billion dollar Ponzi Scheme. He swindled thousands of people out of $750,000,000,000.00 in their hard earned money!

Lola: That dirtbag!

Me: Now we have a really big reason to stop him! I've pulled up his location. It's an an abandoned warehouse on the wharf of New York City.

Nico: Criminals always use those as hideouts.

Me: Very stereotypical. Lets get him!

We set out for New York City.

---

## NEW YORK CITY, NEW YORK

---

At the warehouse of the New York City Wharf, Brian was working hard. He had a bunch of children in cages like animals and their clothes were torn up! Suddenly a massive fiery explosion blasted a hole in through the roof and a phoenix cry was heard as we landed.

Brian Lewinski: Team Loud Phoenix Storm. Welcome.

Autobot Firestar (to Lewinski): Brian Lewinski. We've been looking for you.

Brian Lewinski: What do you want?

Maria: We want to know where your counterfeit money is.

Brian Lewinski: Say what?

William: Don't play dumb with us!

Me: We know what you are planning. Explain this!

I revealed the card and all the cages full of children and then his true colors came out!

Brian Lewinski: All right! I did it all! I did all that you know about! I did it all for money because I don't care about women or children! I want the money!

Me: Bingo!

Then the FBI bursted in and raided the whole place. They arrested Brian Lewinski.

FBI SWAT Member: Brian Lewinski you are under arrest.

I pulled out a wire.

Me: There's a place for people like you Brian. It's called Hell! Get him outta here.

They did so and they held him without bond and we got the children out of there and got the money returned back to the people. Brian Lewinski was brought to federal trial for his crimes. Everyone giving their testimony and more for the prosecution and the case was overwhelming. After 4 days of testimony and witnesses, it was in the hands of the jury and it didn't take long for them to come back with a verdict.

Judge Katie Rockell: Has the jury reached a verdict?

Jury Foreman: We have your honor.

Judge Kate Rockell: And to make it go much faster has the jury reached a unanimous verdict on all charges?

Jurors: Yes.

Judge Katie Rockell: Good.

Jury Foreman: We the jury in the above entitled case find the defendant Brian William Lewinski, GUILTY on all charges.

Jack Lewinski: Yes!

Henry Lewinski: Yes!

Judge Katie Rockell: (chuckles) I know you kids have been through a lot. And I don't blame you. But Brian Lewinski, you are one of the worst monsters ever to walk our nation! Therefore because of your criminal actions, you are hereby sentenced to be put to death. May God have mercy on your worthless soul. Take him away.

Brian Lewinski: NOOOOO!

Adrienne walked up to him and punched him in the face! She then took off her wedding ring and dropped it onto the ground and it was her way of saying "Go to Hell. We're finished." He was executed by the electric chair the following morning.

Me: Burn in Hell, Brian Lewinski.

Adrienne: You said it.

Nico: Brian Lewinski, you have failed this world.

One less criminal to walk around.

---

At the Uranus Prison we were there to visit Red Herring. We were there to have Qin pulverize his brains out for being a bad bully.

Nico: I can't believe that Red Herring is that dangerous. He was a monster.

Fred: I know.

Qin: I can't wait to pound his face in.

We got up to Red Herring's cell and we saw him on his bed.

Red Herring: Well if it isn't the weeny Jones. Didn't expect you all to visit me. Hardly anyone ever comes to visit me.

Fred: I know. But you brought all this on yourself for being a big fat bully. And you ruined so many kids lives as well.

Daphne Blake: And you scared a lot of kids all over.

Red Herring: (to Flash Thompson) When I get out, you're dead for spying on me, Thompson!

Flash Thompson: (nervously) Guys, should I be looking into the witness protection program now?

Me: No that won't be needed. He's 1.8 billion miles from home. It'll take a miracle to get out of here.

Qin: And you are nothing but a freak of nature Red!

Red Herring: Why you little brat!?

Red Herring got up and Qin punched him in the face and kicked him in the stomach! She then grabbed him and threw him into the wall and he smashed into it and knocked him out.

Red Herring: (Groans)

Qin: Hmph.

Nico: Nice one Qin.

Aqua: No kidding. Awesome!

Sora: Yeah!

Me: That showed him.

We later left the prison.

---

Back at the estate we were watching one of my favorite movies from my past: 101 Dalmatians from 1961 and 101 Dalmatians II: Patch's London Adventure from 2003.

---

Roger Radcliffe is a songwriter who lives in a bachelor flat in London, with his pet Dalmatian, Pongo, who decides to find a wife for Roger and a mate for himself, because he is bored with bachelor life. While watching various women with their female dog look-alikes out the window, he spots the perfect pair, a woman named Anita and her female Dalmatian, Perdita. He quickly gets Roger out of the house and drags him through the park to arrange a meeting. Roger and Anita eventually fall in love and marry with their dogs.

Later, Perdita gives birth to a litter of 15 puppies. That same night, they are visited by Cruella De Vil, a wealthy former schoolmate of Anita's. She offers to buy the entire litter, but Roger says they are not for sale, leading to a falling out. A few weeks later, she hires her henchmen, Jasper and Horace, to steal them. When Scotland Yard is unable to find them, Pongo and Perdita use the "Twilight bark", a canine gossip line, to ask for help from the other dogs in London.

An Old English Sheepdog named Colonel, along with his compatriots, a gray horse named Captain, and a tabby cat named Sergeant Tibbs, find the puppies in a place called Hell Hall (Cruella's abandoned and dilapidated family estate, also known as The De Vil Place), along with 84 other Dalmatian puppies that she had bought from various dog stores. When Tibbs learns they are going to be made into dog-skin fur coats, the Colonel quickly sends word back to London. Upon receiving the message, Pongo and Perdita leave town to retrieve their puppies. Winter has arrived, and they must cross the Stour River which is running fast and laden with slabs of broken ice. Meanwhile, Tibbs overhears Cruella ordering Jasper and Horace to kill the puppies that night out of fear the police will soon find them. In response, Tibbs attempts to rescue them while Jasper and Horace are preoccupied watching television, but they finish their show and come for them before he can get them out of the house. Pongo and Perdita break in and confront Jasper and Horace just as they are about to kill the puppies. While the adult dogs attack them, the Colonel and Tibbs guide the puppies from the house.

After a happy reunion with their own puppies, Pongo and Perdita realize there are dozens of others with them, 99 altogether including their own. Shocked at Cruella's plans, Pongo and Perdita decide to adopt the other 84 puppies, certain that Roger and Anita would never reject them. The Dalmatians begin making their way back to London through deep snow, as all open water is frozen solid. Other animals help them along the way, while Cruella, Jasper, and Horace chase them. In one town, they cover themselves with soot to disguise themselves as Labradors, then pile inside a moving van bound for London. As it is leaving, melting snow clears off the soot and Cruella sees them. Enraged, she follows the van in her car and rams it, but Jasper and Horace, who try to cut it off from above, end up crashing into her. Both vehicles are destroyed and fall into a deep ravine, leaving Cruella and her henchmen stranded and defeated at last. Cruella yells in frustration and angrily scolds her henchmen for ruining everything before breaking down in tears as the van drives away.

Back in London, Roger and Anita are attempting to celebrate Christmas and his first big hit, a song about Cruella. They miss their canine companions, but they hear barking outside and the house is filled with dogs after their nanny opens the door. After wiping away the rest of the soot, they are delighted to realize their pets have returned home. After counting 84 extra puppies, they decide to keep all the puppies and use the money from Roger's song to buy a larger house in the country so they can have a Dalmatian plantation.

The Radcliffe family and their 101 Dalmatians are preparing to move to their "Dalmatian Plantation", a home in the countryside with plenty of room for all of them. However, Patch, one of the puppies, feels ignored and wishes to be unique like his television hero, Thunderbolt. While watching The Thunderbolt Adventure Hour, Patch hears about a chance to appear on the show. He is accidentally left behind when his family leaves for the plantation, so he decides to head for the audition to meet his hero and win a guest spot on the show, but fails to impress the producers.

Meanwhile, Thunderbolt's "trusty" sidekick, Lil' Lightning, tells Thunderbolt the producers want to replace him with a younger dog.

In order to save his job, Thunderbolt decides he will go into the real world and perform an act of true heroism to prove himself. A veritable reference book to Thunderbolt's many adventures, Patch provides the perfect guide for the television star in his attempts at real-life heroics. Elsewhere in London, Cruella de Vil attempts to soothe her fixation on spots with the help of Lars, a French beatnik artist. In order to inspire him, she restarts her hunt for the Dalmatians, using a newspaper picture of Patch to find their new address.

Patch's family finally becomes aware that he is missing and go back to London to find him. Cruella bails her former henchmen, Jasper and Horace, out of prison. She sends them in a stolen dog food truck to steal the remaining puppies. They succeed after dealing with Nanny, and they take them to Lars. When Cruella requests she be made a masterpiece from their fur, Lars angrily refuses, not wanting them to be harmed. Enraged, she has him bound and gagged and returns to her original plan of making a Dalmatian fur coat.

The imprisoned puppies use the Twilight Bark to send a distress signal, which is picked up by Patch and Thunderbolt, and they set out to save Patch's family. Lightning is horrified when he discovers Thunderbolt might actually become a hero and hurries to the warehouse where the puppies are being held. He convinces Thunderbolt not to use Patch's stealth plan, but to openly attack. Cruella appears, knocks Thunderbolt out, and locks Patch and Thunderbolt in a cage. Lightning sneaks in and reveals to Patch that Thunderbolt is a fraud. Patch is deeply hurt that Thunderbolt would lie, but soon realizes that their current situation was covered in one of The Thunderbolt Adventure Hour episodes, and manages to escape. Patch releases his family, but Thunderbolt stays in his open cage. Patch manages to trick Cruella, Jasper, and Horace into going downstairs, while the puppies escape through the building's roof. Meanwhile, Thunderbolt escapes from his cage and frees Lars.

The puppies board a double-decker bus, but Cruella, Jasper, and Horace discover the escape and pursue them in their stolen truck, racing through the streets of London, and crashing through the filming of Lil' Lightning's new show. Cruella, Jasper and Horace finally corner the puppies in an alley. Patch tries to hold them off while the others escape, but they are undaunted. Luckily, Thunderbolt arrives, having been driven to the scene by Lars, and fakes a heart attack, distracting Cruella and causing her to knock out Jasper and Horace and incapacitate herself. Patch puts the bus into reverse, sending Cruella, Jasper, Horace, and Lil' Lightning scrambling into the River Thames, along with their stolen truck. Patch and Thunderbolt survey the scene, both letting out deep, heroic barks. The police arrest Lil' Lightning, Jasper, and Horace, while Cruella, now driven completely insane, is sent to a mental institution. Pongo, Perdita, The Radcliffes, and Nanny arrive, and Patch's parents tell him they are proud of him. Thunderbolt dismisses himself as just an actor, but says that Patch is "a real, one of a kind wonder-dog".

After a newspaper montage reveals the fates of the characters, a post-credits scene shows Thunderbolt in his television show with Patch as his new sidekick and the other puppies as extras, chasing the villain away into the sunset.

---

We were all watching both movies and they were awesome! It was awesome! When they were done we cheered wildly.

Lola: That is so awesome!

Lana: I love all those dogs!

Nico: Boy Dalmatians are so cute and they are perfect mascots for the fire department.

Me: It's been that way for years.

Lana: But I really hate that woman Cruella De Vil! She's a monster and a true menace to the animal kingdom!

Lola: You got that right sis!

Qin: Why is she that bad?

Me: She's a poacher that kills animals for fur coats.

I looked up her history.

---

Cruella De Vil is the main antagonist of Disney's 101 Dalmatians franchise, a major antagonist of House of Mouse, one of the secondary antagonists of Mickey's House of Villains, and the overarching antagonist of 101 Dalmatian Street. She is Pongo and Perdita's (and their children's) arch-nemesis.

She was voiced by the late Betty Lou Gerson in the film, April Winchell in the TV series, Susanne Blakeslee in House of Mouse and Mickey's House of Villains, and Barbara Goodson in Disney On Ice.

101 Dalmatians (1961 film)

In her debut, Cruella was mentioned by Roger to be Anita's old schoolmate. He began to sing his own version of her called "Cruella De Vil". Cruella storms in and asks if the puppies came believing they are the key to make a spotted fur coat. Anita says in three weeks they will. Cruella leaves without even joining Anita for tea. She then comes back in three weeks. Anita and Roger say "no" when she asks them to sell the puppies. Roger stood up firm and tells Cruella off, stating that she's not getting a single puppy. Furiously, Cruella storms out, warning them that she would get even and they would be sorry. She hires Horace and Jasper on the phone to help her in stealing the puppies.

Cruella later gloats at the newspaper with the picture of Pongo and Perdita's 15 puppies stolen, and called Roger a fool.

Then she next appears in the film when she angrily watches her henchmen watching "What's My Crime". She demands them to start skinning the puppies for a fur coat. She slaps Horace and Jasper when they ask if they can finish the show first, and leaves them in her house to skin the puppies, threatening to call the police if they are not done by morning. She finds Horace and Jasper looking for the puppies who escaped the house and they discover their footprints in the snow. She then vowed to find the dogs "even if it takes until next Christmas".

They follow them to Dinsford and Cruella sees black puppies and soon she realizes that they are the puppies in soot when snow falls on them and uncovers their disguises. She calls her henchmen to catch them, but they are attacked by a black Labrador and fall down on the road. Cruella follows the van the puppies ride in and tries to recklessly hit the van to catch the puppies, but drives off the hill and is trapped in the snow, but quickly escapes the trap and crashes into a tree, knocking off her car parts. Enraged, she goes insane with a wild look in her face in her attempts to catch the puppies and rams into the van that they are in to try and knock it off the road, but Horace and Jasper try to do the same thing, but Horace pulls out the wheel and they crash into Cruella's car. Both cars crash down a hill but Cruella and her henchmen are unharmed, but the puppies in the van escape. Cruella cries and yells at Horace and Jasper, who finally get fed up with her insults, and tell her to shut up, and they are later arrested off-screen.

## 101 Dalmatians II: Patch's London Adventure

Cruella had been released from jail, but has a restraining order and is on probation. Her life in ruins, she tries to calm herself down working with Lars, a German artist. Try as he might, however, he cannot please Cruella with his designs, so she decides to help by looking for the Dalmatian puppies again and find out their address by seeing Patch on the newspaper. She bails Horace and Jasper out of jail to find the puppies, and she hides them in a stolen truck to get to the puppies. The Baduns are able to subdue the Nanny and steal the puppies for Cruella, who aspires to use their fur for a coat. When Lars disagrees, Cruella ties him up and gags him, and turns to her original plan of turning the puppies into a fur coat.

Patch's hero, Thunderbolt, tries to rescue the puppies, but Lil' Lightning tricks him into openly attacking Cruella and the Baduns. Cruella captures him and Patch. Lightning reveals Thunderbolt as a fraud, crushing Patch's spirit. The puppies escape but Thunderbolt is too ashamed to follow. The Baduns inform Cruella that the puppies escaped, but Patch tricks them while Thunderbolt frees Lars. The dalmatian puppies escape in a double-decker bus and Cruella chases after them with her henchmen, but Cruella is distracted by Thunderbolt faking a heart attack. Cruella decides to put him out of his misery by killing him, but she accidentally knocks the Baduns unconscious. Patch puts the bus in reverse and Cruella, Lil' Lightning, and the Baduns are almost run over and fall into a river. Lil' Lightning and the Baduns are imprisoned while an insane Cruella is dragged into a mental institute, never to be seen again. It is unknown if Cruella ever recovered from her mental condition or if she spend the rest of her days thinking on dalmatian fur coats.

101 Dalmatian Street

Cruella does not appear in this series, due to it taking place roughly 60 years after the events of the original film.

In the episode "London We Have A Problem", it is revealed that she is the great-aunt of Hunter De Vil.

---

Qin: Geez!

Lana: I hate that woman! She gives all animal lovers everywhere a really bad name!

Nico: Boy no kidding. I heard you guys busted her and the Badun's while on your worldwide trip.

Me: We sure did. Well, Actually Laney, Lana, Lola and Lily did that.

Lucy Loud: And I destroyed Cruella's sanity with my powers and sent her to a mental hospital.

Me: I remember that.

Nico: Wow! That was awesome!

Me: It sure was. Sora, I heard from Kairi that you saved all 99 Dalmatian puppies on your journey.

Sora: I sure did. They were stolen and scattered throughout many of the worlds on our journey to save Kairi.

Me: Boy that took a lot of work.

Lana: No kidding.

Nico Robin: That was a really intense journey. I'm glad you saved the puppies.

Sora: Thanks Nico.

Me: This is gonna be interesting. We haven't gotten a shot in at Cruella. Lets head to the simulator guys!

Everyone: YEAH!

We went to the simulator and we were getting ready.

---

We were getting ready and we were gonna go face Cruella and her henchmen. We were gonna use our horses and the Transformers were gonna help us.

The Simulator activated and we found ourselves in London, England.

Me: Here we are guys. London, England.

Marinette: Wow.

Chloe Bourgeois: We're in Primrose Hill. It's beautiful.

Nico: It sure is.

We heard the Great Dane and another dog barking. Then we saw Pongo and Perdita appear.

Great Dune: Pongo's you made it. Good.

Pongo: What's the word? What's the news?

Perdita: Have they found our puppies?

Great Dane: They've been located somewhere north of here. In Suffolk.

Perdita: Oh thank heavens.

Me: Let us help you too Pongo.

They saw us.

Pongo: Who are you all?

Me: We are Team Loud Phoenix Storm.

Sora: And you know me Pongo.

Pongo: Sora! It's good to see you again.

Sora: You too Pongo.

Pongo: Sora, we never got to thank you for reuniting us with our children during your first journey.

Sora: You're welcome Pongo. It was the least we could do.

Me: We better leave now.

Pongo: Of course.

Great Dane: Good, I'll go along with you as far as Camden Road and give you instructions.

Me: Right.

We were crossing the London Bridge and the fog was rolling in and we got on our horses and the Great Dane was giving us instructions on how to find them.

Great Dane: And when you reach Withermarsh, Contact old Towser, he'll direct you to the Colonel and the Colonel will take you to your puppies at the De Vil place.

Pongo and Perdita were shocked when they heard that name!

Perdita: De Vil!

Pongo: The De Vil place!

Me: I knew that woman was behind all this!

Perdita: Oh Pongo, it WAS her!

Great Dane: Oh? Someone you know?

Pongo: Sorry sir! There's no time to explain!

Me: Lets go! We got to hurry! HYAH!

We were off for the estate of the malevolent Cruella De Vil!

Perdita: Oh I hope we're not too late!

(The Night Begins to Shine by B.E.R. plays.)

We were riding our horses through the land of England and it was a journey that made us seem like the 4 Horsemen of the Apocalypse. We were going through snowy lands and cold and more. But we were ready for anything. We crossed an icy river and we were almost there.

Me: Target sighted. De Vil Estate 5 miles and closing!

Perdita: We have to hurry!

Me: And we're in luck. Cruella De Vil is not there. But we're gonna have a nasty surprise in store for Cruella when she gets back!

We arrived at the De Vil estate.

Inside the estate, Jasper and Horace had all the puppies cornered and a tabby cat was with them.

Jasper: (Laughs evilly) Now we got them Horace! They've run out of room!

But then we smashed in through a window with a massive fiery explosion and it blew a huge hole in the wall! We were facing Horace and Jasper as we landed with an Action Movie entrance.

Jasper and Horace Badun are Cruella De Vil's bumbling henchmen and the secondary antagonists of Disney's 17th full-length animated feature film 101 Dalmatians, and the 1996 live action adaptation. They also served as supporting antagonists in 101 Dalmatians II: Patch's London Adventure and Mickey's House of Villains.

Jasper was voiced by the late J. Pat O'Malley in the 1961 animated film, David Lander in the 1997-1998 TV series, and was now voiced by Jeff Bennett, and he was portrayed by Hugh Laurie in the 1996 live action film, who also played David Nix. Horace was voiced by the late Frederick Worlock in the 1961 animated film, Michael McKean in the 1997-1998 TV series, and was now voiced by Maurice LaMarche, and he was portrayed by Mark Williams in the 1996 live action film.

In 101 Dalmatians (1961), the two sneak into Roger and Anita's house, by attempting to pass themselves as repairmen from the Electric Company (Kanine Krunchies deliverymen in the sequel and the musical version.) Nanny refuses to let them in since Roger and Anita are gone but the vile men force themselves in, and Jasper toys with Nanny up in the attic, while Horace steals the puppies, and the two transport them to Cruella's former home, Hell Hall (a.k.a., "The Old De Vil Place"). Soon after, the dognapping is covered by the newspapers, causing the two to attempt to back out. They call Cruella and ask for their payment, but she refuses to pay until the job is done, and hangs up in anger after Jasper accidentally insults her while trying to silence a complaining Horace.

At Hell Hall, the henchmen laze about watching TV and eating, along with the stolen puppies and 84 bought puppies. This is where their potential kindness comes into play, as they allow them to watch TV but tell Lucky to move so they can see "What's My Crime?". Eventually, an incensed Cruella arrives and tells Horace and Jasper that she "wants the job done first thing in the morning", or she'll report them to the police. Though Jasper notes that the puppies were not big enough for the amount of coats Cruella apparently desires, she decides to settle for what they can get and leaves. While they are watching the television show What's my Crime?, the puppies are rescued by Sergeant Tibbs. After the show has ended, Jasper and Horace argue over whether or not Jasper skins and

Horace kills them and vice-versa but are taken off track of arguing when they over-hear a sound from the door.

Jasper and Horace then notice that the puppies have escaped, and begin a search of the house. Eventually, they are able to corner the puppies in a room. Before they can kill the puppies, Pongo and Perdita arrive and fight Jasper and Horace. While the puppies escape, Horace is knocked into the fireplace by Perdita and Jasper gets his pants pulled down by Pongo. Both are buried underneath the ceiling when it collapses.

After escaping the debris, they track the dalmatians to a farm building via their footprints. After being attacked by a horse named Captain, they realize that the dogs have already left the building. They attempt to head off the dogs, but the Dalmatians elude them by traveling up a frozen river.

A few days later, Jasper and Horace meet with Cruella on the road. Though they attempt to quit, Cruella forces them to continue. She points out that the Dalmatians tracks lead to a nearby village called Dinsford. In Dinsford, Jasper and Horace search for the puppies. Horace points out some "Labradors", suggesting the possibility that the dogs disguised themselves. Jasper blows off the idea and calls Horace an idiot before smacking him in the head.

When the Dalmatians are discovered to be hiding in a van heading for London, the two pursue the van in their truck. Jasper makes a plan to ram the van into a ravine, but Horace gets scared and pulls out the steering wheel causing the truck to slide down the mountain off aim and ends up hitting Cruella's car. Cruella suffers a breakdown, cursing their incompetence, but Jasper simply tells her to shut up finally getting the courage to stand up for themselves.

It can be presumed that they and Cruella are later imprisoned, although the film does not show what happens to them.

101 Dalmatians (1996)

In the live-action remake produced by John Hughes, Jasper and Horace were portrayed by Hugh Laurie and Mark Williams respectively. They were inspired from Harry and Marv from the first two films of Home Alone (which were incidentally produced by the same producer). Here they are both skinny and aren't implied to be related. They are still very similar to their animated counterparts, though they are depicted as much more ruthless characters, and never reform. Jasper is also shown to be less intelligent and more chipper in this version. They actually seem to enjoy animal cruelty, even deciding to take over taxidermist Mr. Skinner's job of killing and skinning the puppies. At the end, tired of all the misfortunes they had endured after kidnapping the puppies and accidentally letting them escape, they allowed themselves to get arrested and end up being sprayed by a skunk.

Unlike their counterparts in the animated version, Jasper and Horace aren't seen in the sequel, 102 Dalmatians, which assumes that they may be still locked up.

### 101 Dalmatians: The Series

In 101 Dalmatians: The Series, they are the "H. and J. Concepts" company and are employed by Cruella to do her dirty work. This involves delivering ransom notes and going through Anita's trash. Unlike the movies, they have American accents and dressed differently than they did before (due to the series being set in America).

### 101 Dalmatians II: Patch's London Adventure (2003)

In 101 Dalmatians II: Patch's London Adventure, Jasper and Horace are supporting antagonists. Cruella pays their bail money so that they can round up the puppies for her artist friend Lars to use as canvases. They passed themselves as Kanine Krunchies deliverymen, and have succeeded into luring the puppies into the truck. They also had Nanny tied up in a well. However, when Lars, Cruella's artist friend, refuses to kill the puppies, Cruella decides to finally get her spotted fur coat. After Cruella, Jasper, Horace, and Lil' Lightning (Thunderbolt's envious sidekick) are thrown into a river, all four are arrested; however, Horace and Jasper are turned loose after they confessed to Nanny, Roger, and Anita that it was Cruella who told them to get the puppies in the first place, as they has enough of her behavior. After they are both pardoned, they apparently go straight and start their own line of sundresses.

Me: Now that's how you make an entrance!

Nico: Time for you two to die!

We went at them and I punched Jasper in the face and kicked Horace in the stomach and Nico punched him in the face and Qin fired a powerful blast of fire at Horace and it hit him and set him on fire and he was totally engulfed in flames and Nico and May fired a powerful blast of fire and ice and it hit Jasper and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

Laney fired poison barbs at Jasper and Lincoln fired a powerful blast of lightning at Jasper and electrocuted him all over and Lana fired a powerful blast of ice lightning and turned him into a block of ice.

Lily fired a powerful blast of water and drenched Horace and Lucy Loud fired a powerful blast of black lightning and it cut the club Horace had in half and Linka fired a powerful blast of lightning and it hit Jasper's fireplace poker and electrocuted him with 100 billion volts of electricity.

Lori: You two literally disgust me!

Lori fired a powerful blast of wind and blew Horace into the fireplace and Lola fired a powerful blast of fire and burned him all over.

Me: I think they had enough. Lets go. I have a nasty surprise in store for them.

We all left the mansion and I had a ball of fire ready for them.

Me: Burn in Hell puppy murderers!

I fired a ball of fire energy and we ran fast and it went into the Mansion and hit the fireplace. It caused the whole mansion to explode into a massive fireball explosion of fire.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The entire mansion was completely engulfed in flames and completely on fire!

Me: Better leave a calling card for Cruella.

I formed a sign in wood that said "Team Loud Phoenix Storm was Here. Burn in Hell Cruella."

Nico: Nice one J.D.!

Me: Thanks man. But we still have a couple more villains to take down.

We later arrived at a farm. It was the home of the Captain, the Colonel and Sergeant Tibbs.

Pongo: J.D. we can't ever thank you enough for saving our puppies.

Me: Anytime Pongo. But we still have to deal with Cruella and whoever is with her.

Sora: That's right.

Me: I know what to do with Cruella. But we may have a chance for everyone to get home. There's a chance for you all in the village of Dinsford.

Pongo: What do you mean?

Me: There's a Labrador Retriever there and his owner is a moving truck driver.

Pongo: Okay.

Me: Lets get moving. We don't have much time.

We were off to Dinsford. We had to get there quick. We later arrived in Dinsford and we got ready.

Me: There's the truck right there.

Pongo: I see it.

Labrador: It's going to London as soon as the engine's repaired and there's room for all of you.

Me: Great.

Nico: I sense Cruella coming.

Me: We better hurry.

We got the puppies loaded into the van and we got Pongo and Perdita loaded too. We heard a car coming.

Me: There she is. That horn honk is unmistakable.

Perdita: It sure is.

Nico: We got to make sure she can't get the puppies.

Me: I know.

Vince: This is gonna be tough.

Me: Lets go. The van is almost ready.

We got on our horses.

Octane: This is gonna be tough.

Bai Tza: But we're ready for her.

Me: Lets go!

Cruella saw the puppies on the van and she chased after us!

Me: Here she comes!

Varie: This monster makes me sick!

Emma: No one hurts innocent puppies on our watch!

Megaforce Rangers: Legendary Ranger Mode: Lost Galaxy!

The Megaforce Rangers turned into the Lost Galaxy Power

Rangers!

?: She's not the only one you have to face!

Flying beside us, we then saw another enemy of the Dino Thunder Power Rangers! It was TERMITETRON from episode 18 of Dino Thunder!

* * *

Termitetron is sent to attack Reefside High, and deliver an ultimatum for Tommy to face off against Zeltrax. Termitetron battles the Blue and Yellow Rangers on the school ground, and is later defeated by the Z-Rex Blaster, and the Thundersaurus Megazord's Ankylo Double Drill.

* * *

Connor McKnight: Termitetron!

Kira Ford: How are you here!?

Termitetron: Its been a long time Dino Thunder Rangers!

Me: I remember this guy! He was a messenger that was sent to deliver an ultimatum for Tommy to face off with Zeltrax!

Tommy Oliver: That's right! I remember that.

Trent Fernandez: It was intense!

Termitetron: That's right. You watched us fight on TV haven't you?

Me: We watched all 26+ years.

Termitetron: Unlike Horace and Jasper, I'm actually better suited to fighting you morons!

Me: I think not!

I fired a powerful energy blast and it hit Termitetron and exploded with incredible power!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM

He was obliterated in an instant!

Me: Go to hell!

?: That's not all you have to worry about!

We then saw running with incredible speed, the twin fuckpot followers - SAKON & UKON!

---

They are Siamese twins who are a part of the Sound Four. Like their teammates, they participated in the Invasion of Konoha, assisting Orochimaru by putting up a barrier to prevent anyone from interfering in the battle with the Third Hokage. They retreat after Orochimaru was immobilized in the arm by the Third Hokage. Their identities are unknown at this point, though they later become more prominent when they are sent to take Sasuke Uchiha to Orochimaru.

Sakon and Ukon were acknowledged by Orochimaru as the strongest of the Sound Four, and were very capable leaders. After the deaths of Jirobo and Kidomaru, he and Tayuya make note that they cannot delay in bringing Sasuke's coffin to Orochimaru, but are later intercepted by the Sasuke Retrieval Team. While Naruto takes off with the coffin, Kiba plants a paper bomb to separate the twins and Tayuya, throwing himself, as well as Sakon and Ukon, into a trench.

Sakon and Ukon quickly proved to be tough opponents, resorting to their second stage curse marks to defeat Kiba and Akamaru. After attempting the Fang Wolf Fang, Sakon and Ukon separate, and summon a massive iron barrier called Rashomon. Akamaru shoots acidic urine in Sakon's eyes, and while Sakon washes his eyes in a river, Ukon deals with Kiba, using his kekkei genkai to break his body down to a molecular level and merge with Kiba's own body. After Ukon threatens to kill him from the inside, Kiba stabs himself in his abdomen with a kunai knife, forcing Ukon out of his body.

Severely weakened, Kiba throws smoke bombs to cover his escape and an Akamaru decoy filled with explosives, but leaves a trail of blood that betrays his location. Ukon re-merges with Sakon and the twins agree to kill both of their opponents. All they find is Kiba's jacket, and that he has escaped into the river, but they keep the jacket so they could disguise their scents and ambush Kiba. By the time they catch up with him, Kankuro arrives and intervenes, trapping both brothers inside one of his puppets and killing them.

---

Me: SAKON & UKON! What the hell are you fuckheads doing here!?

Sakon: To kill you what else?

Nico: I think not.

Nico fired a powerful energy blast at them and vaporized them in an instant!

Me: I have a feeling they will be back. Along with the other Sound 4.

Tayuya: Oh shit.

Then Cruella came up to us like a mad raging lunatic!

Me: Cruella's coming! Lets let her have it!

I fired a laser at Cruella's car and blew out some of its tires and Nico fired a laser and blew the top off.

Lana: You make me sick Cruella! You give animal lovers everywhere a really bad name!

Lana fired a blue ice lightning blast and froze the rest of the tires. But that was not stopping Cruella!

The Megaforce Rangers fired elemental energy blasts at her from their Quasar Sabers.

The blasts of fire, lightning, earth, water and wind hit the car and blew it into pieces. But that was still not stopping her!

Aurore: Time for this monster to feel the Wrath of the Storm!

Aurore turned into Stormy Weather!

Aurore fired a powerful blast of lightning at Cruella and electrocuted her all over.

Edzilla: (punches Cruella) ED SMASH PUPPY HATER!

But that still didn't stop her! Her eyes were glowing red with pure rage and evil!

Lana: How about we make you out of a fur coat?

Maria: Lana, that's disgusting! Just killing her is enough.

Lana: True.

Lana flew over and grabbed her fur coat and took it off of her and flew back to us.

Lana: Thought I would give mom a late birthday present.

Me: Okay. Lets get her with our combos!

Autobot Firestar: With pleasure! CYBER KEY POWER!

The Autobot Cyber Planet Key went into her back and enhanced her flamethrower 100-fold.

Thumpback: Lets see how she likes real fire! SKYLANDS CYBER KEY POWER!

The Skylands Cyber Planet Key went into his right arm device and enhanced his water powers 100-fold.

Autobot Firestar and Thumpback: FIRESTORM WHIRLPOOL STRIKE!

Thumpback threw his anchor and hit the ground in front of her car and formed a powerful whirlpool and Firestar fired a powerful blast of fire and turned the whirlpool into a flaming whirlpool. It sucked in Cruella's car and melted it into nothing.

Cutthroat: Time for some real firepower. CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and enhanced his creature powers and fire powers 100-fold.

Azula: Time for some fire power! FIRE NATION CYBER KEY POWER!

The Fire Nation Cyber Planet Key went into her right arm device and enhanced her Firebending Powers 100-fold.

Cutthroat and Azula: INFERNO BURN FIST!

Cutthroat and Azula fired a massive blast of fire and it turned into a powerful fist of pure fire and it slammed into Cruella and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ben: Time for some serious sound power!

Ben turned into Ultimate Echo Echo!

Ben: (Techno Voice) ULTIMATE ECHO ECHO!

Silver Banshee: (Scottish Accent) Lets get her lad.

Ultimate Echo Echo and Silver Banshee fired powerful sonic sound blasts!

Ultimate Echo Echo and Silver Banshee: HYPERSONIC SCREAM BLAST!

The blasts hit Cruella and exploded with incredible power!

Ben then turned into Ultimate Humungousaur!

Ben: ULTIMATE HUMUNGOUSAUR!

Ultimate Humungousaur fired a powerful barrage of missiles and Ace fired a powerful blast of dark energy from her eyes.

Ultimate Humungousaur and Ace: DARKNESS LASER MISSILE BARRAGE!

The lasers and missiles hit Cruella all over and exploded.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Now lets finish this witch off!

Lana: You got it! You are a menace to all animals everywhere! ICE LIGHTNING DRAGON STRIKE!

Lana fired a powerful blast of ice lightning and it turned into a powerful dragon and it hit Cruella and froze her in a block of ice.

Lola: You will burn for your hatred of animals! FIRESTORM DRAGON BURN!

Lola fired a powerful blast of fire and it turned into a dragon made of pure fire and it hit Cruella and burned her all over.

Lila Loud: You are a menace to all animals and don't deserve anything! FIRE & ICE TWIN DRAGON STRIKE!

Lila Loud fired massive blasts of fire and ice and they turned into dragons and they hit Cruella and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Pongo: I've had it with this witch!

Perdeta: Me too! Lets get her!

Pongo, Perdeta and the puppies flew into the air.

Pongo: Perdeta and the puppies: ATOMIC CANINE SUPERBLAST!

Pongo, Perdeta and the Puppies fired a massive blast of energy from auras all over them and the blasts hit Cruella and completely obliterated her in a massive and powerful explosion.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion completely obliterated her in an instant! There was nothing left of the evil Cruella.

Me: Go to hell Cruella.

Nico: Cruella De Vil, you have failed this world.

Shego: She sure has.

We arrived back at London and we unloaded all the puppies and Pongo and Perdita and we went into the apartment of the Radcliffe's and they were happy to be reunited.

Lana: (To the viewers) Never mess with the rights of animals or you will answer to the animal lovers of Team Loud Phoenix Storm.

Syd Chang: You said it Lana. That was so awesome!

Me: It sure was.

Roger Radcliffe: Thank you all so much for bringing back the puppies.

Me: It was our pleasure Roger. You and Anita are perfect for all 99 puppies.

Lincoln: It's true Roger. We counted them.

Me: Most of the puppies were bought from pet shops all over the city. Cruella stole the 15 puppies you have.

Roger Radcliffe: I knew it was Cruella! Where is she now?

Me: She went to that big fur coat store in the sky.

Nico: And she deserved it.

Anita: Oh Cruella. But you are right. She did deserve this.

Me: Yep.

Then a ghostly moan was heard and we turned and we saw the Ghost of the RED SKULL!

When Mrs. Vandereel bought the Last Hope Diamond she brought along the curse of the Red Skull who stole it. So, she hired Mystery Inc. to get it back. They followed him at the town graveyard, and Fred Jones and Scooby-Doo managed to capture him. They unmasked Vandereel's own butler, Stuyvesant, who swore revenge.

Once Stuyvesant got out of jail, he plotted his revenge to steal the diamond again, by getting a job as the director of Here is Your Life, Scooby-Doo, in the guise of Milo Spender. Mrs. Vandereel was a surprise guest, who was wearing her diamond necklace, and Stuyvesant revived his Red Skull alter ego to steal it from her. He made Fred look guilty and chased Scooby (and Shaggy) all over Station ZPOP, until he followed them up to the roof, where they ended up dangling over the edge. The gang had put all the clues together and found out truth about Stuyvesant.

---

Shaggy: ZOINKS! It's the Red Skull!

Scooby Doo: RIKES!

Me: The Red Skull! I remember this guy! He was a monster from hell.

Qin: What's his history?

Me: He was really the butler of Mrs. Vandereel, Stuyvesant. We were hired by Mrs. Vandereel to get the Last Hope Diamond back from the Red Skull. When we caught him, we got the diamond back and got Stuyvesant arrested the first time. He was sentenced to 15 to 45 years in prison for theft and assault and he vowed to get revenge on me, Fred and Scooby Doo. He was released on Parole later on and he came for the diamond again and to get revenge. He almost made Fred take the blame and we caught him on the roof of the ZPOP Radio station.

Qin: Whoa! That's awful!

Me: It was. We busted him again and he was declared a repeat offender and he was now sentenced to Life in Prison in Solitary

Confinement. This time without parole.

Qin: He'll burn in hell. Was he in on the conspiracy to kill Mystery Inc.?

Me: No. He was in Solitary Confinement the entire time that happened

Lola: I got this.

Lola fired a powerful blast of gold fire and he was turned into a solid gold statue and the Curse of The Red Skull was silenced forever.

Me: Good riddance.

We later went back home and left the Simulator. We went to London to check on Anita and Roger and we found out that they are having an amazing time in their new mansion and they have even more puppies than ever and the puppies are all grown up and big. They were all over the place and they were really running around. Their new daughter is 3 years old now and she is loving it.

THE END

Another Fanfiction Complete and another awesome Disney Movie covered.

101 Dalmatians has always been one of my favorite movies ever since I was a little kid and it was so awesome! I loved how Pongo and Perdita saved all those puppies and more. I liked the 1996 version with Jeff Daniels and Glenn Close. They were awesome and Hugh Laurie - Dr. House, did a great job too. Sakon & Ukon of Naruto were one of the worst villains and I'm glad they are dead. No Naruto Villain this time in the next chapter. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you think. Next up is a Loud House Version of the SpongeBob SquarePants Episode Demolition Doofus. Except instead of Mrs. Puff going insane and trying to kill SpongeBob, it'll be an insane escaped insane asylum patient that was once Leni's old Driving Instructor and she's out to kill Leni to get revenge by having her sent into the Demolition Derby.

So get ready to smash some cars to pieces as we see Leni out in the line of fire!

See you all tomorrow!

# Leni Loud - Demolition Doofus

(TV STATIC)

A video camera turns on and it shows Muscle Man and High Five Ghost being filmed.

Kevin Pettington (Ed, Edd, N Eddy): (holding a camera) Alright, Muscle Man. We're rolling!

Muscle Man: Hello, ladies and gentleman! Today, me and High Five Ghost are going to imitate stunts from the Johnny Knoxville movie Jackass!

High Five Ghost: Aw yeah man!

They high five.

Muscle Man: You know who else likes to do life threatening stunts? My Mom!

They laughed.

Kevin Pettington: (Laughs) That's true!

Muscle Man: I'm going to go put this helmet on Lori and fart in her face.

High Five Ghost: NICE!

Muscle: Kids do NOT try any of what you see here in these clips here at home.

High Five Ghost and Muscle Man went to the living room and they found Lori watching TV and she was not suspecting anything. Then a helmet was put on her and the helmet had a pipe on top that led to an intake funnel. Muscle Man pulled down his pants and farted in the funnel and the gas went into the helmet. Lori smelled it and she was coughing and gagging and then she threw up in it uncontrollably!

Muscle Man and High Five Ghost laughed their heads off. Nico came in and saw this!

Nico: Muscle Man, what the Hell are you doing?!

Muscle Man: Oh hey Nico. We're doing life threatening stunts like in the movie Jackass.

Lori took the helmet off.

Lori: Jackass!? That crazy Johnny Knoxville movie where he literally did all those crazy stunts!?

Luan: Hey that is one of my favorites! I love the fart helmet stunt! It was a gas! (Laughs to Rimshot)

They laughed!

Eddy: (Laughs) That was a funny movie!

Lensay: (Laughs) That was a good movie!

Nico: That movie was funny. But there was a skull and crossbones on it that said do not try any of this at home.

Muscle Man: True.

Nico: Can I do a stunt.

Muscle: Sure man.

Nico went to the backyard.

The camera was on him.

(TV STATIC)

Kevin Pennington: Action.

Nico: Hey I'm Nicolas Chan or Nico and I'm gonna take a shotgun blast to the face.

Carol: This is gonna be awesome!

Nico: Ready?

Carol: Ready.

Carol had a 12 Gauge Shotgun ready and she pointed it at Nico's face and pulled the trigger and fired at point blank range!

BANG!

The gun blew half of Nico's face off and he was in a lot of pain!

Nico: Oh that was awesome!

Carol: Are you okay Nico?

Nico: I'll be fine. Watch.

With Majin Buu's powers he grew his face back and his injuries healed instantly.

Carol: That is so cool!

Kevin Pennington: THAT WAS AWESOME!

Muscle Man: Way to go Nico!

High Five Ghost: That was so cool!

The clip was done.

(TV STATIC)

Lynn: What up Sports fans! My name is Lynn Loud Jr. and for my stunt I'm going to do drink an entire shot glass full of J.D. Knudson's Super Unholy 6 Pepper Sauce.

On a table was a shot glass and next to it was a bottle of my Super Unholy 6 Pepper Sauce.

Muscle Man: Oooh! Yeah!

Muscle Man poured her an entire shot glass full of it.

Lynn then drank the entire shot glass full of sauce and then she turned red and then neon blue and fire exploded out of her mouth and nose and ears and then surprisingly she loved it!

Muscle Man: YEAH!

Kevin Pennington: That was awesome Lynn!

High Five Ghost: Way to go Lynn!

Lynn: Love a good hot sauce.

Kevin Pennington: I think that's enough stunts.

The clip was done.

They loaded the clips onto YouTube and put it together as an awesome and funny video and it was ready for the internet. In a matter of minutes, it got more than 50 million likes and views! WHOA!

Nico: WHOA! 50 million likes and follows and views in just half an hour!

Lincoln: That is awesome!

Kevin Pennington: Boy that was awesome! We did a great job on this.

Muscle Man: We sure did.

Nico: I know.

Brian: I got to admit though. That all was pretty funny. Peter, Quagmire, Cleveland and Joe tried to do some crazy stunts like in Jackass.

Stewie: Ah I remember all that. That was so funny! I just wish we could've done them all to the bad Lois and the Fat man.

They laughed.

Nico: Oh well. What's done is done.

Stewie: True.

They laughed some more as they continued watching.

* * *

On a nearby hill in a field of flowers, I was sitting on it in deep thought. I was doing some soul-searching and thinking about what went down during my latest adventures. I was starting to wonder if I was losing who I was because of everything I went through.

Me: (Sighs) This is nuts. I can't get everything that has happened out of my mind. Am I starting to fall apart because of everything that happened?

Thunder was heard.

?: J.D.?

I got up and looked at the thunderclouds and I saw a figure from my dads side of the family that I know.

Me: Grandpa Dean?

Grandpa Dean: That's right my loving nephew. You are still you no matter what happens. You have an amazing heart no matter what anyone else says.

Me: I've done so many things, but I feel like I'm starting to forget who I am.

Grandpa Dean: J.D., In all my years in the battlefield in life and in memory I will always be remembered as a hero to you.

Me: But I've never even known you Grandpa. You died years before I was even born.

Grandpa Dean: I know. But I've known you even after I died. I am forever remembered in your heart. Just like my son will always have me with him in his heart. You have me in your heart as well.

Me: I've never forgotten everything I was told about you. But I feel like I'm starting to lose who I am.

Grandpa Dean: You must remember who you are. As a World War II hero, there is one thing that I will always be proud of: Having you and Sumner as my son and grandson. Your dad is a loving father just like you and I am proud to call you as my nephew. You are a true hero that has done so much that it would make the greatest man of good proud.

Me: That feels like it went over the course of so many years.

Grandpa Dean: No J.D. That is forever. Just remember I will always be with you no matter what. And I couldn't be anymore prouder of the man that you have become in terms of power and spirit. Remember. (Fading away) Remember.

I then realized that Grandpa Dean was right.

Me: Grandpa Dean is right. I am not just J.D. Knudson, a human that was given incredible power. I am J.D. Knudson, Leader of the almighty Team Loud Phoenix Storm, the strongest and most powerful force of justice and good that has ever graced the universe and I will not stop until all evil has been completely eradicated forever!

I had a much stronger sense of determination unlike any before on my face and I was stronger than ever!

I went back to the estate.

---

In the estate, everyone was watching TV and playing card games.

I came in.

Nico: Hey J.D.! You're back.

Varie: Are you all right?

Me: Yes I'm fine. In fact I'm better than ever. I've done some soul searching and the spirit of my grandfather Dean helped me realize who I am and what I am.

Nico: Wow.

Laney: That's amazing. I'm glad you're better.

Me: Thanks Laney. I'm now stronger than ever before.

Maria: Has anyone seen Leni today?

Me: Yeah where is she?

Just then, Jackie, Mandee, Fiona and Miguel came in with looks of panic on their faces.

Me: Jackie, Mandee, Fiona, Miguel? What's wrong?

Miguel: Leni is in big trouble!

Fiona: An old driving teacher from Leni's past is trying to kill her by entering her in the demolition derby!

We gasped!

Me: What!?

Ed: What's happening!?

William: Who would want to kill sweet innocent Leni? Besides the Masters of Evil?

Jackie: Her name is Marybeth Jeanne Oliver and she is an insane teacher that is trying to kill Leni.

Mandee: When Leni failed her driving test for 1,624,354 times, Marybeth snapped and she vowed to get revenge on Leni by any means necessary! She is gonna kill her!

We gasped!

Lily: Leni failed her driving tests that many times!? That's more than what Mr. SquarePants went through!

Me: We got to stop her!

Edzilla: LENI IN DANGER! TIME TO SMASH! (leaps out of the estate)

CRASH!

Xion: If only I could still make Dark Corridors!

Me: You still have that power. I guess you forgot about it.

Xion: Oh.

Xion made a dark portal and we went through it and it lead to the demolition derby.

[Bubble transition to the Demolition Derby]

Captain Lutefisk: Welcome to the Gotham Royal York Demolition Derby! Allow me to introduce our contestants! [Camera switches to a giant, musclar purple in a shark-like boat] First off, fegin of crossing guards everywhere: The Kruncher! [Crowd cheers for The Kruncher] And from the darkest depths of the brivin' blue: Divin' Bell Dale! [Divin' Bell Dale pounds his chest] And of course, you know and admire: Blow Torch! [Blow Torch breathes out fire] And the funniest driver of all: The Cackling Cruiser! (The Cackling Crusier laughs) Now with introductions out of the way… [Notices Leni drive up between the Kruncher and Blow Torch]… Oh! I almost forgot! (Laughs) Le Squish!

The Kruncher: Hey, Le Squish looks pretty "tough." [Looks down at Leni] Maybe we should give up now.

[The Kruncher and Blow Torch laugh alongside the crowd which then Marybeth shows up laughing maniacally]

Captain Lutefisk: Ok drivers! Start yer engines! And let the destruction begin! [Waves flag]

[The Kruncher, Blow Torch, Divin' Bell Dale, and The Cackling Cruiser all drive off. Then The Kruncher then readies to crash into Leni!]

Marybeth: I can't look! Wait, yes I can!

Leni: [Notices the Kruncher driving at her] Ah! [The Kruncher ends up being lifted off the ground because of Leni's gravity powers which causes him to stop in mid air].

The Kruncher: What the hay? [Gets send crashing into the wall by Leni].

CRASH!

Marybeth: What? This is not going well…

Leni: Huh? [Notices Divin' Bell Dale driving toward her] Oh, dear. I think I'm in that fellow's way. [Turns the key as Dale gets closer] Engage turn signals.[Turns on turn signals as Dale gets even closer] Adjust mirrors. [Adjusts mirrors as Dale is even closer now] Hands at ten and two, and finally floor it. [Laughs and the back wheels on her boat spin fast causing dirt to fly at Dale's helmet which blinds him].

The Kruncher: [Drives out of hole in the wall] Oh, what happened? [Notices Dale swerving around and he eventually crashes into him].

CRASH!

Marybeth: What is wrong with you guys?! Squash the Squish! [Notices Blow Torch ramming Leni into the air] Yes!

Blow Torch: [Laughs and snorts].

[Leni flies out and back into the stadium and one of her back wheels land on Blow Torch's face. Leni then pushes the gas pedal causing her to literally run off Blow Torch's face].

Captain Lutefisk: Oh! Ooh! Le Squish turns it around with a rare face trend maneuver!

Marybeth: [Cries]

We arrived and we saw the carnage.

Me: Wow! Leni is doing really well!

Nico: Boy no kidding.

Vince: She sure is. This is amazing for her. She should've been a demolition derby contestant ages ago.

Leni: [Notices all of the drivers surround her] Marybeth! What should I…

Marybeth: Why… are you still… ALIVE?!

Leni: Put her in drive? Thanks, Marybeth, you're the best!

[Leni tires to put it in drive the The Cackling Cruiser crashes into her from behind, but she bounces off the wall and back into the Cruiser causing him to crash into the wall and his wheels fall off. Leni goes flying over The Kruncher who then crashes into The Cackling Cruiser. Leni then avoids Blow Torch, Divin' Bell Dale, and some unknown driver which they all end up driving into a fish on a boat. All of the wreckage started flying by Marybeth and the crowd which they look in awe].

Marybeth: Curse you, Leni!

Leni: [Still driving] What's that Marybeth? [About the drive into Blow Torch].

Blow Torch: [Laughs] I got you this time! [Leni ends up driving up the front on his boat and then Blow Torch crashes. Leni goes flying back in the other direction].

Marybeth: This is it! Ha ha! Yes! Huh?

[Leni ends up on top of the wreckage still intact. The crowd then cheers for her]

Me: She did it!

Edzilla then landed and smashed all of the monster trucks!

SMASH!

Edzilla (punches Monster Truck): ED SMASH MONSTER TRUCKS!

Miguel: We'll help too, big guy! (about to rush in)

Karai: (stops Miguel) Are you sure that is a wise decision?

Eddy: Karai's right. Let's let Lumpy have his fun.

Me: Good idea. Besides, we'll get our chance to help out. But hand me my binoculars.

Nico did so and I looked around and I saw a black hair woman with red eyes and she was really enraged. She had black hair and blue clothes like she was a nurse.

Me: That must be Marybeth. I can't believe that 1.62 million+ tests really made her snap.

Lincoln: We got to stop her!

Marybeth: If you want someone demolished, I guess you have to demolish them yourself! [Pushes down Fred and appears in a giant monster truck wearing a helmet and jump suit] Not so fast! There's one more challenger! I'm The Huff! [Drives toward Leni and then then at the crowd which she starts to drive away from the derby.]

Captain America: (to Leni) Leni! Hang on! We'll get you out of there!

Me: Lets go!

We went at Marybeth.

Marybeth: You'd better say your prayers, Loud! (drives her monster truck towards Leni)

All of a sudden, from a nearby rooftop, several laser blasts shot the tires of the monster truck, destroying them.

The Monster Truck crashed and exploded into flames.

Leni: I wonder who shot Marybeth's tires.

Eddy: It wasn't me.

Spicer: I didn't do it either.

Me: It wasn't me either.

Nico: Same here.

Vince: Nope.

Aylene C.: Me neither.

May: I guess we'll never know.

On the rooftop where the laser blasts came from, we see Dark Spicer blowing smoke from his blaster.

Dark Spicer: (puts blaster in pocket) Sorry, Marybeth. But if anyone's gonna kill a member of Team Loud Phoenix Storm, it's gonna be me and my crew.

Vypra: (walks up to him) Good thing you were able to make a new blaster after Knudson took your previous one.

Dark Spicer: You said it. (kisses Vypra) Now, let's head back to base. (they teleport out)

But Marybeth was still alive and we saw her get out of the flaming truck and she was infuriated.

Leni: Why were you trying to kill me Marybeth!?

Me: Leni, you are the reason she was sent to the nuthouse! You failed your test over 1.62 million times and she went insane! She wants nothing more than to kill you and mount your head on a pike!

Leni gasped in horror!

Laney: No one kills one of my sisters!

Lori: You literally disgust me Oliver!

Luna: You mess with one Loud, you mess with all of us!

Luan: I'm so mad I can't make a joke!

Lynn: I will enjoy ripping your head off!

Lucy: The underworld is gonna not be nice on you!

Lana: I will bite your fingers off!

Lola: And make you suffer!

Lily: Yeah!

Lisa: You are gonna wish your were never delivered into this world with a cesarian!

Lincoln: We're gonna tear you apart!

They went at Marybeth and Lori punched her in the face, Leni kicked her in the stomach, Luna smashed her head with her guitar, Luan fired a blast of light and it hit Marybeth and exploded and burned her, Lynn broke Marybeth's leg, Lucy fired a blast of black lightning and electrocuted her, Laney smashed her on her nose with a heavy book, Lana and Lola bit her hard, Lisa threw some chemicals at her and burned her in a fiery explosion and Lily punched her face and Lincoln fired a powerful blast of lightning and electrocuted her.

Edzilla: ED SMASH INSANE TEACHER!

He smashed her all over.

Marybeth was beaten to within an inch of her miserable life and Lori turned her into a human pretzel. She was taken to the hospital and placed under arrest.

Nico: Marybeth Jeanne Oliver, you have failed this world.

Me: She sure has.

Captain Lutefisk: And the winner of the Demolition Derby is Leni Loud the Squish!

She was given an awesome trophy and also a check for $150,000,000,000,000.00. It was the first trophy she ever got!

Me: Way to go Leni!

Nico: I'm so proud of you Leni.

Ed hoisted her up.

Ed: That's my awesome girlfriend guys!

Eddy: Way to go Leni!

Leni: I'm so happy guys!

Me: You were awesome Leni!

We went back home and Leni was the only one who came out of the entire Demolition Derby unscathed. Back at the estate, we were showing some kids our new taxidermy of Moby Dick and Monstro, the two biggest whales that ever swam the ocean. They were awesome!

Later at the Krusty Krab, Lily was having lunch with Mrs. Puff.

Mrs. Puff: So this crazy driving teacher almost got your sister killed because she failed her test over 1.62 million times!? That's insane!

Lily: It sure was Mrs. Puff. Mr. SquarePants told me that he failed his driving test 1,258,056 times.

Mrs. Puff: That is very crazy! I can't believe that Leni failed that many times now.

Lily: Me neither. I sensed a strong amount of deja vu between you and Marybeth, Mrs. Puff. You went insane because Mr. Squarepants accidentally popped your inflation sac.

Mrs. Puff: Yeah I had no idea I would turn that insane when that happened. I was a monster. But now I'm on good terms with SpongeBob now that he passed and is driving.

Lily: That's good. And you and Mr. Krabs are perfect for each other as well.

Mrs. Puff: Thank you Lily. And I hope in the future that you pass your tests as well.

Lily: Hope I won't fail as many times as Leni did.

They laughed.

THE END

---

Another Fanfiction complete and another awesome SpongeBob chapter done.

Demolition Doofus was a funny episode of SpongeBob that aired in Season 9 and it was awesome and funny! But what happened to Mrs. Puff was awful and she went absolutely insane when she had her inflation sac pop. Poor woman. She almost tried to kill SpongeBob! NicoChan11 gave me the ideas for this one. The scenes from the start were from Jackass and Family Guy. We did the stunts from there. Thanks man. I got the soul searching part idea from The Lion King 2019. Let me know what you all think. The next chapter is for the Regular Show Villain the Destroyer of Worlds and we're going to fight him in Questworld Style! It's gonna be awesome!

See you all tomorrow.

# The Destroyer of Worlds Cometh

In the early morning hours at 2:37 AM as I was sleeping, I was having a strange dream. I was seeing myself all the way over in Great Lakes City in Ohio and it was telling me something. It was telling me where Sam Sharp Loud's long lost brother Simon is located. It was telling me that one week before Sam killed her parents in the name of justice, Simon ran away and he was a homeless kid living in the streets of the city for the past 2 and a half years begging for change and food and digging through the garbage to survive.

I woke up at 8:00 AM and gasped.

Me: Simon Sharp! I know where he is!

After breakfast I headed out to Great Lakes City in Ohio and I arrived at an alley in between two office buildings and I went into it.

Me: Simon? Simon Sharp are you here?

?: Go away.

I heard a voice coming from inside a cardboard box and I saw a little boy with blond hair and he had torn up clothes and he had blue eyes.

Me: Are you Simon Sharp?

Simon: Yes. Why should you know?

Me: I'm J.D. Knudson, Leader of Team Loud Phoenix Storm.

Simon: Whoa! I've read so much about you in all the discarded newspapers. But why did you come find me?

Me: I've come to reunite you with your sister Sam. She's so worried about you.

Simon: What happened to big Sam?

Me: She's doing much better. But she's terribly worried about you. She misses you so much and has been worried about you ever since we brought your evil parents to justice.

Simon: I've heard about that. I'm glad those monsters are dead. I can never forgive them for what happened to Sam and more.

Me: I wouldn't either Simon.

Simon: But how did you find me?

Me: I had a dream that told me where to find you. It was a message. Dreams can sometimes show you things you never even knew about.

Simon: That's interesting.

Me: I'm so sorry about what happened to you Simon. But you don't have to live here on the streets anymore. I can bring you back home to your sister.

Simon: You would do that all for me?

Me: I sure would. Sam needs you and you need her.

Simon went and hugged me.

Me: (Sniffs) After we get you two back together, lets get you a bath and some new clothes.

Simon: I guess it has been a while.

Me: I know. And lets also get you some food. You must be really hungry.

Simon: I haven't eaten anything for 3 days.

Me: Whoa.

I picked up Simon and we went back to the estate.

Meanwhile at the estate, Qin was in a really grumpy mood. She was in a bad mood because a bunch of kids were picking on her at school and she was not happy about it. She beat up the kids that were picking on her and got them expelled. She was in a really bad mood.

Nico went over and sat by her.

Nico: Hey, Qin. Do you know what I like when I'm feeling crabby?

Qin: (grouchy) What?

Nico: A big hug to squeeze those cares away!

Edd: Nico, I don't think that's going to work. (Qin cries and hugs Nico) I stand corrected.

Qin was crying hard and Star Butterfly and Marco were doing what they could to cheer her up as well.

Star had a funny mustache on and she was smiling. Star and Marco then were juggling the laser puppies and they were funny. Star then did a magic act and pulled a big fish out of a hat.

Star Butterfly: TA DA!

The fish got onto her head and then Star ran around screaming and she tumbled and was now floating inside the fish. Qin saw it and then she was laughing at it.

Star Butterfly: (Laughs) I'm in a fish!

The fish was laughing hysterically.

Nico: That is so funny!

Qin: (Laughs) That is really funny!

Later, Luna and Sam were watching Rock and Roll music on TV. They were listening to the song that got Luna into the Rock and Roll world!

Luna: (HANG LOOSE GESTURE!) ROCK ON DUDE!

Sam S.L.: ROCK ON!

The door opened and I came in.

Me: Hey Sam, Hey Luna.

Luna: What's happening dude?

Me: I have an awesome surprise for Sam.

Simon came out from behind me and Sam gasped.

Sam S.L.: Simon? (Tears up) Is that really you?

Simon: Big Sam it sure is.

Sam knew it was him when he said that and she instantly got up and hugged him for the first time in 2 and a half years and she and he were crying.

Simon: (Crying) I thought I would never see you again big Sam!

Sam S.L.: I thought I would never see you again either! (Crying)

Lori: Oh I'm literally so happy for them.

Luna: I haven't seen little Simon in so long.

Nico: Boy no kidding. So this was the big surprise you had planned.

Me: Yep. Found him in an alley all the way over in Great Lakes City.

Nico: Wow. He really wondered far. It's a miracle he is still alive.

Me: I know. Simon is one lucky kid. But thank goodness he's okay.

Nick Russell: He's a lucky kid though.

Xander Bly: (Australian Accent) That's right mate.

Sam later took Simon to get a bath and new clothes and some food.

Later we went to the home town of the Mystic Force Power Rangers, Briarwood. It was located in New Jersey next to the famous Pine Barrens forest.

Ace: So this is Briarwood? It certainly looks the magical part.

Me: It sure does.

Nick Russell: This is our home.

Charlie Thorn: We call it our home and our paradise. It is the perfect place to live in.

Me: It sure is. And it's amazing that you all went here to learn all about magic.

Leanbow: It's a perfect place for us.

We later went into the forest and we were going to see find the school the Mystic Force Rangers went to. We then ran into Phineas the Troblin.

Phineas: (hugs Nick) Guys! Long time no see! (sees us) You didn't tell me you were bringing Team Loud Phoenix Storm over!

Rock Lee: It's nice to meet you too, Phineas!

Me: It's a pleasure Phineas. We watched the rangers on TV and it was awesome!

Phineas: I see.

We then ran into Leelee and Itassis.

Me: Leelee and Itassis.

Itassis: It's an honor to meet you all Team Loud Phoenix Storm.

Me: Same to you Itassis. And Leelee you are the daughter of Necrolai, one of the Mystic Force's most dangerous enemies.

Leelee: That's right.

Moonracer: (to Leelee) Do you have vampire abilities like Necrolai?

Leelee: Well, I'm her daughter. I don't know if I have her powers or not.

Itassis: Rangers, I think it would be best to warn you that Morticon, Imperious, and the remaining Ten Terrors are bound to make a return appearance in the future.

Shockwave: We will be ready for them when they do. We just need to decide a strategy for them.

Me: The 10 Terrors were the most dangerous enemies that the Mystic Force Power Rangers ever faced and they packed a lot of power.

Nick Russell: They sure did.

Me: But we'll be ready for them.

Qin: What are the 10 Terrors?

Me: They are the 10 elite generals of The Master and they were the most dangerous enemies of the Mystic Force Power Rangers.

I went over their history.

---

They supposedly only existed in the worst of nightmares but were discovered by Necrolai, dwelling in the Lower Sanctum of the Underworld. They are all normally giant in size, especially in their lair but they can change their size at will to match the height of the Rangers. They are adamant about upholding the Laws of Darkness and are willing to kill each other (and be killed) for transgressing them; it appears that if they don't follow the Rules, there will be dire consequences for them and they may be banished. Their cardinal law is that those who oppose dark magic are to be punished (and then punished and punished some more). They appeared on Earth to demonstrate their power and announce themselves, and easily decimated the Manticore Megazord.

In their lair stands a giant stone monolith known as the Stone of Judgement which projects a ball of light that passes over the Ten Terrors, stopping on the weapon of whoever is chosen to punish Earth next. They waited for Octomus' return, but after the destruction of Imperious emerged to challenge the Mystic Rangers in search of The Light, the one being who could thwart the Master's plans.

History

After being discovered in the Underworld by Necrolai, the Terrors appeared on the surface to announce their arrival to the world. Afterwards, Magma was chosen to attack the surface world. He engaged the Rangers in a series of fierce battles, lighting a nearby tower on fire and boasting that he would destroy them before it burnt out. Despite his great power, the Rangers managed to survive longer than the fire, and Sculpin executed Magma in keeping with the Rules of Darkness. Oculous was then dispatched to battle the Rangers, but was defeated by Nick using Fire Heart as a Battlizer. Serpentina was chosen next and sent Hekatoid to weaken the rangers, but Itassis removed his spell on them leading to Serpentina's defeat. Megahorn was the fourth to be chosen. Black Lance was sent to assist him in battle, but was dragged back into the underworld by the Centaurus Megazord. The combined efforts of the Manticore Megazord and Solar Streak proved too much for Megahorn alone, and he was destroyed as well.

Hekatoid, the fifth terror, proved surprisingly effective, capturing Udonna and holding her Snow Staff as well. However, when Udonna was rescued and recovered her Snow Staff and White Ranger powers, she and the other five Rangers put a swift end to Hekatoid. Despite this loss, however, the remaining terrors managed to locate Leanbow, the warrior who had defeated the Master and had imprisoned him in his own body. They successfully defeated Leanbow and retrieved the Master's Soul, though Gekkor perished in battle with Leanbow shortly thereafter. Matoombo was then chosen to attack the surface, but proved to have a gentle heart more interested in learning about humans than fighting them. Unfortunately, he was then selected as the Master's vessel, and despite efforts by the Rangers to take him to safety, he was captured and forced to serve as the Master's host.

Itassis was then chosen by the Master to fight the Rangers, but proved unwilling to follow the Master's orders any longer. As such, she was defeated by Black Lance and Sculpin, but subsequently revived by a similarly repentant Necrolai. She later battled Sculpin and destroyed him, while Black Lance fell to Rangers. Itassis also helped the Rangers in their final battle with the Master, which left her free to learn more about honor from Daggeron while a restored Matoombo came to enjoy a new life of peace.

Qin: That's terrible!

Me: They were. They were the worst. Itassis and Matoombo were once part of the Ten Terrors. But they were reformed with good magic.

Itassis: That's right.

Maria: I remember seeing that.

Me: But we'll be ready for them when they come.

We explored around Briarwood and it was awesome.

---

We were relaxing and then the alarm went off and we saw the Park on the east side of the city completely on fire and it was being terrorized by an 8-bit villain calling himself the Destroyer of Worlds!

---

Mordecai was unwilling to touch an old video game machine because of both the 'out of order' sign on the front and the note was apparently written by Skips, warning them not to connect the red wire with the blue wire. Rigby, being the idiot that he is, connected them anyway, releasing a giant demon head that began to float around and set everything on fire. Destroyer of Worlds was later defeated by Rigby, who was just "mashing the buttons" on a system created by Skips in which a giant protagonist was created by joining all the other Arcade Games together.

He is later one of the villains resurrected by Garrett Bobby Ferguson Jr., but is destroyed by the same protagonist in the first episode he appeared in.

Powers and Abilities

He can shoot fire from his eyes and floats in midair. He seems to be invulnerable to anything that isn't digital (an example of this is when Rigby tosses a rock at him - it bounces off of him and he gets mad).

---

Me: The Destroyer of Worlds!?

Mordecai: Whoa! I didn't think that digital freak was back!

Rigby: We got to stop that monster!

Benson: Mordecai and Rigby accidentally released him from a video game and brought him out to destroy us.

We saw what he looked like and he was an 8-Bit Digital Video Game Devil Face.

Maria: That's the Destroyer of Worlds? For a villain with a threatening name, it certainly looks like it comes from the arcade.

Me: It sure does.

Nicole: The gods of the video games would never allow him to come out.

Me: We're gonna have to fight him with digital methods. Jonny, Jessie, Nico, you go into Questworld and gear up.

Nico: Right!

Me: Lets get him!

We went to the park.

Nicole got Jonny, Jessie and Nico ready.

Nicole: Ready guys?

Jonny Quest: Ready.

Jessie Bannon: Ready.

Nico: Roger that.

Nicole typed on the computer.

Nicole: Questworld logon. Subjects: Jonny Quest, Jessie Bannon and Nicolas Chan. GOING HOT!

The virtual eye bands activated and they went into Questworld.

Nico: We're in Nicole.

Nicole: Excellent. Weapons are ready to go.

At the park, we saw the 8-Bit devil head called THE DESTROYER OF WORLDS!

Me: He sure looks ugly.

?: (Nautical Accent) That be a matter of opinion lad.

We turned and we saw the SHIP ORG!

---

Ship Org was one of the ancient Orgs that worked with Master Org 3,000 years ago, he was created in the Turtle Cove harbor and took the form of a ship, he comes out of one of the sail boats and has Max's bottle lodged in his left shoulder. Max (determining to not let the Rangers find out about the letter) morphs into the Blue Ranger and fights for his bottle, the Danny, Cole, Alyssa and Taylor, the Wild Force Rangers came in to aid the their friend in Battle, but they were all out match, Max went head first into the org and they both fell into the water below, The Blue Ranger try to battle the monster, but Ship Org fired his forehead lighting beam at the Ranger, knocking him out cold, Ship Org was about to make the final strike until a pair of red eyes appeared and scared off the monster, he later returns and attacks the people of of Turtle Cove, Max comes in and morphs into the Blue Ranger and had a rematch, the Blue Ranger took a beating but he was not out, the other Rangers came to the rescue, unfortunately Toxica and Jindrax came in and summons an army of Putrids to aid Ship Org in battle, he attacks the Rangers as well as the Putrids, the Rangers tried to retreat, but they were caught, Cole attacked but he was taking down and the Org then hold down the Ranger, the Max used a crane and use it to get close enough and used the Blue Shark Fighting Fins to cut off Ship Orgs right horn, weakening him enough for the Cole to kick the monster off of him, but at the cause of the bottle to fall off of the monster a broke, this angers the Blue Ranger, they combined their weapons to form the Jungle Sword and destroyed Ship Org, Toxipod made Ship Org grow and the Rangers summon the Wild Zords to form the Wild Force Megazord, the White Ranger summons the Elephant Zord to form the Wild Force Megazord Sword and Shield

Mode to battle Ship Org, the Rangers used the Pachydern Crusher on him, but the monster used his shield to block the attack, he then attack the Megazord with great force and forced the Megazord to drop its weapon, Max's vision comes true and he realized that they needed The Spear of Pardolis, which was a Zord called the Giraffe Zord, Max calls forth the Zord and it appears, Ship Org was landing hard hitting blows on the Wild Force Megazord until the Giraffe Zord came to the rescue and attack the Org, Max then combined the Giraffe Zord with the Wild Force Megazord to form the new Wild Force Megazord Spear Mode. The Megazord then fired the Giraffe Spear and it pierced through both the shield and the monster, mortally wounding him. Unable to cope with the injury, he "sunk" by falling flat on his face and exploded.

---

Max Cooper: Ship Org!

Ship Org: Aye lad. Been a long many moons Wild Force Rangers.

Me: I remember this guy! He helped get you the Giraffe Wild Zord.

Ship Org: That's correct lad. You've been watching us on the television.

Me: We've watching all 26+ Years of Power Rangers except for Beast Morphers.

Vypra: (Offscreen) He's not the only one.

We saw Vypra, the Sound 4 and a bunch of Putrids in pirate uniforms.

William: (to Vypra and the Sound 4) Wait. Why are you guys dressed as pirates?

Vypra: Well, since Ship Org sounds like a pirate, we should look the part.

Raythor: (sees the Putrids) Even the Putrids are dressed up like pirates.

Me: So I see. You have a knack for the pirate stuff. Lets take this to somewhere safe so we don't have to get anyone hurt.

I snapped my fingers and we were on the planet Siegela.

Me: Planet Siegela is better for our battle.

Then I felt a powerful pain and I just saw that the Ship Org had just cut off my leg.

Ship Org: Sorry to cut you off! But at least you can get a peg leg now. You just need a hook hand to go with it!

Me: Ha! Nice try Ship Org.

I regrew my leg back and I was stronger than ever.

Me: My immortality and invincibility enable me to regenerate my organs and limbs.

Troy: Luan, you handle Vypra. We'll take care of the rest!

Luan: Right!

Megaforce Rangers: Legendary Ranger Mode: Turbo!

Me: I'll handle the Sound 4.

Then a portal opened up and out came Nico, Jonny Quest and Jessie Bannon and they were armed with laser gatling guns and energy swords.

Me: Looking good Nico!

Nico: Thanks man. We'll take on the Destroyer of Worlds.

Me: Show no mercy.

Mordecai: Don't worry. Me and Rigby know how to beat this guy!

Me: Go get him.

## Battle 1: J.D. Knudson VS Dark Tayuya, Sakon & Ukon, Kidomaru and Jirobo.

---

I was walking up to the Sound 4 and they were back with a vengeance.

Dark Tayuya: You are a fucker that is always ruining evil's plans! Damn that pisses me off!

Jirobo: Tayuya, watch your language.

Dark Tayuya: Oh shut up fatso!

Me: How about you fuckers BOTH shut up!?

Sakon: We will still get our revenge on you for killing us!

Me: Even after 150,000 years, you 4 fuckpots just won't take a hint. Even after spending all that time in Hell. Like I already told you assholes, I am far more powerful than I was when we fought the last time.

Dark Tayuya: Don't underestimate us you piece of crap! Got it!?

Me: Says the pot calling the kettle black you fucked up bitch! You are the ones who underestimated me. Because you had no idea that you were fighting the long lost leader of Team Loud Phoenix Storm. You guys are still as weak as you were the last time we fought.

Jirobo: I'm gonna shut that big mouth of yours for you!

Me: Two words Jirobo: FUCK YOURSELF!

The Sound 4 charged at me and I flared up my Super Angel 30,000 power and went at them! I punched Dark Tayuya in the face and kicked Kidomaru in the stomach and punched Sakon and kicked Jirobo and fired a powerful blast of fire and energy and Dark Tayuya and the blast hit her and exploded. Blowing her chest open and I kicked her head and kicked Jirobo in the face and punched him in the stomach and punched Sakon & Ukon in the face and fired a powerful blast of lightning at them and electrocuted them all over and I kicked Jirobo and fired a powerful barrage of leaves and cut them up.

I landed in front of them and I asked them a question.

Me: I don't understand you fuckwits. Why are you serving someone like Vypra all just to get revenge on me for killing you 150,000 years from now? All you are is nothing but a bunch of tools to the Masters of Evil.

Sakon: What? We're nothing but tools? Is that what you called us?

Me: Uh yeah.

Sakon laughed.

Jirobo laughed too.

Kidomaru: You ignorant fool. We have nothing whatsoever to do with the Masters of Evil.

Sakon: Our reanimation is simply because of our loyalty to Lord Orochimaru.

Me: (Sighs) Even after all this time you still follow someone as fucked up and as delusional as that snake fucker.

Sakon: Quite so. He made us a promise long ago and this is the result of that.

Me: Humor me.

FLASHBACK - 150,000 YEARS HENCE

Orochimaru was watching a bunch of prisoners fight each other mercilessly and Kabuto Yakushi was with him.

Orochimaru: Yes, that's it. Kill each other off. And if you are not taking this battle seriously, then I'll just kill you myself.

It was a gruesome and terrible battle and there were many people dead. The only ones left standing were Tayuya, Sakon & Ukon, Jirobo and Kidomaru.

Orochimaru: The feeling that's born when one transcends the fear of death. Yes that's it. That's what I wanted to bring out in you. Just look at those fine eyes of yours. Now I shall bestow upon you greater power and you shall carry out my bidding as my favored ones.

Sound 4: NINJA ART: 4 FLAMES FORMATION!

A powerful blackish purple barrier formed during the fight with Orochimaru and the 3rd Hokage.

Sakon: (Narrating) Standing at Lord Orochimaru's side, we've been witnessed to many jutsu. But the ultimate is the Reanimation Jutsu.

After I defeated Orochimaru and destroyed his entire career as a shinobi permanently, he was lying in bed and seething in rage and burning in pain.

Orochimaru: That fucking brat! I can't believe he ruined me! HOW DARE HE!?

He had the Sound 4 by his bedside.

Orochimaru: What? Do you have something to say?

Sakon: No.

Orochimaru: In the condition I am now, you four might be able to kill me. This is your chance if you dare to try.

But the Sound 4 wouldn't do so.

Orochimaru: Well it seems that as long as the Curse Mark binds you, you cannot bring yourself to raise your blade against me. Although the invasion was a failure from the start, you did make yourselves useful in the attack on the Hidden Leaf. For that I shall reward you. What do you wish for?

Sakon: There's only one thing Lord Orochimaru.

Jirobo: Power. Power as a shinobi. We wish for nothing more than that.

Orochimaru: So it shall be. That's quite impressive. All of you. I commend you on your choice. I'll add each of you to the sample. To access the next level of power within you, you will need a vengeful heart. Possessing an extreme desire for revenge will rapidly increase the power of the Curse Mark.

Kidomaru: What's the connection between that and the Reanimation Jutsu?

Orochimaru: The emotions you 4 learned from overcoming the fear of death at that laboratory are resentment and hatred towards me. No, an even stronger feeling. I'm sure you swore to get back at me one day. Even if you were killed in the process. That emotion, when you can hate someone as strongly as that. Once you're actually killed you take it with you. That hatred towards the one who put you to death. You die thinking that you could be resurrected, it will be to only seek revenge. Yes. Through the Reanimation Jutsu, you will return as one seeking vengeance. You will attain power unlike anything you've ever had before. The source of your newfound strength will be your consuming desire for vengeance. Embrace that power. Take pleasure in it, revel in its might.

FLASHBACK ENDS

Sakon: Today just as it was in the future you killed us in, we belong to Lord Orochimaru!

A massive blast of wind blew and I felt their power increase dramatically!

Kidomaru: We are Lord Orochimaru's very own Seekers of Vengeance!

Malevolent dark purple auras flared up around the Sound 4 as their powers were rising dramatically at an accelerated rate!

Jirobo: The intense hatred and resentment that we harbor towards you will allow us to unleash the full depths of our power!

Sakon: The way it stands now, no one can stop us!

Dark Tayuya: And don't you even dare to lump us in with all those other fuckpots you fought you fucking piece of trash!

Storm clouds rapidly formed and the sky was darkened and lightning struck all over the place. My aura was getting stronger because of their hatred.

Me: So you all were brought back just to get revenge on me? You 4 are just as fucked up as ever. Then it's time for me to get serious and show you fuckers that I am far more powerful than I look right now.

I then flared up my power to an intense level and I went Super Angel-Ebonwu 100,000 Elemental Phoenix.

Me: (Divine Voice) **Now lets see you face the pinnacle of my true power.**

I went at them at a tremendously blinding speed and punched Jirobo in the face with devastating force and kicked Dark Tayuya in the face and sent them both crashing into a bunch of trees and I fired a powerful blast of fire at them and it hit them and exploded with incredible power.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I kicked Kidomaru in the face and teleported behind him as he fired gold arrows at me and I grabbed his four extra arms and pulled and I ripped them clean off and he screamed in excruciating pain! I kicked Sakon in the face and fire a blade of light and cut Sakon and Ukon in half and fired a powerful blast of lightning at him and electrocuted them both and fired a powerful blast of lava and burned them all over and fired powerful shards of crystal at Kidomaru and skewered him all over the place and I kicked him in the face and teleported and kicked him in the back and fired a blast of fire at him and burned him all over and I kicked him high into the air and dealt a spinning axe kick to his stomach and sent him crashing into the ground. I sensed Dark Tayuya coming at me from behind and she kicked at me and I dodged her strike and grabbed her leg and elbowed it and there was a nasty sickening crunch and she screamed in excruciating pain and I elbowed her in the face and swung her around and sent her crashing into the ground. I formed a Supernova energy ball and sent it at Tayuya and it hit her and exploded in a massive fiery explosion of incredible power.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Jirobo jumped at me and I sensed him coming from behind and I teleported as he did a powerful punch at an incredible speed and I fired a massive barrage of wind blades at him and cut him all over and I fired a powerful ball of light at him and it hit him and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I then teleported and punched Sakon and kicked Ukon in the face and fired powerful blasts of water at them both and sent them crashing into a bunch of trees. The Sound 4 were down, but they were severely weakened and badly beaten. I have completely overwhelmed the Sound 4 like they were 150,000 years from now.

Dark Tayuya got up and she saw how much I've changed.

Dark Tayuya: I can't fucking believe it! He's changed so much!

Kidomaru: I HATE YOU J.D.!

My aura flared up with incredible power.

Me: **You fuckers hate the fact that you're completely powerless to stop me. That you are completely outclassed and outmatched. Your power up fueled by revenge has only made you weaker than you were before. Well imagine feeling the way you do now all of the time like those that were killed by Orochimaru once felt. Fools! How do you think everyone felt when they were experimented on and turned into dangerous barbarian mutants like you guys were. They wanted to be put out of their misery. But I granted their wish after I killed Orochimaru. Now it's your turn you Sound fuckers. I hope you like the surprise I have coming for you.**

Jirobo: We'll see!

Dark Tayuya: YOU MOTHERFUCKING BASTARD!

I flipped the bird at her and then all of the Sound 4 came at me from all 4 directions and just as they were about to hit me, I teleported into the air and they collided and they rammed into each other and fell down.

Me: **Now you will go back to hell. SPECTRUM STYLE NINJA ART: VISIBLE LIGHT RASENSHURIKEN STORM!**

I formed 70 Rainbow Rasenshuriken of each of the 7 colors of the rainbow. 10 for each color and I threw them all at the Sound 4 and they hit them all at once and exploded with incredible power!

KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it blew much of the area apart and the power it had was incredible! When the smoke cleared, all of the Sound 4 were lying in the ground in the middle of a crater.

Me: **You four have no right to live.**

I landed on the ground and they got out of the crater.

Me: **Got to admire their spirit.**

They still had an incredible fighting spirit after everything I did to them.

They came at me charging and I held out my hand and it was pointed at them.

Me: **HAKAI!**

All 4 of them glowed purple and they were completely obliterated in an instant!

Dark Tayuya: DAMN YOU TO FUCKING HELL J.D.! (FADES AWAY!)

Kidomaru: WE WILL BE BACK! (FADES AWAY!)

Jirobo: YOU HAVEN'T SEEN THE LAST OF US! (FADES AWAY!)

Sakon: YOU WILL BE IN HELL WITH US! (FADES AWAY!)

They were obliterated from existence forever as if they never were born in the first place.

Me: **Not gonna happen ever again.**

I powered down.

Me: Now to help the others.

I went to help everyone else.

## Battle 2: Megaforce Rangers and Wild Force Rangers VS SHIP ORG AND THE PUTRIDS

---

The Megaforce Rangers as the Turbo Rangers and the Wild Force Rangers were facing the Ship Org and the Putrids and they were blasting and slashing the Putrids all over and the Ship Org was not fairing too well either. I swooped in and kicked the Ship Org in the face.

Me: That was for cutting off my leg!

We fired energy blasts and lasers all over and I fired blasts of energy all over at the Putrids and destroyed them all.

Me: STAR QUASAR SABER!

I slashed a bunch of Putrids all over and disintegrated them all.

I then fired a powerful energy blast at the Ship Org and obliterated it in a massive fiery explosion. He was nothing more than a pile of slop.

I fired a powerful blast of fire at the slop and incinerated it.

## Battle 3: THE DESTROYER OF WORLDS

Everyone else was facing the Destroyer of worlds. Nico fired a powerful Laser Gatling Gun blast at it and it hit the Destroyer and burned it all over. Jessie and Jonny slashed him all over with energy swords and Lana fired a powerful blast of ice lightning and froze its eyes shut and Lincoln fired a powerful blast of lightning at it and the lightning short-circuited his data and froze him up!

Nico: Wow! That stunned him! The lightning short-circuited his data and froze him!

Izzy: Prodigious! That worked and stopped him!

Me: Now we have a fighting chance! Lets get him with our combos and Final Smashes!

Moonracer: Roger that boss! CYBER KEY POWER!

The Earth Cyber Planet Key went into Moonracer's back and enhanced her Photon Cannon 100-fold.

Rock Lee: I've always wanted to do this! Time for the power of youth to be tested! HIDDEN LEAF CYBER PLANET KEY POWER!

The Hidden Leaf Cyber Planet Key went into Rock Lee's right arm device and enhanced his chakra and abilities 100-fold.

Rock Lee activated 7 of the 8 gates! He was ready for action!

Rock Lee: HIRUDORA!

Moonracer and Rock Lee: PHOTON HIRUDORA SUPERSTRIKE!

Rock Lee fired a massive blast of air pressure and it turned into a powerful tiger and the photon energy turned it into an energy tiger and it slammed into the Destroyer of Worlds and exploded with unbelievable power!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion from the blast was so incredibly strong and powerful that it was shaking the entire planet to the brink. It was so powerful and so devastating that it looked like it was gonna tear the entire planet apart! When the smoke cleared the Destroyer of Worlds was on the ground in a massive crater!

Me: WHOA! That was intensely powerful!

Varie: What Power!

Nico: No kidding! The energy level from that technique was incredible!

Qin: What was that?

Me: It was a technique of one of the Eight Chakra Gates.

I went over what they were and what powers come with it.

---

The Eight Gates exist in order to limit the flow of chakra within an individual's body. Ordinarily, individuals can use no more than 20% of their body's full potential, the brain's way of protecting the individual from harming their body through overexertion. With training, individuals can learn to remove these limiters, referred to as "opening" the gates. With each opened gate, individuals are given access to more and more of their body's chakra, thus increasing their physical strength and speed. Ninja able to open the Eight Gates have existed since at least the time of Madara Uchiha. Since Madara's era, there have only been a few known users:

Might Duy learned to open all Eight Gates after twenty years of extensive training.

Might Guy, Duy's son, was taught how to open all Eight Gates by his father.

Rock Lee, Guy's student, was taught how to open some of the Eight Gates by Guy. During Part I, he's able to open the first five gates. By

Part II, he's able to open the sixth gate. By adulthood, Lee had mastered all eight gates.

In the anime, Metal Lee, Rock Lee's son, is shown subconsciously opening the first gate.

Kakashi Hatake is seemingly able to open the first gate, as seen when he activates it during a Cliff Climbing Practice. The anime later shows him opening it explicitly.

Learning to open any of the Eight Gates is apparently very difficult, as Kakashi is surprised when he's told that Lee - only thirteen years old at the time - can open five gates; Kakashi notes that such an accomplishment is impossible through hard work alone. Part of Kakashi's surprise is also because he does not believe it was wise for Guy to teach Lee to open the gates in the first place: although opening the gates does briefly give the user power greater than what they're normally capable of, this increased power causes the user serious harm. At a minimum, the user will be fatigued, which can leave them vulnerable to attack if this occurs during combat. In more extreme cases, muscles can tear and bones can break from the strain, which can be treated with medical ninjutsu. When opening the eighth and final gate, users will die as a consequence, their bodies being unable to survive the immense amounts of chakra flowing through them.

Using the Eight Gates is described as a double-edged sword, empowering users by sacrificing their own health and safety; such risks have caused the Eight Gates to be likened to kinjutsu. Because of this, Duy developed a self-rule to dictate when it was acceptable to open any of the Eight Gates, a rule he passed to Guy, and that Guy subsequently passed to Lee: to only open the Eight Gates when protecting something that is precious enough to give one's life. Often this "precious something" is a family member, a loved one, or a teammate. Rock Lee has also been known to use the Eight Gates to defend his nindō, the dream by which he leads his life.

## Gates

When opening one of the Eight Gates, users are typically shown opening all preceding gates as well, though it is not clear if this is actually required. To have all of the Eight Gates open at once is known as Eight Gates Released Formation.

The Gate of Opening (開門, Kaimon), located in the brain, removes the user's mental inhibitions. Opening this gate allows the user to perform the Front Lotus, a technique that tires them afterwards.

The Gate of Healing (休門, Kyūmon, English TV: The Gate of Rest), located in the brain, increases the user's physical strength. This has the added effect of re-energizing the body, enabling it to rapidly recover from exhaustion.

The Gate of Life (生門, Seimon), located on the spinal cord, turns the user's skin red when opened. Other effects include the user's pupils disappearing, their hair standing on end, and bulging veins all over their body. Opening this gate allows the user to perform the Reverse Lotus.

The Gate of Pain (傷門, Shōmon) is located on the spinal cord. Rock Lee opens this gate as he's about to use the Reverse Lotus, seemingly to increase his speed; as he performs the Reverse Lotus, his muscles start to tear. Opening the gate on this occasion also causes Lee's nose to start bleeding.

The Gate of Limit (杜門, Tomon, English TV: The Gate of Closing) is located in the abdomen. Rock Lee opens this gate as he's about to deliver the final blow of the Reverse Lotus, seemingly to increase his strength; after completing the Reverse Lotus, Lee's limbs receive compound fractures.

The Gate of View (景門, Keimon, English TV: The Gate of Joy), located in the stomach, increases all the user's abilities. The power that emanates from the user is enough to displace surrounding bodies of water. Opening this gate allows the user to perform the Morning Peacock, wherein the user's punches are so fast that friction with the air produces flames. Opening this gate has sometimes been shown to create an aura around the user; in the anime, the aura is green.

The Gate of Wonder (驚門, Kyōmon, English TV: The Gate of Shock), located below the stomach, causes the user's body to secrete a blue sweat. The sweat immediately evaporates, creating an aura around the user that can be mistaken for chakra. Opening this gate allows the user to perform the Daytime Tiger, a single punch that creates a pocket of compressed air. After opening this gate, Guy's muscle fibers rupture, causing him intense pain if anyone touches him.

The Gate of Death (死門, Shimon) is located at the heart. Users open this gate by puncturing their chest with their thumb in order to direct the chakra there. While open, the user's heart pumps at maximum speed, granting them power a hundred times greater than they are usually capable of, far beyond that of the Five Kage. A "Steam of Blood" (血の蒸気, Chi no Jōki) is emitted from the user's pores and hair, resembling a flaming red aura. Opening this gate allows the user to perform the Evening Elephant and Night Guy. The eighth gate causes the body to continually heat up until it's been cooked from the inside-out, reducing the user to ash.

---

Qin gasped in astonishment.

Qin: WHOA! That is intense!

Me: It was. Rock Lee has mastered all 8 Gates thanks to the training we gave him in our adventures and in my time with him in the future. He has improved so much since then.

Nico: You are an amazing teacher J.D.

Me: Thanks Nico.

Shockwave: Boy you sure have taught everyone a lot.

Me: Not to brag, but thank you.

Shockwave: Lets get this guy! CYBER KEY POWER!

The Earth Cyber Planet Key went into Shockwave's back and his blaster form was enhanced 100-fold.

He turned into a blaster and Ace picked him up.

Ace: Time for some action! EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into her right arm device and enhanced her powers 100-fold.

Shockwave and Ace: PSYCHIC GAMMA RAY BLAST!

Shockwave fired a powerful blast of gamma rays and Ace fired a powerful blast of psychic energy and the blasts hit the Destroyer of Worlds and exploded with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ben: Time for some spider power!

Ben turned into Ultimate Spidermonkey!

Ben: ULTIMATE SPIDERMONKEY!

Leni: (Panics) SPIDER!

Leni was hugging Ed in fear and panic.

Ed: Leni calm down! It's Ben.

Shanan: It's okay Leni. Evolved Arachnichimps look like gorillas with spider legs I know. But that's how they are supposed to look.

Leni: Oh. Sorry.

Ultimate Spidermonkey: We got to help you take care of that fear of spiders someday Leni.

Lincoln: She already made peace with my classes pet spider Frances.

Me: I remember that.

Poison Ivy: Wow.

Poison Ivy fired powerful vines and Ultimate Spidermonkey fired powerful web blasts.

Poison Ivy and Ultimate Spidermonkey: STICKY VINE ENTANGLEMENT!

The attacks entangled the Destroyer of Worlds in them.

Ben then turned into Ultimate Big Chill!

Ben: ULTIMATE BIG CHILL!

Ultimate Big Chill fired a powerful blast of endothermic fire and Shego fired a powerful blast of green fire.

Ultimate Big Chill and Shego: FROZEN FIRESTORM BURST!

The blasts combined and they hit the Destroyer of Worlds and froze him solid!

Ultimate Big Chill: Let me try something different.

Ben then surprised us with a new ultimate form. He turned into ULTIMATE GHOSTFREAK! He was in every way appearance wise like Zs'Skayr except he had three ghost tails and he had black fire on his shoulders, spikes were on his back, arms, hands and shoulders and he had three miniature heads orbiting around him each enveloped in black fire!

Ben: **ULTIMATE GHOSTFREAK!**

Me: WHOA! An Evolved Ectonurite!

Shanan: Wow! Out of all the Ultimate forms, I think this has to be the scariest and coolest of them all!

Lucy Loud: I like this form the best. It reminds me of what I can do while talking to my friends of the dead.

Ultimate Ghostfreak: **Thank you Lucy. Watch what it can do.**

He fired a massive blast of dark fire at the Destroyer of Worlds and burned it all over and he formed miniature heads all over and they too fired powerful blasts of dark fire and burned him all over. He fired his spikes at the Destroyer of Worlds and they hit him and exploded all over with powerful dark fire!

Me: WHOA! That is so awesome!

Nico: Wow! That is awesome!

Riley: Way to go Ben! That was awesome!

Nico: Wow!

Me: Lets finish this clod for good!

Jessie Bannon: You got it! PHOENIX FIRESTORM BURST!

Jessie fired a powerful blast of fire at the Destroyer of Worlds and it turned into a powerful phoenix and it hit him and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOMMMM!

Mordecai: We brought you into this world and now we will take you out! BLUEJAY WING SEEKER!

Mordecai fired a blade of blue energy and it hit the Destroyer and cut him good.

Rigby: You are a bad video game! RACCOON BITE BLAST!

Rigby fired a powerful blast of energy from his mouth and it formed into a powerful energy mouth and it hit the Destroyer of Worlds and bit him with incredible force and exploded!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM!

Benson: Now you are Fired! ANGER GUMBALL FIRESTORM!

Benson got really angry and fired a powerful blast of fire and it hit the Destroyer of Worlds and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Skips: I will never allow you back into our world. IMMORTAL FIRESTORM BURST!

Skips fired a powerful blast of fire and it hit the Destroyer of Worlds and exploded with incredible power and destroyed him in an instant!

KKKRRRRRAAAAAABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOO

The Destroyer of Worlds has been destroyed!

Me: YEAH!

Nico: Destroyer of Worlds, you have failed this world as a video game and as a monster!

Me: Well said Nico. Awesome job using Questworld to weaken it.

Nico: Thanks man. It was awesome!

Jonny Quest: Glad you had fun.

Mordecai: (To the viewers) Never mess with a video game that will kill you. For the love of humanity don't do it!

Me: Good advice.

BATTLE 4: Luan VS Vypra

---

Luan had a sword of light ready as she was facing Vypra herself.

Vypra: So the wannabe comedian is gonna face me.

Luan: You'll find that I'm not in the mood for jokes now. Lets dance you witch!

They charged and clashed their swords and it was a massive and brutal clash. Luan kicked her in the stomach and punched her and slashed her face! Vypra was dripping green blood from her left cheek.

Luan: That's for all the crimes you did in Mariner Bay.

Luan kicked her in the face and punched her in the stomach and they resumed their clash and sparks were flying all over the place and setting much of the swamps on fire and she kicked Vypra in the face and slashed her wing.

Luan: That was for coming back.

Vypra was defeated.

We came over.

Skips: Vypra, when we were facing Marybeth, it was you and your crew that destroyed her monster truck, wasn't it?

Vypra: Technically, it was Dark Spicer who shot her tires.

Luan: Why would you save Leni like that?

Vypra: Simple. If anyone's going to kill you all, it's going to be me and my main 5 teammates. No one else. Not even Voldemort!

Lori: I literally don't know what to say about this right now.

Me: But it doesn't change the fact that we are enemies.

Vypra: You know what? I think that's all the time we'll have for today. (teleports out)

Me: Even though I've watched all her moves on Lightspeed Rescue, she just doesn't know when to quit.

Carter Grayson: I know. Vypra is like a bad rash.

Me: But that's what makes this fun.

Nico: You said it.

We fixed the park and went back to the estate.

* * *

We were back at the estate and Sam was on the sofa with Simon. He now had an awesome blue-green t-shirt with a music note on it and he had new black pants and awesome blue boots. And he also had a teal green streak in his hair like his sister does. They were talking about all of Sam's adventures on Team Loud Phoenix Storm.

Simon: Wow. You've done so much sis.

Sam S.L.: I know bro. Being with Team Loud Phoenix Storm has given me an amazing feat of confidence and an amazing power to help people. It also has made me become closer to my awesome girlfriend Luna.

Simon: I'm so happy for you Sam.

Sam S.L.: Me too bro.

Simon: At least we never have to see those monsters that we ever called our parents ever again.

Sam S.L.: Me too.

Sam and Simon hugged.

THE END

---

Another Fanfiction complete and another Regular Show villain destroyed.

The Destroyer of Worlds was from the 2nd episode of Regular Show and he was an intense villain to face! But he was awesome! The Sound 4 of Naruto are now history and they were the worst villains ever under Orochimaru. But we never have to see them ever again. Next up is the Samurai Jack villain Mad Jack and we're going to make sure that the dark side of Samurai Jack dies for good. It's gonna be a fiery fight. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is the fight with the evil ruthless warlord Drago Bludvist and we're going to make sure that warlord dies a horrible death for abusing the power of dragons.

See you all tomorrow.

# Dragons and Humans Unite

In the estate, Sora was waking up in his bed. He had an awesome nights sleep. He woke up and saw Aqua sitting on his bedside.

Sora: Morning Aqua.

Aqua: Morning, little bro. Ready to spend the morning together?

Sora: You bet I am sis. This is gonna be so awesome.

They got up and went to the kitchen to have breakfast. We were having pancakes and smoked sausages for breakfast.

Me: So you excited to spend some brother and sister bonding Aqua?

Aqua: We sure are. It's gonna be so much fun.

James: Let us come with you as well. We want you two to come back to Kairi and Ven safe and sound.

James' Cacnea: (nods) Cacnea!

Me: Good idea.

Aqua: I agree. Better to be safe than sorry.

Sora: Yep.

After breakfast they were off. We were watching them from inside Cybertron Red Alert and it was awesome. We were watching them. First they went to the arcade and Sora and Aqua were having so much fun. They were playing all kinds of video games and they won all kinds of prizes and more. They won stuffed animals and stuff. Next they went to the mall and they went to the clothing stores and jewelry stores and more. They bought beautiful clothes of all kinds and beautiful jewelry. Sora had a beautiful red mens 18K Gold ring on with a red heart keyblade on it and it said on the side Little Brother of Legendary Keyblader Aqua. Aqua had an 18K Gold women's ring on with a blue water keyblade on it and it said Big Sister of Awesome Hero Sora.

We were watching them.

Me: They are perfect for being brother and sister.

Lincoln: They sure are. It's like with me and Luna. We're like Sora and Aqua.

Luna: You said it bro. It's awesome dude.

Cybertron Red Alert: I'm happy for them. They are perfect for being brother and sister.

Laney: I agree.

Sam S.L.: I'm happy for them.

Simon: Me too.

Later they went to a good Italian Restaurant and they had really good spaghetti and a good lunch. We joined them.

Storm: Are you two enjoying your bonding time so far?

Aqua: It's amazing Ororo. Thank you.

Storm: You're welcome.

Sora: I'm so happy to be Aqua's little brother.

Me: I am too Sora. You helped us save her from the Realm of Darkness and you and Aqua helped us all in many of our adventures.

Aqua: We sure did.

Razorclaw: Your parents would be so proud of you two.

Sora: Yeah they would.

Grimlock: What happen to parents of you Sora and you Aqua?

Nico: Yeah that reminds me. I don't think we ever met your parents before.

Sora: My mom is a really nice woman.

Sora pulled out a locket and opened it. In it were two photos. On one side was a picture of Sora and his mom. She was a beautiful blond hair woman with really pretty clothes and she had a heart broach, a white poncho and a red skirt on and on the other side was a photo of him and Kairi over at the Bistro in Twilight Town.

Sora: See?

I saw the photo of Sora and his mom.

Me: Wow. Your mom is pretty.

Sora: She sure is. Last I ever heard of her was when my journey began.

Me: Back when all of hell broke loose and the Destiny Islands were sucked into the Realm of Darkness.

Sora: Yeah.

Me: We should meet her later on. She must be really worried about you.

Sora: Yeah.

Me: What's your mom's name Sora?

Sora: Tsuki. Her name means Moon.

Me: And your name means Sky. Awesome names. We'll have to meet her later on.

Aqua: I miss my mom and dad too. My parents died back when I was a little girl and Master Eraqus took me in.

Me: Oh no. I'm sorry Aqua.

Nico: Boy that stinks. I'm sorry. We're they part of the Great

Keyblade War as well?

Aqua: No. They were caught in the battle and died.

Me: Oh no.

Laney: I'm sorry Aqua.

Lana: That's awful.

Sam S.L.: But they would still be proud of you for becoming a great person.

Aqua: Thanks guys.

Later after paying for our food we went to the beach and we were relaxing. We were also swimming and more. Aqua was wearing a light blue bikini and Sora had light key swim trunks. They were playing in the water and having fun. We then went back to the estate.

* * *

Back at the estate we were watching one of my favorite series: How To Train Your Dragon.

We started with How to Train Your Dragon from 2010.

* * *

Set in 12th Century Norway, The Viking village of Berk, located on a remote island, is attacked frequently by dragons, which take livestock and damage property. Hiccup, the awkward fifteen-year-old son of the village chieftain, Stoick the Vast, is deemed too scrawny and weak to fight the dragons, so he instead creates mechanical devices under his apprenticeship with Gobber, the village blacksmith, though Hiccup's inventions often backfire. During one attack, Hiccup uses a bolas launcher to shoot down a Night Fury, a dangerous and rare dragon of which little is known, but no one believes him, so he searches for the fallen dragon on his own. He finds the dragon in the forest, tangled in his net, but cannot bring himself to kill it, and instead sets it free.

Stoick assembles a fleet to find the dragons' nest, and enters Hiccup in a dragon-fighting class taught by Gobber with the other teenagers, Fishlegs, Snotlout, Ruffnut, Tuffnut, and Astrid, a tough Viking girl on whom Hiccup has a crush, to train while he is away. Hiccup returns to the forest and finds the Night Fury still there, unable to fly because Hiccup's bolas tore off half of its tail fin. Hiccup befriends the dragon, giving it the name 'Toothless', after its retractable teeth. Feeling guilty for crippling Toothless, Hiccup designs a harness rig and a prosthetic fin that allow the dragon to fly with Hiccup controlling the prosthetic.

Hiccup learns about dragon behavior as he works with Toothless, and is able to nonviolently subdue all the captive dragons during training, earning him the admiration of his peers, but causing Astrid to become increasingly suspicious of his behavior. Meanwhile, Stoick's fleet arrives home unsuccessful, though Stoick is cheered by Hiccup's unexpected success in dragon training. Hiccup is judged the winner of his training class, and must kill a dragon for his final exam. He tries to run away with Toothless, only to be followed by Astrid in the forest. Hiccup takes Astrid for a flight to demonstrate that the dragon is friendly. When Astrid reminds Hiccup of the exam, Toothless unexpectedly takes the pair to the dragons' nest, where they discover a gargantuan dragon named the Red Death, which eats the smaller dragons unless they constantly bring it live food; the two realize that the dragons have been attacking Berk under duress. Astrid wishes to tell the village about their discovery, but Hiccup advises against it to protect Toothless.

Back at the village the next day, Hiccup faces a captive Monstrous Nightmare dragon in his final exam. Instead of killing it, however, he subdues it in an attempt to prove that dragons are peaceful. When Stoick inadvertently angers the dragon into attacking, Toothless arrives to protect Hiccup, but is captured by the Vikings in the process. Hiccup accidentally reveals to Stoick that Toothless knows the location of the dragons' nest; Stoick disowns his son, and sets off for the nest with Toothless chained to the lead ship as a guide. After the Vikings have left, Hiccup is devastated, but Astrid prompts him to come to the realization that he spared Toothless out of compassion and empathy, not weakness. Hiccup then regains his confidence to go after Toothless and save him along with Astrid and the other teens.

The Viking attackers locate and break open the dragon's nest, causing most of the dragons to fly out, but also awakening the Red Death, which soon overwhelms the Vikings. Hiccup, Astrid, and their fellow pupils fly in, riding Berk's captive training dragons, providing cover fire, and distracting the Red Death while Hiccup frees Toothless. Hiccup almost drowns while doing so, but Stoick saves them both, reconciling with his son. Toothless and Hiccup lure the Red Death into a fight which is pursued above the clouds. The two manage to destroy the Red Death by puncturing its wing membranes and then tricking the beast into making a plunge from which it cannot pull up after shooting a fireball into its mouth. Hiccup is injured in the fight, losing his lower left leg. Hiccup awakens back on Berk, finding that Gobber has fashioned him a prosthesis, and he is now admired by his village, especially Astrid, who kisses him. Berk begins a new era, with humans and dragons living in harmony.

---

Next we watched How to Train Your Dragon 2 from 2014.

---

Five years after the Viking villagers of Berk and the dragons made peace, they live together in harmony. Hiccup and his dragon, Toothless the Night Fury (the last of his kind) discover and map unexplored lands. Now 20 years old, he is being pressed by his father, Stoick the Vast, to succeed him as chieftain, although Hiccup feels unsure he is ready.

While investigating a burnt forest, Hiccup and Astrid discover the remains of a fort encased in ice and meet a dangerous group of dragon-trappers. One of the trappers, Eret, blames the two for his fort's destruction and attempts to capture their dragons for the trappers' leader, Drago Bludvist, who plots to capture and brainwash all of the dragons and make them his soldiers. Hiccup and Astrid escape and warn Stoick about the dragon army Drago is amassing. Stoick orders the villagers to fortify the island and prepare for battle. Hiccup, however, refuses to believe war is inevitable, and flies off to talk to Drago. Stoick stops him, explaining that he once met Drago at a gathering of chiefs, where Drago had offered to protect them from dragons if they pledged to serve him; when they refused, he had his dragons attack them, with Stoick the sole survivor. Undeterred, Hiccup flies off with Toothless in search of Drago to try to reason with him.

They meet a dragon-rider named Valka, who is revealed to be Hiccup's long-lost mother. She explains that she, like her son, could not bring herself to kill dragons. After being carried off during a dragon raid, she spent 20 years rescuing dragons from Drago's traps and bringing them to an island nest created out of ice by a gigantic alpha dragon called a "Bewilderbeast", which is able to control smaller dragons. Stoick and his lieutenant Gobber track Hiccup to the nest, where Stoick discovers his wife is alive. Meanwhile, Astrid and the other riders force Eret to lead them to Drago. Drago captures them and, learning of Berk's dragons, sends his armada over to the dragon nest to attack, while the riders escape with Eret's help.

At the nest, a battle ensues between the dragon-riders, Valka's dragons, and Drago and his armada, during which Drago reveals he has his own Bewilderbeast to challenge the Alpha. The two colossal dragons fight, ending with Drago's Bewilderbeast killing its opponent and becoming the new alpha. Drago's Bewilderbeast seizes control of all the adult dragons, which hypnotically obey. Hiccup tries to persuade Drago to end the violence, but Drago orders him killed. Toothless, under the Bewilderbeast's influence, approaches Hiccup and launches a plasma bolt toward him, but Stoick pushes Hiccup out of the away and is killed instead. The Bewilderbeast momentarily relinquishes control of Toothless, but Hiccup drives Toothless away in a fit of despair. Drago maroons Hiccup and the others on the island and rides Toothless, again under the control of the Bewilderbeast, to lead his army to conquer Berk. Stoick is given a Viking funeral and Hiccup, now having lost both his father and dragon, is unsure what to do. Valka encouragingly tells him he alone can unite humans and dragons. Inspired by her words and his father's, Hiccup returns to Berk to stop Drago.

The dragon-riders fly baby dragons, immune to the Bewilderbeast's control, back to Berk. They find Drago has attacked the village and taken control of its dragons. Hiccup confronts Drago and a brainwashed Toothless while the other riders distract the Bewilderbeast. Hiccup frees Toothless from the Bewilderbeast's control, much to Drago's surprise. Hiccup and Toothless briefly separate Drago from the Bewilderbeast and confront Drago on the ground, but the Bewilderbeast attacks them, encasing them in ice. However, Toothless blasts away the ice, revealing that both Hiccup and he are unharmed. Toothless then challenges the Bewilderbeast, shooting it in the face repeatedly, which breaks its control over the other dragons, who side with Toothless as the new alpha. All the dragons repeatedly fire at the Bewilderbeast until Toothless fires a final massive blast, breaking its left tusk. Defeated, the Bewilderbeast retreats under the sea with Drago on its back, who drowns in the process, killing him.

The Vikings and dragons celebrate their victory and Hiccup is made chieftain of Berk. Afterwards, Berk undergoes repairs, with Hiccup feeling secure that its dragons can defend it.

---

And lastly from 2019 we watched How to Train Your Dragon 3: The Hidden World.

---

One year after the events of the previous film, Hiccup, Toothless and their fellow dragon-riders continue to rescue captured dragons in order to bring them to Berk and its bustling dragon and human utopia. Their efforts have resulted in the island becoming overpopulated with dragons. In a response to the overcrowding, Hiccup desires to find the "Hidden World", a safe haven for dragons spoken of by his late father Stoick. Meanwhile, a white female Fury dragon, held captive by warlords, is given to infamous dragon hunter Grimmel the Grisly as bait for him to capture Toothless for the warlords' use as an alpha.

Toothless discovers the white Fury, (a new species that Astrid dubs a "Light Fury") in the woods and the two become enchanted with each other until the Light Fury, sensing Hiccup's nearby presence, flees. Hiccup and Tuffnut later discover Grimmel's dragon traps in the area. Grimmel visits Hiccup that night demanding he hand over Toothless, revealing that he's hunted and killed all the other Night Furies, but Hiccup has prepared an ambush for him; Grimmel escapes, burning down Hiccup's house and most of Berk with his six Deathgripper dragons in the process. In response, Hiccup rallies the citizens and dragons to leave Berk on a quest to find the Hidden World and safety from dragon hunters.

Mid-journey, the Berkians discover an island on which they initially plan to rest for a short while, but soon begin to settle there, dubbing it "New Berk". Seeing Toothless's inability to fly solo hindering his growing relationship with the Light Fury, Hiccup rebuilds an automatic tail for him. Upon receiving the tail, Toothless flies off, meeting the Light Fury on his own and flying with her to an unknown land. Valka, on a scouting patrol, notices Grimmel's approaching army and quickly reports back to Hiccup. Hiccup and the dragon riders head to capture Grimmel; yet, they fall into his trap and barely escape. Ruffnut is captured, but irritates Grimmel until he lets her go and secretly follows her to the Berkians' new location.

Hiccup and Astrid, searching for Toothless, find the Hidden World and see Toothless and the Light Fury leading the dragons there as a happily mated couple. When the two are soon discovered, Toothless rescues Hiccup and Astrid and returns them to the Berkians, with Hiccup realizing his people would be intruders and unsafe in the Hidden World. Suddenly, Grimmel appears and captures Toothless and the Light Fury (who followed Toothless). Toothless's alpha status allows Grimmel to capture the rest of Berk's dragons by threatening to kill the Light Fury if any dragon or Berkian attacks.

With Astrid's encouragement, Hiccup sets out with the dragon riders to stop Grimmel and his army. Gliding on wingsuits, they catch Grimmel's army off-guard, igniting a battle. Hiccup frees Toothless, resulting in two of Grimmel's Deathgrippers drowning, while Grimmel drugs the Light Fury into obeying him. Hiccup and Toothless give chase, with Toothless using his newly acquired ability to draw in lightning to kill the remaining Deathgrippers. Hiccup manages to jump onto the Light Fury, but Grimmel tranquilizes Toothless midair causing the dragon to fall helplessly. Hiccup, realizing he cannot rescue Toothless alone, frees the Light Fury and implores her to save Toothless. Hiccup is fully prepared to sacrifice himself in order to save Toothless as both he and Grimmel plummet toward the sea. The Light Fury, however, returns to save Hiccup as well. At the last minute, Hiccup disconnects his prosthetic leg from himself, which Grimmel is holding on to, causing him to fall to his death, while the Light Fury grabs Hiccup and flies him to safety.

Back on the island, both Toothless and Hiccup fully realize that dragons will never be safe in the human world. Hiccup bids an emotional farewell to Toothless as all of the Berkians set their dragons free to live in the Hidden World. Toothless and the Light Fury lead the rest of the dragons away to their new home. Three months later, Hiccup and Astrid finally marry on New Berk.

Ten years later, Toothless and the Light Fury are shown to have mated and have given birth to three hybrid dragon fledglings named Night Lights. Hiccup, Astrid, and their two children sail across the sea and reunite with their dragons at the edge of the Hidden World. After introducing his children to his best friend, Hiccup takes their son flying on Toothless while Astrid and their daughter fly on Stormfly, accompanied by the Light Fury and their offspring. Hiccup vows that until humankind is ready to coexist peacefully with dragons, the dragons will stay hidden while the Berkians guard their secret.

---

We watched all three movies and we were so happy for both Hiccup and Astrid and we were sad when his father Stoick sacrificed himself to save Hiccup's life from Drago. It was a true act of valor but what Drago did was nothing but pure evil! When the movies were done, we cheered wildly!

Me: That was so awesome!

Nico: It sure was! But that Drago is the worst villain in all of the series!

Maria: So, in the end, Drago manages to kill Stoick and despite the ending in the second movie, Hiccup's family remains incomplete. Well, not if we can help it!

Me: I agree. We beat hundreds of dragons once before when we went to that apocalyptic Earth and moved everyone that survived to here.

Qin: We sure did.

Me: But what that Drago freak was doing was completely unforgivable!

I pulled up his history.

---

Drago Bludvist is the main antagonist of the How to Train Your Dragon animated franchise. He served as the main antagonist of DreamWorks' 29th full-length animated feature film How To Train Your Dragon 2, the overarching antagonist in the DreamWorks Dragons TV series, specifically in Dragons: Race to the Edge, and a posthumous antagonist of DreamWorks' 36th full-length animated feature film How to Train Your Dragon: The Hidden World.

He is a cruel, aggressive, treacherous, cunning, hateful and megalomaniacal warlord who sought to amass a massive army of men and dragons by enslaving dragons with the Muddy Bewilderbeast. He uses his domineering traits to convince entire tribes of chieftains to follow him before proceeding to dominate humankind in a reign of terror. He is Krogan, the Warlords and the his army's former leader, the Muddy Bewilderbeast's former master, Eret's former boss, one of the archenemies of Hiccup as well as Valka, and the killer of Stoick the Vast.

He was voiced by Djimon Hounsou in How to Train Your Dragon 2 and the Race to the Edge final episode The King of Dragons Part 2, who also played Korath the Pursuer in the 2014 Guardians of the Galaxy film, and Mose Jakande in Fast & Furious 7. While in the Race to the Edge episode "Wings of War Part 1", he was voiced by Hakeem Kae-Kazim, who also played his second-in-command Krogan in the series.

Supposedly, when the man who became later known as Drago Bludvist was little, his village was attacked by dragons and his family was killed. He managed to escape but not before losing his left arm. From that point onwards, he lived in fear of another dragon assault until he vowed to himself to rise above his fear and conquer the beasts that had hurt him, becoming a power hungry tyrannical warlord.

Years ago, there was a great gathering of chieftains to discuss the dragon scourge they all faced. Into the mist came a stranger from a strange land, covered in scars and draped in a cloak made of dragon skin. He carried no weapon and spoke softly, saying that he, Drago Bludvist, was a man of the people, devoted to freeing mankind fled that he once lived with a fear of dragons as a little boy, and had supposedly lost his home, his family and his left arm to them. Vowing to "rise above his fear" once and for all, Drago grew up learning how to control dragons with brute force and gathered an army of loyal humans under the guise of a "Dragon God", one who had absolute control of dragons.

Years before the events of the first movie, Drago visited a then dragon-terrorized Berk in an attempt to sway more people to his cause. He entered the Great Hall where an assembly of chiefs was present, promising them peace and freedom from the threat of dragons, but only if they chose to bow down and follow him. The chiefs took this for a joke and rejected his offer by laughing at him.

Enraged by this, Drago left the hall calling back to the chiefs, "Then see how well you'll do without me!" Moments later, two of Drago's armored dragons descended into the hall through the roof and burned it to the ground, killing all the chiefs except for Stoick, who narrowly managed to escape with his life. Stoick then saw Drago with his right-hand, Krogan, before they left the scene.

In spite of his failed attempt to recruit Stoick and his fellow chiefs as his followers, however, Drago eventually went to gain the trust of Ragnar the Rock, Griselda the Grievous and Chaghatai Khan, three ruthless warlords from Glacier Island who opted to follow him so they could controll all dragons and conquer the world with them.

Eventually, Drago met Eret, and made him one of his dragon trappers.

## Dragons: Race to the Edge

Drago serves as the ultimate antagonist of Race to the Edge. His minion, Krogan, is one of the antagonists of the show, while Drago appears in flashbacks and is mentioned in the show. He does not appear until the final episode.

In the final episode, Krogan fails to bring Drago a Bewilderbeast and Drago has Krogan executed. He then claims that he will find a Bewilderbeast himself.

Eventually, Drago found a hatchling Bewilderbeast in one of his earliest conquests. He then tortured it until it became completely subservient to him. It's likely this occurred after he had Krogan executed, as he had claimed he will find a Bewilderbeast himself during the final episode of the show.

## How to Train Your Dragon 2

In the film, Drago appears after Eret captures some dragons and most of the Dragon Riders. during the confrontation, Snotlout's dragon, Hookfang was awake and Drago tells his men who try to hold him to let go and shields himself from Hookfang's flames and yells to control as he heavily places his foot on Hookfang's snout. After hearing about that there are more dragons, Drago chokes Eret as he asks how many are there, while Astrid tells that Berk has a lot of dragon, as she says that he will be tracked down and that there is another person, who is Hiccup, who can control the dragons. As he throws Eret due to leading him to them, he announces that he will take over Berk, as well as ordering Eret to be dead,but is protected by Stormfly, who ends up being shot by a dart.

## Battle of the Bewilderbeast and Killing Stoik the Vast

After hearing about this, Drago immediately orders his army to invade the nearest dragon nest and take down its alpha. Here, the dragon riders of Berk interfere, destroying many of the army's traps and weapons all while the alpha Bewilderbeast of the dragon nest emerges. In smug retaliation, Drago unleashes his own Bewilderbeast and allows the two to fight for supremacy while he dueled with Stoick.

Then, Drago meets Hiccup in the heat of battle, with the latter imploring Drago to stop his evil, saying that dragons are not just monsters as well as pointing out the senselessness of the warlord's actions. Drago rejects Hiccup's pleas and instead has the Bewilderbeast (who managed to kill the alpha Bewilderbeast) possess Toothless before giving the order to kill Hiccup.

As a result, Stoick gets killed in an attempt to save Hiccup from being blasted by the possessed Toothless, something which delights Drago. Hiccup, in a fit of despair, briefly disowns Toothless. Toothless and all of the adult dragons present at the time of the attack under the influence of Drago's Bewilderbeast, are captured by Drago. He then rides Toothless and his massive army to Berk.

## Battling Hiccup and Toothless

Upon arrival at Berk, Drago announces to the villagers that their chief had perished and proceeds to annihilate the village with his Bewilderbeast by attempting to freeze it. Hiccup intervenes not long after and Drago gives him a "chance" to try and win back Toothless' loyalty with the expectation that Hiccup would fail.

To his surprise, Hiccup succeeds and Toothless breaks free of the Bewilderbeast's psychic grip. He then whacks Toothless with his melee weapon in an attempt to get him back under the Bewilderbeast's influence, but he fails and is dismounted by Toothless. He lands on his Bewilderbeast, where he orders it to kill Hiccup and Toothless, encasing the pair in a large tomb of ice, seemingly killing them.

## Final Battle and Death

Drago soaks in his victory, before an explosion shatters the ice, revealing both Hiccup and Toothless to be unharmed. Toothless, now with enhanced powers and immunity to the Bewilderbeast's control, challenges the latter for the position of alpha dragon, repeatedly pummeling the Bewilderbeast with shots. This distracts the Bewilderbeast enough to free the other dragons from its control and they unleash a massive volley of fireballs, forcing Drago to take cover, but not before several blasts knock off his prosthetic arm, exposing the stump where his real arm used to be. Toothless fires one last huge shot, taking off one of the Bewilderbeast's tusks.

Drago and his Bewilderbeast are defeated, and the latter retreats into the ocean with Drago still on it. It is heavily implied that Drago drowned, as the Bewilderbeast could swim underwater whereas Drago could not, and without his prosthetic arm, he was likely rendered unable to swim, thus seemingly confirming his death. His Bewilderbeast, on the other hand, albeit offscreen, goes to live in peace to the Hidden World, finally free from his control.

## How to Train Your Dragon: The Hidden World

A year after his defeat, Drago's Army ends up being hired by his other followers (after Krogan's execution) the Warlords try to succeed on his plans of world domination, but get constantly foiled by the Dragon Riders, so they hire Grimmel the Grisly, a dragon hunter worse than Drago and the person who hunted almost all Night Furies to extinction. However, Grimmel ends up betraying the trio by taking Toothless and the Light Fury, something Drago would do after his goal succeeded, leaving the dragons they captured to be leaderless. However, Hiccup saves both the dragons and Grimmel falls to his death, leaving Drago's surviving men useless and purposeless once all dragons retreat into the Hidden World. With Grimmel gone for good, dragons are safe until humankind can coexist peacefully with them.

## Powers and Abilities

Strength and Fighting Skills: Despite his disadvantage of his missing arm, Drago is a formidable fighter and opponent to both humans and dragons, being able to defeat Valka with relative ease and hold his own very well against Stoick the Vast. However, despite his combat skills, he rarely uses them himself unless necessary, preferring to rely on his dragons and henchmen to do his dirty work.

Controlling Dragons: Unlike Hiccup, Valka and the rest of the dragon riders, Drago enslaves his dragons with brute force and intimidation, and is able to use his Bewilderbeast to brainwash any who refused to follow him.

Strategy: Drago is an outstanding strategist and tactician, he is able to conquer enemy positions easily. However Drago prefers brute force, he believes that it's more effective than strategy, cunning and tactic.

Leadership: Drago is more than capable in leading his vast and enormous army of Dragon Hunters and of dragons in armor.

Me: He's pure evil and completely and utterly ruthless!

Nico: I would like nothing more than to kill this fucker!

Qin: Me too.

Laney: This guy is a monster!

Me: Time to show him the true power of Humans and dragons working together as one. Summon the Dragons!

We summoned all our dragons and we went in through a portal that took us to the world of Berk! We were flying to Berk. We had dragons from Yu-Gi-Oh!, Magic the Gathering, All kinds of awesome dragons. We all went through the portal and we were in Berk.

---

BERK - 12th Century Norway.

---

We were flying over the ocean of the world of How to Train Your Dragon and it was an amazing place.

Me: Wow! So this is the world of How to Train Your Dragon. It's beautiful.

Nico: It's amazing.

Laney: This is so cool!

Qin: Amazing!

Kin Tsuchi: It's breathtaking. I would call this place a great vacation spot.

Lana: Me too.

We saw all kinds of dragons swimming in the water and flying in the air. They were incredible.

Marianas: This is so amazing.

Vince: Boy it sure is.

Flashwing: I would love living in a place like this.

Spyro: Me too.

Whirlwind: This is amazing!

Sunburn: I could get used to this.

Me: This world is incredible.

Varie: It sure is. I wouldn't mind coming here for a vacation.

Isaribi: Me too.

Haku: It's amazing.

?: HEY!

We turned and we saw Hiccup and he was on a Night Fury dragon called Toothless.

Me: It's Hiccup and Toothless.

Hiccup: Welcome to Berk, guys.

Me: Glad to be here. We are Team Loud Phoenix Storm and we are from Earth in the 21st Century.

Hiccup: Wow! We've heard so much about you all. It's an honor to meet you all. Word has travelled all over the universe about your achievements.

Me: I'm sure it has. But how can that be? Our times are over 800 years apart.

Hiccup: Our worlds are set on different planets. You all are from Earth. Berk is on another planet Earth set in the 12th Century.

Me: Wow. That's amazing!

Nico: It sure is. So this world is set in the 12th Century where our world is set in the 21st century.

Hiccup: Exactly.

I did a scan and it showed that we were on another planet Earth located in the Cartwheel Galaxy 500 million light-years away from our Earth.

Me: Wow! We're all the way over in the Cartwheel Galaxy.

Lincoln: Whoa! That's over 500 million light-years away!

Lisa: A very considerable distance from our Earth in the Milky Way Galaxy.

Lola: No kidding.

Hiccup: Follow me guys.

We went with him. We were flying and we soon arrived at the island of Berk! And what we saw was unbelievable! We saw an island where humans and dragons can live together in peace and harmony. There were thousands and thousands of dragons and it was a prime example of dragons and humans working together in peace.

Me: WHOA!

Nico: So this is Berk. It's amazing!

Laney: This is incredible!

Lori: There's literally so many dragons here!

Naruto: This is amazing! I've never seen so many dragons here.

Sakura Haruno: Wow! This is incredible!

Fu: It's so amazing here!

Hiccup: Yep. This is Berk. It's our home.

Me: And it's now a utopia for dragons and humans.

My Lightning Dragon roared.

Me: Easy. They are friendly dragons.

Hiccup: You sure have trained your dragons well J.D.

Me: We love our dragons like our family and they are part of us as we are a part of them.

Our dragons roared with honor and love.

Nico: Wow.

Me: Yep.

We landed and we saw that Berk was incredible.

Me: Wow! So this is Berk. It's amazing!

Hiccup: It's home sweet home.

Lincoln: It's amazing.

Linka: It sure is.

Dragons were flying all over the place and humans and dragons were doing all amazing.

Nico: This is incredible.

A dragon called a Deadly Nadder came. It was Stormfly and on it was a girl with blonde hair and blue eyes. It was Astrid Hofferson, Hiccup's future bride and love.

Astrid: Wow! The famous Team Loud Phoenix Storm!

Me: Astrid Hofferson. It's a pleasure to meet you.

Astrid: Same to you J.D. We were told so much about you. There isn't anyone on our world that knows who you are.

Me: Well I don't know about that. Not everyone all over the universe knows about us.

Astrid: Maybe but you saved us all so many times.

Me: True. We've been all over the universe and seen most of it and we're still scratching the surface about what is out there.

Hiccup: That's right.

Snotlout Jorgenson came.

Snotlout: That is so cool.

Me: Snotlout Jorgenson. It's a pleasure to meet you.

Snotlout: Same to you J.D. We've heard so much about you.

William: You know, Snotlout. Despite you being cocky, you're actually a nice guy and a hero at heart.

Snotlout: (cries tears of joy) Aw, thanks, dude! You're making me all warm and fuzzy inside!

Then explosions happened and we saw a man coming for Berk. It was the ship of ERET!

---

Eret is a 25-year-old dragon hunter who works with Drago Bludvist. He is an experienced dragon trapper who captures dragons, them gives them to Drago. Afraid of incurring Drago's wrath, Eret still holds a scar from when he failed to meet Drago's demands.

How To Train Your Dragon 2

He first appears trapping Astrid's dragon Stormfly. Eret explains the situation and how Drago intends to conquer everything using his dragon army. Even after they escape, Eret swears he'll capture them. Ruffnut is notably attracted to him.

After failing to inform Drago of the dragon riders at Berk, Drago attempts to execute Eret. Stormfly saves his life, showing him the compassion of dragons. Realizing that Drago is a power-hungry monster only out for his own, and Stormfly's willingness to save his life, Eret is spurred to reform and sticks to the side of Hiccup for the rest of the movie.

---

Me: It's Eret!

Nico: I remember him!

Me: He still has some good in him. Lets go talk to him.

We went down to talk to him.

I flew on my Lightning Dragon and Nico had his Stardust Dragon with him.

We flew to him.

Me: Eret!

Eret: J.D. Knudson of Team Loud Phoenix Storm!

Me: That's Eret. I just want to talk. There's still good in you. It's not too late for you to change.

Eret: You will never hold on to those dragons! You hear me?! Drago is coming for them all!

Raythor: (to Eret) Eret, I used to follow a tyrant before J.D. and the others changed me. I just hope you follow the same path that I chose.

I sensed a powerful energy out to the west and I knew that it was

Drago!

Me: Drago's coming!

Hiccup: Toothless what's wrong!?

Me: Uh oh!

We went over and we saw Toothless kicking Hiccup off and then my Lightning Dragon caught him.

Hiccup: What's gotten into Toothless?

Me: It's the Bewilderbeast. Drago's controlling him with psychic hypnosis.

We landed and tried to reason with Toothless.

The mind controlled Toothless shot a fire blast at Stoick.

Maria: NO! NOT THIS TIME! (fires water blast at the fire, saving Stoick's life)

Me: Everyone! Get your dragons and follow me so we can devise a plan of attack!

Astrid: Right!

We got our dragons and flew north to figure something out. But some of the dragons were under the control of the Bewilderbeast.

Drago saw us leave.

Drago: You may have saved some of the dragons from me. But when night falls, I will come to conquer Berk!

In an ice cave we were coming up with a plan of attack. It was gonna be a tough battle.

Me: We have a tough battle coming.

Optimus Prime: Hiccup, I have someone to meet you.

We saw a woman that was really beautiful and she had brown hair and was amazing.

Hiccup: Are you-

Optimus Prime: Hiccup, meet your mother.

It was Hiccup's mother Valka.

Valka: Hiccup my son.

Hiccup: Mom!

They hugged for the first time in so long!

Hiccup: I thought you were dead!

Valka: No I wasn't dead.

Me: Valka, I'm so glad you're safe and alive.

Nico: Me too.

Valka: Thank you J.D. We have to come up with a plan to destroy Drago.

Me: And I may already have one. It's gonna be a rough battle but we're gonna be ready for anything. I can use my magic to help the dragons be impervious to the Bewilderbeast's mind control.

Nico: But dragons are impervious to magic.

Me: Trust me man. This time is different. It will help us and the dragons.

Sora: That's right.

Me: Now lets get ready. We march into battle and war.

Nico: Get ready Drago, your end will be at the hands of Team Loud Phoenix Storm and the Dragons.

Me: You picked the wrong people to fuck around with.

Nico: While Maria saved Stoick's life, we managed to save some of the dragons from Drago's control. But not all.

Me: Don't worry. We will save all of them.

We were getting ready for a fight that will decide the fate of the world. We then were off to face Drago Bludvist and the Bewilderbeast.

---

We were ready to fight and we were flying and we saw the Bewilderbeast heading to Berk. He was a huge and massive dragon that was as big as a mountain!

Me: Oh no you don't!

I fired a powerful energy blast and it hit the Bewilderbeast and exploded and it was knocked down in a powerful explosion.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Drago: NO!

We were in front of Drago and he was gonna wish he was never born.

Me: Drago Bludvist. So we meet at last.

Drago: The mighty Team Loud Phoenix Storm. I will enjoy killing you before ruling this wretched world!

Me: Not if we kill you first.

?: Then you will deal with me too!

We saw a figure come out and it was FATCATFISH from Episode 8 of Time Force!

---

Fatcatfish like all other mutants was created in the result of the science accident. Before the events of the series, he tried to kill Jen and Alex, but was defeated and arrested. Later in the eighth episode Ransik released Fatcatfish to help him to destroy the rangers. Ransik wanted to use Fatcatfish's skills of bounty hunter to against the rangers. At first Ransik gave him only half of his reward. Fatcatfish had very difficult relations with Frax. Fatcatfish thought that Frax is his friend. But, actually, Frax disliked the mercenary. When he was released, the mutant destroyed several Cyclobots, that Frax created and Frax wanted to get revenge on him. Fatcatfish agreed to have a date with Nadira, because she loved him, because of his money. But Nadira spent all his advance and left him. Fatcatfish wanted to get the second half and wanted to kill rangers. When rangers first encountered with him, Jen remembered that Fatcatfish tried to kill her and Alex and she wanted to kill him. Rangers saw it and tried to talk with Jen. Fatcatfish met with Frax and Frax agreed to help him, but really he set up Fatcatfish and told Jen that Ransik will be on the factory. Ransik came and he thought that Fatcatfish betrayed him. Jen came and started to fight with them. Fatcatfish escaped. Later he tried to kill Frax for betrayal, but Jen interrogated. Jen defeated Fatcatfish and she wanted to kill him, but the other rangers came. Jen understood that Alex wouldn't ever approved it and she agreed to spare him. But the the chain of his DNA was removed and he was enlarged. In the giant size he tried to battle the Time flyers, but was eventually frozen and captured by Time Force Megazord. Jen took his action figure and placed in the container.

---

Jen Scotts: Fatcatfish!

Fatcatfish: It's been a long time pink ranger.

Me: You know we actually faced a mutant that had a clone that turned into you and we beat him.

Fatcatfish: That is a strange thing.

Wes gave Alex his morpher.

With us was Alex, Jen's fiancé that was resurrected by me.

Alex: Wes, why are you giving me your morpher?

Wes: Fatcatfish insulted you and Jen's honor. It's only fair that you help her bring him in.

Alex took the morpher.

Alex: Thanks Wes.

?: He's not the only one!

Vince: I thought I would never hear that voice again.

Out came a heartless. The Heartless that appeared before us looked like a crimson red version of Carnage with the Heartless symbol on the chest and the head of a familiar villain.

It was CLETUS KASADY A.K.A. CARNAGE! And he was reborn as a heartless called the Nihilistic Carnage!

Spiderman: Kasady?

Nihilistic Carnage: Long time no see, Spider Man!

Me: Cletus Kasady! I thought we were rid of you for good after we killed you!

Nihilistic Carnage: I'm now back as a heartless! (Insane Laughter!)

Me: You're still as insane and fucked up as ever when we killed you.

Qin: So he's the Cletus Kasady I've heard about!

Me: That's him Qin. He was one of Spiderman's most dangerous enemies.

I went over his history.

---

Cletus Kasady, or also better known by his supervillain name Carnage, is a fictional character and a major villain from Marvel Comics. He commonly serves as one of Spider-Man's most evil and most dangerous enemies.

Unlike other members of Spider-Man's rogues gallery, who were ordinary people who suffered accidents or some personal tragedy before becoming super villains, Cletus Kasady was already a very dangerous serial killer before the symbiote made him the powerful psychotic supervillain known as Carnage.

Carnage is an archenemy to Venom (including Eddie Brock and Flash Thompson), and wishes to destroy both of them so he can cause mass-murder without end. He is also one of the (if not the) darkest, most insane and most disturbing villains Spider-Man has ever faced. He is the eponymous main antagonist of Maximum Carnage, Minimum Carnage, Carnage USA and recently Absolute Carnage.

Even when he was a toddler, Clestus Kasady was already a deeply disturbed person with a dark past; born at the Ravencroft Institute for the Criminally Insane, he died a few minutes afterward, before he was revived by the primordial entity Knull to be the one free him from the Klyntar. As a child, he killed his grandmother by pushing her down a flight of stairs, tried to murder his mother by throwing a hair dryer into the bathtub, and tortured and killed the family dog Fifi with a drill. When his father caught his wife trying to kill Kasady in a mix of self-defense and rage for what their son had done to her beloved pet, he beat her to the brink of death and received no defense from Kasady during his trial.

Kasady was then sent to the St. Estes Home for Boys, where his antisocial behavior made him the target of abuse from both the other orphans and the staff. Brutal years he endured at St. Estes only further shaping the killer inside the young man, subsequently giving him him his philosophy where life was essentially meaningless and futile, that "laws are only words", and that the spreading of chaos through random, unpatterned bloodshed was "the ultimate freedom". Kasady eventually gained his revenge by murdering the disciplinarian administrator, pushing a girl who laughed at him for asking her to date him in front of a moving bus, and eventually burning down the orphanage.

## Becoming Carnage

Eventually, Kasady was captured and convicted of eleven murders; he bragged about a dozen additional killings while in custody, which the police presumably could not find sufficient evidence for. Now imprisoned for eleven consecutive life sentences, Cletus Kasady shared a cell Eddie Brock who has lost his Venom symbiote thanks to the toxic touch of the supervillain Styx. Learning of Brock's grudge against Spider-Man, Kasady tried to convert him to his nihilistic philosophy, mocking Eddie over his claims to have once been the supervillain Venom. Repeatedly rebuked, Kasady decided to murder his cellmate, but before he could the Venom symbiote entered the cell and rebonded to Eddie. Venom broke free, leaving the terrified and jealous Kasady behind.

Sensing his desire for the power Eddie possessed, a scrap of the symbiote left behind, none other than Venom symbiote's offspring, dripped onto Cletus' hand and bonded with him, transforming him into the monstrous Carnage. A security guard who witnessed his transformation was subsequently killed with his body somehow "pulled through the bars of his cell" before escape, and commit around a dozen of murders in far more extreme methods.

As Carnage, Kasady proved stronger than Spider-Man and Venom combined, and his symbiote was not only less susceptible to sonics than its progenitor, but infinitely more difficult to remove, having bonded to his bloodstream. In his first appearance, Carnage forced Spider-Man and Venom to call a temporary truce to defeat him.

## Maximum Carnage

Following his defeat, Carnage was sent to The Vault, a prison for supervillains, and later to the Ravencroft Institute; a facility for criminally insane superhumans. Hoping to find a cure for Kasady's madness, a doctor drew blood from him, unknowingly allowing him to transform back into Carnage. After bursting out of his restrains, Carnage freed fellow inmate Shriek from her confinement and escapes from Ravencroft with her. Carnage and Shriek then go on a killing spree and recruit Doppelganger, Demogoblin and Carrion into an army of psychopathic supervillains bent on taking over New York. Despite declaring himself the "father" of the group, the other members in fact hated Carnage and only stayed in devotion to Shriek.

As the death toll increases, Spider-Man, Venom, Captain America, Black Cat, Nightwatch, Cloak and Dagger, Iron Fist, Deathlok, Morbius, and Firestar all join forces to defeat Carnage and his gang, although they are polarized by Venom's desire to stop Carnage at all costs and Spider-Man's refusal to use violent methods, leading to Spider-Man abandoning Venom to Carnage's mercy. To make matters worse, Carnage uses Shriek's psychic channel powers to turn the populace of New York bloodthirsty and violent, allowing them to continue their killing spree without hindrance.

Eventually, Carnage turns on his "family", causing Shriek to become distracted from using her psychic power in the ensuing battle. Taking advantage of this, the heroes use a device acquired from Stark Industries to project feelings of love and hope into the villains, overwhelming them. While the others are captured, Carnage fakes his death by covering one of his victims in a mock Symbiote costume and flees. Once the heroes have dispersed, Carnage ambushes Venom, although, due to being left frantic and disoriented from the previous fight, he is relentlessly beaten and then tackled into an electrical generator. After being knocked senseless, he is arrested soon afterwards.

## Later life

Despite supposedly being irremovable, the Carnage symbiote left Cletus twice of its own volition, once to bond to Spider-Man's clone Ben Reilly, and the second time to bond to the Silver Surfer, but both times returned to its original host. Fed up with Carnage, Venom once devoured the symbiote, leaving Cletus powerless for a time, though the serial killer somehow managed to obtain an exact duplicate of it in the Negative Zone that has since merged with the remnants of the original.

When Cletus realized the Carnage symbiote was about to give birth, he passed the offspring on to a police officer named Patrick Mulligan, exhausted from trying to suppress the process and intending to kill them both later. This backfired when the offspring Toxin, teamed up with Spider-Man and Black Cat to defeat him and Venom. While imprisoned on the Raft, Carnage participated in a breakout but was apprehended by the Sentry, flown into orbit, and torn in half.

Presumed dead, Cletus was actually cocooned by the symbiote, but missed out on the Civil War, Skrull Invasion, and Dark Reign. His body was eventually recovered by Hall Industries, which extracted the symbiote from him and used it to engineer unique prosthetics. Equipped with a new pair of legs, Cletus was eventually reunited with the symbiote and stronger than ever, but was repelled by Spider-Man and Iron Man with help from the symbiote's new offspring, Scorn.

Traveling to Doverton Colorado, Kasady took over the town by creating copies of the symbiote, even parasitizing the Avengers, but was defeated by the Life Foundation symbiotes, Scorn, and Agent Venom. Imprisoned, he was freed by servants of Marquis Radu, a tyrant in the Microverse who intended to use the Carnage symbiote to create an unstoppable army. Pursued by Agent Venom and the Scarlet Spider, Carnage betrayed Radu's forces but was captured and his symbiote cloned and fused to copies of the Venom symbiote. Intrigued by this, Carnage attempted to assimilate the Venom symbiote to become even more powerful, but was stabbed through the head by the Scarlet Spider's stingers and lobotomized.

Comatose and under the control of the symbiote, Cletus was eventually broken free by Klaw and the increasingly psychotic Wizard, who wanted to turn him into his own version of Agent Venom. Unable to do so due to Cletus being brain-dead, the Wizard has Klaw subdue the symbiote and transfers it into his old friend Karl Malus, blowing up his base with Kasady still in it. The Wizard's control over Malus proved tenuous at best, and during a fight with the Superior Spider-Man he lost control, allowing the symbiote to take over and go on a rampage, destroying Klaw's corporeal form in the process.

The resulting shockwave blasted the symbiote off Malus and onto the Wizard, who the symbiote promptly took control of and resumed its rampage. Superior Spider-Man learns Kasady survived the explosion, albeit badly injured, and has his body recovered to exploit the symbiote's preference for him. The symbiote eluded Spider-Man's attempts to capture it and rebonded to Kasady, curing him of his coma, but the reunion was short lived before Klaw directed a bolt of lightning towards Carnage, separating Kasady and the symbiote once more. Spider-Man takes the symbiote into custody while Kasady is incarcerated again and revealed to have made a full recovery from his lobotomy.

Cletus undergoes psychotherapy and is integrated into the mainstream prison population, while without a host, the symbiote begins to die and escapes containment, seeking to reunite with him. Upon learning of the symbiote's escape, Kasady's psychologist, Dr. Jenner, hires a thug to shank him and then smothers him to death, offering himself to the symbiote as its next host. The symbiote refuses and resuscitates Kasady, rebonding to him, and the reunited Carnage returns the favour by smothering Jenner.

Carnage decides that his ambitions of conquest and transcendence have caused him nothing but grief and decides to get back to basics with another randomized killing spree. This attracts the attention of psychotic anti-hero Deadpool, who inadvertently comes to believe that it is his destiny to hunt Carnage down. Tracking him down, much to his confusion and outrage, Deadpool gains an upper hand over Carnage until Shriek arrives. Carnage and Shriek escape, but Deadpool tracks them down and tricks Carnage into badly injuring Shriek. Broken from almost killing Shriek, Carnage allowed himself to be arrested and placed in an unlocked cell, swearing revenge on Deadpool.

## AXIS

Carnage would later be one of the villains recruited by Magneto to confront Red Onslaught, the former having convinced him to help out by promising that he'll cause more chaos by becoming a savior. As a result of the morality-altering magic used by Doctor Doom and Scarlet Witch during the fight, Carnage was filled with the urge to become a hero and returns to New York to "save" people, mostly oblivious to how his actions are causing more harm than good. At the same time, a new Sin-Eater begins murdering journalists, which leads to Carnage saving attention-seeking reporter Alice Gleason from him, and abducting her so that she may teach him how to become a great hero. Carnage later defeats and kills the Sin-Eater with the overwhelming force of his old sins, and Alice turns on him by convincing the police that he'd been attacking her. Carnage concludes that Alice is trying to teach him that to be a true hero he must be alone and escapes.

Carnage would then team up with Spider-Man, Steve Rogers, Magneto and the other morally-inverted villains to form the "Astonishing Avengers" to stop the threat of the Avengers, X-Men and Apocalypse. To stop the X-Men from destroying all humans within radius with their gene bomb, Carnage sacrifices himself to contain the blast-Spider-Man describing this act as the worst man he ever knew doing the most noble thing he'd ever seen. Following the inversion of all the heroes and villains, the Astonishing Avengers would take the fall for the Avengers and X-Men's actions, this being confirmed through a video released to the public, in which Carnage served as the group's spokesperson.

## Post AXIS

Carnage somehow managed to cheat death again and decided to track down and kill a friend he had made while his morality was reversed; Sam Alexander, the teenage superhero Nova, as he wanted to erase all history of his good deeds, including anyone who remembered him being a hero. After first proving that he had reverted to his old ways by murdering a random bystander, Carnage took Nova's mother hostage at the local diner she works at in order to lure him out, and escapes after being wounded by the Nova Force.

He then attacks Sam at his school, only to find that Nova is flying around in the area (in reality, Sam's mother wearing his helmet), thus making him drop the idea that Sam is Nova and chase after his mother. He soon looses track of the false Nova and starts attacking people to lure him out, which he succeeds in doing. Nova manages to stun Carnage by setting off various car alarms, and, realizing the Symbiote's weakness to high frequencies, he throws him into an Anthrax concert nearby, sending Carnage fleeing for the road. The fight soon ends as Carnage is ran over by a truck and Nova restrains him, dropping him off at Ryker's Island.

## Red Goblin

Later, following HYDRA's takeover of America, Norman Osborn steals the Carnage Symbiote from and abandoned S.H.I.E.L.D.

storehouse and decides to use it for himself. While initially overpowered by the Symbiote's desire for violence and destruction, Norman manages to convince it to be used for something more than "boring" mindless slaughter. Norman then uses the Symbiote to begin a crusade as the terrifying Red Goblin, combining his tech and powers with the Symbiote's own abilities, thus granting the both of them all of their strengths with none of their weaknesses.

He uses his new form to easily beat Spider-Man and his allies, assimilate his grandson Normie into a miniature Red Goblin, and target Spider-Man's friends and loved ones when the latter abandons his promise to give up heroics, even killing Flash Thompson/Agent Anti-Venom. After donning the Venom Symbiote once again to fight his archenemy, Spider-Man convinces Norman to abandon the Carnage Symbiote to prove he doesn't need it to finish him, and subsequently blows the Symbiote up with an exploding gas tank. The resulting feedback seemingly destroys the remains Norman's mind, leaving him with the belief that Spider-Man is really Norman Osborn and he is Cletus Kassidy (although it is implied that he could be faking his mental state). In the aftermath, it is also shown that a sliver of the Carnage Symbiote is still attached to Normie.

## Poison-X

In the Venomverse sequel Crossover, Cletus becomes Poison Carnage, feigning loyalty to the Poisons and doing battle with Spider-Man and Venom once more. The fight ends with Carnage being jettisoned out into the vacuum of space.

## Carnage Reborn

In the latest Venom series, Cletus Kasady, after becoming Poison Carnage, crash-lands onto Earth, losing his symbiote after it burns in the atmosphere trying to protect him, dying shortly afterwards; he is soon found and revived by the Church of the New Darkness, a cult that worships the symbiote god Knull, bonding to the primordial Grendel symbiote in the process. After killing a corrupted Scorn and consuming her codex, the reborn Cletus assumes leadership of the cult and decides to harvest as many codices from former and current symbiote hosts as he can in order to free Knull from his prison on planet Klyntar.

## Personality

Even when he was a toddler, he showed psychopathic and sadistic traits: he was completely unemotional and remorseless individual who took great pleasure in killing his own mother's pet and grandmother, and even tried to kill his mother that encites the tense argument that led to his mother's death and his father's incarceration. The said negative traits escalated to more catastrophic scale over time during his stay in St. Estes Home for Boys, as abuse that he received further made him even more evil that he acquired philosophy that life was essentially meaningless and futile, that "laws are only words", and came to see the spreading of chaos through random, unpatterned bloodshed as "the ultimate freedom".

When becoming Carnage, his sadism and depravity proved to be one of his greatest assets: his symbiote, which spawned from Venom's by the time it freed Brock from the prison, would feed on his hatred and rage over the world as fuel to enhanced its powers. Not just sadistic and cruel, Kasady also become a completely treacherous, horrifying, and depraved supervillain that proved to be an extremely despicable and dangerous advesary for both his worst enemies, Spider-Man and Venom.

Cletus Kasady is a Schizophrenic enabling him to activate extra-terrestrial episodes of paranoia and delusion to transform into the demonic alien symbiote of Carnage. The symbiote has a considerably stronger bond with Kasady then its father has with its hosts. This is indicated by the fact that Kasady has predominantly used the term "I", as opposed to his father's use of "we". However, even though the bond between host and symbiote is strong, it has left Kasady several times to find more powerful hosts. It has bounded with John Jameson, Ben Reilly (at the time referred to as Spider-Carnage) and the Silver Surfer (forming The Carnage Cosmic) but it always ended up back on Kasady. Eventually it and Kasady met their end while escaping "The Raft", a prison for super powered people. He was ripped apart by Sentry in outer space. The symbiote survived by becoming dormant and returned to Earth, but was found by Michael Hall, who used the symbiote to create prosthesis and super-guards. The Doppelganger and Shriek return, hoping to repair the symbiote.

## Powers and Abilities

As Eddie Brock explained, the Carnage symbiote was born with abilities even more singular than those of its progenitor due to the fact that it gestated in an environment alien to it-Earth. As result, Carnage is capable to utilize his powers in more tricky and deadlier manner than Venom would, in spite of inheriting latter's powers. Kasady himself lacked superpowers of his own, but his insanity and murderous urge acts as fuel to bolster his and symbiote's strengths, making them challenging adversary even for Venom and Spider-Man himself.

ESP (Spider-Sense): Like Venom and Spider-Man, Carnage possesses ESP ability due to his symbiote can relay information to him from any angle and grants Kasady the ability to "see" in any direction, warning him of any danger and threat. This power even more efficient than Spider-Man's and Venom's because it able to discern the specific nature of impending threats and conduct him in plenty of time.

Immunity to Spider-Sense: Due to gestated from the very symbiote that once possessed Spider-Man, Carnage is capable of attacking Spider-Man without alerting him. Surprisingly, after encountered both Spidey and Venom, Carnage also able to adjusted this power so he also simultaneously not alarmed Venom whenever he attempted to attacked him.

Wall-Crawling: Much like Spider-Man and his symbiote parent Venom, Carnage has the ability to cling to any surface. He can rapidly crawl, walk, or run across even slick/wet surfaces.

Haemokinetic Shapeshifting: Because his symbiote was mixed with his bloodstream during the bonding process, said symbiote's inherent shapeshifting abilities became enhanced that Carnage can manipulate blood in addition of the symbiote's own mass. In fact, he can restore his symbiote back to full health by bleeding alone.

Blood Weapon Constructs: Carnage can fashion weapons, tendrils, and other objects out of his symbiote-infused blood.

Symbiotic Costume: Carnage can envelop his body within a sentient, malleable but durable suit complete with eyes, claws and a mouth with powerful jaws and sharp teeth while increasing the body mass, turning him into powerful opponent.

Construct Creation: Carnage can create weapons from his blood-infused mass, including blades, flails, darts, spikes, and claws. Said constructs can be detached from his body as projectiles or thrown weapons where they disintegrate few seconds after being separated from his body, prevention his foes from using said constructs against him.

Blood Web Generation: Carnage can project organic web-like substance on the same vein with Venom, though his version of said ability much more advanced since he can manipulate the web's trajectory like guided missiles since the substance is made of his symbiote-infused blood.

Tentacle Extension: Carnage can also form tentacles out of his blood-infused symbiote mass at will.

Clothing Generation: Carnage can also fashion clothings out of his blood-infused symbiote mass in rare occasions.

Stretching and Deforming: Carnage has full control over the size, shape, color (usually red and black), texture, and hardness of his symbiote (and any part thereof). He even able to use this ability in full effect both for defense by deflect bullets and other projectiles and offensive manner by uses his foe's strengths against them (an instance can be seen when Spidey goes for aiding Venom whom held Carnage as he beating him, Carnage retaliates by deformed his body to ensnare and tossed his opponent aside simultaneously).

Superhuman Durability: Carnage can withstand greater punishment than normal humans, with his durability becomes enhanced with use of his symbiotic costume.

Regenerative Healing Factor: He is able to rapidly regenerate damaged body tissues much faster and more extensively than any ordinary human is capable of and even lost or destroyed tissues that would be fatal to ordinary humans. he can fully regenerate severed limbs or missing internal organs, he was fitted with artificial legs after being torn apart by the Sentry, but this occurred while he was separated from the symbiote.

Disease Immunity: Kasady is also immune to the effects of all Earthly diseases and infections as long as he remains bonded with the symbiote.

Superhuman Strength: Carnage was surprisingly stronger than combined forces of Spider-Man and Venom. This quite interesting due to the fact that during the time he and Brock spent their time in prison, Brock stated that Kasady preferred to be lazy than performing exercize, which means his strengths purely came from his symbiote.

Superhuman Speed: Carnage can run and move at speeds superior to these of any normal human being.

Superhuman Agility: Carnage's agility, balance, and bodily coordination are all enhanced to levels that are beyond the natural physical limits of the finest human athlete, even more than Venom and Spider-Man.

Memory Implantation: Carnage's tendrils can be used to plant thoughts into a person's head, and is typically used to drive them insane from experiencing his nihilistic worldview.

Adaptive: Carnage's symbiote can rapidly adapt to new environments; when Kasady was taken into space by the Sentry, the Carnage symbiote was able to save his life by growing small sacks around his mouth that converted carbon dioxide into oxygen, allowing Kasady to stay alive long enough for him to be recovered.

Insanity Empowerment: It should be noted that prior to bonded by newborn symbiote of Venom's, Kasady lacks superpower of his own, but has a maniacal will and insane worldview that he has had from the age of 8 years old onward. As result, when Kasady merges with the offspring of Venom's symbiote and become Carnage, the said symbiote would feed of his hatred and rage to the world, resulting him stronger tenfold, something which enable him to easily overpowered both Venom and Spidey at once.

## Weakness

Extreme Heat: Carnage's symbiote, like Venom's was weak against extreme heat, but not as much as the latter: When Spider-Man electrocuted him on the electrified trail, Carnage was briefly weakened by the burns, but it's also angered him as he retaliates by slammed them against the wall.

Loud Vibrations: With loud vibrations on the other hand, Carnage was proved to be worse than Venom. For example, Vibranium is effective to the symbiote separating from its host.

Kasady's Insanity: While insanity is what empowered him as Carnage, Kasady's madness turned out to be his own weakness at the same time. His mental pathologies can also be exploited (if done properly), allowing people to manipulate his actions and even defeating him.

## Other Appearances

The Ultimate Marvel Universe version of Carnage is self-regenerating form of life based on the symbiotic suit research of Richard Parker. He is created by Curt Connors to replace the missing Venom "suit" by using the the same process to create Venom, his own DNA, and the DNA of Peter Parker.

Using some of Peter's memories, it travels to Peter's home and kills Gwen Stacy. It battles Peter, and he eventually manages to kill it. Doctor Octopus later creates a new Carnage that takes on the form of Gwen Stacy. It has the memories of Gwen and attempts to reunite with Peter. It eventually returns to its Carnage form when confronted by S.H.I.E.L.D., and is eventually taken into their custody. Carnage later escapes during the Green Goblin's escape.

During the "War of the Symbiotes" arc, the Carnage symbiote squares off with it's forerunner in a no-holds-barred, one-on-one duel to the death that lasts an issue, which ends with Eddie defeating Carnage and absorbing the symboite, allowing total control over the suit.

Carnage appears as one of the two main antagonists of the 2000 Spider-Man PlayStation video game. He is the right hand ally of Doctor Octopus.

Carnage helps Doctor Octopus cover New York City in gas so Spider-Man will use the rooftops. Spider-Man confronts Carnage and Spidey realizes that Carnage's weakness is fire and loud noises. Even though the Symbiote was removed from Cletus Kassady, it creates an even more terrifying evil.

## The Amazing Spider-Man 2

Although he doesn't appear in the movie, Carnage is the main antagonist In the 2014 video game The Amazing Spider-Man 2.

## Ultimate Spider-Man

Carnage makes an appearance in the Ultimate Spider-Man video game. He's the final Venom Level boss. After Spider-Man and Venom were knocked unconscious and held captive by Bolivar Trask, Peter was injected Trasks' makeshift version of the symbiote. This transformed Peter into Carnage.

As Carnage, Parker caused destruction throughout the lab. This caused Eddie to wake up and he attempted to escape. Just when he was about to reach the door, Carnage appeared and attacked Eddie. Eddie somehow knew that Carnage was Parker, so Eddie became Venom and confronted him. Due to being smaller and having a longer range, Carnage was a powerful enemy against Venom.

When Carnage loses 3/4 of his health, he will retreat and suck the life out of the scientists. When Venom enters the room, Carnage will retreat into another room, and continue to suck the life out of the scientists to heal himself. When Venom entered the room, Carnage will fight him for a bit, but will retreat again into the last room. After a lengthy battle, Venom was able to defeat Carnage. With the defeat of Carnage, Venom drains the suit off of Peter and gains total control over the suit.

## Spider-Man Shattered Dimensions

Carnage makes an appearance in the Ultimate Reality in Spider-Man Shattered Dimensions. He was one of the enemies that acquired a Shard from the Tablet of Order and Chaos. The Black Suited Spider-Man encountered Carnage when he was searching for a Shard on the Helicarrier. When he reached the Helicarrier, he notice red webbing and corpses that were completely drained of fluids. This is when he realized that Carnage was on the Helicarrier and needed to be stopped.

## LEGO Marvel Super Heroes

Carnage is one of the prisoners, seen escaping in the level Rock up the Lock up. He is also a playable character. He can swing around New York City like Spider-Man and he's able to shoot webs.

## LEGO Marvel Super Heroes 2

In the level, Symbiote Surprise, Carnage and Venom merge together into a fusion known as Carnom that was created by Goblin 2099 after the heroes arrive at Alchemax. During the boss battle, Carnom transformed itself into a bigger and monstrous form that Goblin 2099 named Maximum Carnom. However, in its defeat, Maximum Carnom had its tongue pulled on by Spider-Man, reverting it back to its previous form. Goblin 2099 then came in and prepared to deal with the heroes himself, as he was disappointed by Carnom's defeat, but then had himself subdued and the Nexus Shard taken away. Carnom angrilly then chased Goblin 2099 after he called him a monster. During the final boss battle, Kang briefly summons Carnom to come charging at the heroes, while continuing his chase after Goblin 2099, before disappearing into another portal.

## Television appearances

In the 90s animated series, Carnage is introduced as a dangerous criminal who tried to kill himself and others with a bomb but was caught and arrested before he could do any damage. However once Dormammu uses a symbiote to bond with him, this gives him enough power to fight the guards off and break out of prison. In the final episodes of the animated series, Carnage was sent through a portal into another reality, where he merged with Peter Parker of that world into Spider-Carnage, who intended to use a bomb and magnify its explosion to destroy all reality. The Beyonder brought many Spider-Men from other realities there, and they foiled his plan, though he went to another reality and tried to suck each reality into a disintegration portal. However, Spider-Man got Uncle Ben of that world to reason with him and convince him to try and drive Carnage out. He was unable to, however, so he opened a smaller disintegration portal and jumped into it, thus putting an end to Carnage.

Sonny Marvel Universe

Cletus Kasady appears in the mid-credits scene of 2018 Sonny Marvel film, Venom, and is planned to appear in the Venom sequels, should they be made. He is portrayed by Woody Harrelson, who also portrayed Mickey Knox in Natural Born Killers, Colonel McCullough in War for the Planet of the Apes and Harlan Degroat in Out of the Furnace.

In the film, after Eddie Brock returns to journalism following Riot and Carlton Drake's defeat, he goes to a prison for an interview. There, he meets with Kasady (who is only referred to as "Red" by the guards), who is kept in isolation from the other prisoners. Deciding to forego the "whole creepy serial killer thing", Kasady tells Brock to come closer. He then states that, when he gets out, "there's gonna be carnage."

Miscellaneous

Carnage appeared as an co-icon for Halloween Horror Nights: Islands of Fear. In the scarezone titled Island Under Siege, which is what Marvel Super Hero Island was titled during the event, there was a maze called Maximum Carnage, based on the story arc of the same name. In this version, Carnage has murdered every single one of the superheroes that have came after him resulting in criminal gangs running the streets.

Nihilistic Carnage: I'm impressed that you know all about my history

J.D.

Me: It doesn't take a rocket scientist to show how fucked up you are Kasady! I showed no remorse when I killed you almost 2 years ago!

Qin: And you are also the monster that ruined the families of many of our friends!

Me: You only care about seeing other people suffer and that's why we killed you!

Nico: Cletus Kasady A.K.A. Carnage you have failed this universe!

Nihilistic Carnage: Like I give a flying fuck what you think of me! (to Girl Jordan) How does it feel to know that your parents will never love you again?

Astrid: (sees Girl Jordan get angry) Guys, someone knock her out before she ends up getting herself killed!

Me: No Astrid. Girl Jordan got disowned because of him. Now she has to make sure that he suffers!

Liam: Same with me!

Zach: And me!

Tabby: Count me in too!

Haiku: Same here!

Astrid (sighs): I see. (to Snotlout) Snotlout!

Snotlout: Right! (approaches Girl Jordan and grabs her) Sorry, G.J. But right now, you're in no condition to be fighting. (about to knock her out)

She grabs his arm.

Girl Jordan: Don't touch me! I will have my revenge on this fucker!

Nihilistic Carnage: Hey, Drago. While the heroes are arguing with one another, let's kill them with our own combo attack!

Drago: (grins evilly) I like the sound of that!

Nihilistic Carnage fired a massive red energy blast and Drago fired a massive blast of darkness.

Drago and Nihilistic Carnage: MALEVOLENT RAGE DARKBLAST!

The blasts combined and turned into a massive wave of red energy and then Girl Jordan swooped in and punched the blast and it was shot back right at them and it hit Drago and exploded with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: WHOA! That was powerful!

Me: No kidding!

Girl Jordan was enraged. She was facing the very monster that ruined her life and she will never forgive him for everything he did!

Girl Jordan: (ENRAGED) I WILL NEVER FORGIVE YOU FOR EVERYTHING YOU DID TO ME!

Cletus Kasady laughed in insanity!

Girl Jordan growled in extreme rage and the skied darkened with storm clouds and lightning struck everywhere as water was swirling around her and dragons of pure water formed. Lightning flickered all over her and the ground was shaking violently from the extreme fury of her power!

Girl Jordan: (ENRAGED) I WILL NEVER FORGIVE YOU!

Then she screaming and in a massive explosion of energy and power Girl Jordan transformed!

(Goku & Gohan Train theme at 0:28 plays)

When the light faded, Girl Jordan was forever changed! She looked like she was 18 years old and she had her blonde hair in a braided ponytail with a powerful dragon of water hair beret in her hair, a bow in her hair at the top of her braid, she had blue eyes with the sclera being the roaring waves of the ocean, Blue bracelets that looked like water dragons, she had a yellow shirt with a powerful water dragon on it, blue jeans with glittering dragons of water on them and she had blue sandals and she had a sleeveless blue ocean wave trench coat with the kanji for Girl Jordan - Maelstrom Ocean Dragon of The Ocean's Fury on the back. ガールジョーダン-オーシャンズフューリーの大渦洋のドラゴン She had a yellow Super Angel Aura and she had water and lightning around it. She had become a Super Angel 30,000 Maelstrom Ocean Dragon!

Girl Jordan: (Older Voice) I will never forgive you for your crimes Kasady! This time you will stay dead!

?: Then I will enjoy destroying you!

Me: I haven't heard that voice in a while! Come on out Mad Jack!

Out came an old enemy that we haven't fought ever since we were known as the Brave 12. It was MAD JACK!

---

Mad Jack is one of the main antagonists in the Samurai Jack series. He was created by Aku to see if he could defeat Samurai Jack using his own skills against him. He has all the powers and abilities of Jack, but none of the restraint.

History

"Episode VIII: Jack versus Mad Jack"

After having to fight several bounty hunters throughout a small city, Jack became infuriated, because no one left him alone and he was tired of fighting. He tried to calm down after defeating the last of them, but his sandal strap broke, causing him to throw it at one of his wanted posters. The poster then started to light up and energy came from it that formed in to Mad Jack, whose sole purpose was to destroy Jack for Aku. The two fighters traded blow for blow, but neither one could best the other. Jack then calmed himself and found inner peace, which cause all of his negative emotions to fade away. He then claimed the fight was over as Mad Jack didn't exist since his own negative emotions were gone. This infuriated Mad Jack as he felt Jack looked down on him and didn't even believe him a challenge. He tried to attack Jack once more, but was ultimately absorbed by the original before he could land a blow.

## Shadow of Aku

Aku had brought back Mad Jack to attack Jack at Aku City.

## Season 5

50 years after having been defeated and sealed away by Jack in his mind, Mad Jack returns. As shown in a flashback in Season 5 Episode XCVIII, after Aku destroyed the last time portal, Mad Jack managed to take control over Jack (though he is not visibly shown), causing him to lose control over his own frustration and anger, which would eventually cause him to lose his sword into the same pit that the destroyed time portal was in.

Mad Jack then later on continues to torment Jack mentally, continuously urging him into the wrong path. One time, when he was chased by the Daughters of Aku, Mad Jack appears and insists that Jack commit seppuku because his quest is now pointless since he lost his sword. Another time is when Jack is recovering from a flesh wound in a cave, mocking him over the fact that he had just killed a human being for the first time. Mad Jack appears again when Jack and Ashi were swallowed by a giant monster, trying to convince him to abandon Ashi for dead to save himself.

Mad Jack reappears one last time in the episode during Jack's meditation near the crater of the time-portal 50 years later. He appears in an even more twisted form behaving even more malevolent than before. When Jack failed to create the perfect tea in order to gain the answers needed, Mad Jack lashes out against the Monk and attempts to slap the answers out of him, but is stopped by Jack, who confronts his inner demon, realizing that Mad Jack's overwhelming anger was why the sword was lost in the first place and is the reason he lost his hope. Jack managed to eventually see through his rage after having been sent flying by a slap from Mad Jack and permanently dispels Mad Jack for good. Having done this, Jack would eventually be reunited with his sword and regain his original appearance, finally free from Mad Jack's influence.

* * *

Mad Jack: I'm flattered you still remember me!

Nico: So that's Mad Jack, the dark side of Jack that you faced.

Me: That's him.

Qin: He looks like an evil version of Samurai Jack!

Me: He is. He's the embodiment of all of the hatred and rage he has.

Lincoln: I remember him! If he faced Jack it would've been a total stalemate.

Me: Yep. Nico you face Mad Jack, Girl Jordan you will face Cletus Kasady and Naruto, Zach, Haiku, Tabby and Liam can help you, Time Force Rangers, you face Fatcatfish with the Megaforce Rangers and Lincoln and Linka can help you, me and the rest will face Drago. Lets get them!

Carmen: Liam is not fighting Carnage alone!

Carmen spread her fire wings.

We powered up!

Time Force Power Rangers: TIME FOR TIME FORCE!

Eric Myers: QUANTUM POWER!

The Time Force Rangers transformed and they were ready.

Troy: Let's see how you do against one of our Legendary Modes, Kasady!

Megaforce Rangers: Legendary Ranger Mode: R.P.M.!

The Megaforce Power Rangers turned into the R.P.M. Power Rangers!

The battle that will decide the fate of Berk has begun!

---

BATTLE 1: NIHILISTIC CARNAGE!

---

Girl Jordan, Naruto, Liam, Carmen, Zach, Tabby, Haiku, and the Megaforce Rangers were facing Cletus Kasady A.K.A. Carnage, reborn as a heartless.

Girl Jordan punched him in the face with devastating force and kicked him in the chest and fired a powerful blast of water at him and it slammed into him with the devastating force of a powerful megatsunami and Zach fired a powerful blast of fire and burned him and Liam and Carmen fired powerful blasts of lightning and fire and the blasts hit him and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Tabby fired a powerful blast of rainbow energy and it hit Kasady and exploded with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Haiku fired a massive blast of black fire and it hit him and burned him all over and the Megaforce Rangers blasted him and slashed him with their weapons and more.

Liam: (Southern Accent) You ruined the wrong farmer! THUNDERSNOW LIGHTNING FREEZE!

Liam fired a powerful blast of ice and lightning and it froze Kasady and electrocuted him all over!

Carmen: You will never terrorize our world again! PHOENIX MEGABURN STRIKE!

Carmen fired a powerful blast of fire and it turned into a massive firebird and it hit Kasady and exploded with incredible power!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Naruto: You are a monster that is not worthy of the life given to you!

Carnage: You said it Naruto!

Naruto and Carnage: CARNAGE STYLE NINJA ART: BLOODFIRE RASENSHURIKEN BURST!

Naruto and Carnage formed a powerful Rasenshuriken that was made entirely out of blood, guts and gore and it was crimson red and it had blood swirling around it. They threw it at Kasady and it slammed into him with incredible force and exploded with incredible power and it was starting to tear him apart!

Girl Jordan: This is for ruining my life! SUPER MAELSTROM DRAGON KAMEHAMEHA!

Girl Jordan fired a massive blue Kamehameha blast made of pure water and it had a powerful water dragon head and it slammed into Kasady and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion from the blast obliterated him in an instant and there was nothing left of him.

Cletus Kasady's spirit then appeared.

Cletus Kasady: (INSANE LAUGHTER) I WILL BE BACK!

Nicole: Not gonna happen you fucked up freak!

A portal into the River of Fire opened up and he was sucked into it.

Cletus Kasady: FUCK YOU ALL TO HELL!

Cletus Kasady was gone for good!

Nicole: Enjoy the darkness of oblivion forever Kasady!

Girl Jordan: It's over.

Girl Jordan then broke down crying and she hugged Nicole and she was crying hard into her chest.

Nicole: It's okay Girl Jordan. It's okay. Just let it all out.

Girl Jordan was crying so hard that it was unbelievable.

## Battle 2: MAD JACK!

Nico was facing Mad Jack!

Nico had his sword ready and he was gonna fight Mad Jack!

Nico: I can't believe that you were created just to kill Jack. You are just as screwed up as Aku was when J.D. and the Brave 12 killed him.

Mad Jack: I was made for that purpose only!

Nico: Lets prove it then.

Nico unsheathed his sword and went Super Saiyan 2 and Mad Jack charged and they clashed their swords and they were really going at it! They clashed ferociously and sparks were flying everywhere and it set much of the ocean on fire and it was intense. The burning hatred of Mad Jack was unbelievably intense as it was burning everything in its path. Nico and Mad Jack were evenly matched and he kicked him in the face and punched him in the face and Nico slashed him all over and slashed his ponytail off and he was madder than hell. It was a brutal and savage fight that burned in an intense and powerful conflagration. Nico then stabbed Mad Jack all the way through his black heart and killed him!

Nico: GO BACK TO HELL! YOU HAVE FAILED THIS WORLD!

Mad Jack then exploded in an instant! He was reduced to nothing but red dust!

Nico absorbed all the fire.

---

Battle 3: FATCATFISH!

---

The Time Force Rangers, Lincoln and Linka were facing Fatcatfish!

Lincoln: You will pay for killing Alex!

Linka: Yeah!

Jen Scotts: I stopped you before and so help me I will do it again!

Fatcatfish: You Rangers aren't the only ones who can do Final Smashes! FIRESTORM FISH BLASTER!

Fatcatfish fired a powerful blast of fire energy from his machine gun and it was powerful enough to kill someone and Lincoln fired a massive blast of lightning at the fire energy and it hit the blast and exploded with incredible power!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The power of the blast was strong enough to blow Fatcatfish back. Lincoln fired a powerful blast of lightning and electrocuted him all over.

Lincoln: Time for use the Vortex Cannon!

Alex: With pleasure Lincoln!

The Time Force Rangers formed the Vortex Cannon!

Lincoln: Fire!

Lincoln and Linka, Eric Myers and the Time Force Rangers fired a powerful blast of lightning and energy and they hit Fatcatfish and he exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Fatcatfish was weakened.

Fatcatfish: What are you waiting for, Pink Ranger? Kill me!

Jen Scotts: No. Death would be too kind.

Fatcatfish was reverted back to an action figure.

Lincoln picked him up and gave him to Jen.

Lincoln: Justice has been served for you Jen. I think you should have him as your prisoner like on TV.

Jen Scotts: Thanks Lincoln.

Jen put the figure of Fatcatfish into a capsule and it was over.

---

## Battle 4: DRAGO BLUDVIST

---

Now we were facing Drago Bludvist.

Me: You will pay for your crimes against all of the dragons and the world.

Drago: You will die before that!

Me: We shall see!

Eret: Let me help.

Me: You sure you want to help us Eret?

Eret: Look, I know you guys and I got off on a rough start. So let me make it up to you guys by helping to stop Drago.

Me: We'll gladly give you a shot Eret.

Drago: ERET YOU TRAITOR!

Me: Now you die!

Then Future Maria's Kingdra appeared.

Kingdra: Let me help you guys.

Me: Thanks Kingdra.

Maria: We greatly appreciate it Kingdra.

Horsea: Whoa! I'm gonna evolve!? Awesome!

We went at Drago and I punched him in the face and kicked him in the stomach and kicked him in the face and Nico kicked him in the back and face and Lincoln kicked him in the face and fired a powerful blast of lightning and electrocuted him all over and Hiccup slashed him with his Inferno Sword and burned him bad. Laney fired poisonous barbs at him and Lana fired a blast of ice lightning and Lola fired a powerful blast of fire and burned him. Kingdra fired a powerful blast of water with Hydro Pump and drenched him.

Me: Lets get him with our combos!

Grimlock: Me, Grimlock Ready! CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and enhanced his strength and weapons 100-fold.

Storm: Time for some shocking pain! AVENGERS CYBER KEY POWER!

The Avengers Cyber Planet Key went into Storm's right arm device and it enhanced her weather powers 100-fold.

Grimlock and Storm: LIGHTNING STORM MISSILE BARRAGE!

Grimlock fired his Missile Launcher and Storm fired powerful blasts of lightning and the blasts hit Drago and exploded all over.

Razorclaw: Time for some lion power! CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and enhanced

his lion powers 100-fold.

James (Pokemon): Time for some pokemon power! POKEMON CYBER KEY POWER!

The Pokemon Cyber Planet Key went into his right arm device and enhanced his Cacnea's abilities 100-fold.

James: Cacnea, use Pin Missile!

Razorclaw and James: LION SLASH NEEDLE MISSILE!

Razorclaw slashed Drago all over the place and Cacnea fired a powerful barrage of pins and the missiles hit Drago and skewered him.

Ben: Time for some serious rolling power!

Ben turned into Ultimate Cannonbolt!

Ben: ULTIMATE CANNONBOLT!

Bowser Jr.: Time to heat things up!

Ultimate Cannonbolt rolled fast and Bowser Jr. fired a powerful blast of fire.

Ultimate Cannonbolt and Bowser Jr.: RED HOT ROLLING COMET SMASH!

The fire merged with Ultimate Cannonbolt and made him read hot and he slammed into Drago with incredible force and set him on fire.

Ben then turned into Ultimate Wildmutt!

Ben: ULTIMATE WILDMUTT!

Guts Man: I'm gonna smash him good!

Ultimate Wildmutt and Guts Man went at Drago.

Ultimate Wildmutt and Guts Man: SUPER SMASH RAM!

They smashed into Drago with incredible force and knocked him down!

Me: I've had it with this freak! Time for him to die!

Hiccup: Me too! Lets finish him! INFERNO BLADE SLASH!

Hiccup slashed Drago with his Inferno Sword and it really burned him. Toothless used his NIGHT FURY FIRESTORM BLAST and it was a powerful blast of plasma energy and it hit Drago and exploded.

KRABBBBBOOOOOOOOOOOOOOMMM!

Astrid: I will never forgive this monster for hurting so many dragons. DRAGON FIRE BLASTSTORM!

Astrid fired a massive blast of fire from her hands and it hit Drago and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM!

Stormfly used a final smash called DEADLY NADDER WIND BURST! He fired a powerful blast of wind from his mouth and it hit Drago and cut him good.

Vince: This guy deserves to die! CRYSTAL SWORD RAINBOW BLADESLASH!

Vince formed a sword made of solid diamond and it refracted the light of the sun and turned it into rainbow light and he swung it and fired powerful blades of rainbow light and they slashed Drago all over and cut him good.

Me: You are not welcome here on this planet or anywhere for that matter. It's time for you to pay for your crimes! Dragons! It's time for the grand finale!

Drago: I will rule this world with an iron fist and I won't stop till I do!

Me: Not on our watch! Dragons of the Universe!

Team Loud Phoenix Storm and the People of Berk: OMEGA DRAGON FIRESTORM BLAST!

Our dragons all fired powerful energy blasts and elemental blasts and the blasts all hit Drago all at once and exploded with incredible power!

KRABBBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared, all that was left of Drago was a charred skeleton with only one arm and he was dead.

Me: Go to Hell, Drago and stay there you fuckup.

Ben: Guys, we HAVE to get Dragon partners from Berk. They're so awesome!

Me: That is a good idea Ben!

Hiccup: Girl Jordan, I almost lost one of my family today. I'll be damned before I lose another!

Girl Jordan (shocked): You think of me as family?

Hiccup: We sure do.

Girl Jordan hugged him.

It was awesome!

Hiccup: (To the viewers) Never treat dragons like pets, treat them like members of your family. They will love you in return.

Me: Good advice.

Alex: (gives Wes his morpher back) Thanks for lending me this, Wes. But I don't think I'll need it again.

Wes: You're welcome Alex.

We later went back to Earth and the island of Berk now lives in our Earth in the middle of our lake. It was beautiful.

THE END

Another Fanfiction Complete.

How to Train Your Dragon was an awesome series from 2010 to 2019! It was so awesome! Cletus Kasady will never terrorize the world again and we've now seen the last of the ruthless monster that became Carnage! Next up is the Naruto Villain Pain and I'm going to face the Deva Path that nearly killed Hinata. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is a chapter for Hotel Transylvania and we're going to kill the ruthless bat villain Bela and we're going to make sure that he never kills all monsters and humans!

See you all tomorrow.

# A Hotel For Monsters By Monsters

It was a cold and snowy day at the estate. It was really coming down and it was a perfect day to stay indoors and have fun by the fire.

Me: Boy it sure is coming down huh?

Nico: It sure is. Perfect day to play outside in the snow.

Me: If the temperature wasn't so cold. It's -15˚outside.

May: Bone-chilling cold.

Poromon, Manaphy, Horsea and Poliwag came in and they were stone cold drunk.

Slash Man saw the drunk Horsea, Poliwag, Manaphy, and Poromon.

Slash Man: Oh, what fresh Hell is this?

Me: Whoa! What happened to you four!?

Poromon: (Drunk Talk) Oh look who's here! Mr. I-Don't-Have-Time-For-Your-Little-League-Games. Come here you son of a bitch! (Punches at me and I dodged it.)

Me: Whoa! Jeez you guys are drunk as hell!

Manaphy grabbed onto me and was crying.

Manaphy: (Drunk Crying) Why do you close your eyes when we make love? (Crying)

Me: Okay that's too explicit. (To the viewers) Sorry folks, she's drunk.

Horsea went up to Lana.

Lana: Horsea what's wrong?

Horsea: (Drunk Talk) Yeah hey buddy. I'll take a triple cheeseburger and a large fries and uh.. Do you sell pants?

Nico: How many beers did you all drink!?

Me: I think (Points to something) THAT many.

We saw a huge pile of beer cans on the floor and they were empty.

Laney: JEEZ! That's a lot of beer!

Nico: That's insane! No one should ever drink that much in one sitting.

SLAP!

Poliwag hit Nico with his tail.

Nico: OW!

Poliwag: (Drunk talk) Shut your fucking trap you freak! (Barney belch)

Homer: (Laughs) Barney Gumble usually belches like that.

Horsea: I'm just saying that when we die, there's gonna be a planet for the French, a planet for the Chinese, and we'll all be a lot happier. (Barney Belch)

Me: Okay I've seen enough.

I snapped my fingers and the four were back to normal. But they had a tremendous headache from a massive hangover.

Poliwag: (Groans) My head! What happened?

Horsea: Geez! My head hurts.

Manaphy: Oooh! Ow.

Poromon: What happened?

Lance: (sternly) You 4 are in serious trouble!

Lance's Dragonite: (nods) Dragonite!

Me: Word.

Sludge: Why you cute Digimon and Pokemon get drunk?

Me: I think addiction probably.

Straxus: Congratulations, Poromon. You, Poliwag, Horsea, and Manaphy are banned from drinking for life!

Nico: That's right!

Maria: Yeah!

May: Yeah! And we mean it!

Me: That's right!

Poromon: Yeah you're right.

Manaphy: Oh man. No more drinks for me.

Poliwag: Me too.

Horsea: Ditto.

Lois Griffin: I haven't seen anyone that drunk since Peter came home from work all drunk.

Me: Boy Peter was one drunk S.O.B.

Nico: No kidding.

Carol: I'm glad we never have to see him again.

Lincoln: Me too.

Meg Griffin: He deserves to spend all of eternity on Vormir.

Laney: I agree.

Me: I wish that Chris would suffer the same fate.

Meg Griffin: Me too.

Stellar: I know how you feel J.D. But that is against the Rules for us fairies to kill people no matter how good or bad they are.

Me: Yes I know that. It's best to let nature take its course with these things. But Chris will no doubt die from blood loss after being paddled to death.

Nico: True.

Qin: The guy deserves it.

Nico: Yep.

Qin: Hey J.D., I heard from Inkling that Lincoln and his sisters got turned into characters for the Super Smash Brothers Universe. Is that true?

Me: It sure is Qin. That still has us reeling even though it was almost a year since then.

Lincoln: It was a huge shock to all of us Qin. After we were on Total Dragon World Tour 2, Lynn came and told us about new characters on Super Smash Bros. being introduced.

Me: We went to see the trailer for it and we saw a lone figure overwhelming all of our favorite Nintendo video game heroes. We got quite an unexpected shock when we saw that it was Lincoln.

Qin: Wow! That is so cool!

Lincoln: I'll show you.

Qin and Lincoln were playing Super Smash Bros. Ultimate and Lincoln chose Lincoln and Qin played as Donkey Kong. She saw all of Lincoln's awesome moves and even his awesome final smash. It was intense!

Qin: Wow! Lincoln you have amazing moves and skills.

Lincoln: I know.

Me: You think that was crazy, Lincoln's sisters are all in there as assist trophies.

Lincoln: Yep. Watch.

Lincoln played his assist trophies from order of his siblings.

Inkling Girl walks on screen to Lincoln and Lori.

Lori suddenly grabs Inkling Girl.

Lori: (on TV, yelling at Inkling Girl) Get out of my room!

Lori throws Inkling Girl violently, causing her to receive a lot of damage.

Qin: (Shocked) WHOA!

Lori: Back then, I literally had a tremendous rotten temper.

Laney: But it's good you're not like that anymore.

On TV, Lori then pulls out her phone and begins texting, before disappearing.

Me: Lori did not like people coming into her room one bit. Whenever someone came into her room whether by accident or on purpose, she would threaten them by turning them into a human pretzel.

Lori: That's right. I can't believe I was literally that rotten tempered.

Lana: I know.

Lola: Lori had a major temper problem before her dark side was removed.

Me: Yep.

Qin: Wow.

Lincoln: But watch this.

Lincoln grabbed another assist trophy and Leni pops out.

Qin: Leni is in this too!?

Leni: I sure am Qin.

Ed: You still look good on TV Leni.

Leni: Thanks Ed.

Me: Watch what she can do.

On TV, Leni excitedly grabs Luigi and models him into an embarrassing outfit. The outfit looked similar to the one she put Lincoln into in "Sound Of Silence." This stuns the green capped plumber long enough for Lincoln to kick him off the stage. Leni then grabs Diddy Kong and puts him in a embarrassing outfit too. This stuns Donkey Kong's best friend long enough for Lincoln to uppercut him off the stage. Leni winks at the viewers and waves as she dissapears.

Qin: Those outfits were really funny.

Me: But they were embarrassing. They were from a prank because of an incident we had a while back.

Qin: I see.

Me: But still I think that's a great move for Leni in this game.

Nico: I agree.

Maria: It sure is awesome.

Me: Yep.

Luna: Watch what I can do dudes.

Lincoln grabs another assist trophy, which released Luna.

Luna then pulls out her guitar, as well as enormous speakers. She strums her guitar loudly, and the sound waves from the speakers push Kirby, Little Mac and Solid Snake off the map. She continues strumming her guitar for a few more moments before ending her performance.

Luna: (On TV) (Gives the hang loose gesture) GOOD NIGHT, EVERYBODY! (disappears)

Qin: Whoa! That is a powerful jam!

Lincoln: It was a shock to see that.

Me: They don't call Luna the Loudest member of the Loud Family for nothing.

Nico: No they don't.

Sam S.L.: I think Luna looks amazing on TV.

Simon: You said it Big Sam.

Me: Yep.

Lily: *surprised* Even so… who's to say you couldn't be that loud in real life?

Nico: Yep.

Me: Watch what Luan can do.

Lincoln grabs another assist trophy, which released Luan.

Qin: Wow! Look at Luan!

Luan: I still look good on TV.

Eddy: You sure do.

Lensay: Yay Mommy!

On TV, Luan begins throwing pies at her opponents. The pies hit Donkey Kong, Olimar, and Yoshi.

SPLAT SPLAT SPLAT SPLAT SPLAT!

Now the fighters were dizzy. Which gives Lincoln enough time to smash them out of the stage.

Luan: Ha! You got pied! *laughs as she disappears*

We laughed at Luan's Jokes in the game.

Me: (Laughs) That was a good one Luan!

Xerneas: Even in Video Games you still crack us up.

Celica: She sure does.

Qin: (Laughs) That was really funny!

Lincoln: It sure was.

Lynn: Watch what I can do Qin.

Lincoln grabs another Assist Trophy, and out pops Lynn.

On TV, Lynn, suited in her football gear, fiercely tackles Palutena, Bowser Jr., and Bowser.

Lynn (on TV): Outta the way!

Lynn's tackles start to get harder and harder, until they're powerful enough to smash the fighters off the stage.

Lynn (on TV): (smirks) That's how it's done! (disappears)

Qin: That was powerful!

Lincoln: That's Lynn for you Qin. She can dominate the sports field with incredible pride.

Lynn: Now I don't do that anymore. I've changed for the better.

Me: Watch what Lucy can do.

Lucy Loud: My character is good.

Lincoln grabs another Assist Trophy, and out pops Lucy.

Me: Even the forces of darkness will unleash fear in the form of Lucy Loud - The Vampire of Darkness and Fear.

Brittney: You know it dad.

On TV, Lucy's mere PRESENCE made Wii Fit Trainer, Duck Hunt, and Villager get stunned immediately. Lincoln then grabs Duck Hunt, and throws him into Wii Fit Trainer and Villager, knocking them all back. Then, Lincoln unleashes his neutral special on them and sends them off the stage.

Lucy: (On TV) (small smile) Ha. Wicked. (disappears)

Qin: Awesome!

Rocky: Boy Lucy you were awesome on TV.

Lucy Loud: I sure was. I think it's amazing that I am in a game that Lincoln has.

Me: You said it Lucy.

Laney: Watch what my character can do.

Lincoln grabs another Assist Trophy and out pops Laney.

On TV, Laney went over to Mario, Peach and Diddy Kong and painted a picture and the picture came to life and it was a steamroller and it flattened them.

Laney: (On TV) (Smiles) Fighting never solves anything. (Disappears)

Qin: Whoa! That was awesome!

Laney: It sure was.

Joey: Good show!

Me: Laney is full of surprises in this game now.

Lana: Watch what me and Lola can do.

Lincoln grabs another Assist Trophy, and out pop the twins.*

On TV, the twins glare at each other before fighting in a brutal fight cloud. They start moving around the stage, catching Peach, Daisy, and Donkey Kong in their fight cloud. When the fight cloud disappears, the three fighters that got caught are launched off the stage. The twins pant from fighting.

Lana and Lola: (On TV) (Panting) Sorry, Lana… /Lola… (both disappear)

Qin: Boy that is brutal.

Lucy H.: It sure was. But that was really cool.

Me: Lana and Lola would get into these brutal fights that would leave them ripped apart.

Qin: Whoa!

Lola: But I'm glad we don't do that anymore.

Lisa: But watch my video gaming persona.

Lincoln grabs another Assist Trophy, and out pops Lisa. Lisa starts throwing chemicals at Duck Hunt, Pit, and Zelda. This causes them to slowly take more and more damage. When they take enough damage, Lincoln sends them flying.

Lisa: (On TV) (adjusts her glasses, smiles) A perfect success. (disappears)

Qin: Wow! That was an awesome experiment.

Me: That was clever and genius.

Xerneas: It sure was.

Lily: Lastly watch me.

Lincoln picks up another Assist Trophy, and out pops Lily. Lily pulls out a paintbrush and paints all over Sonic, Young Link, and Toon

Link, confusing and stunning them. Lincoln then unleashes his smash attacks to send them flying.

Lily: (on TV, giggling) Bye-Bye! (disappears)

Qin: That was so cool and awesome!

Lincoln: It sure was.

Qin: It's so cool that you are in Super Smash Bros. Everyone must've been amazed about it.

Me: They sure were Qin. News about it spread all over the city like wildfire.

Nico: It was a fast news spread.

Lincoln: No kidding.

Qin: That is so cool!

Me: It was.

We played video games for a while.

Later we were watching another awesome movie series: Hotel Transylvania. First from 2012 were watching the first movie.

---

In 1895 and the aftermath of his deceased wife Martha (Jackie Sandler) at the hands of an angry human mob, Count Dracula (Adam Sandler) commissions and builds a massive 5-star, monsters-only hotel in Transylvania, in which he raises his daughter Mavis (Selena Gomez) and to serve as a safe haven and a getaway for the world's monsters from fear of human persecution. Famous monsters such as Frankenstein (Kevin James) and his wife Eunice (Fran Drescher), Wayne and Wanda Werewolf (Steve Buscemi and Molly Shannon) and their massive immediate family, Griffin the Invisible Man (David Spade), and Murray the Mummy (CeeLo

Green) often come to stay at the hotel.

In the present day on Mavis' 118th birthday, Dracula allows his daughter to leave the castle to explore the human world, but he sets up an elaborate plan using his zombie bellhops disguised as humans to make them seem intimidating, and frighten her home. The plan works, but the zombies inadvertently lead a 21-year-old[14] human Jonathan "Johnny" Loughran (Andy Samberg) back to the hotel. Drac frantically disguises him as a Frankensteinesque monster and passes him off as Frank's cousin "Johnnystein". Jonathan soon encounters Mavis and the two "Zing". Unable to get Johnny out of the hotel without notice, Drac quickly improvises that Johnny is a party planner, brought in to bring a fresher approach to his own traditional and boring parties. Johnny quickly becomes a hit to the other monsters, but this disgusts and worries Drac greatly. Drac orders Johnny to leave, but he is brought back by Mavis. After being shown the beauty of a sunrise by Johnny, Mavis is inspired to give humans another chance.

Meanwhile, the hotel chef Quasimodo (Jon Lovitz), with the help of his pet rat Esmeralda, learns that Johnny is a human and kidnaps him to cook him. Drac intervenes and magically freezes Quasimodo to keep him from telling anyone that Johnny is human. Drac leads Johnny to his quarters and shows him a painting of Martha, allowing Johnny to realize why Drac built the hotel and became overprotective of Mavis. Johnny then agrees to leave for good, but Drac convinces him to stay for the time being to avoid ruining Mavis's birthday.

The party is a great success the next night, and Mavis looks forward to opening a gift from Martha. However, when Johnny and Mavis share their first kiss, Drac overreacts, and in his outburst, inadvertently confesses to deceiving Mavis with the town. A still-frozen Quasimodo bursts in and Mr. Fly (Chris Parnell) reveals from his frozen speech that Johnny is a human disguised by Drac. The guests are outraged by the deceit at play, but Mavis is undeterred and wants to be with Johnny. Johnny feigns disinterest in Mavis and rejects her out of respect for her father and leaves the hotel.

Mavis flies onto the roof with her mother's present, and Drac follows her in hopes of comforting her. He learns the present is a book about how Drac and Martha "Zinged" and fell in love. Drac realizes he no longer knows humankind's true tolerance of monsters. After apologizing to the patrons, Drac convinces Frank, Wayne, Griffin and Murray to head out into the human world to help him find Johnny, and with the scent-tracking ability of Wayne's daughter, Winnie (Sadie Sandler), they learn that he is about to catch a flight to the United States.

The four head to the airport, but are held up in a town celebrating a Monster Festival along the way. Admiring the group, the humans agree to help, and a team of men dressed as vampires provides Drac shelter from the sunlight while he rushes to the airport. Drac arrives to see Johnny's plane taking off, and he gives chase in bat form, burning in the sunlight. After getting Johnny's attention, Drac makes his way to the front of the plane and uses his mind-controlling power on the pilot (Brian Stack) to help him apologize, stating that Mavis has grown up and can make her own decisions. Johnny accepts his apology, and Drac manipulates the pilot to return to the Transylvanian airport.

Drac returns Johnny to Mavis, announcing that he approves of Johnny. Johnny confesses to Mavis that their "Zing" was mutual and the two kiss. The monsters finish celebrating Mavis' party, impressing the hotel guests.

---

Next from 2015, we were watching Hotel Transylvania 2.

---

After the events of the first film, Mavis and her new fiancé Johnny are finally married, with the approval of her father Dracula, and the world becomes aware of (and unafraid by) the existence of monsters. Mavis later reveals to Drac that she is pregnant and later, she gives birth to a baby boy named Dennis, who later befriends Winnie, who has a crush on Dennis.

Nearing Dennis' 5th birthday, he has yet to grow his fangs and Drac worries that his grandson might not gain vampire powers. Noticing the potential dangers of Transylvania, Mavis starts to consider raising Dennis where Johnny grew up, much to Drac's disapproval. Drac tells Johnny (who does not want to leave the hotel either) to bring Mavis to California to visit his parents, Mike and Linda, but to make sure to keep her distracted so that she will not move, leaving Drac to "babysit" Dennis. Drac enlists his friends Frank, Wayne, Griffin, Murray and Blobby to help train Dennis to become a monster, to no avail.

Drac takes Dennis to his childhood summer camp, Camp Winnepacaca, where he learned to hone his vampire abilities and discovers that the camp is safer than it was when he went there. Drac stubbornly believes Dennis is a "late fanger", so he hurls Dennis from a tall, unstable tower to pressure the boy's transformation into a bat. Dennis, however, does not transform and Drac has to fly down and rescue him at the last second. The stunt is filmed by the campers and uploaded to the Internet, which eventually reaches Johnny and Mavis. Mavis angrily transforms into a bat to Johnny and Mavis back to Transylvania. Drac and his friends reach the hotel a couple of seconds after Mavis. She confronts her father for putting Dennis in grave danger and his inability to accept that he is human. She states she will move out of the hotel after Dennis' 5th birthday the following Wednesday. Drac hangs his head with deep guilt after Mavis tells him that he may have let humans into the hotel, but hasn't let them into his heart.

Mavis invites Vlad, her grandfather and Drac's father, to Dennis' birthday party. As Vlad is much worse than he was when it comes to humans, Drac tells Johnny to have the human party-goers disguise themselves as monsters. Vlad receives the invitation and arrives with his monstrous bat-like servant Bela to meet his great-grandson for the first time. Meeting him, he believes that fear will cause Dennis' fangs to sprout and possesses a stage performer dressed as Dennis' favorite television monster "Kakie the Cake Monster" to scare Dennis, but Drac shields his frightened grandson at the last moment, breaks Vlad's hold over the performer, and exposes the deception to Vlad, who is outraged that Drac has accepted humans as guests in his hotel and let Johnny and Dennis be human. Drac confronts Vlad about how humans are different now. Mavis becomes upset with her grandfather's behavior. While the family argues, Dennis sadly flees the hotel and enters the forest with Winnie in tow, hiding in her treehouse.

They are attacked by Bela, who mistakes Dennis for a human. When Bela injures Winnie and threatens to destroy the hotel, Dennis' anger causes him to instantly grow his fangs and his vampire abilities manifest. He begins to fight Bela, who calls his giant-bat minions. Drac, Johnny, Mavis, Dennis, the Loughran family and the rest of the monsters team up to defeat Bela's minions and drive them away. A livid Bela then attempts to kill Johnny himself with a stake. However, having been won over by Drac's claim that humans now coexist peacefully, Vlad shrinks Bela and tells him never to bother his family again, saving Johnny. Bela then tries to flee, but is caught and licked excessively by the werewolf pups. With Dennis having vampire abilities, Johnny and Mavis decide to continue raising him in Transylvania, and they resume the party with his friends and family.

---

And lastly from 2018, we were watching Hotel Transylvania 3: Summer Vacation.

---

In 1897, Dracula and his friends travel in disguise on a train to Budapest. Dracula's arch-enemy Professor Abraham Van Helsing boards the train and unveils the monsters; the monsters escape by climbing through the roof, and Dracula pushes his friends off the train for their safety. Van Helsing is obsessed with destroying Dracula, but is constantly outsmarted by him.

In the present day, Dracula is running his hotel business smoothly with his daughter Mavis and son-in-law Johnny. Drac is depressed that he has remained single since his wife Martha's death despite his attempts to meet someone. Misinterpreting this as stress from overwork, Mavis books a cruise so they can all take a break and spend more time together as a family. Dracula, Johnny, Mavis, Dennis, and the hotel guests board a cruise ship called the Legacy. Dracula sees the ship's human captain, Ericka, and immediately falls for her, something that he thought was impossible as he had already "zinged" before.

Ericka goes to a private and secret room on the lower decks where she meets Abraham Van Helsing, secretly her great-grandfather. He has almost entirely mechanized his body to avoid death, and has a plan to eliminate all the monsters: on the cruise's arrival at the lost city of Atlantis, he will use an Instrument of Destruction in Atlantis' ruins. Van Helsing makes Ericka promise to not assassinate Dracula beforehand, but she makes repeated unsuccessful attempts to do so anyway. Dracula's friends hear Ericka complain about her inability to get him and misinterpret this as a sign of affection. Dracula nervously asks Ericka out on a date, and she accepts since she sees this as another chance to kill him. As they dine on a deserted island, Ericka unexpectedly begins to fall in love with Drac, after they learn about each other's pasts.

Mavis discovers Dracula is interested in Ericka and becomes suspicious of Ericka's motives. The cruise ship reaches Atlantis, which has been converted into a casino; Dracula decides to tell Mavis the truth about Ericka but gets distracted seeing Ericka enter an underground crypt. Drac follows her, with Mavis not far behind, and learns that Ericka is after a "family heirloom". With Dracula's help, she evades the booby traps around the object and escapes. Mavis arrives and confronts them, and Dracula confesses that he "zinged" with Ericka, to Mavis' surprise and confusion. After Ericka is told what a "zing" is, she rejects Dracula's romantic feelings, leaving Dracula dejected.

A regretful Ericka gives Van Helsing the object-the Instrument of Destruction-and he sets a trap for the monsters at a dance party. Noticing that Dracula is still depressed about Ericka, Mavis takes advice from Johnny and tells her father to talk to Ericka, admitting that she was afraid of him leaving her, which allays Drac's fears. Van Helsing shows up and pushes away the DJ, and a saddened Ericka is forced to reveal that she is his great-granddaughter. Van Helsing unveils the Instrument of Destruction, a case for a music note sheet, and plays a song that drives a friendly Kraken living near the island to attack the monsters. Dracula tries to stop the Kraken, but gets injured. Ericka saves Dracula from the Kraken and pleads with her great-grandfather to stop the destruction, confessing her love for Drac. This infuriates Van Helsing, and he attacks them both.

To pacify the Kraken, Johnny opens up a portable DJ kit and plays positive songs ("Good Vibrations" and "Don't Worry, Be Happy") to beat Van Helsing's song. Upon playing the "Macarena," the Kraken is relaxed and happy for good; Van Helsing is unable to counter the song as everyone begins to dance, including the music sheet (which rips itself to pieces during the process). When Van Helsing also dances, he accidentally slips and falls, but Dracula saves him. Touched by the act of kindness, Van Helsing apologises to the monsters and gives everyone a full refund for the cruise, before sending them back.

Back at Hotel Transylvania, Dracula proposes to Ericka, who stammers at the question before accepting.

We watched all three movies and they were so awesome and funny! When we were done, we were cheering and laughing!

Me: Those movies are so awesome and funny!

Nico: They always crack me up!

Mizore: They sure were funny though.

Moka: They sure were.

Me: You know, Lucy and Rocky, you two being a couple is perfect because you two look so much like Jonathan and Mavis.

Rocky: Hm. That is a perfect style.

Lucy Loud: It does make us feel perfect.

Nico: We're not insulting you. It's pointing it out.

Rocky: I know. But we do look perfect for that.

Me: But that version of Count Dracula is the nicest version I've ever seen. The one we killed was pure evil.

Qin: He sure was.

Me: He was voiced by Adam Sandler and I love all his movies. Not only that but Adam Sandler got his butt kicked by Bob Barker in Happy Gilmore.

We laughed.

May: That was really funny though.

Lincoln: It sure was.

Juleka: I think it's gonna be so cool seeing Dracula. I've always wanted to meet the Prince of Darkness.

Me: We killed an evil version of him Juleka.

Brittney: Actually me and the Goth's of Darkness did. He was a tough one. But we beat him.

Nico: I'm glad you all did.

Me: But that Bela was one evil bat.

Qin: What does it say about him?

I pulled up his info on the computer and it revealed a shocking history.

---

Despite being the main antagonist, his role is small. Bela was first seen giving Vlad an invitation sent by Mavis for Dennis' 5th birthday party. By the time they reached Hotel Transylvania, Bela had sensed humans and was told to wait outside.

However, after thinking that Dennis was a human, Bela had summoned his army to kill him and Johnny's relatives. Later, he went as far as harming Winnie (Wayne's eldest daughter), causing Dennis to grow his fangs (revealing that he is a vampire) and teaching him a lesson.

Throughout the skirmish, everyone else stepped in and sent the army flying away. In the end, Bela tried to kill Johnny, but was stopped and shrunk to a harmless size by Vlad and was grabbed and licked excessively by Wayne's children. It's completely unknown if Bela was returned to his original size and then banished away or if he was mauled and likely killed by Wayne's children.

---

Qin gasped!

Qin: He wants to kill all the monsters!? That's crazy!

Me: I know. He's the scariest villain in the series. But he deserves to be destroyed by us. Lets head to the simulator and take him down.

Everyone: YEAH!

We went to the simulator.

---

We got ready and went into the Simulator. It activated and we were in the world of Hotel Transylvania.

Me: We're in.

Nico: Wow! So this is Hotel Transylvania. It's a beautiful hotel.

Laney: It sure is.

Tayuya: I still can't believe that Dracula was so afraid of humans. But then again who could blame him.

Kurumu: I know how he felt. Everyone at Yokai Academy was a monster and we weren't complaining.

Yukari: That's right.

Shaggy: Like, no way are we going in there!

Scooby Doo: Reah! No way!

Me: Oh come on Shaggy, you saw the movies with us and you weren't complaining.

Shaggy: Yeah but we're not going!

Nico: Would you go in there with us for 3 cotton candy Scooby Snacks?

Nico pulled out a box of his and Lola's new Cotton Candy Scooby Snacks.

Me: Cotton Candy flavor? Sounds tasty.

Shaggy: Like, oh boy! I've never had cotton candy flavor.

Scooby Doo: Me neither. Okay.

Nico: Here you go.

Nico gave them three Cotton Candy Scooby Snacks and they were tasty. They tasted like having 1,000,000 sticks of the best cotton candy of all.

Shaggy and Scooby Doo: MMM! MMMM! MMMMMMMM!

They turned into rockets and went into the sky and turned into a dazzling display of fireworks. They landed in Nico's arms.

Shaggy: Like those were delicious!

Nico: Me and Lola made them.

Scooby Doo: You 2 are a great pair of Scooby Snack makers.

Lola: Thanks Scooby.

Me: Boy those must've been really good.

We went into the hotel and we saw that it was really busy.

Me: Wow. Look at all the monsters.

Nico: Amazing place.

We saw Dracula.

Dracula: Team Loud Phoenix Storm, welcome.

Me: It's a pleasure to meet you Dracula.

Dracula: Welcome to Hotel Transylvania, guys. Sorry you had to visit under these circumstances.

Me: No worries. But I would give this hotel a 5 star rating.

Dracula: I thank you for that.

Nico: We saw the movies you have on Hotel Transylvania. It's amazing!

Dracula: I'm glad you like them.

Mavis then came down.

Mavis: Wow! Team Loud Phoenix Storm! It's an awesome honor to meet you all.

Me: You too Mavis.

Lucy Loud: You are in every way as amazing as me.

Mavis: Thanks Lucy. It's a pleasure to meet a fellow vampire.

Lucy Loud: And you and I are like doubles. Me and Rocky are like you and Johnny.

Rocky and Lucy held hands.

Mavis: (Laughs) Wow! It's like we're seeing me and Johnny as kids.

Rocky: I know. It's like we're mini-clones of you and Jonathan.

Me: I think it's really cute though.

Mavis: Look, guys. I'm moving out of the hotel next Wednesday with Johnny and Dennis. And there's nothing you can do to stop me. I don't even care if you beat me up like you did to Van Rook!

Me: Whoa, whoa, whoa, whoa, back up.

William: We would never beat you up, Mavis. But you, your family, and all the monsters in this room will listen to what we have to say.

Me: Mavis, your father was just having some bonding time with Dennis. Just like any grandparent would. That's how family goes.

Mavis: Hmm. That is true.

Ed: Mavis, can we see that video of your dad trying to get Dennis to fly?

Mavis: Sure.

She pulled out her phone and showed us the video and it was a silly one and a crazy one.

Dracula: (ON VIDEO, SINGING) Mother's already Nutsy Koo Koo! Nutsy Koo Koo! (SCATS) Koo Koo!

Dana: (ON VIDEO, SINGING) Oh dear! Oh dear! Oh-oh-oh my devil! I have to follow protocol!

Dracula: (ON VIDEO, SINGING) That ain't happening! That ain't happening! Mother's already (SCATS) Koo Koo! (SCATS) (ECHOING) Koo Koo!

Blob was doing the booty scooty and Ed was dancing to it.

Mavis: That's it.

Me: It's got a catchy tune. But what Dracula did was not right.

Dracula: I know and I regret it completely. But I'm sorry for making Dennis do that. It was just because I wanted to have some bonding time with him.

Me: I know. And as a loving father myself I understand how you feel. But these things take time you know. Besides, I know that Dennis is a good kid. But all family should stick together.

Mavis knew that I was right.

Carol: I'm also a loving mother myself.

Lori: Same here.

Jared: I have 3 beautiful children myself and they are the world to me and family is always important.

Mavis: (Sighs) You're right. We're staying.

Jonathan: All right!

Dennis: Yeah!

Everyone cheered.

Dracula: Oh happy day! Thank you J.D.

Me: Anytime Dracula.

Then we heard explosions and we turned and we saw that they were coming from the west, no far from the hotel.

Me: We got trouble! Come on!

We went to where the explosions were coming from and we saw that Vlad was fighting Bela! His own sidekick had turned against him!

Vlad: Bela, please! Stop this. I realize that not all humans have to be our enemy!

Bela: Then you're a fool!

Me: (Offscreen) You are the true fool!

I swooped in and kicked Bela in the face and sent him crashing into a tree.

We were ready to fight!

Bela: What!? Team Loud Phoenix Storm! What are you all doing here!?

Me: What else Bela, to kill you.

?: He's not the only one you have to face.

We turned and we saw a familiar foe. It was Zs'Skayr.

Me: Zs'Skayr. Why am I not surprised.

Ben: I should've known that you'd show up to attack us, Zs'Skayr. After all, despite your alien status, you'd fit right in with the monsters here.

Zs'Skayr: And Mavis' father reminds me of a certain associate of mine.

Nico: Lord Transyl no doubt.

Zs'Skayr: Indeed.

?: And don't forget about me.

We then saw a figure come out and it was LIONIZER from episode 18 of In Space!

* * *

Astronema summoned Lionizer to back her up to steal the Storm Blaster. Storm Blaster summoned Justin, the Blue Turbo Ranger and Lionizer was destroyed by the Mega Voyager. Lionizer wielded a powerful cannon in battle.

* * *

Andros: Lionizer!

Lionizer: You all remember me. I'm flattered.

Me: I remember you! You tried to help Astronema steal the Storm Blaster Turbo Car!

Lionizer: That's right J.D. Knudson, you watched me on tv huh?

Me: We did.

Lionizer: (to Andros) After I kill you Rangers, I'm gonna pay a visit to your Blue Turbo Ranger friend. And tear him apart!

Me: Like hell you will!

?: And you will know what true pain is.

We then saw another foe from my time in the future. It was NAGATO A.K.A. PAIN!

---

Nagato (in Japanese: 長門), better known as Pain (ペイン), is a fallen hero who serves as a major antagonist in the Naruto series. He served as the main antagonist in the Tale of Jiraiya The Gallant Arc, a major antagonist in the Six Tails Unleashed Arc and the main antagonist in the Pain's Assault Arc.

Initially an idealist devoted to bringing peace to the violent Ninja World, he is the apparent leader of Akatsuki and the lord of Amegakure (the Village Hidden in the Rain). While he appeared in control the organization for a long time, it was eventually revealed that he is in fact Tobi's second-in-command. He is later revealed to be a member of the scattered Uzumaki Clan, making him a distant relative of the series' primary protagonist Naruto Uzumaki.

Nagato was born in a village near Amegakure. He and his parents lived a difficult life in a country devastated by the Third Ninja War, which the neighboring Ninja Nations fought by using the Land of Rain as a battlefield.

At one point, he was found by an aging Madara Uchiha, who identified him as the only one who could wield the Rinnegan, the world's most powerful ability, once wielded by the Sage of the Six Paths, founder of the Ninja World. (This might be due to his ancestry, though it was never fully explained.) Madara secretly transplanted him his Rinnegan eyes, planning to use him in the near future.

One day, two Ninjas from Konohagakure (the Village Hidden in the Leaves) broke into their home looking for food, unaware that the place was still inhabited. Nagato's parents, fearing an attack, got themselves killed fighting the two ninja so their son could escape. Nagato would remember this event as the first greatest pain of his life. Nagato's grief at what had happened caused his Rinnegan to manifest, leading him to kill the assailants in a rage, although he would not remember it for a long time.

After burying his parents, Nagato, now orphaned was forced to leave his childhood home and wander the ruined country while begging for food and also searching for shelter. He would eventually come across a stray dog who refused to leave his side, whom he named Chibi.

Unfortunately, due to the ongoing war and with resources being scarce, no-one was willing to help Nagato. Upon collapsing from hunger one day, Nagato was later found by Konan and Yahiko, two orphans who soon became his best friends and traveling companions. The three often spoke about their hopes, Nagato being greatly inspired by Yahiko's dream of conquering the world to make it better.

One fated day, Chibi got killed in the crossfire from the battle between Amegakure's extremely powerful dictator Hanzō and three immensely powerful ninjas from Konoha who would later be known as the "Legendary Trio": Tsunade, Jiraiya and Orochimaru. Soon after the war ended, the three ran into the Legendary Trio, and Yahiko boldly asked them to take them as apprentices. Jiraiya accepted to teach them Ninjutsu so that they would become able to look after themselves although Orochimaru had offered to kill them to end their suffering.

Jiraiya started living with the three orphans, but he only overcame his reluctance to make them into warriors after witnessing Nagato using the Rinnegan to kill a ninja from Iwagakure in self-defense. Jiraiya taught a distraught Nagato to never lose sight of what is important to him, and to use his powers to find the peace that they both desired for the world. Three years later, Jiraiya returned to his homeland after the three had become full-fledged Amegakure ninjas.

However, Nagato and his friends encountered a strange man calling himself "Madara" (in fact Tobi who had taken his identity) and his traveling companion. Though the unconvinced Yahiko took Nagato and Konan away from him, the stranger raised Nagato's curiosity with his knowledge of the Rinnegan and promised that Nagato and his friends would one day friends understand his way of thinking.

Over the years, Nagato, Konan and Yahiko began a quest to find peace. News of their exploits would reach Jiraiya, until he heard that they had all died. They gathered followers who shared their aspirations for an end to war, leading to the creation of Akatsuki.

Hanzō came to regard their group as a threat to his rule. Aided by Danzo Shimura, he faked negociations to lure the Akatsuki into an ambush and captured Konan. The only way to save her was for Nagato to murder Yahiko. Not wanting Nagato to make a choice, Yahiko impaled himself on his friend's kunai. With his last breath, he told Nagato that he believed him to be the savior the world needed, as Jiraiya himself believed.

Hanzō then used an explosive spell that crippled Nagato's legs, and ordered his men to slaughter the group. Devastated, Nagato retrieved Konan and summoned the Demonic Statue of the Outer Path, killing all of Hanzō's and Danzo's men but them, but became frail, emaciated and covered in Chakra Rods embedded in his back. Nagato remembered Yahiko's death as his second greatest pain, and would later use his body for the Six Paths of Pain.

In the aftermath of what had happened, Nagato severed his ties with Amegakure by slashing the village's symbol on his forehead protector as he no longer wished to be associated with a village that had cost his friend his life while Yahiko's death left a long-lasting impact on Nagato and convinced him that the philosophy about achieving peace was completely foolish and that the world would never willingly or knowingly end or even break out of the cycle of death and hatred that it had been operating on for countless generations. This also caused Nagato to believe that only through a direct experience of war could anyone hope to desire peace. Intending to bring a level of despair to the world while hopeful it would result in peace, Nagato took on the alias, "Pain" and formulated plans to bring his dream a reality.

Being confined in a walking machine by his crippled state, Nagato started acting through six corpses, remotely controlling them as extensions of himself. He could use all at once or one at a time, but almost only used Yahiko's corpse. Nagato later caused a civil war, took over Amegakure and killed Hanzō in revenge, systematically killing anyone else who had ties with him. Under Tobi's impulse, he turned Akatsuki into a group of criminals. From then on, he ruled both Amegakure and the Akatsuki, being revered as a god by the villagers and every Sunday, would end the rain for a few hours as a tribute to Yahiko.

Nagato is seen at first as the faceless, nameless leader of Akatsuki. He first appears "in person" when all Akatsuki members meet as astral projections, to seal a Tailed Beast or to discuss the matter in hand. He is seen explaining the organization's goals of dominating the war business, by offering extremely efficient mercenaries at a very low cost, to gain in strength while weakening the Ninja Villages and take over the world. He also has to scold his subordinates quite often. As the story went on, portions of his face are shown before culminating in his full debut.

Battle against Jiraiya

Shortly after Deidara's death, Tobi orders Pain to lure Naruto Uzumaki, the jinchuriki (host) of Kurama, the Nine-Tailed Demon Fox. However, As he is about to depart, Pain detects Jiraiya infiltrating the village and sets out to kill him.

After sending Konan to distract Jiraiya while he switches to his Animal Path, Pain confronts their former master while revealing his intentions to use the nine demonic Tailed-Beasts to create a technique of mass destruction as destructive as a nuclear bomb, which he would give to every nation. The sheer desolation caused by this weapon would then scare the world away from war, for decades if not more.

Pain launches summons after summons and hides in a Giant Chameleon to turn invisible, forcing Jiraiya to activate the legendary Senjutsu: a fighting style based on the use of natural energy. Jiraiya summons the Elder Toads Shima and Fukasaku to his aid, and Pain retaliates by revealing two of his controlled corpses: the Preta Path and the Human Path, forcing Jiraiya to flee within pipes. The Elders trap the Paths of Pain in a very powerful illusion, and Jiraiya impales each through the heart with a giant sword.

As Jiraiya has dropped his guard, it is revealed that the Six Paths of Pain were unleashed, and that the Paths he destroyed were restored. The Asura Path attacks him from behind, severing his left arm. When the Six Paths lunge at him, Jiraiya recognizes them as ninjas he met before. He manages to destroy one, but gets fatally wounded when they cut his throat and impale him multiple times.

Having understood too late the secret behind the Six Paths, Jiraiya uses the last of his strength to leave a coded message on Fukasaku's back, before sending him to Konoha with the destroyed Animal Path. Fukasaku manages to escape from Pain, but Jiraiya's corpse sinks into the sea. Pain then holds a moment of silence in respect for his former teacher.

## Capturing the Six-Tails

While in the manga, Akatsuki had captured Utakata, the jinchuriki of Saiken, the Six-Tailed Demon Slug, off-screen; the anime shows Pain, with his new Animal Path, capturing him. The Animal Path uses its Giant Hound to track down Utakata, and runs into ninjas from Kirigakure, the Village hidden in the Mist, as Utakata is a deserter from their ranks. Pain kills the ninja and finds his target, whom he traps under an avalanche caused by his Asura Path's missiles, before capturing him.

## Invasion of Konoha

With Nagato hidden nearby, Pain and Konan are seen arriving near Konoha, slaughtering the guards around. The Asura Path launches the Animal Path inside the village, so that the wards would notice only one intruder, to summon the rest of them inside. The Asura, Preta, and Animal Paths are then tasked to bring as much destruction as possible for diversion, while Konan and the Deva, Human, and Naraka Paths looked for either Naruto or information about his whereabouts.

As Pain is devastating Konoha, killing thousands of ninjas and civilians on his wake, The Deva Path ends up against Kakashi Hatake, Naruto's teacher. Kakashi manages to hold his own against the fearsome Deva Path, but the Asura Path enters the fray. Kakashi and his allies manage to incapacitate the Asura Path, but the Konoha ninjas end up overwhelmed and Kakashi has to sacrifice his life to protect one of his allies.

The Deva Path later confronts Tsunade, the Fifth Hokage (ruler of Konoha), who just heard about his powers from Kakashi's ally. Pain attempts to force her into revealing Naruto's location, but she refuses and calls him a terrorist. After a short dispute about the justifications of war, Pain learns Naruto's location from the Human Path. Pain then decides to educate Tsunade and Konoha in suffering. He uses his powers to obliterate the village, while Konan and the other Paths withdraw.

Shortly after, Naruto returns, having mastered Senjutsu Arts/Sage Attack and gained enough power to challenge Pain. Despite having overexerted herself to exhaustion to minimize the damage, Tsunade attacks Pain in a rage, but he sends the newly restored Asura Path to kill her without sparing her a glance. But Naruto jumps into the fray and swiftly destroys the Asura Path, the Preta Path and most of the Animal Path's summons, aided by his toad allies.

He blasts the Human Path with his most powerful technique, the Rasenshuriken, before trapping the Animal Path inside the mouth of the Great Toad Gamabunta to destroy it. Pain sends the, temporarily powerless, Deva Path fight Naruto at close range, while the Naraka Path restores the Preta Path to counter Naruto's Rasenshurikens. Naruto uses a diversion to destroy the Naraka Path, but the Preta Path captures him. However, absorbing too much Senjutsu chakra turns the second to last Path to stone.

Though having destroyed the other Paths, Naruto finds himself outmatched by the Deva Path, who kills Master Fukasaku and pins Naruto to the ground with Chakra Rods. Pain lectures Naruto about the suffering of war, the vicious cycles of revenge, the pointlessness of Jiraiya's idealism and his plans for peace. He asks if Naruto has a better solution than his own, but the boy finds himself at lost. Hinata Hyuga attempts to fight Pain, revealing her true feelings for Naruto, but gets blasted away. (In the anime, she knows that she stands no chance and instead attempts to free Naruto, but to no avail.)

Believing her to be dead, an enraged Naruto gets consumed by Kurama's power and his Six-Tailed form attacks Pain in feral rage, severely beating him down. This forces Nagato to get Yahiko's corpse closer to him so Pain can trap Naruto into a ginormous sphere of debris. Naruto almost breaks free by unleashing the unprecedented Eight-Tale form. Fortunately, Naruto's father, the fabled Fourth Hokage Minato Namikaze devised a failsafe in Naruto's seal, enabling his spirit to appear and repress Kurama, before comforting his son.

Reflecting on the earlier lecture, Naruto emerges from the sphere and demands to speak with Nagato, but the Deva Path attacks him. Naruto takes advantage of the time limit of the Deva Path's power to destroy it with a Rasengan, his signature move that Jiraiya taught him and which Naruto's other father created. After defeating Pain, Naruto uses Pain's Chakra Rods to find Nagato. Nagato pierces him with a Chakra Rod to control his movements, but Naruto resists it. Despite his hatred, Naruto stands firm and asks how a former student of Jiraiya could have strayed so far from their master's teachings. Hoping that Naruto would come to agree with him, Nagato tells him of his and his friends' tragic childhood.

Though he agrees with Nagato's conclusions, Naruto decides to stay true to Jiraiya's ideals of peace coming from "breaking the cycle of hatred". As such, he refuses to kill Nagato. Amazed by Naruto's resolve and remembering Jiraiya's teachings, Nagato decided to put his faith in Naruto's method and sacrifices his own life to revive all the Konoha citizens he killed during his invasion. The strain of the technique costs Nagato his life, and with his final breath he encourages Naruto to stay true to his principle despite all the hardships he will find.

In the aftermath, Konan takes Nagato and Yahiko's bodies back to Amegakure for burial. She leaves Akatsuki and pledges Amegakure's allegiance to Naruto's and Jiraiya's ideals, giving Naruto a bouquet of origami flowers as a memento. Naruto then builds a memorial to both Jiraiya and Nagato, on which he leaves Konan's bouquet and Jiraiya's first novel as a token of reconciliation.

The Fourth Great Ninja War

Nagato is brought back as an undead by Kabuto Yakushi, alongside many highly powerful ninjas, to serve Akatsuki in the war against the Ninja Alliance. He is paired with Itachi Uchiha, who helps him to walk, since he cannot walk on his own. They have a talk about how they were manipulated all their life and afterlife, because of their immense power.

Shortly after, they meet with Naruto and Killer Bee, the jinchuriki of Gyuki, the Eight-Tailed Demon Ox. Although he is pleased to see Naruto again, he has no other choice than to attack, and he uses his Animal Path's summons as mounts to fight. After Itachi gets freed from Kabuto's control, Kabuto retaliates by deactivating Nagato's consciousness. This proves a critical mistake though, since while Kabuto has total control, he lets pass attacks that Nagato would have been able to counter easily.

During the fight, Nagato hides in his Giant Chameleon's mouth to land powerful surprise attack. After his summons are defeated, he absorbs Gyuki's chakra to rejuvenate his body back to its peak condition and fight at his full power. He captures Naruto with his invisible Chameleon and proceeded to remove his soul with the Nakara Path, while easily subduing Killer Bee by growing two of the Asura Path's mechanical arms. After Itachi saves the two jinchurikis, Nagato attempts to trap them in a sphere of debris, but the three are able to escape before it is too late. Itachi takes Nagato-Kabuto by surprises and seals Nagato with the powers of his own Susanoo summon. Nagato bids a final farewell to Naruto, and wishes him to triumph brilliantly.

Me: PAIN!

Nico: WHOA!

Pain: I see you remember me J.D. I'm flattered that you remember.

Me: It's been 150,000 years since we last fought.

Nico: He's power is unreal.

Qin: Who is he?

Me: That's the leader of the Hidden Rain, his name is Nagato Uzumaki. But he likes to go by Pain. He proclaims himself to be a god. He was originally the Leader of the Akatsuki Organization. His goals were to use the power of the 9 tailed beasts to scare the world.

Qin gasped!

Me: How can I ever forget what you did Pain. You launched a massive assault on the entire Leaf Village that left it as nothing more than a giant crater.

Pain: Because the Leaf was the only thing that will experience pain.

Me: It took everything I had to beat you. It was a battle that nearly destroyed the entire planet. Now you are going to experience an even greater pain, being erased from existence forever. I'll face Pain. It'll be like it was when we fought in the future.

Edd: Don't worry. I'll keep Zs'Skayr busy.

Double D turned into Iron Boy.

Noah Carver: Right! Johnny, make sure Dennis watches this.

Megaforce Rangers: Legendary Ranger Mode: Star Earth Five!

The Megaforce Rangers turned into the Fiveman from 1991.

Andros: LETS ROCK IT!

The In Space Rangers transformed and they were ready.

I snapped my fingers and we were now fighting on the planet Glaren yet again.

---

Battle 1: J.D. KNUDSON VS PAIN

I was facing Pain, just like it was 150,000 years from now.

Pain: So this is the world you've chosen to feel pain.

Me: The only one that's going to feel pain is you. Just like it was when I destroyed you 150,000 years from now.

Pain: Then the time has come for us to end this.

Me: I couldn't agree more. But I'm not the same person that beat you the last time we fought. I'm far more powerful than ever before.

I then flared up my power and the sky darkened with storm clouds and lightning struck everywhere and the ground was shaking incredibly violently and my aura turned rainbow color and then I unleashed the full extent of my power!

Me: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

Pain shielded himself with his arm as a massive cloud of dust blew him back. When the dust cleared I was now in my Super Angel-Ebonwu 100,000 Elemental Phoenix form.

Pain: WHAT!? You've changed!

Me: (Divine voice) **This is my ultimate power. Now, lets dance.**

I teleported and without warning I appeared and punched Pain in the stomach with devastating force and kicked him in the face and sent him skidding and Pain got up and threw a bunch of Chakra Disruption blades at me and I teleported and flew in the air. I fired powerful blasts of fire and Pain saw them coming.

Pain: ALMIGHTY PUSH!

Pain formed a powerful barrier of gravity and the blasts hit the barrier and bounced off.

Me: **Still the same tricks I remember.**

I fired powerful blasts of lightning and they hit him and electrocuted him all over and I fired powerful blasts of water and drenched him and then I fired powerful blades of wind and cut him up good. Pain jumped up to me and he formed his hand into a powerful chakra cannon with the Asura Path and he fired it at me and I fired a powerful Kamehameha Wave at the blast and the blasts collided and exploded with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I flew at Pain and punched him in the face and fired an energy blast at him and it hit him and exploded.

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Pain fell to the ground.

He got up and I landed.

Me: **Impressive. Vypra merged all six paths into you and gave you all of Nagato's powers. I'm impressed.**

Pain: I see you figured that out. You are just as impressive as you were when we fought.

Me: **Indeed. But to tell you the truth, when we fought 150,000 years from now I was holding back my true power and now you are seeing it first hand.**

Pain: So you were holding back during our fight. How foolish.

Me: **You are the true fool. Just a delusional false god that wants to destroy everything.**

I fired a Force Wind blast and blew him back and went at him and I kicked him in the air and teleported and he fired a powerful barrage of finger missiles at me and I fired a powerful barrage of fire energy blasts at the missiles and they hit them and exploded with incredible power.

KRABBBOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOMMMMM!

KRABBBBBOOOOOOOOOOMMMM!
KRABBBBBBBOOOOOOOMMM!
KRABBBBBBBOOOOOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM

Pain then fired a powerful Chakra Cannon blast and I fired a Special Beam Cannon blast and the blasts collided and exploded with incredible power.

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I flew past him and fired powerful energy blasts at him as well as fire and lightning and light and dark energy blasts and Pain fired more of those missiles from his fingers and they hit the blasts all at once and exploded with incredible power!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it shook much of the landscape and set much of it on fire.

We then went at each other and I punched him in the face and a massive thunderous shockwave was felt when I punched him and I kicked him in the stomach and punched him in the face and kicked him in the stomach and then he punched at me and I blocked his punch and then we clasped hands. Then we flared up our auras of power and they clashed as they mixed and then the entire planet was shaking at a tremendously powerful and violent level. The storm clouds over the land had powerful lightning striking everywhere as rocks and pebbles were lifting off of the ground and the planet was cracking apart. I then punched him in the face with devastating force and sent him crashing into the ground and he exploded out and summoned the Giant Centipede at me and I unsheathed my sword.

Me: **Try this on!** (Echoing) **RAGE OF INFERNO!** 超弾動閃煌斬

I fired a massive vortex of powerful fire and powerful blades of light and obliterated the entire centipede in a massive explosion of fire!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I then went at Pain and kicked him in the back.

Me: (Echoing) **THUNDERBOLT CUT! 雷光斬**

I fired a massive barrage of energy from my sword as well as a powerful blast of lightning! Pain used the Preta Path to try and absorb the blast of lightning and energy with a powerful Chakra-Absorbing shield, but it was totally useless as the blasts went through the shield and hit him head on and explode.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The blast sent him flying.

But then I got an unexpected surprise as he was sent flying.

(GIREI Plays)

He formed a small black sphere of gravity and had it go into the air.

Pain: PLANETARY DEVASTATION!

The black sphere of gravity began to draw in a tremendous amount of rock, earth and dust and I got out of the way of what was happening and what I saw up in the sky was nothing short of unbelievable! What I saw was a massive sphere of rock forming right in the sky! It was getting bigger and bigger as it kept on drawing in more and more rock and earth.

Me: **HOLY SHIT!**

I saw it keep drawing in more earth from the surface and it was as big as a huge moon!

Me: **Unbelievable! If Pain drops that massive sphere of rock, he'll destroy the entire planet!**

I fired a massive energy blast right at it and it hit the giant ball of rock and exploded with unbelievable power!

***KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO
OOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO
MMMMMMMMMMMMMMMMMMMMMMMMMMMMMMMMMMMMMMM***

The explosion was so massive, so powerful and so devastating that it shook the entire planet with incredible force and it was unbelievable! When the smoke cleared 10 minutes later, all that was left of it were flaming rocks and debris and there was a massive crater in the ground as the flaming rocks were raining down everywhere.

I landed on the ground and we faced each other.

Me: **You were trying to destroy the entire planet weren't you Pain?**

Pain: Yes and to make sure that you die with it.

Me: **You've really lost your mind Pain. All that talk about trying to find peace and how you were going to use your power to kill everyone to get it. You haven't changed at all since we last fought 150,000 years from now. You are still the same fucked up monster I remember destroying all those centuries hence.**

I stood in a stance and I had three of my fingers pointed at him and my aura was flared up.

Me: **FINAL IMPACT!**

I fired a powerful energy blast at Pain and it hit him and went all the way through him as it blasted a huge hole all the way through his chest and it killed him in an instant. Or so I thought. I saw him get up and he had a huge hole in his chest.

Me: **That was impressive that you survived that. But you are never gonna be welcome here.**

Pain: YOU BASTARD!

Me: **Says the pot calling the kettle black you shitkicker!**

Pain came at me.

Pain: WHY DON'T YOU GIVE UP!?

Me: **I don't think so.**

I had my hand ready.

Me: **HAKAI!**

Pain then glowed purple and he screamed in pain as he was being obliterated and then he faded from existence for all eternity as if he was never born at all.

Me: **It's oblivion for you.**

I powered down.

I went to help everyone else.

---

BATTLE 2: Zs'Skayr.

---

Iron Boy went at Zs'Skayr and punched him in the face and Zs'Skayr fired a powerful blast of dark energy and Iron Boy fired a powerful repulsor blast and the blasts collided and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Iron Boy kicked him and fired many Repulsor blasts at him and they hit him and exploded all over.

KRABBBBOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOMMMMMM!

Iron Boy punched him in the face.

Zs'Skayr went at him to possess him but surprisingly he couldn't go through Iron Boy's suit! He hit it with a powerful clang and was knocked down.

Iron Boy: Face it, Zs'Skayr. I'm just not afraid of no ghost!

Zs'Skayr: You will be. Because now, you've just reached the top of my enemy list next to Ben Tennyson! (flies off)

Iron Boy: Thanks a lot.

---

BATTLE 3: Lionizer.

---

Nico, the In Space Rangers and the Megaforce Rangers were facing Lionizer and it was a powerful fight.

Nico punched him in the face and Andros fired powerful energy blasts from his Spiral Laser blaster and the blasts hit the Lionizer and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBOOOOOOOOOOOOOOOMMMM!

Carlos Vallerte punched him and blasted him all over. Cassie Chan blasted him as well and so did Ashley Hammond. The Megaforce Rangers blasted him all over the place.

Carlos Vallerte: QUATTRO BLASTER!

Nico: Lets get him! Fire!

They fired powerful energy blasts from the Quattro Blaster, Spiral Laser Blaster and Nico fired a powerful energy blast and the blasts merged and hit Lionizer and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion completely obliterated the Lionizer in an instant.

Nico: Yeah! Lionizer, you have failed this universe!

Carlos Vallerte: That did it. Great job Nico.

Nico: Thanks Carlos.

Andros: That was well done man.

Nico: But we're not done yet. Lets help take down Bela.

They went to help destroy Bela.

---

BATTLE 4: Bela.

---

We then were now facing Bela.

Lucy Loud: You are going to face up to your crimes Bela.

Bela: I will never stop until Dracula and his monster pals are finished!

Me: Then you brought all this on yourself!

Dennis: Let us help you guys.

Jonathan: Yeah!

Mavis: We'll never forgive this clod.

Me: Lets get him.

We went at Bela and I punched him in the face and fired a powerful blast of lightning and electrocuted him all over and Lincoln and Linka fired a powerful blast of lightning and electrocuted him as well. Laney fired a powerful blast of fire and burned him all over and Lana fired a powerful blast of ice lightning and froze him in a block of ice and Haiku fired a powerful blast of black fire and burned him all over. Brittney fired a powerful storm of black crystal shards and skewered him all over. Lucy Loud fired a powerful blast of black lightning and electrocuted him all over and Lily and Luna fired a powerful blast of water and drenched him and Luan fired a powerful blast of light and burned him and Carol fired a powerful blast of King Ghidorah's Gravity Lightning and the blasts hit him all over and exploded.

Me: Time to finish freak for good!

Straxus: With pleasure boss! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his strength and axe 100-fold.

Slash Man: Time for me to cut him up! EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into his right arm and enhanced his claw 100-fold.

Straxus and Slash Man: HACK AND SLASH STRIKE!

Straxus and Slash Man slashed Bela all over with a powerful axe and his claws.

Sludge: Me Sludge ready. CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and enhanced his strength 100-fold.

Lance: Lets get him Dragonite! POKEMON CYBER KEY POWER!

The Pokemon Cyber Planet Key went into Lance's Right Arm Device and enhanced his Dragonite's abilities 100-fold.

Lance: Dragonite, use Hyper Beam!

Lance and Sludge: HYPER BOULDER STRIKE!

Sludge threw a huge boulder and Dragonite fired a powerful energy blast and they both hit Bela and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ben: Time for some ultimate power.

Ben then turned into a new ultimate form. He turned into Ultimate Arctiguana. In his evolved form, he has greatly increased in size and his body gained more bulk, and he has what appears to be red armor. He has three growths dangling from his chin, and his teeth are now sticking out of the bottom jaw. He has a "mustache" of sorts, pointing downward and curving inward at the bottom, from either side of his upper lip. He has ice covering sections of his back and shoulders, with large red cannons sticking out. There are also small ice growths on his arms. The black markings on his face have changed, no longer connecting to his eyes and instead move upward between the eyes and end in small hook-like curves facing inwards.

The Ultimatrix symbol is on the ice spikes on his back.

Ben: ULTIMATE ARCTIGUANA!

Me: Whoa! An Evolved Polar Manzardill!

Riley: Wow! That is so cool! Literally.

Me: Really cold and awesome!

Shanan: I've never seen something like this.

Ultimate Arctiguana: Time for some serious freeze power!

Ultimate Arctiguana fired a powerful freeze ray from his shoulders and Blizzard Man fired his Blizzard Attack.

Ultimate Arctiguana and Blizzard Man: ABSOLUTE ZERO BLIZZARD SHURIKEN SHOWER!

The freeze ray merged with the Blizzard Shuriken and they turned their temperature to -459.67˚ Fahrenheit and they hit Bala and froze him all over.

Ben then turned into another new Ultimate form: ULTIMATE GRAVATTACK. Ultimate Gravattack no longer has legs and floats entirely by manipulating his gravitational field. His skin crust becomes more jagged, as crests and peaks form on the surface. His planetary core is engulfed in his mouth now, with a red spiral circling outwards. His hands are much larger than Gravattack's.

The most notable change, however, are the three smaller orbiting planetoids that spawn around him, caught in his gravitational field. They each have a little face on them that resembles Gravattack's original form in orbit mode.

Ultimate Gravattack wears the Ultimatrix symbol on his chest.

Ben: ULTIMATE GRAVATTACK!

Me: Whoa! An Evolved Galilean!

Shanan: Wow! Amazing! I've never seen something like this.

Riley: So cool! It's amazing.

Ultimate Gravattack: Watch what I can do!

Gravattack fired a powerful ball of gravity and it had a bunch of rocks orbit around it and Gravity Man fired a powerful gravity blast.

Ultimate Gravattack and Gravity Man: GRAVITY MEGA PULVERIZE!

The blasts combined and hit Bela and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Now to finish this freak off for good.

Lucy Loud: I couldn't agree more. NIGHT LIGHTNING MEGA BLAST!

Lucy fired a powerful blast of black lightning and it hit Bela and electrocuted him all over.

Mavis: You are never welcome in my family. BLACK LIGHTNING BLAST!

Mavis fired a powerful blast of black lightning and it hit Bela and electrocuted him all over.

Dracula: You are a menace to us! LIGHTNING BAT SUPERSWARM!

Dracula fired a powerful swarm of energy bats and they hit Bela and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Dennis: My great grandpa will never welcome you into my family! VAMPIRE LIGHTNING LIFE DRAIN!

Dennis fired a powerful blast of black lightning and it hit Bela and sucked him dry of his life energy and reduced him to dust. Killing him.

Me: Go to hell Bela.

Nico: Bela you have failed this universe.

Dracula: He sure has. (To the viewers) Never mess with my family. (ROARS AND SNARLS AT THE VIEWERS)

Me: Easy there big guy. But that was awesome!

Dracula: Thank you all. Thank you for saving us.

Me: You're welcome Dracula. It was so awesome helping you.

Then we heard ghostly roars and we saw the GLOPPY GREEN GHOST!

A Pup Named Scooby-Doo

Season one

One morning, the ghost showed up outside the Rogers' house and stole Shaggy's bike, so the gang went to look for it. They eventually tracked it down to the ghost's hideout, the Furgeson Estate.

The ghost tried to scare them off, but he failed, and the gang found a secret passage, which caused them to discover piles of phony money that the ghost had printed. They also found the printing press he was using, as well as Shaggy's bike, which was missing its chain. However, the ghost showed up again and chased them. Scooby-Doo found green ink behind the printing press - the same kind that Mr. Conrad had at the Daily Babbler building. Just like the last time Scooby found it, it made him sneeze, propelling himself in numerous directions until he collided with the ghost, knocking him into the printing press. Velma Dinkley activated the press, and the ghost got stuck inside, despite his struggling.

The gang pieced the clues together and revealed the ghost to be Mr. Conrad. He stole Shaggy's bike because he needed the chain, which was a perfect fit for his printing press. He wore the ghost costume to scare people away from his hideout and prevent them from discovering his counterfeiting operation. When Shirley McLoon, a Treasury agent posing as a medium, got too close to uncovering his scheme, he locked her in a dungeon. The gang freed her, and she hauled Conrad off to jail.

---

Shaggy: ZOINKS! Like, it's the Gloppy Green Ghost!

Me: I remember him!

Qin: What is his story?

Me: He was really Shaggy's former boss Mr. Conrad. He was originally the manager of the Daily Babble newspaper company and he stole Shaggy's bike because he needed it's bike chain to power a printing press that he was using for a major multi-million dollar counterfeiting operation. The United States Treasury Department and the FBI have been trying to bust him for months.

Qin: Geez! That's terrible.

Me: Yep. Mr. Conrad was given 75 years in Federal Prison for his crimes.

Nico: Good riddance.

Me: He was also one of the first cases we busted when we were kids.

Daphne Blake: I remember that. Jeepers that feels like so long ago.

Nico: Wow.

Luna: I got this guy dudes.

Luna fired a powerful blast of water and melted him.

Me: Good riddance.

We went back home and Hotel Transylvania now lives in the forests outside of the city of Gotham Royal York. It was really cool helping out Hotel Transylvania and there's a fourth movie coming out in 2021 so we're gonna have to wait.

THE END

---

Another Fanfiction complete and the 2nd of 2 awesome movie series is done.

Hotel Transylvania was so awesome! I watched all three movies and they were so awesome! I liked them because Adam Sandler was in it and he was hilarious! Pain was by far a terrifyingly dangerous foe to Naruto and all the Jinchuriki in the Naruto universe. This was probably the most devastating battle I've ever had with him. Next up is Kimimaro, the last of the Kaguya Clan and we're gonna fight him with powerful bones and swords. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is the Loud House episode Last Loud on Earth. I was originally going to do the episode Kings of The Con but the script for that episode was incomplete so there was a change of plans.

See you all tomorrow.

# Last Loud On Earth

It was a cloudy day and we were heading over to the island of Berk.

Me: Boy it sure is a gray day.

Lucy Loud: I wouldn't mind a day like this. It's my kind of day.

Maggie: You and I have so much in common Lucy.

Lincoln: It sure is a good day though.

Lily Loud: It sure is.

Laney: I wonder what's gonna happen when we get to Berk.

Me: We'll find out shortly.

We arrived at the island of Berk and it had more dragons than ever.

Hiccup: Hey guys!

Me: Hey Hiccup.

Nico: What's going on?

Hiccup: Things have been going great and we have so many more dragons than ever.

Me: We can see that. Wow! There's so many dragons!

We saw that the whole island was turned into a city and it was unbelievable!

Me: Wow! I can't believe that it grew into this so fast since we were here a couple of days ago.

Nico: You have me and the Shinobi to thank for that.

Naruto: It's true guys. We've been using Shadow Clones to help out.

When you have Shadow Clones, you can get things done really quickly.

Me: Very impressive bro. Well done.

Naruto: Thanks big bro. It's awesome!

Hiccup: Naruto and the shinobi have been a really big help and we can't thank them enough.

We went to see Stoick.

Stoick: (Scottish Accent) Welcome back lads.

Me: Always a pleasure being in Berk.

Nico: Yep.

Stoick: Lads, I want to thank you all for sving my life from Drago.

Me: It was our pleasure Stoick.

Maria: We were just doing our jobs, Stoick.

Stoick: But I insist. As a reward, some of you can pick out a dragon partner from here.

Me: Wow! Some of us already have dragons. But go for it guys.

Francis: What dragon do you think is perfect for me?

Me: There are many kinds of fire dragons Francis. Whichever one suits you best.

Francis: Okay.

Silver Banshee: (Scottish Accent) You sure the rest of you guys don't want a dragon partner?

Lori: We're fine Siobhan. But thank you.

Poison Ivy: Let's make sure our new dragon partners don't get wet.

Me: Well some dragons live in the water. So we'll have the Neptune Crusaders get dragons that live in the water.

Bai Tza: Good idea.

Varie: That's perfect.

Lana: I love it!

Gali: That's a great idea. Water Dragons are perfect for us.

Nokama: You said it. It's a great idea.

Luna: Rockin' dudes!

We got to choosing our dragons. But there were so many of them that it was hard to pick. But we got our dragons.

Later back at the estate, Lincoln, Clyde, Laney and Lily were watching an awesome Zombie Movie Marathon.

[In a desolate small town, a man and his dog are running for their lives, being pursued by zombies.]

Colonel Austin: "More zombies, better put a little distance between us." [Austin slides across a puddle and grabs the leash of his dog. He throws it around a tree and attaches the other end to a tree across the road. The zombies get closer, growling and snarling, then Austin grabs the leash an uses it to slingshot the zombies away.] "Well Goldie, looks like we just gave ourselves a new leash on life."

[Goldie barks, liking the joke. The whole thing is a movie being watched by Lincoln and Clyde, Laney and Lily.]

Clyde: "Colonel Austin is such a boss! Taking out zombies, and lightening the mood."

Lily: Boy he sure is awesome! Zombies are awesome!

Laney: Zombies are scary!

[There's a growl on the TV.]

TV Announcer: "Swarm of the Zombies will return after these messages. And stick around, the all-night movie marathon continues with parts two through five."

Lincoln: "We're not going anywhere."

Lily: No we aren't.

[The boys and girls clink their juice boxes and drinks, when suddenly, the lights come on.]

Lynn Sr.: "Alright my little zombie heads, let's go, time for bed."

Clyde: [Confident] "Mmm-hmm."

Lincoln: "Okay, Dad. Come on, Clyde." [Walks off]

Clyde: "Wait, what?" [Follows Lincoln]

Laney: Huh?

Lynn Sr.: "I said, it's t-" [Realizes] "Wow, that was easier than I expected. [The boys and girls are heading upstairs.] Oh, wait, Clyde, I promised your dads a timestamped picture of you on your way to bed, here we go."

[He takes the photo. The boys and 2 girls enter Lincoln's room.]

Laney: What was that all about Lincoln?

Lily: Yeah that's what I was wondering.

Clyde: "I can't believe you gave up so fast, Lincoln, I was expecting a big protest with slides, and maybe even some well timed tears."

Lincoln: "No need for that my friend, because I knew this would happen, and I have a backup plan: we're gonna sneak out and watch the rest of the marathon in Lisa's bunker."

Clyde: "Great idea, but how are we gonna break through her security system?"

Lincoln: "Oh please, the code is her birthday. Lisa may be a genius, but she's terrible at creating passcodes."

Lily: That is crafty bro!

Laney: I'm impressed.

[Lincoln opens the panel behind his 'Amazing Space' poster, and pulls the cord. His inflatable slide opens up, and the boys and 2 girls slide down it.]

Lily: Weee!

[The boys and girls are in Lisa's bunker, it's 12:15 AM.]

TV Announcer: "And now, back to Swarm of the Zombies Part Two: Runaway Brain."

Colonel Austin: "We may not be able to stop these freaks, but we can slow them down."

[He takes a barrel of toxic sludge, and props it onto the door, he and Goldie run for cover. A zombie enters, but the sludge eats right through hands, and he passes out. 2:20 AM.]

TV Announcer: "We now return to Part Three: Brain Man."

[Austin is trying to hold a door shut, but the zombies are very strong.]

Colonel Austin: "Don't worry, nobody's getting into our secret hideout, Goldie." [Goldie tosses Austin a talkie, Austin stops it with his knee and kicks it up and out of the hideout, it lands a distance away. Austin talks into the other one.] "Hey zombies, got some fresh brains for you, skull to table."

[The zombies hear this from the talkie Austin kicked out and go over to where the sound came from, Goldie and Austin high five each other. 4:45 AM.]

TV Announcer: "Now, back to Part Four: Citizen Brain." [Austin and Goldie are climbing an oil tower, and kick a barrel sending the oncoming zombies over a cliff, Lincoln and Clyde high five. 6:55

AM.] "And now, back to the exciting conclusion of Part Five: Nothing Ventured Nothing Brained."

[The zombies are all stuffed into a rocket.]

Colonel Austin: [Holding the remote] "Wanna do the honors, Goldie?"

[Goldie hits the button, and the zombies are sent into space, the exhaust smoke reads 'the end..?'. Lincoln and Clyde and the 2 girls cheer.]

Lincoln: "I knew they could do it!"

Lily: Yeah me too!

Laney: That was awesome!

Lincoln: [Suddenly he sees the time.] "Ooh, it's 7:00 AM, we better sneak back up to my room." [They poke their heads through the entrance to the bunker, and then the back door, and find the kitchen empty.] "Oh, good, no one's up yet."

Lily: It sure is quiet.

[They continue through the house, and grow confused when they can't find anyone. They notice that Lynn and Lucy's bedrooms are empty, yet a mess.]

Lincoln: "Hmm, I guess they are up."

Clyde: "Pretty early for a Saturday, isn't it?"

Laney: But where is everyone?

Lincoln: "I wonder where they are." [The boys and girls look downstairs, and check the parents bedroom.] "Mom?! Dad?!" [The bed is unmade, but the room is empty.] "They're gone too? I'd better call them." [Takes out his phone] "Huh, no service."

Laney and Lily pulled out their cell phones and it was the same thing.

Laney: Mine too.

Lily: Yeah same here.

Clyde: [Tries turning on the lamp.] "No electricity either."

Lily: The power is out.

[They go outside and find the whole street is empty, and eerily gloomy, the only sound is a window shutter.]

Lincoln: "This is weird, come on." [They run down the street to Mr Grouse's house, the front door is wide open.] "Mr. Grouse?"

[The house is in the same state as the estate, a big mess, but totally empty.]

Clyde: "His place is empty too, and it looks like he left in a hurry."

Lily: Where do you think he went?

[The boys and girls run through the streets, checking other houses, but eventually return to the estate.]

Lincoln: Hmm, empty houses, abandoned streets, no power. What do you think happened here?

Dark Spicer: (Offscreen) That's what we want to know.

Lincoln, Laney, Lily and Clyde turned to see Dark Spicer, Waffle Woman, Zs'Skayr, Vanitas, Number 7, and Vypra walking towards them.

Laney: Oh great!

Lily: Not you guys!

Clyde: What do you guys want?

Lincoln: Did you have anything to do with this?

Zs'Skayr: Of course not! We just got here 5 minutes ago after we got done killing some of those meddling Death Eaters.

Clyde: Then, who did this?

Waffle Woman: We're just as confused as all of you.

Lincoln: Look, none of us know what happened here. So, until we can solve this mystery, we should call a temporary truce.

Vanitas: That's fine by me.

Number 7: A most logical decision.

Clyde: (to Vypra) Can't you use your Batlings to do a search of the area?

Vypra: I would. But they're watching our base until the 6 of us get back. And no. We're not telling you where it is.

Laney: I had a feeling you wouldn't talk Vypra.

Dark Spicer just turned into Feralhound.

Lincoln: Why don't you use your Loboan form to sniff out clues?

Feralhound: I haven't exactly turned into that form yet. I'm saving it for the next time I face you guys.

Clyde: Assuming that there is a next time.

Laney: Don't say that Clyde.

Lily: We can get through this if we work together.

Lincoln: If I didn't know any better, I would swear that we're in the middle of a Zombie Apocalypse.

Clyde: "Ha, that's funny, it does kinda looks like it, the only thing missing is an actual-"

[Suddenly they hear growling, they look over, and see a dark figure slowly approaching them, and gulp.]

Lincoln and Clyde: Zombie!

Lincoln: Run!

Dark Spicer: (to the zombie) Here's your warning: Your ass is about to be kicked!

Dark Spicer fired his blaster at the zombie while Zs'Skayr fired a blast of dark energy at it. Both attacks knocked it down with a huge explosion.

KRABBBBBOOOOOOOOOOOMMMMM!

Dark Spicer: Let's go while it's distracted!

[The boys and girls run for it, and hide behind a fence. The zombie is nowhere in sight.]

Clyde: "We lost it, but who knows how many more are out here?" [Gasps] "Do you think they got our families?"

Laney: I don't know.

Lincoln: "I doubt it, Lynn's a blackbelt and Lola's a biter."

Lily: I remember that.

Clyde: "Yeah, and my dads are really tough. They once fought off fifty angry shoppers for antique candelabra."

[Brief silence]

Laney: That's impressive.

Vypra: Very impressive.

Lincoln: "Listen Clyde, we knew this day would come. Right now, let's get to our secret hideout for supplies and zombie fighting gear."

Clyde: "Good call."

Laney: It's time we put our Zombie Survival Skills that we were taught from Shawn to the test.

Lily: Right!

Vypra: This is gonna be interesting.

Both: [As they roll out] "Clincoln McCloud."

Laney and Lily: And Lanily!

Lincoln: Good name you two.

Clyde: I'll say.

[They all run through the streets, keeping out of sight, while looking out for more zombies. They stop in front of the Burpin' Burger.]

Clyde: "Mind if we stop at the Burpin' Burger? I need to use the bathroom, I know it's for paying customers, but I really have to go."

Lincoln: "It's the apocalypse, Clyde, I think that rule is out the window."

Waffle Woman: Well when you got to go, you got to go.

Vypra: We'll keep a watch.

Clyde: Okay.

[They all enter the restaurant, and find it empty.]

Clyde: "Huh, looks like everyone left here in a hurry, too."

Laney: Looks like it.

Lincoln: [Quivers] "Or were attacked by zombies." [Sees Clyde's not next to him.] "Clyde?" [The boys enter the bathroom, when there's a moaning outside.] "The zombies."

Clyde: [Zips up] "Never mind, I'll pee later!"

[They all look around, and see the window is open.]

Lincoln: "Remember what Colonel Austin said? We might not be able to stop them, but we can slow 'em down."

Laney: Good thinking.

[Lincoln grabs the garbage can and props it on the door, Clyde is struggling to climb through the window, Lincoln gives him a boost, and follows after him. Vanitas gives him a boost and they went through the window. They land outside, and hear the sound of their trap being sprung, they're pleased by this.]

Clyde: [Offers a fist bump] "Clincoln."

Lincoln: [Returns it] "McCloud."

[They explode their fists.]

Laney: Nice trap boys.

Vypra: Very genius.

Lily: Yeah.

[Later, they arrive at the abandoned Flip's Food & Fuel, and look inside.]

Lincoln: "Okay, the old Flip's, looks zombie free." [They start getting stuff.] "Grab what you can, I put a ton of cheese and crackers in our secret hideout, but that was like, five years ago."

Lily: Eww!

Flip: "Freeze bozos!" [They all get startled and drop everything.] "There are no freebies in Flip's house."

Lincoln & Clyde: [Hopeful] "Flip!"

Clyde: "He's alive!"

Laney: I thought he was in prison!

[They head for the backroom, but right when they enter… ]

Flip: "Freeze bozos!"

Lincoln & Clyde: "Huh?"

[Flip's voice was revealed to be a tape recording.]

Recording: "There are no freebies in Flip's house."

Laney: It's only a tape recording.

Clyde: Do you think the zombies got Flip?

Vanitas: Of course not. He's safe inside one of your prisons, remember?

Lily: That's good. I hate that guy.

Laney: I hate him more. Cheapskate freak.

They gasp when they hear a moaning outside, they look and see a figure bent over behind the counter. They also see the nacho machine, Clyde gives a signal, they swing on some bunting and kick the cheese at the figure.

Clyde: Eat congealed cheese, zombie!

Waffle Woman: How about some syrup to go with it?!

Waffle Woman sprayed syrup into the zombie's eyes. And then, Vanitas shot a Dark Firaga at it, knocking it down with powerful explosions.

KRABOOOMM! KRABBOOOOOMMM! KRABBBBOOOOOOOOMMM! KRABBBOOOOOOMMMM!

Laney: Nice shooting!

Lincoln: We need to keep moving!

[They make it to Tall Timbers Park, and keep out of sight until they find their secret hideout.]

Lincoln: "Quick! Into the secret hideout."

[He pulls some branches out from an opening to a cave hidden behind a large boulder and they all enter. In their hideout, Clyde checks the snacks, while Lincoln tunes their radio. There's a noise making Clyde scream.]

Laney: What is it!?

Lincoln: [Regarding the radio] "I think we got something."

Vypra: Lets hear it.

Mayor Davis: "This is Mayor Davis, if there are any stragglers out there, I urge you to please come to the mall."

Lola: "Lincoln! Clyde! Laney! Lily! She's talking to you! Get your butts down here!"

Rita: "Lola! Give that back to the mayor."

Me: Ms. Rita, it's all right. Lincoln, Clyde, Laney, Lily, be careful out there.

Nico: Just be safe you guys.

Lincoln: "Yes!"

Clyde: "Our families and friends are okay! Now we just need to get to them." [Attempts to move the boulder.]

Lincoln: [Stops him] "Clyde, wait."

[There's more moaning outside and the boys look at each other.]

Laney: Uh oh.

Clyde: "More zombies? What do we do? I know, throw our spiciest jerky at them and give them heartburn."

Vypra: That is the best you got?

'Lincoln: "Or," [picks up their walkie talkies.] "We borrow another move from Colonel Austin." [Throws the other talkie through the opening above the boulder, it lands in the bushes outside. Two figures are there.]

Clyde: [Through the talkie] "Fresh brains over here, and you're gonna wanna munch on mine, I just aced my math test."

Laney: That's genius.

[They hear the zombies moving the other way.]

Lincoln: "Let's move. Guys, we might be the last 10 people alive in Gotham Royal York. So, I want you to know that despite us being enemies, me and the others have always respected you guys.

Dark Spicer: That's fine. The 6 of us have always respected all of you in return. You're not so bad. (smirks) For annoying heroes.

Laney: (Sarcastically) Thanks a lot)

Clyde: (sarcastically) We are all feeling the love right now.

Vanitas: If Ventus really is dead, then I never got to fight him after I joined up. Dammit, why did J.D. have to block my path to him?!

Lincoln: Lets focus. [They pack their gear.] "Good job on that test by the way, I know you studied really hard." [They all exit the hideout and run into the forest, they look back and see a figure behind them.] "Another zombie, we gotta lose it; or we'll be leading it straight to our families."

Laney: Right.

Clyde: "Quick, grab a branch." [They grab some low branches and pull them back, the figure approaches.] "Now!" [They let go of the branches, propelling the figure away.]

Lincoln: Zombs away.

But the zombie got up.

Vypra: My turn! (knocks the zombie down with an energy blast)

Number 7: This will help. (knocks zombie back with ion blaster)

KRABBBOOOOOOOMMMMM! KRABBBBOOOOOOOOOOMMMM! KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

The explosions from the blast sent it flying.

[They run off.]

[They run past the supermarket, and see another figure in front of them. Clyde jumps into Lincoln's arms and they run inside. They peek out from behind the crate of watermelons.]

Lincoln: [Looks around] "Quick, open that freezer door." [Clyde does so, then Lincoln tips over an icebox and ducks behind the counter. The figure enters and slips on the ice; he lands in the freezer and they all shut him in.] "Let's get to the mall."

[They run, but slip on the ice on their way out.]

[They run into a construction site, see three figures headed their way, and dive behind a pile of bricks.]

Clyde: "Even more zombies? It's like their multiplying."

Laney: No kidding!

[Lincoln notices a dumpster nearby.]

Lincoln: "Come on, I've got an idea." [Pulls them away. One figure points, inside the dumpster are two pillows with construction helmets, Clyde's glasses, and the boys shirts and Laney's scarf and Lily's scrunchy, the figures go over. Nearby, the real kids are without their shirts and accessories, and holding a steel girder.] "Time to take out the trash." [They use the girder to ram the dumpster away, taking the zombies with it.] "Come on, let's go." [The dumpster rolls away, and they puts a new clothes and accessories on.] "Good thing we kept backup clothes in the secret hideout."

Laney: Good thinking!

Lily: Yeah!

Vypra: Very genius guys.

Dark Spicer: I'm impressed

Clyde: [Catches up with Lincoln, wearing a lavender button down and a red bowtie.] "Yeah, but I wish I hadn't gone so formal."

Laney: That's all right.

[Lincoln stops, and Clyde runs right into him, the mall is right there.]

Lincoln: "There's the mall! We made it!"

Laney: And so did the zombies!

[Just then, the dumpster makes a turnaround, the boys look and see it headed right for them, they scream and dive into a bush.]

Clyde: "Dang it, we forgot the roundabout at 4th and Maple."

Vanitas: Oh no!

[The dumpster stops at the steps of the mall, and the figures climb.]

Clyde: "Oh no, we doomed our families!"

Lincoln: "It's not too late! We can still stop them from getting inside, let's gear up." [Goes into the bush.]

Clyde: "Right, brain protectors."

[They come out of the bush wearing colander helmets, and holding squirt guns.]

Lincoln: Here goes, everything. We have our powers still.

[They all let out a battle cry and charge. The three figures see Lincoln and Clyde running towards them, firing their squirt guns and lightning, one figure gets the juice in his mouth and is electrocuted and falls over, Laney wraps them in plant vines and Lily fires a powerful blast of water and drenches them and Vanitas slashes them and they all keep charging, their colanders fall over their eyes, another figure gets the juice in his eye and yells. All three figures walk to them.]

Clyde: "We're out of juice!"

Lincoln: "Forget the blasters, hand to hand combat!"

Laney: Lets get them!

[With the colanders still over their eyes, they all jump on the figures and start beating them up, until they hear a familiar voice.]

Rita: "Lincoln! Clyde! Laney! Lily!" [The 4 remove the colanders, and see all the female Louds, All of us, Mayor Davis, Mr. Grouse, and various others.] "You're hurting your fathers!"

Lincoln & Clyde: "Huh?"

Laney: You're all okay!

[They turn around and see the figures are indeed their own fathers, who are in serious pain; they gasp at this exposition, and run up to them.]

Lincoln, Laney and Lily: [In unison] "Sorry, Dad."

Clyde: [In unison] "Sorry Dads."

Lincoln: "We thought you we're zombies, we've been fighting them all day."

Lynn Sr.: [Strained] "No you haven't, you've been fighting us."

Lincoln & Clyde: "What?"

Howard: [Also strained] "We've been trying to find you, see, there was a big storm last night."

[Flashback to last night. Mayor Davis is on the TV news.]

Mayor Davis: "This is Mayor Davis, I urge all citizens of Gotham Royal York to evacuate to the mall," [We all frantically make a run for the mall.] "we have supplies and a generator so you can wait out the storm there."

[The power goes out. We all were running for our lives, Lynn Sr. approaches her.]

Lynn Sr.: "I can't find Lincoln, Laney, Lily and Clyde! Take the girls to the mall, everyone, and the McBrides and I will find the rest."

[Rita gets in the van and Lynn Sr. takes off. End flashback.]

Lynn Sr: "We've been chasing you boys all over town, yelling our voices out."

Me: Wow. You really strained your voices too hard.

Lily: No kidding.

Clyde: "So all the zombies we thought we attacked were really [gulps] you guys?" [The dads agree, and have the injuries to prove it. The boys and girls look at each other feeling horrible.] "Wow, we're really sorry."

Me: Boy they really did a number on you.

Nico: No kidding.

Rita: "So where were you during the storm?"

Lincoln: [Meekly] "Uh, [nervously chuckles] watching the 'Swarm of the Zombies' marathon in Lisa's bunker."

Laney: Yeah.

Lisa: [Aghast] "What?! Impossible! How did you crack my passcode?"

Everyone else: "It's your birthday."

Lisa: "Dang it."

Lily: Not very smart Lisa.

Me: But why are Vypra and the other Masters of Evil with you?

Lincoln: We didn't know what was going on and we formed a truce with them and they were helping us.

Nico: (to the Masters of Evil) So the whole time, you helped Lincoln, Laney, Lily and Clyde try to find us and didn't try and kill them even once?

Vypra: Well, this was a situation unknown to the 6 of us. And as annoying as you all are, you're still our archenemies. We couldn't let anything bad to the four of them or any of you.

Carter Grayson: I guess there's some good in you after all.

Waffle Woman: Don't get used to it. Next time you face any of us, we're enemies again.

Me: Agreed. But you've earned our respect and for that you get to live so we can fight another day.

Vypra: Thank you.

Dark Spicer: Since you're letting us go today, here's a little present (gives Eddy present)

Eddy: Thanks! Wonder what's inside? (starts to open it)

While this was happening, Dark Spicer turned into Dirtdrive and ran off. Vypra teleported her, Number 7, and Waffle Woman out. Zs'Sakyr flew off and Vanitas went through a dark portal. Carter noticed this.

Eddy: (opens the box only to find a bomb) Oh, fuck.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMM!

The bomb went off, causing an explosion that knocked Eddy to the ground.

Edd: (helps Eddy up) Eddy! Are you alright?

Eddy: (Coughs out smoke) (growls) Damn those Masters of Evil!

Tara: (laughs) Looks like everything's back to normal.

Me: The old Bomb In the Present trick. I know that gag all too well.

Rita: "Normally, we would punish you for sneaking out of the house like that, but I think you've been through enough today."

Lynn Sr.: [Aghast] "They've been through enough?! I've got melted cheese everywhere!" [Slaps some out of his ear.]

Lincoln: "We're really sorry about that, Dad."

Laney: Yeah.

Clyde: "And the ice at the grocery store."

Lincoln: "And the branches at the park."

Clyde: "And the garbage can at the Burpin' Burger."

Lincoln: And all the explosions that blew you back.

Me: But still I'm impressed that you 4 survived a nasty storm of this caliber.

THUNDERCLAP!

Me: Whoa! We better head back inside!

Nico: Yeah!

We went back into the mall and we saw everyone there.

Lincoln: Wow! Everyone is here!

Laney: No kidding.

Me: But still your Zombie Apocalypse survival skills really paid off.

Shawn: Yeah I'm very impressed you 4. Good job.

Lincoln: Thanks Shawn.

Clyde: I'm glad we could do it.

Laney: It was good training. But we did survive.

Lily: We sure did.

We saw Sora and Kairi making out and it was so adorable! We also saw Elena & Lea and Star Butterfly & Marco making out as well as

Poromon & Manaphy, Poliwag & Horsea, Stacy & Roy, The Bolton Brothers & the Wereshark Girls, Ash & Serena, Naruto & his wives, and Carol & Vince.

Me: Aww. So cute.

Nico: They were making out the whole time we were in here.

Lincoln: Wow.

Clyde: That's amazing.

Syd Chang: Clyde!

Syd Chang came and hugged him.

Syd Chang: Thank goodness you're safe!

Clyde: I know. Thanks to Shawn and his teachings.

Lily: How bad is this storm?

Me: Really bad. It's what's called a Derecho.

Lincoln: A Derecho? What's that?

Me: It's a huge line of storms that is incredibly powerful. They can stretch up to hundreds of miles long and they can pack deadly hurricane force winds, powerful lightning, tornadoes, large hail, and torrential rain and they can cause a lot of damage and even flash flooding.

Lincoln: Whoa!

Clyde: That's terrible!

Laney: But thank goodness we made it to the mall safely.

Lily: Yeah.

Me: But thank goodness you all are okay. We could've stayed at the estate because of our force field and auxiliary power generator.

Lincoln: I guess we didn't think about that.

Me: Fear has a way of causing strange things to happen to people.

Nico: That's true.

Laney: But we still made it through this.

Me: Yep.

Leni: But as long as we're here we might as well go shopping.

Shaggy: Like yeah and eat at the food court.

Me: You two always think about food.

Scooby Doo: Reah but we like it.

We stayed at the mall for a couple of days because of the storm. But we made it through and went back home.

THE END

Another Fanfiction Complete and another episode of the Loud House complete.

Last Loud On Earth was an awesome episode that aired in November of 2019 and it was a really awesome way for Lincoln and Clyde to utilize their Zombie Apocalypse Survival skills and they succeeded. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is The Pebble and The Penguin and we're gonna go down to Antarctica to help Hubie destroy Drake, the evil penguin and save his love Marina!

See you all tomorrow.

# A Perfect Pebble Wished on a Star

At sunrise, in the estate, we were getting ready for breakfast.

Me: Time for breakfast.

I was cooking everyone eggs and some of us were having coffee.

As we were having our breakfast, Lori came in and she was still in her Gus's Games and Grub uniform on and she looked really tired.

Me: Morning Lori.

Lori: (Exhausted and tired) Morning. (Yawns)

Maria: You ok, Lori?

Lori: (Yawns) Gus had me work until dawn to refill all of the arcade machines with Ticket's and I'm exhausted. (Yawns)

Lincoln: You need to get some sleep Lori.

Bobby: Oh babe, you are too tired to do anything today.

Me: I agree amigo.

We took Lori to her bed upstairs and tucked her in and we had her listen to melodic nature sounds and she was fast asleep as I put a sign on her door and it said Do Not Disturb.

Me: (To the viewers) (Whispering) Shh. Lori is really exhausted and tired. We'll give her the day off today.

I left the hallway and went back downstairs.

---

Later we went to the grocery store and we got all kinds of food for us and Lynn Sr.'s restaurant. I had 5 shopping carts with me and we were piling in all kinds of food. It was an incredible amount of food.

Got to keep a lot of people all fed. But Lynn Sr.'s restaurant is so successful and more. Next after paying for the food, we went to an awesome city called Munchville, Ohio - the Snack Capital of the World. There they make all kinds of awesome snack food.

Shaggy: Like, wow! Munchville, Ohio.

Scooby Doo: Reah!

Me: It's amazing that this place is around.

We saw all kinds of awesome factories that make all of our favorite snacks. We saw Der Pretzelry, Munchee Mecca, Hungry Haven, Snacktopia, Loony Tunas and Merrie Mackerals, Cheese Fluffs, Pirate's Looty, Smackin' Lips Chips and so much more. They were some of our favorites.

Shaggy: And like, there it is guys! The greatest factory ever! The Scooby Snax Factory!

Nico: Wow!

Snake Man: Sssso thisssss is the Sssssscooby Ssssssnack factory.

Me: Yep.

We went inside and it was an amazing factory.

Me: Wow! It's amazing that Scooby Doo loves all these and I remember coming here.

Velma: We all do.

Leni: It's totes amazing that there is so much here.

Nico: Boy this is amazing.

Then out came a woman. It was Penelope Bailey.

Penelope Bailey: J.D.! Wow! All of Team Loud Phoenix Storm!

Me: Penelope. It's good to see you again.

Penelope Bailey: It sure is. It's an honor to meet the famous Team Loud Phoenix Storm.

Nico: Same to you Penelope.

Qin: So you were the Scooby Snack Batter monster. It's a pleasure to meet you Penelope. We encountered a real version of the Scooby Snack Batter Monster on one of our adventures.

Penelope Bailey: So you fought my costume as a real monster?

Sailor Moon: Yep. It was working with Tentacus and Raksha.

Me: Oh yeah and it smelled really awesome.

Lana: And tasted really good.

Me: Lana ate the whole thing. She also ate a cheese monster that was also terrorizing a Scooby Snack Factory in Coolsville.

Penelope Bailey: Ah the disgraced owner of Acme Dog Biscuits, Larry B. Acme. It's good he's now in prison forever.

Me: Me too Penelope.

Lana: But he was really tasty.

Me: Lana ate a real cheese monster and she was full.

We laughed.

Nico: That was funny.

Penelope then saw Jack Spicer.

Penelope Bailey: Aren't you Jack Spicer? One of the Heylin?

Jack Spicer: I was. But now I'm one of the good guys.

Me: But his dark side is now one of the Masters of Evil.

Penelope Bailey: I heard you challenged yourself to a Xiaolin Showdown

Jack Spicer: I sure did.

Penelope: Why?

Spicer: Because it was to keep innocent people safe, some lives have to be taken.

Penelope Bailey: No. I understand that. I meant why you said that you would give yourself up to the bad guys if you lost the Xiaolin Showdown.

Jack Spicer: Because the Heylin are my responsibility. I made them and I didn't want the others getting hurt because of me.

Me: It's true. Jack Spicer made the Heylin and it's our job to destroy them all.

Nico: Yep. We're going to destroy what he created.

G1 Rampage: FYI, the next Scooby Snack flavor Nico's gonna give Shaggy and Scooby before the next mission is Cookies & Cream flavor.

Nico: Rampage! That was supposed to be a surprise!

Shaggy: Like, oh boy! Cookies & cream sounds tasty!

Scooby Doo: Reah!

Slug: Me, Slug want to try Scooby Snacks!

We laughed.

Penelope Bailey: You make your own Scooby Snacks, Nico?

Nico: I sure do. I made Pizza, Cotton Candy and just now Cookies and Cream flavor Scooby Snacks.

Penelope Bailey: Wow! That's a brilliant idea Nico. You must have a lot of flavor ideas for Scooby Snacks.

Nico: I sure do.

Nico pulled out a book and it showed that he had over 100,000 ideas of flavors of Scooby Snacks and Pizza, Cotton Candy and Cookies & Cream were checked off.

Nico: I've only begun to scratch the surface of the flavors of Scooby Snacks I made. Ever since we've been solving mysteries with Mystery Inc., I've been inventing new flavors of Scooby Snacks for Shaggy and Scooby.

Laney: He sure has.

Penelope Bailey: These ideas are brilliant Nico! You would make a great flavor inventor for the factory.

I then sensed something happening at the vault where they keep the secret recipe.

Me: Uh oh! We got intruders trying to break into the vault of the factory! Lets get them!

We went to the vault of the factory and we saw 3 intruding spies trying to steal the Secret Recipe.

Spy 1: We've reached the vault. Preparing to secure secret recipe.

Me: Not so fast you spies!

I swooped in and punched a spy in the face and knocked him down.

Nico: You spies have failed this factory!

Nico swooped in and punched the 2nd spy in the face and kicked him in the stomach and kicked him in the face and knocked him out.

Laney then used her plant powers and entangled them and tied them up.

Me: You spies are under arrest.

I unmasked one of them and it was the former employee that was also a spy that I busted: Trudy.

Me: Trudy. I remember when I busted you when I came here.

Trudy (Spy): Yes and I'm flattered that you remember me.

Me: Well you will never torment the snack capital of the world again.

I beamed the spies to our new prison in the Mars prison: The Mars Prison for Fast Food Spies. We teleported the Scooby Snax Factory to the city of Gotham Royal York and Nico got an awesome job there as a Flavor Inventor his ideas gave him an awesome job with great pay.

---

Later back at the estate, we were watching another one of my favorite movies from my past: The Pebble and The Penguin.

---

Hubie is a shy and good hearted penguin who is in love with Marina, the most beautiful penguin in the rookery who also seems to like him, but his competitor for Marina's affection is his rival Drake, a muscular yet cruel penguin who is said to always get his way. One night, Hubie and Marina discuss their feelings for each other, but Hubie is unable to find a suitable pebble to propose to Marina with due to both his clumsiness and the other penguins desperately trying to find pebbles too. He wishes on a star to make his dream come true and he receives a beautiful emerald cube from the sky. Hubie ecstatically rushes to find Marina but is thwarted by Drake, who mocks the penguin telling him nobody will marry somebody like him. When Drake demands Hubie to give him the emerald, Hubie refuses and Drake throws him into the water. Hubie narrowly escapes from a leopard seal and climbs onto a piece of an iceberg where he is swept away from Antarctica.

Hubie who was asleep for three days, is picked up by humans and caged on their ship called "Misery", which transports penguins to a zoo and meets a tough, grumpy, streetwise and somewhat arrogant but good-hearted rockhopper penguin named Rocko. After seeing in a vision where Drake tries to hound Marina into marrying him, and telling her that she'll be banished if she doesn't find a mate before the mating ceremony, Hubie decides to escape with Rocko and flees, before laying low on a beach. Rocko reluctantly tells Hubie about his desire to fly and live in tropical climate. He convinces him to help him return to Antarctica by making up a lie about a flying penguin named Waldo. They have a short fight after Rocko tries to fly off "an authentic, ancient aviarial airstrip" and another after Rocko saved Hubie from a killer whale. The two attempt to depart, but Hubie admits to Rocko that lied to him about Waldo, which infuriates Rocko and he attempts to attack Hubie, but soon starts laughing when Hubie does an impression of a weezing noise, and praises Hubie's determination to get back to Marina. Hubie and Rocko run into the hungry and persistent leopard seal but are able to escape it. With that they become true friends (though it takes prodding along with a musical number from Hubie for Rocko to admit it). Their joy is short-lived as three killer whales attack them causing Hubie's pebble to get lost in the scuffle and Rocko to go missing, leaving Hubie to think he perished.

Disheartend, Hubie eventually finds Drake, who had kidnapped Marina to force her to be his mate, and, thanks to Rocko's teachings, fights him by doing martial arts, and defeats Drake by knocking him off the stairway. Hubie becomes overjoyed when Marina accepts his marriage proposal, and more so when Rocko reveals to be alive. Suddenly, Drake bursts out from underneath a stair Marina was standing on, and in a final attack, throws it at Hubie, but he and Rocko both manage to dodge it just in time. This causes his tower to collapse with a block crushing Drake. However, Rocko rescues Hubie and Marina while somehow gaining the ability to fly, defying the impossible. When they arrive at the ceremony, Rocko gives Hubie his pebble and he presents it to Marina, and she tells him that she loves his pebble, but loves him even more and the two become mates. The film closes on Rocko teaching Hubie and Marina's offspring how to fly.

---

We were watching the movie and it was awesome! It's because of those dumb critics that we lost the company that made it. But it was an awesome movie!

When the movie was done, we cheered wildly.

Me: That is so awesome!

Laney: That movie is so awesome!

Lana: It sure was. But I can't believe that those dumb critics ruined this movie.

Nico: I know. But it's like Laney said, those dumb critics wouldn't know a good movie if it kicked them in the crotch.

Laney: I know.

Nico: But that Drake in this movie was a monster! He was no penguin, he was the devil in Penguin form.

Lana: Penguins are so cool! They can live in extreme cold like that like it's no problem!

Killer Frost: They sure can.

Irma Lair: No kidding. It's so amazing.

Me: It gets really cold down in Antarctica. But lets see if we can take down Drake ourselves. Lets head to the Simulator guys!

Everyone: YEAH!

We went to the simulator and we got ready.

---

We were getting ready and we had our warmest fur parkas on and we were gonna make Drake, an evil Adelie Penguin pay the ultimate price for his crimes.

The Simulator activated and we were over in Antarctica and it was blistering cold. The temperature was -30˚Fahrenheit and it was really cold.

Me: Wow! Here we are in Antarctica.

Nico: It sure is cold.

Laney: No kidding.

Lincoln: But where are Hubie and Rocko?

Me: I see them! And they're being chased by a pod of Orca Whales!

Nico: We got to save them!

Me: Hubie's heading for that iceberg that looks like a monster skull! Lets hurry!

We flew towards the iceberg and it was gonna be interesting. But then something caught Bai Tza's eye and it was in the water.

Bai Tza: I see something shining in the water.

Me: It might be Hubie's pebble! Go get it Bai Tza!

Bai Tza: Right!

Bai Tza dove down into the ocean and went at it and she saw that it was indeed Hubie's pebble.

Bai Tza: Wow. That is a beautiful pebble. It's amazing that he got it from the Wishing Star.

She grabbed it and flew out of the water and caught up and we saw an Orca breach and destroyed much of the iceberg. But Hubie was all right.

Me: Whoa!

It landed back in the water with a huge splash.

Me: Whoa! That was a close one.

Hubie: Rocko!

He saw that he was nowhere to be seen.

Hubie: ROCKO! ROCKO!

A wave knocked him back and he saw that his bandana was left.

Hubie: (Gasp) Oh no. Oh Rocko.

We landed by him.

Me: I'm sorry Hubie. But we won't let his sacrifice be in vain.

Hubie: Thank you. Wow! L-l-like you're are J.D. Knudson of Team Loud P-p-Phoenix Storm!

Me: That's right. It's a pleasure to meet you Hubie.

Varie: We came to help you get Marina back.

Nico: And we won't let Drake do as he pleases with her.

We saw the iceberg that Hubie was from.

Me: Looks like we're here. Lets go.

Hubie: Right!

We were flying to Hubie's home iceberg.

Hubie: So, what do you think of Antarctica? Is it the same as yours?

Me: It's much different actually. But it's really amazing.

Killer Frost: Really cold and beautiful.

Laney: Yep.

We saw the iceberg and it looked like a monster iceberg mountain. We heard Drake laughing malevolently.

---

Drake wants Marina to be his mate, but only because she is the most beautiful female penguin in the rookery, unlike Hubie who genuinely loves her. Knowing that Marina was already interested in Hubie, who was planning to present her with a courtship pebble, he decided to get rid of Hubie once and for all.

The morning after Hubie found the perfect pebble, he got tripped and encountered by Drake, who taunted him for his weakness and tried to steal the pebble from him. Hubie refused and Drake dropped him from an icy ledge into the water below. Hubie barely escaped the leopard seal lurking in the dark waters and ended up stranded on an ice flow drifting out to sea.

Thinking that Hubie was dead, Drake began to hound Marina to forget about Hubie and accept his pebble, or she would be banished from the rookery for failing to take a mate. Marina, undaunted by his advances, refused him every time he asks, because she knew Hubie was still alive somewhere else. Drake then began to assume that she was simply joking, singing his personal song, Don't Make Me Laugh, and even goes as far as to threaten her, saying that she will be a shark's dinner, and that Hubie was just the appetizer.

The day before the mating ritual, Drake finally lost his patience and kidnapped Marina, intending to force her to be his mate. Hubie arrived on the scene just in time after escaping from a pod of killer whales, where his friend Rocko apparently died. Drake initially gained the upper hand and knocked Hubie out. Thinking he won, Drake grabbed Marina and carried her off into the depths of his base. Hubie was revived by his friends and charged after Drake. The two engaged in a fight in which Hubie gained the upper hand by using the fighting techniques taught to him by Rocko and kicked Drake down the stair shaft to his apparent death.

Hubie became overjoyed when Marina accepted him as his mate, and more so when Rocko was revealed to alive. However, Drake was still alive and lifted up a large stone chunk that Marina was standing on, launching it at Hubie with intent to crush him once and for all. However, not only did he miss his target, but also caused considerable damage to his base. Several stone slabs broke off from the overhang and one of them crushed Drake, ultimately killing him, while Hubie and Marina were saved by Rocko's new flying abilities.

---

Drake: (Laughing Malevolently) As I said my pretty, I refuse to lose!

Marina: Ow! You're hurting me.

Drake: Then get smart. Yes, or be banished.

Marina: You'll never get me!

Drake: But precious, you'll only starve.

He picked her up and carried her while laughing. But then he got an unexpected surprise.

Hubie: GET YOUR FILTHY FLIPPERS OFF MY GIRL!

Marina: Hubie!

Drake saw him.

Drake: What the!? Hubie, we thought you were dead.

Hubie: YOU HEARD ME DRAKE!

Drake: Now you're gonna wish that you were.

Me: (Offscreen) Not if we can help it!

And he saw us.

Me: It's over for you Drake!

Lola: You are gonna pay for your crimes!

Drake: And Team Loud Phoenix Storm!?

Marina: Wow!

Me: Lets do this!

We stood ready and faced him.

Eddy went up to him.

Eddy: (sees how big and muscular Drake is) We didn't think this through, did we?

Drake: Nope. You didn't! (punches Eddy in the face)

He sent Eddy flying and he crashed into a rock and he had a nasty black eye.

Luan: EDDY!

Skipper: You give us Penguins a bad name!

Kowalski: Affirmative!

Private: You will pay!

Drake: Oh but I'm not alone.

We saw a figure come out and it was DARK KIMIMARO! He was the evil of Kimimaro and he had black Sclera and red evil eyes.

---

Kimimaro was born into the Kaguya clan, a clan of battle-hungry barbarian warriors. He was one of the few Kaguya to possess the power of Shikotsumyaku, allowing him to manipulate his bones. Kimimaro's father, the clan patriarch, feared him for these abilities, keeping him locked in a cage, unless he was needed to fight. At one point, the Kaguya clan attacked Kirigakure, but they underestimated their defenses and were wiped out, leaving Kimimaro the last of them. He wandered until he was found by Orochimaru, becoming one of his most loyal followers, determined to see his master's goals fulfilled.

Kimimaro was even willing to give up his body for Orochimaru to inhabit if he needed it. Eventually he met Jūgo, whom he felt a connection with and they became friends. Later Kimimaro let Orochimaru brand him with the Cursed Seal he'd created and even talked Jūgo into becoming a test subject, so as to deal with his rage. Kimimaro was able to defeat the Sound Four by himself with his new powers and was named the leader of the group, which was then dubbed the Sound Five. However Kimimaro became the victim of a disease, that drastically affected his usefulness to Orochimaru.

Sasuke Recovery

Kimimaro later aided Orochimaru in killing a group of Kusagakure shinobi, allowing his master to impersonate Shiore. But afterwards, he coughed blood, though he chose to ignore it. However, when Kimimaro helped to kill the Fourth Kazekage and his bodyguards, his disease began to drastically affect him, forcing him to be brought back to Otogakure to be put in intense medical care to keep him alive. When Kimimaro heard that he was now useless, he began to weep for his inability to serve Orochimaru. But after the Sound Four had taken too much time to capture Sasuke Uchiha, Kabuto Yakushi manipulated Kimimaro into going to find him instead. Despite the fact that he was obviously going to die in the attempt, Kimimaro vowed to succeed, as it was the only way he could serve Orochimaru.

Before setting out, he decided to see Jūgo, who protested that he could not go on this mission, because of his health. However Kimimaro said that Sasuke was his legacy, before he thanked Jūgo for being his friend and heading out. He managed to track down Tayuya with the casket Sasuke was in and ordered her to kill some of the Konoha ninjas, threatening to kill her if she refused. Kimimaro then took Sasuke and when Naruto tried to fight him, he was able to fend him off for a while, allowing Sasuke to emerged from the casket and leave.

Kimimaro then tried to kill Naruto, but before he could, he was attacked by Rock Lee, who he became more interested in fighting. He tried to intercept Naruto when he went after Sasuke, but Lee stopped him and continued to fight him. In the beginning, Kimimaro was easily able to outmatch Lee, though the latter started to win by using Drunken Fist, Kimimaro was unable to deal with his unpredictable attacks and was struck down. However he activated the first stage of his cursed seal and cut Lee's face, snapping him out of his drunken state. Kimimaro took the advantage again and apparently managed to kill him, before trying to go after Naruto again. But Lee got back to his feet and Kimimaro tried to finally kill him, but Gaara intervened.

The two started fighting and Kimimaro noted that the jinchuriki was a powerful opponent thanks to his sand manipulation and strong sand defense. He came to the conclusion that Gaara wasn't good at close combat since he made it difficult to get close to him. Kimimaro started firing bone projectiles at Gaara, while he dodged his attacks and pointed out that since all his attacks used sand, it was never wise for him to fight in any area where there was not sand.

However Gaara managed to distract Kimimaro and grabbed his feet, explaining that as long as he had his sand, he could create more with it. Kimimaro was then crushed by a huge wave of sand from Gaara, but created a layer of bone underneath his flesh to protect himself. Kimimaro proceeded to activate the first stage of his Cursed Seal and broke out of the sand, saying that he had underestimated Gaara, but he wouldn't do so again. However, Gaara then created a tidal wave of sand, which Kimimaro couldn't evade and was buried in. Surviving an attempt by Gaara to crush him again, Kimimaro released the second stage of his Cursed Seal and pulled himself out of the sand Kimimaro then attacked the jinchuriki, who blocked him with his Armor of Sand. Kimimaro proceeded to use his Dance of the Clematis attack against Gaara, who managed to defend with his Shield of Shukaku technique.

The jinchuriki insulted Kimimaro's loyalty to Orochimaru angering him and making him lose his focus. Gaara managed to bury him deep into the ground, but Kimimaro escaped with his Dance of the Seedling Fern attack, sending up a huge forest of sharp bones. Gaara and Lee avoid being killed by creating a small sand cloud to sit on and Kimimaro emerged to try and finish the two. But at that moment, his disease finally killed him.

## Shinobi World War

Kimimaro was later revived by Kabuto for the Fourth Shinobi World War and eventually became part of a group that included Chiyo and Hanzō. He and the team eventually engaged the Surprise Attack Division, who were holding Deidara. Kimimaro and the others managed to send them into retreat and he pursued them, thinking about how Orochimaru's chakra was now within him, strengthening his determination to do as he was commanded. As backup for the enemy forces arrived, Kimimaro engaged them, managed to break through even their chakra-infused blades. He killed more of them, before Naruto's shadow clone arrived, saying that things would go different than last time. Kimimaro noted that Naruto did indeed look different, before being struck by the latter's Rasenshuriken attack.

Continuing to fight, Kimimaro was returned to the afterlife after the deactivation of Kabuto's Impure World Reincarnation technique.

---

Me: KIMIMARO!

Dark Kimimaro: It's been a long time J.D.

Me: 150,000 years to be precise.

Qin: Who is he?

Me: That's Kimimaro. He was one of Orochimaru's most loyal followers and he was the sole survivor of the extinct Kaguya Clan. The Kaguya Clan was a clan of barbarians that were wiped out in a failed attempt to destroy the Hidden Mist. The Hidden Mist overwhelmed them and destroyed them all leaving Kimimaro as the only survivor and the last of his kind. We faced him when we were the Knights of The New Fire and we found out that he had a nasty poison that was ravaging his body and it was killing him. I cured him and got rid of the control Orochimaru had on him.

Dark Kimimaro: Yes that's right. And you reunited me with my sister and I thank you for that. But that was in the past. Now I will destroy you like I should've done.

?: Save some of that action for me.

Another figure came out and it was MAD MIKE THE PIZZA CHEF from episode 22 of Power Rangers Turbo!

---

Mad Mike the Pizza Chef was created by Porto when he touched a picture of the mascot of Mad Mike's Pizza Parlor on the pizza box associated with the restaurant bringing it to life. He took control of Lightning Cruiser and Storm Blaster by covering their wheels with evil pizzas, which then caused the two vehicles to attack the Rangers and send them hurtling into his Colossal Cooker, which Mad Mike used to bake the Turbo Rangers into a giant Power Rangers pizza (complete with onions, green peppers, Tomatoes, mushrooms, pepperoni, and extra cheese). As he was getting ready to eat them, Blue Senturion saved them, and they delivered a beating to Mad Mike. He was then blasted by the Rangers' new Turbine Laser, but was quickly turned into a giant. He fought Robo Racer, but the Turbo Megazord came in. Mad Mike was finally destroyed by the Robo Racer and the Turbo Megazord.

---

T.J. Johnson: Mad Mike the Pizza Chef!

Mad Mike: That's right Turbo Rangers. It's been a long time.

Me: I remember this guy! He turned you all into a pizza and was gonna eat you all and was also gonna take control of the Lightning Cruiser and Storm Blaster by turning their steering wheels into pizza!

Mad Mike: That's right.

Me: You are a freak of nature.

Mad Mike: I wonder what kind of pizza you'll be! (sends me into his Colossal Cooker) Time to find out in 10 minutes!

I was a pizza covered in all the fixings: Pepperoni, sausage, onions, peppers, tomato sauce, cheese and mushrooms.

Laney: You are a disgusting cannibal!

I was in a pizza oven and I tasted myself by licking myself.

Me: (Slurps) Mmm! Yummy! I taste awesome. But I don't want to be flame broiled.

I busted out of the oven and I was a mess.

Me: Nice try pizza freak.

Lana: Cool!

Lola: That was a close one.

Nico: Yep.

Jake: Let's see if we can't make your remains into a pizza!

Megaforce Rangers: Legendary Ranger Mode: Operation Overdrive!

The Megaforce Rangers turned into the Operation Overdrive rangers.

Me: I'll take on Kimimaro.

The Turbo Rangers transformed and they were ready.

T.J. Johnson: We'll take on Mad Mike.

Nico: Same here.

Skipper: And the rest of us will face Drake.

Luan: This monster will pay for hurting Eddy!

Me: Lets get them!

I turned the battle field into the planet Nitroglyhara.

* * *

Planet Nitroglyhara is a mountain planet located in the Unknown Zone. It has giant crystal clusters made entirely out of solid nitroglycerin, a highly unstable and extremely explosive compound, growing on the mountains. There is also a sea made entirely out of liquid nitroglycerin.

* * *

Nico: Wow! This is a strange planet.

Me: It's called Nitroglyhara. It's a planet that is covered in Nitroglycerin. Watch.

I threw a rock at a crystal cluster and it hit it and exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: WHOA! That was powerful!

Me: The crystals are made of solid Nitroglycerin.

Lincoln: Powerful!

Laney: Dangerous.

Me: After we kill Kimimaro and Mad Mike we'll finish Drake back in Antarctica.

Nico: Good idea.

We went at them.

---

BATTLE 1: Dark Kimimaro.

---

I was facing Dark Kimimaro.

Me: I don't understand you Kimimaro. Why must you follow a fucked up madman like Orochimaru?

Dark Kimimaro: Because he promised to give me the kind of home that I didn't have in my youth.

Me: Because your clan was wiped out by the Hidden Mist. They let their arrogance and pride at being the most powerful get to them and in the end it costed them their lives and everything.

Dark Kimimaro: That's true. But I will avenge them and Lord Orochimaru by killing you.

He formed a sword out of his bones.

Me: At least I get to see the Dead Bone Pulse bloodline in action. But I have changed since I saw you last in 150,000 years. I am far more powerful than ever before and I easily overwhelmed your old teammates on the Sound 4.

Dark Kimimaro: Lets see then.

I then transformed into my Super Angel-Ebonwu 100,000 Elemental Phoenix form and it was incredible.

Me: (Divine voice) **This is the power I used to destroy them.**

I unsheathed my sword and went at him and we clashed and we were sending sparks everywhere and some of the ground was igniting and exploding all over with incredible powerful explosions of fire.

KRABBBBBOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOMMMMMM!

Dark Kimimaro: CAMELLIA DANCE!

With his Shikotsumyaku, Kimimaro pulls from his body a bone, such as an upper arm bone, that he's modified to use as a sword. With it he repeatedly stabs at his target, doing so rapidly enough to create the appearance of afterimages. Each stab is directed at a slightly different part of the target, from a slightly different angle, and with slightly different regularity, making it difficult to predict each strike. Although targets may be able to dodge Kimimaro's attacks for a time, they will eventually be unable to keep up with the constant and "chaotic" strikes, giving Kimimaro the opening he needs to finally stab and kill them.

I dodged all of his strikes and blocked some of them and the sparks from the clashes and blew up many crystals and more.

KRABBBBOOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOOMMMM!
KRABBBBBOOOOOMMM!

Me: **Very impressive. You are very well trained and I commend**

**you for your skills.**

Dark Kimimaro: Thank you. You are also the first person to counteract my Camellia Dance.

Me: **At least you have some honor. It's a shame that we have to fight. Your good self has a good heart and when you were told what happened when you were cured, your good self ratted out everything Orochimaru was doing.**

Dark Kimimaro: So I have heard. Try this one. DIGITAL SHRAPNEL!

Kimimaro parts his fingertips, creating holes that expose hardened finger bones. In volleys (five per hand), he shoots these bone bullets at a target by swinging his hand, causing a loud sound as they're fired. The bullets travel incredibly quickly through the air and take a spinning motion. Upon impact, the bullets tear through skin, flesh, and bone. The bullets aren't able to penetrate the Shield of Sand, but, in the anime, they can pierce samurai's armour. Kimimaro relies on this technique for his long-range attacks.

I used the Force and sent the shrapnel back and Kimimaro went underground.

Me: **Uh oh.**

Then the ground rumbled and I knew what was coming!

I flew into the air and saw a huge and tremendous number of bones grow out of the ground at an incredible rate! It was Dark Kimimaro's BRACKEN DANCE.

While underground, Kimimaro produces as many as ten thousand blades of bone that sprout from the earth. Because of how quickly the bones appear from the ground, how wide an area they cover, and how high into the air they extend, this technique can do extensive amounts of damage, killing indiscriminately. If any of his targets should somehow avoid this technique, Kimimaro, by activating the second level of his cursed seal, is able to merge with the bone blades. He can then appear from any of them, ideally, one at the target's blindspot so that he can launch a finishing attack.

Me: **WHOA! That is unbelievable.**

Dark Kimimaro came out of one of the bones in his Curse Mark Level 2 form.

When the second level of the seal is active, Kimimaro takes on a dinosaur-like appearance complete with a tail. Several large bones also protrude from his darkened skin and gains four distinguishing figures: two dark black curved like markings under his eyes - one under each eye and two as elongated eyebrows - one above each eye.

Me: **Impressive. So this is your Curse Mark form. You look a lot like a dinosaur in this form.**

Dark Kimimaro: Yes you are the first to see it after helping my good self. Now I well use it to kill you.

Me: **We'll see.**

Dark Kimimaro then formed a whip out of his own spinal column.

Dark Kimimaro: CLEMATIS DANCE: VINE!

When Kimimaro enters the second level of his cursed seal, his spine grows longer to give him a tail-like appendage. For this technique, Kimimaro removes that spine to use as a weapon. Cartilage between the individual vertebrae makes the spine flexible for use as a whip, and the cartilage can be stretched further to increase the whip's range. The vertebrae are also modified to have spikes, making it easier for them to hook into targets. When this spine whip is wrapped around a target, it holds them in place, making it easier to kill them with Dance of the Clematis: Flower.

Dark Kimimaro lashed his Spinal Whip at me and I grabbed it and pulled him back and kicked him in the face and sent him in the air.

Dark Kimimaro: CLEMATIS DANCE: FLOWER!

The user concentrates all their Shikotsumyaku powers into the creation of a single bone weapon, which is made as hard as possible with a considerable amount of chakra. Because of the weapon's large size, as well as the sheer density of the compressed bone, Kimimaro must enter the second level of his cursed seal to be able to handle it. The bone weapon can be incredibly destructive, wielded as a sort of battering ram or spear. But a philosophy of the Kaguya clan is that even the deadliest weapon is useless if it can't hit its target. As such, Dance of the Clematis: Flower is first preceded by Dance of the Clematis: Vine, which is used to immobilise targets. Despite its strength, this technique was unable to break through Ultimately Hard Absolute Defence: Shield of Shukaku, against which it shattered into pieces.

He came at me with a drill bone arm and I had my hand pointed at him.

Me: **HAKAI!**

Dark Kimimaro glowed purple and he was screaming in pain as he was obliterated in an instant and the bones he made were destroyed as well.

I powered down.

Me: That's it for him. Now to help the others.

I went to help everyone else.

Battle 2: MAD MIKE THE PIZZA CHEF!

---

Next was Mad Mike the Pizza Chef and the Turbo Rangers and Megaforce Rangers were blasting and overpowering him with powerful laser blasts that were exploding all over from their weapons.

Nico fired a powerful energy blast that hit him and killed him in a massive and powerful explosion of fire.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Mad Mike was dead.

T.J. Johnson: That's it for him.

Nico: Yep.

Me: Good job guys. Now all that's left is Drake.

I snapped my fingers and we were back on the iceberg in Antarctica.

---

Battle 3: DRAKE!

---

We were facing Drake. He was gonna wish he was never born.

Drake: (to Rico) Shame you can't talk. I would've loved to hear your last words!

Rico: (growls and headbutts Drake)

Nico punched Drake in the beak.

Nico: Drake, you have failed this world!

Nico punched him in the stomach and kicked him in the stomach. Hubie kicked him in the face with a powerful martial arts kick.

Lincoln punched him in the face with a powerful punch and Laney kicked him in the stomach and Lana punched him in the face!

Cat Noir punched him in the face and slashed him in the stomach with his claws.

Cat Noir: That is the Cat's meow!

Skipper, Kowalski, Private and Rico dud all kinds of awesome teamwork moves and they were slapping, kicking, and smashing him with everything but the kitchen sink. Rico was barfing out all kinds of items and they were used for that.

I punched him in the face and Varie kicked him in the face and Hubie kicked him in the stomach and sent him crashing into a rock. Drake got up and Eddy punched him in the face.

Eddy: That was for punching me!

Luan: We're going to Punch your Lights out! (Laughs to rimshot) Get it? But seriously, you will pay for hurting my Eddy!

Eddy punched him in the stomach and Luan kicked him in the face and kicked him in the stomach and kicked him in the back.

Hubie punched him in the face.

Me: Lets show this birdbrain some teamwork!

Slug: Me, Slug ready! CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and enhanced his electron blaster 100-fold.

Sailor Moon: Time for some serious action! MOON KINGDOM CYBER KEY POWER!

The Moon Kingdom Cyber Planet Key went into Sailor Moon's right arm device and it enhanced her powers 100-fold.

Slug and Sailor Moon: LIGHTNING MOON TIARA MAGIC!

Sailor Moon threw her energy tiara and Slug fired his electron blaster and the lightning merged with it and it hit Drake and exploded.

KRAAABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOM

G1 Rampage: Time for some Tiger Power! CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and enhanced his claws and tiger powers 100-fold.

Snake Man: Lets sssee what the Ssssnake can do. ANIMATRON

CYBER KEY POWER!

The Animatron Cyber Planet Key went into his right arm and enhanced his Search Snake 100-fold.

G1 Rampage and Snake Man: TIGER SNAKE EXPLOSION SLASH!

G1 Rampage went at him and he slashed Drake all over and Snake Man fired his search snake and it hit Drake and explosion.

KRABBBBBOOOOOOOOOOOOOOOMMMM!

Ben: Time for some ultimate power.

Ben then turned into a new Ultimate form. It was Ultimate Rath! Ultimate Rath has dark pink skin and white fur with red stripes. He is covered by fur everywhere except on his feet, hands, chest, neck, and most of his lower jaw. He has red bandages on his elbows, forearms, and wrists, and the ones on his wrists have three small red spikes on them. He has two giant claws on his hands and his fingers and toes now have smaller claws. He also has giant claws coming out from his elbows.

He wears black shorts with a white belt that has silver spikes and a silver buckle. He also has a red coat with red eyes and four yellow fangs which all together resemble a Panuncian. He has three giant red spikes on his back that is covered by his coat's hood, which is made up of long, thick, black fur. His face is white with flipped up hair and sideburns, and his eyebrows are now red and sharp.

Ultimate Rath wears the evolved Ultimatrix symbol on his chest.

Ben: ULTIMATE RATH!

Me: Whoa! An Evolved Appoplexian!

Laney: Wow! That is an amazing version of Rath!

Shanan: So awesome! I've never seen an evolved Appoplexian before.

Nico: Really cool.

Ultimate Rath: Lets see what it can do. LEMME TELL YOU SOMETHING DRAKE THE VAIN! NEVER MESS WITH THE FURY OF TRUE LOVE!

Riley: YEAH you tell him Ben!

Nico: Yeah!

Ring Man: Lets do it!

Ultimate Rath then went at Drake and Ring Man fired his Ring Boomerang.

Ultimate Rath and Ring Man: SLASHING RING BOOMERANG STRIKE!

Ultimate Rath slashed Drake all over and the Ring Boomerang hit him all over and it really her.

Ben then turned into another Ultimate form. It was Ultimate Grey Matter! The Ultimatrix symbol is located over is top eye.

He has an appearance that looks like Marvel Comics M.O.D.O.K. The main feature of this alien is his head, which consist of three eyes a mouth and no nose. His brain is visible because of all the lumps showing up on his head, surrounded by a red band. He is a light grayish color and sits in a Green chair, the chair also consist of a peace symbol that sits right under the aliens head. He has tiny legs and feet sticking out of the chair.

Ben: ULTIMATE GREY MATTER!

Me: WOW! An Evolved Galvan!

Nico: He looks so much like M.O.D.O.K.! That is so cool!

Shanan: It sure is. Looks like M.O.D.O.K. is now on our side in alien form.

Riley: It sure is.

Ultimate Grey Matter: Lets see what it can do.

Concrete Man: Lets do it!

Ultimate Grey Matter fired a powerful energy blast from the Omnitrix Symbol on his big brain and Concrete Man fired his Concrete Shot.

Ultimate Grey Matter and Concrete Man: CONCRETE LASER PUNCH!

The blast of energy merged with the concrete shot and it hit Drake and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: WHOA! What power! That is so cool!

Nico: No kidding!

Me: Lets finish him!

Lana: With pleasure! ICE LIGHTNING FREEZE!

Lana fired a powerful blast of ice lightning and it hit Drake and froze his feet.

Marina: You will never be welcome in the penguins! FLOWER LOVE PUNCH!

Marina punched Drake with incredible force and knocked out some of his teeth.

Hubie: This is for trying to kill me! HAWWOOOOOOOOOOOO! WOOOOOOOO! WOOOOOOOO! PENGUIN FALCON PUNCH!

Hubie punched Drake in the stomach with incredible force and it really hurt.

Rico used a final smash called Penguin Maceball Slam and he smashed in Drake's stomach with a mace club. Hubie then kicked him in the stomach and sent him falling over the edge and down the hole of his lair.

Me: YEAH! That was awesome!

Nico: AWESOME!

Hubie: That was amazing!

Me: Way to go Hubie!

Marina: HUBIE!

Marina went over and kissed him.

Hubie: Oh Marina, will you be my mate?

Marina: I thought you would never ask.

Me: You were awesome Hubie.

Hubie: Thanks J.D. This was awesome!

?: Hubie?

Hubie recognized that voice.

Hubie: Rocko?

Rocko the Rockhopper Penguin was alive and okay.

Rocko: Hey! Romeo!

Hubie: Rocko!?

Me: Wow! Thank goodness you're okay.

Rocko: Thanks J.D.

Marina then screamed and we saw Drake lift her up while she was on a cube of rock.

Drake: SAY YOUR PRAYERS YOU!

Me: LOOK OUT!

We got out of the way as he threw it and it landed by us and the whole iceberg collapsed and Drake was crushed by a bunch of rocks as the whole lair was collapsing around us! Killing him instantly.

Cat Noir: Aw! And we had a such a Crush on him too!

Luan: (Laughs) Good one Adrien.

Me: This place is falling apart! Lets get outta here!

We got out of there fast and we flew to the mating ceremony.

Bai Tza: That was a close one. Oh!

Bai Tza reached into her pants pocket and pulled out Hubie's pebble.

Bai Tza: You lost this Hubie and I saved it for you.

Hubie: My pebble! Thank you Bai Tza.

Bai Tza: You're welcome.

Hubie gave Marina the pebble and she loved it and Marina told him that it's not the Pebble, it's the Penguin. She loves Hubie even more. It was a beautiful sight. We were so happy for Hubie and Marina.

Nico: That is so beautiful!

Me: It sure is.

Hubie: (To the viewers) Love is a powerful force and it can make people do all kinds of great things. Some are good and some are bad. But love can do that. I went 3,000 miles around to world to help Marina.

Me: And your journey was worth it Hubie.

Hubie: It sure was. Thank you all so much for helping me.

Me: It was our pleasure Hubie. This was a powerful example of humans and penguins working together.

Nico: It sure was.

We later went back home.

---

Later at school we went to our next class and then we heard a familiar robot voice.

?: (Techno Voice) I MUST DELETE! I MUST DELETE!

We turned and we saw Velma's robot, the DINKLEY 2000!

---

Bruce Wormsley, a classmate of Velma's, used it as a disguise when he got tired of being number two and decided to get Velma in trouble with her own robot.

---

Shaggy: LIKE ZOINKS! It's Velma's old robot!

Me: I remember this awesome Robot!

Qin: What is this guy's history?

Me: Well it was being controlled by our old classmate Bruce Wormsley and he was using the robot to get Velma in trouble. He got Velma suspended and we had to clear her name. We busted Bruce and he was expelled from School and shipped off to Military School.

Qin: Whoa!

Nico: Hardcore!

I went at the robot and deactivated it and pressed a button and out of the top in a chair was Bruce Wormsley at 18 years old!

Me: Just as I thought! Bruce Wormsley, it's been a long time.

Bruce Wormsley: I can still never forgive Velma for everything she did to me!

Me: You brought all that on yourself Bruce.

Bruce Wormsley: I LOST EVERYTHING BECAUSE OF YOU VELMA DINKLEY! YOU RUINED MY LIFE! I was sent to military school that day, stationed somewhere on the other side of the country. I ended up being there for 7 YEARS! By the time I had got back, I had learned that my parents had moved away and abandoned me, leaving me alone in this world. I then decided to take revenge upon the very person that ruined my life. By using the very robot she built, I would take my revenge on the one person who took everything from me… VELMA DINKLEY!

Me: You've lost your mind Bruce and you brought all that on yourself!

Nico: Yeah!

Lincoln: You are not welcome here in this city!

Lincoln fired a powerful blast of lightning and electrocuted him and knocked him out.

Nico: Bruce Wormsley, you have failed this city and world.

Bruce Wormsley was arrested and sentenced to spend 50 years in prison for his crimes. We got Velma's award-winning robot back.

THE END

Another Fanfiction done and another awesome movie covered.

The Pebble and The Penguin was one of my favorite movies back when I was a kid. Those dumb critics ruined it and turned it into a box office catastrophe. Kimimaro was an awesome villain in Naruto. Next up is a fight with one of the Evil Sasuke's we killed. Get ready for a devastating battle with that one. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is the awesome cartoon American Dragon Jake Long and we're going to see the world of myths and legends and take down the evil creature that steals souls Nix.

See you all tomorrow.

# Dragon Hero of New York City

We were all the way over in New York City and it was a beautiful and amazing day.

Me: New York City, the most populated city in North America.

Lincoln: I know. It's hard to imagine that it's that big.

Me: I know. It has 22 million people all over the New York City Metro area.

Nico: That's a lot of people.

Naruto: It sure is.

Me: Not only that, but New York City has one of the highest crime rates in the country. New York City is always at war with a high crime rate.

A man then appeared and held a knife to my face.

Man: Give me all of your money or you die!

Me: Not on your life you fucking son of a bitch!

I grabbed his hand and crushed it and he dropped the knife and I head butted the man and kicked him in the face and knocked him out.

The police arrested the man and got him into prison.

Nico: That man has failed this world.

Me: Indeed.

We then saw a man go flying and he crashed into a trash can and was knocked out. The same thing happened to another criminal. We then saw a red dragon with black hair appear and he looked so cool! It was the awesome hero of New York City, Jake Long!

Jake lives with his parents, Jonathan and Susan, and his younger sister Haley Long. A descendant of a family of magical dragons, his two best friends are the feisty Trixie Carter and seemingly dim-witted Arthur "Spud" Spudinski. Before his thirteenth birthday, Jake started getting glimpses of his dragon heritage. For example, while younger, during a race with Brad at Camp Mugwomp for the Mugwomp Cup, he unintentionally breathed fire, startling himself into tripping over a log to fall face first into mud, losing the race.

On his thirteenth birthday, his magical abilities emerged fully and he was set to protect an underground magical community existing within his city and throughout the world. The emergence of his dragon powers also made him the first official magical dragon guardian of America; "The American Dragon". Under the training of his grandfather, Lao Shi, and his animal guardian, Fu Dog, Jake would be taught in the methods of his dragon abilities, and his duties as a magical guardian. Due to his youth and while still in training, his territorial home base has initially been mainly restricted to the area of New York. However, anytime he is anywhere else in America, such as the forests of New Jersey during a camping trip with his father, his authority extends to these other areas as well as he is destined to become the representative dragon for the whole country.

At first, he thought inheriting Magical Powers would be cool, but instead due to Jake's responsibilities as the American Dragon, his grades started slipping. He could not spend the same amount of time skateboarding with his friends as he used to, and began to grow tired of Lao Shi's training techniques which he could only see as stupid. It made him wish he were only human but he had to deal with it no matter what.

Although Jake is still in the early training stages to be the American Dragon, his destiny includes being the guardian, protector and champion to magical creatures secretly living alongside humans in and around New York City, and eventually the rest of the country. Among them are a herd of unicorns in Central Park, leprechauns on Wall Street, gargoyles nesting atop the Empire State Building, the Triborough Troll Bridge, a mystical community between NOHO and SOHO, and mermaids in the East River. According to his grandfather, the Greater New York is the American Dragon's territory and if he can make it here, he can make it anywhere. However that means Jake must figure out how to control his newly awakened dragon abilities, such as fire breathing, flying and shape-shifting; allowing him to perform his duties. Meanwhile, Grandpa must figure out how to decipher his hip-hop grandson's colloquial language style.

Jake lives in a West-side brownstone at 182 Shorn Eagle Dr. His father, a human businessman, is completely unaware he married into a family of dragons. Jake's mother is a professional caterer who is also a dragon except she is human-locked, meaning she is unable to transform or utilize typical dragon abilities as often times they may skip a generation. Jake tries to ignore his brilliant yet pesky younger sister Haley, a nascent dragon, to no avail. Jake's Dragon Master is his wise Grandpa and the former Chinese Dragon who, upon arrival to the United States, established an electronics shop on Canal Street and took Jake under his wing. Despite the generation gap, Grandpa is patiently training Jake to master the fundamentals of being a dragon, unlock his potential, and to be on time for his lessons. Grandpa's sidekick, the not-so-patient Fu Dog, acts as Jake's animal guardian.

Jake initially comes off as the average, laid-back and flirtatious at times teenager who tries hard to present himself as a king of cool, and to a certain degree he is pretty cool. This is frequently proven by his tendency to keep up with the newest developments and styles, or personal interests such as video games, popular music, extreme sports and hot girls. Jake is shown to have a particular passion for skateboarding and is very proficient at it as well. Unfortunately, more often than not, Jake has a tendency to be stubborn and, at times, careless, both of which tend to come back and bite him in the end. He frequently looks for shortcuts in his day-to-day life and usually pays the price for this when he fails to think things through. Though, in Jake's defense, the responsibilities that he has do prove to be rather overwhelming. Another flaw in Jake's character is that he occasionally loses his focus of the task at hand, but he does usually regain it when he has to.

Also, there are times when Jake is far too cocky and a bit too quick to leap into action, which has often backfired on him, especially when dealing with opponents who are smarter than he gives them credit for. Fortunately, though, when all is said and done, Jake proves to be a very responsible teenager, he is always quick to acknowledge when he is the one at fault and always takes it upon himself to set things right no matter what. He is also shown to be very resourceful when he has to be, frequently coming up with multiple plans and strategies on the fly and knowing when to use his Grandfather's lessons when they are needed.

Jake is shown to care deeply for those around him, but he is not always sensitive toward other people's feelings. For example, he once spoke out against his father, Jonathan, which led to Jonathan feeling a bit hurt. He is shown to have a longstanding rivalry with his little sister, Haley, and he absolutely hates it when Haley lords her accomplishments over him and makes him look inferior by comparison. However, despite Jake's issues with Haley, it is shown that he would not hesitate for a moment to help her when she needed him. Jake is, at times, put at odds with his grandfather, but even so, it is shown that he has nothing but respect for Lao Shi. He also has a very close bond with his animal guardian, Fu Dog.

Jake has nothing but loyalty toward his friends, Trixie and Spud, and they reciprocate this by being unquestionably loyal to him as well. At times, Trixie and Spud are often quick to inform Jake when his courses of action are not always right, but there are times when they go along with it and allow Jake's actions to play out. Jake is also shown to be very trusting of his friends with almost everything, including his secret.

Finally, the person who Jake cares the most about is Rose. In one occasion, it was implied that he cares for her more than his own life. While many of his associates felt that Jake was making a mistake by having a crush on Rose, mainly due to her also being the Huntsgirl, Jake still trusted his love interest fully, mainly because she once had the perfect opportunity to slay him yet passed it up. Jake had trouble letting Rose go at first, but it did seem clear that he genuinely wanted to move on. Though when all is said and done, Jake loves Rose more than anything and would never allow anything to happen to her.

It may seem Jake is a bit superficial, but in truth, he does put some stock in a person general personality more than he does their appearance.

Physical Appearance

In human form, Jake is a teenager with semi-long black, spiky hair with green highlights, red jacket, blue cargo shorts, and grey shoes. Initially, Jake wears a dark navy dress suit with red dress shirt, yellow necktie, and black and white dress shoes. At times, Jake wears a purple and black tuxedo. When he is a dragon he looks like a tall, muscular, red dragon.

## Relationships

Rose

Jake fell in love with Rose the minute he first bumped into her, but for a long time since then, he remained a bit shy around her and failed to actually say anything intelligent when in her presence, even though Rose was nothing but friendly toward him. When Jake once heard Rose openly expressing her affection for a "he", he attempted to express his own feelings under the mistaken impression she was talking about him. However, when Jake found out that he had misinterpreted the conversation and Rose was just being a fangirl about a singer, he immediately tried to cover up his comment and he and Rose had apparently not had a real conversation since then; although Jake did use his shape-shifting powers irresponsibly to impersonate the singer Rose was fawning over, which did not end well.

The relationship definitely took a turn for the better when Jake attempted to ask Rose to a school dance. She had already been asked to go by Brad at the time, which prompted Jake to go with someone else, but when Brad "stole" Jake's date and left Rose to sit alone, Jake immediately went over to comfort her and the two of them shared a dance instead. As Jake later pointed out, the two of them had not seen nor spoken to each other since that day, but when he found out she was playing the lead role in a play, he saw it as an opportunity to kiss her by auditioning for the male lead. He got the part, but due to interference from the magic Scarab he was guarding and/or his own nervousness, he failed to actually get to the part where he kissed her. In the end, at the urging of Trixie, Jake finally just asked Rose out on a date, and she gladly accepted. Although he passed out right after.

Sadly, just when it seemed like the relationship was reaching its best point, and Jake and Rose seconds away from sharing a real kiss, he soon found out she was actually Huntsgirl, the enemy he had been fighting since he first became the American Dragon. Which made Jake a bit more wary around Rose, even though it was clear he still had feelings for her. So much so, he even tried to convince her leave the Huntsclan, but to no avail at the time. Later, when Rose had dragon-Jake tied up to be slain, he revealed to her his human form, which caused her to let him go before running off. At first Jake had high hopes that this was a sign this things were going to get better for him and Rose, but he was soon informed the next day Rose had transferred schools, leaving only a picture of herself and Jake behind.

This plagued Jake for quite sometime afterward, to the point where his desire to find Rose had become an unhealthy obsession with him. Then one night, Rose appeared to Jake in his dreams to warn him of a plot by the Huntsclan, but informed him he could not rescue her. This only further fueled his desire to find her and even made him resort to a teleportation spell, which backfired. Some time afterward, Jake finally found Rose at a Huntsclan Training academy where she had been sent back to due to her past failures. After a string of events there she was sent back to New York where she acted as a double-agent within the Huntsclan, she and Jake showed more obvious signs of affection from that day on, having kissed and hugged.

Initially, Jake wanted to be more intimate with Rose, but due to the Huntsclan's constant surveillance over her, Rose herself felt it was too dangerous to do so and insisted that the two of them should keep their distance. Wanting to prove the two of them could make a relationship work, Jake set it up so they would be science project partners. However, the problem was that it happened right when Jake was going through his molting cycle, much to his embarrassment. In the end though, Rose reassured Jake her love for him, not because of how he looks. She also gives him a dream charm, the same type of item she used to enter his dreams to warn him of the Huntsclan's plot, so they could at least be together in their dreams.

This was the way things were for the longest time, but when it was starting to look like Jake was becoming distracted because of relationship with Rose, Lao Shi insisted that Rose break off the relationship, for Jake's own safety. Rose was hesitant at first, but after a string of events that nearly got Jake hurt, she decided Lao Shi was right and ended her romantic relationship right there. Regardless though, Jake still harbored feelings for Rose and wanted to find a way to express them in a subtle way. During their Homecoming, it was revealed they were at least still friends, and when they were nominated for Homecoming King and Queen, Jake saw this as another opportunity to rekindle their romance, which for a brief moment, he did. However, when the Huntsman found out about Rose's role as a double-agent, he blackmailed her with the safety of her parents to betray Jake and lure him to the Aztec Skulls. This left Jake more heartbroken than ever before. In the end though, it was Rose's sacrifice which saved Jake and the rest of the Magical world when she stopped the Huntsman from making his wish and instead wished for the destruction of the Huntsclan.

Wanting to save Rose from her terrible fate, Jake used the Skulls to wish she had never been a part of the Huntsclan, giving her a new life as a result. He ran into her the next day, but before he could start over with her, it was revealed she and her family were moving to Hong Kong, and Jake wished her a happy Homecoming. Jake tried to move on after that and even attempted to start a romance with Danika. But when his family went on vacation to Hong Kong and the Dark Dragon revealed his plans to take over the Magical world, Jake is forced to seek out Rose for help and attempts to remind her of her former life. Naturally, she did not believe him at first, but when he left her place he also left behind their homecoming picture which began to jog her memories, prompting her to help Jake and the other Dragons. When the threat was over, Rose and Jake shared a victory kiss, implying that they've gotten back together again.

Danika Hunnicutt

Once Rose had left for Hong Kong, Jake set his sights on the Swim Team Captain, Danika Hunnicutt, a girl he had often tried to impress with his skateboarding tricks. He asked her to a dance, which did not end well, then later asked her to be his graduation partner.

Jake Long was looking at two criminals that he tied up.

Jake Long: You two stay put. The cops will be here any minute now to take you to daycare.

Me: Whoa! That was awesome!

Jake Long: Thanks. Wow! You're all Team Loud Phoenix Storm! It's such an awesome honor to meet you all.

Me: Same to you.

Jake Long: I'm Jake. Jake Long. It's a pleasure to meet all of you.

Me: Same to you Jake. You look so awesome as a dragon and we know all kinds of dragons.

Nico: Yeah. They are awesome!

Zuko: You and I actually sound alike.

Jake Long: Yep. But I don't take things too seriously like you do.

Zuko: Well, you're not exactly taking things seriously enough.

Irma: You both have good points.

Tuck: He also sounds like me too.

Jake Long: Yeah.

Clawful: So, where's your headquarters?

We later went to Millard Fillmore Middle School and we were amazed at what it was like there.

Me: Wow. Your middle school is awesome Jake.

Jake Long: Thanks J.D. It's a great school.

Nico: It sure is.

We also met Jake's love interest, Rose. As well as his best friends Trix and Spud.

---

Rose

Rose Killdragonosa, also known as the Huntsgirl, is a former antagonist in American Dragon: Jake Long.

She tries to kill the American Dragon who at first unknown to her is Jake Long, a boy at her school who has a crush on her. Whilst on a school trip to a ski lodge, Jake discovered that she was Rose after whilst battling her, he pulled her glove off revealing her dragon-shaped birthmark which she says is The Mark of The Huntsclan meaning that she was born to slay dragons.

A few episodes later, Rose and Jake do battle once more and just when Rose ties up Jake and prepares to kill him, he turns back into his human form to which she removes her mask and frees Jake before fleeing.

Spud

Arthur "Spud" P. Spudinski, commonly known as Spud[4][5], is the best friend of Jake and Trixie.

Trixie Carter

Trixie is a girl living in New York City. Her best friends are Jake Long and Spud. She is Jake's best bud, and only female friend. She is fully New York. Carter currently attends Millard Fillmore Middle School. Trixie loves helping Jake protect the magical community.

---

Trixie Carter: It's such an honor to meet you guys!

Spud: Same here. It's awesome.

Rose: Yeah you are amazing at what you do.

Me: We get that all the time.

?: Well well, if it isn't the losers.

We turned and we saw Brad Morton.

Jake Long: Oh great. Brad Morton.

---

Brad Morton is one of the premier football players at Millard Fillmore Middle School, where he is a school bully and the popular "dumb jock". He usually thinks he is a hot shot, but at some points he just utterly fails.

He is two years older than Jake Long, making him 16 because he was held back twice in elementary school for failing 3rd grade.

Jake is frequently the target of Brad's abuse. Usually by him flaunting something, such as a car, a large wad of money, etc., at Jake's face. However, Jake almost always manages to get even either by himself or because of Brad's own actions backfiring.

---

Brad Morton: How about I pulverize your face in Long?

Me: I think not Morton.

Nico grabbed him by the shirt and lifted him up.

Nico: You picked the wrong people to fuck around with.

Scourge: (to Brad Morton) Do you have any last words before we tear you apart?!

Rose: Guys, no! He's not worth it!

Spud: She's right, dudes. You're all upset about this now but next week, it won't even matter. Especially since he knows how powerful you all are.

Jake Long: C'mon, guys. Don't throw away your entire lives over this.

Lori: (tears in her eyes) But all we're trying to do is keep you guys safe!

Trixie: And we appreciate that. But you don't have to go this far all the time.

Me: Okay guys that's enough. We're going to keep him around as Comic Relief.

Then we saw Hans Rotwood.

---

He used to be a famous professor until his theories on magical creatures humiliated him in front of his peers; destroyed his career as a scientific researcher; got him fired from his job at Hoboken Science Institute; finally reducing him to teaching at Millard Fillmore Middle School. As a believer of magical creatures, he teaches a class on them, but due to completely incorrect facts, Jake is always confused and has low grades in the class.

Rotwood had a notable dislike of Jake, initially due to Jake's lack of respect. Rotwood eventually develops a suspicion of Jake and keeps a close eye on him. Following an event with his old instructor, Rotwood revealed that he always knew Jake was a dragon and promised to expose his secret. Despite this promise, he told Jake he would patiently wait for his chance since he knew Jake was dragon.

After the departure of Principal Dolores Derceto, Rotwood became Principal of Millard Fillmore Middle School in her place. He then worked to trick Jake into revealing himself as a dragon to him. He finally succeeded after a campaign to make Jake reveal his dragon form by humiliating him at school. While he finally gained personal proof, he was unable to obtain anything concrete enough to show others.

However, in a brief truce, Jake gave him a personal look at the magical world by taking Rotwood to the Magus Bazaar where he was thoroughly delighted.

Although wishing to be famous for proving the existence of magical creatures, Rotwood appears to have a true affinity for them. During a trip inside Rotwood's dreams and memories, it is suggested he encountered a chimera as a baby, which may have been what started his life's interest in the magical world. At Jake's graduation, the two seem to have put their differences aside as they shook hands.

---

Me: Hans Rotwood.

Hans Rotwood: J.D. Knudson.

Me: I've been after you for years Rotwood. You are just as fucked up as Crocker is now as a disembodied brain.

Rotwood: Because I will be famous once I prove the existence of magical creatures.

Me: Just as fucked up as anyone I've ever met.

Jake Long: Don't hurt him.

Swoop: Why you Jake Long not want us to punish him Rotwood?

Jake Long: You wouldn't understand.

Lynn: What, your moral code just won't allow for that? It's too hard to cross that line?

Jake Long: No. God Aimighty, no. It'd be too damned easy. Besides, I think you've forgotten that I helped destroy the Dark Dragon and the Huntsclan before. Besides, all I've ever wanted to do is punish Rotwood. A day doesn't go by where I don't think about subjecting him to every amount of torment he's dealt to me and then give him his just desserts.

Rotwood: (mockingly) Aw. So you do think about me, Mr. Long.

Me: Shut up.

Jake Long: But if I do that, if I allow myself to go down that road, I'll never come back.

Lola: Why? We're not talking about taking down the Gorgon Sister, or Panderous, or Tiburon. We're talking about Rotwood. And only Rotwood. And it's because he might harm other innocent magical creatures besides you.

Red Hood: Guys, I had a similar conversation with Bruce and J.D. And I think we should listen to Jake on this one.

Me: I agree with Jason. But we're gonna keep a huge eye on you Rotwood. But if you ever go after Jake or any of his friends, you will feel our power in the same way we killed Thanos.

Rotwood: I have that to look forward to.

He walked away.

Me: Asshole.

Rose: Yeah I hate him too.

Nico: But we'll watching him real close when needed.

Me: Yep.

?: (French Accent) SACRE BOO!

We turned and we saw the Ghost of Chef Pierre Goulash!

---

When he was alive, Pierre Goulash was a chef employed by Daphne Blake's great-grandfather. They got into a heated argument which resulted in Pierre being fired. He swore he would come back and take everything from the Blake family.

A Pup Named Scooby-Doo

The ghost's first act was to rob everything from Daphne's room, leaving it completely empty. This prompted the gang to investigate. Mr. Gordon loaned them Robopup so that he could supposedly help them solve the mystery.

Shaggy Rogers and Scooby-Doo first encountered the ghost while checking out the Blakes' pantry (which was more like a grocery store). He chased them around in circles until he eventually started throwing food at them, which of course, they had no issue with. Scooby tossed a watermelon in his face and the two got away from the ghost.

Shaggy and Scooby told the rest of the gang about the ghost chef, and they decided to ask Daphne's parents about it. Though they didn't believe in ghosts, they told them about Chef Pierre and why he'd want to steal from the Blakes. Just then, the ghost showed up, scaring them all. Scooby panicked and tried to climb up a curtain, which caused the curtain to fall on the ghost, giving everyone time to escape.

Later, the gang found the stuff stolen from Daphne's room in the Blakes' subway station. However, they were confronted by the ghost again. He chased them all over the place until they lost him in the gardener's shack, where Velma Dinkley came up with a plan to capture the ghost.

While the ghost was busy loading Daphne's stuff onto the train in the subway station, Scooby popped out of a drawer and lured the ghost onto the bed, where the kids pulled a sheet down on the ghost and restrained him. He was unmasked as Mr. Gordon, who wanted to steal from the Blakes so he could get rich. He was secretly assisted by Robopup, who was supposed to be solving the crime but was actually throwing everyone off the trail.

---

Shaggy: ZOINKS! It's the Ghost of Chef Pierre Goulash!

Me: I remember him! He was a great chef!

Qin: What's his history?

Me: He was really a former security guard that worked at the Blake Mansion. He was gonna steal all of Daphne's furniture for selling it all to make a lot of money.

Qin: That's nuts! But wait a second. Daphne, you live in an estate that rivals ours right?

Daphne Blake: I sure do Qin. I have lived in a massive mansion that is worth trillions.

Scooby Doo: That's a lot of money!

Me: Daphne has a fortune that makes all of the richest people in the world look like poor people in comparison. She's worth hundreds of trillions of dollars, making the Blake's the 2nd richest family in the world next to us. We are number 1 but we don't let our wealth go to our heads.

Qin: WHOA! That's a tremendous amount of money!

Me: I know. Her mansion is so amazing that it made us feel like we were in the presence of the gods of luxury.

Scrappy Doo: Wow! I would love to visit your house one day Daphne.

Daphne Blake: I think that can be arranged.

Me: You would love it Scrappy. But anyway, Mr. Gordon was busted and he got 30 to 40 years in prison for his crimes.

Qin: And then he got life right?

Me: Not this time. He was not one of the people that were involved in the conspiracy.

Qin: Wow.

Lola: Lets see who is a better lover of gold and luxury!

Lola fired a powerful blast of gold fire and turned Chef Goulash into a gold statue and I sent Chef Goulash into the Book of Vile Darkness.

?: Hey Jake.

We turned and we saw a girl named Jasmine.

---

Jasmine appears as a young human girl who is actually a Nix, meaning under certain lunar conditions, she transforms into a soul-sucking creature.

Although she and Jake met just the one time, She was later mentioned by Fu Dog as being. Although Jake did not see her, she was in the seating at the Ogre-Bowl wearing a light blue sweater-dress. Jake later reminisced about the school dance where he spun Rose about the dance floor while Jasmine was in the background sucking out souls.

Physical Appearance

Jasmine is a tall and slender young girl with long black hair and a beauty mark under her left eye. She usually wore a short crimson red dress with black high-heeled shoes. Jake Long found her to be very attractive, which is why he immediately approached her to invite her to his school dance the moment he saw her.

Personality

Jasmine was a very friendly and outgoing individual. Even though she had only just met Jake at the Magus Bazaar, she was so charmed she accepted his invitation to his school dance without any hesitation.

Jasmine is very much aware of her Nix side. Like anyone would upon meeting a stranger, she does not openly share that side of her. She makes a point of insisting Jake get her home before the moon reaches a certain point in the center of the night sky, but does not inform him the why; that her other self will be unleashed. So conscientious as to remind him several times during the dance with obvious concern, even attempting to leave on her own as the time of her transformation grew close. She later apologized abundantly to Jake for the fiasco at the dance, which showed that she was not inherently evil despite the needs of being a Nix.

When upset or in a bad mood, Jasmine will growl and her eyes will glow red, her Nix side dominating her negative emotions.

Nix Side

In counterpoint to her sweetness, Jasmine turns out to be a magical soul-sucking creature knows as a Nix, in which form has a serpent tail instead of legs, scaly green skin, sharp claws, fangs, a set of black wings, and glowing red eyes. Jasmine transforms when the moon reaches the center of the night sky and for the rest of the night until the moon sets, turning back to human form.

During Jake's party, although she did attempt to leave before she would change, Jasmine morphed into Nix form and instinctively proceeded to sucks the souls out of the entire student body. She then engaged in a fight with Jake, who managed to defeat her with his incredibly smelly Dragon breath. The souls were returned to their rightful bodies - although there was a mix-up with a couple, like Trixie and Spud - before Jasmine was taken care of by Lao Shi and Fu Dog until moonset.

After the dance, Jake eventually escorted her home, where she apologized profusely for the trouble but he shrugged it off as he knew he was to blame for it and apologize to her for getting too caught up in the fun. Afterwards, she becomes a good friend to him.

---

Jake Long: Hey Jasmine.

Jasmine (ADJL): It's such an honor to meet the famous Team Loud Phoenix Storm.

Me: Pleasure to meet you too Jasmine.

Jasmine (ADJL): I know. Jake already knows this but I'm what's called a Nix.

Brittney: The Soul-Sucking Demons of Greek myth?

Jasmine (ADJL): That's right! How did you know that?

Brittney: Being a goth girl gives me vast knowledge into the world of myth. But also Nyx is the Goddess of the Night in Greek Myth.

Jasmine (ADJL): That's right.

Me: When the moon reaches the center of the night sky, they become a soul sucking monster.

Jasmine (ADJL): That's right. I can't control my other half when the moon is full.

Me: The next full moon is not until March.

Jasmine (ADJL): Good. But someone can still try to use my powers for evil.

Me: We won't let that happen.

Later at lunch we got word about Jasmine being kidnapped. We think that she was being turned into Nix for evil.

Jake Long: You think I can imitate your Phoenix Cry on Nix?

Maria: (smiles) Well, how about you also do that while doing a stealth attack on her at the same time?

Me: Go for it Jake.

Jake Long: Lets do it. (Echoing) DRAGON UP!

Jake turned into an awesome Red Dragon. He was awesome.

Me: That is so cool!

Jake Long flew into the air.

In the city, Nix is stealing souls and then a massive explosion appeared with an imitation phoenix cry in it. Jake swooped in and kicked her in the face.

Jake Long: (Nyx tries to get up) If you can't get stand the heat, then get out of the kitchen!

Nix: (growls) Do you always have to mock me, American Dragon?!

Jake Long: Hey, I mock. I'm a mocker. (telepathically) How was that, guys?

Yumi Ishiyama: Pretty good. But watch how we do it.

A Massive explosion of fire appeared and our real Phoenix Cry was heard and we landed by Jake.

Me: Did a good job though Jake.

?: It was a good try though!

We then saw a figure come out and it was MEAN SCREEN from episode 13 of Power Rangers Zeo!

---

As an idea "given" by Prince Sprocket after witnessing the Yellow Ranger almost getting a virus on her computer, King Mondo has decided to unleash a computer monster called Mean Screen. This monster was capable of absorbing the information on all of the Power Rangers' weapons and even the Zeo Zords. He first goes to the Computer Lab with Klank and successfully absorbs the information about the Zeo Zords out of a computer, much to Klank's surprise.

After causing everything to go haywire, the Red and Yellow Ranger appear, and Mean Screen attacked them. He had the upper hand and then the Green, Blue and Pink Rangers appeared. He copied their Zeo Laser Pistols, and was able to deflect them. He then ambushed the Rangers with his Lighting Barrage and their own lasers, forcing the Rangers to flee to a chamber. The Rangers tried to fight back, but he was too powerful and used his Computer

Bombs to send the Rangers out of a building. The Rangers attempted to use the Zeo Blaster. It too had no effect, and with no other option left, Zordon sent the Ranger the Defender Wheel. With the Red Ranger riding along, Mean Screen attempted to give it a virus, but much to his surprise, it did not work and he was then destroyed by the Defender Wheel, only to be a copy.

Mean Screen was then enlarge thanks to Orbus. With the Zeo Megazord low on power from the virus, however, the Rangers felt that they were in trouble, but thanks to the Green Ranger's friend Raymond was able to neutralize Mean Screen's virus and restore the Zeo Megazord to full operating status, allowing the Rangers to summon the Zeo Zords and form the Zeo Megazord to battle Mean Screen. He had the upper hand thanks to the Computer Cords, but the Ranger were able to reverse the lighting back at him, they then used the Zeo Battle Helmet 4 and 3 on Mean Screen, destroying his "beautiful screen" and making him powerless. Mean Screen is then destroyed once and for all by the Zeo Megazord Saber lash.

---

Kat Hillard: (Australian Accent) Mean Screen!

Lincoln: Whoa!

Mean Screen: Its been a long time Rangers.

Me: I remember this guy! He copied all your weapons and caused a bunch of technological devices to go haywire!

Tommy Oliver: That's right.

Tanya Sloan: He was a tough one.

Optimus Prime: Lets see how he deals with all of us. OPTIMUS PRIME, SUPER MODE!

Mean Screen: Thanks for the weapons, Optimus. I really appreciate it. MEAN SCREEN, SUPER MODE!

Mean Screen had a Super Mode that looked like Optimus Prime in Super Mode!

Me: He copied all your weapons Optimus! But then again he doesn't play fair.

?: I like it.

We then saw Dark Spicer.

Me: Dark Spicer. I guess the truce is over after what happened.

Dark Spicer: Yep. (to Jake Long) Here's your warning: Your ass is about to be kicked!

Jake Long: Not gonna happen.

Dark Spicer activated his Antitrix and turned into a mutant Loboan. It looked a lot like Blitzwolfer but purple and it had spikes all over him and a second mouth in its stomach.

Omegawolf: Meet Jackwolf! (laughs) Just kidding! This form is called Omegawolf.

Ben: Good. Putting my name for that form wasn't one of my best ideas.

Shanan: A mutant Loboan. He looks ugly.

Omegawolf: (to William) Finally. I get to fight the leader of the Redemption Squad. (uses his howl on William)

He fired a sonic howl blast and William got out of the way and the blast hit the building and exploded.

KRABBBOOOOOOOOOOOOOMMMMMMMM!

Me: His bark is worse than his bite.

Dark Spicer then turned into a Thep Khufan mutant that had fire bandages. He looked a lot like Snare-Oh and he was made entirely out of flaming bandages. He also had a mask that looked like King Tut's.

Firewrap: Say hello to Firewrap! (uses bandages to pull down my pants)

Me: HEY!

I pulled them back up.

Me: That was NOT FUNNY!

Sandman shot sand at Firewrap but the latter flattened himself to deflect the sand back at him.

Firewrap: Didn't see that coming, did you? (wraps bandages around Sandman)

But Sandman turned into sand and got out of his wrappings.

Shanan: A mutant Thep Khufan with a bad personality.

Eddy: Me, William, and Sandman will fight Dark Spicer. You guys handle Nyx and Mean Screen!

Troy: Good luck, Eddy! Alright, guys. Let's do it!

Megaforce Rangers: Go Go Megaforce!

The Megaforce Rangers turned into their Basic Megaforce Forms.

?: Don't forget about me and my revenge!

Me: Oh shit. I thought I would never hear that evil psychopathic voice again.

Out came the Evil Sasuke that we killed 150,000 years from now!

---

Background

Sasuke was born on July 23rd to Fugaku Uchiha, the chief of the Konoha Military Police Force and Mikoto Uchiha, members of the Uchiha clan who founded the Hidden Leaf Village alongside the Senju clan generations ago. He was named after the father of the Third Hokage, as his mother hoped he would grow up to be a fine shinobi like his namesake. While still an infant, Sasuke was in the care of his older brother Itachi Uchiha as they saw the attack of the village by Kurama the Nine Tailed Fox, only with Sasuke sensing the demon's evil chakra which frightened him. That event, due to the fact that only a Uchiha could control the Tailed Beast, ultimately led to their clan losing complete standing.

As a child and unaware of the events that revolved on his clan, Sasuke was more focused on becoming like Itachi, who had their father's favor, and trained to become strong. However, when Itachi began to distance himself from the Uchiha Clan, Sasuke found himself getting Fugaku's attention as he taught Sasuke their clan's Fireball Jutsu which the boy spend days to master before being told not to follow in Itachi's footsteps.

One evening, coming home from practicing his ninjutsu, shrugging off the feeling that someone was watching him, Sasuke found the area surrounding his home littered with dead bodies of Uchiha Clan members. Frightened and confused, Sasuke ran to his home to find his parents killed by Itachi's hand. Freaking out as he yells at Itachi at what he was doing, Sasuke finds his left shoulder wounded as he is subjected to Itachi's Tsukiyomi playing the slaughter Itachi committing. Itachi then tells Sasuke that he spared him because he is weak, telling his brother of obtain the Sharingan in Mangekyo form and live a life of hatred before facing him again. As Itachi leaves, giving him the location of their clan's vital documents, enraged Sasuke caused his Sharingan to manifest as he attempts to kill his brother. However, Itachi overpowered Sasuke and he ended up in a coma for a few days. With the events hazy, due to his brother's genjutsu, Sasuke had no memory of obtaining the Sharingan.

After mourning over his clan's death and discovering the secret documents on the stone tablets, Sasuke swore to avenge his clan and kill Itachi by any means. Since then, Sasuke became a loner and kept to himself most of the time. While attending the Ninja Academy a few years later, Sasuke encountered a similar social misfit, Naruto Uzumaki. Since that meeting, Naruto recognizing the festering darkness in Sasuke's eyes, the two became destined rivals.

Part I: Naruto

After graduating from the Ninja Academy, having become well known by the village as a genius prodigy and was greatly admired by his female peers, Sasuke was assigned to the Ninja team under Kakashi Hatake that Naruto was also a member of. Over time, from being tested by their mentor to their first mission that led to their confrontation with Zabuza Momochi and his apprentice Haku, Sasuke formed a friendship with both Naruto and their female teammate Sakura. However, things became to change during the Chunin Exams when Sasuke first encountered Orochimaru who branded him with the Curse Mark. Though Sasuke was able to keep the Curse Mark under check as he mastered the Chidori, his near death experience with Gaara and being saved by Naruto astonished him and made a humiliated Sasuke question if he truly became stronger.

Later, as Naruto left with Jiraiya to find Tsunade, Sasuke learned that his brother is after Naruto and confronted Itachi. However, despite his advancement, Sasuke was defeated by Itachi and placed in a coma. After being awakened by Tsunade's healing, and various side mission added fuel to the fire, Sasuke started to become jealous at Naruto and felt threatened that Naruto was surpassing him. He began to lash out at Naruto and Sakura, and he forced Naruto into fighting him despite Naruto's initial refusal. Sasuke accused Naruto of acting "all high and mighty" and refused to wear his forehead protector because he didn't see Naruto as an equal. In the fight, Naruto never made serious attempts to hurt Sasuke, who forced Naruto to take it seriously, which Naruto ended up doing after realizing Sasuke was serious. Before they could finish the battle with their respective Rasengan and Chidori, Kakashi stopped the two by throwing them into separate water towers. Although thinking his Chidori did the most damage to a nearby water tower, Sasuke is shocked and angry to find Naruto's Rasengan obliterated one whole side of it without the structure compromised. Kakashi lectured him how vengeance will only gain him emptiness and loneliness, and asked him to give up on revenge. Sasuke asked how would Kakashi feel if he killed those he loved and was shocked when Kakashi replied his loved ones are already dead. After this, Sasuke spends the whole night thinking about his choices and becomes conflicted between his bond with the team versus his desire for revenge. After a humiliating defeat by Orochimaru's Sound Four, who have been sent by their master to retrieve him, and offered him an opportunity to gain power, Sasuke reached the conclusion that the village and his ties to Team 7 were holding him back and he decided to join up with Orochimaru's side. On his way to the village's gate, he was confronted by Sakura, who suspected he would leave. They talked about when he first called her annoying and Sasuke said he could've chosen a peaceful life with her and the team in the village but decided revenge was more important. A desperate Sakura pleaded for him to stay or let her join him if it meant she could make him happy, and went as far as to confess her love to him, to which he responded by calling her annoying again. When Sakura threatened to scream to alert the village of his betrayal, Sasuke knocked her out so he can leave the village in the dead of night but sincerely thanking her for everything she's done for him before knocking her out. Placed in a casket to under the full awakening his Curse Mark, Sasuke was unconscious as the Sound Four find themselves dealing with Naruto and the rest of the Sasuke Retrieval Team.

Once awakened as Kimimaro attempted to hold Naruto off, Sasuke arrived to The Final Valley before his team mate arrived. They argued over Sasuke's decision to betray all of his friends for the sake of getting stronger and Sasuke justified this by saying Naruto can never understand the pain of losing a loved one due to him being alone all of his life. While Naruto sympathized with Sasuke, he vowed to bring Sasuke back to the village and declared Sasuke as the first person he had a real bond with. Even when Sasuke admitted that Naruto has become the closest friend he's ever had, Sasuke decided to sever their bond in order to gain the power he desires. Remembering Itachi's words after the massacre, Sasuke attempted to kill Naruto to obtain the Mangekyo Sharingan. In the battle that ensued, Sasuke's Sharingan reached full maturity and he assumed his full Curse Mark form to counter Naruto when he is able to access a ninth of Kurama's chakra but Naruto succeeds in scratching Sasuke's headband to get back at the Uchiha's earlier comment of Naruto never being able to do it. The fight ended with him and Naruto using their signature moves Rasengan and Chidori. Losing his headband in the process, Sasuke emerged victorious. However, Sasuke decided not to kill Naruto and vowed to obtain the power to kill Itachi on his own terms. He left the area and met with

Orochimaru. Over the next three years, Sasuke became a student under Orochimaru and became stronger while Naruto and Sakura also spend 3 years training in order to find him.

## Part II : Naruto Shippuden

Three years after parting ways from his former team mates, now members of the renamed Team Kakashi, Sasuke crossed paths with his replacement, Sai, whom he called a "loser" and showed no interest in him, even scaring the emotionless Sai with the intensity of his Sharingan and refused to acknowledge Naruto and Sakura's efforts to find him. He was later woken up from his nap by Sai who talked to him about the bond Naruto and Sakura still felt with him, but enraged at being disturbed, Sasuke blew up the hideout, causing Naruto, Sakura, and their temporary leader, Yamato, to chase after the source of the explosion. With that, Team 7, with the exception of Kakashi, reunites for the first time in 3 years, but Sasuke demonstrates indifference towards them. In response to Yamato's speech on how Naruto and Sakura still see him as a comrade, Sasuke denounces any bond to them and explains his choice not to kill Naruto then was merely sparing him on a whim, but he decides to try to kill him for real. Showing how powerful he had become and no longer hesitates to kill, Naruto, Sai, and Yamato fight him but Sasuke electrifies them and is about to strike Sakura as she tried to attack him before Yamato took the attack. With his Sharingan, Sasuke entered Naruto's subconscious while Naruto was resisting Kurama's temptation. After being told that his very powers is like that of Madara Uchiha, Sasuke suppressed the Nine Tails as he denied knowing anyone by that name and Kurama told the Uchiha not to kill Naruto as he would regret it. Though Naruto pleaded with him while revealing Orochimaru's intentions to take over his body, Sasuke revealed he knew about it and would sacrifice his body if his desire would be fulfilled. Sasuke then left with Orochimaru, who told him to spare Team Kakashi as they would lessen the number of Akatsuki members.

## The Path of Revenge

Eventually, after becoming strong enough to embark on his hunt for Itachi, Sasuke confronted Orochimaru with the intention of not allow himself to become his former mentor's vessel. Though Orochimaru almost succeeded, Sasuke used his Sharingan to alter ritual that that Orochimaru would be trapped inside him. With access to Orochimaru's powers, Sasuke formed a ninja group named Hebi from Orochimaru's former test subject Suigetsu Hozuki, an aide named Karin, and Jugo, the source of the Curse Marks. On his hunt for Itachi, Sasuke was confronted by the Akatsuki member Deidara. In the fight that ensued, with Tobi watching, Sasuke fought equally with Deidara and eventually stalemated with him, before being forced to use Manda to protect himself from Deidara's suicidal attack that outmatched him. Soon after, Sasuke found a shadow clone of Itachi who told him to meet his brother at the the Uchiha compound for their final battle. There, Sasuke learned of Tobi and that the reason why Itachi wanted him to obtain the Mangekyo Sharingan was so he could take his brother's eyes to enhance his own into the Eternal Mangekyo Sharingan. Leaving his team behind, Sasuke went to the compound to settle things with Itachi once and for all.

The brothers confront each other for the first time in 3 years, and Sasuke voiced his skepticism that Itachi could kill their entire clan on his own. Itachi confirms he had help, from their ancestor, Madara Uchiha, but Sasuke doesn't believe him. After a heated battle with shurikenjutsu, the brothers battled with their genjutsu before Sasuke attempted to end his brother with Kirin. Unfortunately, Itachi survived the attack with the aid of his Susanoo shielding him from the attack. By that time, Sasuke's chakra reserves were weakened enough for Orochimaru to emerge and try to steal Sasuke's body once again before Itachi used his Susanoo to trap Orochimaru and purge the Curse Mark from Sasuke's body. With nothing left, Sasuke attempted to flee before being cornered as Itachi was about to take his eyes. However, at the last second, Itachi poked him on the forehead and said Sorry, Sasuke, this is the last time.. Itachi then collapsed dead with a smile on his face. Sasuke collapsed soon after, albeit with relief at fulfilling his mission, before being taken away by Tobi.

Coming to in a cave, Sasuke once again meets Tobi who formally introduced himself as Madara Uchiha (Sasuke was unaware he was actually lying). Keeping his distance due to an Amateratsu Itachi implanted, Tobi revealed the truth behind his clan's death. As a horrified Sasuke learned, the Uchiha Clan Massacre was carried out by Itachi under direct orders from the Hidden Leaf's leaders. Though the Third Hokage attempted to solve the manner peacefully, the Uchiha Clan's plan to revolt in response to being persecuted for Kurama's attack on the village caused Danzo Shimura to force Itachi to carry out the deed. Though he went through with it, Itachi took measures to make sure Danzo made no attempt to hurt his brother. Sasuke initially refused to believe the story to be true but as he remembered the loving and caring older brother Itachi once was, Sasuke started to believe the story and realized Itachi loved him all along. For the second time in his life, Sasuke cries of his brother's sacrifice and burdens. A few days later, taking in the new information while gaining the Mangekyo Sharingan, Sasuke organized his group into "Taka" and announced their new mission to destroy Konoha.

## The Curse of Hatred

Meeting with the Akatsuki, Sasuke agrees to work for them but makes it clear his intent is to kill the masterminds of the massacre, still refusing to kill those uninvolved with his revenge. As Akatsuki allies, Sasuke and Team Taka were deployed to the Village Hidden in the Clouds to capture Killer Bee, the Jinchurki of Gyuki the Eight Tails. Bee proved to be too much due to being a perfect host, overwhelming Taka for the majority of the battle, critically wounding Sasuke twice and nearly killing them all four times. Terrified of death, Sasuke used Amateratsu to weaken the Jinchuriki so his team can capture him (though Bee fooled them into leaving with a decoy). This action infuriated Killer Bee's brother, the Fourth Raikage, Ay, who called the other Kage to discuss how to deal with the Akatsuki, and later sent a squad to tail Taka. Sasuke discovered this and killed the agents, and realized that his sight was failing as a consequence of overusing the Mangekyo. Soon after, under Sasuke's order, Taka abandoned the Akatsuki even though Tobi had threatened to kill them if they did so. Sasuke decides to take on the Kage on his own and exact his revenge with only his team.

On their way to Konoha, Taka is intercepted by Tobi and Zetsu. Despite Tobi's previous warning, he didn't kill them because they were still of use to him. Sasuke learned that the "Killer Bee" Taka captured was actually a clone created from one of Gyuki's tentacles, and is told the village is in disarray and is instructed to infiltrate the Five Kage Summit where Danzo, the acting Hokage, was going. Guided by Zetsu, Sasuke was unconcerned of hearing Naruto defeating Nagato as Taka arrived to the Summit. However, Zetsu appeared before all five Kage and blew Taka's cover. By then, Sasuke's hatred and desire for revenge consumed him to the point where he was willing to ruthlessly kill anyone who stood in his way and decided to leave Suigetsu and Jugo behind when they were captured by Ay. Sasuke ended up fighting a revenge-driven Ay, who nearly killed him, before Gaara, now the Fifth Kazekage, intervened. Gaara sympathized with Sasuke about wanting revenge but, with his own experience, Gaara knows it will not benefit him and asks him to give up his vengeance. Unimpressed, Sasuke says his only goals are in the darkness and refuses to give up his revenge, even lashing out at Gaara for not understanding the anguish he's going through. Sasuke battled Gaara and Ay with his Susanoo, and caused a cave-in to escape after Gaara outmatched him. Danzo escaped during the following chaos. However, Sasuke is hindered by the Fifth Mizukage Mei Terumi and the Third Tsuchikage Onoki, with the latter defeating Sasuke. However, having intended to use Sasuke to capture the Kage, Tobi appeared and teleported him and Karin to his subspace so Karin can heal him.

Eventually, Tobi brings the two back into reality after cornering Danzo for Sasuke. Disgusted to find his opponent with multiple Sharingan implanted on his arm, using his Susanno's arm to grab him, Sasuke demand Danzo to admit his role in the destruction of the Uchiha Clan. Danzo proceeded to explain that Itachi risked everything to ensure the Uchiha clan's honor was not tarnished by their attempted treason and Sasuke's very actions are an insult to Itachi's sacrifice. Further infuriated by Danzo's remark on Itachi, Sasuke crushed Danzo to death with the Susanoo. However, Danzo survived the fatal attack using the fate-defying genjutsu Izanagi, prolonging the battle until Sasuke managed to remove his opponent's ability after sustaining an even, devastating battle with Danzo.

Though Danzo attempted to use Karin as a human shield to keep him back, Sasuke mercilessly used his Chidori Spear to run through Karin to inflict the killing blow while telling the shocked girl that she is useless to him if she can't keep herself from being taken hostage. On the verge of death, with Tobi in his way, Danzo made one final attempt to take both him and Sasuke down with him with a sealing jutsu, but the two narrowly escaped. Tobi attempted to take Danzo's remaining Sharingan, one of the eyes of Shisui Uchiha, which he destroyed. Tobi instructed Sasuke to kill Karin because she has too much knowledge on both of them, and Sasuke was about to kill her with his Chidori, coldly bidding her farewell. At the last second, Sakura arrived to stop him under the pretense that she wanted to join him.

Suspicious, Sasuke told Sakura to finish Karin off to prove her loyalty to him. However, as he saw her hesitate, he walked behind her and ws about to strike her with Chidori but he is stopped by Kakashi who noted that Sasuke was serious about trying to kill her due to the intensity of his Chidori. Kakashi tried to persuade Sasuke to not be consumed by hatred. Sasuke simply laughed and said he would only give up his hatred if his clan was brought back to him, and made it clear he wanted to kill everyone around him. In the battle with Kakahi, he conjured his Susanoo, but to his horror, it disappeared due to Sasuke's eyesight starting to deteriorate. On the verge of blindness, he sensed Sakura sneak up behind him to try to kill him and grabbed Sakura by the throat when she hesitated and was about to kill her with her own poisoned kunai. Luckily, Naruto arrived just in time to save his teammate's life. When asked by Naruto why he would attack Sakura, Sasuke said he was not part of the team anymore and denounced any connection to them. Though Naruto tried to reach him, telling him Tobi told him abut the Uchiha Massacre, Sasuke refuses to listen even after Sakura told him that Naruto has never lost faith in him after everything he did. Calling Naruto an "outsider", Sasuke reminds him that he never knew the pain of losing a loved one and told him to shut up. However, telling them in glee that he killed Danzo, Sasuke intends to do the same with every resident of the Hidden Leaf to finally avenge his clan.

Though Kakashi attempted to fight Sasuke, Naruto took his place as the two youths once more fought an epic battle. As they battle, Naruto admitted he felt the same grudge on the village and considered revenge but desired to build bonds with others and wanted to be Sasuke's friend as it was because him he became the person he is. Though Sasuke told him its too late for him to change his path, saying that either he dies at his hand as a coward or kill him as a hero of Konoha. Soon after Zetsu broke Sasuke's fall, Tobi arrived to spirit Sasuke with the promise that his battle with Naruto will continue next time. However, hearing from Naruto there was a third option, Sasuke refused to leave until he heard it.

Naruto explained that if he and Sasuke do fight again, it may end up with both of them dead. But regardless, if Sasuke truly desired to destroy their home, Naruto would fight him and bare all of his hate and rage for the village. Angrily demanding to know why Naruto would go so far, Sasuke was left speechless when Naruto softly smiled and said "Because… You're my friend." After a banter, Sasuke decided to settle things once and for all in the upcoming Fourth Great Ninja War while making the promise that Naruto would die first. Soon after, Sasuke talked Tobi into implanting Itachi's eyes into him to use the Eternal Mangekyo Sharingan and battle Naruto at his full power. After the surgery, Tobi told Sasuke that it takes a while to get accustomed to the new eyes. However, Sasuke stated he could feel the power of his new eyes, evilly smirking.

## The Fourth Great Ninja War

Recovering from his the surgery, Sasuke tested his new powers from his Eternal Mangekyo Sharingan to destroy White Zetsu before heading out to find Naruto. However, after passing two vacant cities, Sasuke was stopped a White Zetsu platoon and summoned his evolved Susanoo to wipe out all but one long enough to gain feedback on the events. Killing the clone, Sasuke attempts to make his way to Naruto until he sees the reanimated Itachi leaving from the battle field. Learning that his brother was among the numerous ninjas brought back by Kabuto Yakushi, Sasuke attempts to hinder his brother for answers relating their clan. Itachi explains that his true reason for sparing Sasuke was so that he could kill him as penance for slaughtering their kin despite the good intention behind it. However, Itachi was filled with regret because he unknowingly caused Sasuke to become a rogue ninja with full knowledge on what truly occurred. However, Sasuke tells his brother he had no right to decide his path for him.

Though Itachi covered his tracks with a murder of crows, Sasuke trails him to Kabuto, briefly mistaking him for Orochimaru due to his new appearance. Though Kabuto tempts him to help him defeat his brother, Sasuke teams with Itachi to fight their mutual enemy while telling his brother to tell him everything once the fight is over. Throughout the fight, Kabuto preys on Sasuke's desires to see Konoha destroyed but Itachi convinces him not to listen as he admits that he is loyal to the village despite its dark secrets and promises to tell him something vital after the fight ends. Once Kabuto is defeated with Izanami, Sasuke is horrified as Itachi explained his reasons using it so can use his genjutsu to make Kabuto release the Reanimation Jutsu. Voicing his initial apprehension to Itachi's sacrifice, Sasuke reacts angrily to Itachi's statement that he was proud to be able to protect his village and claiming that after all the village had done to Itachi, there was no way he could forgive them. Sasuke is shocked and confused once Itachi answers that it is to help Naruto's desire to change Sasuke.

But seeing he could not change his brother's mind, Sasuke told Itachi that it was because he remembered his time with Itachi that he would not relinquish his want for revenge and bids his brother farewell before he noticed Itachi walking towards him as he explains that both Danzo and Tobi were correct on what happened: he had been given the choice to either die along with his clan or to kill the Uchiha, protecting the village and Sasuke. Itachi reaches Sasuke and puts his hand on the back of Sasuke's head and his forehead on his, telling him that he knows that he can't change Sasuke's mind, but no matter what path he chose, he would love Sasuke forever as his soul departs back to the afterlife.

Soon after, Sasuke started to question what the ninjas and villages were all truly about before being found by Suigetsu and Jugo, who escaped from prison in the Land of Iron and obtain a scroll from Orochimaru's hideout. From what he reads in the scroll, Sasuke resolves to find the answers he needs to know if revenge is truly what he decides. To that end, Sasuke uses Anko's Curse Mark and a piece of Kabuto's altered flesh to revive Orochimaru to take him to the ones who knows everything. These figures are revealed to be the first four Hokage reanimated once their souls are freed from the Reaper Death Seal. Getting confirmation of the true story of the Uchiha Massacre from Hiruzen, Sasuke learns that the events leading to it were set up by Tobirama as he intended to save the Uchiha from their Curse of Hatred. Turning to Hashirama, who voices concern Sasuke will follow in Madara's footsteps, Sasuke learns the story behind Konoha's founding and the conflicts between the First Hokage and Madara, as well as those between the village and the Uchiha clan. After learning the truth, Sasuke had decided go to the battlefield in order to follow in Itachi's footsteps and devote himself to protect Konoha, effectively giving up on revenge and reverting back to his former self before he had defected from Konoha. He also apologized to Karin for his earlier actions. Sasuke joined back up with Naruto and Sakura to assist in fighting the Ten-Tails and Madara, allowing the original Team 7 to effectively be reborn. However, many of his former comrades were shocked and angry at him for suddenly showing up and voiced their distrust in him, but he replied he cared less what they thought of him. Everyone was shocked when Sasuke announced his intention to become Hokage so that he could fix the world's mistakes that he believed were created by the past Hokage. Working together with Naruto, the two were able to defeat Obito and strip him of the tailed beasts, though when he later tried to face Madara Uchiha the latter bested Sasuke without effort. After realizing Sasuke is his descendant, Madara tried appealing to him to join his cause but Sasuke refused and declared his intent to kill him.

After Madara had captured all nine tailed beasts and defeated Tobirama Senju, Sasuke attempted to attack him again from above, only for Madara to suspend him midair and stab Sasuke through the chest with his own sword. Defeated and near fatally wounded, Sasuke was later saved by Kabuto after the latter had broken free from Izanami as a new person, and decided to repay his debts to Itachi by saving Sasuke from dying.

After Sasuke was stabbed by Madara, Sasuke and Naruto, who was also on the verge of death, met The Sage of Six Paths, Hagoromo Ootsutsuki. The Sage of Six Paths told Sasuke that he was the reincarnation of one of his sons, Indra, while Naruto was the reincarnation of the other son, Asura. After learning the history of Indra's previous reincarnations, Sasuke told Hagoromo his goal after the war. Hagoromo approved of Sasuke's mindset, and gave half of his power to Sasuke. After Sasuke acquired Hagoromo's power, he awakened the Rinnegan in his left eye. This Rinnegan is capable of manipulating space and time within a limited area. Sasuke's Rinnegan can also detect previously unseeable beings, like Madara's Limbo clone. Sasuke was also able to slice Madara in half, as half of Madara stayed in the normal dimension, while the other half of Madara had already gone to the Kamui dimension where Obito and Sakura were. Later, Sasuke met up with Kakashi, Naruto and Sakura to discuss their next strategy against Madara. Kakashi asked Sasuke what his plans were after the war, but when Sasuke hesitated to answer, Kakashi said he didn't have to tell them because they had more important matters to deal with. Warning his allies to stand their guard, Sasuke and the rest of the group prepared to fight someone who was returning from the Kamui dimension. This person later turned out to be Madara Uchiha, alongside a now controlled Obito Uchiha. Sasuke and Naruto went in to attack Madara after he stabbed Sakura, but Madara ultimately managed to pull of his goal from the very beginning: Initiating the Moon Eye Plan. After the plan was activated, Sasuke protected Team 7 with his Susanoo so that they didn't fall under the genjutsu. When Sakura asked what was going on, Sasuke replied she didn't need to know because there was nothing she could do. When Naruto and Kakashi criticized him for this, Sasuke said he was taking control of the team and Kakashi agreed that Sasuke was likely the one to save the world due to his Rinnegan. Sasuke and the others later watched as Black Zetsu betrayed Madara.

## Kaguya Otsutsuki Strikes

Black Zetsu's betrayal led to the rebirth of Kaguya Otsutsuki. Kaguya later teleported Sasuke and the rest of Team 7 into another dimension with the ground filled with lava. Sasuke summoned his hawk to save Naruto and himself while completely disregarding Sakura and Kakashi, who was forced to save her and himself. When criticized for this by Naruto, Sasuke told Naruto that the mission came first and saving comrades that were not useful to the mission came last. He further stated he only saved Sakura and Kakashi when the Infinite Tsukuyomi was released because they happened to be by Naruto. This suggests that Sasuke's ideals are now similar to what Kakashi Hatake's ideals were when he was a child. Naruto agreed with Sasuke, only to note that he feels an instinctual need to save his comrades, directly quoting Sasuke when he had saved Naruto in the past. Later, Sasuke went on the offensive and tried to take Kaguya out.

Black Zetsu managed to grab Naruto and Sasuke when Kaguya teleported behind both of them. Black Zetsu revealed the truth to how White Zetsu was formed, and how Kabuto found Madara's body. Naruto and Sasuke managed to free themselves from Black Zetsu's grip, and went on the offensive. Naruto used Sexy Reverse Harem Jutsu in an attempt to distract Kaguya, while Sasuke got ready to seal Kaguya with Naruto. Kaguya realized in time that both of them were attempting to seal her, and warped the dimension they were in into an ice dimension. She teleported Sasuke into a hot and dry desert dimension in an attempt to separate Naruto and Sasuke so that she would not get sealed by their Yin and Yang powers. Sasuke later was found by Sakura and Obito, after Obito used Kamui to try and locate Sasuke in Kaguya's many dimensions. Sasuke rushed to make the opening to Obito and Sakura's dimension in time before the gap between dimensions closed after Obito used up most, if not all of his chakra to do so. Sasuke switched places with Sakura's burnt jacket between dimensions with his Rinnegan, catching Sakura after teleporting. After explaining his ability, he thanked them. Later, Sasuke alongside Obito and Sakura return to the ice dimension where Naruto is fighting Kaguya. Naruto asks Sasuke if he thanked Sakura and Obito for saving him, and in response he tells Naruto to focus more on Kaguya. In response to Sasuke arriving, Kaguya teleports all of them to a dimension which has exceptionally strong gravity, trying to attack Sasuke and Naruto with bones. Kakashi and Obito jump in the way of the impending attack, resulting in Obito's apparent death, and Kakashi watching in shock as Obito uses Kamui to teleport the bone shooting at Kakashi to another dimension. While everyone was distracted by Obito's death, Sasuke teleported behind Kaguya after his Rinnegan was fully usable, and attempted to attack her. He later told Naruto that there was nothing more that he could do for Obito, so he should join him in attacking Kaguya. While Sasuke used himself as a diversion, Naruto cut one of Kaguya's arms off, detaching Black Zetsu from Kaguya. While Sasuke begins pressuring Kaguya, Naruto launches nine separate attacks, each imbued with on of the tailed beasts' chakra. After hitting Kaguya with it, her body becomes unstable, transforming into an amalgamated mass of the tailed beasts. It produced several outstretching hands, sucking up everything it came in contact with. As it approached Sakura, Sasuke tried to use his Susanoo to save her but Kakashi, having inherited Obito's Sharingan powers from the departed spirit, uses his own Susanoo to save Sakura, much to everyone's surprise.

Regaining control of herself, Kaguya then shaped the tailed-beast mass into a giant Truth-Seeking Ball. Kakashi devised a plan and shared it with his students, telling them to be ready for what could be their last mission as a team. As Naruto distracts Kaguya with his clones, Sasuke waits for the opportunity to leap into action. While Kaguya is distracted, Sasuke swaps place with one of Naruto's shadow clones and appears next to Kaguya. As she attempts to escape, Sakura comes from above and knocks Kaguya down, as Naruto and Sasuke finally manage to touch her with their special sun and moon tattoos they received from Hagoromo, preparing to seal away the Rabbit Goddess once and for all.

Immediately upon contact, Sasuke and Naruto begin the ultimate sealing technique: the Six Paths Chibaku Tensei. Kaguya wonders how she, the ancestor of all chakra, could be defeated by mere fragments of chakra, as she reverts back to the Demonic Statue of the Outer Path, and is encased by the landscape, creating an enormous satellite similar in size to the moon. After sealing away Kaguya, the moon tattoo disappears from Sasuke's hand, as the sun tattoo disappears from Naruto's hand, and reappears on the hand of Hagoromo. Relieved that they have defeated Kaguya, they immediately worry about how they will return back to the real world. Suddenly, Team 7 and the tailed beasts are summoned back to earth by Hagoromo and all of the previous Kage. Satisfied, Hagoromo thanks Sasuke and his comrades for saving the world. While everyone celebrates Kaguya's defeat, Sasuke senses some life in Madara, and rushes to eliminate his fallen enemy once and for all. However, he is stopped by Hagoromo, as Hashirama approaches his former comrade. Following Hagoromo's advice, Sasuke listens to Hashirama and Madara's final words to each other, as Madara passes away peacefully and the reanimated Hokage return to the afterlife. As the tailed beasts begin to talk about their future plans now that they are free, Sasuke makes his own intentions known, starting with killing the current five Kage still trapped within Infinite Tsukuyomi.

Sasuke then proceeds to take control of the nine tailed beasts and seal them away within separate Chibaku Tensei, showing that he is now able to utilize the Six Paths Technique. As Kakashi asks if he still simply desires revenge, Sasuke plainly states that what he wants is to recreate the world the way it should be, doing so with revolution. Noting that only Naruto still stands in his way, Sasuke faces his former ally. While Hagoromo sadly looks on to see that once again his children battle each other, Naruto firmly says he will end this feud once and for all. As they were about to leave, Sakura tried once more to get Sasuke to stop and return home by professing her love to him. Sasuke replied she was still annoying and cast a genjutsu of him impaling her chest on her, making her fall unconscious. Kakashi criticized him for this but Sasuke said there was no reason for him and Sakura to love each other. Arriving at the Final Valley, Sasuke explained his definition of Hokage: one must unify the world by be willing to bear all the hatred on himself, and because of Itachi's actions, he believes Itachi fits the title of Hokage. Sasuke further explained if he killed the five kage, the other antions will remained united by focusing their hatred on him and prevent another war. When naruto tried to tell the error in Sasuke's judgment, Sasuke said the only way to start his plan was by killing Naruto - as his best friend and the one person who can stop him - and Naruto's death will not only grant him solitude but a clean slate to the world.

After this, they begin their final clash. Naruto again resists ending it by killing Sasuke, who mocks Naruto for this and tries to push him into taking it seriously. Eventually, Naruto does fight more forcefully but still made it clear he would never kill Sasuke. Once they run out of chakra, they fight each other with taijutsu for an entire day, which leaves them exhausted and badly injured. Sasuke steals Kurama's restored chakra from Naruto and prepared to kill him before Naruto counterattacked him with a punch. Having grown tired of the fighting, Sasuke and Naruto prepared to end the battle with Chidori and Rasengan, which destroys the area and knocks them unconscious. After a while, they wake up and find they have each lost one of their arms (Sasuke lost his left and Naruto his right). Unable to move, they started to talk about their friendship; Sasuke asked Naruto why he would go so far for him, to which Naruto replied they're friends. Sasuke wasn't satisfied and demanded to know what Naruto meant by that, and Naruto said he can feel pain whenever Sasuke is going through a tough time, which leaves Sasuke speechless. After sleeping through the night, they continued talking. Sasuke expressed amusement that Naruto still wanted to fight him in spite of his injuries and Sasuke finally admitted defeat. However, Sasuke doubted the others would forgive him and challenged Naruto what he would do if he decided to come after him again, and Naruto said he didn't believe Sasuke would do that again. Sasuke amended his desire for a revolution by asking Naruto to give his Rinnegan to Kakashi to release the Infinite Tsukuyomi but he wanted to end his life in order to pay his debts to the world. Naruto refused this and vowed to be there for his friend no matter what, which moved Sasuke to tears. Later on, Sakura and Kakashi arrived and Sakura started healing them. Sasuke tried to speak to her, but she told him to be quiet because she needed to concentrate on healing them. Guilt-ridden for what he put her through, Sasuke apologized to Sakura for everything he's done, and Sakura tearfully accepted it. Sasuke and Naruto form a special hand gesture to free everyone from the Infinite Tsukuyomi and release the tailed beasts. As they do so, Sasuke talked about how he always wanted to be friends with Naruto because they had something in common: being kids with no family and starved for love. He also admitted that similar to Itachi, he was always envious of Naruto but credits Naruto for saving him from himself and teaching him the true meaning of a shinobi, and this allows the two to fully reconcile.

After the war, Kakashi, the newly appointed Sixth Hokage, officially pardons Sasuke for his past crimes based on his service in ending the war and a good word from Naruto, and warns Sasuke to keep himself under control. Wanting to see the world with clearer eyes and atone for his past transgressions, Sasuke prepares to leave the village for a journey of redemption. Sakura asked him if she could accompany him, but he declined because she had nothing to do with his sins. However, he promises Sakura that he will return, and shows genuine affection towards her by poking her on the forehead and thanking her before saying goodbye. Sasuke also receives his old forehead protector from Naruto, which he accepts before the two part on good terms.

Me: SASUKE!

Spud: (To Sasuke) Sasuke, you never told us you summoned a Shadow Clone in this battle.

Sasuke: I didn't.

Evil Sasuke: I'm glad you're here J.D. I've waited a long time for this. Now I can get my revenge on you for killing me! I'm surprised to see Naruto the fucking dead last with you.

Naruto: You still are an evil traitor!

Me: And I thought we were done with you for good Sasuke! Last time we saw you, you were reduced to a pile of ashes that blew into the wind.

Naruto: The Masters of Evil brought you back. Am I right about that?

Evil Sasuke: You are correct you loser fuckup and it was really poetic that the Masters of Evil saved me from the humiliation and torture that I've suffered down in the fire of hell! You can never began to imagine the depths of my pain and suffering down there! I was subjected to huge amounts of pain and suffering on an epic scale where I was beaten, slashed, dismembered and mutilated in horrible ways that were beyond human comprehension. They did all kinds of horrible things to me! Instead of getting the power I needed to get my revenge on you and the entire world, I was killed and tortured!

Me: Don't try to pin that on me Sasuke! You betrayed the Leaf and went to Orochimaru to get power to kill your brother! That's why we took your life! It was YOUR choice!

Evil Sasuke: I don't care you fucking cur! That's why you are far too thick-headed to understand anything! Your death is my remedy and I will not stop until I kill you!

Me: I don't know what the Masters of Evil were thinking about bringing you back you fucksack, but I'm gonna send your fucking ass back to hell where it belongs and I'm gonna make sure that you never avenge your clan, ever.

Nico: So that's the evil Sasuke you killed in 150,000 years.

Me: That's him. He hates my guts with a merciless vengeance. I'll face him. You guys handle the rest.

Nico: Right.

I walked up to the evil Sasuke I know from 150,000 years hence.

I snapped my fingers and we were in the clouds of the dark gas giant planet Mexjanxia XII.

---

Planet Mexjanxia XII is a dark gas giant planet located in the Unknown Zone. It is 750 trillion kilometers or 466,028,394,178,000 miles in diameter, making it one of the largest planets in the universe. It is also the most violent, windiest and electrically charged planets in the universe with winds that blow at 25 billion miles per hour and lightning strikes all over the clouds with 950 trillion lightning bolts ever 1/24th of a millionth of a second. The heat near the planets liquid surface is at a whopping 500,000,000˚ Fahrenheit. Bioluminescent creatures inhabit the upper clouds. The planet Mexjanxia XII also a rogue mini-solar system. It has taken lots of asteroids, planets and moons with it on its journey. The heat from planet Mexjanxia XII gives the planets orbiting it heat and nourishment.

---

Nico: WHOA! This planet is wicked!

Lincoln: Wow! The clouds are really dark and scary.

Linka: But loaded with lightning.

Me: They sure are.

Lana: But the creatures here are incredible!

Lola: Amazing!

Laney: Wow. I've never seen a planet like this. It's breathtaking.

Me: Lets get these clods.

We went at Evil Sasuke, Dark Spicer, Mean Screen and Nix.

## Battle 1: EVIL SASUKE

I was facing Evil Sasuke again like I was 150,000 years from now. It was gonna be a battle to remember.

Me: I just don't understand you Sasuke. You had everything you ever wanted in the Leaf and you threw it all away just for some petty revenge. How fucked up in the head and delusional are you?

Evil Sasuke: You took everything away from me you fuckmouth! I was the best and I was the elite and in the end, you were always better than me!

Me: Even after all this time, you just will never learn. 150,000 years has not taught you anything. Even in the fire of Hell. The Uchiha are nothing but a bunch of evil thieves, traitors and cold-blooded murderers with no love for anyone other than themselves. A bunch of selfish, evil sons of bitches and fuckpots. By all accounts I'm glad your brother killed them all.

Evil Sasuke: SHUT YOUR FUCKING TRAP YOU FUCKWIPE!

Me: Make me.

(DOWN WITH THE SICKNESS BY DISTURBED PLAYS)

I then went Super Angel-Ebonwu 100,000 Elemental Phoenix and I was ready to fight him at full power.

Evil Sasuke: WHAT THE FUCK!?

Me: (Divine Voice) **I forgot to tell you that I am far more powerful than ever. I've gotten far stronger and more powerful after I faced you in the Final Valley after the war ended. So come and get me.**

Evil Sasuke: MY PLEASURE!

Evil Sasuke came at me and he punched at me and I dodged his attack and he kicked at me and punched at me more times and he slashed at me with his sword and I blocked his sword and kicked him in the face and I fired a powerful blast of fire at him and it hit him and exploded with incredible power!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Evil Sasuke came at me and I kicked him in the stomach with devastating force and knocked all the air out of him and punched him in the face and sent him flying and I fired a powerful blast of lightning and it electrocuted him all over.

I flew up to him and kicked him in the face and sent him crashing into the barrier that held us up above the clouds.

I then snapped my fingers and me and Sasuke we now fighting on the jungle planet of the Mexjanxia System: Ruiz III.

Evil Sasuke got up and he activated the power of the Sage of the Six Paths that he stole from Madara when we fought him and he fired a massive arrow of Lightning at me! It was evil Sasuke's most powerful technique INDRA'S ARROW!

After absorbing chakra from all nine tailed beasts and using his Complete Body - Susanoo as a vessel, Sasuke creates a longbow and arrow that are infused with lightning-natured chakra. It proved to be extremely powerful, able to match Naruto Uzumaki's Six Paths: Ultra-Big Ball Rasenshuriken despite Lightning Release's inferiority to Wind Release.

Me: **WIND FORCE KAMEHAMEHA!**

I fired a massive Kamehameha Blast made entirely of pure wind at the arrow and it hit the arrow and the blasts exploded with unbelievable power.

***KRAAAAAAAAAAABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOO***

The resulting explosion was so powerful, so massive and so devastating that it shook the entire planet to the very core and it set much of the jungle on fire and incinerated the entire area and there was a massive storm vortex in the air with lightning striking all over the place at an incredible level of power. The ground was upheaved and shaken apart like an asteroid hit the ground and much of the ground was also on fire. Evil Sasuke fell to the ground and he was really infuriated. The entire area was on fire and totally in shambles.

Me: **Impressive attack Sasu-gay, but you are still hopelessly outclassed.**

Evil Sasuke got up and he was looking at me with incredible fury and rage.

Evil Sasuke: (ENRAGED SCREAMING!) DAMN YOU TO FUCKING HELL! (CHAKRA EXPLODES OUT AT AN INCREDIBLE LEVEL!) WHY!? WHY!? IT'S NOT FAIR! HOW ARE YOU SO MUCH MORE POWERFUL THAN ME!? I AM SASUKE UCHIHA! I'M FROM THE STRONGEST CLAN EVER KNOWN! I'M AN ELITE! I AM INVINCIBLE!

Me: **You are nothing compared to my power. I am a god and you are nothing.**

Evil Sasuke was so extremely enraged and infuriated that it was unbelievable! He screamed and he came at me with his sword, insane and completely out of his mind!

Evil Sasuke: (ENRAGED SCREAMING!) (STABBING AT ME AND SLASHING AND PUNCHING AND KICKING AT ME!) YOU FUCKING FUCKHEADED FUCKWEED! YOU WILL PAY FOR THIS! WHY CAN'T YOU JUST DIE JUST THIS FUCKING MINUTE?! DIE! DIE! DIIIIIIEEEEEEEEEEE! AND STAY DEAD! (Laughing insane) Hahahahahahahaha!

Me: **HOLY SHIT! He's out of his fucking mind!**

I punched him in the face and I clashed my sword with his sword and I was clashing with him. I was really clashing with him all over and it was a powerful clash! Sparks were flying all over the place with incredible ferocity and setting more of the jungle all over on fire at an incredible level. I punched him in the face and slashed him in the face. He came back at me and punched and kicked at me!

Evil Sasuke: (Insane anger and maniacal laughter) DIE! DIE! DIE! DIE! DIE! DIIIIIIIIIIIIIIIIIIIIEEEEEEEEEEEEEEEEEEEEEEEEE!

I punched him in the face and sent him flying and he rebounded and I dodged his strike from him and kicked him in the back and sent him crashing into a rock with incredible force.

CRAAASSSSSHHHHH!

Evil Sasuke got up and he was even more enraged!

Evil Sasuke: I HATE YOOOOOOOU!

My aura flared up with incredible intensity!

Me: **You still just won't learn.**

I went at him and punched him in the stomach and dealt a powerful haymaker to his face and kicked him in the back and he substituted and I sensed him behind me using a Chidori and I dodged his jab and grabbed his arm and headbutted him in the back and kicked him in the stomach and sent him flying and I fired a powerful blast of wind at him and blew him into the air and I teleported and elbowed him in the face with devastating force. I then fired a powerful blizzard of crystal shards at him and skewered him all over with them. Evil Sasuke crashed into the ground and I landed by him.

Me: **Just give up Sasu-gay. You can't win and you will never beat me.**

Evil Sasuke: YOU FUCKING FOOL!

I then teleported and put my hand on his head and stripped him of all of his techniques and powers and I made them my own just like I did in the future. When I was done, he was weak and disoriented.

Evil Sasuke: WHAT HAVE YOU DONE TO ME!?

Me: **I stripped you of all of your techniques, powers and chakra and made them my own. You are now just a pathetic normal human. It's over.**

Evil Sasuke: YOU LIE!

Me: **Your energy is decreasing with every blow. In fact you're not even a challenge to me anymore. It just wouldn't be fair for me to keep fighting you. But I'm satisfied now. Your pride has been torn to shreds and your ego has been destroyed. You've challenged and lost to someone who was superior to you in every way and to make it worse, he was just a fucked up cur. Right?**

Evil Sasuke had his own words thrown right back in his face and he was done for.

Me: **It would be completely meaningless to fight you now. You're just too scared and ashamed. Live with the shock and keep it bottled up inside of you. Silently.**

I powered down.

Me: (Normal Voice) Never again will you terrorize the world and my friends and family.

I teleported and went to help Jake Long and everyone else. But then Dark Spicer appeared.

Dark Spicer: It was a complete waste of energy and time having you with us Sasuke! You are not welcome in the Masters of Evil!

Evil Sasuke: No! Don't leave! Help me!

Dark Spicer: (glares at him) Help yourself, you fucking prick. (Shoots his blaster at Evil Sasuke's groin) Everyone else can take it from there.

With that, Dark Spicer turned into Omegawolf and howled, launching himself high into the air and off into the distance.

Evil Sasuke: NNNNNNOOOOOOOOOOOOOOOOOOOOOOOOOOOOO! I HATE YOU J.D.! I FUCKING HATE YOUR MOTHERFUCKING FUCKSHITTING GUTS YOU MOTHERFUCKING CUR!

Evil Sasuke was forever exiled to the planet Ruiz III, forever doomed there as an immortal lone reanimation.

## Battle 2: MEAN SCREEN!

Back on Mexjanxia XII, Nico and the Power Rangers were fighting Mean Screen and they blasted him and punched and kicked him all over and they used their weapons and blasted him all over.

Nico: Mean Screen, you have failed this world!

Tommy Oliver (Zeo): Yeah!

They blasted him all over with powerful laser and energy blasts and then Mean Screen exploded in a powerful fiery explosion and went down into the clouds of Mexjanxia XII and was vaporized in an instant.

Kat Hillard: Good riddance.

Tanya Sloan: Yeah!

## Battle 3: DARK SPICER!

Eddy punched Dark Spicer in the face and William blasted him with blasts of lightning and water and wind and electrocuted him in a powerful storm.

Maria fired a powerful blast of water and drenched him and Eddy fired a powerful blast of light and burned him all over.

Eddy kicked him in the face and knocked him down.

I went to face him.

Dark Spicer: I'm outta here. But J.D. you were right, having an Evil Sasuke put into our ranks was a terrible mistake.

Me: Nice to know that we can agree on something. But next time we fight, there will be no mercy. But thanks again for looking after Lincoln, Clyde, Laney and Lily. That much we owe you on.

Dark Spicer: I guess you can say we're even and I have respect for you.

Me: Same here. But we're still enemies.

Dark Spicer teleported out.

Eddy: Good thing we can agree on that.

## Battle 4: NIX!

We were now facing the Nix. I used my magic to separate Jasmine from her Nix half and Jake Long got her on his back. I punched the Nix in the face and kicked her in the stomach and Laney fired a powerful blast of fire and burned her and Lincoln fired a powerful blast of lightning and electrocuted her all over. Rose was punching and kicking her and blasting her all over with the Huntsclan staff and she slashed the Nix all over the place and Maria fired a powerful blast of water and drenched her and the Mystic Force and Megaforce Rangers were blasting her all over with elemental magic and their weapons and Nico fired a powerful blast of fire energy and burned her all over in a powerful fiery explosion. Luan fired a powerful blast of light and burned her and Leni fired a powerful blast of gravity lightning and the blasts hit her all over and exploded and

Lori fired powerful blasts of wind and blew her all over. Lightning from the planet struck her all over and electrocuted her all over the place. Lana fired a powerful blast of ice lightning and froze her wings in ice and Lola fired a massive blast of fire and burned her all over. Lisa fired a powerful barrage of tech gears and they hit the Nix and exploded with incredible force. Taranee fired a powerful blast of fire and burned the Nix and Hay Lin fired a massive blast of wind and blew her around in a powerful tornado and Megan fired a powerful blast of stars and they hit Nix and exploded all over. Elyon fired a powerful time ray and it caused the Nix to turn into an old lady. Jake Long fired a powerful blast of fire from his mouth and burned the Nix all over.

Me: Time for some teamwork!

Cybertron Scourge: With pleasure boss! CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and 2 more dragon heads popped out and they roared ferociously.

Cybertron Scourge: Witness the 3-Headed Dragon!

Clawful: Let me get some of that action! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into Clawful's right arm device and enhanced his strength and power 100-fold.

Cybertron Scourge and Clawful: FIRE LOBSTER DRAGONPINCH!

Cybertron Scourge fired a powerful blast of fire that merged with Clawful's claws and he pinched the Nix and burned her all over and she screamed in pain!

Swoop: Swoop, ready for action! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his missiles 100-fold.

Irma: Time for the water to cleanse you! CANDRAKAR CYBER KEY POWER!

The Candrakar Cyber Planet Key went into Irma's right arm device and enhanced her water powers 100-fold.

Swoop and Irma: MAELSTROM MISSILE FIRESTORM!

Irma fired a massive barrage of water blasts and Swoop fired a powerful barrage of missiles and they hit Nix and exploded all over the place.

Ben: Time for some powerful Ultimate power!

Ben then turned into Ultimate Way Big!

Ben: ULTIMATE WAY BIG!

Riley: WHOA! That's the biggest alien I've ever seen!

Me: That is an Evolved To'kustar. They are over 500 feet tall and their power is 100 times greater than the normal version.

Riley: That's amazing! What planet are they from?

Shanan: They have no planet of origin. They come from the cosmic clouds of the universe.

Riley: WHOA! That's incredible.

Leanbow: It sure is. Lets get him Ultimate Way Big!

Ultimate Way Big: With pleasure Leanbow.

Ultimate Way Big fired a powerful blast of cosmic energy and Leanbow fired a powerful blast of wolf fire.

Ultimate Way Big and Leanbow: COSMIC WOLF FIREBLAST!

The blasts combined and turned into a deadly blast of fire in the form of a wolf and it hit Nix and exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Nice! Time for some Final Smash power!

Jake Long: I've always wanted to try this out! DRAGON FIRESTORM BLAST!

Jake Long fired a massive blast of dragon fire at the Nix and it hit her and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Rose: You are not welcome in our universe! HUNTSCLAN STAFF SLASH!

Rose slashed the Nix all over with her staff from the Huntsclan.

Lily Loud: Feel the purity of water! COVENTINA WATER MAELSTROM!

Lily fired a powerful blast of water at the Nix and it slammed into it and vaporized it with it's purifying properties and killed it.

Me: Good riddance.

Nico: That Nix has failed this universe.

Megan: It sure has.

Jake Long: That was so awesome!

Me: It sure was Jake. You were amazing!

Jake Long: Thanks J.D. My master Long taught me all I needed to know.

Me: Your master is a great teacher. You learned really well.

Jake Long: (To the viewers) Evil myths beware, because we are all coming for you and making sure you never hurt anyone.

Me: You said it Jake. Lets head home.

We later went back to Earth and we moved Jake Long and his family and friends to Gotham Royal York and we were so excited to have them with us as members of Team Loud Phoenix Storm.

At the estate we were watching TV when I got a call on the holophone.

Me: Oh. Lets see who that is.

To our surprise when I answered it, it was Vypra.

Me: Vypra.

Vypra: Hello J.D. I called because I wanted to tell you that sending an evil Sasuke out to fight you was a mistake.

Me: So we have noticed. We've killed several Evil Sasuke's over the course of 4 years and the one you sent was from when I was in the distant future.

Vypra: Yes that one was the worst. He was giving us a lot of trouble going on about how he was the best and the elite and saying that he needs no one.

Me: I know. Drove me nuts even in the future.

Vypra: Look, I know that we're still going to be fighting each other a lot. But you won't find anymore Evil Sasukes hired by me.

Nico: That's fine. Also, Vanitas is going to fight us in our next mission, isn't he?

Vypra: He is. And he will give you a challenge.

Me: Always ready for anything.

The call ended.

We had to be ready for anything. But Jake Long's enemies are now our enemies.

THE END

Another Fanfic complete and another awesome TV Show done.

American Dragon Jake Long was an awesome series that Nico got me into and it was so cool how Jake Long can turn into a dragon and fight crime and the forces of evil! Dante Basco did a great job voicing him and he is also the voice of Zuko from Avatar the Last Airbender and Tuck from Generator Rex and he also starred as Rufio from Hook in 1991 with Robin Williams and Dustin Hoffman. Thanks for getting me into American Dragon Jake Long man. I hate Sasuke with a terrible vengeance and he is one of the reasons why Naruto is much better without him. He's an arrogant, evil, revenge-obsessed, powerhungry, freak of nature and he deserves only death and the fire of Hell. The next Naruto Villain is Deidara and get ready for an explosive battle with the Mad Bomber of the Akatsuki as we blow much of the place around us while making him pay for his crimes against the Rock. NicoChan11 gave me the ideas for this one. Thanks man. Let me know what you all think. Next up is a chapter for the movie The Ant Bully and we're gonna go see how the wonders of an Ant Colony work as we help the Ants battle an evil exterminator.

See you all tomorrow.

# Into the Awesome World of Ants

We were in the middle of the city and we were there to teach a lesson to the Social Justice Warriors - Stanley and Sandra Practice.

Stanley "Stan" Practice and Sandra Practice (or Mr. and Mrs. Practice) are a pair of one-time villains from the Cartoon Network original series, The Powerpuff Girls, only appearing in the episode "Girls Gone Mild". They are a parody on "Standards and Practices".

Stan and Sandra Practice are characterized very strict couple, who do not want The Powerpuff Girls to fight crime or use their powers, as they believe it is a shining example of the dangerous and senseless violence that happens in their city, as well as being a bad influence on their community's youth. They refuse to acknowledge the fact that The Powerpuff Girls' violence saves their town from even greater and far more deadly threats.

Stanley is voiced by Daran Norris while Sandra is voiced by Susan Blakeslee.

After forming P.A.P.P. - Parents Against Powerpuffs, Stan and Sandra tell Professor Utonium that the girls MUST stop fighting crime by kicks and punches, as they think this might be impressionable to younger kids. They have issued a contract threatening to sue the Professor if the girls don't obey this. In the end, at the brink of destruction brought forward by the Dooks of Doom the Practices tear up their contract, allowing the girls to save the day once again. After the girls saved the day, it is unknown what happened to the Practices but it can be implied that they were saved, they abolished the contract, and they never bothered the girls again.

I grabbed Stan by the shirt and braced him up against the wall.

Me: Who the hell do you think you are denying the right for the Powerpuff Girls to use their powers to save the day!?

Stan Practice: Those girls are a menace to our kids everywhere and that's why we wanted them to stop using their powers!

Me: That is total bullshit!

Maria: You know, the way Stan and Sandra kept making you girls stop fighting crime, you'd think they were sent by Mojo Jojo to put the three of you out of business.

Blossom (Adult): That could be the case.

Me: If you ask me Stan, the real menaces are YOU! You almost destroyed all of Townsville by depriving them of their rights to use their powers!

Nico: Yeah!

Clayface: (to Stan and Sandra) Did it ever occur to you two that if the Powerpuff Girls stopped fighting bad guys, Townsville would've been destroyed?

Stan Practice: Then what would you call a good example for younger children, hmm? Killing villains left and right?! Charging in without a plan?!

Me: Without the Powerpuff Girls, you would all be dead! Just like without us, this whole planet would've been destroyed! You two are a major menace to society!

Nico: YEAH! You two have failed this city!

Laney: I agree.

Lana: You don't care about anyone! You would rather destroy cities and planets all in the name of social justice!

Sandra: Because the Powerpuff Girls are a menace to our children!

Varie punched Sandra in the face and knocked out some of her teeth.

Varie: Don't you dare talk about your heroes like that!

Me: You have no right to even be Social Justice Warriors, let alone citizens of Gotham Royal York!

Later they saw Aqua and Sora talking to each other telepathically.

Sandra: (to Sora and Aqua) Ok, you two are obviously talking to each other telepathically. (to the rest of us) Care to explain to the rest of us what you two friends are talking about?

Molly Molloy: Honestly, we don't have a clue what they're talking about.

Me: I think it's some kind of telepathic bond.

Aqua: It is. We're showing that we can now speak telepathically because of our bond as brother and sister.

Sora: That's right.

G1 Snarl: You, Aqua and Sora can privately speak with each other telepathically and sense each other's emotions as result of sibling bond?

Aqua: That's right.

Me: That's amazing. (To Stan) But as of right now Stan and Sandra, you two are not fit to be in our city!

Officer: I agree.

The police arrived and arrested the Practice's. They were gonna go to the Antarctica Prison for the next 75 to 100 years without parole and they were also ordered to pay $750,287,372,735,827.00 to the Powerpuff Girls.

Hun Gurr: Hey, Sora. Now that the Practices are going away for a long time, what emotions can you sense out of Aqua right now?

Sora: Happiness and Love as brother and sister.

Everyone: Aww.

Nico: So awesome.

Then we smelled a really foul odor in the air.

Me: (Sniffs) OH YUCK! Lori did you just rip one!?

Lori: That wasn't me! It was my shoe!

Lisa: It's not our firstborn eldest sibling that this repugnant odor is coming from.

?: It's coming from me!

We turned and we saw STINKWEED!

---

Stinkweed is the lead character in a series of monster films, portrayed by Vincent Thorne. Thorne eventually got sick of making Stinkweed movies, so he committed robberies while disguised as Stinkweed in an attempt to generate bad publicity for the character and force the studio to stop making Stinkweed movies.

Stinkweed first showed up while the kids were making a movie at the Coolsville Mall. He chased them into an elevator, where they escaped him. They watched from the elevator as he proceeded to commit robberies, starting with the jewelry store. A security guard tried to stop him, but he was repelled by Stinkweed's foul smell. He moved on to the pet shop, driving away the customers and pets and stealing the cash register.

The gang spoke to Vincent Thorne, the actor who played Stinkweed. He hired them to clear his name because everyone thought he was culprit, including the police. They investigated Grady Laurence, a rival of Thorne's who was jealous of him, and found the cash register Stinkweed stole in his motorhome. Vincent called and told them that he found a clue at the movie theater, but when they arrived, they saw him get captured by Stinkweed. The monster chased them into a shoe store, where they tricked him by pretending to be shoe shoppers and lost him.

After a Scooby Snack break, Scooby-Doo picked up a smelly scent, which led the gang straight to Stinkweed, who was making footprints with Grady's shoes. Scooby's cattail allergy caused him to sneeze, alerting Stinkweed to their presence, and a chase ensued. They escaped him by pretending to be mannequins.

The gang set a trap for Stinkweed. They pretended to be filmmakers, and convinced Stinkweed that they were shooting a movie. The intention was to have Scooby swing on a vine and drop a cage on Stinkweed, but it missed, and he caught on to their act. However, Scooby, still swinging on the vine, collided with him and knocked him into a quicksand pit, capturing him anyway. It turned out that the culprit was Vincent Thorne after all, who was tired of making Stinkweed movies and wanted to make Stinkweed look bad by committing the robberies so that he could get out of making more movies. He tried to frame Grady by hiding the cash register he stole in his motorhome and making footprints with Grady's shoes. Thorne was arrested by Jane Thursday, an FBI agent who had been investigating the robberies.

---

Shaggy: ZOINKS! It's Stinkweed!

Me: UCH! I remember this freak! He still smells like puke! His smell was so terrible that it made me hurl my guts out.

Nico: Disgusting!

I put a nose plug on.

Qin: What is he known for?

Me: (Nasally) He was really former disgraced actor Vincent Thorne, who played Stinkweed in the Stinkweed movies. He hated making another Stinkweed movie and he wanted to make Stinkweed look so bad that the studio would stop making movies and he would get out of acting and movie making and he would keep all the money he stole from the mall stores.

Qin: That's terrible!

Me: It was. Vincent Thorne got 40 to 50 years in federal prison for robbery and was ordered to pay $750,000,000 in restitution.

Nico: I remember seeing about that! That was awful. But Vincent Thorne has failed this world.

Me: Yep.

Lola: Then he will burn!

Lola fired a powerful blast of fire and incinerated him into ash.

Me: That's it for Stinkweed.

Later back at the estate, we were watching one of Nico's favorite movies from 2006: The Ant Bully.

---

In Las Vegas, lonely 10-year-old Lucas Nickle (Zach Tyler Eisen) is left with his older sister, Tiffany (Allison Mack), and his grandmother (Lily Tomlin) when his parents go to Puerto Vallarta. Neglected by his family and tormented by a local bully named Steve (Myles Jeffrey) and his friends, Lucas takes out his frustration on an anthill and attacks it with a squirt gun, terrifying the colony. One ant, an eccentric wizard named Zoc (Nicolas Cage), tries to fight back. His girlfriend, a nurse ant named Hova (Julia Roberts) who is fascinated by humans, attempts to communicate with Lucas. He drops his gun on the grass, and kicks the anthill with one of his sneakers, sending the colony flying into the grass. Hova tries to communicate to him, but she is almost crushed before being rescued by Zoc. The leaders of the colony decide to use a potion Zoc has recently created to shrink Lucas down to ant size.

The local exterminator, Stan Beals (Paul Giamatti), convinces Lucas to sign a contract to kill vermin. Later, Zoc and a small troop of ants pour the potion into his ear. He wakes up and discovers that he is now tiny and naked after discovering his underwear being bigger than him, then he falls off his bed, landing on a potato chip. He is carried to the anthill into a world of giant caves, caterpillars, and ants. Zoc insists that he should be studied then eaten, but he is overruled by the Queen (Meryl Streep). She sentences him to hard labor.

Hova volunteers to train Lucas, much to Zoc's mortification. They both learn about the differences between ants and humans. However, when she forces him to forage for jelly beans with Kreela (Regina King) and Fugax (Bruce Campbell), he is unsuccessful. The ants are attacked by tarantula hawk wasps. Lucas finds a firecracker discarded by Steve and uses it to scare the wasps away. This earns him the admiration of all the ants except Zoc.

Lucas is introduced to honeydew, the caterpillars' feces, and he gets sick when he learns where they come from. He is shown a painting which depicts the Great Ant Mother and the evil "Cloud-Breather", an exterminator. Lucas is told that the Great Ant Mother will return and shower the ants with honeydew, while the Cloud-Breather will spell destruction for all of them. He and his friends return to his house, where he tries to cancel Stan's contract but calls a pizza restaurant instead. To make matters worse, Tiffany comes in as a giantess, and tries to crush the ants with the phone as they are forced into hiding until dark.

When Zoc finds out that Lucas put Hova in possible danger, he accuses him of further treachery and tells him that he refuses to give him the antidote, causing him to run away in fright. Upon hearing what happened, Hova becomes angry with Zoc and goes out to look for Lucas. Once she finds him, he is swallowed by a frog. Zoc witnesses the event and realizes how much Hova cares about Lucas, so he frees him to make up for his selfishness. Afterwards, they discuss their differences. Zoc explains that ants work for the benefit of the colony, whilst Lucas states that most humans work for personal gain. Zoc is unsure as to how anything gets accomplished in Lucas' world, but then sympathizes with him when they both admit that they both used to act without thinking.

The next day, when Stan arrives to exterminate the colony, Lucas and Zoc enlist the wasps' aid; at first, the wasps want to eat them, but upon hearing that their hill is being destroyed by Stan, they agree to help. During the battle with Stan, Lucas saves the lives of Hova and an injured wasp. Both the ants and wasps are no match against pesticide, but as Stan is about to exterminate the anthill, a beetle and glowworm bite him in the groin. As he doubles up in pain, Lucas injects him with the shrinking potion, severely disfiguring him, and he retreats on a tricycle.

The Queen pronounces Lucas an ant in honor of his heroic actions, and Zoc gives him the antidote. He returns back to normal size and finally stands up to Steve, who runs away from him and his now-former friends, as he insulted them, making them befriend Lucas and gang up on Steve. Lucas then showers the colony with jelly beans as a parting gift.

---

We were watching the movie and it was not only funny but it was awesome! It showed us that humans and insects working together can achieve magnificent things and it taught us a very valuable lesson: That if you bully people or other things, then you will become a bad bully.

When the movie was done, we cheered wildly.

Me: That was awesome!

Nico: Glad you all liked it.

May: That was a great movie.

Me: It sure was. But it's a shame that those dumb critics ruined it.

Nico: What is wrong with people criticizing good movies?

Me: People just don't have good taste in film.

Laney: Those stupid critics.

Me: We know Laney. They wouldn't know a good movie if it hit them in the face.

Lincoln: I know.

Flik: But that was awesome that those ants and Lucas were able to team up and stop Stan from killing the colony.

Atta: It sure was.

Dot (A Bugs Life): It was an awesome force.

Nico: It sure was. I'm glad that Lucas saw the error of his ways.

Lana: But it was because of that jerk Steve that he became a bully in the first place.

Me: I know.

Varie: Lets go see Lucas and help him out.

Everyone: YEAH!

Jake Long: And I'll do the phoenix cry this time.

Lynn: Jake, we don't do our Phoenix Cries when we meet new heroes.

Jake Long: Sorry. I thought it would make a good impression.

Lynn: (pats him on the back) Just leave the Phoenix Cries to us from now on, ok?

Jake Long: Okay.

We were off to good old Las Vegas, Nevada - Sin City.

---

LAS VEGAS, NEVADA

---

We arrived in a beautiful neighborhood in Summerlin in Las Vegas, Nevada.

Me: Here we are guys. Welcome to Summerlin in Las Vegas.

Lori: Wow! It's amazing here! And the view of the golf course is amazing.

Me: It sure is. But it gets blistering hot here during the Summer. It can get up to 125˚ Fahrenheit here.

Nico: Whew! That is hot.

Lola: No kidding.

Me: Well Las Vegas is out in the middle of the desert. It gets really hot here during the summer.

Lincoln: Wow!

Shaggy: Like, yeah. But the food in Vegas is amazing!

Me: I know Shaggy. The food is phenomenal. After we do our job here, we'll go get some lunch here.

Leni: Totes a good idea J.D.

Lana: Can we go hit the casinos here too!?

We laughed.

Me: We'll see if we have time.

We walked around the neighborhood and it was beautiful and the houses were amazing.

Luna: Wow dude, the houses are incredible.

Luan: They sure are. They House excitement. (Laughs to rimshot) Get it?

Most of us laughed while everyone else groaned.

Me: (Laughs) Good one Luan!

Eddy: (Laughs) That was a good one!

Lily: That was a good one.

Me: But the houses here are amazing.

Laney: They sure are. I wouldn't mind renting a house down here during the winter.

Me: Me neither. But that's okay.

Aylene C.: Yeah.

?: Wow! Team Loud Phoenix Storm!

We then saw Lucas.

Me: You must be Lucas.

Lucas: That's right. It's so awesome to meet you guys! (chuckles sheepishly) Even though I have been cruel to ants in the past.

Me: Nah you learned your lesson. But it was so awesome how you and all the insects teamed up to stop Stan.

Lucas: It sure was. But yeah.

Qin: Who is Stan?

Me: He was that exterminator that Lucas and the ants stopped.

I went over his history.

---

Stanley "Stan" Beals is the main antagonist of the 2006 Warner Bros. computer-animated film The Ant Bully. He is a flagitious exterminator who enjoys his job to a near sadistic level. Stan is also known as "The Cloudbreather" to the ants and "The Cloud" to the wasps.

He was voiced by Paul Giamatti, who also played Marty Wolf in Big Fat Liar, Rhino in The Amazing Spider-Man 2, Karl Hertz in Shoot 'Em Up, Limbo in the 2001 Planet of the Apes film, Chairman Drek in Ratchet & Clank, and Beauty Smith in the 2018 Netflix original White Fang.

Stan Beals is the local bug exterminator near the suburban area of Las Vegas. He first appeared when he arrived at the house of Lucas Nickle (the protagonist of the film), convincing the little boy to sign a contract of letting him exterminate all of the pests around the Nickle residence before leaving. Nickle agreed to it, since he was accidentally stung by the ant hill while being tortured by an abusive bully.

However, Lucas is alone to deal with the ants after they use a potion to shrink him to their size, forcing him to learn about the ways of the ant. After going through so much training, Lucas learns that the ants cannot be as bad as he thought, and that the devil they fear is called the Cloudbreather, which happens to depict a nasty and dangerous bug exterminator. Realizing his mistake, Lucas sneaks back to his house to use the phone to cancel the contract with Stan, but accidentally dials a pizza delivery instead.

The next day, Stan arrives in his van, filled with weapons of pesticide, ready to exterminate the bugs. Lucas apparently convinces several wasps to help the ants fight, but they proved to be no match against Stan's pesticide. However, a beetle and a glowworm managed to go through Stan's pants and bite him in the crotch. This allowed Lucas, his ant friends, and a wasp to inject the shrinking potion onto Stan's rear end, misshaping the bug exterminator. A large swarm of wasps come by to attack, and being unable to get back into his van since he is too small to reach the door handles, Stan fearfully pedals away on a stolen tricycle, vowing revenge. As a reward for saving the bugs, Lucas is grown back to his normal size and resume his life. It is unknown what happened to Stan afterwards.

---

Qin gasped.

Qin: That is nuts!

Lana: I know. Ants are amazing creatures!

Me: And they are one of the most magnificent creatures on this planet like all insects are. Ants have been on this planet for 99 million years ever since the early Cretaceous.

Syd Chang: That is so cool! Ants are awesome!

Nico: They sure are.

Lucas: That's right. But I learned that ants are more amazing on the inside and outside. Zoc and Hova taught me so much about them.

Me: I can tell Lucas. You are an honorary member of their entire colony.

Lucas: I sure am.

Flik: That is so cool!

Atta: You have a hero inside of you for saving the ants.

Lucas: Thank you.

Me: But if Stan is coming back then we have to be ready for him. Lets go see the colony.

Syd Chang: I can stay outside and be a lookout in case he comes back.

Me: Good idea Syd. Clyde can help you with that.

Clyde: Thanks J.D.

Me: Lets check it out.

I snapped my fingers and we shrunk down to the size of the ants and we went into the colony. We saw how amazing it was and it was beautiful.

Me: Wow! What a colony!

Laney: It's breathtaking!

Nico: This is so cool! I've never seen the inside of a real ant colony before.

Lola: It's amazing though.

Lynn: It sure is.

Zoc: Thank you all for coming though. We have a strong feeling that the Cloudbreather is gonna come back.

Me: You mean Stan the Exterminator.

Zoc: Right I always keep forgetting about that. But yes I have that feeling.

Me: We'll gladly help you out with defeating him. We can shrink him down to the size of you guys and we can fight him.

Hova: That's a great idea!

Kreena: It's perfect! We can beat him on our own land and show him the power of humans and ants working as one.

Me: Yep. Just what I was thinking.

?: It'll be the last thing you think of when I blow you up with my art!

Me: Oh shit on me sideways. I haven't heard that voice in 150,000 years. Its been a long time Deidara.

A figure came out and it was the Mad Bomber of The Akatsuki, DEIDARA!

---

Deidara was a villain in the anime and manga series Naruto. He was a rogue ninja from the Village Hidden in the Stones and a member of the Akatsuki. He served as one of the two main antagonist in the Kazekage Rescue arc, a supporting antagonist in the Three-Tails' Appearance arc and the main antagonist in the Itachi Pursuit Mission arc.

Deidara was a ninja from Iwagakure and who was both a pupil of the Third Tsuchikage Onoki and a member of the village's Explosion Corps. Though praised highly for his clay sculptures, Deidara's desire to reach even greater heights in his art resulted with him stealing forbidden jutsu that enables him to infuse chakra into an item. Using clay explosives created by that method to take out his pursuers, and Iwagakure, Deidara found the art he had desired: the Art of a Single Moment. Remembering the first moment whenever he detonated his Explosive Clay since then, Deidara became a rogue ninja and offered his services as a bomber to insurgents in various countries.

Eventually, Deidara was visited by the Akatsuki who wanted his services as they needed a replacement member after Orochimaru defected. Deidara refused at first until he accepts a challenge from Itachi Uchiha on the condition that the Akatsuki let him be if he won. However, Deidara was easily defeated by Itachi's Sharingan and joined the Akatsuki as part of the deal. His ego crushed since then, Deidara carried a murderous loathing for Itachi and the Sharingan for the rest of his life. Partner to Sasori, who followed a polar opposite view on art, Deidara eventually came to enjoy being in Akatsuki despite his reluctance to join the organization, since he gained an opportunity to test his art against strong opponents.

Plot

Accompanied by Sasori, Deidara was to capture the One-Tailed Jinchuriki Gaara. Deidara, although nearly overpowered by Gaara's tremendous power, managed to outsmart him to defeat him by leveraging the lives of the citizens of Sunagakure and then forcing him to use his instant defense, which he had trapped but at the cost of his right arm. By the time he and the other Akatsuki members sealed Shukaku into the Demonic Statue of the Outer Path, Deidara and Sasori waited for Team Kakashi and Chiyo to see their reactions to find them with Gaara's dead body, as Itachi had said that Naruto would be the first to react. Luring Naruto away with Kakashi in pursuit, Deidara ended up losing his other arm and faked his death with a clay clone. After his arms was re-attached by Kakuzu, Deidara was partnered to Tobi whose childish behavior annoyed him to no end as he helped the new member capture Isobu the Three Tails. When Deidara learned that Sasuke Uchiha defeated Orochimaru, Deidara tracked down Sasuke and fought him. Deidara and Sasuke clashed but although Deidara managed to blow off one of Sasuke's wings and nearly kill him more than once, Sasuke ultimately proved to be the superior ninja, using his lightning techniques and Sharingan to neutralize most of Deidara's attacks, even harming his own body but still succeeding in defeating Deidara by rendering his last attempt to hit him with his C4 useless. As Sasuke cornered Deidara only to briefly fall on his knees, Deidara became utterly maddened by Sasuke's utter disregard and underestimation of his art and turned himself into a suicide bomb to take Sasuke out with him. However, Sasuke survived using Manda as a shield and teleporting Manda and himself out, with the attack only injuring but not killing Sasuke.

Deidara was later reanimated by Kabuto Yakushi, aiding him in his attack on Tonika Village and later going after Naruto and Killer B before Deidara ends up fighting his former mentor and his bodyguards. He was later paired up with Sasori on the Surprise Attack and Diversion Platoon as the Fourth Great Ninja War commences as he can Sasori combine their talents to carry living puppet bombs out of Allied ninja they captured and even some on their own. Eventually, Deidara is captured and taken into the custody of the Fifth Division. While held captive, Deidara is livid to learn of Sasuke's survival before managing to escape thanks to the White Zetsu Army infiltrating the Fifth Division. With the entire Fifth Division in pursuit, with only a sword that he uses as makeshift ground rod, Deidara is forced to use guerrilla tactics to evade them while gathering clay. Eventually, Deidara is recaptured within Black Ant after falling prey to Kurotsuchi posing as Sasuke to lure him into a trap. Still demanding that they release him before he exploded, he told Kankurō that in art there was no such things as duds before being taken by surprise by the release of Reanimation Jutsu, Deidara returns to the afterlife.

---

Deidara: I'm flattered that you still remember me J.D.

Me: I still haven't forgotten what you were doing when I fought you Deidara.

Qin: Who is he?

Me: That's Deidara. He was once a member of the Hidden Rock's Explosion Corps and he was taught under Onoki the 3rd Tsuchikage. He's one fucked up piece of motherfucking shit. He is insane and he things his explosions are a work of art. He stole a deadly forbidden jutsu from the Hidden Rock and he annihilated 75% of the entire village because of it.

Qin gasped in horror.

Me: And I still haven't forgotten what you were gonna do when I left you there to die Deidara.

FLASHBACK - 150,000 years Hence

I was facing Deidara on a solo mission and I had him right where I wanted him. I had my Sharingan activated. Deidara was beaten up really bad thanks to me. I destroyed him all over with my own version of his art.

Deidara: Are you still calm? Shouldn't you be worried at least a little?

Me: Oh I'm not the one who should be worried. It's you who should be worried when I send you to hell.

Deidara: Dream on! You're about to be killed by my art.

Me: Fuck you.

Deidara laughed at me.

Me: What's so funny?

Deidara: (ENRAGED SCREAMING) THAT IS WHAT ANNOYS ME THE MOST ABOUT BOTH YOU, THE UCHIHA AND YOUR VILLAGE! YOU THINK YOU'RE JUST SO COOL!

Deidara was looking at me with extreme rage and hatred.

Deidara: THOSE EYES! THOSE OVERCONFIDENT EYES MAKE ME SO SICK! YOUR EYES ALWAYS JUDGING ME AND MY ART, I'LL NEVER FORGIVE THEM FOR THAT! YOU HAVE

ABSOLUTELY NO RESPECT FOR MY ART! I CAN TELL THAT YOU DON'T! I CAN NEVER FORGIVE THOSE EYES! THEY JUST IGNORE MY ART! (PANTS IN RAGE!)

Me: Then my eyes will continue to haunt your motherfucking ass when I send you to hell.

I flipped the bird at him.

Deidara was enraged when he saw me do that and the arteries in his eyes showed and that meant that he was out of his fucking mind.

Deidara: Do you really take me that lightly!?

He ripped off his shirt and pulled stitching off of his chest and revealed that he had a mouth on it and he fed it clay.

Me: What the fuck!?

His veins showed all over his body.

Deidara: This is my ultimate art… ! This time I will detonate myself!

Me: You're completely out of your fucking mind!

Deidara: In death, I will become art itself. No one's ever seen an explosion like this, One that shall leave behind a scar on very earth itself. And then… ! I'll receive more admiration for my art than anyone has ever seen before! But While I will be admired, you'll most definitely be dead! This explosion that will cover ten-kilometer radius! You won't be able to run away from this one!

Me: 10 Kilometers! That's 7 miles!

Deidara: Tremble, be afraid, recoil in despair, cower in awe! And cry your heart out, because my art…

Me: Is an explosion. Yeah yeah yeah, I've heard it a million fucking times. Burn in Hell, Deidara you motherfucking son of a fucking bitch and may the devil eat you forever.

I flipped the bird at him and flared up my aura and flew away faster than a bullet fired from a gun.

Then Deidara exploded as I got away from it.

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so massive and so powerful that it was unbelievable! It was his C0 attack.

The highest form of Deidara's explosive clay (his "Ultimate Art" (究極芸術, Kyūkyoku Geijutsu)), C0 is a suicide-bomb technique used as a last resort. Deidara reveals a mouth on his chest, which is stitched up. After undoing the stitches, Deidara feeds it a large ball of clay. The mouth on his chest has a direct connection to his heart so a large amount of chakra is built up. It then kneads chakra directly from the meridians of the heart and keeps doing it without interruption until the moment of the explosion. His explosive chakra then manifests itself in his veins, flowing through his body. These "veins" then condense into a sphere that slowly cracks open and detonates, producing a unique explosion that covers a ten kilometre blast radius.

The shape of the explosion bears a resemblance to Tarō Okamoto's Tower of the Sun.

Luckily I got away just in time.

FLASHBACK ENDS

Qin: WHOA! Talk about a narrow escape.

Me: Yep. In the end he blew himself up all for nothing.

Deidara: Then I will kill you again!

?: I'll help you too.

A figure came out and it was JELLYFISH WARRIOR from episode 47 of Mighty Morphin Power Rangers!

Jellyfish warrior was created by Finster. Rita sent him to the Earth to simply destroy the Rangers without any plan. Jellyfish Warrior could fire the acid from his left arm, that could harm even morphers and from right energy beams. Jellyfish Warrior was powerful opponent for rangers. He could teleport and even made the Rangers retreat. Then he summoned the squad of Super Putties. He also wielded a umbrella shield and teleported the Rangers to the other dimension. In his dimension, Jellyfish Warrior was intangible and Rangers couldn't harm him. Billy told that the shoot from Power Blaster will return them to the Earth. They did it and returned. Plus, Jellyfish Warrior suddenly was weakened and Zack took him down with a single slash of his axe. Rita enlarged him so the Rangers summoned thier Zords. The Jellyfish Warrior was blasted by the Dinozords but deflected the blasts with his umbrella so they formed the Megazord. The monster very easily overwhelmed the Rangers but they quicklyh summoned the Power Sword and threw him to the ground before taking him down once and for all with the energised weapon.

---

Billy Cranston: Jellyfish Warrior!

Jellyfish Warrior: Its been a long time Rangers!

Me: I remember this guy! He was sent to destroy the rangers without a plan!

Trini Kwan: That's right.

Jellyfish Warrior: You've been watching us on TV huh?

Me: We sure have.

Jellyfish Warrior: (to Lily) By the time I'm done with you, you'll never want to go near a jellyfish ever again!

Lily: We'll see about that.

Vanitas then appeared.

Ven: Vanitas. Vypra told us you would attack us next.

Vanitas: Well, since that exterminator is bigger then you all at the moment, I figured that you could use opponents that are the same size as you.

William: You didn't bring any Evil Sasuke with you, did you?

Vanitas: Of course not! Those plans involving the Evil Sasuke's are scrapped now.

Me: Thank goodness. I'll face Deidara.

Lily: I'll face the Jellyfish Warrior.

Spiderman: I'll take on Vanitas. You guys take care of the exterminator.

Troy: Time for the exterminator to become the exterminated.

Megaforce Rangers (except Orion): Legendary Ranger Mode: Starforce Pentasquad!

Orion: Legendary Ranger Mode: Mighty Morphin White!

The Megaforce Power Rangers turned into the 5 Star Squadron Great Rangers from 1991.

Me: We'll take the fight to another planet just in case.

Jellyfish Warrior: You sure you want to take us to another planet? The poor ants probably won't survive there.

Ladybug: He's right. I can always use Miraculous Ladybug to fix any damage done to the colony.

Me: Don't worry about that. Syd Chang is watching them outside.

I snapped my fingers and we were on the planet Ataborneo.

---

Planet Ataborneo is a strange world. It is located in the Unknown Zone and it has two sides to it. One side is covered in dense rainforest and jungles and the other is super cold and dry desert. It is named after the Atacama Desert in Chile and the Borneo Rainforest in Indonesia. It is locked in Synchronous Rotation and the desert part is always in darkness and the jungle is always facing its parent red dwarf star. The jungles have lots of life and the desert barely has any life at all.

---

We were on the border of the planet Ataborneo's desert and jungle.

Lola: Wow! This planet is amazing!

Nico: It sure is. I've never seen a planet like this.

Nico flew up and on one side he saw a massive jungle that stretched on for miles with plants and all kinds of flora covering everything and on the other side was a massive desert that stretched for miles.

Nico: WHOA! This is amazing!

Nico landed.

Deidara: So you all picked this planet to be killed by my art.

Me: You are the one that is going to die again Deidara. Lets get them.

We went at them.

---

Battle 1: J.D. Knudson VS Deidara

---

I was facing Deidara and it was gonna be one explosive battle.

Me: You will pay for your crimes just like you did when I faced you 150,000 years from now.

Deidara: You should be afraid of me and my art.

Me: Fuck you and your art and for the record, I'm not the same person you faced in the future. I've gotten far more powerful than ever.

I then flared up my power and then I transformed into my Super Angel-Ebonwu 100,000 Elemental Phoenix Form.

Deidara: What the fuck!?

Me: (Divine Voice) **Now you will face the true depths of my power.**

I flew faster than a laser and punched him in the face with devastating force and I fired a powerful fireball and it hit Deidara and exploded.

KRABBBOOOOOOOOOOOOOMMM!

Deidara flew on his bird of clay and he threw a bunch of owls made of clay at me and I fired a powerful blast of wind and cut them up and they exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOMMM!
KRABBBBBBOOOOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM

I fired massive blasts of fire and Deidara fired powerful wings of fire and the blasts of fire collided and they hit the clay and they exploded.

KRABBBBOOOOOOOOOOOOOOOMMM!
KRABBBBBOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBOOOOOOOOOOOOMMMM!
KRRAAAABOOOOOOOOOOOOOOOOMMMM!
KRABBBBBBBBOOOOOOOOOOOOOMMMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOM
KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOMMMM!
KRRRAAAABBBBOOOOOOOOOOOOOOOOMMMMM!
KRABBBOOOOOOOOOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOMMM!

Fire embers and debris rained down from the explosions and set much of the land on fire and it was intense. Deidara fired a bunch of snakes made of clay at me and they wrapped around me and I flared up an aura of lightning and neutralized them. I punched Deidara in the stomach and kicked him in the face. I punched him in the face and stomach numerous times and kicked him in the chest and I fired a powerful blast of lightning and it went into his right hand mouth and it overloaded his hand and blew it open from the inside and blew his whole right hand off.

Me: **You still haven't changed at all Deidara. Even after all that time in hell, you still haven't learned anything except only how to destroy. One would think a man with your kind of experience would learn how to just stop, give up and walk away you blond hair gay bitch. In all honesty I don't know what Lord Onoki was thinking when he was training you. Letting a mentally unstable fuckpot like you be a member of the Rock's Explosion Corps is beyond me. Just look at you, you are nothing but a fucked up freak of nature.**

Deidara then went at me while bleeding profusely and he punched and kicked at me and I dodged all of his strikes like they were nothing. I kicked him in the face and pushed him back.

Me: **EXPLOSION STYLE: LANDMINE FIST!**

After establishing direct contact with their opponent through a simple punch, the user utilises Explosion Release to subsequently generate an enormous explosion from the opponent's insides. This explosion is powerful enough to completely obliterate an opponent far larger than the user. Due to the directionality of the blast, the user minimises any potential repercussions, such as being struck by resultant debris and even recoil appears to be completely negated.

I punched Deidara and a massive explosion blew Deidara far and sent him crashing into a rock. He got up. He sent a massive armada of spiders and birds and creatures made of his clay and I ran fast as they were exploding and I fired a massive barrage of fire and lightning and earth blasts as well as powerful atomic energy blasts and they were blowing much of the landscape apart in powerful and deadly explosions. The explosions were decimating the desert landscape around us all over.

---

The explosions were going all over the planet like wildfire and more. It was a massive war zone! The landscape of the desert had massive flaming embers all over and it was all on fire.

When we stopped, Deidara was panting hard and he was getting weaker and weaker because of using so much chakra all at once. I on the other hand wasn't in the least bit exhausted.

Me: **It's over Deidara. You're finished.**

Deidara: I am far from finished!

Me: **There's no point in continuing this fight. You're too weak to do anything.**

Deidara: I will not die until you die with me!

He ripped off his shirt and unstitched a seal on his chest and it was another mouth and he fed it clay.

Me: **Not this time!**

I fired a powerful blast of energy into his chest mouth and it overloaded him and he exploded in a massive explosion of blood and guts and he was splattered all over the place as a massive pile of blood mist. Killing him instantly.

Deidara's spirit then appeared.

Me: **Hell is just too good for you Deidara. It's better if you weren't born at all.**

I held out my hand to him.

Me: **HAKAI!**

Deidara glowed purple and he was being obliterated in an instant as he was screaming in pain. Then he was gone forever as if he was never born at all.

Me: **Sorry old friend, but you brought all this on yourself.**

I went to help everyone else.

---

BATTLE 2: Lily VS Jellyfish Warrior.

---

Lily was facing the Jellyfish Warrior.

Lily: I'm not afraid of you. You are gonna be dead like you were on TV. Owla! Spread my Wings!

Lily turned into Night Owl!

Lily: The Owl will make you his dinner.

Jellyfish Warrior: (Taunting) Ooh. I'm so scared!

Lily: You should be.

Lily flew at the Jellyfish Warrior and kicked him in the face and punched him in the head and punched him in the stomach and she slashed him all over with her Star Sword and fired powerful energy blasts at him and they hit him and exploded. The Jellyfish Monster then exploded all over the place in a massive explosion of fire!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Lily: You give jellyfish everywhere a really bad name.

Lily won.

---

Battle 3: Spiderman VS Vanitas

---

Spiderman was facing Vanitas. Spiderman went at him and punched him and fired a powerful web blast. Vanitas flared up a powerful amount of fire and broke free of the web. Vanitas fired powerful blasts of fire and Spiderman with his spider sense dodged all his blasts and he swooped in and kicked him in the face and punched him in the stomach and kicked him in the chest and back. Spiderman then punched him in the crotch and kicked him in the nose and broke it. Vanitas fired powerful blasts of fire at him and Spiderman dodged them and Vanitas jumped into the air and Spiderman jumped high and kicked him in the back and landed on his back and punched him all over in the back of the head. He then landed a powerful punch to his face and kicked him in the chest and knocked him down.

Spiderman: Thanks for the good workout, Vanny!

Vanitas: Joke now, Parker. But you've just made a powerful archenemy today! And trust me. You will definitely need those with most of your main enemies out action. (leaves through a dark portal)

Spiderman: I have that to look forward to.

---

We regrouped and we were back in the colony.

Me: That's that. But we still have the exterminator to take care of.

Syd Chang then made a Loon Call outside.

Me: That's a loon call! The exterminator is here!

Beast Wars Inferno: We will protect the good of the colony! Inferno, TERRORIZE!

Inferno transformed.

Flik: This is for ants everywhere!

Me: Lets get him!

Lucas: This is gonna be awesome!

Zoc: PREPARE FOR BATTLE!

We were ready for anything!

We went outside and we saw STAN BEALS!

Lana: That's him! Stan Beals!

Lucas: We won't let him get his hands on the colony.

Me: Lets get him!

Syd: We won't let you hurt these ants!

Stan: C'mon! You're really gonna hurt me for doing my job?

Syd: Yeah we are!

We went at Stan and Syd punched him in the face with incredible force and she formed a plant sword and slashed him with it and the acid from the blade burned him and Clyde kicked him all over with a flying flurry of kicks. I fired a powerful blast of energy at him and it hit his face and exploded. Burning him. Lincoln and Linka fired a powerful blast of lightning and electrocuted him all over and Nico fired a powerful blast of lightning and electrocuted him and then he fired a powerful blasts of fire at him and burned him in powerful explosions. Lori blew him around with powerful blast of wind and Luna and Lily fired powerful blasts of water at him and drenched him all over and Oceanus Shenron fired powerful wind energy blasts at him and they hit him all over and blew him all over the place in powerful explosions. Laney entangled him in powerful bramble vines and they squeezed him and crushed him and Lynn fired a blast of lava into his eyes and burned him. Inferno fired energy blasts at him from his blaster and they hit him and exploded. Lisa threw powerful chemical bombs at him and they hit him and exploded all over and Dexter fired powerful blast of energy from ion laser blasters and they hit Stan and exploded all over. The wasps and hornets stung him all over the place. Gypsy fired a powerful blast of energy from her wings and Mothra fired powerful rainbow lasers from her antennae and the blasts hit Stan and exploded all over. Carol fired a powerful focused blast of atomic energy with Shin Godzilla's atomic breath from her hands and they cut the pesticide tank and caused it to explode in a massive fireball.

Ben: Here's a new Ultimate form!

Ben then turned into a new Ultimate form. It was Ultimate Water Hazard! He had a much bigger carapace body, big lobster claw hands as well as six legs coming out of his chest.

Ben: ULTIMATE WATER HAZARD!

Me: Whoa! An Evolved Orishan!

Shanan: Incredible! I've never seen an evolved Orishan before.

Riley: Incredible,

Ultimate Water Hazard: Watch what it can do.

He fired a massively powerful blast if water at Stan and drenched him all over from head to toe. He was completely soaked to the marrow.

Me: Time for some teamwork!

Hun Gurr: You got it boss! CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and enhanced his sonic stun gun 100-fold.

Clayface: This guy picked the wrong people to face. GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into his right arm device and enhanced his powers 100-fold.

Hun Gurr and Clayface: SONIC STUN HAMMER SLAM!

Clayface turned his arm into a huge hammer and Hun Gurr fired his sonic stun gun and the blast merged with it and Clayface slammed his hammer onto Stan's foot with a very sickening crunch!

CLANG! CRUNCH!

Stan screamed in pain as he was hopping around like a little girl.

G1 Snarl: Me, Snarl, ready! CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and enhanced his strength and tail power 100-fold.

Molly Molloy: Time for some plant pain! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into her right arm device and enhanced her planet powers 100-fold.

Molly Molloy and G1 Snarl: SUPER PLANT HAMMER SMASH!

Molly formed a huge plant hammer and she and Snarl slammed it on his foot and it broke it with incredible force.

CLANG! CRUNCH!

Stan: OOOOOOOOOOOWWWWW!

Nico: Thats gotta hurt!

Me: Time for some Final Smash power!

Lisa: Right! PERIODIC TABLE SPIRIT STRIKE!

Lisa fired a powerful blast of rainbow energy and it formed into the symbols of the Periodic Table and it slammed into Stan and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOMMMM!

Dexter: Never terrorize the world of insects again! NEUROTOMIC

POWER BLAST!

Dexter fired a powerful blast of green energy and it hit Stan and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM!

Beast Wars Inferno: Time for you to burn! FIRESTORM BLASTER STRIKE!

Beast Wars Inferno fired a powerful blast of fire from his blaster and it hit Stan and set him on fire.

Flik: This is for all ants everywhere! DANDELION POWDER BURN SNEEZE!

Flik fired a powerful cloud of dandelion seeds and they hit Stan and covered him. He was sneezing like there was no tomorrow.

Dot (A Bugs Life): TO INFINITY AND BEYOND!

Buzz: Hey that's my line!

Dot: Sorry I couldn't resist. SEED PLANT PULVERIZER!

Dot fired a powerful cloud of seeds and they buried Stan in seeds.

Atta: Time for this queen to fly and strike! BIRDSTRIKE MEGA PECK STORM!

Atta did an amazing bird call and millions of birds from all over pecked Stan and it really hurt him.

Lucas: You are not welcome in the world of our insect friends! SUPER INSECT MEGABLAST!

Lucas, the ants and Insects fired a massive blast of energy and it hit Stan and exploded with incredible power.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion sent Stan crashing into a fire hydrant.

Me: Nice!

Nico: Stan Beals you have failed this world!

We returned to our normal size and we had won.

Lucas: Awesome! (To the viewers) It was so cool helping Team Loud Phoenix Storm and my friends in the ant world.

Me: It sure was. You were awesome Lucas.

Lucas: Thanks J.D. One more thing to take care of though.

Lucas was in the backyard and then Steve came.

Steve: There you are. We've been looking for you. I think someone's overdue for a dogpile!

Lucas: How about you leave me alone Steve!?

Steve: And what are you gonna do about it? I'm big and you're small.

We appeared behind him and I tapped him on the shoulder.

Me: You may want to rephrase that Little Man. (Cracks Knuckles)

Nico: Unless you want us to pulverize you into pulp.

Sakura Haruno then gave Steve an atomic wedgie and he screamed like a little girl. Steve then ran away crying home.

Me: Yeah you'd better run!

Lucas: That was so awesome!

Me: Thanks Lucas. Just remember that you have a good heart no matter what anyone else says.

Lucas: I will J.D. Thank you so much.

Me: Anytime buddy.

We went back home to the estate. Stan Beats was declared insane after that intense beating and he was committed to the Saturn Insane Asylum.

THE END

Another Fanfiction and Awesome Movie complete.

The Ant Bully from 2006 was an awesome movie! It was both funny, awesome and action packed! It was awesome! It was an awesome example of humans and insects working together. Deidara was one screwed up freak of nature and I'm glad he's dead. Next up is a dark version of Konan and we're gonna be in for one helluva fight with the paper angel of the Rain. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you think. Next up is Valentines Day and buckle your seatbelts because we're going to do the Most Dangerous Race in the world from that 3 Part Episode of Speed Racer. We're going to do the Alpine Race and that is gonna be one helluva dangerous race! Dark Cupid is gonna make a surprise return to ruin it!

See you all tomorrow.

# The Worlds Most Dangerous Race

HAPPY VALENTINES DAY 2020 EVERYONE!

---

We were in an awesome new and amazing limousine going down the street to Coolsville.

Poromon, Poliwag, Horsea, and Manaphy: HAPPY VALENTINE'S DAY, EVERYBODY!

Me: Same to you four as well.

I kissed Varie, Talia, Celica and Xerneas. Same with Lincoln, Ronnie Anne, Earth, Lilly, Paige, Sam, Clover and Alex, and Ariel's sisters.

Luna and Sam kissed, Carol and Vince, Star Butterfly and Marco, Sora and Kairi did as well and so did Aqua and Ventus. Bobby and Lori kissed too and so did Syd Chang and Clyde. Same with Naruto and his wives as well.

Nico: This is gonna be so cool going to Daphne's mansion.

Blade Man: So, Nico. How did you and Qin first meet?

Nico: That was an awesome story. We met back we were in 2nd Grade in New Jersey.

FLASHBACK - New Jersey.

Nico at 8 years old was walking in the park in New Jersey.

Past Nico: It sure is a beautiful day.

?: Hey you little twerp! Give me all of your money or you this will be your last day alive!

Nico saw a big punk girl and her friends picking on Qin as she was 7 years old.

Past Qin: I don't have any money! Leave me alone!

Girl bully: Well then say your prayers you little runt!

Nico went up to the girl bully!

Past Nico: HEY!

Nico was ready to fight.

Past Nico: You leave that girl alone!

Girl Bully: Oh yeah? And what are you gonna do about it!?

Past Nico fired an energy blast and it hit the ground and exploded under the girl bullies feet

KRABBBBOOOOOOOOOOOOOOOMMMM!

The explosion sent them flying and they hit a tree! Knocking them out.

Past Nico: Stupid vultures. You have failed this city. (To Past Qin) Are you alright?

Past Qin: That was so cool! Thank you so much!

Past Nico: It was no problem. Just happened to be in the right place at the right time.

Past Qin: Thank goodness you were. How did you do that?

Past Nico: I have all kinds of amazing powers. My name is Nicolas Chan. But you can call me Nico.

Past Qin: I'm Qin Cheng. It's a pleasure to meet you.

She then saw his monkey tail.

Past Qin: Your monkey tail is amazing! Whoa!

Past Nico: Oh yeah. I've had it with me since I was a baby. I'm actually what's called a Saiyan. My race are warriors from the planet Vegeta and we were known as the most feared race in the universe. But I'm trying to get my race back on the path of good here on Earth.

Past Qin: That is amazing! Wow!

Nico: (Narrating) **Ever since I saved her from bullies that day, me and Qin were very close as siblings since the 2nd Grade. I've been like a guardian angel for her ever since and a really good friend.**

Flashback shows Nico protecting Qin from all kinds of bullies and making sure that they don't touch her and he was helping her with all kinds of things at school. Also it shows how he was doing fun things with her like flying and showing her how to defend herself. It was very fruitful and very awesome.

FLASHBACK ENDS

Nico: That's how we met.

Me: Wow! I always wondered how you two met Nico.

Layla: That was really nice of you to save Qin from those bullies.

Nico: Thanks Layla.

Bloom: You and Qin are strong friends and siblings.

Nico: We sure are.

The Transformers were both flying and driving beside us.

We arrived in Coolsville and we saw Daphne's awesome house and it was as massive and beautiful as I remember. We pulled up to the front door and the door to the car was opened and the Red Carpet rolled out.

We got out and we saw the mansion.

Nico: WHOA!

Thundercracker: Man, this is a nice mansion.

Me: It sure is. It's just as beautiful and amazing as I remember.

Daphne Blake: Last time you guys were at my house was when we were dealing with the Ghost of Chef Pierre Goulash.

Me: Boy how can I forget that.

Lincoln: But this mansion is amazing and beautiful.

Laney: Hey who are those guys over there?

We saw a bunch of burglars and they were trying to break into the mansion.

Me: Oh those are all the local burglars. They try to break into the Blake Mansion.

The security system grabbed one and kicked him into a police.

Me: Luckily the security system makes sure they don't get in.

Nico: That's awesome!

Me: How about we round them all up?

Nico: Lets do it.

We went to the burglars and we cracked our knuckles.

G1 Silverbolt: (to the Burglers) Since we're in a good mood right now, we're giving you a 5 minute headstart.

Burgler: Really?

G1 Silverbolt: (smirks) Minutes. Seconds. You know how bad we are at math sometimes.

Me: But to shorten it, we'll make it right now.

We went at them and tied them up and kicked them into the van.

Daphne Blake: Nice!

We went into the mansion and we saw that it was just as beautiful as I remember. We were amazed.

Me: Boy Daphne, your house is just as amazing as I remember.

Daphne Blake: Thanks J.D.

Then Daphne's parents arrived.

Mr. Blake: Well J.D. it's good to see you again.

Me: Long time no see Mr. and Mrs. Blake. How have you all been?

Mrs. Blake: Still amazing as always.

Mr. Blake: And still helping people and making money.

Me: I can see that.

Nico: It's a pleasure to meet you Mr. and Mrs. Blake. Daphne told us so much about you all.

Mrs. Blake: Same to you Nico.

We were talking about all kinds of things.

* * *

Later back at the estate, we were watching TV and then the Racing Channel came on.

Me: Hey it's the racing channel.

Nico: Oh boy! Lets see what's going on today.

Billy Natson: Heydie ho racing fans! Today we have quite a racing treat for you today. I'm coming to you live from the Alps over in Switzerland and here is the most incredible race ever known to the world: The Alpine Race!

I gasped when I heard that race name!

Lori: What's wrong J.D.?

Me: The Alpine Race. I've heard so much about this kind of race. This is the most Dangerous Race in the world and people die in this kind of race.

Everyone gasped!

Nico: Are you serious J.D.!?

Me: I'm dead serious Nico. This race is so dangerous that hardly anyone ever makes it to tell the tale. But there are a couple that made it to the end. Speed Racer is one of them.

Lincoln: Whoa! That's incredible!

Nico: If Speed Racer can do it, then you can do it too.

Me: Thanks Nico. Sign me up! I'm entering that race. If Speed Racer can do it, then so can I. I watched Speed win that race years ago and he barely made it out of there. But I'm doing it too!

Everyone cheered wildly for me.

Laney: Wait J.D.! I've heard that the ruthless Car Acrobatic Team is entering that race.

Nico: Whoa! I've heard about the Car Acrobatic Team. They are a ruthless band of daredevil racers that are said to have never lost a race until Speed beat them in the same race we saw on TV. Snake Oiler was one of them and he lost big time. They vowed to get revenge on Speed.

Nico went over Snake Oiler's history.

---

Snake Oiler is an antagonist in Speed Racer. In the 2008 Speed Racer movie, he is played by Christian Oliver.

The Car Acrobatic Team (or the Car Acrobats) is one of the original set of characters that appeared both in the manga and in the anime.

The 16 racers' (automobiles numbered 11 through 26) uniforms are embroidered with a letter from the English alphabet. All of the cars in the team, except for number 11, look the same in appearance, with purple and black accents. The cars also act similarly in function. The cars sprout wings from both sides, making them capable of traversing large gaps and gorges. The most notable of the team are Captain Terror and Snake Oiler (the latter being a character exclusive to the anime). It should also be noted that the initials of the Car Acrobatic Team form the word, CAT, an agile and acrobatic animal. Captain Terror is the leader of the Car Acrobatic Team, is shown as an arrogant racing car driver in the manga, sabotaging races for his own benefit. His arrogance gets the best of him, and he ends being humilated when his team member Snake Oiler got severely injured in an explosion after not heeding Speed's warning about his car leaking oil in the dangerous Alpine Race. He has a "Z" embroidered on his racing uniform, and has a face of skeletal features and a lone feather atop his helmet. He drives the number 11 car, the only car different in appearance to the rest of the Car Acrobatic team. In the anime, Captain Terror's character exists, but his original attitude in the manga had formed a new character for the anime, Snake Oiler, a hothead racer, eager to win. Embroidered with an "S" on his uniform and tinted visor on his striped helmet, Snake Oiler drives the number 12 car, similar in appearance to the other cars in the Car Acrobatic Team. The role Captain Terror had in the manga was lifted on to the Snake Oiler character, therefore Captain Terror's role in the Alpine Race was replaced with Snake. Although Snake didn't exist in the original manga, he was more notable in the West due to his appearance in the anime. In the live action movie, Snake has completely changed in appearance. He is no longer part of the Car Acrobatic Team as it never existed in the film's timeline. However, in homage to the Car Acrobatic Team, Snake is leader of his own racing team, named "Hydra-Cell". He wears large shades and sports a black pompadour. His racing uniform is made entirely of snake skin (complete with a yellow snake on his helmet) and his car is now completely orange. Despite the change in appearance, Snake's car number and attitude are still intact in the film. He is portrayed by Christian Oliver. Captain Terror, one of his "Car Acrobat" team members, and their cars make a recent cameo in Speed Racer: The Next Generation during a flashback sequence.

Me: Whoa!

Qin: He sounds like he's nothing but trouble.

Nico: He is.

Me: But I'm not gonna let that stop me. I am the leader of Team Loud Phoenix Storm and it's my job to make sure that evil always loses!

Everyone: YEAH!

Me: Guys. It's race time!

We got ready and we were off to the Alps.

ALPS - EUROPE

We were over in the Alps Mountains in Europe. I was getting my car ready for the biggest and most dangerous race the world has ever known: The Alpine Race. This was gonna be the biggest and most dangerous race that I have ever participated in. It's known to kill a lot of racers and more. They didn't call this the most dangerous race in the world for nothing. It was a race that was over 1,000 miles long and it went through the entire Alps mountain range from Lichtenstein to Switzerland to Austria and to the Czech Republic. It was not gonna be as easy as the other races we've participated in.

Me: Everything is all set.

Lincoln: J.D., good luck and be careful.

Me: Not that I'll need it buddy, but thank you.

Varie: J.D.?

Varie kissed me.

Varie: Be careful.

Me: I will love.

Speed Racer then pulled up in the Mach 5.

Speed Racer: Wow! J.D. it's great to see you here.

Me: Same to you Speed. Good luck to you on winning the race.

Speed: You too J.D. This race is supposed to be the most dangerous race in the world.

Me: I know. I watched you race on TV and I hope you win as much as me.

Speed: Same to you J.D.

Me: Thank you.

We got ready and in came Snake Oiler!

Snake Oiler: Well the famous J.D. Knudson is racing too.

Me: So you are Snake Oiler. I've heard so much about you and the terror you and the Car Acrobats have caused.

Snake Oiler: And this time it will be me that crosses the finish line. Not you or speed.

Me: We'll see about that. You nearly died in this race the last time.

Snake Oiler: I won't make the same mistakes last time.

Me: I figured you wouldn't.

The race was about to start and we got into our cars.

Billy Natson: And… Welcome to another awesome race in the world. Hello I'm Billy Natson, and we have a magnificent treat for you all today. We're going to feature the most dangerous race in the world: The Alpine Race. Wow! We have J.D. Knudson the famous leader of Team Loud Phoenix Storm participating in this race as well and this is a first for us. You ready to race in a dangerous race like this?

Me: You bet I am Billy. I saw Speed race in a dangerous race like this and I say BRING IT ON!

Billy Natson: Love that racing spirit! Good luck to you J.D.

Me: Not that I'll need it but thank you.

We were ready for anything.

Krysta: Racers on your marks!

We revved our engines up.

Krysta: GET SET…

She held up the green flag.

We were ready.

Krysta: REV UP AND GOOOOOOO!

She waved the green flag and we were off!

We gunned it right out of the starting line and onto the race.

Billy Natson: And they're off!

Nico: There they go guys!

Laney: Oh boy! This is gonna be tough.

We were going around powerful twists and turns and I saw a bunch of racers go off the road and thankfully some of my team has gotten them out of crashing. I was focusing on the road. We got to slippery roads full of ice and mud and luckily my tires were mud and ice proof. There were lots of twists, turns and deadly obstacles. I was still driving until I saw that I was gonna have to jump over a huge land bridge with gaps in it caused by rain.

Me: Oh boy. This is gonna be tough. But I'm ready for anything.

I gunned it and went for the bridge. Everyone was watching and hoping that I would make it.

Nico: This is it guys. Cross your fingers.

Everyone did so.

I jumped over the bridge and spread my cars wings and flew over the bridge with ease.

Me: Yes!

I landed on the other side safely.

Me: Yes!

Nico: He made it!

Lola: That was a close one!

Varie: No kidding.

Carol: What an awesome jump!

I then saw something on the ground 1,000 feet below. It was Speed and he was hurt and the Mach 5 was damaged!

Me: Oh no! Speed!

I flew down to where he was and I saw Speed with a nasty head wound. He was bleeding. I got out of my car and went over to him.

Me: Speed!

I picked him up.

Me: Are you okay?

Speed: J.D.? I think so. But I can't see.

Me: You got a concussion and it caused you to get hysterical blindness. Your eyes will be out of commission for a couple of days.

Speed: I have to win the race.

Me: Hold on Speed. I take you in my car and tow the Mach 5 with me.

Speed: Okay. Thank you J.D.

Me: No problem Speed.

I took Speed over to my car and put him in the passenger seat.

I tore off the bottom of my pant leg and turned it into a makeshift bandage for Speed's head wound and put it on him.

Speed: Thank you J.D.

Me: You're welcome Speed.

I backed my car up and activated a tow cable on it and it fired a cable from the back and anchored to the Mach 5 and I pulled it behind me. I had it hooked to me.

Me: Okay lets head for the finish line. Those Acrobatic Racers are gonna pay for this.

Speed: Snake pushed me off the road and I crashed.

Me: That monster will pay for this. But don't worry Speed. After we cross the finish line, I'll take you to the hospital.

Speed: Thank you J.D.

We caught up with the rest and they were the Car Acrobats.

Tiger saw us coming.

Tiger: Hey boss, it's J.D.!

Snake Oiler: Oh no! He will not stop me! Kill him!

They pulled out guns and fired at me. Luckily my car was 100% bulletproof.

Me: Nice try you fuckers! Matchhead Missiles, fire!

I pressed 2 buttons and fired two Matchhead Missiles and they lit on fire and slammed into two of the Car Acrobats and exploded.

KRABBBBBOOOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

The explosions destroyed the cars and the drivers and turned them into flaming piles of rubble.

Me: Bingo! Lets see how you bozos like this!

I drove up in front of a car.

Me: Try this! Flamethrower Thruster, Fire!

I fired a powerful blast of fire from my back bumper and it hit the car and ignited it and set it on fire and it blew up in a powerful explosion.

KRABBBBOOOOOOOOOOOOOOOMMMMMM!

Speed: Wow! J.D. your car is incredible.

Me: Thanks Speed. Megavolt Missile, Fire!

I fired a Megavolt Missile and it had over 500 million volts of electricity surging in it and it hit another car and electrocuted it and it exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM

Me: Bullseye!

Speed: Your missiles are amazing J.D.

Me: It was Aylene that gave them to us for our cars. The Swat Kats missiles have been very beneficial for our cars.

I pressed 4 buttons.

Me: Slicer Missiles, Fire!

I fired 4 missiles and they opened up and spread powerful razor sharp blades and they slashed through 4 of the Car Acrobats cars and they cut through them and exploded.

KRABBBBBOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOMMMM!

But we still had a bunch of cars ahead of us. But then something went down with the other racers. I saw 4 arrows hit them and they suddenly crashed into each other!

KRABBBBBOOOOOOOOOOOOMMMMMM!
KRABBBBOOOOOOOOOOOOMMMMM!

Me: What the fuck!?

Cat Acrobat 1: I hate your fucking guts! Look where you're going!

Cat Acrobat 2: SHUT YOUR FUCKING TRAP YOU FUCKER!

Nico: Something is wrong!

May: Yeah! I saw a bunch of arrows hit the drivers of those cars and they caused them to crash.

Kim: That's Dark Cupid's Arrows!

Nico: But the Masters of Evil are not using the Akumatized villains! Lets go!

They went out to where the final legs of the race were.

Vypra and the Masters of Evil then appeared.

Nico: Vypra! Are you the ones behind all this!?

Vypra: No we aren't. We are just as puzzled as you are.

Nico: So it's a freelance Akumatized Clone. But how do we know that this isn't a trap?

Vypra: Look, we like watching races too. And this one can't go on as long as this Dark Cupid is around. So, temporary truce until he's dead?

Luan: Fine. But you better not pull a fast one on us!

Vypra: Agreed.

Ed: (to Number 7) Please play nice with us until Dark Cupid's dead.

Number 7: Agreed in a logical assumption.

Spiderman: (to Vanitas) Didn't expect to team up with us, huh, Vanny?

Vanitas: I agree. But this is not permanent.

Waffle Woman: (to Tara) Try to keep up, Markov.

Tara: I plan to.

Zs'Skayr: (to Iron Boy) Just don't get in the way of my attacks, Iron Brat!

Iron Boy: I'll make no promises.

Dark Spicer: (to Eddy) Sure you guys can keep your egos in check long enough to help us waste this asshole, Mcgee?

Eddy: Okay.

They flew fast.

Back in the race, Dark Cupid had his eyes set on me.

Dark Cupid: Feel the hatred of evil.

But then he got hit with an energy blast from Nico.

Nico: Game's over Dark Cupid!

Dark Spicer: Well, well, well! Imagine our surprise when we were checking why the race we were watching stopped. And then we find this. (sees Dark Cupid) You want to introduce us to your friend?

Dark Cupid: You stay out of this! The 6 of you will get your turn after them! (gets shot by Dark Spicer's blaster)

KABOOOM!

Dark Spicer: Here's your warning: Your ass is about to be kicked!

Nico punched Dark Cupid in the face and kicked him in the stomach.

Jake: I still can't believe we're actually fighting alongside Vypra of all people.

Megaforce Rangers: Legendary Ranger Mode: Zeo!

The Megaforce Rangers turned into the Zeo Power Rangers.

Nico punched Dark Cupid in the face again.

Kim: Xuppu! Showtime!

Kim turned into King Monkey!

He punched Dark Cupid with his staff and punched him all over. Nico fired a powerful blast of lightning and electrocuted him all over.

Lincoln and Linka fired a powerful blast of lightning and electrocuted him all over. Laney fired barbs of plants at him and poisoned him and Lola fired powerful blasts of fire and burned him. Vypra fired blasts of energy and they hit Dark Cupid and exploded all over. Vanitas fired powerful blasts of fire and burned him in powerful explosions. Zs'Skayr fired a powerful blast of energy and it hit Dark Cupid and exploded. Number 7 fired a bunch of missiles and they hit Dark Cupid all over and exploded. Dark Spicer fired powerful lasers and they hit Dark Cupid and exploded all over. Waffle Woman fired powerful blasts of explosive pancake syrup and it drenched Dark Cupid and exploded all over.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ben then turned into a new Ultimate Alien. He turned into

ULTIMATE PESKY DUST! He had skin that was turquoise and its size has increased, it looks like a warrior fairy and has wings that look like a butterfly.

Ben: ULTIMATE PESKY DUST!

Nico: WHOA! An Evolved Nemuina!

Shanan: Wow! I've never seen an evolved Nemuina and it's amazing!

Riley: So awesome! This is the coolest alien ever!

Dark Spicer: Try to top this.

Dark Spicer then turned into an Antitrix Ultimate Alien. It was ULTIMATE HOT BURN!

Dark Spicer: Say hello to Ultimate Hot Burn!

Shanan: Whoa! That is an Evolved Mutant Pyronite.

Nico: Wicked cool!

Ultimate Hot Burn fired a powerful blast of fire and it burned Dark Cupid all over.

Dark Spicer then turned into Ultimate Boodunce!

Dark Spicer: Meet Ultimate Boodunce!

Shanan: A Mutant Ectonurite. Weird but cool.

Nico: Strange.

Ultimate Boodunce fired a powerful blast of dark energy and it slammed into Dark Cupid and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOM

Ultimate Pesky Dust: Lets see what I can do.

Ultimate Pesky Dust fired a powerful cloud of sleeping dust at Dark

Cupid and stunned him.

Dark Cupid fired his arrows at them and they hit them and they all got a massive power boost of incredible power.

Lana: Nice try you freak! But we're immune to your arrows.

Nico: Dark Cupid, you have failed this world! Lets blast him with our teamwork!

Thundercracker: You got it boss! CYBER KEY POWER!

The Earth Cyber Planet Key went into Thundercracker's left arm and turned it into a more powerful Thunder Cannon!

Blade Man: Time for some Triple Blade Action! GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into his right arm and enhanced his Triple Blade 100-fold.

Thundercracker and Blade Man: THUNDER BLADE TRIPLE SLASH!

Blade Man fired his Triple Blade and Thundercracker fired his Thunder Cannon and the blast merged with the Triple Slash Blades and they hit Dark Cupid and cut him and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

G1 Silverbolt: Lets do it! CYBER KEY POWER!

The Autobot Cyber Planet Key went into his back and enhanced his Lightning Bolt nose cone 100-fold.

Layla: Time for some water power! ANDROS CYBER KEY POWER!

The Angros Cyber Planet Key went into her right arm device and enhanced her Water Powers 100-fold.

G1 Silverbolt and Layla: STORM MEGA VORTEX MAELSTROM!

G1 Silverbolt fired a powerful blast of lightning and Layla fired a powerful blast of water and the blasts combined and they hit Dark Cupid and exploded.

KRABBBBBOOOOOOOOOOOOMMMMM!

Nico: Time for some fire power! Pyri! FIRE WINGS BURN!

Nico turned into Firewing!

Marinette: TIKKI! Spots On! HA!

Marinette turned into Ladybug!

Lily Loud: OWLA! Spread my Wings!

Lily turned into Night Owl.

Nico: Time for some Final Smash power!

Wildrider: With pleasure boss! SCATTERSHOT LASER BARRAGE SHOT!

Wildrider fired a powerful blast of energy and it split into several blasts and they hit Dark Cupid and exploded all over.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM!

Nico: Dark Cupid, you have failed the world of love and this city! FIREWING FLAME STRIKE!

Nico fired a powerful blast of fire and it hit Dark Cupid and burned him all over.

Lily Loud: Time for the owl to swoop down! STAR OWL WING BLADE!

Lily fired a powerful energy blade from her wings made of star energy and it hit Dark Cupid's wings and cut them.

Kim: This is for being a villain and ruining my image! MONKEY STAFF MEGAPUNCH!

Kim enhanced his strength in his staff and smashed Dark Cupid all over with it and it killed him.

Kim: That did it.

Nico: That's right. (To Vypra) I guess we owe you all again.

Vypra: Keep your thanks. We love watching you all race.

Kim (Ladybug): C'mon, do we really have to be enemies again? Look at we accomplished together.

Eddy: Kim's right. Imagine the good we could continue to achieve.

It looked like Dark Spicer and the other Masters of Evil were thinking hard about this. But then, they reached a decision.

Dark Spicer: (smirks) Thanks for the offer. But you gotta face facts. We can't be you. And you can't be us. Oh, and if you see a Scooby Doo monster after this, it didn't come from us.

With that, the Masters of Evil teleported out.

The race continued on.

I was catching up to Snake Oiler really fast and we were almost to the finish line.

Snake Oiler: J.D. will not stop me!

Me: Try this one for size Snake. I've been saving this for you. Jetlift Missile, Fire!

I fired a new kind of missile and it split open and turned into a powerful rocket lift and it slid under Snake Oiler's car and lifted him up and flew him back behind me by 60 miles.

Snake Oiler: NOOOOOOOOO!

Nico: Snake Oiler, you have failed this race!

Billy Natson: And here comes the first racer to cross the finish line! It's J.D. and Speed!

Everyone cheered wildly for me and Speed!

Nico: He did it!

Carol: Wow! He did the impossible!

Vince: That's my partner for you!

Sora: Way to go J.D.!

Lincoln: That… Was… AWESOME!

Laney: WAY TO GO!

At the winners circle me and Speed were presented the trophy.

Manager: J.D. you were very brave and saved Speed from death. I'm glad you saved him and for that you deserve the trophy.

Me: I'm honored. We both deserve the trophy actually.

Manager: Oh don't be so modest. But Speed, you should go to the hospital and get your eyes looked at.

Me: He has a concussion and it caused him hysterical blindness. But we'll get him taken care of.

Manager: Good.

We took Speed to the hospital and he got was gonna be all right.

Wildrider: How are you feeling, Speed?

Speed: Much better Wildrider. I still can't see, but I'll make it.

Me: It was awesome racing with you in the Alpine Race, Speed. But thank goodness you're okay.

Speed: Thanks to you J.D. You saved me and got me to race another day.

Me: And I look forward to it. Hopefully it won't be as dangerous as the Alpine Race.

Speed: That's true. You are the 3rd person to win the Alpine Race, J.D.

Me: So I have heard. But yeah.

King Monkey: (To the Viewers) Always be careful when racing in a dangerous race like the Alpine Race and never trust a bunch of evil daredevil racers.

Me: Good advice.

I was so happy for Speed and for winning the most dangerous race in the world. It was awesome! This was the most amazing race I've ever been in.

THE END

---

Another Awesome Race in the books.

I got the idea for this from the 3 Part Episode of Speed Racer called The Most Dangerous Race and that was an awesome race that I've known since I was a little kid and it was intense and I got the idea for this from nbwatts fanfic ReBAL - Roadster Racers: The Impossible Race. Credit goes to you Noah for the ideas and inspiration. Thanks man. NicoChan11 gave me the ideas for this. Thanks guys. Let me know what you all think. Next up is a chapter for Scooby Doo and the Mask of The Blue Falcon and we're gonna meet one of Hanna Barbera's legendary cartoon heroes: The Blue Falcon and Dyno-Mutt the Dog Wonder!

See you all tomorrow.

# The Mask of The Blue Falcon

At the Jupiter Prison, we were there for another rant fest with the most hated and most evil babysitter ever to walk the face of the Earth: FUCKY VICKY.

Me: We haven't done this in a while.

Nico: I know.

Prisoner 1: Welcome back guys.

Nico: Thanks man.

Prisoner: Listen, we're sorry about Ra's and Bowser.

Kevin Levin: It's fine, guys. Bowser and Ra's gave up their lives to protect the universe and their kids. (sadly) And I should know.

Prisoner 1: It's good that they did so. Manboy told us everything that happened with Thanos. That was one intense battle.

Lana: It sure was.

Fire Man: HOT DOGS! PEANUTS! HAMBURGERS! GET YOUR FIXINS HERE!

Fire Man was the snack concessions man.

Nico: Lets get ready to (ECHOING AND FIRE HAIR FLARES UP) RUMBLE!

Poromon: Me and Horsea will go first.

Poromon and Horsea went first.

Poromon: YOU FUCKED UP FUCKING BITCH!

Poromon then took out a power drill and drilled a hole into Vicky's head! Vicky was screaming in excruciating pain!

Poromon stopped and thankfully didn't kill her.

Prisoner 2: Oooh! That's gotta hurt!

Poromon: I WOULD RATHER PUKE ON A RABID RHINO THAN HAVE YOU AS MY FUCKING BABYSITTER!

Horsea: YEAH YOU FUCKING FREAK OF NATURE! I WOULD RATHER PUKE ON A PILE OF DINOSAUR SHIT THAN HAVE YOU AS A FUCKING BABYSITTER!

We cheered for them.

Prisoner 1: Yeah you tell her you two!

Prisoner 2: Good show!

Nico: Yeah!

May: Awesome job!

Me: You tell her you two!

Martian Manhunter: Poliwag, since Horsea and Poromon did their rants already, it's only fair that you and Manaphy get a turn.

Poliwag: Okay J'onn.

Nico: Go get her you two!

Poliwag: With pleasure!

They walked up to Vicky as she was bleeding bad.

Poliwag: YOU MAKE ME FUCKING SICK JUST LOOKING AT YOU!

SLAP!

Poliwag slapped her with his tail.

Vicky: OW!

Poliwag: I WOULD RATHER EAT A ROTTEN DUCK THAN HAVE AN ASSHOLE THAT SUCKS HER THUMB ALL DAY AS MY BABYSITTER!

Vicky gasped.

Vicky: How did you know all that!?

Everyone: OOOOOOOOOHHH!

Me: That is too funny!

Manaphy: AND I WOULD RATHER PISS ON A LAWN GNOME THAN HAVE A PISSANT LIKE YOU FOR A BABYSITTER!

Everyone laughed and cheered.

Lincoln: That was well done!

Prisoner 1: Yeah! You two told her!

Coop: I heard about all these rants. They are so awesome and I want to make this bitch suffer a big one.

Me: Go get her Coop.

Coop went up to her and he was eating a bag of chips and he was in front of her.

Coop: YOU ARE THE MOST MISERABLE FUCKED UP BITCH THAT HAS EVER WALKED THE FACE OF THE EARTH! I WOULD RATHER SIC THE SQUIDFACES ON YOU THAN HAVE A MISERABLE LOSER FOR A BABYSITTER BABYSIT ME! YOU MAKE ME SICK JUST LOOKING AT YOU! In fact.

Coop turned his back and pointed his butt in her face and then…

FFFFFAAAAAAAAAAAAAAAAARRRRRRTTTTTTTTTTTTT!

He farted right in her face at point blank range and it was so bad that Vicky hurled her guts out all over the place.

Me: NICE!

Kiva: That was very amusing Coop.

Jamie: Man, Coop. I haven't seen you get this angry since your encounter with your evil self.

Slipstream: There's an evil Coop?

Me: That's what I heard. Horrible freak of nature. No offense Coop.

Coop: None taken J.D.

Nico: My turn.

Nico went up to her.

Icky Vicky: Well look who it is! Mr. FUCKED UP FREAK OF NATURE!

Air Raid: Is that the best comeback you can think of, Icky Vicky?

Icky Vicky: No. This is. YOU ARE A FREAK OF NATURE THAT WOULD RATHER PISS ON PEOPLE AND YOU ARE A FUCKED UP MENACE TO THE PEOPLE AND THE BIGGEST LOSER AND BIGGEST MENACE TO SOCIETY THAT HAS EVER WALKED THE FACE OF THE EARTH! I WANT YOU TO GO KILL YOURSELF!

We gasped in shock and growled at her.

Nico: Are you finished? BECAUSE YOU ARE THE ONE WHO SHOULD GO KILL HERSELF!

Qin then went up to Icky Vicky and punched her right in the face and knocked out her teeth!

Qin: NO ONE TALKS THAT WAY TO NICO AND GETS AWAY WITH IT!

Everyone cheered for them.

Me: Good show!

Lincoln: You tell her!

Jamie: My turn!

Jamie went up to Vicky and he was gonna give her a piece of his mind.

Jamie: YOU MAKE ME FUCKING SICK YOU FUCKED UP MONKEY!

We cheered for him.

Nico: Yeah you tell him Jamie!

Coop: Good job man.

Kiva: My turn.

Kiva went up to her and punched Vicky in the face.

Kiva: I WOULD RATHER KILL GORRATH ALL OVER THAN HAVE YOU AS A BABYSITTER! I HATE YOUR GUTS!

Everyone cheered.

Homer: I got one.

Homer walked up to Vicky.

Homer: WHY YOU FUCKING LITTLE!

Homer grabbing her neck in a stranglehold and was choking her like he did Bart.

Everyone ws cheering for him.

Back at the estate, I was working on more styles of Firebending. I was in the training yards mastering more styles of Firebending. Eion, Azula, Iroh and Zuko and Aang have been teaching me many styles of Firebending and the number of styles I was learning was continuing to grow at an accelerated rate. I mastered them all at a rapid rate. I mastered a total of 746 Firebending Styles and I had more power than every single one of the strongest Firebenders combined together.

I was panting like crazy and the entire training yard was on fire.

Iroh: Well done J.D.!

Zuko: You have a huge gift in Firebending. You've mastered more styles of Firebending than any other Firebender in history.

Me: Thanks Zuko. I have a very strong feeling that I'm going to face the dark side of Azula again because of the Masters of Evil and I have to be ready for her.

Zuko: I have that same feeling too.

Lincoln and Clyde then came out and they were dressed as Ace Savvy and One-Eye Jack!

Me: Hey guys.

Lincoln: J.D. we just found out that there's an awesome comic book convention in town and you are not gonna believe who is gonna be there!

Clyde: Our favorite superheroes and also a lot of famous superheroes that Shaggy and Scooby know!

Me: Oh wow! Lets go!

We went to the Gotham Royal York Convention Center and we saw many people cosplaying as our favorite superheroes and we saw all kinds of awesome superheroes and even some of my favorite superheroes from my favorite cartoons from my past. I saw the heroes Captain Caveman, The Herculoids, Space Ghost, Frankenstein Jr., Thundaar the Barbarian, Birdman, and even one of the greatest heroes of them all: The Blue Falcon and Dynomutt the Dog Wonder!

Me: Wow! This is awesome!

Lincoln: It's so awesome being here!

The Loud Sisters were dressed up as their Ace Savvy Personae and Dexter was dressed up as Dex-Star Boy of Wonder!

Laney: I know. It's so awesome being here at the Gotham Royal York Comic Con.

Shaggy: Like yeah! Especially since we're going to meet the Blue Falcon himself.

Scooby Doo: Reah!

Batman: Blue Falcon actually looks like me.

Dexter: And I also helped the Blue Falcon by repairing Dynomutt.

Lisa: Wow Dexter, that is a very impressive feat you did in helping the Blue Falcon.

Dexter: Thank you Lisa.

Nico: This is gonna be so cool!

And then we saw the Blue Falcon and Dynomutt himself!

Me: There he is guys! The Blue Falcon and Dynomutt himself!

Blue Falcon: Pleased to finally meet you, J.D. Knudson.

Me: Same to you Mr. Crown. It's so awesome to meet you in person.

Blue Falcon: You must've watched me all the time on TV.

Me: I sure did. Years ago when I was younger. But you are one of the greatest heroes ever.

Dynomutt: Aww shucks. It was nothing.

Maria: (to Blue Falcon) That's not a costume, is it?

Blue Falcon: Nope. I am the real deal.

But just then we heard some screaming and out came MR. HYDE!

## Scooby-Doo! Mask of the Blue Falcon

Jack Rabble was a former competitor on the TV show Combat Bots, where he would use a robot he created to face off against another one. Rabble was undefeated until he was banned from the competition, due to his robot designs being too dangerous, one even destroying the studio with a missile.

To make ends meet, Rabble signed autographs at a booth at the San De Pedro comic convention, eventually sharing a booth with Owen Garrison, the original Blue Falcon to save money. After years of listening to Owen ranting about being unable to revive the Blue Falcon TV show, and after hearing about Jennifer Severin creating a new Blue Falcon movie, he devised a plan.

Using his knowledge of robotics and special effects, he created the Mr. Hyde costume, remote-controlled robotic bats, a remote-controlled robotic Hyde Hound, as well as spring loaded robotic feet for super jumping ability, fitted with smoke machines to disguise his comings and goings.

He created chaos at the latest comic convention, basing each attack on episodes from the original Blue Falcon TV show, for the last attack, he utilized a giant Mr. Hyde robot, which he remotely controlled, and attempted to frame Owen by using knockout gas on him, dressing him in a Hyde costume, and sticking him in the robot.

His master plan was to get the screening of the new Blue Falcon movie changed to a baseball stadium, and then use the robot to divert traffic and cause an armored car, which was filled with the proceeds from all the entrance fees to the convention, to have to go down an empty side street, where he could attack it. However, thanks to Scooby-Doo, he crashed the truck into the giant robot, and use knock-out gas on everyone. He turned his attention to Scooby, and order his Hideous Hyde Hound to end the dog's life. However, Oven Garrison shows up in the Falconcar, and together with Scooby, they defeated them both. He was arrested by the police later on.

## Scooby-Doo! and the Curse of the 13th Ghost

The gang had apparently been given the disguise as a keepsake, but when they were forbade to pursue anymore mysteries after nabbing the wrong guy, this necessitated to remove all trace of their past mysteries, which included having a garage sale of selling off the Mr. Hyde mask along with other mementos.

---

Blue Falcon: It's Mr. Hyde!

Me: I killed a bunch of versions of him!

Mr. Hyde laughed maniacally like a fucked up maniac.

Blue Falcon: Your crime spree ends here, Hyde!

Mr. Hyde: (Maniacal Laughter) We'll see about that…

POW!

I punched him in the face and knocked him out.

We then tied him up.

Velma: Now lets see who this Hyde freak really is.

I pulled off the mask he had on and it was really Jack Babble!

Everyone: Jack Rabble?!

Jack Rabble: Yes and it was really simple. It started years ago. When I was permanently disqualified from Combat Bots because my robots were deemed to dangerous. One of them actually destroyed the studio. So I was banned. Deprived of the one thing I loved: Making robots who destroy other robots. I was forced to seek out a pathetic living doing these conventions. Times got so tough, I started sharing a booth with the Blue Falcon to save money. After years and years and years of hearing the Blue Falcon complain about how there aren't many crimes to bust and then about Severin giving the part to Adams, I've finally came up with this brilliant plan. Using my knowledge of robots and special effects, I created Mr. Hyde, along with a bunch of remote controlled bats and a remote controlled monster dog. I made some robotic legs to give me super jumping abilities and fitted them out with smoke machines to disguise my comings and goings. I was gonna use knock out gas on the Blue Falcon and put him in a giant robot which is remote controlled by yours truly in a master stroke of genius.

Me: What was all this for?

Jack Rabble: My plan was to divert traffic so that the armored car carrying all of the money for the ticket sales would go down an empty side street where I can attack it. Inside it was all the money from the entrance fee proceeds to the convention. It was over $500,000,000.00.

Me: Small change compared to what I have.

Jack Rabble: It's not fair! I was gonna be rich! And I would've gotten away with it too if it weren't for you meddling kids!

Me: Tell it to the Judge, Rabble. You're looking at spending 75 to 100 years in prison for your crimes.

Nico: Jack Rabble, you have failed this city.

Konan: He sure has.

Clyde: Looks like you just got hit with the Hammers of Justice!

Blue Falcon: He sure did. You are just like everything I was told about you J.D.

Me: It's what we have to do.

?: That's not the least of your worries.

We then saw a figure come out and it was FREEZARD from episode 25 of Lightspeed Rescue!

---

Freezard was summoned by Olympius to attack Carter, Chad, Joel, Kelsey and Dana, the Lightspeed Rangers, the Rangers manages to get the upper hands, and were about to finish off Freezard with the Rescue Blasters until Olympius came in, he first fired his Snow Burst at Miss Fairweather, freezing her completely, Joel furiously fights back, but the monster sucks the Green Ranger into his stomach with a laser, as well as Chad, Kelsey and Dana, right before he and Olympius could finish the job they are stopped by Vypra, Loki and Diabolico, allowing Carter to escape with Miss Fairweather. The Red Ranger later has a showdown against him with his Thermo Blaster and releases the Rangers by firing the Thermo Blaster at Freezard's stomach, causing a great deal of harm to Freezard and causing him to fall on his back and released the four Rangers, but he is frozen solid, but luckily he was rescued by the other Rangers, Freezard wasn't finish yet however, they destroy Freezard with the Thermo Blasters and he grows into a giant by Jinxer, the Rangers summon the Lightspeed Megazord and the Max Solarzord and formed the Lightspeed Solarzord to battle him, the Lightspeed Solarzord had the upper hand, but Olympius use the star power to darken the sky to dispatch the Zord back into the Lightspeed Megazord and the Max Solarzord. Freezard now has the upper hand thanks to him being able to camouflage in the dark, and Olympius sends Freezard and the Omega Megazord into water. But Omega Megazord shoots Freezard with the Omega Missile and erase the underwater world back into dry land until it was finally destroyed by the Omega Megazord's Omega Lance Finisher.

---

Carter Grayson: Freezard!

Kelsey: Whoa! This guy again!

Me: I know this guy all too well! He tried to freeze you all to death inside his stomach!

Dana Mitchell: He sure did.

Freezard: Why don't you girls chill out? (freezes Laney and Lori) That'll keep them out of action for a few hours.

Laney then ignited a powerful aura of fire and they broke out of the ice.

Laney: Nice try Freezard.

?: How about you have an angel to face as well?

Me: Looks like we have a dark version of Konan to face as well.

And I was right as a figure came out and it was DARK KONAN!

---

When she was young, Konan's family was killed in the Second Great Ninja War. Left on her own, Konan eventually found Yahiko and the two worked together to survive. The two later found a dying Nagato and the three became very good friends. They were later taught ninjutsu by Jiraiya, who left them on their own was confident they could take care of themselves.

Years later, Konan and her friends met Obito Uchiha, posing as Madara Uchiha, and later Zetsu. Soon after, Konan, Nagato and Yahiko formed the Akatsuki and quickly became known for their strength and effectiveness, with news of their actions even reaching Jiraiya. Hanzo, the leader of Amegakure, feared that they would overthrow him and hired Hidden Leaf's Danzō Shimura to capture Konan and force Nagato to let her die or kill Yahiko. However, Yahiko instead killed himself to save Nagato the guilt. Nagato would later avenge Yahiko's death as Pain. Staying by Nagato's side, Konan and Nagato allied themselves with Obito, who would later go by the name Tobi. Because Pain made himself appear as a god to the Hidden Rain Village's residents, Konan was labeled by the villagers as an angel.

Plot

Like her fellow Akatsuki members, Konan attends their meetings yet says nothing during the meetings and sealing rituals. Eventually, learning that Jiraiya infiltrated the Hidden Rain Village, Konan confronted and battled him until Pain arrived to deal with their former mentor. Soon after, Konan accompanied Pain during his attack on the Hidden Leaf Village with order to spare no-one as she engaged Shino Aburame and his kin before falling back when Pain is about to devastate the village to her horror as it would effect Nagato's health.

Remaining by Nagato's side for the duration of the attack, Konan stood by as Naruto confronts Nagato and was witnessed to the boy, a fellow student of Jiraiya, convincing them that there is still good in the world. Taking Nagato and Yahiko's corpses, Konan tells Naruto her time in the Akatsuki is over and the Hidden Rain Village will help Naruto achieve the peace she and her friends attempted to achieve.

With Nagato's death, Konan became the new leader of the Hidden Rain Village. But later, learning of Tobi sneaking into the village to obtain Nagato's Rinnegan eyes, Konan battles the manipulator to the point of attempting a suicide attack that he manages to avert. But though Konan managed to surround Tobi with 600 billion paper bombs, with the explosion lasting ten minutes to ensure he dies, the masked ninja escapes harm by using the Izanagi and stabs her with a pipe. He then subjects her to a genjutsu to force her into revealing the location of Nagato's resting place, with Konan dead by the time the genjutsu fades.

---

Konan: (Gasp!) It's me when I was in Akatsuki!

Nico: Whoa! So this is the evil version of you Konan.

Konan: That's right. I was following the delusions of Obito back then.

Me: Until Nicole and all of Team Cosmic Dragon saved you as well as me and all of the Knights of The New Fire.

Konan: That's right.

?: That collar is mine!

Another figure came out and it was The Ghost of Buster McMuttMauler!

---

Buster McMuttMauler was a dog catcher gone bad. He antagonized a small puppy, which invoked the wrath of Scooby's parents. They chased him into the back of his own truck, where his boss confronted him for stealing expensive dog collars. Buster swore revenge, claiming he would come back for the Doos and their collar.

## A Pup Named Scooby-Doo

It was the day before Scooby-Doo's birthday, and he got the family collar as a present (which he hated). When the bell rang at the Knittingham Puppy Farm, Shaggy Rogers and Scooby-Doo went to answer the door. They found a huge present, which was supposedly for the Doo pups. However, the "present" turned out to be the ghost of Buster McMuttMauler. He demanded the collar, prompting Shaggy and Scooby to run and hide. The ghost snagged Mrs. Knittingham with his net and kidnapped her. The gang set out to look for her.

Shaggy and Scooby decided to "search the kitchen for clues" and devoured everything in the refrigerator. However, the ghost appeared, once again demanding the collar. Shaggy and Scooby fled into the bathroom and escaped out the window. The Doos attempted to sniff out Mrs. Knittingham, and they found the ghost's net outside Dr. Needlemeyer's office, along with the ghost himself. The gang ran back into the house to escape him, but he broke the door down and dognapped Scooby's parents, causing Scooby to literally turn white and fall to pieces.

The kids return to Dr. Needlemeyer's office to search for Scooby's parents. Shaggy said to keep it down so that the ghost wouldn't find them, but it was too late for that; he already did. Scooby tried to stand up to him, but the ghost was not intimidated. He chased the gang around until Velma Dinkley blew a dog whistle, summoning a group of dogs which chased the ghost away.

The gang tried to trap the ghost by using the collar as bait tied to a fishing pole and luring him onto an X panel, which would've caused a doghouse to drop on him. However, the trap backfired when the ghost managed to catch the collar with his net. He yanked the line, causing Scooby to fall into his clutches and Shaggy to get caught in the trap. The ghost used Scooby's tail as a spring and sent him flying high into the air. Scooby landed on the ghost and flung him in between two tires, capturing him. Velma unmasked the ghost to reveal that the culprit was… a hand? She removed more of the costume to reveal Mr. Trixenstuff. He wanted to steal the Doo family collar because it was worth a lot of money.

---

Shaggy: ZOINKS! It's the Ghost of Buster McMuttMauler!

Scooby Doo: Rikes!

Me: I remember him!

Qin: What is his history?

Me: He was really the trainer Mr. Trixenstuff and he was trying to get the Doo family Dog Collar for the jewels. It was a collar worth a lot of money.

Qin: Geez!

Me: I know. Mr. Trixenstuff got 15 to 30 years in prison for Kidnapping and Attempted theft.

Nico: Good riddance. Wait a second. Buster McMuttMauler? I remember him! Before I moved to the Philippines, I was the one that busted him for trying to throw Poromon and Poliwag into the Dog Pound! I got him sent back to prison.

Me: Whoa! I didn't know that Nico!

Qin: I remember seeing that! That was intense!

Lincoln: Good riddance!

Nico: Yep. Funny thing is he is not dead. He's still in prison.

Me: Good riddance. Lets get these clods. Me and the Power Rangers will take on Freezard.

Girl Jordan: I'll face Konan.

Nico: And I'll face the Ghost of Buster McMuttMauler.

Me: Lets get them.

I snapped my fingers and we were on the planet Pakicetu VIII. It was a tropical ocean planet and it was in orbit around 3 suns.

---

Planet Pakicetu VIII is a prehistoric planet located in the Pinwheel Galaxy. It is named after Pakicetus, an early Eocene amphibious creature that was the first whale. Aside from Pakicetus, it is home to all sorts of fish, birds, insects and animals. Including mermaids.

---

Nico: Wow! Look at this planet.

Aylene C.: It's amazing!

Konan: This kind of planet is sure beautiful.

Lola: It sure is pretty.

Me: Lets get them!

---

Battle 1: Girl Jordan VS Dark Konan.

Girl Jordan was facing Dark Konan. It was gonna be a battle with the Angel of the Water Dragon and the Dark Angel of the Rain.

Girl Jordan: Your way to true peace is one that's filled with omnicide and annihilation.

Dark Konan: I will do what I must to bring true peace.

Girl Jordan: That path to true peace is nothing but one filled with evil and cold blooded murder. I won't let you do it.

Girl Jordan then flared up her aura and released her full power. She was now in her Super Angel 30,000 Maelstrom Ocean Dragon form.

Girl Jordan: (Older Voice) I won't let you succeed.

Girl Jordan spread her wings and Dark Konan spread pitch black angel wings made of paper.

Dark Konan: And the wrath of the Dark Angel is gonna come for you.

(ANGEL OF DARKNESS BY ALEX C. PLAYS)

Girl Jordan flew faster than a laser and kicked her in the face and she teleported and kicked her in the back sent her flying into the air. Girl Jordan then teleported up to the air and Dark Konan fired black origami cranes at her and Girl Jordan fired powerful energy blasts and they hit the cranes and exploded with incredible power.

KRABBBBOOOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMMM!

Girl Jordan fired a powerful Kamehameha Wave at Dark Konan and Dark Konan used her Paper Clone to get away.

A technique which employs the use of Konan's ability to manipulate the shape and colour of her paper by forming it into one or more replicas of herself. When a clone is hit, it will merely turn back into sheets of paper. If need be, Konan can conceal explosive tags within her paper clones to allow for a deadly surprise attack.

The blast hit the Clone and it exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Girl Jordan sensed Dark Konan behind her and she spun around and punched her in the face and sent her skidding on the water and Dark Konan got up and she then used her Paper Chakram.

Konan gathers a large quantity of paper sheets into a single chakram-like shape, which she then throws at the intended target. While in flight, the disc spins with tremendous speed, with its trajectory and inclination being freely manipulated by her. This presents opportunities to attack an enemy from all angles, even if the disc is initially avoided. The discs spins so fast that a collision between the two result in a considerable impact.

Girl Jordan: You won't win Dark Konan! WATER STYLE NINJA ART: MAELSTROM SUPER SLICE DISK!

Girl Jordan formed a powerful disk of pure water and it was powerful enough to slash through even the strongest metal in the universe and she threw it and Dark Konan threw a huge Paper Chakram and the two disks collided and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared, Dark Konan was blown back and she spread her black wings and Girl Jordan fired a powerful barrage of energy blasts and Dark Konan fired her Paper Shower.

After creating wings out of her paper, Konan uses them to launch a multitude of paper in rapid succession at the target. In the anime, this attack was strong enough to overpower Jiraiya's Fire Release: Flame Bullet technique.

The blasts collided with the paper and exploded all over the place.

Massive fiery explosions were blowing much of the area apart and setting much of the area on fire in a massive show of fire.

When the smoke cleared, Dark Konan was panting in exhaustion and Girl Jordan wasn't even in the least bit exhausted.

Girl Jordan: It's over Konan. Your reign of terror with the Akatsuki is over. I won't let you or anyone else destroy the very planet we call home.

Dark Konan: Then if I go down, I'll take you with me!

Dark Konan then used her ultimate and most powerful technique: Sacred Paper Emissary Jutsu!

Konan disguises six hundred billion explosive tags as the surrounding scenery, be it earth or water, with enough sophistication that even the Sharingan cannot see through it. When the target is in position, Konan causes the scenery to split in half, resulting in the rapid creation of a huge abyss beneath the target. Due to the sudden lack of any available foothold, the target inevitably descends ever deeper into the depths of the chasm. As the target falls, Konan guides the explosive tags to stick to their body and detonate, with six hundred billion being enough for ten minutes of consecutive explosions - more than enough to counter the five minute time limit on Obito Uchiha's intangibility.

But Girl Jordan was ready for her.

Dark Konan: SACRED PAPER EMISSARY JUTSU!

Then all 600,000,000,000 Paper Bombs detonated and we all felt the incredible extent of 10 minutes of powerful explosions at an unprecedented and incredible scale!

* * *

The explosions were so strong, so powerful and so devastating that they could be seen all the way from space as they were destroying much of the planet at an incredible level! For 10 long minutes we saw the explosions go and when the smoke cleared, there was a massive crater filling up with water and it was a huge lake.

Dark Konan: At last. I've won.

Girl Jordan: You may want to look again!

Dark Konan: WHAT!?

When the smoke lifted, Girl Jordan flew up to her in a powerful aqua blue force field of pure water and energy and there wasn't a single scratch on her!

Dark Konan: IMPOSSIBLE!

We watched the whole thing.

Me: Unbelievable! Girl Jordan survived Konan's most powerful and strongest technique!

Konan: That's incredible! No one has ever been able to survive that technique. That's amazing.

Laney: Wow! Girl Jordan has far surpassed even the strongest member of the Akatsuki.

Dark Konan: That technique was enough to destroy this entire planet!

Girl Jordan: It's over for you Dark Konan. I won't let you hurt anymore innocent people.

Dark Konan: You should've died! What the hell are you!?

Girl Jordan: I am part of the answer to all that is evil!

Dark Konan: I HATE YOU!

Girl Jordan's aura flared up with incredible power!

Girl Jordan then fired a massive Kamehameha Wave right at Dark Konan and it slammed into her and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion from the power of the blast vaporized Dark Konan in an instant and obliterated her into nothing.

Dark Konan's evil spirit then appeared.

Girl Jordan: I won't let you return ever again.

She held her hand up to her.

Girl Jordan: HAKAI!

Dark Konan glowed purple and she was being completely obliterated in an instant and she was completely gone as if she was never born at all. We cheered wildly for her.

Lincoln: Way to go G.J.!

Girl Jordan gave us the Victory Finger gesture.

## Battle 2: Freezard

We were now facing Freezard.

Freezard: I would love to devour you all again.

Me: Not this time you cold-blooded freak!

Carter Grayson: Lets do it guys!

Lightspeed Rescue Rangers: LIGHTSPEED RESCUE!

The Lightspeed Rescue Power Rangers transformed and they were ready!

Ryan Mitchell: TITANIUM POWER!

Ryan Mitchell turned into the Titanium Ranger.

Troy Burrows: Freezard, get ready for a case of double vision!

Megaforce Rangers: Legendary Ranger Mode: Lightspeed Rescue!

The Megaforce Rangers turned into the Lightspeed Rescue Rangers as well.

Freezard: Two Lightspeed Rescue teams?!

Me: Not just them! Me, Nico, Laney and Lori as well!

I had my Thermo Blaster and V-Lancer ready.

We went at Freezard and I punched him in the face and blasted him with my V-Lancer, Booster Beam and Thermo Blaster and we were blasting him all over with energy blasts and lasers and blowing him apart. We were tearing him apart.

Me: Now it's time for some teamwork!

Slipstream: Roger that boss! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his nullifier missiles 100-fold.

Kevin Levin: Lets do it! PLUMBER FORCE CYBER KEY POWER!

The Plumber Force Cyber Planet Key went into Kevin's right arm device and enhanced his Osmosian Powers 100-fold.

Me: Here Kevin.

I pulled out a crystal of pure plutonium.

Kevin Levin: Plutonium!? Are you crazy?

Me: Radiation doesn't hurt us. We're immune to Gamma Radiation. As long as you're with us it won't hurt you.

Kevin Levin: That's amazing. Interesting as well. Okay.

Kevin touched it and he turned into solid glowing blue plutonium.

Slipstream and Kevin Levin: RADIATION MISSILE SLASHSTORM!

Kevin formed his arms into swords and slashed Freezard all over the Slipstream fired a bunch of missiles and they hit Freezard and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOMMMMM!

Air Raid: Time for some Air power! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his torque rifle 100-fold.

Martian Manhunter: The power of Mars is gonna be a powerful force for him to destroy. MARS CYBER KEY POWER!

The Mars Cyber Planet Key went into his right arm device and enhanced his powers 100-fold.

Air Raid and Martian Manhunter: PSYCHIC TORQUE

MEGABLAST!

Air Raid fired a powerful blast from his Torque Rifle and Martian Manhunter fired a powerful blast of psychic energy and the blasts him Freezard and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Freezard fell to the ground and exploded.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOM

Me: That did it!

Nico: Freezard, you have failed this world!

Me: One more loose end though.

We then set our sights on the Ghost of Buster McMuttMauler.

---

Battle 3: The Ghost of Buster McMuttMauler

---

We were facing the Ghost of Buster McMuttMauler and I punched him in the face and Nico kicked him in the stomach and Laney grabbed his net and snapped it in half.

Lynn punched him in the face and fired a powerful blast of lava at him and burned him all over.

Lincoln fired a powerful blast of lightning and electrocuted him.

Ben: Lets show this monster a new Ultimate Alien!

Ben then turned into a new Ultimate Form! It was Ultimate Diamondhead! Ultimate Diamondhead's chest has expanded, making him appear more muscular. The spikes on his back are significantly bigger. He arms have taken on different shoulder spikes, and elongated slightly. Two shards have grown from Ultimate Diamondhead's chest, tearing through the shirt.

Ultimate Diamondhead wears a black, sleaveless shirt, white pants, and blacks boots and knee pads. The evolved Infinity symbol rests on his chest.

Ultimate Diamondhead's hands no longer have a typical hand shape. They now bear the resemblance of a pincer.

Ben: ULTIMATE DIAMONDHEAD!

Me: Whoa! An Evolved Petrosapien!

Shanan: Amazing! This is one amazing Crystal Alien.

Riley: And the most dazzling I've ever seen!

Ultimate Diamondhead: Lets see what it can do!

Ultimate Diamondhead then formed a lot of crystals at an incredible level all over the Ghost and he formed his hand into a powerful hammer and smashed him all over the place.

Me: Time to finish this monster for good!

Shaggy: Like with pleasure!

Me: Go bad Shaggy!

I said the trigger word and Shaggy was now in his confident power and he kicked the ghost in the face and kicked him in the stomach and punched him all over.

Shaggy: This is for messing with my friends when we were kids! LIGHTNING HAMBURGER BOMB!

Shaggy formed a burger made of pure lightning and threw it at the ghost and it hit him and electrocuted him all over and exploded.

Scooby Doo: Lets get him! SCOOBY SNACK MACHINE GUN!

Scooby Doo fired a machine gun and it hit the Ghost with numerous Scooby Snax all over the place.

Lincoln: Feel the power of Ace Savvy and the Lightning!

LIGHTNING SPADE SHOWER SURPRISE!

Lincoln fired a powerful barrage of lightning blasts and they turned into a shower of spades and they hit the Ghost and electrocuted him all over.

Clyde: The time of One-Eyed Jack has caught up to you! TIME JACK SPEAR STRIKE!

Clyde formed a powerful spear of Time Energy and it hit the ghost and he was aging.

Blue Falcon: Lets get him Dynomutt!

Dynomutt: Right B.F.!

Blue Falcon and Dynomutt: FALCON DYNOSMASH HAMMER!

Dynomutt turned into a powerful hammer and the Blue Falcon channeled blue fire into it and smashed the Ghost all over with it. The Ghost of Buster McMuttMauler was defeated and we went back to Earth.

Me: That was awesome!

Nico: Boy it sure was!

Blue Falcon: You guys did a fantastic job.

Me: Thank you Mr. Crown. It was so awesome having you help us.

Blue Falcon: Same to you J.D.

We went and enjoyed the rest of the convention.

Blue Falcon: (To the viewers) Team Loud Phoenix Storm is an amazing force and friends to all Superheroes everywhere.

* * *

But unknown to us, The Masters of Evil had gotten a new recruit in. It was Jimmy Neutron's most dangerous enemy and number 1 arch-nemesis: Professor Calamitous!

---

Finbarr Calamitous (simply known as Professor Calamitous) is the main antagonist of The Adventures of Jimmy Neutron: Boy Genius. He is Jimmy's arch-nemesis, Beautiful Gorgeous' father, and Ms. Fowl's former student and appeared as the main antagonist in the crossover special The Jimmy Timmy Power Hour 2: When Nerds Collide. He was also the main antagonist in the crossover video games Nicktoons Unite! and Nicktoons: Attack of the Toybots.

## Beginnings

Professor Calamitous starts out as a student of Jimmy Neutron's teacher Miss Fowl, who has failed him for being a bad boy in school (Unlike Nick because according to Ms. Fowl, Nick is bad in the new sense of the word meaning good while Calamitous is bad in the old sense of the word) and for not finishing anything like homework, inventions, and sentences. He is also described as the man who can never finish anything according to Miss Fowl and Jimmy. One day, he dissapered after not finishing his lunch.

## In The Adventures of Jimmy Neutron: Boy Genius

Professor Calamitous makes his appearance as Jimmy's most recurring enemy than any other villain Jimmy has ever faced.

He makes his debut in the episode "Professor Calamitous, I Presume" when he first appears in a robotic suit which was finished. Calamitous plans to trap Jimmy and make him his slave. He ensures his plan by kidnapping Jimmy's dog Goddard. Jimmy follows Calamitous to his lair and finds that his theory about Calamitous not able to finish anything was right.

He then comes out of his suit and makes Jimmy use a laser, and the test succeeds by firing at his door thus having Jimmy escape. But he tries to chase him down. He ends up defeated by Jimmy by claiming that he needed his suit to have a bathroom. Calamitous claims to get revenge on Jimmy and then flies away.

Calamitous next appears as the main antagonist of the hour long episode "Operation: Rescue Jet Fusion". He first appears observing both Jet Fusion and Jimmy in his trap thus completing his sentences (also having taken a self preservation class only missing one day). He explains his plan to flood the world by melting the ice and snow on Mt. Everest. He then orders his daughter Beautiful Gorgeous to do away with both Jimmy and Jet, who reluctantly escape Calamitous' clutches just as his lair was about to blow. He and his daughter are defeated when they rumble down the mountain to the peaceful land of Shangri Lama and are arrested for their crimes.

He makes a brief appearance in the episode "The Great Egg Heist" as the hidden antagonist. For the majority of the episode, he is disguised as a Chinese princess, who needs a jade egg to stop her evil brother from using a demolition device to rule the world, while in reality Calamitous built it. He then reveals himself after Jimmy gives him the egg and traps Jimmy and friends in a force field cell while he prepares his device. He faces defeat not knowing that the fake egg (Carl switched the eggs) caused a meltdown and sent him into the sky.

Calamitous next appears in the episode "Lights, Camera, Danger" as the main antagonist. He appears first disguised as fame Hollywood director Quentin Smithee. Calamitous comes up with the plan to make a fake movie in order to get rid of Jimmy and his friends for foiling his previous plans. He reveals himself to Jimmy who realizes that Smithee is a fake and in reality it was Calamitous. He then unleashes a robotic snake on Jimmy. Jimmy's dad saves the day this time by throwing donuts into the the snake's mouth thus defeating Calamitous and destroying the snake's circuits. Calamitous is defeated by Jimmy who throws him into a police cab, thus taking him to jail.

Calamitous makes his next appearance (in a cameo) in the episode "My Big Fat Spy Wedding" as the minor antagonist who (in a televised version of himself) walks Beautiful Gorgeous down the aisle and accepts that his daughter is to be married to his old enemy Jet Fusion.

Calamitous makes his first to last appearance as a supporting antagonist in the episode "The League of Villains" where he along with King Goobot, Beautiful Gorgeous, the Junkman, Grandma Taters, Baby Eddie, the Space Bandits and Eustace Strych planning their revenge on Jimmy for foiling their every evil plan. He is partnered with Eustace on the task to distract Jimmy's friends by having Eustace give Libby a CD to dance to. He next appears laughing with the other villains at Jimmy. Calamitous next is shown as a member of the Villains jury while Goobot presides during Jimmy's court session. He then gives Goobot a plan combining all the villains ideas on how to destroy Jimmy. Afterwards, he gets disgusted by Beautiful Gorgeous and Junkman's relationship by trying to break them up. He is then shown trying to escape a T-Rex with the other villains while facing defeat.

Calamitous makes his final appearance in the crossover episode "Jimmy Timmy 2: When Nerds Collide" as the main antagonist alongside Anti-Cosmo. He makes his appearance first in his robot suit while robbing the bank bragging about his idea to finding a partner in crime to defeat Jimmy once and for all. He faces Jimmy but is suddenly defeated by him via anti gravity disc. Calamitous then spots Timmy fighting Jimmy in the sky via rocket. He observes Cosmo and Wanda and plans to enlist creatures like them in his quest to defeating Jimmy. Calamitous then follows Jimmy and his friends through a portal to Dimmsdale (with Jimmy's Hyper-Cube). He then runs into Anti-Cosmo after experiencing some bad luck. Calamitous forms an alliance with Anti-Cosmo only to find himself thrown in a cell of the Fairy-World prison after freeing the Anti-Fairies.

He then forms an alliance with Jorgen Von Strangle only to find themselves at the hands of Anti-Fairies who have taken over Dimmsdale. Calamitous finds the Hyper-cube containing the Anti-Fairies and tries to get it. But Jorgen attempts to apprehend the Anti-Fairies only to find himself and Calamitous fused together. Calamitous then takes his new form to Retroville and plans to blow up his universe with the "Big Bang Bomb". He (in Jorgen's body) engages the combined forces of Jimmy, Timmy and their friends (Cosmo and Wanda included) in a showdown for the safety of the universe. Calamitous tries to make Jorgen obey him but faces his final defeat when Jimmy defuses them back into their own bodies. Jorgen then stops him by shrinking him and putting him into a bottle. He swears revenge on Jimmy, but Jimmy assures him that he won't threaten anyone ever again.

## Videogame Appearance

### Nicktoons Unite!

He first appears when Goddard enters Bikini Bottom through a portal. Goddard then opens the flap revealing his TV. Jimmy appears in his lab. He tells SpongeBob that they have not met, but he should trust Jimmy. He then explains that Plankton has joined forces with villains from other worlds. With their help, Plankton is taking over Bikini Bottom. SpongeBob does not believe that this is real and is convinced that he is dreaming. He thinks that he ate too much ice cream the previous night. Jimmy says that he has been gathering information from SpongeBob's world and that Jimmy knows SpongeBob has dealt with Plankton before. Jimmy says that they need his help. SpongeBob accepts and Jimmy says to follow Goddard and that he will lead SpongeBob to Jimmy. He then says that he will be able to tell SpongeBob more when he enters Jimmy's lab. The transmission ends. SpongeBob enters the portal.

The game introduction then begins. A scene where the heroes are in the first Bikini Bottom level appears. They stop and a green border goes around SpongeBob. It zooms into SpongeBob and shows him and his name. On the right of the screen, it shows SpongeBob's head and the silhouettes of the head's of the other heroes. A scene where the heroes are in the second Fairly OddParents level appears. They stop and the same thing that happened to SpongeBob happens to Timmy. His head on the right fills in. A scene where the heroes are in the second Danny Phantom level appears. They stop and the same thing that happens to that last two heroes happens to Danny Fenton/Phantom|Danny. His head on the right fills in. A scene where Jimmy and Danny are in Jimmy's lab appears. The same thing that happens to the others happens to Jimmy. His head on the right fills in. However, his face is a 2D version of his actual face. The title of the game appears.

The story resumes. SpongeBob falls into Jimmy's lab. SpongeBob gets up. Jimmy introduces himself to SpongeBob. Timmy thinks that SpongeBob is a giant block of cheese. Jimmy corrects Timmy, saying that SpongeBob is a sponge from Bikini Bottom. Jimmy then remembers that he needs to give SpongeBob his Neutronic Moisture Sealant. He explains that as long as SpongeBob has it, he will be able to be moist outside of water. SpongeBob says, "This is the strangest morning since… Well, last Tuesday." Danny is surprised that SpongeBob can talk. Jimmy explains that all sea creatures in Bikini Bottom can talk. Jimmy says that he needs to bring SpongeBob up to speed. They walk over to Jimmy's computer. Jimmy explains that it all started with his Universe Portal Machine, which is a device that allows them to travel to different worlds. Jimmy says that Professor Calamitous has somehow gained a copy of Jimmy's plans and made a portal himself. Jimmy says that he has been tracking Calamitous' portals and he has been visiting the other heroes worlds. He has found an ally in each world and that they have teamed up to create a syndicate. Jimmy says that Calamitous must have a master plan that they all can benefit from. The Syndicate has made an army of Syndicate Troops and are stealing energy from the worlds. Jimmy says that he does not know why they are stealing this energy, but what ever it is for, it won't be good. Timmy says that this situation is really cool and it is like one of his games. Cosmo and Wanda poof in. Wanda explains that it is more serious than one of Timmy's games and that they have lost their magic. Cosmo adds that it is a just a glorified backscratcher. Jimmy says that Cosmo and Wanda are right. Jimmy says that they must work together to stop the syndicate. He says that he knows that they have each defeated the members of the Syndicate separately. That is why Jimmy brought them there. If they combine their knowledge, they can beat the Syndicate. Soon, Jimmy says that since they do not know where "Calamitous' secret lab" is, the only leads lie in each of the other heroes' worlds. Jimmy says that they should start with stopping the Syndicate from draining the energy. SpongeBob asks which of the worlds they should start with. Danny suggests his hometown, Amity Park.

Jimmy now becomes a playable character. The heroes enter the portal.

The portal sends them to a castle. Jimmy is confused about where they are. He says that he set the portal to land in Danny's school, Casper High. Jimmy says that he must have made a miscalculation. The heroes turn around and see Vlad Plasmius, Danny's archenemy. Vlad says that Jimmy has made no mistake and that he has taken up residence at Casper High. He says that he has been waiting for the heroes. Danny facetiously apologies and says that they should get the party started. Vlad says that he has the upper hand and the heroes see Danny's parents. Vlad explains that all Danny needs to do is join Vlad and he will let Danny's parents go. Danny says that he uses his powers for good. Vlad tells them that Danny cannot resist and that the Syndicate cannot be defeated and with every passing moment, the Ghost Portal|ghost portal behind him provides the syndicate with power for the ultimate plan and for Vlad. Danny says that he will never join Vlad. Vlad says that Danny will have plenty of time to reconsider as the heroes rot in the Ghost Zone Prison. He then knocks out the heroes.

They wake up in the Ghost Zone Prison. Walker is there. He explains that they are in the Ghost Zone Prison and that they should follow the rules.

The heroes find the Box Ghost. He says that he will open the door if the heroes deal with seven ghost rats. After they do this, the Box Ghost opens the door. The heroes walk around the prison for a while. Soon, they encounter their first Syndicate Troops. They defeat them and continue. Soon, they encounter their first Ghost Zone Prison guard. They defeat it. They continue, fighting guards and Syndicate Troops along the way. As they go the pass prisoners. Eventually, they get stopped by a gate that can be opened by Timmy with his Cosmo gun. Timmy does so and they continue. Along the way, they fight Syndicate Troops and open doors with levers. A few times, they have to use bouncy laundry baskets to get around. Soon they reach the cafeteria and continue to fight.

Goddard appears throughout the game allowing the player(s) to upgrade the heroes' powers. The first one is in the cafeteria.

The heroes continue, fighting guards and Syndicate Troops. Soon, they find the first ability pod. It is for Danny. The Ability Pods give characters new abilities. This one gives Danny the power to overshadow enemies. The heroes continue. Eventually, they make it to Walker. Walker tells them that they are never getting out. The heroes then fight and defeat Walker. After, he falls. Danny says that Vlad is not the only one with a ghost portal. If asks Danny, "You have access to a ghost portal?" Danny says that it is nearby.

Later, after going through a ghost portal, the heroes end up in the lab of Fenton Works, Danny's house. Jimmy is fascinated with the inventions. He says that the stuff in the lab looks the ghost hunting technology. He asks if Danny if he invented the stuff himself. Danny says that the Fentons are the ghost technology wizards, not him. Danny says that they need to figure out a way to shut Vlad's ghost portal down. Jimmy says that if he spends some time studying the devices, that maybe they will be able to build a gadget to close the portal. Cosmo says that this is no time to be studying. Timmy adds that they are heroes and heroes don't sit around studying. SpongeBob says that Timmy is right and that they need to say the world.

There is an ability pod for Jimmy. He enters and gains the ability to use his Shrink Ray|shrink ray. He uses it on a machine that is blocking the exit. He then moves it. Timmy uses his Cosmo gun to press a button to open the door.

When they leave the house, they see Sam Manson and Tucker Foley, Danny's friends. Sam tells the heroes that the six citizens have been overshadowed by ghosts and that the team has to take care of them. Tucker says that they will meet the heroes at the Amity Park Cemetery.

The heroes do this, while fighting Syndicate Troops. Twice, Jimmy has to use his shrink ray on a car to make it a movable platform. One of those times is to enter an area with an ability pod for Timmy. He enters and gains the Freeze Glove ability, which allows him to shoot ice and freeze water, enemies, and a few glowing blue areas. Timmy uses it on spout of water from a manhole to get past a laser wall. Once they complete the task, they head to the cemetery, where Sam and Tucker are waiting. Goddard is also there. Sam tells the heroes that the cemetery has a shortcut to Vlad's Castle. The heroes enter and have to fight some Syndicate Troops. Eventually, the heroes reach the gate to Vlad's Castle. SpongeBob says that Amity Park is a Ghost-Free Zone. Jimmy tells SpongeBob that he is wrong and that there is one big ghost left, referring to Vlad.

The heroes enter Vlad's castle. Danny says that they need to figure out a way to close the Ghost Portal. Jimmy says that Vlad would need a lot of energy to keep the portal open. Jimmy says that Vlad must have generators in the castle. The heroes see an ability pod for SpongeBob on a a high ledge. They see two cages at two different heights and SpongeBob uses them as stairs to get to the ledge. He enters the pod and gets the ability to soak up water. SpongeBob uses this power on a puddle below the ledge. He then shoots the water on a bucket and that creates a bridge. The heroes go through the castle, fighting Syndicate Troops along the way. They reach a gate and SpongeBob soaks up water at a fountain to open it by shooting water at a fire. The heroes continue on. They reach an area where a Purpleback Gorilla is in a cage. Danny walks on a small ledge and enters the cage from the top. He overshadows the gorilla and uses it to open a door blocking their way. The heroes continue to an outside area. Eventually, they enter the castle again. They head into a library that has a secret door that is activated by a lever. It leads the heroes to a large underground area. Eventually, the heroes reach the first generator, which consists of three Tesla coils, two small and one large Tesla coil. Timmy uses his freeze power on the large Tesla coil and the heroes destroy the other two. This destroys the large one. The heroes continue. Eventually they reach the second generator, which consists of four Tesla coils, three small and one large Tesla coil. The heroes destroy them too and continue. Eventually, they reach a giant drawbridge. Goddard is there. Timmy uses his freeze powers to destroy two giant winches that are near the drawbridge. They enter the next room, which has the third generator, which consists of five Tesla coils, four small and one large Tesla coil. They destroy that generator and continue. Soon, the heroes enter an attic-like room. It contains an ability pod for Danny. He enters it and gains the ability to phase through stuff. Soon, the heroes find the last generator, which contains the same amount of Tesla coils as the last one, but the platforms are separated. The heroes destroy them and a gate in front of the stairs to Vlad's throne room opens.

The heroes go up the stairs and enter the throne room. Vlad reveals that the Syndicate is building a device. The heroes have to fight Vlad, who is using Jack Fenton, Danny's father, as a puppet to help him. Danny has to overshadow Jack to break Vlad's force field. The heroes can then attack Vlad for a bit. This happens a few times until they defeat Vlad. Vlad then escapes through a portal. Danny says that they should escape before Danny's parents notice the heroes.

Jimmy says that he wanted to know more about their ghost hunting technology. Danny says that ghost boys and ghost hunters don't mix. The heroes enter a portal back to Jimmy's lab.

The heroes enter a portal to Bikini Bottom. They land on Conch Street. Jimmy tells Danny and Timmy to continue to chew their Neutronic Air Gum, which allows them to breathe. Danny asks where everyone is. SpongeBob wonders where everyone is. Jimmy thinks that the Syndicate is responsible for their disappearance. However, SpongeBob believes that everyone is holding a surprise birthday party for him. He looks for his friends a few times. SpongeBob gives up and Jimmy starts to say something, but some robot Syndicate troops appear. They say, "Surprise!". SpongeBob thinks that it is a costume party. Sandy, one of SpongeBob's friends, appears and destroys one with a Karate chop. SpongeBob says that he knew that Sandy would not miss his surprise party. Sandy then corrects SpongeBob by saying that his birthday is not for another month. Sandy then tells them to follow her.

The heroes follow Sandy, breaking some walls and fighting enemies along the way. Eventually, they reach a bridge.

Sandy crosses it, but before any of the others can go on it, it breaks. Another bridge is available, but it takes them through a longer path to get to Sandy. They take it and meet up with Sandy. They follow her again.

They reach another bridge. The heroes go on it, but before Sandy can go on it, it collapses. She tells them to keep going through the Clam Beds to reach the Krusty Krab, where she will meet them.

They do this, avoiding being eaten by clams. They reach the Krusty Krab. Sandy greets them. She tells them before they can deal with Plankton, SpongeBob's archenemy, they need to find five Bikini Bottomites.

Danny phases through a gate near the Krusty Krab and opens the gate by pulling a leaver. in the fenced off area is an ability pod for SpongeBob. He enters and gains the ability to use DoodleBob as a lure. He uses it on a Syndicate Troop to get it to roll over a button that causes a vertical bridge to fall flat and the heroes cross it. They find the Bikini Bottomites and head back to Sandy.

She tells the heroes that Plankton has taken control of Bikini Bottom. He has locked up anyone who has resisted and one of those was Mr. Krabs, SpongeBob's boss. Sandy then tells the heroes that Plankton is capturing Jellyfish in Jellyfish Fields, the home of the Jellyfish, and is sending them to his Jellyfish Fortress Factory, where he is extracting their sting for energy. Sandy has a plan. She tells them that they need to go to Jellyfish Fields and destroy Plankton's Jellyfish Harvesting Machines. Next, they need to sneak into Plankton's fortress and shut down the machines. They will then be able to go to Plankton's control center and shut everything down. Timmy says that it is like an action movie and asks if they have any secret agents. Sandy says that they do. He is in Jellyfish Fields and his code name is "Agent Star". Sandy says that their mission is to make contact with him.

The heroes go to Jellyfish Fields, but before they can get there, they have to go through a gully and defeat a lot of Syndicate troops. Once they do, SpongeBob tells them that they have to be quiet so that no one, but Agent Star knows that they are there. Patrick Star, one of SpongeBob's friends, appears and tells SpongeBob that he is a secret agent. SpongeBob warns Patrick of an approaching Jellyfish Harvester, but it is too late. Patrick gets sucked up and put into a basket. SpongeBob starts crying, but Danny assures SpongeBob that they will get him back. The heroes go through Jellyfish Fields, destroying Jellyfish Harvesters along the, they reach an area that has a statue of Kevin the Sea Cucumber, a famous Jellyfisher. Goddard is there. They continue. The heroes eventually reach an ability pod for Jimmy. He enters and gains the ability to use a flare gun. He uses it on a device that is keeping a bridge up. It then falls and they continue. Soon they reach the ship of the Flying Dutchman, a ghost that haunts Bikini Bottom.

The heroes meet him and he tells them that they can never leave. SpongeBob greets the Flying Dutchman. After realizing that SpongeBob is there, he allows SpongeBob to leave, but Danny, Jimmy, and Timmy have to stay. SpongeBob says that he cannot leave them and the Flying Dutchman will have to keep SpongeBob too. He says that he has been practicing being a pirate. The Flying

Dutchman does not like the idea of keeping SpongeBob. He says that if he had his old crew back, he would not need the heroes. Danny suggests that they help get the Flying Dutchman's crew back. The Flying Dutchman says that his old crew will not listen to them. Danny says that he thinks that the crew will listen to them. The Flying Dutchman agrees and says that if the heroes can get his six crew members back, he will let them go. However, if they fail, the heroes will have to be his crew forever.

They go through several ships and get the crew back. They head back to the Flying Dutchman.

He sails off. SpongeBob says, "So long, Mr. Dutchman." When the Flying Dutchman leaves, his Anchor hits a giant door and opens it. The door leads to the Jellyfish Fortress Factory.

The heroes enter the factory. Jimmy looks at some plans and says that there are four Emergency Vents that they should be able to release the Jellyfish through. The heroes hear a noise. SpongeBob sees that it is Patrick in a jar. Jimmy uses his shrink ray to shrink a boat to make it more accessible to the humans. Timmy goes on a vat that contains Jellyfish and shoots the jar that Patrick is in. Patrick starts walking but gets stuck. The heroes notice an ability pod for Timmy. He enters it and gains the ability to become Cleft the Boy Chin Wonder, his superhero sidekick alias. This ability allows him to twist valves with a robot hand that comes out of his mask's chin. He twists a valve and a platform lifts allowing Patrick to continue to the next room. It also opens a door, allowing the heroes to continue. As they go through the factory, the heroes go through puzzles and help Patrick along the way. One of which includes having Jimmy use his flare gun to make a large container spill out some water to allow SpongeBob to use that water to stop two fires that are blocking Patrick's way. Eventually, they find Patrick, who is behind a giant engine. the heroes use Jellyfish on some conveyor belts to jump to the engine.

They destroy the engine and Patrick reminds them that they need to open the four emergency vents.

After fighting some Syndicate Troops, the heroes find the first valve. They get to it and Cleft turns it. The heroes continue. The next room they enter contains two paths to two of the valves and one of the valves in it. Sponge Bob soaks up some water and shoots it on a giant Jellyfish that then allows the heroes to jump on it. Cleft does so and goes on a path that leads him to the valve in the room. He turns it. He leaves and the heroes take one of the paths. One of them leads to an area with acid and three hanging platforms with barrels on it. Jimmy uses his flare gun to make the platforms fall, allowing the heroes to cross to another platform that has a vertical moving platform that leads to a platform that has the valve. Cleft pulls it and the heroes return to the main area. One of the paths leads to an area with laser walls, which can only be turned off with buttons. Behind the walls, there is one of the valves. Danny uses his phase ability to float over to the buttons and push them. Cleft then turns the last valve. The heroes head back to the main room. Once all the valves are turned,

Patrick, who is waiting for them in front of a door, tells the heroes that Mr. Krabs and Plankton are through the door. The heroes go through into the next room, which has a path that leads to the Chum Bucket's laboratory. After defeating Syndicate Troops, they enter the next room, which contains Plankton's Lab, a cracked wall, Goddard, and an ability pod for SpongeBob. He enters and is given the ability to make bubble bombs. He uses one to open the crack. The heroes continue into a corridor that leads them to another cracked wall. After SpongeBob makes a bubble bomb and it explodes, they enter the kitchen. Here, cleft has to move a refrigerator, so that he can pull a valve that opens a door. The heroes go through the door and enter the dining area. Here, the heroes have to defeat all the Syndicate Troops before the door to a stairway to the roof, where Plankton is, opens. Once they do this, they head to the stairs.

They go up the stairs and reach the roof. After a short conversation with Plankton, he gets in a giant crab machine and the heroes have to defeat him. SpongeBob sends a bubble bomb to the underside of the Crab machine. This makes the machine flip and the heroes can attack. Eventually, the machine flips upright and the process repeats. After the heroes defeat Plankton, he reveals that the Syndicate is still getting power from Dimmsdale. He also reveals that the machine that they are building is a Doomsday machine. He takes a pod and escapes. The heroes enter a portal back to Jimmy's lab.

The heroes take a portal to Dimmsdale. They land at the front of the Crocker's Fortress|Fortress of Mr. Crocker, Timmy's archenemy. Wanda says that there is a rainbow of Fairy magic flowing into Crocker's Fortress. Jimmy is confused because he thinks it is a real rainbow. Wanda tells him that it is a different type of rainbow. Still thinking that Fairy World, is a game, (See "Jimmy Timmy Power Hour" section above for more details) Jimmy believes that Crocker is extracting energy from the Fairy World computer simulation. The area contains a giant head of Mr. Crocker, which is the entrance, two pillars, two platforms, one that is short and one that is taller, an ability pod for Jimmy on the taller platform, and a button on the wall of the short platform. Jimmy uses his shrink ray on the pillars. He goes on the short platform, onto the closest pillar, onto the head, onto the other pillar, and onto the taller platform. He enters the ability pod and gains the ability to headbutt things with a special helmet. He then goes back to the button, which is called a "Slam Pad" and presses it. It opens the mouth. The heroes then fight Syndicate Troops through the fortress and use Danny's phase powers and SpongeBob's bubble bombs to get further into the fortress. Eventually, they find themselves in a corridor with Syndicate Troops, another head door, and a button. One of the heroes pushes it and the head opens, revealing a room with a giant crystal and several pathways.

The heroes enter the room. Wanda says that they need to redirect fairy magic back to the central prism before they can use it to get to Fairy World.

One of the paths leads to a yellow room where the crystal is in the front of the room. The room has net platforms and bridges that lead to the redirection switch. Jimmy sees a candle and uses his flare gun. It causes a platform to appear. The heroes follow the first bridge and stand on the first net platform. Jimmy notices another candle and fires his flare gun at it. It causes two more bridges to appear. The heroes follow the path until they reach a solid platform that has a slope leading to the redirection switch. One of the heroes slams on the switch and the magic is redirected to the Diamond. The heroes head back to the main room. One of the rooms is blue and the crystal is in the front of the room. Two cages are blocking two platforms of two different heights. Danny uses his phasing power to enter one of the cages. He picks up the platform and the cage moves down. Danny then moves it near an area further into the room that has a high platform and a button that Timmy with his Cosmo gun can hit. Danny then goes back and does the same for the other cage and platform. Timmy uses the platforms as steps to the high platform he presses the button and a caged area that was blocking the heroes opens. Behind it, there is a slope leading to the redirection switch. One of the heroes slams on the switch and the magic is redirected to the Diamond. The heroes head back to the main room. One of the paths leads to a dark pink room where the crystal is in the front of the room. The room contains skinny platforms and giant machines that go down and up. One of the heroes follows the path, missing the machines. At the end of the path is a slope leading to the redirection switch. The hero slams on the switch and the magic is redirected to the Diamond. The heroes head back to the main room. One of the paths leads to a purple room where the crystal is in the front of the room. At the front of the room, there is two platforms on the side that are connected by a cage door that is blocking the heroes. One the sides of the cage door, there are two caskets. The heroes hit the caskets. Both caskets contain ghosts. Danny defeats them. The casket on the left contains the switch. One of the heroes pulls it and four more caskets are revealed; two on one side and two on the other. Like before, there is a cage door blocking the heroes. The heroes break the four caskets and again all four contain ghosts. Danny takes care of them. The one closest to the cage door on the right contains the switch. One of the heroes pulls it. The cage door opens revealing two paths to the platforms that were next to the cage doors. There are three caskets on one side and three on the other. The one on the left contains two caskets with ghosts and one with a switch. The one on the right contains three caskets with ghosts. One of the heroes pulls the switch, which makes stairs appear in the backside of the room. They lead to a button. One of the heroes slams on the switch and the magic is redirected to the Diamond. The heroes head back to the main room. One of the paths leads to a light blue room where the crystal is in the front of the room. The room contains a pool of water on the left and some separated platforms with rings at the bottom between the platforms that are above some ice. SpongeBob absorbs some water and hits the rings, causing two ice cylinders that are about the same height as the platforms they are between to appear. The heroes walk across them. SpongeBob sees another pool of water on this larger platform. He absorbs the water and spits it on three rings that are between the final platforms. The cylinders appear and the heroes cross them. The path leads to the button and one of the heroes slams on it. The magic is redirected to the Diamond. The heroes head back to the main room. After each redirection, the heroes have to face Syndicate troops.

After they face the last Syndicate troops, it is time to go to Fairy World. Wanda tells them that on the count of three Cosmo and Wanda will touch their wands to the diamond and they will all transport to Fairy World. Jimmy does not understand what is about to happen, but he trusts them. Timmy tells them that it will take them straight to Fairy World. He realizes what he is saying and adds, "simulation" at the end. Timmy then adds that they have to figure out what Mr. Crocker has done. Wanda says, "Okay, here we go, three… two…" Cosmo interrupts her by asking, "Was that three, two, one, go? Or just three, two…" Wanda finishes her statement and Cosmo's by saying, "One."

They are transported to a platform near the Fairy World sign. Wanda says that Mr. Crocker taking the power from the Big Wand to feed to the Syndicate's doomsday machine is not good. Jorgen shows up and Jimmy, Danny, and SpongeBob scream. Jorgen is relieved that there is finally help. However, he does not like that Cosmo and Wanda brought "puny" children instead of mighty heroes. Cosmo Wanda then point out that they may be small, but they are mighty heroes. Jorgen accepts this and says that with the heroes' help, the fairies can fight back. He first asks the heroes to free the captured fairies. He adds that they will need all of the fairies to take back Fairy World. Timmy says that they should get to it and that they need to stop Mr. Crocker as soon as possible.

They starting heading to Fairy World. When they get there, they enter an area with an ability pod for Danny. He enters and gains the ability to use his Ghostly Wail, a super powerful blast of vocal energy. Using this power and others from the team, the heroes save the fairies and head back to Jorgen. On their way to saving the fairies, the heroes come across the final ability pod. It is for Timmy. He enters it and gains the ability to heal characters. However, it uses up his power energy in the process.

When the heroes reach Jorgen, he tells them that Mr. Crocker is on the Big Wand and that they should take the path next to him through the mountains to get to the big wand. He opens the door to the path and the heroes start traveling on it.

The heroes travel the path until they reach the mountains. They continue through the mountains until they reach the Big Wand.

The heroes get to the top of the Big Wand and meet Mr. Crocker. Mr. Crocker is in a mech suit. He reveals that the Syndicate has enough power for the Doomsday Device and soon the Syndicate will demonstrate its power over all worlds by destroying one.

Much like the generators in Vlad's Castle, there are Tesla coils. Unlike Vlad's Castle, all the Tesla coils have to be frozen to destroy them. Unlike the previous two bosses, where the heroes had to drain the power of villains before defeating them, Crocker can be hit before destroying the Tesla coils are even shut down. In fact, the player has to hit Crocker until near defeat to make the Tesla coils vulnerable to freezing. The challenge comes with the fact that Mr. Crocker can use the Tesla coils to regenerate his life. The heroes have to go through three levels of the Big Wand before defeating Mr. Crocker.

When the heroes defeat Mr. Crocker, he reveals that the Doomsday Device is fully charged and he floats away. Jimmy says that they need to head to Retroville right away and they need to find Professor Calamitous before he uses the Doomsday Machine. They use a portal and head back to Jimmy's lab.

When they get there, Cindy is there. Jimmy asks why Cindy is there. She says that Jimmy has once again ruined the lives of everyone in Retroville. Jimmy asks here, "What makes you think I'm involved?" She says that it doesn't takes a genius to figure out that if something this bad is happening Jimmy is involved. Timmy walks over to Cindy. Cindy continues, asking what Jimmy is going to do about it. Timmy greets Cindy. She does the same for Timmy. Jimmy says, "We haven't got time for this? We need to find Professor Calamitous before he starts his Doomsday machine." Jimmy then gets a transmission from Professor Calamitous. He explains, with the help of the other villains, that all the worlds will bow down the Syndicate's power or they will be destroyed. He explains that since the Doomsday machine is ready, their worlds have no choice, but to accept the Syndicate's demands. He also says that the heroes cannot stop them. The transmission ends. Jimmy says that they can stop the Syndicate if the heroes disable the Syndicate's Doomsday machine. He says that he has to find Professor Calamitous' lab. SpongeBob says that he thinks that Goddard might need a bath and that he looks like he has fleas. Jimmy says that Goddard does not get fleas. Jimmy realizes something. He realizes that Flea-bots are the reason that Calamitous was able to copy his Portal plans. Cindy criticizes Jimmy for caring about fleas inside of Goddard. Jimmy explains that they need to find Calamitous' lab. If Calamitous is watching them, then the flea-bots are sending him a signal which he can track the signal to Calamitous' lab. He says that they needs a plan. He thinks really hard and has a "Brain Blast". He says that they can shrink themselves down with a large Shrink Ray and fly into Goddard's mouth using his Hovercar. Once they capture the flea-bot, they can trace the signal back to calamitous' lab.

Timmy uses his Freeze powers to open a locked door. The heroes heroes then go through a path that ends with a platform where Cleft can twist a valve to open a door. He does so and they enter a room with some of Jimmy's inventions. Jimmy then headbutts Slam Button to enter the room with his Hovercar.

The heroes do Jimmy's plan perfectly. They end up inside Goddard. They leave the hovercar and Jimmy explains that the signal is the strongest in Goddard's head. He explains that there are also minor drains to take care of.

The heroes go through Goddard's body, fighting flea-bots. Cleft helps take care of the drains. Eventually, the heroes face the Artificial Immune Robots, which remove unwanted things. However, it thinks that the heroes are unwanted, so it attacks them. The robots are needed to access the next areas, so Danny overshadows them. The heroes continue until they reach Goddard's main processor.

Jimmy says that the only way that it can let them inside is to get security clearance for Timmy, Danny, and SpongeBob. Jimmy adds that he already has clearance. If the heroes enter Goddard's memory through the ports one the platform, they should be able to convince Goddard to give each of them access. Timmy asks what they will have to do. Jimmy explain that if the heroes have to help Goddard, he will trust them and give them clearance.

There are three areas. Each contain a virtual version of Jimmy's backyard. In Danny's, he has to use his phase ability to locate Goddard's memory tokens, which look like wrench, which are like bones to Goddard, to gain the trust of Goddard. They are hidden all around the yard. In Timmy's, he has to use his Cleft ability to locate wrenches, but can also use his freeze ability for one. In SpongeBob's, he has to use his water soaking ability to shoot water at large flowers.

Once all three tasks are completed, the heroes go up stairs to a door, which leads to Goddard's head. The heroes enter Goddard's head.

Jimmy says that the Flea-bot should be in the room somewhere and reminds everyone that they need to retrieve the transmitter so that they can trace the signal to Calamitous' lab. The heroes do not see the Flea-bot. A giant (compared to their current size) Flea-Bot appears and all of the heroes' scream.

They have to defeat this Flea-bot. To defeat the Flea-bot, the heroes hit it, but like Crocker, it can regenerate its life when it goes between Goddard's eyes. To stop it from doing this, a character has to hit one of Goddard's eardrums, which looks like a large version of real drums. This repeats several times.

When they defeat the Flea-bot, Jimmy gets the coordinates to Professor Calamitous' lab. The heroes then leave Goddard's head and grow back to normal size. They then head to an abandoned warehouse using the hovercar. They go underground and meet the Syndicate who are in the giant machine.

They all have force fields around them. Vlad's is made of ghost energy, Plankton's is made of Jellyfish energy, Mr. Crocker's is make of Fairy Magic, and Professor Calamitous' is made of Goddard's energy. Mr. Crocker laughs and says that the Syndicate cannot be stop. Jimmy says that they are there to stop the Syndicate. SpongeBob then adds that once the heroes stop the villains, then the villains will spend a long time in Jail. Professor Calamitous says that the heroes will not quit until the Syndicate shows them… He struggles to continue. He then figures out the word and continues to say, demonstration of their power. The computer voice starts up saying, "Universal Doomsday Machine countdown initiated. Retroville destruction will commence in 5 minutes and counting. Have a nice day." Professor Calamitous says that once it starts, it cannot be stopped. He says that he never got around to finishing the override switch. Danny asks them if they are crazy because they will be destroyed too. Vlad says that they will be safe inside the protective capsule. Mr. Crocker says that even Fairies cannot save Timmy now. Timmy says that they have to disable to doomsday device. Plankton asks what kind of amateurs do the heroes think the Syndicate is. Professor Calamitous says that it won't be as easy as the heroes think to stop them. Professor Calamitous tells his Computer to activate the Doomsday Device's defense systems.

There are four paths in the room. Each leads to another switch that deactivates the villains' protective capsules. The order of the villains is: Vlad, Mr. Crocker, Plankton, Professor Calamitous. It should be noted that it was not that Vlad was defeated, Mr. Crocker was defeated, etc., but instead the Heroes hit Vlad a few times, the machine started over, the heroes hit Mr. Crocker a few times, etc. Eventually, the Heroes defeat the Syndicate and power down their protective capsules.

Professor Calamitous is surprised that the heroes stopped the defense system. Jimmy says that Professor Calamitous has taught Jimmy a valuable lesson in teamwork. Professor Calamitous says that it is not over yet since the heroes still have to stop the Doomsday Device. Timmy says that there are only 30 seconds until it goes off. Jimmy tries to think of an idea. Meanwhile, SpongeBob looks around. Danny suggests going ghost with it. He says that that won't work. SpongeBob spots something and runs to it. SpongeBob tries to get the attention of the heroes, but they are not listening.

Timmy suggests using Cosmo and Wanda to send it into a black hole. Jimmy then says that he can reconfigure the plasma flux and reverse the polarity. He then realizes he does not have enough time to do that. Danny asks what they are going to do. The machine then shuts down. Timmy asks what happened. The heroes look at SpongeBob to see that he is holding a bunch of plugs. SpongeBob is surprised that it worked. Professor Calamitous says that he never finished the backup power supply. Danny says, "Way to go, SpongeBob." He then adds that SpongeBob saved the day.

Later, in Jimmy's lab, Jimmy says that with Professor Calamitous in prison and the other villains in the custodies of their respective heroes, Jimmy says that it is time to go their separate ways. Jimmy tells them to take the Neutron Recallers with them. He says that if anything like that happens again, the heroes can work together to resolve it. SpongeBob thanks Jimmy and says that he can visit SpongeBob in Bikini Bottom any time. He says that he must be going because he does not want to lose his job at the Krusty Krab. Danny asks, "Mr. Krabs would fire you after saved his life?" SpongeBob says that Mr. Krabs would not do that, but if SpongeBob is not on time, Mr. Krabs will start charging him for wasting his time. SpongeBob adds that sometimes he has to work all day just to break even, but he loves working there. SpongeBob says, "So long, guys," and leaves. Danny says that it is his turn to say goodbye. Danny then gives Jimmy a Fenton thermos. Jimmy says with this technology, he can figure out what those "phantasmal projections" really were. Jimmy asks if Vlad is still in the thermos. Danny says that he is in another one that Danny has. Danny says that he borrowed Jimmy's matter duplicator to make a second one. Danny leaves. Jimmy says that it is good to see Timmy again, but they should probably say goodbye. Timmy thanks Jimmy for lending Timmy his hypercube. He says that he will let Crocker out when he gets back to Dimmsdale. Cindy says goodbye to Timmy and that she is missing him already. Timmy leaves. Jimmy says that life is almost back to normal. He adds that there is just one more thing left. Jimmy tells Cindy to get out of his lab.

Vypra: We welcome a new member into the Masters of Evil.

Welcome to the Masters of Evil, Professor Calamitous.

Professor Calamitous: I will not let you down mistress Vypra.

They all laughed malevolently.

UH OH!

Another Awesome Scooby Doo movie done.

Scooby Doo! Mask of the Blue Falcon was an awesome movie that I saw and it was so awesome! Now we have Professor Calamitous to worry about in the Masters of Evil. Konan on Naruto was so beautiful and she had gorgeous blue hair and magnificent angel wings. The next villain we're gonna face is Dark Azula reborn as a Nobody named Zuxala and be ready for a powerful Firebending fight like no other as we burn everything. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is the ruthless imaginary friend of Timmy Turner Imaginary Gary and we're gonna destroy him once and for all.

See you all tomorrow.

# An Evil Imaginary Friend

We were over at the Destiny Islands in Lake Huron. We were there for one thing: To see Sora's mom. After Sora embarked on his perilous journey to save the entire universe from the evil plans of Xehanort, he felt like his mom thought he was dead. But we're heading over there now to prove her wrong. With us were Sora's friends Tidus, Selphie and Wakka. Friends that he has known on the Destiny Islands for years.

Me: So Sora, what is your mom like?

Sora: She's a very nice woman. The last time I heard from her was when she was calling me for dinner and the darkness came and took the Destiny Islands to the Realm of Darkness.

Aqua: And that's when your journey began bro.

Me: Boy that was when all Hell broke loose when Xehanort was gonna destroy the entire universe. But thank goodness we all stopped him.

Nico: No kidding. It's just awful that Xehanort did all kinds of terrible crimes all over the universe.

Me: And we still have all of his evil essence to clean up over the span of 47,000+ Galaxies.

Kairi: That's awful.

Aqua: But we all can do it. But I haven't seen Tsuki in forever. She is a really kind and amazing woman.

Sora: That's my mom for you.

Tidus: Things have changed so much since then huh?

Selphie: No kidding. Its been so long since that day when we were sent into darkness.

Wakka: I know. It feels so much different now.

Kairi: But the good news is that we'll never see Xehanort again.

Me: Yeah.

Lincoln: One can hope.

We arrived at Sora's house and it had a magnificent garden and beautiful flowers and more.

Nico: Wow. Sora your house is amazing.

Sora: It sure is.

Kairi: Wow. Last time I was here it didn't have so many flowers.

Aqua: Tsuki is a beautiful gardener.

Me: She sure is. Look at all the beautiful flowers. (Sees something) What's that?

We went over and we saw that it looked like a tombstone.

Lucy Loud: Gasp. It's a tombstone.

Maria: (reads what's on the grave) "R.I.P. Sora. Beloved Son"

Me: Oh my god. Sora, she thinks you're dead but you aren't.

Amorpho: I can't take much more of this.

Amorpho turned into Starscream and fired his Null Ray into the air.

Tsuki then heard the blast and came out.

Tsuki: What's going on here?

She saw Sora and gasped in shock!

Tsuki: Sora? (Tears up) Is that really you?

Sora: It sure is mom. I'm back.

Tsuki came and hugged him for the first time in a while and was crying in joy.

Tsuki: (Crying) Sora! It's really you! It's really you!

Sora: Yes mom. I'm back.

We later went into her house and we explained what was going on with Sora. She was floored and shocked.

Tsuki: So all this time, Sora was out saving the entire universe from the evil of Xehanort?

Aqua: He was. Sora is a hero to everyone.

Me: He's also a pure hearted soul that saved the entire universe from total destruction. We helped him of course and Sora was in good hands.

Tsuki: Thank you so much for keeping Sora safe!

Captain Atom: It was our pleasure, ma'am.

Me: Sora has become like an awesome brother to us and all of Team Loud Phoenix Storm.

Varie: And he had an amazing journey that was incredible.

Tsuki: Wow. Sora, you've all been through so much.

Sora: But I never stopped thinking about you on our journey.

Aqua: And now he and I have become so close that we are brother and sister. I've become a big sister to Sora.

Tsuki: (to Aqua) So you're Sora's big sister now?

Long Haul: She sure is. She confirmed it on the day we took out Cruella De Ville.

Tsuki: That's incredible. Aqua, I'm so happy for you.

Aqua: I am too Tsuki.

William: As a result of their sibling bond, Sora and Aqua can read each other's emotions and can talk to each other telepathically.

Slingshot: But unlike our telepathic links with each other, their telepathy is private. So not even we can figure out what they're saying.

Tsuki: Wow!

Me: We were amazed ourselves. Sora has quite a story to tell you.

Tsuki: I would like to hear it.

Sora then began to tell Tsuki about everything that happened on his adventure.

First it started with how he, Riku and Kairi met the Legendary Keybladers in Birth By Sleep.

---

Kingdom Hearts Birth by Sleep begins in the Land of Departure, where three Keyblade wielders and close friends-Terra, Aqua, and Ventus (more commonly known as Ven)-train to become Keyblade Masters under Master Eraqus. To achieve this rank, Keyblade Apprentices must take the Mark of Mastery exam once they come of age. Terra and Aqua take this test together and in the first round Master Xehanort sabotages the exam, forcing Ventus to intervene. In the second round Terra and Aqua fight each other, but while Aqua passes the test, Terra is deemed unfit to become a Keyblade Master due to the abundant darkness in his heart.

Afterward, a group of mysterious creatures called the Unversed begin to surface in other worlds, and another Keyblade Master, Xehanort, disappears without a trace. Terra is sent to destroy the Unversed and find Master Xehanort, who had earlier encouraged him to embrace the darkness in his heart if he desires the strength to become a Keyblade master. Ven, meanwhile, is goaded into following Terra by Xehanort's mysterious apprentice Vanitas, against Eraqus's wishes. Aqua is dispatched by Eraqus to survey Terra and keep him from falling into darkness, as well as to bring

Ventus back to the Land of Departure.

Upon arriving in other worlds, Terra, Aqua, and Ventus encounter various Disney characters, new and old, fighting off hordes of Unversed along the way. Among the characters they meet is Mickey Mouse, apprentice of the sorcerer Yen Sid, who is also on a mission to destroy the Unversed. Terra ends up attracting the attention of several Disney villains, who offer him the whereabouts of Master Xehanort in exchange of assistance for their own dark agendas. Terra reasons that Master Xehanort is after the seven Princesses of Heart-maidens who lack darkness in their hearts-and encourages Aqua to help them strengthen the light in their hearts, hoping it will draw Master Xehanort out.

However, Aqua and Ven grow increasingly concerned for Terra when they hear rumors of him committing sinister deeds throughout other worlds. The three briefly reunite at Radiant Garden, where Aqua meets Kairi, a young girl containing a strong and pure light in her heart, and helps strengthen her light. Aqua and Ven also confront Terra, who distances himself from them to keep them out of the way of his increasingly dangerous dark powers. Terra and Aqua try to convince Ven to return to the Land of Departure, but he refuses until he is certain Terra won't fall into darkness.

Terra and Aqua eventually find themselves at Destiny Islands, where they encounter two young boys, Sora and Riku. Terra sees potential within Riku and deems him worthy of one day wielding the Keyblade, while Aqua senses strong ties with Sora and Riku to Ven and Terra, respectively. Ven, meanwhile, comes across Master Xehanort, who reveals his intentions to use Ven's heart to create a final Keyblade known as the χ-blade, something Master Xehanort says Master Eraqus had known all along. Ven returns to the Land of Departure to confront Eraqus, who tries to erase Ven to prevent Master Xehanort's plans from succeeding.

However, Terra, who had been sent there by Xehanort, misinterprets the situation and attacks Eraqus, teleporting Ven to safety. As soon as Terra realizes his error, Master Xehanort arrives and cruelly kills Eraqus and tells Terra to go to the Keyblade Graveyard, leaving the Land of Departure to be consumed by darkness. At Destiny Islands, Ven once again encounters Vanitas and learns of his hazy past: Ventus was once Master Xehanort's apprentice, but his heart was deemed too frail for Master Xehanort to use him as he intended, so he extracted the darkness in Ven's heart and used it to create Vanitas. As with Terra before him, Ven is instructed by Vanitas to go to the Keyblade Graveyard. Aqua, in the meantime, learns of Eraqus's death from Yen Sid, who tells her to go to the Keyblade Graveyard as well.

Terra, Aqua, and Ventus gather at the Keyblade Graveyard, where the remains of the mysterious Keyblade War are found. Master Xehanort appears with Vanitas and reveals his plan to use the χ-blade to unlock Kingdom Hearts and unleash the forbidden secrets of the Keyblade War onto the various worlds, as well as to use Terra's body as a new vessel for his own heart so that he may survive long enough to see his plans come to fruition. An epic battle ensues, with Xehanort freezing Ven, and Vanitas knocking Aqua unconscious. In his rage, Terra unleashes the darkness in his heart, inadvertently allowing Xehanort to unlock his own heart and successfully transfer it into Terra's body, which results in the birth of a new, younger Xehanort.

However, Terra's mind continues to linger in his discarded suit of Armor, which comes to life and defeats Xehanort. Ven, meanwhile, manages to thaw himself before Vanitas can kill Aqua, and discovers his dark counterpart to be the source of all Unversed. Vanitas merges with Ven, possessing him and creating the χ-blade. Aqua awakens under Mickey's care, and the two fight the possessed Ventus while he battles Vanitas from within. Aqua shatters the χ-blade as Ven destroys Vanitas, bringing an end to the Unversed, though Ven's heart is lost in the process. The destroyed χ-blade unleashes a burst of light, which consumes everyone present and scatters them to the corridors of space, save for Terra's Lingering Will, which remains in the Keyblade Graveyard.

Mickey saves Aqua and Ventus and brings them to the Mysterious Tower, where Aqua learns that Ven has fallen into a deep sleep and will not awaken until his heart returns. Aqua brings Ven back to the ruins of the Land of Departure, where she discovers Master Eraqus's Keyblade, and uses it to unlock the Chamber of Waking and recreates the world as Castle Oblivion from the ruins. After leaving Ven within the chamber, Aqua goes to Radiant Garden where she encounters Master Xehanort still in Terra's body, but having lost some of his memories. Aqua then battles Xehanort who after the fight attempts to unlock his heart, losing his memories completely in the process.

Soon after, Terra's body starts sinking into darkness, but Aqua dives into the darkness and saves Terra from disappearing. Realizing her glider won't be able to make it back through the portal in time, Aqua sacrifices herself by discarding her armor and using it to guide her glider, Terra-Xehanort in tow, back through the portal leaving herself behind and lost in the Realm of Darkness. Xehanort is discovered by Ansem the Wise, ruler of Radiant Garden, and goes on to become his apprentice. Ventus's wandering heart finds its way to young Sora, merging with the young boy's heart.

Blank Points

An unlockable secret ending shows the hearts of Terra and Master Xehanort lying dormant in Xehanort's body, waiting to see which will control it in the end, with Eraqus's heart revealed to be sealed within Terra's. It also shows a recovered Xehanort walking with Braig as Ansem the Wise and Ienzo pass by.

Shortly after the end of Kingdom Hearts II, Aqua encounters Ansem the Wise in the Dark Margin. Ansem, who had survived the explosion of his Kingdom Hearts Encoder with few of his memories remaining, reveals to Aqua that while darkness threatens to swallow the worlds again, hope lies in the form of Sora, who prepares to set out on another journey to help all of those whose hearts are connected to his.

Next was the ordeal Aqua went through in Kingdom 0.2 Hearts Birth By Sleep - A Fragmentary Passage.

---

As the Keyblade War concludes and the hearts of the fallen ascend to Kingdom Hearts, Luxu watches from afar in silence with the Black

Box at his side as he uses the Gazing Eye to relay the events to the Master of Masters.

At the Mysterious Tower not long after Master Xehanort's resurrection, Riku, Kairi, and King Mickey are having an audience with Master Yen Sid. Yen Sid explains that in order to confront Xehanort, they will need to gather the Seven Lights, among those which include the three Keyblade Wielders who befell a terrible fate over a decade ago. At Yen Sid's request, Mickey tells Riku and Kairi of the time he came across Aqua in the Realm of Darkness.

The story begins where Kingdom Hearts: Birth by Sleep Final Mix's Secret Episode ended, with Aqua discovering the Castle of Dreams within the Realm of Darkness. Sensing something suspicious, Aqua makes haste towards the castle, fending off repeated Heartless attacks along the way. However, upon approaching the castle grounds, the clock on the castle's tower advances, causing the land to crumble.

Aqua enters the nearby town to find five Gears that will turn back the clock and restore the grounds. As she locates the Gears and activates them, Aqua experiences flashbacks to her time in the Realm of Light. After reviving the path to the castle, Aqua makes her way forward, but is accosted by a large swarm of Shadows conglomerating into a Demon Tower, which she successfully repels. Entering the castle, she spots what appears to be Terra. When she approaches him, though, the apparition disappears into light. Aqua solemnly recalls her past with her friends before proceeding.

Moving beyond the castle, Aqua next finds herself in the remains of Dwarf Woodlands, with only a single casket before her. Approaching the casket, she sees Ventus within, and desperately calls out to him. However, as with Terra, Ventus too vanishes, leaving Aqua alone. As Aqua searches for her resolve, she notices a large mirror floating near her, and reaches out to it. As she does. her apparent reflection suddenly grabs her arm and pulls her into the mirror, taking her to The World Within. Discovering that the path back is blocked, Aqua approaches the central chamber before being surrounded by three shadowy mirrors that appear to taunt her before flying off into the central chamber.

Aqua, realizing that the shadowy mirrors must be some sort of clue, begins to investigate the mirrors, while being seemingly haunted by her own self-doubt. Upon finding the first mirror, Aqua hesitantly approaches it and stares at her own reflection. In moments, the reflection suddenly comes to life, stepping out of the mirror and summoning a Keyblade while taunting her. It then engages Aqua in a fight, in which Aqua successfully dispels the phantom. Aqua proceeds to seek out the other two Phantom Aquas and defeat them, then returns to the mirror from which she came. She reflects on what the Phantoms have been telling her, painfully admitting that they are the manifestations of her own doubt and self-loathing that are trying to kill her, and that she is starting to let the darkness into her heart. Regardless, Aqua accesses the mirror and pushes on.

Exiting the mirror, Aqua ends up in the remains of the Enchanted Dominion, where she once again spots the apparitions of Terra and Ventus. Declaring her intent to find them, she chases the illusions across the forest, encountering numerous Darkside in the process. Upon exiting the forest, Aqua finds herself in a vast landscape haunted by countless Darkside, all of which appear to be feeding a large orb of darkness in the sky. Aqua takes it upon herself to vanquish the Darkside protecting the orb, eliminating it and causing the orb to dissipate feebly and escape.

Aqua finally manages to catch up to the illusions of Terra and Ventus; calling out to them, she is surprised when Terra responds to her. Terra reveals that he is unable to see anything within the Realm of Darkness, and that both he and Ventus are illusions conjured by Aqua. He explains to Aqua that he is no longer in control of his body, but while Aqua reflects on Ven's comatose state, Xehanort suddenly takes over and nearly tricks Aqua into revealing Ven's hiding place in Castle Oblivion. Before she can do so, Terra reappears and grapples Terra-Xehanort from behind, restricting him and summoning binding chains. From behind Aqua and Ven, a dark portal manifests and a Darkside's hands grab Aqua and Ven, strangling them while dragging them through the portal. Aqua blacks out as she watches Terra confront Terra-Xehanort.

Aqua is later seen drifting into the darkness. As she lets go of her Wayfinder, Mickey appears and grabs onto her, putting her

Wayfinder back into her hand. The two of them find solid ground, where Mickey explains that it has been ten years since they last met, and that he entered the Realm of Darkness to seek the Keyblade of the dark realm so that he and Sora can seal Kingdom Hearts. He managed to find Aqua through her Wayfinder, which emitted a "warm, familiar light". After they fight back another Demon Tower, Mickey and Aqua decide to proceed together.

Travelling further, the two of them manage to arrive at Destiny Islands, having been absorbed by the End of the World. Aqua recognizes the islands as the place where she first met Sora and Riku, and where Terra bestowed the power of the Keyblade to the latter. Mickey deduces that this must mean that they are close to the location of the dark realm's Keyblade, and thus approach the Secret Place. When they are about to enter, however, the Demon Tower, now in the form of the Demon Tide, returns and attacks, forcing Aqua and Mickey to defeat it for seemingly good. Having vanquished it, Aqua and Mickey enter the Secret Place and find the wooden door within; opening it, the two find a glowing Kingdom Key D inside, which Mickey claims. Moments later, Destiny Islands vanishes, leaving the two in the Realm of Darkness.

From the distance, Mickey spots the door to Kingdom Hearts, and points out to Aqua that it looks different than what she's used to. Upon approach, Mickey also notices Riku in the Realm of Darkness attempting to close the door. Before he can get close, the Demon Tide surprises Mickey and damages him, stripping him of his clothes. Aqua decides to buy time for Mickey by fighting back, but the Demon Tide takes hold of her and drags her back to Destiny Islands, the door behind them sealing shut. Mickey goes to help Riku and Sora seal Kingdom Hearts while Aqua, finding her will to live, finishes the battle against the Demon Tide.

Aqua is later seen lying on the seaside shore, gazing up into the sky, which turns to night. As she stares into the stars, she notices droplets of light raining down, indicating that Kingdom Hearts has been successfully sealed and that Destiny Islands is being restored. Unable to leave the Realm of Darkness, Aqua falls off the disintegrating shore and drifts into the darkness once more.

In a subsequent cutscene, Aqua approaches the Dark Margin, where Ansem the Wise sits in wait.

---

Tsuki was horrified that Aqua was in the Realm of Darkness for over 10 years all by herself. Next Sora went over what happened on his journey starting with Kingdom Heart I.

---

Kingdom Hearts begins with Sora's Dive to the Heart, which foreshadows the events that will soon take place, but soon progresses to Destiny Islands, where Sora lives with his two best friends, Riku and Kairi. The three friends seek to leave the islands to explore new worlds and have prepared a raft for this purpose. One night, the islands are attacked by darkness and shadow creatures. Sora seeks out his friends, finding Riku first; Riku disappears into darkness, curious about what it contains. Soon after, Sora obtains a mysterious weapon, the Keyblade, to defend himself. Using it to fend off the creatures, he heads for a secret cave, where he finds Kairi near a door. She turns to him, saying his name as the door behind her blows open. The ensuing blast of darkness sends Sora and Kairi both out of the cave. The islands are soon destroyed, and Sora is left adrift, Riku and Kairi's whereabouts unknown.

Meanwhile, King Mickey has left his world to deal with the increasing power of darkness and left instructions for mage Donald Duck and knight Goofy to find the "key". Donald and Goofy use a Gummi Ship to travel to Traverse Town, where it happens Sora has also drifted to. Sora encounters the creatures again in the town, and eventually meets Leon, a mysterious swordsman who explains they are Heartless, creatures that consume hearts, and that the Keyblade is the only weapon capable of defeating them. The king of Leon's home world, a man named Ansem, is said to have studied the Heartless. Donald and Goofy are approached by Leon's ally Aerith, who also tells them what they may be looking for. Soon after, Sora meets Donald and Goofy rather hastily, and the three work together to take down a large Heartless. From there, they decide to travel together: Donald and Goofy to find Mickey, and Sora to find Kairi and Riku.

The three travel to various worlds based on Disney films, finding that the Keyblade also locks "Keyholes", passages that the Heartless use to take the hearts of the worlds. A group of villains, led by Maleficent, seek out the seven Princesses of Heart to unlock the Keyhole that leads to Kingdom Hearts, a repository of knowledge and power and the source of all hearts. This group now includes Riku, who is swayed by Maleficent's promises that she will help find Kairi. At the same time, Maleficent breeds distrust in Riku, telling him that Sora has abandoned him and Kairi for new friends and the Keyblade. An increasingly antagonistic Riku manages to find Kairi's body, but her heart is missing.

Sora and his friends eventually arrive at Hollow Bastion, the home world of Ansem and the headquarters of Maleficent. Riku takes the Keyblade from Sora, claiming that he was fated to have it all along and Sora was simply the "delivery boy". Donald and Goofy, taking their order to follow the "key" seriously, reluctantly leave with Riku. Sora calls on his courage and enters the Bastion anyway, then challenges Riku again, stating that his heart derives strength from his friends. His friends return to him, as does the Keyblade. Shamed, Riku flees and meets a cloaked man who goads him to give into the darkness.

Sora, Donald, and Goofy, meanwhile, engage and destroy Maleficent. They soon after meet a strangely-behaving Riku with a new Keyblade that unlocks hearts. He leads them to Kairi's living but unfeeling body; Riku then reveals himself as completely possessed by Ansem. The newly reformed Ansem explains that Kairi is the last Princess of Heart, and that her missing heart has been trapped within Sora's body since the destruction of Destiny Islands. Spurred to action, Sora defeats Ansem; however, he cannot seal Hollow Bastion's keyhole because Kairi's heart is still in his body, thus the keyhole remains incomplete. Sora uses Ansem's Keyblade to unlock his heart, releasing both his and Kairi's heart, but turning him into a Heartless. Kairi's heart returns to her body, in turn completing the final Keyhole; she then returns Sora to human form by the strength of her heart. The group resolves to follow and end Ansem's plan.

Ansem retreats to the End of the World, the combined fragments of worlds taken by the Heartless. Upon being found and finally beaten, he explains his belief that darkness is the heart's true essence, and he seeks Kingdom Hearts, the source of all hearts, and therefore the ultimate source of darkness. However, upon opening the door to Kingdom Hearts, it reveals Light, killing Ansem. Beyond the door are Mickey and Riku, back in control of his own body. They help Sora and the others close the door, as there are many Heartless beyond it, but Riku and Mickey must remain inside to help seal it; when Sora seems concerned, Mickey assures him that "there will always be a door to the light" and then, when Goofy tells Sora that he can "trust King Mickey", Mickey thanks his friends: "Donald, Goofy, thank you." - it's a heartfelt goodbye from the Mouse King who may never see them again. Mickey and Sora then use their Keyblades to lock the door. The destroyed worlds reconstruct themselves; Kairi is pulled back to the Destiny Islands, but Sora promises before separating they will all reunite some day. Sora, Donald, and Goofy resolve to find Riku and Mickey, though they are unsure of where to start. Luckily, Pluto appears, clutching a letter from Mickey in his mouth; he runs off with Sora, Donald, and Goofy in tow, ready for a new set of adventures. The silent narrator from the beginning of the game states in the final scene that Sora's destiny is to open the door to light.

One year later, in a secret ending, a mysterious boy wielding two Keyblades finds Riku in a new world demanding to know where Sora is.

---

Tsuki was amazed! She couldn't be any prouder of Sora for embarking on a treacherous journey to save her and Kairi. Next he told her about what happened to him in Castle Oblivion during the events of Kingdom Hearts Chain of Memories.

---

Sora, Donald and Goofy walk down a long path that seemingly goes nowhere. They see Pluto and start to follow him. He leads them to a crossroads. While deciding which path to take, a mysterious man in a black cloak approaches Sora and speaks to him, but at that moment his words are incomprehensible. The path becomes one and it leads them to Castle Oblivion. The cloaked man appears as they enter the castle and gives them a card.

They use the card to proceed through the castle. The first world they go to is Traverse Town, where they discover that Leon, Aerith, Yuffie, and Cid have forgotten all about them, yet they strangely remember Sora's, Donald's, and Goofy's names, where Yuffie comments, "You're not in my memory, but my heart remembers you." After Leon gives Sora a tutorial on fighting and gives Sora a Simba summon card, they leave Traverse Town.

The man appears once more after they arrive on the next floor. Another cloaked man appears and introduces himself as Axel. Sora battles him, and when Axel is defeated, he gives him more cards, disappearing soon after. Sora, Donald, and Goofy go through each floor, experiencing their memories, all of which are somehow distorted, each in a different way. They start to lose their memories. A Nobody named Naminé begins to replace memories of Kairi with fake ones of herself. It turns out she is good and is manipulating his memories under the orders of the head of the castle, Marluxia. This escalates to a final battle in the end, for Sora's life, and Naminé's freedom.

Meanwhile, Riku awakens down in the castle, and as he goes up the basement levels of Castle Oblivion, he must take control of the inner darkness inside of him, dealing with Ansem, the Riku Replica, and three members of Organization XIII; Vexen, Lexaeus, and Zexion, along the way.

### Sora's Story

Sora's Tale I

Our friends may be here…

It was that thought that led us to Castle Oblivion, where cards rule over all.

A mysterious man gave Sora a card, using it took us to Traverse Town-of all places!

It turned out the town was just a figment of our own remembrances, the first world of many that lie in Sora's heart.

And so our journey through these worlds begins.

Sora's Tale II

It seems we're slowly losing our memories of what happened before the castle. And all my notes about the last journey have vanished!

But in exchange, Sora is remembering other things he must have forgotten until now-like a girl he knew when he was little.

While fighting Larxene, Sora finally remembered the girl's name…

Naminé.

Sora's Tale III

Sora pressed on in his search for Naminé, and can you believe it? He found Riku, his best friend whom we thought was lost.

Sora was so happy, but Riku attacked him just like that, saying, "I'll protect Naminé!"

What could he mean? Will something happen if Sora finds Naminé?

Sora is chasing after Riku… and the answers.

### Reverse/Rebirth

Riku's Tale I

Bored with his secluded island life, Riku dreamt of seeing other worlds.

He got his wish when darkness devoured Destiny Islands and he was thrust into the outside world.

While looking for his lost friend Kairi, he met Maleficent, and accepted her help.

But Maleficent had her eyes on Riku's strength and was working to make him her underling. She gave Riku the power of darkness, but as he used it, it gained power over him.

This is why Riku fought his best friend, Sora, and how his heart fell to Ansem, pursuer of darkness.

But Riku was freed by Sora's light. Riku, Sora, and the king worked together to close the door to darkness, but Riku was trapped inside, in the realm of darkness.

Will he see the realm of light again?

### Riku's Tale II

Led by a mysterious voice, Riku made his way through the card-worlds, but met only dark beings within.

Riku was told that because he rejected the other things in his life to claim darkness, his heart is now devoid of anything but the darkness he sought.

Unable to accept this, Riku encountered Ansem, who tried yet again to conquer him.

The king intervened to save Riku, but Ansem had not let go of his heart.

And so Riku must fight the darkness within.

### Riku's Tale III

Embattled with the darkness in his heart, Riku met someone who looked just like him, a replica crafted by Vexen, a member of the Organization.

The replica commanded darkness freely, and called Riku cowardly for shunning the dark.

Meanwhile, agents of the Organization laid their rivalry bare. Sora and Riku seem to be the reason they control the castle-but why?

### Riku's Tale IV

Vexen took his replica of Riku and headed for the surface, but finally fell at Sora's hands.

Lexaeus confronted Riku, intending to bring him to submission using all force necessary.

It was then that the powerful darkness in Riku's heart awakened. The darkness defeated Lexaeus, then dragged Riku into the realm of darkness.

There, Ansem's shadow loomed large, but Riku was again saved by the king's light.

---

Tsuki was amazed but enraged that the evil Organization XIII would force Namine to mess around with his memories like that. Next Sora revealed what happened during the events of Kingdom Hearts II.

---

Sora and his companions have been asleep for about a year, regaining their memories. When Sora awakens, he eventually arrives in Twilight Town, the place where a mysterious boy, Roxas, lived before he suddenly left.

Gaining new clothes and powers, Sora began his journey anew, unaware of the events that have taken place in Chain of Memories. Sora continues his quest by unlocking paths to new worlds, learning of Nobodies and fighting the Heartless, as well as facing the remaining members of the mysterious Organization XIII. As the game progresses, Sora learns about Roxas and how much they have in common.

The story begins with the player in control of Roxas in Twilight Town. Roxas has dreams of Sora's adventures while increasingly mysterious activities begin taking place in Twilight Town during Roxas's summer vacation. After obtaining the Keyblade to defend himself from the Nobodies, Roxas comes in contact with a young man in black named Axel. Axel appears to know Roxas, though Roxas has no recollection of him. Roxas eventually makes his way into an abandoned mansion where a girl named Naminé informs him that he is a Nobody, although he did not quite know what a Nobody was at that time.

Finally, confronted by a mysterious, red-cloaked man called DiZ, Roxas discovers Sora, Donald, and Goofy sleeping in the hidden basement of the mansion. Roxas seems to merge with Sora. As Sora, Donald, and Goofy awake from their year-long slumber. Jiminy Cricket, who had previously chronicled the trio's adventures, finds that his journal is now completely blank, save for the note: "Thank Naminé" (which was written by Jiminy himself during Chain of Memories).

After meeting Pete, a new villain, and speaking with Yen Sid, the party is informed that they must once again visit many worlds to protect them from both the Heartless and the Nobodies in an attempt to stop Organization XIII. These include both old but greatly changed places, like Hollow Bastion, and brand new worlds the party has never encountered before.

In the course of their travels, the Heartless, headed by a revived Maleficent and the Organization, regain power, eventually forcing Sora to battle a massive army of Heartless that are attacking Hollow Bastion. Along the way, they learn that the Ansem they fought a year ago was actually the Heartless of Xehanort, and that the Nobody of Xehanort, Xemnas, is the leader of Organization XIII. They also learn that Xehanort was an apprentice of the real Ansem, who is missing.

After the battle, Xemnas appears and reveals their ultimate goal: the Nobodies plan to create another Kingdom Hearts, a doorway to the heart of all worlds that will presumably allow the Nobodies to get their hearts back. After confronting and defeating more members of the Organization, Sora goes to the World That Never Was to settle the score with the Organization for good; he also finally reunites with his friends Riku and Kairi. Sora learns the truth about Roxas as well; he and Naminé are, respectively, Sora and Kairi's Nobodies, created when they lost their hearts in the original Kingdom Hearts game.

In the end, only Xemnas is left of the original thirteen members. Sora and Riku unite to defeat him, and his new Kingdom Hearts is closed. Sora and the others are returned to their homeworld of Destiny Islands. Although Sora has to say goodbye to Donald and Goofy, he knows in his heart that true friends are never gone. However, sometime later, Sora, Riku, and Kairi receive a letter from King Mickey after the credits. They proceed to read the letter, but the contents are left unrevealed until Kingdom Hearts coded.

---

Tsuki was shocked and floored at the same time. She couldn't believe that Organization XIII was gonna create another Kingdom Hearts. But she was so proud that they were stopped by us. Next they went over everything that happened in Kingdom Hearts Coded.

---

While organizing the records in Jiminy's journal from his travels with Sora and his friends, Jiminy Cricket's curiosity about the line "Thank Naminé" results in him finding a message that he did not write: "We must return to free them from their torment." To investigate this message, King Mickey digitizes the contents of the journal and goes into the simulated world to investigate; awakening a virtual Data-Sora on the virtual Destiny Islands to carry out the contents of the journal to uncover the identity of "them".

As Data-Sora awakens on Destiny Islands, he encounters numerous "bugs", which take the form of red and black blocks, covering the whole world. Upon eliminating the Heartless and destroying the bugs, Sora traverses to other worlds infected with bugs to return them to normal, following the cloaked figure upon orders from King Mickey.

Meanwhile, Heartless begin appearing within Disney Castle, and everyone finds themselves trapped in the room. To their surprise, they are saved by Data-Sora. Suddenly, the cloaked figure reveals himself to be Jiminy's Journal taking the form of Riku, and explains that they are no longer in the real world, but the data world. Sora is sent off by the Journal to discover his true identity, only to encounter Maleficent and Pete from the real world. Maleficent destroys Data-Sora's Keyblade and summons Heartless to attack him. Mickey and the Journal arrive to save Sora, but the Journal is abducted by

Maleficent, with Mickey giving chase. Sora makes his way through Hollow Bastion, aided by Donald and Goofy. They encounter Pete, who summons the Journal and takes control of him with the bugs to fight them, but Sora still manages to defeat the Journal, who falls unconscious.

Mickey arrives and informs Sora that unless the bugs are destroyed, the Journal will never awaken. Sora decides to find a way to awaken the Journal, and enters Riku's data world, losing his abilities in the process. The two visit various worlds from the Data-Riku's memory and find their way back to Hollow Bastion, where they fight and defeat Maleficent. Meanwhile, King Mickey discovers that he will be returning soon to the real world, but the Journal, once completed, will have to be erased, which will mean the end of Data-Sora's memories. When the time comes, Sora requests more time in order to save Pete and Maleficent, who are still in the data world. Sora finds them fighting Sora's Heartless, but Pete and Maleficent are seemingly erased before he can intervene.

Sora defeats Sora's Heartless, and finds that Pete and Maleficent were rescued by the Journal through a "rift in the data". They leave the Data world shortly before Mickey returns to the real world, erasing the Journal. A new message appears claiming that a new door to a new world has been opened, which is the data of the data world added into the Journal. Mickey, realizing that this quest may be too dangerous for Data-Sora as he has no memory of it, requests to be taken into the Data World once again.

Finding Data-Sora in Traverse Town, Mickey takes him to Castle Oblivion where Data-Sora is confronted by a young man wearing a black coat. He tells Sora that if he wants to know the truth, he must move forward on his own through the previous worlds he visited destroying bugs. During this time, he realizes that even if he doesn't remember someone he's met, there's still the sadness of having forgotten them which the figure attempts to warn not to let it consume him. Sora disregards this message and fights the figure, revealed to be Data Roxas. After losing to Sora, Roxas gives him a card as Mickey appears.

Sora opens the next door to find Naminé, who reveals the bugs to have been an unintentional side effect of her attempt to restore

Sora's memories. She then reveals Sora's nature as the "Key that connects everything" through his ties with herself, Roxas, and Xion. Furthermore, Naminé tells Data-Sora about three figures (Terra, Ventus, and Aqua) also tied to Sora's heart who are the ones referred to in the message and need his help. Mickey bids farewell to the Data-Sora and promises Naminé that he will inform the real Sora of this.

In the final scene, Mickey sends Sora a bottled letter (the same one sent by Mickey at the end of Kingdom Hearts II), which Sora reads with Riku and Kairi.

---

Tsuki couldn't believe that Maleficent was that evil and dangerous and she was glad that we killed her. Next we told her about what happened during the events of Kingdom Hearts Dream Drop Distance.

---

Following the destruction of Ansem and Xemnas at the hands of Sora and Riku, Xehanort is revived. In response, Yen Sid puts Sora and Riku through a Mark of Mastery exam in order for them to become full-fledged Keyblade Masters and counter the coming return of Master Xehanort. As part of this trial, the two are separated from each other and sent to worlds previously destroyed by the Heartless that have since been restored, though now in a state of "deep sleep" which disconnects them from the other worlds.

These seven worlds are plagued by Dream Eaters - creatures born from darkness that seek out the sleeping worlds' Keyholes. Sora and Riku's given task is to reawaken the sleeping worlds by unlocking the seven Keyholes they find there and then return to the realm of light, recruiting benevolent "Spirit" Dream Eaters to guide them and battle the malevolent "Nightmare" Dream Eaters, after which they will be deemed Keyblade Masters.

During the exam, Sora and Riku cross paths with the resurrected "Ansem" and Xemnas, as well as a younger incarnation of Master Xehanort from an alternate past. The three bring Sora to the World

That Never Was, where he learns of Organization XIII's true purpose-to serve as vessels for Master Xehanort to place pieces of his heart inside, thereby transforming them into clones of Xehanort. Sora is forced into a comatose state by the young Xehanort and his heart is swallowed by darkness, though it is protected by Ventus's suit of armor residing within him.

Riku goes to rescue Sora, only to be confronted by the young Xehanort, who unveils a new Organization XIII composed of the newly revived Master Xehanort and his eleven vessels, whom Xehanort plans to pit against seven Keyblade wielders and recreate the χ-blade. Master Xehanort tries to turn Sora into his last needed vessel, but Sora is rescued by Riku, Mickey, Donald, Goofy, and Lea-the revived human form of the original Organization's Axel-after which Xehanort and his other vessels retreat.

Sora's body is brought back to Yen Sid's tower, where Riku enters his body and releases Sora's heart from Ventus' armor, now possessed by a Nightmare. After Sora reawakens, only Riku is declared a Keyblade Master by Yen Sid, and Lea reveals himself to have become a Keyblade wielder. Undaunted by his failure, Sora embarks on a new journey by himself to train. While Sora travels to Traverse Town in order to meet all his Dream Eater friends, Ventus is shown still being at Castle Oblivion, but suddenly starts smiling a bit.

## Another Guardian of Light

The unlockable secret ending for Kingdom Hearts 3D: Dream Drop Distance is comprised of three scenes. In the first scene, Young Xehanort is seen standing alone on the beach in Destiny Islands. The second shows Aqua staring into the distance at the Dark Margin whilst smiling.

In the final segment, Donald and Goofy sit outside the Mysterious Tower and are met by Riku and a visitor whom they had not expected. Inside the tower, Yen Sid outlines to Mickey the history of the Keyblade War and the χ-blade, and the two speak about the seven lights, the Princesses of Heart. Yen Sid explains that there is no avoiding the gathering of the seven guardians of light to protect the seven pure lights, and thus a clash with the thirteen seekers of darkness is inevitable. Mickey arrives at the conclusion that only one more guardian of light is required to complete the total. At this point, Riku enters the tower with Kairi close behind.

Mickey finishes his retelling of his tale, at which point Riku lashes out at Mickey for not telling him that Aqua was there at the time and that she gave herself up to save him. Yen Sid intervenes and explains that neither Mickey nor Riku had the power to save Aqua, and that he had personally forbade Mickey from telling them, lest Riku, or in higher probability Sora, stage a potentially suicidal rescue attempt. However, as Riku had recently become a Keyblade Master, they now possess the means to rescue Aqua. Mickey invites Riku to assist in his rescue mission, to which he agrees. Kairi, wishing to help, is told by Yen Sid that she will need to train as a Keyblade Master alongside Lea, much to her surprise. Yen Sid bestows upon Mickey and Riku a new set of clothes that will protect them from the darkness before they leave.

Sora later returns with Donald and Goofy, having left at the end of 3D to take care of business, which he refuses to divulge to his friends. When he enters the Mysterious Tower, however, he finds that everyone already left, much to his dismay. Yen Sid calls the trio to attention, and explains that while Sora failed his Mark of Mastery Exam and lost most of his powers in the process, he is still the most important link to defeating Xehanort. He then states that Sora must obtain the power of waking, which he failed to master in the Sleeping Worlds, and directs him to a certain hero who once lost his power and reclaimed it. He also tasks Donald and Goofy with protecting Sora, to which they happily agree.

The scene later cuts to the trio in the Gummi Ship, with Sora lost as to how to get to Olympus Coliseum. As the result of Kingdom Hearts II, many of the gateways that they had previously unlocked had shut, preventing them from freely travelling across worlds. As Sora ponders a way to get there, Goofy recites the phrase "Let your heart be your guiding key", which he claims Yen Sid said to them before they left on important missions. Sora, now inspired, summons his Keyblade and points it into space, which subsequently opens a path before them. The three of them proceed to fly through the portal, disappearing.

---

Tsuki was shocked and couldn't believe that Master Xehanort was going to use the power of the ultimate Keyblade - the χ-blade, to destroy the entire universe and remake it in his own image. It would be a universe where there is nothing left. Lastly we told her about everything that happened during the events of the grand finale in Kingdom Hearts III.

---

Through countless adventures across many worlds in his long battle against the darkness, Sora, once a little boy who only dreamed worlds beyond his island even existed, has grown up to a dashing young man. Now he is realizing that that battle has played out exactly as Master Xehanort had planned, and the second Keyblade War, the final struggle between light and dark, looms ahead. To counter the overwhelming darkness, Sora and his friends must gather the seven guardians of light. His best friend Riku and King Mickey seek out a battle-scarred Keyblade wielder, while Sora, Donald, and Goofy set off on a journey to find "the Key to Return Hearts." Never-before-featured Disney worlds set the stage for another daring adventure to save the universe!

Chosen by the Keyblade, he is the one whose heart's light never fails to shine as a beacon of hope.

Sora, the brave hero chosen by the Keyblade, has always had a strong sense of justice. Through his many battles against darkness, he has grown and learned about the world immensely. Drawn to his light, many friends have lent him their support and granted him their powers to counter the darkness: Riku, the childhood friend he grew up with on Destiny Islands; Donald and Goofy, the two comrades with whom he has shared his adventures from the very beginning; and King Mickey, who unfailingly supports Sora with his own mighty strength. As the world becomes enveloped in another battle against darkness, the Keyblade wielder and his friends must rise up against Master Xehanort and thwart his plot to incite another Keyblade War.

Plot

Following Master Xehanort's return, Yen Sid begins preparing for seven Keyblade wielders to counteract Xehanort's plan to forge the χ-blade using a reconstituted Organization XIII. Sora, who was nearly taken over by Xehanort, (As depicted in the 2012 game Kingdom Hearts 3D: Dream Drop Distance.) discovers that he has lost much of his own strength as a result. Accompanied by Donald Duck and Goofy, Sora resumes his travels across other worlds to regain his "power of waking", the ability to restore lost hearts. Meanwhile, Riku and King Mickey search the realm of darkness for Aqua, while Kairi and Lea train to properly wield their newly obtained Keyblades.

During their travels, Sora and Riku are contacted by Ienzo, who discovers via Ansem the Wise's research data that Sora's body contains the hearts of Roxas, Ventus, and Xion. Riku surmises that the Organization's members from the past are using artificial human replicas created by Vexen as vessels that enable their existence in the present, which inspires Sora to restore Roxas by transferring his heart into a replica body. Meanwhile, the Heartless Ansem enters the realm of darkness and kidnaps Ansem the Wise, corrupting Aqua's heart in the process. However, Vexen reveals himself to be a double agent loyal to Ansem the Wise, whom he helps rescue before sending a spare replica to Ienzo for Roxas to inhabit.

Riku and Mickey eventually locate and battle the corrupted Aqua in the realm of darkness. At the same time, Sora discovers Master Eraqus's Keyblade on the Destiny Islands and uses it to enter the dark realm, where he exorcises the darkness from Aqua and returns her to the realm of light. Sora, Donald, and Goofy then follow Aqua to Castle Oblivion, which she transforms back into the Land of Departure to awaken Ventus. When she is attacked by Vanitas, Sora rediscovers his power of waking and revives Ventus, who fends Vanitas off.

The seven Keyblade wielders depart for the Keyblade Graveyard to battle the Organization, only to be quickly consumed by a swarm of Heartless summoned by the possessed Terra. Awakening in a limbo realm called the Final World, Sora is guided back to the realm of light by Kairi and uses the power of waking to revive his friends. Returning moments before their initial defeat, the guardians of light successfully destroy most of the Organization's members; in the process, Terra regains control of his body and reunites with Aqua and Ventus, while Lea reunites with Xion, whom Vexen recreated for the Organization, and Roxas, who regains his own heart to protect Lea and Xion.

Once Xehanort remains the last Organization member, he provokes Sora into attacking him by destroying Kairi's body, allowing Xehanort to acquire the χ-blade and summon Kingdom Hearts. Using Xehanort's power of time travel against him, Sora, Donald, and Goofy transport him to his boyhood training grounds of Scala ad Caelum, where they defeat him. After the other Keyblade wielders rejoin them, Eraqus's heart emerges from Terra and convinces Xehanort to surrender. Xehanort dies shortly after, his heart ascending to Kingdom Hearts with Eraqus, while Sora and his friends use the χ-blade to close it and return to the Keyblade Graveyard. Sora decides to use the power of waking to revive Kairi; despite warnings that his repeated misuse of this power could result in him losing his heart, Sora promises to return. Afterwards, Sora's friends gather at the Destiny Islands for a celebration, where Kairi stays beside Sora before he fades away.

In a post-credits scene, Xigbar, who survived the Keyblade War, retrieves Xehanort's Keyblade and summons four of the five Foretellers, revealing himself to be an incarnation of their fellow Keyblade apprentice, Luxu. He begins to recount his actions to the Foretellers, with Maleficent and Pete watching from afar. In a flashback to their youth, Eraqus and Xehanort begin a new game of chess that predicts a battle between Sora and the Foretellers.

Assuming an incorporeal form, Sora travels back in time to the battle between the guardians of light and the Organization, traveling through the guardians' hearts to reach Kairi.

After passing through the hearts of Ventus, Aqua, Terra, and Roxas, Sora enters his past self's heart and tries to avert Kairi's fate, but fails. However, Mickey reveals to Sora that Xehanort has hidden the crystal fragments of Kairi's heart as a last resort.

Sora finds five fragments in Scala ad Caelum before his past self's final battle with Xehanort, and then traces the remaining two through Riku and Mickey's hearts during the guardians' battle against

Xehanort's replicas, restoring Kairi.

After defeating Xehanort's merged replicas, Sora and Kairi travel to the Final World to meet Chirithy, whom Sora persuades to return to the realm of light. Sora and Kairi then visit their friends' worlds-reuniting Chirithy with its owner, Ventus, and restoring Naminé's heart-before returning to the Destiny Islands, where Sora vanishes.

The "Limitcut Episode" is set one year after Sora's disappearance; his allies have since lead an ongoing search for him, while Kairi has entered stasis after volunteering as Ansem the Wise's test subject to help Sora. During a visit to Radiant Garden, Riku analyzes digital copies of Sora and the Organization's members programmed into Cid Highwind's computer, hoping to uncover clues to Sora's whereabouts through their battles.

After the Organization's copies are defeated and the analysis proves inconclusive, Riku is approached by the Fairy Godmother to meet Yen Sid, who suspects that they may be able to find Sora through the dreams of Riku, Kairi, and a nameless girl Sora encountered in the Final World.

The "Secret Episode" focuses on Sora, who has become trapped in the Final World since his disappearance. There, Sora encounters Yozora, whom he recognizes as a character from the video game Verum Rex in Toy Box, and whom he learned about from the nameless girl.

Yozora claims that he has been requested to save Sora, but questions his identity and battles him in Shibuya. If Sora wins, Yozora fades away before Sora returns to the Final World; if Sora loses, Yozora crystallizes him and goes to the Final World instead. Afterward, regardless of who wins, Yozora awakens in a car while a closing narration ensues in his and Sora's voices, with the battle's victor saying, "None of this makes sense to me."

---

Tsuki was shocked, amazed and floored all at the same time. She couldn't believe that Sora went through all that and more. It was a journey that defied all forms of amazement.

Tsuki: Wow. That is just incredible!

Me: We were shocked ourselves. But what really astounded us was the number of worlds that Sora saw and the number of friends and allies he made.

Tsuki had tears coming down her face and she hugged Sora.

Tsuki: Sora I'm so proud of you. You have become a man and a powerful person.

Sora: And I have a surprise mom.

Sora and Kairi got up and they held hands and Tsuki knew what it was.

Tsuki: My Sora and Kairi are now a couple.

Me: And we are so happy for them.

Varie: We sure are.

Riku: That's my best friend and bro.

Aqua: That's my little bro for you.

We were so happy that Sora was reunited with his family.

---

Back at the estate we were watching TV. In the training yards I was mastering more Firebending styles. I mastered an additional 274 Firebending Styles, making it now 1,000 Firebending Styles Mastered. It was incredible. I have now become the ultimate Firebender Master. I set much of the Training Ground all on fire and burned it all over.

Me: Wow! What a mess. I hope it can be repaired.

Lynn then came out, Frantic.

Lynn: J.D.!

Me: Lynn what's wrong?

Lynn: We've got big trouble!

I went to the computer and found out that Timmy's friends Chester, A.J., and Trixie were kidnapped and taken to an unknown island in the southern Atlantic Ocean. We immediately set out for the island.

---

UNKNOWN ISLAND, SOUTH ATLANTIC OCEAN

---

We arrived at the island and it was a jungle island located right in between South America, off the coast of Uruguay and Africa off the coast of Angola.

Me: This place is creepy.

Lucy Loud: If it's creepy, I wouldn't mind it.

Nico: I know.

?: Well well well if it isn't the losers.

We then saw a black hair Timmy and it was really Timmy Turner's imaginary friend IMAGINARY GARY!

---

Gary was Timmy's Imaginary Friend who was too cool for his own good. He only existed during the earlier parts of Timmy's childhood. Eventually, Timmy had no need for him, and Gary was stuck within Timmy's brain until Timmy wished him to life. At this point, Gary started to unravel his evil scheme, which was to take over Timmy's life.

Gary tried to steal everything from Timmy: his friends, his family, and even his godparents. When Timmy tries to wish Gary back into his mind, Gary wishes Timmy into his own mind as well. In here, Gary and Timmy engage in battle. Gary uses Timmy's old childhood memories in order to overwhelm Timmy. Cosmo and Wanda are tied up via monkey barrel figures and have their ears stuffed with plush toys resembling the Tellie Tubbies. This prevents them from aiding Timmy. Timmy is nearly buried forever in a huge box of his old toys. Timmy would have been defeated had it not been for Timmy's older memories. Timmy's new video game, Sergeant Surgeon, aids Timmy in Gary's defeat. Ultimately, it is Timmy's worst nightmare, Vicky, that defeats Gary.

After Timmy and his godparents leave his mind, Gary is spat back out. The door that exits Timmy's mind is left unlocked, implying that Gary will come back and have his revenge.

---

Timmy Turner: Imaginary Gary!

Imaginary Gary: Its been a while Tim, Tim, Timmy.

Me: So he is the imaginary Gary we've heard about.

Imaginary Gary: (to us) I don't know why you're hanging out with an uncool dork like Timmy Turner. When you all can hang with a cool guy like yours truly.

Me: In your fucking dreams Gary.

Nico: What have you done with Chester, A.J. and Trixie!?

Imaginary Gary: Oh they're cool. They're locked in that cage behind me.

We saw that they are in the cage.

Me: Let them go you freak.

Imaginary Gary: Oh I can't do that J.D. the loser.

Timmy: Gary, I challenge you to a magical duel!

Imaginary Gary: And it can be any challenge you choose?

Timmy: That's right! The winner gets to be the one that J.D. and the others hang out with.

Trixie, Chester, and A.J. gasp at this.

Trixie: He did not just say that!

Imaginary Gary: You're on!

Timmy: I choose Magic Boxing!

Timmy formed his hands into Boxing Gloves.

Janeen: Timmy no! Let me face him. I can take him down.

Timmy: No Janeen. I made this monster and it's my job to stop him.

?: Then he won't be the only one that you have to stop.

We turned and we saw a figure come out. It was INFLATRON from episode 31 of Ninja Storm!

---

Inflatron was summon by Zurgane to destroy Blue Bay Harbor with Shimazu, The Power Rangers (with Blake being absent to train a young woman name Leanne) came in and try to battle Inflatron and Shimazu, but they were quickly outmatch when Inflatron immobilized them with his attacks, The Navy Ranger came to the rescue and battled him with the new Thunder Blade, Shimazu and Inflatron quickly retreated after a few hits, Blake had a showdown with Inflatron at the beach and used the Thunder Blade, but no matter how much he tried, the Navy Ranger could not even make a scratch on this balloon monster, Inflatron was about to make the final strike until the Navy Ranger's split the Thunder Blade in two and used one half of the Blade to pop a hole in Inflatrons chest to weaken him, and the other half to ultimately destroy Inflatron with The Power of Thunder. Inflatron grew large thanks to the Scroll of Empowerment and the Wind Rangers used the Thunderstorm Megazord to fight him, Inflatron was too strong for the Thunderstorm Megazord alone, so the Green Ranger summons the Mammothzord to form the Thunderstorm Ultrazord to finally take out Inflatron for good.

---

Shane Clarke: Inflatron!

Inflatron: Its been a long time rangers.

Me: I remember this guy! He was gonna destroy Blue Harbor with Shimazu.

Tori Hanson: That's right.

Inflatron: Isn't this the part where you Rangers morph to kick my ass?

Shane: First, we're gonna have some fun with you!

?: You aren't the only one that will have fun today.

A figure came out and to our shock we saw that it was DARK AZULA, reborn as a Nobody!

---

Azula was the princess of the Fire Nation, daughter of Fire Lord Ozai and Ursa, younger sister of Zuko, older half-sister of Kiyi, paternal aunt of Izumi, and great aunt of Iroh. She was a key adversary of Team Avatar, chasing Avatar Aang and her banished brother far across the Earth Kingdom accompanied by her two best friends at the time, Mai and Ty Lee.

A firebending prodigy, Azula was sadistic, manipulative, and obsessed with power. She was a skilled strategist who orchestrated the coup over the Earth Kingdom capital Ba Sing Se, and halted the invasion on the Day of Black Sun.

Azula harbored deep mental instabilities, believing her mother loved Zuko more than her. Raised by her father in an environment without a mother-figure, Azula had to be nothing less than perfect in her father's eyes just to earn any affection from him. After the betrayal of her two closest friends Mai and Ty Lee, these instabilities were brought up to the surface. Upon the arrival of Sozin's Comet, Azula was soon to be crowned Fire Lord; however, her defeat at the hands of her brother Zuko and Katara caused her to suffer a complete mental breakdown.

Following her emotional breakdown, Azula was put in a mental health facility to recover, though she eventually joined Team Avatar on their search for Ursa as part of her secret agenda to betray them and usurp the throne from Zuko. At this quest's completion, however, Azula escaped the team's supervision.

Sometime after her exile, Azula returned to the Fire Nation Capital in secret. Having finally accepted that she would never be Fire Lord, Azula resorted to manipulating Zuko into becoming a tyrant. Gathering a group of female supporters, she took on the guise of the mythical Kemurikage to intimidate Ukano into attempting to overthrow Zuko. When that failed, Azula and her followers resorted to kidnapping children in the capital, setting the city into civil unrest. Though Zuko and his allies were able to rescue the children, Azula and her followers escaped.

Princess Azula was born to Prince Ozai and Princess Ursa in 85 AG and was named after her paternal grandfather, Fire Lord Azulon. Azula grew up with all the riches, splendor, and privileges of royalty in the Fire Nation. Her sharp wits and the fact that she was a firebending prodigy gained her great attention and acclaim, which quickly made her Ozai's favorite child. Her father began raising her as his true heir from an early stage, taking her into his confidence and educating her in politics. Azula later attended the Royal Fire Academy for Girls, where she met Mai and Ty Lee, two daughters of Fire Nation noblemen.

Despite the heightened tensions in their family due to their father's favoritism of Azula, cohesion and peace were still strong among the young family during Azula and Zuko's childhood; for example, the two would often reenact the final duel of Love amongst the Dragons after watching the play during their frequent vacations at Ember Island. Both siblings happily recalled these memories many years later. However, as they grew older, the siblings eventually grew apart.

Though Azula was clearly favored by Ozai, she felt that her mother loved Zuko much more than her, creating a rift of jealousy between her and Ursa and Zuko. Confronted daily with this mother/son bonding, Azula often attempted to gain Ursa's attention in some way. However, these attempts usually resulted in family quarrels. Around 94 AG, Azula walked together with her mother and brother in the royal garden. Feeling neglected and bored as Ursa only talked with Zuko, Azula ignited a flower, prompting Zuko to tell on her to Ursa. Ursa scolded Azula for disrespecting the royal garden, but the princess just said that the flower "deserved it", as it had not grown to her liking. In retaliation for telling on her, the Fire Nation princess burned Zuko's bottom, calling him a tattletale. However, Ursa promptly sent her to her room. Scowling over this treatment, Azula stormed off. Scenes like this became regular occurrences, and as a result, the Fire Princess developed an increasingly hostile attitude toward Zuko and Ursa.

Months later, Azula and her family ate together at the palace dining hall. The princess, dissatisfied with the conservative training techniques of her firebending teacher, happily told her father that she set his britches on fire after being lectured by him. Ozai agreed that the teacher sounded like a fool for insisting on specified forms and declared that he would send him to the colonies as punishment. Full of spiteful joy, Azula said that it "serve[d] him right" and called him a "dummy". When Zuko attempted to defend the tutor, he was promptly silenced by his father, who reprimanded him for his poor firebending skills and compared him with Azula and her natural talent for the bending art. Ozai revealed that he nearly discarded Zuko at birth, believing the prince to be a nonbender, causing Azula to smile triumphantly at her shocked brother.

Azula often displayed her natural talents, along with her tendency for malice and perfection, but these traits were especially clear when the princess played with her friends in the royal garden in 95 AG. When Ty Lee successfully performed a cartwheel after Azula's failed attempt, she shoved her friend to the ground out of jealousy while laughing gleefully. When she saw ten-year-old Mai attempting to hide her crush on her brother Zuko, Azula used her acting and cunning to convince her mother to make Zuko play with them. During their game, she placed an apple on Mai's head and set it on fire, forcing Zuko to tackle Mai into a fountain to put out the fire. She found great pleasure in embarrassing the two of them.

A true tactician, Azula desired power from a young age, suggesting that her father would make a better Fire Lord than the heir apparent, her uncle Iroh. She torched a doll that her uncle had sent her as a gift from the Earth Kingdom, preferring the weapon Zuko had gotten over a simple doll. Not long after this, her cousin Lu Ten was killed in battle, prompting Iroh to abandon his legendary six-hundred-day siege of Ba Sing Se, which in turn prompted Azula to call him "a quitter and a loser". She even showed some slight disrespect to her grandfather, as when she was told to call him "Fire Lord Azulon", she responded with, "Can't we just call him grandfather? He's not exactly the powerful firebender he used to be".

Shortly after receiving this news, Azula and the rest of her family went before Fire Lord Azulon, and she put on a spectacular display of her firebending prowess. After her routine, she watched smugly as Zuko tried to copy her performance, but failed. When Azulon ordered everyone except Ozai out of the room, Azula grabbed her brother and hid behind the curtains. From there, she and Zuko watched their father request that he be made Fire Lord instead of Iroh. When Zuko fled in fear of the Fire Lord's anger, Azula stayed behind to watch with amusement. She later met her brother back in his room, claiming gleefully that she heard her grandfather sentence him to death. She taunted him about it until their mother angrily pulled her away for a private talk. Under pressure from Ursa, Azula confessed what she overheard and was told by her mother to go to her room, which she did with a devious smile. A short time later, Azula played with the knife that Zuko had received from Iroh and coolly announced to him that no one knew where their mother was and their grandfather had passed away during the night. Soon after that, she watched her father's coronation with glee. No amicable feelings developed between her and Zuko throughout the next few years, as Ozai apparently began to favor her more and more over her brother during this period.

## Rise to Crown Princess

Azula, alongside Iroh and Zhao, watched Zuko's Agni Kai with his father. When Ozai burned her brother's face, she smiled smugly in triumph, along with Zhao. When Zuko was banished from the Fire Nation, Azula officially became Ozai's heir. For the next three years, she would continue her relentless training in firebending, strategy, and combat, until she refined herself enough to serve her father. By this time, her firebending advanced to the level where her fire was blue and she could create lightning, thus increasing her overall bending power and intensity, making her a formidable opponent.

Shortly after Zhao's failed siege on the Northern Water Tribe, Azula was summoned by her father to his throne room. As she knelt before Fire Lord Ozai, he commented that Zuko was a failure and Iroh was a traitor. He charged her with a mission: to find and capture her uncle and brother.

Ty Lee, Azula, and Mai disguised themselves as the Kyoshi Warriors, successfully infiltrated the Earth King's circle of trust, gained control of the Dai Li and enacted the Coup of Ba Sing Se, thus almost granting the Fire Nation complete victory in the war.

Azula eventually found Zuko and Iroh in a village resort and attempted to capture them both, luring Zuko with the false promise of being accepted home with open arms. Her initial plan of louring her two dissident family members was ultimately thwarted by her own ship's captain, who accidentally revealed their true intentions to Zuko and Iroh. A skirmish ensued, in which Azula was thrown overboard, thus allowing Zuko and Iroh to escape. After some time searching for the Avatar, Azula eventually encountered him and his friends in Omashu, and attempted to capture him by enlisting her childhood friends Ty Lee and Mai, a plot which ultimately failed but firmly secured the city into the hands of the Fire Nation. Azula continued to pursue the Avatar, Zuko, and Iroh for several weeks, utilizing specialized Fire Nation military equipment, such as the Tank train.

After her initial failure to breach the strong outer wall of Ba Sing Se with the Fire Nation drill, Azula came in contact with the Kyoshi Warriors, who were swiftly defeated by her and her two friends and taken into custody. Disguising themselves, Azula, Ty Lee, and Mai entered Ba Sing Se and successfully plotted a conspiracy with the treacherous minister Long Feng. She had the Dai Li arrest the Council of Five, the Earth King's highest-ranking generals, while she personally captured the monarch. Sokka and Toph were arrested as well while attempting to warn Earth King Kuei of the danger, and

Azula sent them off to a separate dungeon. Immediately afterward, Long Feng arrived on the scene and commanded the Dai Li to arrest Azula, smugly proclaiming a double-cross. But Azula herself was ready for the double cross and convinced the Dai Li to pledge loyalty to her. Long Feng eventually grudgingly obliged, saying that she had beaten him at his own game. Azula encountered Zuko in Ba Sing Se and managed to convince him to join her in order to redeem his birthright as crown prince. During their showdown, Azula was thought to have killed Aang with a bolt of lightning. However, it is highly doubtful that Azula was absolutely certain of the deed, as she gave Zuko the credit for the kill, so that, in the event that Aang survived, her brother would face the disgrace and dishonor of the failure and not her.

After the fall of Ba Sing Se, Azula made arrangements for her and Zuko's returns to the Fire Nation. One such arrangement was passing her position as ruler of Ba Sing Se over to Joo Dee, whom she viewed as the perfect person to leave in her stead, dubbing the former tour guide Supreme Bureaucratic Administrator. She also brought back her uncle, Iroh, who was considered a traitor and would be imprisoned in the Capital City Prison complex. Back home, both her and her brother were welcomed as war heroes and were greeted by crowds of people in a rally organized for their honorable role in shortening the conflict and bringing a swift end to the last remaining large pocket of resistance. However, Azula had reason to suspect that the Avatar was still alive and believed that Zuko was hiding something from her. As such, she attributed the Avatar's defeat to Zuko, which would set him up for greater dishonor should the Avatar prove to be alive. .

Azula, Mai, Ty Lee and Zuko all traveled to Ember Island for a brief vacation while the Fire Lord conferred with his advisers in private. Azula took advantage of this opportunity to experience life as a normal person for the very first time, choosing to keep her and Zuko's true identity a secret. The vacation was one of the few moments of her life when Azula, albeit only for a moment, opened up and revealed pain and resentment about the relationship with her mother, which still plagued her. After returning to the Fire Nation Capital, Azula, along with her father, brother, and all the high-ranking military officials in the Fire Nation, attended an important all-day war meeting, where she suggested using Sozin's Comet to destroy the Earth Kingdom once and for all, a plan which dismayed Zuko and would contribute to his eventual defection.

Having gained knowledge of the invasion during her infiltration in the Earth Kingdom, Azula warned the Fire Lord, and the royal family evacuated to an underground bunker prior to the invasion. Azula and her agents stalled Aang and his friends Sokka and Toph from finding Fire Lord Ozai before the eclipse, which itself lasted only eight minutes. This distraction helped allow the Fire Nation to retaliate with full force once they regained control over their bending abilities, causing the invasion to fail.

Later, Azula, accompanied by Mai and Ty Lee, went to the Boiling Rock, the top security Fire Nation prison, where Zuko had been captured while infiltrating the prison in an attempt to rescue Hakoda. However, Zuko, Sokka, Suki, and Hakoda managed to escape due to Mai's intervention at a critical moment. Enraged, Azula confronted Mai, who confessed that her love for Zuko was greater than her fear for Azula. At that moment, Azula prepared to attack Mai, but Ty Lee stopped her by blocking her chi. Azula then had both Mai and Ty Lee imprisoned as traitors.

After the prison incident, Azula led a platoon of Fire Nation Airships to the Western Air Temple, where she attacked Zuko. Slipping off the top of the airship, Azula nearly fell to her death, but was able to stop her descent by using her hairpin as an anchor in the cliff wall. Despite having failed to eliminate either Zuko or Aang, she smiled as the Avatar and his friends escaped.

In the finale, Ozai named Azula his successor as Fire Lord. While honored, she asked what would that meant for Ozai, who then revealed that he would assume the higher-ranked position of Phoenix King. Having her final goal tainted by her father proved to be the final nail in the coffin for Azula, as she began to have a mental breakdown. She became suspicious of her servants and dismissed them along with her advisors Lo and Li. While attempting to trim her hair for her coronation, Azula saw a hallucination of her mother, who told her that she still loved her, which Azula was incapable of accepting.

During the coronation ceremony, Zuko and Katara arrived at the palace before Azula was crowned Fire Lord. Sensing her mental imbalance, Azula challenged Zuko to a Comet-Enhanced Agni Kai, to which he agreed, as Zuko noticed that something was "off" with Azula. During their fight, Azula's attacks, while powerful, were wild, emotional and reckless, while Zuko's attacks were calm and controlled, and eventually he gained the upper hand. When he began to overpower her, Azula, responding to his challenge to use lightning, trained her attack on Katara. However, Zuko intercepted her attack and was mortally injured as a result. Azula then attacked Katara, but she was defeated when Katara trapped them both in ice and chained her to the floor. Seeing her reign prevented, knowing that it was Katara who did it and that her brother was going to survive, Azula let out a fiery roar before devolving into a sobbing, gibbering mess.

After her Agni Kai with Zuko and subsequent mental breakdown, Azula's insanity earned her Zuko's pity and rather than being sent to prison like their father Ozai did, she was committed to an asylum on a nearby island, where she was continuously monitored. About a year later, she was visited by her brother, who told her that he had consulted with Ozai on several occasions in an attempt to learn Ursa's whereabouts, to no avail. Answering his request for help, Azula said that she needed nothing in return for her assistance, as the mere knowledge of being of service to the Fire Lord would be enough satisfaction. She also stated that she had been wondering as well what exactly happened to their mother following her disappearance six years earlier.

She was placed in an adjoining cell with her father, though they did not speak with each other for half an hour. Zuko observed this and brought them tea in an attempt to make the situation more enjoyable. Azula grabbed hold of the tray with her teeth, however, causing Zuko to fall over. She angrily accused him of wanting to see her lap up the beverage like an animal, since she would have had no other way to drink it while confined in her straitjacket. Her outburst prompted Ty Lee to chi block her, rendering her completely immobile. Due to her poor mental health, Azula questioned the girl as to how "she", referring to Ursa, had managed to break the grasp of fear Azula used to have on her. Before the situation could escalate any further, Zuko intervened and stated that he had meant no harm and just wanted to ease the conversation with Ozai along. After being placed on her chair again, the chi blocked Azula arrogantly stated that if her brother wanted her and their father to have a dignified conversation, he should leave them alone, which he did.

When Zuko was taking her back to her old quarters in the palace where she would be staying, he asked her whether or not she had been able to coax the needed information about Ursa's whereabouts from Ozai. She dodged the question and asked in return whether or not he had ever experienced the sensation of being chi blocked. When Zuko said he had not, she proceeded to meticulously describe the feeling, mentioning that one becomes extremely flexible right before regaining their full control. To prove her words, she twisted her arm out of her straitjacket and fired a lightning bolt at her brother. In the ensuing skirmish, she managed to free herself entirely and made her way into a nearby building. Via a hidden passageway, she went to one of Ozai's secret chambers where she retrieved a stack of undelivered letters, which Ursa had written to her hometown. Before Zuko could take them from her, she burned them, having already read them herself. She concealed one of them, however, though let her brother believe that all had been destroyed. In return for knowledge about what had been written in the allegedly burned letter, she requested to be allowed to go with him on his search for their mother.

Complying to the request, Zuko released her from the mental institution and allowed her to accompany him, unbound and with dignity. When she showed herself to Team Avatar, however, she was immediately attacked by Katara. She easily dodged their attacks and proceeded to taunt and insult Sokka. It did not come to a scuffle until the next day, when a short struggle ensued between her and Sokka. Azula disarmed him with a small, non-lethal lightning shock after he threatened her with his boomerang. The rest of the team immediately intervened and immobilized her with their bending. Upon her release, she haughtily stated that if they all just stayed away from her, they would get along perfectly.

She traveled with Team Avatar on Appa to Hira'a to find her mother, but her mood was erratic, unpredictable, and characterized by delusions and hallucinations, as she constantly asked Team Avatar how "she" had contacted them, referring to her mother. Upon nearing Hira'a, she attempted to escape by jumping off of Appa. Aang swooped down and caught her in free fall, but she set his glider afire, causing him to crash to the ground and securing her getaway. She ran away but stopped as she neared a stream and heard her mother's voice coming from the water. She argued with the reflection, accusing Ursa of desiring to ruin her from the day she was born and heading a conspiracy to strip her of her power, of which she also claimed her mother had been jealous. However, she triumphantly stated that thanks to Ursa's letter, she now had all the proof she needed to take the throne from Zuko. She thus revealed her own plans to find and kill Ursa herself in order to stop her once and for all. She let out an emotionally toiled scream as the hallucination of her mother confirmed her love for her, prompting Azula to fire a lightning bolt at the mirage, stating the love declaration to be nothing more as Ursa's last treasonous attempt to set her own mind against her.

At that point, Zuko arrived and asked to whom she had been speaking. Reacting aggressively, Azula wanted to strike her brother down but was encased in ice by Katara before she got the chance. As the waterbender approached her, she accused her of being one of Ursa's co-conspirators. Her rant, however, was interrupted when the wolf spirit appeared and attacked the group. As they were being overpowered by moth wasps coughed up by the spirit, Azula asked Zuko to free her so she could help, convincing him that she could not possibly make things worse for them and stating that if he could not even trust his own family, there was no one left to be trusted. He melted her icy restraints, and true to her word, she created a large lightning bolt and shot it away from the group, drawing the light-oriented moth wasps and wolf spirit with it. That night, Azula was talking in her sleep and shivering from the cold before Zuko covered her with a blanket.

The next day, the princess was awoken by another hallucination of Ursa. She was urged by her mother to stop what she was doing, as Ursa believed it was not Azula's destiny to assume the throne. In response, Azula intended to shoot her mother with lightning, but

Ursa only pleaded with her more urgently to find her true destiny. Azula snapped out of her hallucination with Katara's hand in her grip; Sokka prepared his boomerang to strike her, but Katara managed to calm the unstable firebender down. After her outburst, Azula discovered that the letter she had kept was missing and immediately assumed that Zuko had taken it. Her brother was not at camp, however, and Azula threatened Sokka and Katara with fire to force them to tell her where Zuko had gone. After burning down a few nearby trees and bushes, she stormed off after Zuko.

Azula found her brother sitting with Aang at the edge of a cliff. Frustrated, she shot fire blasts at him and a duel broke out. While Aang ran back to check up on Sokka and Katara, Azula was grabbed by Zuko and held over the cliff while she accused their mother of tipping him off to the letter's location, before learning that he had held it all night. Zuko requested that they stop their fighting, to which Azula agreed, and they both returned to camp. After the rest of the team put out the fires, the entire group continued their journey to Hira'a.

They reached the border of Hira'a and the Team Avatar disguised themselves using crimson robes. Azula was the only one who still wore her own outfit. The group arrived just as a performance of Love amongst the Dragons was ending. Azula and Zuko recalled the times they used to see the play and how they acted out the battle scene; Azula bragged she made a better Dragon Emperor, which is why she took up the role between the two. The play ended, and Azula followed the others. They met the leader of the Hira'a acting troupe, Noren, who offered them information on Ursa in addition to tea and an invitation to his and his wife, Noriko's, home. Azula and Zuko spoke with the couple's daughter, Kiyi, about her doll. The princess mentioned she used to give her dolls "headcuts" instead of haircuts, offering one for Kiyi's doll, which scared the young girl and caused Zuko to berate his sister. Afterward, the firebender remarked that she was "tempted to burn the whole place down, but resisted for [Zuko]". The thought drew Katara's ire, causing the two girls to argue. The increasing tensions between Katara and Azula resulted in Zuko declaring that Forgetful Valley would be the last stop for the trip.

Upon arrival, Azula attempted to make a path by burning parts of the valley, drawing criticism from the rest of the group once more. When Aang found a flutter bat that brought him to a pond, Azula and the others followed the two there. The Avatar said it was a spiritual place and urged everyone to respect it, but Azula once again saw a hallucination of Ursa urging her to stop the mission. The princess promptly went against Aang's word and blasted the pond with lightning and yelled at Aang that Ursa had told him to bring them there. Katara was about to freeze her in place, but a rain of flower-shaped ice discs began to attack the team and the nearby plants began to pull the team in one by one. Azula saved Sokka from a vine, explaining that the more "peasants" she kept around, the higher her chances of survival were. Katara countered with plantbending and ordered whoever was attacking to reveal themselves to the team.

Rafa and Misu, brother and sister themselves, arrived and set up camp with the group. Misu warned them that Forgetful Valley's ponds needed to remain undisturbed. She told her and Rafa's story to the team; the sibling bond they had resulted in uncertain looks from Azula and her brother. The princess cut the story short and asked about Ursa, to which Misu replied that neither she nor Rafa had seen her. As Aang prepared to cross into the Spirit World to seek out the wolf spirit, Azula walked away; when confronted by Zuko, she snapped at him, wondering if they were really going to find their mother or help "a couple of vagrants". Zuko said that it was Aang's duty to help people, and Azula accused the Fire Lord of not wanting to hold the throne anymore, traveling with Team Avatar to help people instead. Her focus quickly shifted toward her psychotic beliefs, and she accused Ursa of orchestrating Rafa and Misu's arrival to throw them off her trail. She prepared to shoot lightning at the siblings, warning her mother that her plans would fail.

Her attack was thwarted by Zuko, however, and she was forced to calm down, awaiting Aang's return. When the Avatar brought the Mother of Faces with him, Azula interrupted Misu's plea to the spirit to grant her brother a new face with a demand to know about Ursa. After learning that the Mother of Faces had given Ursa a new identity as Noriko, Azula promptly took off to Hira'a with her brother and Sokka chasing after her. Barging into Noren and Noriko's house, Azula was finally able to confront her mother, demanding to know if Kiyi was supposed to be her replacement because she was such a monster. Sokka held her off temporarily, but the princess ultimately slammed Ursa to the wall and prepared a ball of fire, intent upon killing her.

She teared up when her amnesiac mother apologized for not loving her enough, but after being separated from her by Zuko, she began attacking him. Azula asked Zuko why he would not allow her to take the throne, saying he would be free of something he did not want, while it would rid her of the "incessant nagging in [her] head". Upon being told that she was wrong, Azula protested, reminding him that he had the opportunity to throw her over the cliff and be rid of both her and the letter. Zuko answered that he knew the throne was his destiny and went on to say that no matter how messy their relationship was, she was still his sister. Azula, in tears, burned an opening through a nearby wall and ran outside, dropping the letter in the process. She ran off toward the Forgetful Valley, calling her brother weak when he begged her to stay so that he could help her, and vanishing from sight. Although Zuko tried to find her in the weeks before he returned to the capital with Ursa, Ikem, Kiyi, and Team Avatar, Azula managed to remain hidden, which caused Zuko to believe that she did not want to be found.

At some point during her exile, Azula thought that her destiny was to manipulate Zuko into a Fire Lord who ruled by fear, similar to how Ozai ruled. At this point, her hallucinations had stopped. Recalling how Mai talked about Kemurikage in her sleep during a sleepover from when they were children, it inspired Azula to masquerade in the image of the mythical spirits to enact her plans. Azula subsequently left Forgetful Valley and helped her friends escape from the institution, including Zirin. In her Kemurikage guise, Azula visited Ukano, now the leader of the New Ozai Society, and threatened him with harm if he did not depose Zuko immediately. When Ukano failed at this, Azula confronted him to make good on her promise. A terrified Ukano pleaded for a month to depose Zuko. At some point, Azula revealed her identity to Ukano, who emptied his bank account to construct a prison in the Royal Family Graveyard. In the next month, Azula and her followers began abducting children from the capital, including Tom-Tom.

Some time later, Azula abducted Kiyi but was discovered by Zuko, Aang, Ty Lee, and Suki. In the ensuing fight, Azula revealed herself by shooting lightning. Zuko redirected it at her, only for Azula to redirect her lightning back at him. Azula and her cohort managed to successfully get away with Kiyi through a secret passage. After locking up her half-sister with the other children, Zirin was starting to get very impatient with Azula about keeping the children for long. However, Azula calmly asked her and the other friends to be patient, as she had a plan. Azula and Ukano discussed how keeping the children is going nowhere and Ukano revealed that he is upset that Tom-Tom is kept as prisoner. Azula ordered Ukano to gather his Safe Nation Society to start rioting in the streets, although Ukano did not understand how this will help Ozai become Fire Lord, Azula softly said that her father was never the plan.

Later, after the riot, Ukano said that their plan still was not making any progress, and pointed out that he did everything she asked, and begged for her to release the children. Azula went back on her promise, reasoning that if they are free, they will eventually tell their parents and Zuko where they had kept them, and thus she kept the key to their cell.

Later on, Azula and her friends confronted her brother, Aang, her former friends and Kei Lo. As they battled each other, Mai's knives cut into Azula's hood. Azula mocked her about her knife throwing skills and attacked her former friend once more. Azula explained how she heard about the Kemurikage when they were at a sleepover at Mai's, having heard her mumble about the spirits in her dreams. While resuming her attack, she thanked Mai for giving her the inspiration for their masquerade. When Kei Lo suddenly bumped into Azula from behind, she quickly grabbed him and, threatened Kei Lo, and mocked Mai about her relationships. Zuko was next to intervene, firmly asking Azula to release Kei Lo, to which Azula mocked what she believed to be a depressing attempt of Zuko to win back Mai.

After exchanging a fire blast with her brother, Azula ran off into a tomb shaped like a Lion Turtle. When Zuko followed her inside, Azula explained that they were in the tomb of the first Fire Lord's most trusted adviser. As Zuko pointed out that she seemed more stable, Azula suddenly attacked him. The brief Agni Kai ended with Azula pinning Zuko to the ground and raising a fire-dagger over his face, claiming this was how it had always been between them. Zuko defiantly replied that even if Azula killed him, she would never become Fire Lord, and that she should accept that fact. To his surprise, Azula released him and said that she had not only accepted it but embraced it. She revealed that the voices in her head had stopped once she realized her own true destiny: it was not to become Fire Lord herself, but to shape Zuko into a more ruthless leader who ruled through strength and fear. Although Zuko points out that she has lost now that all the kidnapped children were rescued, Azula countered that she had won, claiming that, in the last twenty-four hours, she had shown exactly how ruthless and authoritarian he could be. Before she could be apprehended, she vanished in smoke, while commanding Zuko to accept what she made of him.

As Zuko addressed his subjects, Azula and her comrades, all still masquerading as the Kemurikage, watched his speech from a nearby rooftop. Hearing Zuko ask for his citizens' understanding and patience as he searched for a way to be a better leader, Azula sneered "How touching" to herself. Putting her mask and hood back on, she and her cohorts disappeared once more.

Me: DARK AZULA!

Zuxala: It's Zuxala now.

Me: But you weren't turned into a heartless. You were sealed into the Book of Vile Darkness.

Zuxala: You will pay for ruining my life! You ruined my life and took my right to become Fire Lord away!

Me: You brought all that on yourself you fucked up fire psychopath. You were never given the right to become Fire Lord in the first place because of your insanity and your delusions. You used fear to control people because of your own selfishness and ego! Your own mother had every right to fear you. Because you are a fucked up monster!

Azula: Time to kick my own ass!

Me: No Azula. I will face her and you, Nico, Zuko and Eion can help me when I say.

Eion: Okay.

Zuko: Go get her J.D.

Me: With pleasure.

Troy: Popping this guy's balloons was fun. But now, it's time to get serious!

Megaforce Rangers: Legendary Ranger Mode: Ranger J Platoon!

The Megaforce Rangers turned into the Battle Field J rangers from 1979.

The Ninja Storm Rangers transformed and they were ready.

We went at them.

---

BATTLE 1: Dark Azula A.K.A. Zuxala.

---

I was facing Zuxala and I was ready for her.

Zuxala: This time I will be the victor J.D.

Me: I don't think so.

I sensed that she was slipping and I knew that with my new Firebending Styles that I can make sure that she suffers the worst kind of pain ever in the fire of Hell.

Azula did a kick and fired a powerful blast of blue fire at me and I jumped dodged it and spun and fired a massive vortex of fire at her and Zuxala fired a powerful fireball at me from her fist and I ducked and fired a powerful barrage of fireballs from my hands and feet at her and I spun and fired a powerful shower of fireballs and fire tornadoes at Azula and I fired a massive wave of fire and the blasts hit Zuxala and exploded.

KRABBBBOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOMMMMMM!
KRABBBBBBBOOOOOOOOOOOOOMMMMMMMM!
KRABBBBBBBBBOOOOOOOOOOOOMMMMM!

Zuxala was down and she enraged.

Zuxala: How did you learn those styles!?

Me: From a place called none of your fucking business.

Zuxala then spun around and fired a powerful blast of lightning at me and I redirected it back at her and fired a powerful blast of lightning at her and the blasts hit her and electrocuted her and knocked her down.

Me: It's over Zuxala. You've lost.

But Zuxala wasn't gonna give up so easily. She got up and she was enraged.

Zuxala was so extremely enraged and infuriated that it was unbelievable! She screamed and she came at me with a massive blast of fire and she was enraged, insane and completely out of his mind!

Zuxala: (ENRAGED SCREAMING!) (BLASTING FIRE AT ME!) YOU FUCKING FUCKHEADED FUCKWEED! YOU WILL PAY FOR THIS! WHY CAN'T YOU JUST DIE JUST THIS FUCKING MINUTE?! DIE! DIE! DIIIIIIEEEEEEEEEE! AND STAY DEAD! (Laughing insanely) HAHAHAHAHAHAHA!

Me: HOLY SHIT! She's out of her fucking mind!

I dodged the blasts of fire and lightning and I fired energy blasts. The explosions were destroying much of the island at an incredible level and setting much of the island on fire with incredible explosions of unbelievable power!

KRABBBBBOOOOOOOOOOOOMMMM!
KRAABBOOOOOOOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOMMMMMM!
KRABBBBBBOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBOOOOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOMMMM!

Zuxala: (Insane anger and maniacal laughter) DIE! DIE! DIE! DIE! DIE! DIIIIIIIIIIIIIIIIIIIIIEEEEEEEEEEEEEEEEEEEEEEEEEEE!

I punched her in the face and kicked her in the stomach and fired a powerful blast of fire at her.

Me: Now!

Zuko: Lets get her!

Eion: Right!

Azula: This bitch will pay!

Nico: She sure will!

Nico, Azula, Eion and Zuko went at Zuxala and fired massive blasts of fire and they hit Zuxala and exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion burned Zuxala all over and she was one charred bitch.

Me: It's over Zuxala.

Zuko: You will never be welcome amongst the people of the Fire Nation.

Azula: You've ruining my image for the last time.

Eion: And ruining the lives of countless souls. Your reign of terror is over!

I had my hand pointed at her.

Me: HAKAI!

Zuxala glowed purple and she screamed in pain as she was being obliterated in an instant. Zuxala was never gonna live again and she was dead and will never exist.

Nico: Zuxala, you have failed this universe.

Me: She sure has. Just like her wretched father. I think it's time we get rid of him next after we're done here.

Eion: Good idea.

Zuko: Lets go help the others.

Me: Good idea Zuko.

We went and helped everyone else out.

## Battle 2: Inflatron

The Ninja Storm Rangers and the Megaforce Rangers were facing Inflatron.

They went at him and slashed and blasted him with their skills and weapons. Nico punched him in the face and Lincoln fired a powerful blast of lightning and electrocuted him all over and Lola fired a powerful blast of fire and burned him.

The Ninja Storm Rangers and Megaforce Rangers fired powerful blast of energy from their weapons and they hit him and exploded with incredible power.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Inflatron was dead.

Nico: Inflatron, you have failed this universe.

Me: Lets go help Timmy. But knowing Gary, he's not gonna play fair.

---

Battle 3: Imaginary Gary

---

Timmy was facing Imaginary Gary and the boxing match began and he punched Gary in the face and in the stomach and punched him in the face again twice and punched him all over his stomach and he punched him in the face again and then he did a devastating punch to his face and sent him crashing into the cage and it broke it apart.

Trixie: That did it!

Chester: Yeah!

A.J.: Timmy won!

Ben: Time for some action!

Ben then turned into a new Ultimate Alien. it was ULTIMATE BRAINSTORM! He now looks slightly like Synaptak. He now has four large metallic crab-like legs and no arms. He now has signal mini-towers on his brains.

Ben: ULTIMATE BRAINSTORM!

Me: Whoa! An Evolved Cerebrocrustacean!

Shanan: Wow! He looks a lot like a crab version of The Brain from the Brotherhood of Evil.

Robin: He sure does.

Ultimate Brainstorm: And watched this.

He fired a massive blast of lightning from his huge brain and it hit Gary and electrocuted him all over.

Me: Wow!

Lincoln: That was powerful!

Me: Lets finish this fucking creep off for good.

Nico: Right!

Amorpho: Lets do it! GHOST ZONE CYBER KEY POWER!

The Ghost Zone Cyber Planet Key went into his right arm device and enhanced his powers 100-fold.

Long Haul: Time for some action! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his dual-heat-seeking missiles 100-fold.

Amorpho and Long Haul: FIRESTORM HEAT MISSILE BARRAGE!

Amorpho turned into Francis as Hotstreak and fired a massive blast of fire and Long Haul fired a bunch of Heat-Seeking Missiles and they slammed into Gary and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

Slingshot: Time for some pain! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his Neutron Rifle 100-fold.

Captain Atom: Time for some elemental speed! JUSTICE LEAGUE CYBER KEY POWER!

The Justice League Cyber Planet Key went into his right arm device and enhanced his powers 100-fold.

Slingshot and Captain Atom: ELEMENTAL NEUTRON BLAST!

They fired powerful blasts of neutron energy and fire, ice and lightning blasts and they hit Gary and exploded with incredible power.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Now to finish him off for good!

Timmy Turner: With pleasure! MAGIC FIRE BARRAGE!

Timmy Turner fired a powerful Purple Fireball storm and it hit Imaginary Gary and exploded all over.

Trixie: You will never terrorize our world again! LOVE ARROW FIRESHOT!

Trixie formed a powerful arrow of red fire and she fired it at Imaginary Gary and it hit him and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Chloe Carmichael: You are never gonna be welcome in our world as long as we're here! SUPER ECO ELEMENTAL STRIKE!

Chloe Carmichael fired a powerful blast of elemental energy and it slammed into Gary and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Tootie: You will never hurt my love again! LOVE HEART DEATH BOMB!

Tootie fired a powerful energy heart at Gary and it hit him and exploded with incredible power!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion completely obliterated Imaginary Gary in an instant. There was nothing left of him but his shoes.

Me: Good riddance to that bad imaginary friend.

Lincoln: You said it.

Timmy: Good riddance.

Timmy saw Trixie, Chester, and AJ glaring at him.

Timmy: Guys, Gary's gone for good. So, what's wrong?

Trixie: You are.

A.J.: Yeah. Who do you think you are, betting your friendships with us on a Magical Duel?

Chester: That's just not cool on so many levels.

Trixie: And regardless on what you say or do, we'll pick the guy we choose to hang out with!

A.J.: Absolutely.

Chester: Totally absolutely!

Timmy: (ashamed) You guys are right. I got so caught up with maintaining our friendships that I acted like a jerk. And an even bigger jerk then Gary. I guess I'll see you guys around. (walks away)

Me: What the hell did you guys say that for!?

Chester: He deserved it!

Tootie: What the Hell were you guys thinking, yelling at Timmy like that?!

Trixie: He deserved it for betting on our friendships like we were his property!

Maria: That was only because he was scared of losing you to Imaginary Gary.

A.J.: He was?

William: Yeah! And you know what kind of lunatic Gary was.

Chester: Well, when you put it that way, I guess we were wrong to scold Timmy like that.

Nico: My advice? Apologize to Timmy now before he tries to do something bad to himself out of depression. Or worse.

Me: Agreed.

They went to find Timmy and they saw him on a rock and they went over to apologize to him. He couldn't stay mad at them and he forgave them.

Timmy Turner: (To the viewers) Never do what I just did unless it was dire.

Me: Good.

Then we heard crazy laughter and we saw THE GREEN GHOSTS!

---

The two lawyers wanted the estate of Colonel Beauregard Sanders's will, but had to get the inheritors, including the colonel's relatives and Scooby-Doo, out of the mansion so they could have the fortune to themselves.

When Scooby and the other heirs arrived to be read the late Col. Sanders's will, it turned out that they would all have to spend the night at his mansion in order to collect their inheritance, but the catch was that the mansion is apparently haunted. Creeps and Crawls then donned their costumes and proceeded to kidnap the heirs so they could keep all of the fortune for themselves.

The plan went awry when they went after Scooby. Although Fred Jones's first trap failed to work, they were soon captured and unmasked. The fortune, however, turned out to be confederate money.

---

Shaggy: ZOINKS! It's the Green Ghosts!

Me: Not these clods again.

Qin: What is their history?

Me: They were really Cosgood Creeps and his partner Cuthbert Crawls. They were responsible for trying to scare away all of the heirs to Colonel Beauregard Sanders entire fortune. They wanted to keep the fortune all for themselves. It was $1,000,000 in cash. But unfortunately the entire plan was all for nothing. The money was all Confederate Money from the American Civil War and it was all completely worthless money.

Nico: Boy they got screwed big time.

Me: Yep. They did all that scaring all for nothing. And it ended up with them in prison for the next 20 to 40 years.

Qin: And now Life in Federal Prison right?

Me: Yep.

Lucy: I got this.

Lucy fired a powerful blast of black lightning and vaporized the ghosts.

Me: Good riddance.

We later went back home.

THE END

---

Another Fanficton compete and another awesome Fairly Oddparents Villain destroyed.

Imaginary Gary was the worst imaginary Friend ever made and he would not be welcome even at Fosters. But Jason Marsden did a great job voicing him. Azula was a monster and destroying her dark side reborn as a Nobody was an awesome idea. Next up, we're facing the evil mad scientist Orochimaru and he is gonna go after me to get revenge for killing him in Rise of The Angel Shinobi. Now it's personal. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is the Goosebumps Book The Barking Ghost and that story reminds me of the story from Sherlock Holmes, The Hound of The Baskervilles and it's gonna be a battle with the evil hounds from hell. And to make it exciting we're going to include the ruthless maniac Ramsay from Game of Thrones and his evil dogs in the fray. Get ready for a rabid fight with ruthless dogs from hell.

See you all next time

# Fury of the Ghost Dogs

At School it was time for Gym Class and we were doing Dodgeball and our new substitute teacher was famous boxing champion Drederick Tatum.

---

Drederick Tatum was a former Olympic Gold medalist, first became World Heavyweight Champion after defeating Watson in the heavily promoted "Bout to Knock the Other Guy Out!" He grew up in Springfield, recalling that that town was a dump (since he once said this: "If you ever see me there again you'll know I really [bleeped]-up bad"). He later served time in prison after pushing his mother down the stairs.

Prison

While serving time in prison, he was apparently intimidating to the other prisoners and guards, as evidenced by the fact that he managed to quell a prison riot simply by saying "Hey guys, come on! Shut up!" without even leaving his cell. In a parole hearing, he admits he has regrets about pushing his mother down the stairs, and if he had an opportunity to go back in time, he'd "certainly reconsider it."

Match against Homer

Upon his release, he was booked for a match against Homer, during Homer's brief stint as a boxer who had never been knocked out. Drederick was managed during this time by Lucius Sweet, a vicious boxing promoter. Tatum stated that he thought Homer Simpson, his opponent, was a good man, although he still planned to make orphans of his children. Drederick dominated the majority of the fight and even had time to stop during the first round to talk to Charlie Sheen. He was winning in the first round when Moe flew in through the top of the stadium and saved Homer meaning that he lost via abandonment. During the match, he didn't seem upset at all that Homer was saved by Moe by the latter airlifting him out of the ring, and in fact expressed that it showed how much Moe cared for Homer as his promoter.

Lisa's experiment

He also visited the school to make a speech; however, Lisa ended up using him to test her hypothesis that bullies tend to attack nerds due to a certain chemical in their sweat; Lisa's hypothesis proved to be true as Nelson reacted unwillingly but instinctively to the chemical by trying to punch Tatum, who only warned him quietly to stop or he would kick him.

He was also a friend of Carl (they met at a party held by Dr. Hibbert), which proved beneficial to have Homer help Marge train in the mixed fighting tournament to end it. His house also has a few exotic animals.

---

Drederick Tatum: Great job kids.

Plant Man (to Drederick Tatum): It's nice to meet you, Mr. Tatum.

Drederick Tatum: Please. Call me Drederick.

Me: (Dodges a dodgeball) Sorry.

Matilda Honey: (to Drederick Tatum) For a boxer, you really have a light voice.

Me: I don't think we ever saw you in the rubble of Springfield when we destroyed it.

Drederick: That's what I saw.

Me: Springfield is now a radioactive crater. But there was a reason for it. Springfield was loaded with a massive amount that made it one of the worst towns ever that needed to be destroyed completely.

I went over everything that happened with Springfield and he was floored.

Drederick: Geez! That's terrible!

Nico: Yeah it was.

Drederick Tatum: (ashamed) Had I known about Springfield being corrupt, I would've just punched several of them to death, including Chief Wiggum.

Blast Off: Relax. It's not your fault.

Lincoln: Yeah you didn't know that Springfield would turn out to be a cesspool of evil.

Nico: Yeah. But me, Sideshow Bob and Sam destroyed some of the worst corruption conspirators.

Gina Vendetti: It's good they did.

Nico: Yep.

Drederick: Thank goodness I wasn't in Springfield when it all happened.

Me: That's a relief.

Fireflight: (to Drederick Tatum) You know, maybe you and Lynn can get in a friendly boxing match sometime.

Drederick: I would like that.

Me: Awesome.

We continued our dodgeball game.

* * *

Later back at home, I was watching my moms favorite show that was recommended by a friend of work: Game of Thrones. It was a really awesome fantasy show that takes place in the fictitious world of Esso. It was full of awesome fantasy creatures such as dragons, elves, and monsters and so much more. A lot of fights and terrible events go down in it. It was awesome. Me, Lincoln, Lily and Nico were watching it.

We saw a ruthless villain in it named Ramsay Bolton.

---

Ramsay Bolton, formerly known as "Ramsay Snow" and sometimes called "The Bastard of Bolton", is one of the main antagonists in the Song of Ice and Fire novels, as well as Game of Thrones, the HBO series based on the books. He serves as a supporting antagonist in Season 3, one of the secondary antagonists of Season 4, the main antagonist of Season 5, and one of the two main antagonists of Season 6 (along with the High Sparrow). In A Song of Ice and Fire, he serves as a minor antagonist in A Clash of Kings before returning to become one of the two main antagonists (alongside Roose Bolton) in A Dance with Dragons. He is set to be one of the main antagonists in the upcoming sequel The Winds of Winter.

Ramsay is widely regarded as being one of the most evil and repulsive villains in the series, who some consider to be worse than King Joffrey Baratheon. His character first appears during the second book, imprisoned by Bran Stark and freed by Theon Greyjoy. However he was cut from the second season and his role in Winterfell was taken by another character, Dagmer Cleftjaw, who's also in the books, but never betrays Theon. Ramsay indirectly appears in season 2, blowing the horn repeatedly to annoy and scare the ironborn.

Ramsay Snow was the son of Roose Bolton, Lord of the Dreadfort, and a miller who he killed and later raped his wife over his dead body. After she gave birth to the boy she went to Lord Bolton, who wanted to have the girl whipped and kill Ramsay until he saw that the baby had his eyes. Roose promised food and money every year if she did not reveal Ramsay's true parentage. 12 years later the woman returned to Roose and said that he was growing wild and that without a father figure had become an angry problem child. Lord Bolton sent a servant called Reek to help raise Ramsay this however only made him worse as Reek corrupted him into, raping, stealing and even murdering. Everytime Ramsay saw a girl he liked he would hunt her down in the wolfswood with Reek. Ramsay raped the girls and when he was done he killed them and Reek had sex with their corpses. Sometime later, Bolton's trueborn son Domeric, tried to meet his brother. Domeric Bolton was considered a pleasant person by the northeners, and Ramsay, out of jealousy and anger, poisoned him a short time later. Lacking any more sons Roose Bolton took his bastard to the Dreadfort and raised him there.

## A Clash of Kings

During the War of the Five Kings, Roose Bolton rode south with Robb Stark, but Ramsay stayed in the north and amassed men in the Dreadfort. Lord Halys Hornwood died in Battle on the Green Fork, while his only heir, Daryn died at the Battle at the Whispering Wood. Ramsay learned about House Hornwood having no male members anymore, so he planned to take the Hornwood for himself. After Robb Stark declared himself King in the North, Bran Stark planned to have King Robb legitimize Larence Snow, the bastard of Lord Hornwood who lives at Deepwood Motte. The widow Lady Donella Hornwood, née Manderly, was kidnapped by Ramsay while she was returning to the Hornwood from Winterfell. Ramsay forced Lady Hornwood to marry him and name him her heir so he could take her lands. After the wedding Ramsay locked his wife in a tower and starved her to death, before dying Lady Hornwood ate her fingers. Ramsay's fame spread through the North and Bran, as Lord of Winterfell, sent Ser Rodrik Cassel to capture Ramsay, while Lord Wyman Manderly started fighting the Boltons in the wolfswood. The problems with Ramsay Snow stopped when Ser Rodrik captured them. Ramsay and Reek were captured while raping and killing a peasant girl. Because Reek's horse lamed during the hunt, there was no chance for them both to survive. He made Reek pass out as him while he took the disguise of Reek and convered himself with the girl's filth. While the true Reek was killed by Rodrik, Ramsay was taken as prisoner to Winterfell for interrogation.

While Ramsay is a prisoner in Winterfell, Theon Greyjoy attacks the fortress and kills a few men, Alebelly being the first one to die. Theon captures the castle and forces the people to plead loyalty to him as Prince of Winterfell, but Maester Luwin manages to send a raven to the Manderlys at White Harbor. The blacksmith Mikken refuses to bend the knee and is killed by the ironborn Stygg, and the librarian Septon Chayle is thrown into a well to honor the Drowned

God. Ramsay is admitted at his service as Reek.

When Bran and Rickon Stark escape from the captured castle along with Jojen and Meera Reed, Hodor, Osha and two direwolves, Reek joins Theon's hunting party with the Ironborn, Maester Luwin, Farlen, and the two wardens of Lord Walder Frey, Little Walder and Big Walder. They don't find the fugitives and don't get any result from questioning a miller in a mill outside Winterfell. It was Ramsay's idea to kill the miller's sons to hide the escape of the princes of Winterfell and pretend they found them and punished them. Theon orders Reek to kill the 3 ironborn witnesses, Gelmarr, Aggar, and Gynir, to hide the truth about the corpses of the 2 boys. Theon uses Farlen as a scapegoat and blames him for the ironborn's deaths, and personally executes him after Farlen points out that Lord Eddard did his own killings. The "official" reason of the deaths of the Stark boys is that Theon did it as a payment for the lives of his dead brothers, Rodrik and Maron Greyjoy.

When Asha Greyjoy arrives at Winterfell from Deepwood Motte, as Theon requested more men to hold the castle, she sees the bodies of the children. She's so disgusted that she only leaves a few men for Theon, and after Theon refuses to burn the castle and go with her she rides back to Deepwood Motte. Everyone in the North thinks Bran and Rickon are dead and want Theon's head and King Balon Greyjoy thinks he lost two valuable hostages to keep the lands and towns he conquered.

Ramsay leaves the castle before northern troops, arrive to take back their capital, Theon frees him with the promise that he will bring at least 200 men from the Dreadfort. Theon promises to give him Palla, Farlen's daughter who was already raped by the ironmen. In the south Robb Stark learns about Bran and Rickon's fate and Stannis Baratheon fails to take King's Landing, causing the War of the Five Kings to go towards its end. Ramsay's father, Roose, and the Freys think Robb Stark will lose his rebellion, so they start to communicate with Tywin Lannister for peace and collaboration. Roose has recently married Fat Walda Frey, daughter of Merrett Frey, and has already consumed the marriage. He pretends to be completely loyal to Robb, but he starts to realize that the northern cause is lost and that Robb will never surrender to the Lannisters and give up his crown. In the North, Ramsay takes his troops from the Dreadfort to march on Winterfell.

Balon and Victarion have forsaken Theon, ignoring his calls for aid, despite they could destroy together Rodrik's army and prevent them from going to attack Moat Cailin from the rear. The northern army led by Ser Rodrik Cassel, Leobald Tallhart, and Lord Cley Cerwyn arrives to besiege Winterfell and most of Theon's men desert him, leaving only him and 17 loyal but angered men to hold the castle, though some of the deserters are ashamed. Shortly after the failed parley at the winter town with Theon and Rodrik, the Bolton army, made of roughly 600 men, arrives at the evening to join with Rodrik's forces.

During the siege Rodrik offer his hand to the helmeted Ramsay, who takes off Rodrik's arm and reveals his true identity before killing him. The outnumbered Bolton force attacks the northern army, leading to fighting in the streets of the winter town. From atop Winterfell's battlements, Theon, Maester Luwin, and Black Lorren watch the Dreadfort men repeatedly wheel and charge the Stark soldiers, preventing them from forming up between the town's burning houses. Cley Cerwyn is killed by an arrow to the eye, and Leobald Tallhart dies as well. While the Stark army is routed and dispersed, Ramsay loses only twenty or thirty of the Dreadfort men. After the Battle of Winterfell, Theon recognizes "Reek" and opens his gates to the men of the Dreadfort and Ramsay reveals his true identity and what really happened between him and the true Reek. He demands Theon to give him his own bedwarmer Kyra. Theon gets angry and starts to threaten Ramsay, who strikes and then proceeds to sack the castle and kill all the remaining ironborn, burn the castle and slay all the inhabitants of Winterfell, save for Little Walder Frey and Big Walder Frey, and the women and children, whom he takes them to the Dreadfort. Ramsay burns alive the horses of Bran and Theon, Dancer and Smiler. The Boltons stab Maester Luwin and Winterfell is left in ruin.

A Storm of Swords

The "official version" of the events at Winterfell is told by Roose and Ramsay to the North. Little Walder and Big Walder write letters for Lord Walder Frey and King Robb in which they tell the false story where Theon and his ironmen destroyed the northern force and killed Rodrik, Cley, and Leobald. After that Theon and his men put the men of Winterfell and the winter town to the sword, but Ramsay heroically led women and children to safety to the Dreadfort. Lothar Frey tells this story to Robb at Riverrun.

Ramsay takes Theon captive and drags him to the Dreadfort, where he tortures him physically and psychologically and forces him to abandon his identity and becomes the second "Reek". Ramsay flays and mutilates Theon, as well as testing him by letting him escape until he stopped trying. A girl prisoner from Winterfell named Kyra is punished with a slow and painful death with the hounds, after being tested by Ramsay. Ramsay removes a few fingers and toes from Theon's hands and feet, so he doesn't walk very well. He punches Theon in the face until he loses some teeth, as Ramsay always hated his smile. It is also implied that Ramsay castrates Theon. Reek sleeps in the kennels of the Dreadfort, covered in dog's feces and being eaten by the rats. During his staying in the fortress he physically ages prematurely and becomes a thin broken man with white hair. When Roose arrives at the Twins for Lord Edmure Tully's wedding, he shows a piece of Theon's skin, but his status is unknown to him. Asha Greyjoy leaves Deepwood Motte with her hostages, as Euron Greyjoy is claiming the Seastone Chair for himself, and before she sails to Great Wyk, she goes to the ruins of Winterfell but she finds no trace of Theon's body.

Roose Bolton betrays Robb Stark and personally slays him during the Red Wedding. Ramsay is then legitimized by King Tommen I and named heir to the Dreadfort and Lord of Winterfell. He also calls himself Lord of Hornwood. Tywin Lannister claims to have found Arya Stark and she's engaged to Ramsay. The girl is actually a fraud from the Lannisters, Jeyne Poole, a childhood friend of Sansa Stark. Only Tywin is aware of this, though many other Lannisters recognize her as a fraud.

A Dance with Dragons

Castellan Arnolf Karstark swears fealty to King Stannis Baratheon, but in reality he's serving the Boltons, plotting to have Harrion Karstark killed by the Lannisters, so he can become the new Lord of Karhold. Arnolf advises Stannis to attack the Dreadfort, then he has his maester sending ravens to the Boltons. Thanks to the Karstarks, the Boltons learn about Stannis planning to fight against them, thus avoiding a surprise attack from his forces.

Roose and his Bolton-Frey army are unable to return to the North, as it's still invaded by the ironborn. Victarion Greyjoy left Moat Cailin with most of his forces and the Iron Fleet, back to the Iron Islands for the kingsmoot and stop Euron. Ramsay takes that opportunity and marches with his forces from the Dreadfort headed to Moat Cailin. Little Walder and Big Walder Frey follow him. He leaves a garrison at the castle, ready to welcome Stannis, who's still at Castle Black, in Arnolf's trap. Arnolf's plan is botched thanks to Jon Snow, who advises Stannis to win the support of the northmen and avoid the Dreadfort.

During the war, Moat Cailin has been attacked multiple times by guerrilla attacks from the crannogmen of the Neck. By the time the northern forces led by Ramsay and Theon arrive to liberate the fortress, the garrison of Moat Cailin has only 67 ironborn, led by the wounded Ralf Kenning. During the siege the Ryswells and Dustins burn the remaining ironborn ships in the Fever River. Forces led by Hother Umber attack the ironmen, but they manage survive 3 northern attacks, much to the northmen surprise. Ramsay sends Reek "disguised" as Theon Greyjoy to offer peace to the ironmen. The garrison has been weakened by poisoned arrows and contaminated water. The cellar's vaults have flooded, so corpses are now left where they fall. All of the ironborn within the Children's Tower have died, save two cannibals eating the corpses, who were then executed by Dagon Codd. Ralf Kenning is now incapacitated and near death on part of a poisoned arrow. Theon puts him out of his misery by slitting his throat before offering his terms to the leaderless remaining ironborn. Dagon Codd distrusts the Boltons and refuses, but Adrack Humble kills him with an axe and accepts to surrender. Before allowing them to travel to the Stony Shore to seek transport, however, Ramsay reneges on the deal and has all 63 of the remaining ironborn flayed alive. Roose Bolton is finally able to travel back to the north with his host, his wife, Fat Walda, and the false Arya Stark, whom Theon recognizes her as Jeyne Poole.

Roose is infuriated to find Theon ruined, saying that Theon was a precious hostage against the Greyjoys. Many castles and towns are still occupied by the ironborn, but Roose can't deal with them as he calls his bannermen to march on Winterfell and prepare for Stannis's invasion. Euron is not bothered at all by the losses since he plans to take Westeros.

The Boltons and Reek stay in Barrowton for a while, being guest of Lady Barbrey Dustin. During his stay at Barrow Hall, Ramsay kills an old man in a fit of rage, after the man calls him "Snow" instead of "Bolton". Roose is seriously angered by his son's actions and says that he's acting brash and foolish and drawing attention to himself with his cruel and barbaric amusements. In fact, they have powerful allies in the Freys and the Lannisters, but the northmen despise them and only accept House Bolton's authority grudgingly, with the exception of Barbrey Dustin, who was fond of Domeric Bolton but hates Ramsay. Roose is also furious at his son for talking openly about his role in the Sack of Winterfell, fearing a rebellion from them, if they learn about the Bolton's other treacherous deeds, such as the Battle of Duskendale, where Roose had deliberately sent a huge portion of the northmen army to its own destruction. Roose admits that the existence of Ramsay caused him to regret having raped the miller's wife who gave birth to him. Later the Boltons and Lady Dustin start marching to Winterfell with their army.

No one knows what really happened during the first battle at Winterfell, but Lord Wyman Manderly and Robett Glover find out the truth from Wex Pyke, former squire of Prince Theon and only free survivor from the Sack of Winterfell. They learned from him that Bran and Rickon Stark are still alive and later they reveal it to Lord Davos Seaworth, who went to White Harbor to have them join with Stannis for the battle against the Boltons.

Later, Asha is captured by Stannis after liberating Deepwood Motte from the Ironborn, while Dagmer Cleftjaw keeps holding Torrhen's Square along with other Ironmen leaders still holding castles and towns in the North.

Roose, Ramsay, Fat Walda, Lady Dustin, Steelshanks Walton, Ser Aenys Frey, Ser Hosteen Frey, the two Walders, "Arya", and Reek arrive at Winterfell with the army. Later they are joined by many other northern armies. The Boltons have the support of the Iron

Throne, House Frey, House Karstark, House Ryswell, House Dustin, part of House Umber under Hother Umber (nominally), House Hornwood, House Cerwyn, House Manderly (nominally), and House Locke. Thus any northmen who's fighting for Stannis is considered a rebel by the crown. After taking Deepwood Motte from the ironborn and winning the support of the northern armies, Stannis learns that Ramsay is going to marry Arya Stark, so he plans to save the girl and starts to march on Winterfell.

Winterfell is suffering from both a hard white frost and the looming menace of the coming of Stannis Baratheon's troops. Even so, Ramsay marries Fake Arya in the godswood. The wedding is attended by the northern lords who arrived with their armies to fight Stannis, including Lord Wyman Manderly, Lord Rodrik Ryswell, Hother Umber, Lady Jonelle Cerwyn, and Lord Ondrew Locke. A musician named Abel arrives to sing for the wedding; the man is actually an agent of Melisandre, sent to free the fake Arya and bring her to Jon Snow. Ramsay is named Lord of Winterfell when he marries the 13 year-old Jeyne "Arya Stark" Poole. The Boltons feast with the northern lords, including Wyman Manderly who arrived from White Harbor. In reality, Lord Manderly sent Lord Davos Seaworth to the island of Skagos to find Rickon Stark, and after killing the Freys in his castle he marched on Winterfell, planning to defect the Boltons for Stannis. During the wedding night Ramsay rapes Jeyne Poole, after forcing Theon to get her wet with his tongue. Ramsay sexually humiliates both Theon and Jeyne in bed.

Ramsay and his father stays in the fortress with their bannermen preparing for the attack of Stannis Baratheon. Jeyne remains locked in her room, while Ramsay regularly rapes her as well as letting his dogs rape her for his own amusement. When Ramsay gets angry he beats the fake Arya and bends her to his will. Theon instructs Jeyne to NEVER refuse an order from Ramsay and never betray him, unless she wants to suffer and horrible death. The northmen are strongly annoyed by the rumors of Arya's treatment, and Roose is scared that they might get tired and betray him, realizing that the northmen have more men than him. Some of them such as Hother Umber are loyal to the Boltons only because of the captives from the Red Wedding, like Lord Jon Umber. There also tensions between the northmen and the Freys at Winterfell.

At Winterfell a sudden winter snowstorm infuriates in the northern lands. Roose Bolton is pleased that the old gods are against the heretic King Stannis. Bolton declares in the Great Hall that Stannis is at the mercy of the weather while they are sheltered in Winterfell. Roose's men cheer, while the Freys don't since they are not used to the weather and 3 of them already died (actually killed by Mance's spearwives). Stannis and his forces are suffering losses and marching slowly, as a result of the heavy snow blizzard.

Another murder at Winterfell occurs: this time one of Roger Ryswell's men has been found dead at the inner wall of Winterfell. Roose Bolton and his host are still stuck inside Winterfell's walls due to the relentless snow storms. They expect Stannis' forces to attack them, but have no idea how close he may be due to the storms. Tensions rise among the people inside Winterfell, with no one quite certain whether it is a good idea to wait passively for Stannis or instead to pursue him outside. It doesn't help that food is somewhat scarce and distributed quite unevenly. The northmen and the Freys start arguing aggressively and Roose starts showing hints of fear. The next morning Aenys Frey's squire is found dead and naked outside in the snow.

Later on that day another man, a crossbowman sworn to House Flint, is found dead with a crushed skull, presumably from a horse kick. Nevertheless, the suspicions and tensions keep growing to the point that open quarreling happens among the host's Lords inside the Great Hall. Some are tired of waiting for Stannis and want to attack him. A fight nearly breaks out as Ser Hosteen and Aenys Frey blame Wyman Manderly for the deaths of their three kin Rhaegar, Jared, and Symond. It almost comes to a duel before Roger Ryswell and Barbrey Dustin calm them down, though Roose does nothing throughout the near altercation and Theon sees something new in Roose's eyes for the first time: a hint of fear. Soon the newly rebuilt stable collapses, killing two men and twenty-six horses. Roose Bolton gives orders for the surviving horses to be brought inside the walls of Winterfell.

The situation in Winterfell becomes more dangerous when the next victim of the murders is one of Ramsay's bastard boys, Yellow Dick. This death is taken more seriously since it means messing personally with Ramsay.

Days later, men outside Winterfell start blowing horns repeatedly, scaring the people in Winterfell and Winter Town. Everywhere people whisper "Stannis" and wait for the inevitable attack. The men blowing the horns are actually Mors Umber and his scouts, serving under Stannis, preparing traps and confusing the Boltons for the southern king. Stannis and the rest of his army are still camped in a crofter's village, starving in the snow and preparing sacrifices of prisoners to improve the weather.

Another person dies in Winterfell. This time it's the child Little Walder Frey, son of Merrett. However Mance's spearwives tell Theon that this is not work of theirs. The child Big Walder Frey blames the Manderlys for the murders he dispute turns into a spar of words and when Lord Wyman Manderly insults both the dead boy and House Frey simultaneously, Hosteen draws his sword in a blind fury and attacks Manderly, who is sliced under his chins and collapses; his knights leap to defend him and a vicious and bloody fight breaks out. In the end, six White Harbor men lie dead, two Frey men, as well as one of Ramsay's Bastard Boys, Luton. Roose and Ramsay quell the tension by telling the men present if they want blood, they should turn their anger on Stannis.

Hosteen replies that once they bring Roose Stannis' head, they will come for Wyman's. Ramsay is ready to lead the army against Stannis' army. The singer Abel is actually Mance Rayder, believed dead by the entire North, who also supported Stannis for killing the hated wildling king, and helps Theon and Jeyne to escape Winterfell. All of Mance's spear wives are killed in the process, until the plan fails. The guards alert the castle and Theon, terrified by Ramsay's reaction and punishment, jumps off the walls of Winterfell with Jeyne. Without a Stark hostage now there's nothing in Winterfell to keep the angry northmen under control; Ramsay is forced to remain in the castle, while Ser Aenys Frey and Ser Hosteen Frey lead the Frey-Manderly vanguard to the crofter's village in order to kill Stannis.

At Castle Black, Jon Snow receives a letter addressed to "Bastard", sealed with pink sealing wax, which is used by House Bolton. The letter says:

Jon is horrified by the letter and gives it to Tormund, who is with Jon when the letter is delivered. Tormund reveals he cannot read but says the letter feels nasty. Jon reads it to him and Tormund agrees the letter is awful but is skeptical of its authenticity. Jon believes the letter is authentic and true and Tormund tells him, "I won't say you're wrong. What do you mean to do, crow?" Jon's thoughts go to his siblings. He and Tormund spend the next two hours discussing what to do. At Shieldhall, Jon announces his intention to go south and confront Ramsay Bolton, publicly compromising his political neutrality as Lord Commander, and Tormund will lead the Hardhome rescue mission in his place. The hall erupts into chaos. The wildlings are moved by Jon's words and volunteer to join him while Bowen Marsh and a faction of Watchmen disappear from the Shieldhall. Amidst the chaos, Jon hears a scream of agony and rushes to its source, finding Ser Patrick's body mangled and held by Wun-Wun. As Jon tries to prevent more loss of life, he is stabbed in the gut by Wick Whittlestick. The other mutineers proceed to stab him, led by a visibly upset Marsh, who stabs Jon a final time while crying, "For the Watch," and Jon falls.

## The Winds of Winter

It's revealed that Stannis Baratheon is still alive and planning to destroy the Frey-Manderly vanguard cavalry in the wolfswood. He has captured Theon Greyjoy and sent the fake Arya Stark to the Wall, as a sign of gratitude to Jon Snow for warning him about the Karstark's treachery. Arnolf Karstark and his men, and Theon are all sentenced to death by Stannis. Theon warns Stannis that Ramsay is coming to fetch back his escaped bride and his Reek; he tells the king to be scared by the bastard of Bolton. Stannis is not impressed by Ramsay's deeds, and boasts about how he held Storm's End against the entire might of the Reach, causing Robert to win the rebellion, took Dragonstone from the Targaryens, defeated Victarion Greyjoy and destroyed the Iron Fleet, and destroyed Mance Rayder's army when he had twenty times his numbers. Stannis challenges Ramsay and asks what battles the bastard has ever won that he should fear him.

## Season 2

After Winterfell is seized by Theon Greyjoy for the ironborn, Ramsay

Snow is sent by his father, Roose Bolton, to take the castle back for King Robb Stark. Ramsay's forces besiege the castle and he infuriates Theon by blowing a horn all through the night. The following morning, Theon rallies his men to defend the castle, but Ramsay tricks the ironborn to betray Theon, having granted them mercy if they surrender the castle and hand Theon. However, after their betrayal, Ramsay breaks his promise, savagely sacks Winterfell and flays the ironborn alive.

Season 3

Following the Sack of Winterfell, Ramsay and his men take Theon to the Dreadfort and make him a subject of physical and psychical torture. Ramsay sends a fake report to Harrenhal of the sacking of Winterfell by the ironborn, of the disappearance of Bran and Rickon Stark, and the unknown whereabouts of Theon Greyjoy. Later, Ramsay poses as an ironborn emissary, sent by Theon's sister, Yara, to free him. He releases Theon and tells him to ride east to Deepwood Motte, where his sister is waiting for him. Ramsay sends Theon's captors after him and they succeed in capturing him again, only for Snow to appear and kill them. Having earned Theon's trust, Ramsay leads him back to the Dreadfort into his torture chamber. Kicking and screaming, Theon is refastened to the rack, as Ramsay drops his facade, grins sadistically and tells the men to put Theon "back where he belongs".

Ramsay awakens Theon with a horn to continue torturing him. He threatens to remove Theon's pinky finger if he cannot guess Ramsay's true identity and their current location. After several guesses, Ramsay tells Theon he is correct in guessing that Ramsay is the brother of Torrhen Karstark, and that they are in Karhold. However, he then points out that Theon never asked if he was a liar. He admits that he was lying, and begins flaying Theon's finger while his victim screams for him to cut it off.

Then, Ramsay instructs two young women, Violet and Myranda, Ramsay's own lover, to free and pleasure Theon. However, Ramsay soon interrupts the three, orders his men to restrain Theon and then removes his genitals. When Theon begs to be killed, Ramsay states that he is no good to him dead. Ramsay decides to give Theon a new name, "Reek", and tortures him until he accepts it. He later sends Theon's manhood to the Iron Islands, along with a message, to King Balon Greyjoy, threatening to send more parts of Theon and flay every ironborn in the North alive if they have not left by the full moon.

Season 4

At the beginning of Season 4, Ramsay frees Theon and forces him to work for him as his own servant. Some time later, Ramsay hunts a girl named Tansy in the woods with his hounds, Myranda, and Theon, recently renamed "Reek". With bows in hand, he and Myranda gleefully pursue Tansy, firing arrows at her as they go. Ramsay explains that Tansy had made Myranda jealous, so she has to go because she causes too many problems otherwise. Myranda manages to strike Tansy with an arrow in the leg before Ramsay happily releases his dogs on her, killing her.

Shortly afterwards, Lord Roose Bolton arrives to the Dreadfort with his newly acquired wife, Walda Frey, as Ramsay waits for him. Roose introduces Ramsay to Walda, then asks to see his captive, meaning Theon. Ramsay brings "Reek" to his father, who quickly becomes frustrated with Ramsay for torturing and mutilating a valuable hostage, explaining that he wanted to use Theon as a bargaining chip to rid the North of Iron Islanders, and for that he needed him unharmed. Roose chastises Ramsay for his actions, and laments placing too much trust in him. Ramsay tries to prove that his torture had a purpose, ordering Reek to shave him with a razor and demonstrating that he will never betray them, and adds that his method revealed key information; that Theon did not murder Bran and Rickon Stark. Theon also tells them that their half-brother Jon Snow may be sheltering them at the Wall. Roose finds it enlightening and sends Locke to finds the two Stark boys. Roose instructs Ramsay to take Moat Cailin from the Greyjoy forces and promises that, if he succeeds, he will reconsider Ramsay's position.

Sometime later, Yara Greyjoy, intent on rescuing her brother Theon from Ramsay's clutches, leads a force of fifty ironborn reavers in rowing boats up the Weeping Water towards the Dreadfort. They manage to enter the castle and find Theon in a kennel alongside the dogs, but he refuses to go, believing it to be another trick of Ramsay. Ramsay soon arrives and drives the ironborn from the

Dreadfort with his soldiers. However, Yara manages to escape the Dreadfort and abandons the mission, declaring Theon to be dead. Ramsay rewards Reek with a bath for his loyalty. Ramsay gently washes Reek while asking his captive whether he loves him, which Reek confirms. He continues by instructing Reek that he has to pretend to be someone he is not: Theon Greyjoy.

Ramsay besieges Moat Cailin and sends Reek to treat with the ironborn garrison, posing as Theon Greyjoy. Theon vouches for Ramsay's promise of safe passage back to the Iron Islands if they surrender. The ironborn surrender, but Ramsay once again breaks his promise and flays them all alive. Having taken Moat Cailin, Ramsay and his father meet on an open field. Roose hands him a document of legitimization, renaming him "Ramsay Bolton". The news delights Ramsay as they make their way towards Winterfell.

Season 5

Ramsay manages to "persuade" House Cerwyn, one of House Stark's vassals, to pay their taxes by flaying Lord Medger Cerwyn, his wife and older brother alive, and coercing their son to pay in their stead. He later tells his father of this while they eat. Finally out of patience with his son, Roose scolds Ramsay for his actions, because since Tywin Lannister is dead, House Lannister will no longer support them and they will not be able to hold the North with terror alone, since the Northern Houses will eventually rise up against them at the slightest excuse. Roose then reveals that he has arranged for Ramsay to marry Sansa Stark to placate the Northerners. When Sansa arrives, Ramsay greets her with politeness. Later, Lord Petyr Baelish speaks with Ramsay, who promises never to harm Sansa after Baelish subtly warns him against it. As Ramsay takes his leave, he expresses his gratitude to Baelish for finding him a suitable match.

Later, Ramsay shares an intimate moment with Myranda, who tells him of her jealousy of Sansa since Ramsay had previously promised to marry her when he was still a bastard. Ramsay coldly admits that he made that promise while he was a bastard, but now that he is a Bolton of the Dreadfort, he needs a more suitable match; furthermore, he admits his attraction to Sansa and openly states his opinion of her beauty, and becomes angry when Myranda threatens to marry someone else and leave him. Ramsay approaches Myranda and reminds her of what he does to people who bore him. He forces himself on Myranda, who bites his lip but reciprocates. Ramsay later confronts Reek about his encounter with Sansa, and warns him not to keep secrets from him again. Though he seems like he will punish Reek for his behavior, he ultimately forgives him.

At the dinner, Ramsay expresses his delight on marrying Sansa, but things turn sour when he brings Theon and forces him to apologize to Sansa for allegedly killing her brothers, Bran and Rickon and suggests that Reek should give Sansa away at their wedding. Ramsay's delight turns to concern when Roose interrupts him by informing that Walda is pregnant with a boy, as Ramsay sees the baby as a threat to his position as his father's heir. After the dinner, Ramsay expresses his distress at the possibility of the unborn child jeopardizing his claim on the North to his father, who reprimands him for his behavior earlier but scoffs at his worry. He then regales Ramsay with the tale of how he met his mother, a miller's wife who had married without Roose's knowledge or consent. Roose had the miller hanged and raped his wife beneath his swaying corpse, even though she fought him the whole time. Sometime later, the miller's wife came to the Dreadfort and left the infant Ramsay with him. Roose had been prepared to throw Ramsay into the sea to drown, but stayed himself because he knew, deep down, that Ramsay was his son. Roose then states that Stannis Baratheon is at Castle Black with an army and will likely attempt to take Winterfell from them during his journey to King's Landing, and Ramsay promises to help his father counter Stannis.

Later, Reek gives Sansa away to Ramsay, and they wed in front of the Godswood. After retreating to the bedroom, Ramsay tells Sansa to take her clothes off. Reek is about to leave but Ramsay tells him he must stay and watch her losing her virginity. Annoyed by Sansa's hesitance, he angrily rips open the back of her dress and pushes her face-down over the side of the bed. As he unbuckles his clothes, Sansa obediently remains still but begins crying softly. Reek is visibly distraught and begins silently crying himself as Ramsay proceeds to rape Sansa and though he is still too weak to intervene, a flash of anger briefly spreads across Reek's face as this is going on.

Over the next few days, Ramsay continues to rape Sansa every night. Then, a reluctant Reek informs him of Sansa's plan to escape by signalling Brienne of Tarth and Podrick Payne to come and rescue her, and retaliates by flaying Sansa's elderly maid who delivered Brienne's message to her. Ramsay forces Sansa to look at the corpse, and walks with her across Winterfell, boasting about how he will succeed his father as Warden of the North and she will be his Wardeness, but Sansa counters that Roose is expecting a boy with Walda, a boy who may be Ramsay's baby brother but may still become Roose's true heir, since Ramsay is still technically a bastard, who was even legitimized by Tommen Baratheon, who Sansa claims is also a bastard. Ramsay, visibly angered, counters that even bastards can rise, like her half-brother Jon Snow did when he became the new Lord Commander of the Night's Watch, and taunts Sansa for not knowing the news about Jon's new title. He then orders Sansa taken back to her chambers and locked up again.

As Stannis approaches Winterfell, Ramsay is present at a council meeting on how to counter him. While Roose suggests that they wait out the siege inside Winterfell and allow Stannis and his army to die in the cold, or even for Stannis' men to mutiny against him. However, Ramsay advocates taking twenty of his best men to face Stannis in the open, on the basis that Stannis will not leave the North so easily, and they need to show the rest of the North how they will deal with Southern invaders.

Then, while Stannis and his men are unable to march due to a snow blizzard and starving in mountains of the wolfswood, Ramsay takes his men into Stannis's camp and they torch some of his tents, severely depleting Stannis' men and resources, and manage to flee back to Winterfell without being spotted. Though his numbers are greatly reduced following desertion and he is left without resources, Stannis leads a siege on Winterfell. Ramsay leads the Bolton forces in the battle and massacres Stannis' men without major losses on his side, but still sustaining minor cuts to the face in the process. Having defeated Stannis, who was slain by Brienne of Tarth, he heads to Winterfell, saying "my wife must be feeling lonely", unaware that she and Theon had killed Myranda escaped from the castle.

## Season 6

Having discovered Myranda's dead body and Sansa and Theon's escape, Ramsay mourns Myranda in his chamber, reminiscing with her corpse about how he knew her since they were children. Myranda showed him no fear, not even at the sight of his fearsome dogs. Ramsay promises that the corpse will be paid for many times over and voices regret that she will not be there to witness her retribution. Maester Wolkan interrupts, asking him what should now be done with their remains. Ramsay suddenly changes his mood and orders Maester Wolkan to feed her body to the hounds, knowing that Myranda would have wanted it that way. Later, his father congratulates him for his victory against Stannis, but confronts him for allowing Sansa and Theon to escape. Ramsay claims that he has sent men and hounds to find them, but Roose counters that, without Sansa, Ramsay makes no good heir, threatening to disinherit Ramsay if Sansa manages to escape. This leaves Ramsay visibly frustrated.

Harald Karstark, the Lord of Karhold, later arrives at Winterfell to notify Roose and Ramsay that Theon and Sansa have disappeared. Ramsay, assuming they will go to Castle Black to seek shelter from Sansa's brother, Jon Snow, suggests that they send men on the Wall to kill Jon (unaware that he is still dead at the moment). Roose immediately dismisses the suggestion, on the basis that Snow is a bastard and untouchable by the Seven Kingdoms as Lord Commander of the Night's Watch and the Watch are sworn not to take part in the wars and conflicts of the Realm. Both Harald and Ramsay try to persuade Roose that a living son of Ned Stark is a danger, but Roose again threatens Ramsay that if he "acquires a reputation as a mad dog, he'll be treated as a mad dog, taken out back and slaughtered for pig feed". Maester Wolkan then arrives with news that Lady Walda has given birth to a son. Ramsay hugs Roose and congratulates him, though being unable to restrain his anger. Roose tries to calm him down by telling him he will always be his firstborn, but Ramsay stabs his father in the chest, killing Roose instantly. Ramsay forces Wolkan to announce that Roose has been poisoned by their enemies and to bring Walda and the baby with him. Ramsay leads Walda to the kennels and locks them inside, setting his hounds to maul his stepmother and half-brother to death.

This move allows Ramsay to inherit his father's lands, becoming the new Lord of the Dreadfort, Lord of Winterfell, Warden of the North and head of House Bolton. At the same time, it severely jeopardized the fate of House Bolton.

In the third episode, Ramsay and Harald Karstark meet with Jon Umber, the new Lord of the Last Heart. He informs Ramsay that Jon Snow has led the wildlings through the gates of Castle Black and explains how dangerous can they be if they march their way south, led by the Lord Commander of the Night's Watch. Ramsay offers his assistance if the Smalljon swears fealty to him as Warden of the North, but Lord Umber is quick to chastise Ramsay and even expresses his knowledge about Ramsay killing his own father to inherit his position, though Ramsay tries to cover up the murder. Smalljon states that he does not blame Ramsay for killing Roose, as Umber would have killed his own father, Greatjon Umber, and questions the validity of loyalty, citing Roose's betrayal of King Robb Stark. In order to strengthen the truce, Smalljon brings Ramsay a gift - two hostages, revealed to be Rickon Stark and the wildling girl Osha. When Ramsay doubts that the boy is really Rickon, Smalljon presents him the decapitated head of Shaggydog, Rickon's direwolf. Ramsay understands and sarcastically welcomes Rickon home, throwing him in the dungeons.

Ramsay brings Osha before him for questioning and asks her why she was helping Rickon. Osha claims that she intended to betray Rickon from the start because she was captured, put in chains and made a kitchen servant by House Stark. When Ramsay asks what need he has of her, Osha attempts to seduce Ramsay while reaching for a nearby knife in attempt to kill him. However, Ramsay expresses his knowledge about her thanks to Theon and therefore stabs her in the throat, killing her. Later, Ramsay sends a letter to Jon Snow at Castle Black, sealed with pink sealing wax, which is used by House Bolton. The letter says:

Unlike in the novels, Ramsay is confirmed to have written this letter. It is delivered to Jon, who is with Sansa, Tormund, Edd, Brienne, and Podrick. Jon reads the letter to the group but, growing more horrified by the letter, stops when he reads Ramsay's threat to rape his sister and refuses to read these threats aloud but Sansa takes the letter from him. When Jon notes that the letter is signed "Lord of Winterfell and Warden of the North," Sansa claims that Ramsay killed his father. She reminds Jon that he is the son of the last "true Warden of the North" and can unite the Northern houses against Ramsay so that they can get their home back and save their brother Rickon, imploring Jon to fight again. Jon agrees to fight Ramsay in order to save their brother. Sansa is asked how many men Ramsay has in his army and she responds that she once heard Ramsay say he had 5000 men. Jon asks Tormund how many men he has and Tormund reveals he only has 2000 Wildlings who can march and fight. When Jon and Sansa go to beseech the Northern houses for help, they are only able to recruit some of the smaller houses such as the Mormonts and the Hornwoods. Nonetheless, Jon takes the few men he has and moves to meet Ramsay at Winterfell, where they will fight for the freedom of the North.

Ramsay eventually meets with Jon and Sansa and demands their surrender, confident that he has the strength to defeat them and refuses Jon's request to solve the matter on a one on one duel. The next day, the two armies arrive on the outskirts of Winterfell for battle. Ramsay brings Rickon with him and releases him, telling him to run to his brother, Jon. At this, Jon desperately rides toward his brother to save him and as the boy runs toward Jon, Ramsay shoots arrows at him. Just as Rickon and Jon are about to reach each other, Ramsay kills Rickon, devastating Jon. This causes the battle to start, with Ramsay staying back, watching the battle and giving commands to the soldiers. Initially, the Bolton army has the upper hand and manage to surround the remaining of Jon's army, but then, Sansa arrives with the Army of the Vale, commanded by Littlefinger. Ramsay retreats to Winterfell, which is stormed by Jon, some wildlings and the giant Wun Weg Wun Dar Wun. They manage to take out Ramsay's remaining men but Ramsay kills Wun when he falls to his knees from the massive wounds he received in battle. Surrounded and with no men left, Ramsay decides to take Jon one on one with a bow, but Jon blocks his arrows with a shield and manages to get close to him. Jon shoves him to the ground and beats him almost to death, only stopping when he sees his sister, Sansa. Ramsay is imprisoned in the kennels, where he is visited by Sansa. After exchanging some words, he notices that the cages are open and his dogs surround him. He thinks his dogs won't harm their master, but as he have not fed them for a week, they attack him and devour him alive, killing him. Ramsay's death and the annihilation of his army mark the end of his reign over the North and the extinction of House Bolton.

---

We saw Ramsay get mutilated by his dogs.

Me: Good riddance to him.

Nico: Boy that guy was really fucked up.

Me: You're telling me man. My mom has hated Ramsay for the entire length of the show. Except for the last two seasons. She always says that Ramsay got what he deserved.

Lincoln: Boy you aren't kidding.

Lily: But thank goodness he's dead.

Nico: Hey this gives me an idea!

Nico went over to his Goosebumps Books and he came back with a good one.

Nico: I found our next target: The Barking Ghost.

Me: That's a good one. But those dog ghosts were really scary. This one reminds me of a bunch of Dogs in horror movies and stories.

Lincoln: Like which ones?

Me: Like Cujo, The Thing, Rottweiler, Mans Best Friend, Hound of The Baskervilles, Bad Moon, Night of The Wild, Cerberus, and several dogs.

Nico: Its just amazing that they can turn so many dogs into monsters in film and literature.

Me: No kidding.

Lily: Really scary.

Lana: That is awful.

Lincoln: I'm glad Charles isn't like that.

Laney: And our huskies.

Lola: Yeah.

Me: This one is gonna be going to the dogs. We have our next target and it's those barking ghosts. Lets head out for Maine!

Shaggy: Uh uh! Forget it! No way!

Scooby Doo: Uh uh! Not me!

Me: Oh brother!

Fred: You two are coming with us.

Scooby Doo: Not on your life!

Shaggy: Like, you can forget it!

Nico: Would you two go with us for some Cookies and Cream Scooby Snacks?

Scooby Doo: Oh boy!

Shaggy: Like you bet!

Nico gave them good Cookies and Cream Scooby Snacks.

Scooby and Shaggy: MMM! MMMMM! MMMMMMMMM!

They turned into rockets and went into the air and then they came back down and they were in my hands.

Scooby Doo: Okay. We're ready.

Me: You guys are starting to love Nico's new Scooby Snacks huh?

Shaggy: Like yeah. He has so many flavors.

Me: Lets head out!

We were off for the forests outside of Chamberlain, Maine.

## CHAMBERLAIN, MAINE

We were back in Carrie White's home town Chamberlain, Maine. A very grim reminder from her dark past.

Me: Chamberlain, Maine.

Qin: Wow. So this was where you lived Carrie?

Carrie W.L.: Yep. And it was the worst nightmare of my life.

Leia: Mommy.

Nico: Boy this town seems nice.

Me: It was anything but nice because of Margaret White and Chris Hargensen. Because of them, they turned this whole town into a Hellhole.

We saw that no one was living in the town anymore.

Lincoln: Where is everybody?

Me: Too many bad memories. It reminded them of the terror that happened here because of the Black Prom. Margaret and Chris were forever remembered as the worst people ever to terrorize Maine. So they wanted to leave the town forever and move on. 260 people died that terrible night. And the scars from it will forever be branded into the survivors.

Janeen: I can't believe that Margaret White was that insane.

Me: She was worse than insane. She was fucked up to the core.

Nico: But she and Chris got what they deserved.

Me: Yep. Margaret deserves to spend every second of eternity burning in the fire of hell for all the pain and suffering she caused.

We walked passed the high school. We saw that the whole high school was totally destroyed and burned to the ground.

Laney: Geez! The whole school is gone!

Lola: What a nightmare.

Lisa: Indeed. It's just absolutely reprehensible and unforgivable that Margaret and Chris would cause Carrie to do this.

Nico: Yeah.

Janeen: Bunch of jerks. They deserve what they got.

We later were in the forests and we heard dogs barking.

Me: Hear that guys?

Lincoln: Sounds like dogs.

Laney: I can hear them.

We then saw two dogs coming to us. It was a pair of golden retrievers.

Me: Golden Retrievers.

Laney: Wonder what they are doing here.

Me: Lets find out.

Laney and Lana went up to them and they used their Animal Talking powers and they found out that they were really Cooper Holmes and Margaret Ferguson and they were turned into dogs because of two ghost dogs that are terrorizing the forests.

Laney and Lana told us what they were told and we gasped.

Me: Whoa! This is bad! We got to find those dogs and destroy them.

Nico: I know.

Me: But first lets turn you two back to human.

I snapped my fingers and the two dogs could now talk.

Maria: (to Cooper and Margaret) How does it feel to be human again?

Cooper Holmes: Pretty good. But we're in so much pain right now!

Margaret Ferguson: I think my size is still increasing!

Me: Uh oh. Boys look away.

And she was right. Their size was growing and their paws turned into hands and feet and their heads turned human and their eyes turned back into human and they turned into human and they were naked.

Maria: I got this.

Maria gave them towels to cover themselves.

Margaret: Thanks Maria.

Cooper: Thanks.

They wrapped the towels around their unmentionables and stood up.

Cooper: That was intense. But I'm glad we're human again.

Margaret: Thank you so much guys.

Me: You're welcome.

Maria: Luckily I came prepared for this.

Maria pulled out a clothes making kit and she made new clothes for them. Cooper now had a red shirt with fire on it and blue jeans and he had blue shoes. Margaret had a blue shirt with water on it and she had a blue skirt that went down to her ankles and she had blue sandals.

Cooper: Wow! Awesome clothes.

Margaret: I look incredible.

William: (to Cooper and Margaret) Do you two need to stretch to get used to your human forms again?

Cooper: Yeah I think so.

They stretched and they were ready.

We went back to the city.

?: Aww but you two looked so cute as dogs.

We turned and we saw Zs'Skayr and Vanitas.

Me: Figured we would run into you here Zs'Skayr and Vanitas.

Vanitas: I know.

But then we got an unexpected visit from the Ghost of Marge Simpson.

---

Marjorie Jacqueline "Marge" Simpson, (née Bouvier) (born October 1, 1958), is the homemaker and full-time strict mom of the Simpson family on The Simpsons. She and her husband Homer have three children: Bart, Lisa, and Maggie. Marge is the moralistic force in her family and often provides a grounding voice in the midst of her family's antics by trying to maintain order in the Simpson household. Aside from her duties at home, Marge has flirted briefly with a number of careers ranging from police officer to anti-violence activist.

She loves to call her husband Homie.

Marge Bouvier was born on October 1 (though in another episode she said she was born in February) in Capital City to Clancy

Bouvier, a photographer-turned-steward, and Jacqueline Bouvier. She is the youngest daughter of the Bouvier family. She has a pair of older sisters, the joyless twins, Patty and Selma, both of whom passionately disapprove of Homer.

## Meeting Homer

Marge attended Springfield Elementary school and in her senior year, she met Homer Simpson. She was wary of Homer at first, but agreed to have a study date with him, only to find out that Homer was only doing this to get her to go to prom with him. She ended up going with Artie Ziff. She regrets going with Artie because he tried to have sex with her afterwards. Artie takes her home and she later picks up Homer, who she finds walking home, in her car. Marge tells him how much she regretted going to the prom with Artie instead of him, causing Homer to somewhat repair the strap of her dress with the corsage he got her. After that decision, her sisters showed their discontent towards him and ultimately thinks he was just wrong for her. However, Selma does show that she is willing to make a sincere attempt to like Homer for Marge's sake, causing him to have a higher opinion of her, whereas Patty has never attempted to try and is always on Marge's case to leave Homer, thus it is why she and Homer hate each other. (Marge actually met Homer when she was at Camp, but he didn't call himself Homer and she burnt her hair so that it was brown).

Marge has always been rather innocent and has also been said to be rather awkward in certain scenarios, especially when she is drunk.

An example of this is when Marge is taking place in a magic show as a contestant and at this time, she is rather drunk so she keeps blabbering about certain things. The magician, Diablo, finds this annoying and pulls out a ball gag and while Marge is blabbering shoves it into her mouth so her drunken talk becomes muffled sounds. This could also link to Marge's famous voice which throughout the Simpsons has been considered annoying.

Marge continues to make muffled sounds from her gagged mouth while a sack is put over her head during the magic trick.

## Marriage

After the two had been dating for several years, Marge became pregnant with Bart sometime in the summer, and Marge and Homer got married in a small wedding chapel near the state line shortly before.

## Married life

Marge is the mother Simpson family, who spends most her time doing housework, caring for Maggie, being supportive of and indulging Lisa and either disciplining or protecting Bart from Homer's wrath. Marge is the only member of the family who encourages church attendance. She also appears to have a significant athletic ability. She is bilingual, being fully fluent in French. Her marriage with Homer is also very strong. They once spurned to participate in a key party as soon as they realized what a key party was and promptly left, although Homer also took the key jar with them, most likely to find his car keys.

## Wild Escapades

Despite these tendencies, Marge has had her fair share of wild escapades throughout the history of the series. She worked as a police officer in Springfield, took therapy for flight fear, was a real estate agent, sold pretzels, was a painter, was imprisoned for shoplifting, became a gambling addict, showed alcoholic tendencies, was at one time known as The Listen Lady, was an unwilling participant in a cross-country police chase, overdosed on steroids, cheated on a cooking competition and developed amnesia. Although not a chain smoker like her eldest sisters Patty and Selma, Marge has engaged in smoking twice. One of these times, however, she was implied to be an attempt to drown out the smell of the Annual Chili Cook-Off to hide it from Homer as long as possible due to realizing if he was to find out he had immediately wanted to go there, as she was motivated to go with Homer after their last visit resulted in humiliation on her part when Homer, while drunk, stripped naked and proceeded to "bathe" himself in a cotton candy maker under the delusion he was a puffy pink cloud.

## Criminal record

Shoplifting: In "Marge in Chains," Marge steals from the Kwik-E-Mart without paying prior, prompting her imprisonment.

Drug abuse: Marge overdoses on steroids in "The Strong Arms of the Ma".

Child negligence: In "Orange is the New Yellow", Marge is arrested for letting Bart go to the park without parental supervision.

Manslaughter: In "The Debarted", Marge accidentally crashes into Hans Moleman's car, causing it to trigger the airbag and smother him.

Sexual assault: Marge raped Homer in "The Strong Arms of the Ma".

Personality

Marge is generally a very kind-hearted and loving woman. Despite this, she can be protective of her family when she needs to, especially during Homer's "psychopath" moments. However, she cares deeply about everyone she's closest too as well, even her husband. On occasion, she can sometimes get explosive outbursts of anger, but admits her errors and apologizes right after - in such incidents, she is primarily always forgiven but in others she doesn't.

Marge tends to consider anything that is not completely plain to be amazing or exotic, even if they are not all that special, such as oregano, deviled ham instead of normal ham and buttered noodles instead of un-buttered noodles. She has also been depicted as a killjoy who attempts to stop and even prohibit activities that other characters otherwise find fun - she always believes she has a good reason for doing so, even if it bothers or distastes her alone and nobody else. She once had Itchy and Scratchy banned because Maggie injured Homer after imitating a scene from the cartoon. She tried to demolish a burlesque house, and she outright says that if something isn't to her taste then no one else should be allowed to enjoy it. Homer sums up his wife when he tells her: "If it were up to [Marge], all we would ever do is work and go to church". Marge's plain attitude and love for her family are brought down many times including when she finds a Channel suit and openly admits after going to a country club party that the rich are better than the way her family acts.

In addition to her killjoy tendencies, Marge has also been shown to be a hypocrite on several occasions such as secretly keeping Homer's handgun for herself after disapproving of his use of it so much that he eventually chose to throw it away. Other occasions of her hypocrisy include using violent methods in order to protest against the violent Grand Theft Scratchy video game, as stated by Lisa. In the Simpsons Comics #100 - Clip Clip Hooray, it is revealed that Marge would occasionally team up with Luann Van Houten, Agnes Skinner, and Sarah Wiggum in a sacred motherly conspiracy called "The Motherlode", where mothers throw away the comic book collections of their children, whenever they get big enough, then sell them off a bit at a time and use the money to buy motherly accessories. It is also revealed that the reason why no one can ever buy the Simpsons comics in Springfield is because Marge is so embarrassed by how the artists draw her that she buys all of the comics on New Comic Day and at Comic-Cons, while Bart and Lisa are at school. In Dead Putting Society, Marge scolded Homer, Bart, and Lisa for laughing at Ned Flanders' apology letter, only to go to the next room and giggle herself.

There have also been occasions where Marge's wishes and demands have led to trouble at the expense of her family such as:

Forcing Homer and Larry Burns to turn themselves in, after they fake a kidnapping.

Forcing Bart to apologize to Lisa for "making her" miss the Isis exhibit, due to Marge backing out on her promise to take her there, in order to get the comedy props that Bart glued to his face removed.

Forcing Bart to attend Nelson's birthday party, after he convinces his classmates not to go.

Playing Maggie's Roofie CD 24 hours a day around the house despite everyone else showing obvious hatred of it.

Sending money and a letter revealing her husband's crime to a film studio getting him arrested for Copyright Infringement.

Despite many of Springfield's occasional riots and animosity against any given member of the Simpson family, Marge is still shown to be very trusting, even towards her fair-weathered friends and acquaintances who criticize her family and her tastes on a weekly basis. Marge is definitely extremely unappreciated by her own children and husband. She constantly slaves over the children and Homer by cleaning up the messes they leave.

## Physical appearance

Marge has yellow skin and blue hair styled into a tall curly beehive hairstyle. She usually wears a long strapless green dress, red shoes, and a red pearl necklace. The necklace is a family heirloom and she is seen to have a big drawer full of them. Doctor Hibbert revealed that she has webbed toes in "Marge in Chains". Marge remarked that she used to have a "perfect 26-26-26" figure. She is thought of as very beautiful and physically attractive, especially in later seasons.

As a teen, Marge had waist length hair that she always wore down, but wore it in her trademark beehive for senior prom. In flashbacks showing Marge as a child, she is portrayed with her hair worn tall, which probably means she straightened it when she got older. Her hair is thick enough for her to keep objects like the family savings in it. Her hair is once shown close to her knees, consistent with the logic that a lot of hair would be needed to create her tall beehive. It was revealed by Homer that Marge dyes her hair with blue dye #56, stating "She's been gray as a mule since she was seventeen." Marge herself has made reference to blue not being her natural color, telling this once to the private camera on a reality TV show.

Though, she obviously doesn't want anyone know this as she instantly tried to steal the tape. Because of her unusually large hairstyle, her height is reported to be 8'6", as noted by Apu. Her hair was blue before she met Homer and was brunette the first time she met and kissed Homer. He didn't see her in her usual appearance until they met in high school. This is due to Marge ironing a part of her hair for too long and it turningsown, so she chose to do the same to the rest of her hair to keep it even.

In future appearances, she has the same hairstyle and clothing, except she has wrinkles on her mouth and eyes. In Holidays of Future Passed and Days of Future Future, she does not have visible wrinkles on face, her hair is a bit smaller and has gone grey, and her dress has a collar and a black belt around it.

Political views

Politically, Marge generally aligns with the Democratic Party. She once mentions that she voted for Jimmy Carter (twice according to Lisa) and supported the candidacy of their state's progressive governor Mary Bailey, and also claimed to have been extremely depressed when Lyndon B. Johnson passed away. She, however, appears to be a conservative Democrat, unlike Lisa who's a liberal Democrat.

Homer: Marge!?

Bart: Mom?

Marge: Look who it is.

Me: Marge Simpson? What the hell are you doing here?

Marge: You are in trouble mister!

Me: What the hell did I do?

Marge: You destroyed all of Springfield!

Me: Because it deserved it!

Marge: (to Homer) It's bad enough you never listen to me! But now, you're helping these morons kill people?!

Homer: Hey they are not morons Marge! They made me and Bart and Lisa and Maggie into better people!

Marge: (to me) Who do you think you are, thinking that you're judge, jury, and executioner?!

Me: We are! Because as long as evil exists in this universe no one is safe from it! And there's nothing you can do about it.

Marge was nagging about everything and it was giving us headaches!

Vanitas (looks annoyed): Can we say something right now?

Marge: What?!

Vanitas: (to Zs'Skayr) Combo attack on this bitch! Now!

Zs'Skayr: With pleasure!

Zs'Skayr and Vanitas fired blasts of Dark Energy and Fire.

Zs'Skayr and Vanitas: DARK GHOST DESTROYER FIRE!

The blasts hit the ghost of Marge and destroyed her in a powerful explosion.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Luigi sucked in Marge and made her into a portrait.

Me: Good riddance. That woman was a terrible mother and she needed a better life.

Nico: I agree.

?: I agree with you. She nagged to the bone!

Jayden: I know those puns.

Out came DUPLICATOR from episode 9 of Super Samurai!

---

Duplicator is a narcissistic Nighloc sent by Serrator. He can create mirrors and duplicate himself many times, to confuse the Rangers. He was defeated by Mia using her Super Air Wave in Super Mode. He turns into a Mega-Monster, but he was defeated by the Super Samurai Battle Cannon with Mia in Shogun Mode.

---

Jayden: Duplicator! Just as I thought.

Me: I remember this guy! He was a tough one.

Luan: And those puns he made were really funny.

Duplicator: Why thank you.

He saw Cooper and Margaret not being dogs anymore.

Duplicator: (to Cooper and Margaret) I see you two are out of your dog forms. Talk about Dog Days!

Jayden: Do you really think you're so cool that you're making puns now?

Me: I agree.

Duplicator ran at me and used his sword to cut an X into my chest.

Duplicator: (laughs) X marks the spot! (throws me into a tree)

I rebounded and flew at him and kicked him in the face and sent him crashing into a tree. He got up and Jack Spicer pulled out his blaster.

Spicer: (about to fire a shot that'll be rebound off a wall and at Duplicator) Not even Wuya would be able to block this.

Duplicator: (takes out a gun) Allow me to blow your mind! (fires an air blast at Spicer, knocking him down) This is a prototype air gun that your dark side gave me.

Me: Very genius.

Lana: I don't understand this.

Lola: It's like he's always 10 steps ahead of us.

We see that Duplicator is holding Lana and Lola upside down off a rooftop.

Duplicator: (laughs) It seems I've got your world upside down. (lets go of Lola and Lana as they fall to the ground)

But they flew away and blasted him.

Me: Nice!

?: He's not the only ones you have to deal with.

I recognized that voice from anywhere.

Me: I haven't heard that voice in over 150,000 years and you're still just as fucked up as ever, Orochimaru.

Out came OROCHIMARU OF THE SANNIN!

---

Orochimaru (in Japanese: 大蛇丸, Orochimaru) is one of the main characters in the Naruto franchise. He started off as the main antagonist in Part I of the manga and anime series Naruto, then later as a major antagonist in Part II of Naruto Shippuden. He is one of the three legendary Sannin of Konoha that trained under Hiruzen Sarutobi, alongside his former friends, Jiraiya and Tsunade.

Ever since the Second Shinobi World War, Orochimaru became fascinated with the idea of learning all jutsu around the world. In order to accomplish this goal, he began to conduct illegal experiments that involved experimenting with the corpse of deceased people, as a mean of cheating death. When his secrets were discovered, Orochimaru abandoned Konoha and was branded as both a criminal and a traitor.

Orochimaru would eventually return to Konoha and plot revenge against the village. Since then, his influence still affected the events leading to the Fourth Shinobi World War. By the end of Part II, Orochimaru saw how flawed his goals were and gave up his previous villainous ambitions.

He was voiced by Kujira in the Japanese version, and by Steven Blum in the English dubbed version, who had also voiced Zabuza Momochi in the English dubbed version.

Orochimaru was originally an orphan who became a pupil of Hiruzen Sarutobi, the Third Hokage, alongside Jiraiya and Tsunade. Compared to the more laid back Jiraiya, Orochimaru stood out as a prodigy found once in a generation. However, Orochimaru has a twisted and sadistic personality that may have been due to the death of his parents. At some point after losing them, Orochimaru found a white snake near his parents' grave and Hiruzen explained how it represented fortune and rebirth inspiring Orochimaru to obtain knowledge of all forms of ninjutsu. This desire was initially suppressed by his loyalty to Konoha and nobleness and he devoted himself as Konoha Shinobi fully; although he still started researching, it was known for having been solely for the sake of Konoha and his village benefited from it.

During the Second Shiniobi World War, Orochimaru joined Jiraiya and Tsunade in fighting Hanzo, who gave them the title of Konoha's Legendary Sannin for surviving their battle with him while the rest of their group were easily slaughtered in the process. On the way back to Konoha with his team, Orochimaru met Nagato and his friends who were orphans in the Land of Rain. While Orochimaru suggested killing the orphans in an act of mercy, Jiraiya stayed to train the children. It was also during this war that Orochimaru succumbed to darkness as he watched Tsunade's precious ones die, due to Orochimaru holding a certain fondness for her. First was Nawaki's death. Having had high expectations of the boy, a distraught Orochimaru retrieved his necklace and gave it to Tsunade and he also criticized her for not being there to heal him. The last straw was Dan's, Tsunade's lover, death. As Orochimaru was searching for Tsunade's platoon, he found Dan dead and the broken Tsunade crying devastatingly, causing him to once again feel emotional disturbance and pain. This was the last straw and Orochimaru steadily fell to darkness.

Some time after Team Hiruzen was disbanded, Orochimaru became an ANBU member and joined Root to work directly under Danzō Shimura while becoming a mentor to Anko Mitarashi. It was during that time that Orochimaru met Kabuto Yakushi while accompanying Danzō in forcing the boy's guardian Nonō into a mission.

While Orochimaru's ambitions did include becoming the Fourth Hokage, he intended to use the title for his own agenda. Though Hiruzen knew the potential evil his former pupil had in him, he hoped to stir Orochimaru from the path before slowly realizing that Orochimaru is beyond anyone's help.

Sent on a mission by Danzo to ensure both Kabuto and Nonō, the former joining Root as a spy, kill each other as they have become major risks. Orochimaru instead spirited Kabuto to one of his many hideouts, what would become part of his personal hidden village Otogakure.

Though Orochimaru reveals Root's intention for him to be dead, he explains to a horrified Kabuto that he sees a bit of himself in the boy and sees killing him to be a waste of great talent. Therefore, Orochimaru offers Kabuto a position as his right hand and spy with the promise of an identity for Kabuto to call his own.

While working for Root, Orochimaru began an experiment to infuse Hashirama's DNA into a person, an early experiment in his attempt to gain the Sage's powers. However, he thought the experiment was a failure when all 60 babies he implanted with Hashirama's genetic code seemingly died (though there was an only survivor who became the ANBU known as Yamato). With Kabuto's assistance, he performed various experiments on his prisoners, some being fellow Konoha shinobi he kidnapped.

He uses them as human guinea pigs to develop techniques that would grant him immortality, the end result being the Transference Ritual where Orochimaru transfers his being into a host body every few years, allowing him to cheat death. Some time after, Orochimaru was at the outskirts of Kirigakure as he found Kimimaro, the sole survivor of the Kaguya Clan. Soon after, thanks in part to Kimimaro, Orochimaru's research on the source of Jūgo's powers led to him into finding Ryūchi Cave and mastering Sage Jutsu. Unable to use it because of the fragility of his host body, Orochimaru instead developed an alternate method through the Curse Marks, testing it on Anko and his other students before using the finalized versions on Kimimaro and the Sound Four.

When Hiruzen finally retired and named Minato Namikaze his successor, Orochimaru saw no more reason to remain in Konoha and began to be less discreet with his actions. This led to his experimentation on the cultivation of Hashirama Senju's DNA with sixty children he kidnapped to recreate the First Hokage's Wood Style. However, as his test subjects begin to die off, Orochimaru was found red-handed by Hiruzen who knew it was his duty to kill him yet lacked the will to do so. Leaving Konoha and his emotionally broken mentor and despite Jiraiya's pleas for him to reconsider falling on deaf ears, Orochimaru left; unaware that Yamato survived his experiment.

Orochimaru soon joined the elite criminal organization Akatsuki, his role unclear but was partnered with Sasori whom he did much good for the Akatsuki with. However, when Itachi Uchiha joined the Akatsuki after conducting the Uchiha clan massacre, Orochimaru saw his opportunity to steal his body to gain possession of the Sharingan. Itachi used his Sharingan to reverse it while cutting Orchimaru's left hand off to prevent him from breaking the genjutsu, causing him to leave the Akatsuki to acquire a new body.

Since then, with Kabuto posing as a sleeper agent that an infuriated Sasori sent to keep tabs on him, Orochimaru become an independent rogue ninja using the Hidden Sound Village to continue his experiments to achieve true immortality.

Part I

Eventually, when the chance to attack Konoha presented itself, Orochimaru forms a partnership with the Fourth Kazekage of Sunagakure, who desired Konoha's destruction, planned their invasion during the Chunin Exams. Orochimaru also used the invasion as an opportunity to test Sasuke Uchiha, Itachi's younger brother, if he can be of used as a vessel.

During the second part of the Chūnin Exams, Orochimaru murdered a team of Kusagakure genin to impersonate its leader Shiore and infiltrate the Forest of Death. During a resulting confrontation with Team 7, Orochimaru expressed pride in Sasuke's abilities after he managed to partially burn off his disguise. Orochimaru sealed Naruto's Nine-Tails chakra before branding Sasuke, his intended target, with a Cursed Mark.

As he sends Team Dosu as sacrificial lambs to test Sasuke, having Kabuto accompany Team 7 to witness Sasuke use the curse seal's power, Orochimaru is confronted by Anko as he tells her that the Konoha will continue the exams under threat of his retaliation.

During the preliminary rounds of the Chunin Exams, Orochimaru disguised himself as the leader of his genin team to watch Sasuke's performance against Yoroi Akadō and became more obsessive upon seeing Sasuke suppress the Cursed Mark with sheer will. After Kakashi was able to seal away the mark on Sasuke, Orochimaru confronted him and made no attempt to hide his envy of Kakashi's Sharingan before leaving while adding that Sasuke will eventually come to him seeking power.

Eventually, on the day of the final round matches, with all attack preparations complete, Orochimaru murdered the Fourth Kazekage and assumed his identity to sit next to Hiruzen to oversee the proceedings. When the invasion of Konoha began, Orochimaru made his move and attacked Hiruzen. Orochimaru has the Sound Four erect a barrier to hold the other Konoha ninja back to prevent any interference.

Orochimaru, exhilarated that he could finally fight his former teacher and Hiruzen intending to redeem himself for letting Orochimaru free; Orochimaru used the Reanimation Jutsu to summon Hashirama Senju and his brother, the Second Hokage Tobirama, to attack their successor. During the fight, his opponent summoning Enma to his aid, Orochimaru reveals to Hiruzen the fruits of his labor in achieving immortality by revealing the host body he took after his brush-in with Itachi and his intention to make Sasuke into his next host.

Horrified on how far Orochimaru has truly went and with both his age and the regenerative abilities of the two first Hokage placing him in a grand disadvantage, Hiruzen resolves to stop Orochimaru with the Reaper Death Seal, sealing away the souls of the two Hokage prior to going after Orochimaru himself. However, Orochimaru stabbed Hiruzen through the back of the chest with his Kusanagi. Hiruzen weakened, Orochimaru is horrified when his mentor resolves to only seal the part of Orochimaru's soul within his arms so Orochimaru could make any more seals. Cursing the dying Hiruzen for robbing him of his use of ninjutsu, Orochimaru is carried off by the Sound Four with the invasion halted. Afterwards, Sunagakure broke ties with Orochimaru upon discovering the corpse of the Fourth Kazekage.

After barely being able to stand the pain from his rotting arms, Orochimaru plans to have his condition healed by appealing Tsunade with the offer to reincarnate her brother Nawaki and lover Dan to win her cooperation. However, though she seemed to have agreed, Tsunade had actually intended to kill him to ensure he never attacks Konoha again.

Kabuto intervened before she could do so, intending to force her to help before Jiraiya, Shizune and Naruto soon arrived to her aid. After seeing Naruto defeat Kabuto, Orochimaru's attempt on the boy's life is stopped by Tsunade and Orochimaru summons Manda with Kabuto's help, hiding his condition from the giant serpent who would have turned on Orochimaru for being injured. Jiraiya and Tsunade response with their own summons and an epic battle ensues.

Forced to fall back, though hoping to go after him when he was older, Orochimaru decides to just take a new host body and sends the Sound Four to retrieve Sasuke. Due to complications as the Leaf Village attempted to recover Sasuke, despite Kimimaro going to aid the Sound Four, Orochimari is forced to take the body of a experimental prisoner named Gen'yūmaru. As he is stuck in Gen'yūmaru's body for the next three years, Orochimaru decided to start training Sasuke once he finally arrived, hoping to shape him into the ideal host, while being highly impressed and excited by the chakra that Sasuke revealed after retaliating against Kabuto's warning for being rude.

Part II

2.5 years later, Yamato-led Team Kakashi, hoping to find Sasuke, learned of an opportunity from a dying Sasori that he was meeting with Kabuto. Posing as Sasori within his Hiruko puppet, the group's temporary leader Yamato meets with Kabuto while the others watch. However, Orochimaru arrives as Kabuto destroys the Hiruko, Orochimaru clarifying to a confused Kabuto that Sasori never came as the rest of Team Kakashi reveal themselves to fight the two ninja. Although he was surprised to see Yamato has survived his experiments involving Hashirama's DNA, Orochimaru was more interested to see if Naruto has become as strong as "his Sasuke". As Naruto assumes his three-tailed form in response, Orochimaru is able to elude Naruto, finding the battle extremely enjoyable while provoking Naruto further.

It was only after Naruto submitted to Kurama's influence and entered his mindless four-tailed form, Orochimaru took the fight more seriously due to both Naruto now able to kill him and his host body beginning to reject him after he used his Kusanagi to force Naruto. While he briefly recuperated, Orochimaru was approached by Sai, who made an offer on behalf of Danzo to work together in destroying Konoha. Intrigued, Orochimaru and Kabuto took him back to their base. Later, after the rest of Team Kakashi arrived at the lair and Sai teamed up with them, Orochimaru confronted Sai and Naruto to question Sai about his loyalties. He fled before he could be drawn into another fight, and later kept Sasuke from killing the team, noting that they might kill another Akatsuki member like they had done with Sasori.

Later, on the verge of being rejected by his current body, Orochimaru contemplated how best to take Sasuke's body. However, he hadn't truly planned on foul play from Sasuke, who no longer needs him. Though Sasuke used the Curse Mark to have the upper hand against his White Snake form, Orochimaru placed Sasuke into a genjutsu to enact the ritual. However, Sasuke uses Orochimaru's jutsu against him and ironically altered it so that Orochimaru would become a prisoner within Sasuke's body. As a result, Sasuke gained access to some of Orochimaru's abilities.

However, he also had to dedicate some of his chakra to suppressing Orochimaru.

During his battle with Itachi, Sasuke ran out of chakra, and Orochimaru was able to emerge through his Eight-Headed Serpent Jutsu. Appearing out of one of the Serpent's mouths, Orochimaru's chance to take Sasuke's body is thwarted by Itachi using his Susanoo's Totsuka Blade and sealed Orochimaru inside his Susanoo's Gourd, which in turn freed Sasuke from the Curse mark. However, many of the snakes that composed Orochimaru's body endured as Kabuto harvested them and assimilated them into his body as part of his intent to transcend his former master. Following Kabuto's defeat during the Fourth Shinobi World War, and his reunion with Suigetsu Hōzuki and Jūgo, Sasuke learns of the scroll they found at one of Orochimaru's hideouts and resolves to revive him for answers following what he learned from Itachi.

Having learned that Curse Marks hold parts of their creator's mind in them, Sasuke succeeds in reviving Orochimaru by pulling his consciousness out of Anko's Curse Mark and transferring it into the physical form Jūgo provided by absorbing some of Kabuto's flesh. Despite Suigetsu's fears of his next action as he reclaims the rest of his chakra that Kabuto took from him, Orochimaru explains that he is neither interested in the Fourth Shinobi World War nor strong enough to even attempt to take Sasuke's body if he wanted to. But Orochimaru does agree to take Sasuke to those who know everything: the first four Hokage. To that end, Orochimaru is forced to mortally wound himself to break the Reaper Death Seal, releasing not only the Hokage's souls but also spiritually restoring himself to use the Reanimation Jutsu on four of the Zetsu spore clones while using the Transference Ritual on another.

With them under his control, stating to them that he not acting on his own intent, Orochimaru tells the Hokage that he plans to have them destroy Konoha if Sasuke deems it so after getting Hashirama's answer. During Sasuke's interview with the four Hokage, he derides his former sensei for failing to stop him before, as well as makes the conversation go his way by pinning the blame of the Uchiha Massacre on Tobirama Senju's policies. However, when Sasuke decided to support Konoha against Madara, he tagged along for his own amusement to see how Sasuke turned out, as well as keep the possibility of his own experiments continuing an option. To this end he had Suigetsu and Karin save the Gokage after their battle with Madara, even insulting Tsunade to her face when she asked why he was doing this by claiming 'given time, Jiraiya may have turned dark'.

Later, when he arrived on the battlefield he joined the battle against the Shinju itself, and finally against Spiral Zetsu. However, despite his intentions, Madara successfully cast Infinite Tsukuyomi and ensnared Orochimaru into the fantasy that he was trying to avoid. Ultimately, he and the rest of the world were freed from the genjutsu by Naruto and Sasuke after they ended the war.

With the Fourth Shinobi World War over, Orochimaru resumes his genetic experiments with Taka serving as his lab assistants, though Konoha remains suspicious of him and keeps him under constant surveillance.

* * *

Orochimaru: You still are just as powerful and delicious as always J.D.

Me: And you are still the same homicidal pedophilic megalomaniac that I despise with a merciless vengeance.

Qin: So he's Orochimaru.

Me: That's him Qin. He's a fucked up mad scientist. I overwhelmed him and destroyed his entire ninja career in the distant future.

A roar was heard and out came the HOUND OF THE BARKERVILLES!

* * *

The Hound of the Barkervilles was a fierce-looking anthropomorphic dog with light brown fur. The fur around its neck was fluffier and a darker shade of brown. It had small yellow eyes surrounded by large black rims.

## Early life

In the days of Lord Barkerville's great-grandfather, Cedric Barkerville, the Hound of the Barkervilles terrorized his home and devoured all of his sheep. He eventually banished the Hound from the moors. Legend stated that if the Hound were ever to return, the house of the Barkervilles would fall.

## The New Scooby and Scrappy Doo Show

Bentley took advantage of the legend and tried to take over Barkerville Hall by impersonating the Hound, since Cedric Barkerville's will stated that if the house were to fall, the caretaker would take it over. He stole Lord Barkerville's sheep and hypnotized Scooby-Doo in an attempt to frame him for being the Hound. To clear Scooby's name, the gang set a trap for the Hound by covering an empty grave with some heather so he would fall in. Despite the Hound's attempts to frighten them away, he ended up caught in the trap. He was pulled out of the hole and unmasked, revealing Bentley.

---

Shaggy: ZOINKS! It's the Hound of The Barkervilles!

Me: I remember him!

Qin: What was he known for?

Me: He was really Bentley, the Caretaker of Barkerville Hall and he used the legend of the Curse of the Hound of The Barkervilles in Scotland to rustle sheep and scare people away.

Qin: That's terrible!

Me: Yep. He got 10 to 15 years in prison for his crimes.

Qin: And he got life right?

Me: Nope. He died in prison 7 years into his sentence of Natural Causes.

Qin: Oh.

Nico: Geez.

A Rottweiler then appeared and my data eyes activated. I saw that it was really the ROTTWEILER!

The Rottweiler is a cybernetic monstrous Slayhound who once was a normal Rottweiler owned by a rich man.

This Slayhound is almost unstoppable when it locks on a target and it's also virtually indestructible as it's immune to bullets.

He was first an ordinary security pet owned by a rich man. The man owned a labour camp where he puts useless and poor men who cannot pay their debts. During a daring prison escape by a man named Dante, who was put in prison for illegally entering Spain, and his girlfriend Ula, the Rottweiler was beaten up by Dante with a pipe while trying to protect his master.

Because of its injury the rich man paid scientists to turn it into a cybernetic Slayhound but after the operation the dog transformed from a loving pet into a killing machine. Seeing the new attributes of the dog, the rich man put him as security dog in his prison to prevent more prison breaks. The rottweiler met a new caretaker named Kufard whom it felt close to.

While on the search for the escaped Dante, the rottweiler proved his monstrosity by killing and hunting those who escaped earlier. When they already captured Dante, Dante again tried to escape by reaching for the security's shotgun. He managed to reach it and shot the rottweiler and Kufard. Sensing the danger is over Dante tries to find his girlfriend Ula. The rottweiler suddenly wakes up and sees his caretaker brutally shot. It then proceeds to chase Dante.

The rottweiler hunts Dante down for his deceased master, a thing still shown in modern dogs. Burned and bruised during his hunt for Dante, they finally faced each other in the burning prison camp after Dante, who after fultilely searching for Ula in a brothel but not finding her there, finally remembers from his own repressed memory that Ula got mauled and killed by the dog (before the dog's cybernetic revival) during their escape from prison. With both the man and the dog having a score to settle against one another, both of them perished for vengeance of their loved ones. The other morning a pair of firemen discovered the skeletons of Dante, Ula and the Slayhound's remnants laying on the beach.

---

Me: It's the Rottweiler! Wow! The data on it is amazing! It's a full fledge robot cybernetic hound.

Laney: Whoa!

?: And it's not just him!

Out came RAMSAY and his dogs!

Me: RAMSAY BOLTON!

Ramsay: (Laughs Maniacally) That's right you fucker.

A roar bark came and it was CUJO!

---

Cujo is the titular main antagonist of Stephen King's 1981 novel and its 1983 film adaptation of the same name, and a minor antagonist in the 1985 film Cat's Eye. He was once a friendly and playful companion, but when he got rabies, he went insane and was turned into a vicious killer that attacked anybody who came near.

Cujo was once the beloved St. Bernard of the Camber family, but was bitten by a rabid bat in the nose when his head got stuck in a bat cave while chasing a rabbit (which was shown at the beginning of the movie).

Cujo then went mad with rabies and killed any person he came across including one of his own owners, conducting a murderous reign of terror on Castle Rock.

In the end of both the book and movie, Cujo was seemingly killed by Tad Trenton's mother named Donna (who also tried to save her son from dying of heatstroke), by being shot by the sheriff's gun. In the novel, he was killed after being hit by a baseball bat.

Along with Christine, he makes a cameo appearance in the 1985 film Cat's Eye, where he chases the titular cat known as General. This might hint that Cujo was back to his old, friendly self.

---

Me: It's Cujo!

Laney: This is turning into a battle of the dogs!

An eerie howl was heard and we saw the HOUND OF THE BASKERVILLES!

---

The Hound Of The Baskervilles is a ghostly black dog that has been a fictional icon to the Sherlock Holmes story of the same name.

According to an old account, said to have been written in 1742 and describing events which had occurred a century earlier still, during the English Civil War, Hugo Baskerville was infatuated with a farmer's daughter. He kidnapped her and imprisoned her in his bedroom. She escaped and the furious Baskerville offered his soul to the devil if he could recapture her. Aided by friends, he pursued the girl onto the desolate moor. Baskerville and his victim were found dead. She had died from fright, but a giant spectral hound stood guard over Baskerville's body. The hound tore out Baskerville's throat, then vanished into the night.

In the present day, Mr. Jack Stapleton thought he could use the wicked legend to his advantage.

---

Me: It's the Hound of the Baskervilles!

Marinette: I remember reading about that creature!

Laney: I thought it was just a story!

Laney took a picture of it and it was a scary ghost dog.

Nico: Geez! We're surrounded by monsters and dogs!

?: And us.

We saw the Barking Ghosts. They were really black Labrador Retrievers with evil red eyes.

---

Before they were cursed to haunt the woods of Maine, the ghost dogs were once a pair of human friends. Human, that is, until an evil spell was cast on them, one that turned the friends into ghostly hounds. For centuries, the two roamed, looking for a chance to regain their human forms. When Cooper Holmes and his family moves into a house deep in the woods, the ghost dogs finally get their chance.

Late at night, the easily scared Cooper is kept up by the sound of barking. Not a single dog is in the area, but he keeps finding pawprints just outside his house. Cooper knows something strange is going on, but nobody seems to believe him. When Cooper meets a neighbor girl named Fergie Ferguson, the two become fast friends. Together, they try to solve the mystery of what's going on, but soon find themselves face to face with the ghost dogs. The creatures lure them into the Changing Room, a shack in the woods capable of body-swapping anyone inside. With their targets finally trapped, the ghost dogs' plan is a success. They now have the bodies of Cooper and Fergie, while they are now trapped as dogs.

However, this success does not last. At the dinner table, Cooper's out-of-character behavior alerts his family that something is wrong. In their dog forms, Cooper and Fergie try to tell the Holmes family what has happened. Unfortunately, nothing seems to work, forcing the two to lure their impostors back to the Changing Room, trapping them all in once more

With the swap reverted, the ghost dogs wander out of the shack and back into the woods.

* * *

Me: So those are the Barking ghosts. Lets split them up. I'll take on Orochimaru.

Laney: I'll take on Cujo.

Lisa: I'll take on the Cyber Rottweiler.

Lola: Me and Girl Jordan will face Ramsay and his hounds.

Nico: Me and the Samurai and Megaforce Power Rangers will face Duplicator.

Lily Loud: I'll face the Hound of The Baskervilles.

Velma: Me and Lynn will face the Hound of the Barkervilles.

Lincoln: And the rest of us will face the Barking Ghosts.

Me: Lets get them!

I snapped my fingers and we were on the desert planet Virunga!

* * *

Planet Virunga is a mountain desert planet located in the Unknown Zone. It is named after Virunga National Park in the Democratic Republic of the Congo, Formerly Zaire, and it is loaded with all kinds of jagged mountains, rocks, canyons, valleys and has lots of volcanic features. It also has a lot of life and treacherous obstacles. But the most prominent ones are tar pits and lava lakes. The volcanoes rain flaming ash from the sky and it is very dangerous.

* * *

Lincoln: Wow! This planet is amazing.

Lola: It sure is.

Girl Jordan: But it sure looks like a dangerous planet.

Me: It is. It's called Virunga. Lets get them guys.

We went at our targets.

## Battle 1: Orochimaru!

I was facing Orochimaru. He had an old score to setting with me after I destroyed him in the distant future.

Me: I will never forgive you for your crimes Orochimaru. You ruined the lives of countless innocent people.

Orochimaru: Then the best thing for me to do is to take your body.

Me: Just what I would expect from someone as fucked up as you. Can't say the same thing for all of your followers that challenged me. They all died at my hands because of my power.

Orochimaru: Then lets test just how strong your power is.

Me: All right then. But just so you know, you are about to face the very pinnacle of my power. I'm not the same as I was when I faced you 150,000 years from now.

I then flared up my power and it was incredibly intense! My aura turned into a rainbow aura and the skies darkened with storm clouds and lightning struck all over the place with powerful tornadoes and the powerful elemental forces swirled around me and my power was skyrocketing at an astronomical rate. Then I unleashed the full extent of my power and in a massive and powerful flash of light, I transformed. I was now in my Super Angel-Ebonwu 100,000 Elemental Phoenix Form. Orochimaru couldn't believe what he was seeing. My power was far stronger than anything he had ever encountered. The level of chakra I had was mindbogglingly powerful along with several other things.

Orochimaru then licked his lips with delight with that long tongue of his.

Orochimaru: Magnificent. With your body I will become a god and I will be invincible and truly immortal.

Me: (Divine Voice) **I think not Orochimaru. Now it's time for you to pay for your crimes.**

Orochimaru: If you think you ca…

POW!

I went at him without warning and punched him in the stomach with devastating force and I kneed him in the face and kicked him in the face with devastating force. The sheer brute force of my power sent Orochimaru flying and he crashed into a rock and he got up and belched up a huge amount of blood.

Orochimaru: This can't be! He only had three punches that made contact!

I swooped in and punched Orochimaru in the face with devastating force and threw him into a rock. He got up and he couldn't believe that I was overwhelming him with incredible power and strength.

Me: **Your crimes against nature are completely unforgivable. You think you have the right to play God and turn all of the people who follow you into a bunch of fucked up mutant barbarian freaks of nature. But you are nothing more than a sad and fucked up megalomaniacal fuckpot that has absolutely no respect for the value of human life at all. You fucking disgust me!**

Orochimaru was enraged.

Me: **You're now about to see that I can be just as merciless to anyone. Including you. I'm far more powerful than you ever will be and I am now going to make sure that you never get your hands on anyone else. Including the power of the Uchiha.**

Orochimaru: A bold statement from a weakling leader!

Me: **Hmm. Yes and a "Weakling" was the only kind of person you can handle. I remember that you were there in the Forest of**

**Death during the Chunin Exams to see if that fuckpot Sasuke was enough for you to handle. But all you've encountered was the source of your downfall. And to think that you would lay claim to all of your followers. You thought that you would bind them to you with the Curse Mark. You had no idea the kind of Evil that Sasuke had. He made even the Masters of Evil quake with fear. He wanted revenge so badly that he would do anything to get it. Even hurt the very village he called home and even the people that lived there. They all feared him. You wanted his body right? But what you really wanted was the Sharingan. But how to get it? Itachi was out of the question. So you came after Sasuke, the fucked up lunatic runt of the clan. Isn't that right? And they say that you are the genius out of the 3 Legendary Sannin. But it turns out you're just another lost soul of the run-of-the-mill ninja. And you know it. You're not even in the same league in the kind of power that I possess. I can destroy the entire universe in the mere blink of a cosmic eye. In fact, next to my kind of power and the power that Sasuke has, genius like yours looks pretty ordinary. The way you covet the power of the Uchiha, the way you fill yourself up with medicines and go leaping from body to body. It's downright fucking disgusting. As the most powerful fighter in the universe, all I see when I look at you is a fucked up miserable fuckweed and a pedophilic wretch. And on top of that I fucking hate your style you ruthless fuckkicker! What is it that you are hoping to accomplish? Scurrying from one hideout to the next, conducting your pathetic experiments, using up peoples lives one after the other, trying to unlock the mysteries of nature. You toy with peoples lives for the sake of this worthless, fucked up and disgusting, vain and ridiculous cause of yours. YOU FUCKING DISGUST ME!**

I went at him and kicked him in the face with devastating force and punched him in the stomach and sent him flying and I fired a massive blast of fire at him and it hit him in the chest and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOMMMMMM!

Orochimaru fired a powerful snake at me and I fired a blast of lightning at it and it went right through it and electrocuted

Orochimaru all over and I kicked him in the face and stomach and punched him in the stomach and slashed him in the eyes with my sword and he screamed in excruciating pain and I punched him in the stomach and I teleported and kicked him in the back with devastating force and Orochimaru belched up a lot of blood and I fired a powerful blast of wind and cut off his arms and legs and I teleported and punched him in the chin with a devastating uppercut and sent him flying and I teleported again and dealt him a devastating spinning axe kick to his back and heard something snap. He screamed in pain and I teleported and flew at him with tremendous speed and kicked him in the stomach with devastating force and sent him crashing into the ground with incredible force. He got up from a crater and he looked really sick. Then he started inflating as he was about to throw up. He was really getting sick and then his neck inflated and then suddenly he threw up a lot. He threw up a young girl with mint green hair around 10 to 11 years old and she had dark green clothes. Almost instantly Fu recognized her!

Fu: (Gasp) I don't believe it! That girl is my sister! Hakumi!

Naruto: Whoa! I didn't know you had a sister Fu.

Sakura Haruno: Where was she all this time?

Fu: No idea. She disappeared. But now it all makes sense. She was inside Orochimaru the whole time.

But that wasn't all that Orochimaru threw up. He threw up his Sword of Kusanagi and even a lot of blood.

Me: **I wish I hadn't seen all that.**

Orochimaru's energy levels were fading fast and he was starting to get weaker and weaker at a rapid level. Then Orochimaru changed into an old man! He had long grey hair and he looked like he was over 150 years old and his chakra level completely vanished.

Naruto: Whoa! Look at Orochimaru!

Sakura Haruno: Yes. J.D. has won. Orochimaru was no match for him at all.

Fu: And his body's cellular structure is disintegrating.

?: That's right Fu.

We saw Lady Tsunade.

Fu: Lady Hokage.

Sakura: Tsunade-sensei.

Naruto: Aunt Tsunade? How did you get here to the planet Virunga?

Lady Tsunade: I accidentally got caught in J.D.'s teleportation as he was getting ready to fight and I watched J.D. fight.

They went over.

Me: **Lady Hokage, I didn't expect you to be with us.**

Lady Tsunade: I accidentally got caught in your teleportation.

Me: **Sorry about that. But it looks like I defeated your disgraced evil teammate once again.**

Lady Tsunade: You sure did J.D. Well done. And Fu is right. His body's cellular structure is disintegrating.

Me: **Looks like all those experiments are starting to take a toll on him.**

Orochimaru: (Weakly) You little fucker! What have you done to me?

Me: **What else? Destroyed you. You have a lot to answer for when you are brought to trial for your crimes against the entirety of the 5 Great Nations. When you regurgitated this girl, your body began to destroy itself.**

Orochimaru: What!? That's impossible! I'm the immortal Orochimaru!

Lady Tsunade: You're getting a taste of your own medicine.

Fu: That girl is my long lost sister Hakumi. When I lived in the Hidden Waterfall, she disappeared under mysterious circumstances.

Me: **So Orochimaru got to her. I'm not surprised. But then again he has always been a majorly fucked up megalomaniac. I'll have my report ready for you after we're finished here and head home Lady Hokage.**

Lady Tsunade: Okay. Good job in bringing Orochimaru down J.D. I'm very impressed that you could easily destroy a member of the Legendary Sannin.

Me: **That's true. Not to brag.**

I checked Hakumi for a pulse and she had one.

Me: **She's still alive. But we got to get her to the Leaf Hospital for treatment.**

Fu: I'll do that.

Fu picked her up. Hakumi was still weak, but she'll pull through. Fu also picked up Orochimaru's sword. Orochimaru was arrested and Naruto and Sakura tied him up.

---

Battle 2: Cujo.

---

Laney was facing the rabid dog Cujo.

Laney: I got to cure him. I remember in the book that he was bitten by a bat and he has rabies.

Cujo came at her and Laney flew into the air.

Laney: Luckily, Lisa taught me how to make all kinds of antidotes for all kinds of diseases with my plant powers.

Laney made a powerful cure barb with the medicine for Rabies. She threw the barb and it hit Cujo and injected it into him. He was cured in an instant.

Laney went up to him and he licked her all over.

Laney: (Laughs) Okay okay boy! Good dog!

She pet him all over.

Me: **Good job Laney.**

Laney: Thanks J.D. (See's Lady Tsunade) Oh Lady Hokage. I didn't expect you to be here.

Me: **She accidentally got caught in our teleportation to planet Virunga.**

Laney: Oh.

Lady Tsunade: That was very clever using your plant powers to cure him.

Laney: Thank you Lady Hokage.

We went to watch the rest of the fights.

Battle 3: Cyborg Rottweiler

Lisa was facing the Cyborg Rottweiler.

Lisa: This is gonna be a very dangerous and difficult task. But I can accomplish this.

The Cyborg Rottweiler went at her and Lisa jumped into the air and landed on its back and she found a panel in its head and used her technological skills to reprogram it. She made it into a friendly and kind Rottweiler.

Lisa: There we go.

The cyborg rottweiler licked her all over.

Lisa: Good boy. Good boy.

---

Battle 4: Ramsay and his hounds.

---

Lola and Girl Jordan were facing Ramsay and his hounds.

Lola: You will pay for your crimes Ramsay!

Ramsay: (Insane Laughter) I think not! Sic her!

Girl Jordan: I don't think so! 4 PILLAR PRISON JUTSU!

Girl Jordan formed a powerful powerful wooden cage around the two dogs.

Girl Jordan then transformed into her Super Angel 30,000 Maelstrom Ocean Dragon form.

Girl Jordan: (Older Voice) I will never forgive you for your crimes.

Ramsay came at them and Girl Jordan fired a powerful blast of water at him and it hit his face and Lola fired a powerful blast of fire at him and incinerated him into dust.

Girl Jordan: Nice job Lola!

Lola: Thanks G.J.

Girl Jordan: Maybe I can purify these dogs.

She went over to Ramsey's dogs did so and made them loyal, kind, caring and good dogs.

---

Battle 5: Duplicator.

---

Nico and the Samurai Power Rangers and the Megaforce Power Rangers were facing Duplicator.

Gia: We're putting a stop to you and your clever puns!

Megaforce Rangers: Legendary Ranger Mode: In Space!

The Megaforce Power Rangers turned into the In Space Rangers.

Jayden: Lets do it guys!

Samurai Power Rangers: GO GO SAMURAI!

The Samurai Power Rangers transformed and they were ready.

Nico: Lets get him!

They went at Duplicator and slashed and blasted him with their weapons and powers and he was being overwhelmed by the sheer volume of their powers. They then fired a powerful blast of fire and energy and it hit him and exploded. Duplicator was destroyed and obliterated.

Nico: Duplicator, you have failed this universe.

Emily: He sure has.

Gia Moran: But that was awesome!

Nico: It sure was.

## Battle 6: Hound of the Baskervilles

Lily was facing the ghostly and ferocious Hound of The Baskervilles.

Lily: This dog looks like something out of your worst nightmares.

The Hound came at Lily and she turned into Night Owl and flew into the air and she slashed the ground with her sword and sent the hound back into the underworld.

Lily: That was too easy.

---

## Battle 7: Hound of the Barkervilles

---

Velma and Lynn were facing the Hound of The Barkervilles and it was gonna be a tough one.

Lynn: This is gonna be a tough one.

Velma: But I'm ready for this.

The hound came at them and Lynn punched it in the face and Velma kicked it in the stomach. Then the beast grabbed her glasses and smashed them.

Velma: My glasses!

Lynn: You monster!

Lynn fired a powerful blast of lava at it and incinerated it.

The rest of us came over.

Me: **Velma are you all right?**

Velma: I'm fine, but I can't see anything without my glasses.

Me: **You have severe astigmatism.**

Lisa: I believe I have a spare set of glasses you can borrow until we get you one of your spare visual lenses.

Velma: Thanks Lisa.

Shaggy: Wait. Like, I always carry a spare set of Velma's glasses just in case.

Me: **Good thinking Shaggy.**

Shaggy handed her a spare set of her glasses.

Velma: Thanks.

She put them on.

Me: **You're not hurt are you Velma?**

Velma: No.

Me: **Good** .

## Battle 8: The Barking Ghosts!

Lincoln and the rest were facing the Barking Ghosts.

Lana: Lets get them!

Lucy Loud: This is gonna be a good battle.

Lincoln: Now lets get them.

Lincoln fired a powerful blast of lightning and electrocuted the ghost dogs and Lily and Luna fired a powerful blast of water and drenched them and Luan fired a powerful blast of Light and burned them and Lori fired a powerful blast of wind and blew them around and Leni fired a bunch of blasts of gravity lightning and they hit the ghost dogs and exploded all over. Carol fired a powerful blast of atomic energy and it hit the dogs and exploded. Lynn fired a powerful blast of lava and burned them and Lucy fired a powerful blast of black lightning and electrocuted them all over and Laney fired powerful blasts of powerful fire and burned them and I fired a powerful barrage of crystal shards and skewered them all over and Mega Man blasted them all over.

Me: **Time for some teamwork!**

Blast Off: With pleasure boss! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his X-Ray Laser 100-fold.

Plant Man: Time for some plant action! GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into his right arm and enhanced his Plant Barrier 100-fold.

Blast Off and Plant Man: X-RAY PLANT BOMB STRIKE FIELD!

Blast Off fired a powerful blast of X-Ray energy and Plant Man fired a powerful storm of leaves and plants and they hit the Ghost Dogs and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOMMMM!

Fireflight: Lets do it! CYBER KEY POWER!

The Autobot Cyber Planet Key went into his right arm and enhanced his Photon Displacer Gun 100-fold.

Matilda Honey: Time for some psychic power. GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into Matilda's right arm device and enhanced her psychic powers 100-fold.

Fireflight and Matilda Honey: PHOTON PSYCHIC BEAMBLAST!

Fireflight fired a powerful blast of photon energy and Matilda fired a powerful psychic blast of energy from her mind and the blasts hit the ghost dogs and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ben: Time for some ultimate power!

Ben then turned into a new ultimate alien. It was ULTIMATE CHROMASTONE! He looked like a light purple version of

Chromatone and he had glowing crystal fingers and glowing crystals on his shoulders and head and he had a muscular build.

Ben: ULTIMATE CHROMASTONE!

Me: **Whoa! An Evolved Crystalsapien!**

Shanan: Wow! I've never seen an evolved Crystalsapien before. He's much cooler than the original.

Me: **It still confuses me. I always thought that the Crystalsapiens were from the planet Mor'O'Tesi and not Petropia.**

Shanan: It is confusing huh?

Ultimate Chromastone: Lets see what it can do.

Ultimate Chromastone fired a powerful blast of rainbow light from his arms and it hit the Ghost Dogs and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOMMMMM!

Me: **Lets send these dogs back to hell!**

Ino Yamanaka: You got it! FIREBENDER FLAMING FURY!

Ino fired a powerful blast of fire and it hit the Ghost Dogs and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

Lola: You will never terrorize our animal friends! FIRESTORM DRAGON BURN!

Lola fired a powerful blast of fire and it turned into a powerful dragon and slammed into the Ghost Dogs and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Lana: This is for sicking the Duplicator on me and Lola! MEGA ICE STORM BLIZZARD!

Lola fired a massive storm of ice and froze the Ghost Dogs in ice blocks.

Cooper: This is for turning me and Margaret into dogs! FIRESTORM WOLF BLAST!

Cooper fired a powerful blast of fire and it turned into a wolf and pounced on the ghost dogs and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Margaret: Time for some justice! LIGHTNING WOLF JUSTICE!

Margaret fired a powerful blast of lightning and it turned into a powerful wolf and it hit the ghost dogs and electrocuted them all over and destroyed them.

Me: **You Ghost Dogs have failed this universe!**

Danny Phantom: Lets send them back to the Ghost Zone!

Danny sucked them into the Fenton Thermos.

Me: That did it!

Nico: Nice!

Danny Phantom: I think it would be appropriate to send these dogs into the Ghost Zone.

Cooper: That was awesome! (To the viewers) Never mess with supernatural forces you can't begin to understand.

Me: **You got that right.**

Ventus had just finished defeating Zs'Skayr and Vanitas.

Vanitas: I just want you all to know that we didn't bring Marge's ghost back. She came back on her own.

Ino: We know. And we prefer Duplicator's puns over Marge's nagging. Even though Duplicator's dead now.

Zs'Skayr: That's something we can agree on. Until next time. (he and Vanitas teleport out)

Me: **I agree too.**

We went back home to Earth.

---

Back at the Leaf Village, Orochimaru stood trial for his crimes against the entirety of the 5 Great Nations. He was found guilty of numerous crimes against nature, humanity and the entirety of the 5 Great Nations. He was found guilty of his crimes and was sentenced to death.

Me: You will never terrorize the entirety of the world again Orochimaru.

I held out my hand to him.

Me: HAKAI!

Orochimaru glowed purple and screamed in pain as he was being obliterated into nothing. He was gone forever and he was now never existing again.

I filed my report to Lady Tsunade and I was awarded Triple S-Rank mission credit for it. The dogs and Cyber Rottweiler were now part of our pets. Hakumi was gonna in the hospital for a while in a coma. But she'll make it.

THE END

---

Another Awesome fanfic and another awesome Goosebumps Book Covered.

The Barking Ghost was a really creepy one. The cover of the book reminded me so much about the Hound of The Baskervilles and it was really creepy! I also wanted to include some of the iconic villains of dogs. I added Ramsay Bolton from Game of Thrones because he had evil dogs and he was one screwed up monster. My mom watched that show and told me all about it and it was awesome! I added Cujo because it was scary and creepy. I added the Hound of The Baskervilles because it was awesome! I added the Cyborg Rottweiler from the 2004 movie Rottweiler because it was awesome! Orochimaru was the worst and greatest traitor next to Madara Uchiha and he was one screwed up piece of dirt! The next Naruto villain is the former member of the Seven Ninja Swordsman of the Mist: Raiga Kurosuki. Get ready, because we're going to give him a Funeral from hell. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is the 2nd Kung Fu Panda Chapter and we haven't done a chapter for Kung Fu Panda in a long time. We're going to face the ruthless Lord Shen and make him pay for his crimes.

See you all tomorrow.

# The Wrath of The Vengeful Peacock

In the Living Room at the estate, we were watching TV and playing board games. It was a snowy and cold day. I was playing Wizards Chess with Ginny Weasley and Nico is watching.

Me: Boy it sure is coming down huh?

Nico: No kidding.

Timmy: Again, Trixie. I'm sorry that I bet on your friendship with me like you were a prize to be won.

Trixie: (smiles) It's fine, Timmy. But please don't do it again.

I was really thinking hard on what to do in Wizards Chess.

Me: Hmm. Pawn to D5.

My pawn moved to said space and attacked another pawn.

Nico: This is so cool.

Ginny Weasley: (British Accent) Good move J.D. Knight to H3.

Ginny's knight moved to said spot.

Ginny: Check.

Me: Queen to H3.

My Queen moved to said space and destroyed Ginny's knight.

Ginny: Good move J.D.

Me: Thank you. Ron has been teaching me a lot for Wizards Chess.

Ginny: I figured. But he always was good at Wizards Chess.

Me: He sure has.

Ginny: Pawn to C4.

Ginny's pawn moved to said space.

Me: Bishop to A4.

The Bishop moved to said space.

Me: Checkmate.

The King dropped his sword and I had won.

Ginny: Good game.

Nico: Nice one J.D.!

Me: Thanks.

Ginny: You're getting really good at this J.D.

Me: Thanks Ginny. It's so much fun.

Timmy: Trixie, I was also a girl at one time.

Trixie: Really? Timantha was really you Timmy?

Timmy: Yep. I wished for becoming a girl to know what Girls like.

Mewtwo: (to Timmy) So you actually became a girl before?

Timmy: Yep.

Trixie: Wow. I didn't know that. But you and I are pretty much alike. I have a tomboy side to me.

Me: Wow.

Nico: That's awesome.

Rukia: (to Trixie) I didn't know that you dressed up as a boy before.

Trixie: Yep. I have a tomboy side.

Skywarp (to Timmy): When you were a girl, did you also have breasts?

Thundercracker (stares wide eyed at Skywarp): Dude, what the Hell is wrong with you right now?

Me: Timmy's only 10!

Skywarp: You're right. Dumb question. Sorry.

Kairi: I know that our gender swapped counterparts now live in the same Earth as us right now. But I think that I would look nice dressed up as a boy.

Skydive: Maybe I can try my best at looking like a girl. What do you guys think?

Nico started to build up throw up.

Nico: I think I just threw up in my mouth.

Me: Thank you for sharing that.

Wanda: But I thought it was really cute that Timmy was a girl.

Me: I think I can make Timantha become a real deal.

I snapped my fingers and a blob of energy formed outside of Timmy and it turned into Timantha. She was a female version of Timmy.

Timmy: Cool!

Timantha: Wow! I'm real now!

Trixie: Timantha!

Timantha: Trixie!

They hugged.

Nico: That is awesome!

Me: Thanks.

Timantha was now part of Timmy's family.

Later we were watching the 2nd Kung Fu Panda movie. It was from 2011.

---

Lord Shen, the scion of a peacock clan that rules Gongmen City in ancient China, seeks to weaponize his family's recently invented fireworks. After discovering from the court's goat soothsayer that "a warrior of black-and-white" will defeat him if he does not change his ways, Shen leads an army of wolves to exterminate the panda population to avert the prophecy. Shen's parents are horrified by this atrocity and exile him as punishment.

Thirty years later, Po is living his dream as the Dragon Warrior, protecting the Valley of Peace alongside his friends and fellow kung fu masters, the Furious Five. However, his teacher Shifu tells him that he has yet to achieve inner peace. While defending a village from wolf bandits who have been stealing metal for Shen, Po is distracted by a symbol on their leader's armor, which causes him to have a flashback of his mother and allows the wolves to escape. Po asks his goose father, Mr. Ping, about his origins; Ping reveals that he found Po as an infant in a radish crate and adopted him, but Po remains unsatisfied, wondering how and why he ended up in the valley.

Shifu learns that Shen has returned to Gongmen City and killed Thundering Rhino, the leader of the kung fu council protecting the City, and is plotting to conquer China with his newly developed cannon that was forged with the stolen metal. Shifu sends Po and the Furious Five to Gongmen City to stop Shen and destroy his weapon. They find the city occupied by Shen's forces, with the two surviving council members Storming Ox and Croc imprisoned, refusing to help liberate the city due to Shen's "unstoppable" weapon. Po and the Five are discovered by the wolf boss and give chase, only to be arrested in front of Shen's tower.

Upon being brought before Shen in his tower, Po and the Five escape (due to Master Mantis not really being captured) and destroy Shen's weapon. However, Po is again distracted by a flashback upon seeing the same symbol as before on Shen's plumage, realizing Shen was there the last night Po saw his parents. This allows Shen to escape and destroy the tower with an arsenal of cannons. After Master Tigress demands to know why Po let Shen get away, he reveals that Shen knows something about his past and has to face him again. Though understanding, Tigress makes Po stay at the prison while she and the other Furious Five leave to stop further production of Shen's cannons. Po breaks into the factory to question Shen about his past, inadvertently foiling the Five's plan to destroy the factory and causing them to be captured. Shen claims that Po's parents abandoned him before Shen blasts Po out of the factory with a giant cannon, where he is presumed dead.

Po survives and is rescued by the soothsayer, who takes him to the ruins of the nearby village where Po was born. Guided by the soothsayer to embrace his past, Po remembers that when he was an infant, his parents had sacrificed themselves to save him from Shen's army, his mother hiding him in a radish crate and luring Shen's forces away from him. Po attains inner peace, realizing that he has lived a happy and fulfilling life despite this early tragedy. Po returns to Gongmen City to save the captive Five and prevent Shen's conquest of China. A battle ensues between Shen's armada and Po, the Five, Shifu, Ox, and Croc. Po modifies the movements used during his inner peace training to manipulate and redirect Shen's cannonballs against his own armada, destroying them. Po then urges Shen to let go of his own past, but Shen attacks Po until he is killed when his last cannon falls and crushes him.

Victorious, Po returns to the Valley of Peace and reunites with Mr. Ping, lovingly declaring the goose to be his father. At the same time, Po's birth father, Li Shan, is revealed to be alive in a hidden village inhabited by surviving pandas, and senses that his son is still alive.

---

We were watching the movie and it was so awesome! We saw how Po defeated Lord Shen and it was awesome! When the movie was done, we cheered wildly.

Me: That is so awesome!

Lana: Boy you said it!

Laney: I love how you learned all that Po.

Po: I know! It is awesome! But I still feel sorry for Shen. He was filled with hatred over my family.

Paige: What he did was nothing short of horrific. He got what was coming to him.

Qin: He's a monster. What does it say about him?

Me: Lets see.

I pulled up Lord Shen's history.

---

Lord Shen (also simply known as Shen) is the main antagonist of DreamWorks' 22nd full-length animated feature film Kung Fu Panda 2. He is an evil, disowned and manipulative peacock prince who wanted to take over China and destroy Kung Fu with his cannons. He is Po's second enemy, the Soothsayer's former master and the Wolves' leader.

He was voiced by Gary Oldman, who also played Ruber in Quest for Camelot by Warner Bros., Dreyfus in Dawn of the Planet of the Apes, Mason Verger in Hannibal, Norman Stansfield in Léon: The Professional, General Grawl in Planet 51, and Jean-Baptiste Emanuel Zorg in The Fifth Element.

When Shen was ready to become the next peacock ruler of Gongmen City, the Soothsayer goat gave a prophecy to his parents that he would eventually be defeated by a warrior of black and white, but only if he was to continue pursuing his path of using his father's art of fireworks for warfare to take control of China. Shen hears about this while eavesdropping on them, but rather than rethinking over his goals to put in a better destiny for himself, Shen instead decides to avert the prophecy by leading his wolf gang to massacre a nearby village of pandas.

After the massacre was complete, Shen returns back to his palace with pride but is distraught to see that his family is horrified and disgusted by what he has done. Lord Shen's father angrily considered him to be a disgrace to their family name and sentences him and his wolf gang to exile as punishment for slaughtering the pandas. Believing that his parents hated him and feeling he did so as self-defense to further his goals, Shen angrily swore that he will return and reclaim what's rightfully his. Following Shen's exile, his family became very depressed during their rule and later died out of grief, giving their power to the Gongmen Kung Fu Council.

During his 20 years in exile, deep in the mountains, Shen's wolves worked tirelessly to complete their master's ultimate weapon: a cannon that would bring an end to the use of Kung Fu. When Boss Wolf informed him that they had run out of metal to use as material, Shen ordered him to attack the farthest villages and steal all the metal they could find. While he and a group of wolves set out to do so, Shen decided that it was time to move forward with his plans.

## Shen's Return and Takeover of Gongmen City

Once two decades have passed, Shen took back the control of the Gongmen City by force while using his new, powerful weapon: A cannon. With it, he killed the senior Master Thundering Rhino, imprisoned the other Kung Fu Masters, Ox and Croc, by threatening to use the cannon against the city and took back his palace, plotting to spread his power. It was then that Po, Shifu, and the Furious Five learned of Lord Shen's treachery and the threat of his weapon, realizing it could bring about a new style of warfare, which could mean the end of Kung Fu.

With the Council out of the way, Shen began to ransack the tower, even tossing his father's throne out the window and replacing it with his cannon (despite stating his fond memories of the throne). He then questioned the Soothsayer about his future, but she informed him that nothing had changed; he would still be defeated by "a warrior of black and white". Shen declared this to be impossible, but was quickly proven wrong when Boss Wolf returned, informing him that he had battled a panda whom, he commented, "fought like a demon". Shen, furious at this news yet determined to keep his cool, ordered Boss Wolf to bring the panda to him so he could kill Po himself and prove the Soothsayer wrong.

## Meeting Po

Later, when the panda, Po Shan, was brought before him alongside the Furious Five in handcuffs, Shen was taken aback by Po's casual behavior of not being intimidated by him or the situation. Much to the Soothsayer's surprise and Shen's amusement, it soon became clear that Po was unaware of the massacre of the pandas, and of Shen's role in it. He laughed and taunted him about his ignorance, and then ordered the Wolf Boss to fire the cannon at Po and the Five. However, Mantis quickly extinguished the fuse and knocked Boss Wolf out, which bought Viper enough time to pick the lock on Tigress' cuffs. Once they were free, the Five attacked, and Tigress and Mantis destroyed Shen's cannon.

Po lunged at Shen, but upon seeing the marks on Shen's tail feathers, was struck with a memory of his past, and realized that Shen was there the night he lost his biological parents. Shen only confirmed this with satisfaction and made use of the opportunity to escape to the Fireworks Factory, where he had several more cannons waiting. He ordered his warriors to open fire and bring the tower down with Po and the Five inside. Despite this, they managed to escape as the building collapsed.

After the following battle, Shen escapes to his cannon factory, out of the palace, and Po and the Furious Five barely manage to escape. Shen then proceeds with his plan to begin his assault on China using his cannons and expanding his empire, declaring the beginning of "the Year of the Peacock".

## Final Moments with Soothsayer

Shen later gloated to the Soothsayer that she was wrong about Po since the panda had failed to defeat him. But she only criticized Shen for destroying his ancestral home. She asked Shen if conquering China would finally satisfy him. Shen is clearly shocked, having never considered what he'll do after he succeeds in conquering China, but is quick to brush off his doubt, snarkily replying "It's a start. I might also convert the basement into a dungeon." When arguing with him failed to change his mind, the

Soothsayer tried to reason with Shen, stating that his destruction will never bring him satisfaction and begged him to stop so his parents could rest in peace. Shen insisted that his parents had hated and wronged him, but she said that they had loved him so much that they died of grief. His cold response to this news made it very clear to the Soothsayer that he was determined to follow the path of destruction. Shen then ordered his guards to set her free. Deeply saddened, the Soothsayer told him goodbye and wished him happiness as she left. Shen does not watch her leave.

## Fireworks Factory

Meanwhile, the Furious Five tried to blow up the factory with the explosives while keeping Po back at the Gongmen city prison, along with Croc and Storming Ox (who was starting to show weakness from discovering the truth of his family). However, Po sneaks into the factory to confront Shen and learn more about his past, inadvertently interfering with the Five's plan. Shen, taking Po's weakness by lying that Po's parents hated him and abandoned him, manages to shoot the panda with his cannon; sending Po out of the factory and into the river. Confident that the Panda was dead, the wicked peacock then orders his wolves to capture the Five and prepare his armada.

## Battle at Gongmen Harbor

Po is found and healed by the Soothsayer, who helps him attain inner peace and return to face Lord Shen again as he begins his assault. It was then Po realized his father defended him against the wolves from killing him, and his mother sacrificed herself to save him from Shen's wrath.

Shen has the Furious Five chained up and suspended above his ships as they sailed out of the city. But much to his shock and rage, Master Po comes back and tries to rescue his friends and defeat Shen once and for all. Shen orders his gunners to blast him, but Po nimbly moves along the rooftops, preventing them from getting a clear shot, and then jumps onto the ships to engage Shen's army, now that they couldn't fire without hitting their own men. Lord Shen could do nothing but watch as Po freed the Furious Five and joined forces with Masters Storming Ox, Croc and Shifu and a tremendous battle ensued andd the canal was eventually blocked just before the harbor, preventing the armada from progressing.

Losing his patience (as well as a huge amount of his sanity), Shen orders Boss Wolf to to fire the cannon at the blockage, not even caring their own soldiers would be killed in the blast. When Boss Wolf refused to do the deed, the wicked peacock coldly strikes him with one of his throwing knives and fires the cannon himself, knocking all the kung fu warriors away and clearing away the blockage, leaving all but Po too injured and weak to continue fighting.

However, Po, having attained his inner peace by letting his memory of his parents flow through him rather than fighting it, manages to redirect all of the cannonballs back at Lord Shen's fleet, much to the other kung fu masters' surprise. After the ships were all destroyed and the rest of Shen's army defeated, Po confronts the exhausted Shen on his ruined flagship, revealing to the peacock that he has prevented his own past from taking over his present and urges Shen to do the same thing, stating that what matters most is choosing his own future.

## Final Battle and Death

Though Shen agrees with Po of choosing his own future, he refuses to let go of his hatred. Losing what very little remains of his sanity, Shen attacks Po with his lance and knives, quickly gaining the upper hand. However, as they fight, Shen, in his blind fury, accidentally slashes through the ropes holding up the remains of his last cannon. Shen notices this too late as the heavy weapon topples over and falls towards him. While Po leaps to safety, Shen, seeing that he has finally lost, makes no attempt to get out of the way and instead accepts his fate by closing his eyes as he gets crushed to death by his own cannon and obliterated by the resulting explosion. Po narrowly escapes just as the ship blows up into splinters and sinks into the waters. Thus, the prophecy had become fulfilled.

Throughout the film, Shen had been troubled by his fear of Po stopping, even killing him. He was also troubled by the memory of how his family had banished him, refusing to accept the fact that his genocidal actions against the pandas have made them mad at him in the first place, and instead believe that they never loved him. The Soothsayer and Po both implored him to stop his actions and find peace of mind and happiness. Tragically, in his final moments, Shen did at least find peace of mind.

## Lord Shen's Wolf Army.

Shen's Wolf Army are the main antagonistic faction of DreamWorks's 22nd full-length animated feature film Kung Fu Panda 2. They are a pack of wolves that serve as Lord Shen's army, and are led by Boss Wolf, the pack's military strategist and loyal servant of Shen.

### Beginnings

These wolves once served as the royal guard of Gongmen City. But the only member of the royal family ever to befriend the wolves was Shen, the heir to Gongmen City's throne. Shen fed them, played with them, and treated them like family. The pack and their leader eventually swore their allegiance to Shen.

Shen then ordered them to attack the Panda Village to avert the prophecy that "a warrior of black and white" will defeat him. When Shen was banished by his parents for the heinous crime, the pack and their leader were banished alongside him.

### Kung Fu Panda 2

Once the wolves had completed Shen's cannon, they joined him in returning to Gongmen City. After a fight which ended with Master Thundering Rhino being killed by Shen's cannon, the wolves ended up imprisoning Masters Storming Ox and Croc.

When Po and the Furious Five arrived in Gongmen City after learning what happened to Master Thundering Rhino, they ended up running into the wolf army and fought them until their capture.

In the climax of the battle, Boss Wolf was killed when he tried to turn against Shen. Most of the wolves were killed when Shen's vessel exploded while a few escaped to an unknown fate.

### Kung Fu Panda 3

The wolves didn't make a live appearance in Kung Fu Panda 3, but it turns out that several pandas (led by Po's father Li Shan) have escaped the wolves' slaughter and have taken refuge in a village on the mountains. However, the wolves are briefly seen near the end of a recycled flashback told by Li of how he lost his family, just as Po and Li conspire together to protect the panda village from the arriving Kai and his army of Jombies.

## Fighting Style

The wolf army makes up the majority of Shen's military force. Supervising animator Rodolphe Guenoden noted how they use a non-academic fighting style, possessing the build to appear "hunched over and vicious-looking, and… attack more like brawlers, moving as a pack." All this being, they primarily use weapons to fight their battles. Many of them wield swords similar to Shen's lance or a different kind with flame-like edges, and they have a faction of archers.

The wolves' skills in battle extend beyond just weapons and fighting stance. The wolves are also notable for being deceptive, strong, savage, and using numbers to overwhelm their foes. They use howling as a means of communication and signals, allowing them to organize and remain coordinated amongst a large pack. Some or all of the wolves also seem to serve as the "stealth force" of Shen's army, as they are swift, agile, and capable of leaping great heights and running across rooftops.

## Weaponry

The wolves are known to wield a wide variety of weapons, of such consist of mainly swords, spears, and bow-and-arrow sets. Art director Tang Kheng Heng noted how "the [weapon] designs were inspired by weapons we saw in Ping Yao, where the first bank in China was created and therefore needed solid protection."

The wolves' entire armory is best notable for keeping with the film's flame motif, the curves and points of the metal reflecting the movements of fire. This was meant to serve as a constant visual reminder that the wolves were Shen's fiery force.

Clothes/Outfit

All of the wolves keep a basic, consistent look in their protective wardrobe, with only some unique features on a few wolves. The basic look consists of leather wraps along their whole upper body, variously-styled leather elbow and shoulder pads, and from the waist down wear a kilt made out of leather and/or scaled armor. Molded onto some of this armor is Shen's fiery-red "peacock eye", symbolizing the wolves' allegiance to the evil prince.

Some wolves were given a few extra layers of clothing; among one of them were metallic masks, worn to protect their face but also add to their threatening and menacing appearance. Character designer Nicolas Marlet found it "fun to play up the threat factor with all kinds of one-eyed, mohawked, masked versions of the wolves," but was found challenging to the animators. This was because "[the masks] are crafted out of metal yet required rigging to allow expression to some extent," explained character technical direction supervisor Martin Costello. In the end, the animators were less rigid about implementing individual facial expressions because they wanted to maintain the "packness" of the army.

Other unique additions made to the wolves' armor were strands of rope, which some had tied around their waist and/or arms presumably to help secure their armor.

---

We gasped in sheer horror. We were shocked because we had found out that Lord Shen was much worse than what we had originally thought. It was a terrible sight and it was enough to make our blood boil.

Me: That monster!

Nico: Lord Shen is a monster from the fire of hell.

Naruto: What a beast.

Fu: He deserves to die.

Lincoln: He sure does.

Laney: I can't believe he's that dangerous.

Paige: He will pay for his crimes in blood.

Me: He sure will. Lets head to the simulator and make that bird a fried duck.

Everyone: YEAH!

We went to the simulator.

* * *

We were in the Simulator and we got ready.

Nick F.: This is gonna be interesting.

Lori J.: It sure is. We're gonna make that buzzard pay for his crimes.

Me: You said it Lori. That chicken is gonna pay the ultimate price.

The Simulator activated and we found ourselves in ancient China.

Me: Here we are guys. We're in Gongmen City.

Laney: It's amazing.

Nico: Wow. It's so pretty.

Paige: It sure is.

May: I sense that Lord Shen has captured the Kung Fu Masters.

We then saw the Wolf Bandits fighting the people.

Me: Lets go!

We went at the Wolf Bandits and I swooped in and kicked one in the face and sent him crashing into the wall.

Maria: We don't wanna kill you. But we will.

Boss Wolf: You'll never get the chance again.

Boss Wolf threw a smoke bomb to the ground and when the smoke cleared, he and his minions were gone.

Me: They're not gonna get far. Lets go!

We went after them and we found out that Shen had also capture masters Croc and Ox and the Furious 5.

Croc: Thank goodness you all came.

Me: We'll have you out of there in a sec.

Croc: Shen's not alone. In addition to those wolves, he had some guy who looked like a combination between a magician and a carpet.

Me: Magician and a carpet?

?: He means me!

We turned and we saw ABRAKADANGER from episode 18 of Ninja Steel!

---

This monster was introduced by Cosmo Royale, claiming himself to be a powerful magician. To prove it, he turns two Kudabots into balloons much to Cosmo's amazement, proclaiming himself to be more skilled than the Blue Ranger. He then goes to Earth to challenge the Rangers, sending Levi flying acrosd the country. As the battle intensifies, Brody attempts to use the Lion Fire Armor, but Abrakadanger casts a spell Preston fails to block, which turns Brody, Calvin, and Sarah into toys. Just as he is about to attack Preston, Hayley (currently invisible) uses a flower pot to distract him. This gives Preston the needed time to levitate the monster's staff away and escape with his friends. Upon finding his staff, Abrakadanger, and some Basherbots, attack at Oak Hill Plaza. To his surprise, he finds the five Rangers had returned to normal. The Rangers took on the monsters and Abrakadanger is finished off by Brody's Super Slash Final Attack, with the aid of Preston's Magic Dragon Spell. However, this wasn't the end, as the wizard is gigantified and attacks the Rangers, fleeing on his broomstick. In order to combat him, they summon the Ninja Steel Zords and form the Ninja Steel Megazord Dragon Formation. Unfortunately, the Megazord is eventually turned to stone. Just as it seems all hope is lost, Levi returns riding his Bull Rider Zords and uses to the robo riders lasso to steal the monster's staff. The Rangers then join him in the bull rider Megazord and finish off the magician with the Rodeo Rapid Fire Final Attack.

---

Preston Tien: Abrakadanger!

Abrakadanger: I see you remember me Blue Ranger. I'm flattered.

Me: I remember this guy! He challenged you all when Preston's spell backfired.

Brody Romero: That's right and he turned me, Sarah and Calvin into toys.

Levi: And sent me flying across the country.

Abrakadanger: I can tell that you've been watching us on TV. You sure know your stuff J.D.

Me: We have to know our enemy when it comes to a good fight.

Abrakadanger then used his magic to turn me into a balloon.

Abrakadanger: How does it feel to be helpless, Knudson? Because that's how all those villains felt right before you killed them!

Me: Nice try Abrakadanger.

Abrakadanger: What!?

The cloud of dust cleared and it showed that I was untouched and unchanged.

Me: We're now completely impervious to magic like dragons.

Orion: Time for magic trick of our own. We're going to make you disappear!

Megaforce Rangers: Legendary Ranger Mode: Time Force!

The Megaforce Rangers turned into the Time Force Rangers!

The Megaforce Rangers fired lasers and blasters at him and I fired an energy blast at him and they destroyed him in a powerful explosion.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: That takes care of him.

?: Very impressive you fools. It'll be perfect when I give you all a good funeral.

Me: Oh shit on me sideways. I haven't heard that voice in 150,000 years.

A figure came out and it was RAIGA KUROSUKI - The Thunder of the Mist!

---

Raiga Kurosuki (in Japanese: 黒鋤雷牙, Kurosuki Raiga) is an antagonist from Naruto. He was first seen in the anime exclusive Kurosaki Family Removal arc and later made canon in the manga.

Sometime before the story, Raiga took up the twin pointed swords Kiba and became a member of the Seven Ninja Swordsmen of the Mist yet despised them. After the Third Shinobi World War, he and his goons ambushed Might Guy, Ebisu and Genma Shiranui and seemed to corner them until Might Duy heroically sacrificed himself with Eight Gates Released Formation, beating Raiga.

In the anime, it was extended so that the action cost the lives of four members of Raiga's group. Years after the incident, he would work as ANBU for his village search for a spy in Kirigakure. Raiga met with Ranmaru who would become his additional eyes and ears in exchange for protection. Ranmaru was the only boy who Raiga cared about. Sometime after leaving his village, he enslaved a mining town and formed the Kurosuki Family, including with Karashi. If their enforced laws were broken, the "accused" would be buried alive.

In the present, Raiga is first seen giving a crocodile-tearful funeral for one of his victims. When he found out Rokusuke had warned Konoha of his misdeeds, Raiga tries to bury him alive until Naruto's team saves him. He has also spotted Karashi having a friendly meeting with Rock Lee. In the chaos, Raiga confuses them with the Hiding in Mist Technique, but Rock Lee fought whilst unconscious. After one of Raiga's bag concealing Ranmaru is knocked off, he is seemingly defeated by Naruto's Rasengan.

Karashi later leads Ranmaru to Raiga's site and revive him. Raiga easily beats Tenten then demands that Karashi bring Naruto and his party to him lest he and his mother die. The lightning swordsman continues to dominate using a thunderstorm until Tenten and Karashi fed Naruto's group the Curry of Life. Ranmaru then tells his caretaker that the enemy is dead and tries to lead him off a cliff. Rock Lee, drunken by his affected curry strikes and is blown back by Raiga. The lightning swordsman blames Ranmaru for abandoning him and is soon blown off the cliff by Naruto.

In his final moments, Raiga calls for the lightning to give him a "funeral worth remembering" and it kills him instantly.

---

Me: Raiga Kurosuki!

Raiga: Its been a while J.D.

Me: I thought I was rid of you for good when I killed you and sent you off to Hell.

Raiga: Now I'm back and now I'm here to give you a funeral.

Me: You haven't changed at all Raiga. You're still just as screwed up as you were when I killed your fucking ass.

Qin: Who is he?

Me: That's Raiga Kurosuki. He was originally one of the 7 Ninja Swordsman of the Mist - the Hidden Mist's elite soldiers that have powerful swords that were passed down from generation to generation, and he wielded the Kiba Swords. His power over lightning was so strong that it gave him the moniker, the Thunder of the Mist. He was a rogue ninja that formed an evil band of bandits called the Kurosuki family and they ran the magistrate out of town. He and the gang took over the Land of Rivers and ruled over it with an iron fist and he started killing people left and right by giving them funerals and burying them alive. But in the end, we killed him.

Qin gasped.

Raiga: That's right J.D. and I've never forgiven you for killing me. You sent me to hell!

Me: And I'm about to send you to a place far worse: Being erased from existence forever. But not in here. Lets head out onto the water so that we can avoid damaging the city and hurting people.

Raiga: Very wise idea.

Me: You guys stay here and fight Shen. This is between me and Raiga.

Nico: Okay. Be careful J.D.

Me: Will do.

We went out onto the ocean and we were standing on the surface of the water.

---

Battle 1: Raiga Kurosuki.

---

I was facing Raiga.

Me: I don't understand you Raiga. What did you hope to accomplish by killing all of those people in the mines?

Raiga: To get the gold there.

Me: That still doesn't give you the right to torture and kill innocent people. You are just as fucked up as Gato was when I killed him. Also I bet you would love to get your hands on Kisame Hoshigaki.

Raiga: Kisame! I can't stand that low life! Next time I see him, he'll get a funeral for sure!

Me: I'm afraid you're too late for that. When the 4th Great War broke out, Kisame sacrificed himself to save me from one of Obito Uchiha's blasts. I respect Kisame. If you want Kisame so bad, you can see him yourself when I send you back to hell.

Raiga: Then I will send you to where he is!

Me: I don't think so. And for the record, I'm far more powerful than what I was before when I faced you the last time.

I then flared up my Rainbow Aura and I went Super Angel-Ebonwu 100,000 Elemental Phoenix.

Raiga: What the!? What is this power!?

Me: (Divine Voice) **You're about to see for yourself right now Raiga. I easily overwhelmed Orochimaru, Pain and other powerful foes with this power. Now you are gonna see what I can do to you.**

Raiga: We'll see.

I went at Raiga and kicked him in the face and he skidded on the water. He stopped and he had his swords ready.

Raiga: NINJA ART: LIGHTNING FANG!

By drawing together his twin swords, Raiga can send an electrical essence into the clouds, allowing him to create lightning strikes in any desired location.

I sensed the lightning about to hit me and I grabbed the lightning and formed it into a Sword of lightning.

Me: **LIGHTNING STYLE: SHOCK BLADE!**

We went at each other and I clashed with his swords and massive sparks were flying all over the place and setting some of the land on fire. I kicked him in the face and sent him flying and he stopped.

Raiga: NINJA ART: LIGHTNING BALL!

The user creates spheres of electrical energy and launches them at the enemy. When they make contact with the enemy, the spheres electrocute them and throw them back. This technique can also be used in rapid succession or fire multiple balls at once.

Me: **LIGHTNING STYLE NINJA ART: SATURNIAN MEGALIGHTNING BLAST!**

I fired a massive blast of Saturn Lightning and it hit the Lightning Ball and exploded with incredible power!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion blew most of the boats carrying the Firework cannons apart.

Raiga: CURSE YOU!

I flipped the bird at him.

Raiga: NINJA ART: THUNDER DRAGON TORNADO!

Drawing his two swords together, Raiga will raise them into the air and draw lightning down upon his body. The current will be contained within and around Raiga's form. He will then begin to spin in place forming a whirling vortex of wind and electricity. The vortex will take on the form of a dragon's head and will cover the area in front of him. It will then strike out against his opponent and painfully trap them in the vortex. Even if the attack doesn't directly connect with his foe, the lightning can jump from the vortex to hit a nearby target.

Me: **LIGHTNING STYLE: THUNDER FUNERAL DRAGON!**

I fired three powerful blasts of lightning and it turned into a massively powerful dragon of lightning and it hit Raiga's lightning dragon and exploded with incredible power!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion from the blast destroyed the rest of the boats.

Me: **Now it's my turn. ATOMIC STYLE NINJA ART: ATOMIC SHARK FIRESTORM!**

I fired an immense blast of fire and it turned into a powerful radioactive shark that was glowing red and emitting far more powerful levels of Gamma Radiation that is stronger than uranium or plutonium and it went at Raiga. He ran fast, but there was no escape. The shark grabbed him and burned him and then exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion sent Raiga crashing into the land and he got up and he was badly burned all over the place and he had nasty 3rd degree burns all over his entire body.

I went up to him and he tried to get up.

Me: **You brought all this on yourself Raiga. This is what you get for killing all of those innocent people. You are never gonna be welcome here on this planet, the Land of Water or any part of the afterlife for that matter.**

His swords were stuck in the roof of one of the buildings and he was too weak to get up. I held up my hand to him.

Me: **HAKAI!**

Raiga then glowed purple and he was being obliterated as he was screaming in pain. Raiga Kurosuki, former member of the 7 Ninja Swordsman of the Mist and one of my most formidable enemies, was now erased from existence forever like he was never born at all.

Me: **Never again Raiga. Never again.**

I went and got the Kiba Swords and decided to keep them as a trophy.

Me: **Now to take care of Shen.**

I went over and helped everyone else.

---

Battle 2: Lord Shen!

---

Back in the middle of the city, we were facing LORD SHEN.

Me: **It's over Shen. You've lost.**

Shen: I will never accept defeat! I will find a way to win no matter what!

Po: You gotta let go of that stuff from the past, 'cause it just doesn't matter! The only thing that matters is what you choose to be now.

William: Po, I don't think-

Shen: You're right. Then I choose THIS!

That's when Shen turns into a Heartless.

He turned into a giant black version of himself. He was now a heartless called The Vengeful Peafowl.

Me: **Oh fuck me sideways.**

Naruto cut the Furious 5 and the Kung Fu masters free!

Me: **Lets finish this turkey!**

Nico: With pleasure!

We powered up and went at him and I punched him in the face and kicked him in the stomach.

Me: **EXPLOSION STYLE: EXPLOSIVE RAIN OF ARROWS!**

I fired a blast of energy into the air and it turned into a massive blizzard of arrows that rained down on Shen and they all hit him and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOMMMMMMM! KRABBBBBBOOOOOOOOOOOOOOOOOOOOMMMMM! KRABBBOOOOOMMM! KRABOOOOOOOOOMMMMMM! KRABBBBOOOOOOMMMM! KRABBBBBOOOOOOOOOOOOMMMM! KRABBBBBBOOOOOOOOOOOOOOOMMMMM! KRABBBOOOOOOOOOOOOOOOOMMMMM! KRABBBBOOOOOOOOOOOOOOOOOOOOOMMMM! KRABBBBBBOOOOOOMMMMM!

Lincoln fired a powerful blast of lightning and electrocuted him all over.

Lincoln: LIGHTNING STYLE: THUNDERSTORM RASENSHURIKEN!

Lincoln formed a powerful purple rasenshuriken with a yellow core and it had lightning all over it and Lincoln threw it and it hit Shen and exploded with incredible power!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: **NIGHTMARE STYLE NINJA ART: FIREBALL STORM OF CTHUGHA!**

I formed a massive storm above Shen and it rained down powerful screaming fireballs that hit him all over and exploded.

KRABBBBBOOOOOOOOOMMMM! KRABBBBOOOOOOMMMM! KRABBBBOOOOOOOOOOOOOOOMMMM! KRABBBBBOOOOOOOOOOOOOOOOOOOOOMMMM! KRABBBBOOOOOOOOOOOOOOOOOOMMMMMM!

Clyde: I've had it with this monster! DECAY STYLE NINJA ART: 10 PLAGUES OF EGYPT!

Clyde fired a powerful wave of energy at a fountain and it unleashed the most destructive plagues that ever destroyed all of Egypt back during the Book of Exodus in the Bible:

The Plague of Blood

The Plague of Frogs

The Plague of Lice

The Plague of Flies

The Plague upon The Livestock

The Plague of Fire and Hail

The Plague of Boils and Sores

The Plague of Locusts

The Plague of Darkness

and the Plague Upon the Firstborn

The plague of blood burned him all over and the frogs exploded all over him, the lice covered him and burned him and exploded, the Flies burned him and the livestock went at him and rammed him and exploded. Fireballs rained down from the sky and hit him all over and exploded. Boils and sores appeared all over him and exploded all over. Locusts appeared and chomped on him all over. Darkness covered him and blinded him and the plague upon the firstborn was killing him on the inside very slowly.

Lucy Loud: This is for ruining the spirit of Kung Fu! VOODOO STYLE: VOODOO SPIRIT BARRAGE!

Lucy summoned the voodoo spirits and they hit Shen all over and exploded.

KRABBBBOOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOMMM!

KRABBBBOOOOOOOOOOOOOOOOOOMMM!

Paige: I will never forgive you for your crimes Shen! PHOENIX STYLE NINJA ART: PHOENIX FLARE BALLS!

Paige fired a powerful barrage of fireballs and they hit Shen all over and exploded.

KRABBBBOOOOOOOOOOMMM! KRABBBBOOOOOOOMMMM! KRABBBOOOOOOOOOOMMMMM! KRABBBOOOOOMMM! KRABBBOOOOOOOOOOOOOMMM! KRABBBBOOOOOOOOOOOOOOOOOMMM!

Me: **Lets finish this clod for good!**

Skydive: With pleasure boss! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and it enhanced his laser-guided missiles 100-fold.

Rukia: You will never mess with the world of Kung Fu again! SHINIGAMI CYBER KEY POWER!

The Shinigami Cyber Planet Key went into Rukia's right arm device and enhanced her Shinigami powers 100-fold.

Skydive and Rukia: SHINIGAMI MISSILE FIRESTORM!

Skydive fired a powerful barrage of missiles and Rukia fired a powerful blast of energy and the blasts hit Shen all over and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ben: Time for some speed power!

Ben then turned into a new ultimate alien! He turned into ULTIMATE XLR8! His body turned silver and he had powerful wheels for feet with powerful green fire around them and he had green fire around his claws and on his head and he had glowing arms and a glowing tail.

Ben: ULTIMATE XLR8!

Me: **Whoa! An Evolved Kineceleran!**

Riley: Wow! This is so cool!

Shanan: I've seen some of them before. They now can run at 15,000 miles per hour and they can run at hypersonic speeds with incredible strength as well. And they also have the ability to fire green fire from their hands and even set the road on fire.

Nico: Whoa! That it incredible!

Lincoln: Amazing!

Paige: Wow! So awesome!

Ultimate XLR8: Lets see what it can do.

Ultimate XLR8 took off at incredible speed and set much of the area on fire with incredible speed and he punched Shen all over and burned him with incredible speed!

Me: **Unbelievable! His speed is amazing!**

Riley: Wow! I can't even keep up with him!

Lynn: Whoa! That is so awesome!

Lori: That is literally the fastest I've ever seen!

Leni: Totes Cray Cray!

Skywarp: No kidding. CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his heat seeking missiles 100-fold.

Mewtwo: Time for some of my psychic power! POKEMON CYBER KEY POWER!

The Pokemon Cyber Planet Key went into his right arm device and enhanced his psychic powers 100-fold.

Skywarp and Mewtwo: PSYCHIC MISSILE BARRAGE!

Mewtwo fired a powerful blast of psychic energy and Skywarp fired a powerful barrage of missiles and they hit Shen all over and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMM

Me: **Time to finish this clod off once and for all.**

Master Shifu: I couldn't agree more J.D.

Me: (Kung Fu Bow) **Show no mercy master Shifu.**

Master Shifu: With pleasure J.D. and thank you for having Laney teach with us.

Me: **It was my pleasure master.**

Master Shifu: You are never gonna take away our Kung Fu, Shen! JADE DRAGON WIND BLAST!

Master Shifu spun around really fast and stopped and fired a powerful Thundering Wind Hammer blast and it turned into a powerful emerald dragon and it hit Shen and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Po: No one is going to take Kung Fu away as long as the Dragon Warrior is around! POWER OF THE DRAGON WARRIOR!

Po fired a powerful blast of energy and it turned into a deadly dragon and it slammed into Shen and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Crane: Time for the power of the Crane! CRANE WINGS OF JUSTICE!

Crane fired a powerful blade of energy from his wings and they slashed Shen's Tail Feathers off.

Viper: Feel the Venom of the Snake! VIPER FIRE MEGABLAST!

Viper fired a powerful blast of fire from her mouth and it hit Shen all over and burned him.

Mantis: Feel the Swiftness of the Mantis! MANTIS SLASH OF RIGHTEOUSNESS!

Mantis went at Shen and slashed his eyes out and Shen's eyes exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Tigress: Feel the Strength of the Tiger! TIGER CLAW OF STRENGTH!

Tigress had her hands glow with intense fire and she slashed Shen all over and burned him.

Monkey: Feel the swiftness and cunning of the Monkey! MONKEY FRUIT OF DILIGENCE!

Monkey threw powerful fruit at Shen and they hit him and exploded all over.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Paige: You will never torment the world of Kung Fu again Shen! FURY OF THE PHOENIX ANGEL!

Paige formed a powerful sword of pure fire and spread powerful wings of pure fire as a massive phoenix appeared behind her and screeched and her eyes glowed with intensely powerful fire! She flew at Shen and she then slashed him in half and he exploded with incredible power!

KRRRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Shen was obliterated in an instant as he was reduced to a pile of burning embers.

Nico: That did it!

I powered down.

Me: We won again!

We cheered wildly and everyone came and cheered wildly for all of us.

Nico: Lord Shen, you have failed this universe.

Po: J.D. that was AWESOME!

Me: It sure was Po. It was awesome helping in defeating Shen. But at least we'll never see his ugly face ever again.

Paige: Yep. Good riddance.

Me: Yep.

Po: (To the viewers) Never become like Lord Shen. He was hated by everyone.

Me: He sure was Po.

Then the Soothsayer came.

Soothsayer: Thank you all so much for defeating Shen.

Me: You're welcome. Team Loud Phoenix Storm will never abandon anyone in need. As long as evil exists in this world and across this universe, we are only ones who can stop it and bring hope.

Soothsayer: You all are a very powerful force that no form of Kung Fu can catch up too. We all are forever in your debt J.D. and all of Team Loud Phoenix Storm.

Everyone gave the Kung Fu bow to us and we did the same to them.

Paige: Shen might be dead now but we should still keep the feathers that he left behind.

Me: We sure can. A trophy is always a good way to show our victory.

Then we heard what sounded like clown laughter and out came ZOMBO THE GHOST CLOWN!

Joey was in charge of Jipner's Joyland and dressed up as the clown ghost to scare his brothers and sisters away so he could improve the park and own it alone.

* * *

Velma screamed in fear and jumped into my arms.

Velma: IT'S ZOMBO!

Nico: What's wrong with Velma?

Me: Oh that's right. You guys don't know about this. Velma is absolutely terrified of clowns. She has what's called Coulrophobia, the Fear of Clowns. She has been terrified of clowns ever since her parents hired a clown with a real paper shredder at her birthday party back when we were kids. It scarred her for life and made her afraid of clowns ever since.

Qin: Geez! But what is Zombo's history?

Me: He was really the owner of popular amusement park Jipner's Joyland Joey Jipner. He dressed up as Zombo to scare off his brothers and sisters so that he could improve the park and run it alone to make a lot of money.

Qin: That's nuts.

Me: It is. Joey Jipner got 15 to 30 years in prison and ordered to pay $35,000,000 in restitution to his brothers and sisters.

Qin: And he got life right?

Me: Nope. He was beaten to death by fellow inmates.

Qin: Good riddance.

Rachel S.D.: Yep.

Luan: I'll handle this clown freak!

Luan fired a powerful blast of light and vaporized Zombo.

Me: That takes care of him.

We later went home and we built a portal that would take us to the world of Kung Fu Panda whenever needed.

THE END

# NIGHT OF THE BROWNIE LIVING DEAD

In the mall, Riku and Kairi were going shopping. They had been to several stores and gotten all kinds of awesome stuff. But then something happened earlier that caused them to get knocked out. They were sprayed with a strange gas and it knocked them out.

Riku and Kairi recover from being sprayed from out of nowhere.

Kairi: Are you ok, Riku?

Riku: I'm fine, Kairi. (realizes something) Wait. Before we left the estate, did I remember to turn the stove off?

Kairi (realizes something): Wait. Did I remember to lock the door to the estate?

Riku: Let's head back for now.

Kairi: Good idea.

They went back to the estate.

Back at the estate, we were watching TV and playing card games.

Kairi and Riku came in.

Me: Oh hey guys. Have a nice shopping trip at the mall?

Kairi: Yeah we did. Did we leave the stove on and forget to lock the door?

Lori: I turned off the stove and locked it. Why?

Riku: We were just checking.

Tommy Oliver: You two ok?

Kairi: No, we're not! We're worried about Sora. He's been acting weird and going to places that we don't know about.

Riku: Wait. What if one of Vypra's monsters has him under a spell or something?!

Kairi: That's it. It has to be! That's why he's been acting weird. What are we gonna do?

Me: Whoa whoa whoa whoa whoa. Lets calm down and think this over.

Nico: Tell you what? Tomorrow morning, we'll follow Sora without him spotting us and see what we can find.

Kairi: Okay.

---

French Narrator: (French Accent) Tomorrow Morning.

---

In our hiding spots, we see Sora talking to a lady.

Kairi: Sora's making chitchat with that lady. (eyes widen) Could it be?! It start just as chitchat but then… they totally have chemistry?! And then they end up dating… and get eloped?! They have one boy and one girl, but then… she turns bitter with age, and they divorce. He ends up losing most of his money in the split, and doesn't get any visitation rights. So he lives his golden years out, sad and lonely! (worried) Oh, I'm so worried!

Killer Frost: I'm surprised you managed to say all of that without getting jealous.

Me: Shh. I don't think they're eloping. Lets just follow him.

We then followed him to a restaurant.

In a restaurant, from our table, we saw Sora eating lunch alone.

He was having a good steak and we were having Chicken Wings.

Riku: Sora's eating lunch alone? (eyes widen) Could it be?! The steak he's eating is so good, he can't stop scarfing it down. And after praising the manager, he ends up devouring everything on the menu. And then his swollen belly collides with a woodpecker that flies in from out of nowhere! Then stomach explodes, killing him?! (worried) I'm so worried!

Me: Riku, will you just calm down?

Aqua: Sora is not a pig.

Joe Kido: It's not like you to get this worried.

Gomamon: Hey, Riku. If you're not going to eat that chicken wing, can I have it?

Outside of a bookstore, we saw Sora looking for a book.

Riku and Kairi: Sora's looking for a book? (eyes widen)

Kairi: Maybe then, he goes to reach for the same book as someone else, tries to apologize, but then it ends up being with that lady that he split with?!

Riku: But then, the ex-wife lookalike turns out to be a sniper working for a crime syndicate!

Kairi: Sora ends up on the run, managing to barely avoid being hunted down by the lady.

Riku: But then he overeats from stress, his stomach swells up, a woodpecker suddenly flies in, collides with it, his stomach explodes, and he dies!

Kairi and Riku: (worried) I'm so worried!

Sinnertwin: Are you two alright?

Me: Something got to them all of a sudden.

Varie: I don't think I've ever seen them so paranoid.

Brooke: Yeah and usually I'm the one that's paranoid.

We continued to follow him and we lost him.

Riku: Damn it! We just lost him!

Poromon: (flies towards us) Guys, we've got big trouble!

Riku: (takes out Keyblade) The woodpecker!

Kairi: (takes out Keyblade) How dare you kill Sora!

Poromon: What the heck's wrong with you guys? It's me!

Maria: (stops them) Calm down, both of you!

Streetwise: What is it, Poromon?

Poromon: Follow me! Something big's going down!

We followed him and we saw a mutant destroying cars all over. It was STEELIX from episode 26 of Time Force!

---

Steelix, like all other mutants, was created in the result of the chemical accident. He was extremely intelligent and, because of his talents, he was hired by Time Force organization. He became Jen's first partner in Time Force. After some time, he betrayed Time Force and started to sell top secret information of time force to Ransik. When Jen found out, she and other officers arrested Steelix and freezed him in the Cryo-Prison. But he promised to get revenge on Jen. In the twenty-sixth episode Ransik released Steelix and ordered Steelix to destroy the rangers. First Steelix watched the rangers and then he attacked Jen at night. He revealed himself to Jen and stole her morpher. Then he tricked Jen and made her go to the old factory. Steelix easily defeated Jen and used a speacial gas against her. When the other rangers came, Steelix ran to the city. Trip, Katie and Lucas went to fight Steelix and Wes left with Jen. Hypnotized by gas of Steelix, Jen attacked Wes. Wes finally freed Jen from the effect of Steelix's gas. In the city, Steelix easily defeated the rangers with his laser gun and was ready to destroy them. Then Wes and Jen joined the battle. Steelix was ready to fight all rangers, but Eric arrived and Steelix summoned cyclobotes.

While other rangers fought cyclobotes, Jen fought singly with Steelix. The Pink ranger finally defeated the traitor, by using all her power. Steelix was nearly defeated, but he removed chain of his DNA and enlarged himself. In the giant battle, Steelix fought with Shadow Force Megazord and Quantasaurus Rex. The villain nearly won, but the rangers combined their attacks and finally frozen as a traitor with Time Target attack.

---

Jen Scotts: Steelix!

Steelix: Long time no see Jen.

Me: I remember this guy! He was a member of the Time Force that turned Traitor and he vowed to get revenge on you Jen!

Jen Scotts: That's right J.D. And it was a mistake letting him be a Time Force.

Riku: Steelix! Undo whatever spell you cast on Sora, now!

Kairi: If you make him suffer anymore, you'll have to deal with us!

Sora: Who did what to me now?

We turn to see Sora walking towards us, compeltely unharmed.

Kairi: Sora! Are you ok?!

Sora: Of course I am. Hot Shot told me what was going on and droe me to where you guys were. (Kairi hugs him)

Kairi (smacks his shoulder): Oh, you big stupid dummy! We were super worried about you!

Riku (hugs Sora's stomach): Your stomach! I thought a woodpecker was going to collide with it, and just… so, so worried!

Sora: (confused) Woodpecker? What are you talking about?

Trip: I see. It wasn't Sora that Steelix affected. It was Riku and Kairi.

Steelix: So you finally noticed! I knew my previous gas wouldn't turn you all evil now. So, I made a new gas that amplifies the worries of someone to the point of absurdity!

Me: So you turned Kairi and Riku into a couple of worrywarts!

Steelix: That's right!

Then I smelled something really foul in the air.

Me: EW! What is that disgusting smell!? Lori!?

Lori: It's not me! It was my shoe!

Lisa: That malodorous odor is not coming from our firstborn eldest sister.

Laney: It must be from Ed.

Ed: Not I Laney.

Me: If it's not you guys, then where is it coming from?

Lincoln: (Gasp) And look what that smell brought with it!

We saw a massive horde of ZOMBIES!

Everyone: ZOMBIES! (SCREAM!)

Zombies: (Groaning) BROWNIES. BROWNIES.

Nico: They're saying Brownies.

Then we saw an awesome man with a red hair mullet and he had a wicked cool arm and he was punching and kicking a bunch of zombies. He then punched Steelix and sent him crashing into a fire hydrant.

Hoss Delgado: Hello there. I'm Hoss Delgado.

Me: Whoa! I've heard about you. You are the greatest spectral exterminator of all time.

Nico: Awesome!

Me: It's a pleasure to meet you.

Sora: Man, I can't believe you two actually thought something bad happened to me.

Eric Meyers: Me neither. But, the two of them being worried about you led them to not fighting. My guess is that they've been concerned about your strange behavior lately.

Sora: (in his head) Did I really worry them that much?

Hoss Delgado: Not to mention, even if they were under an enemy spell, for them to care so much… (chuckles) It's making me a bit jealous.

Steelix: (gets our attention) Now, it's time for me to finish what I started! (to Jen Scotts) Starting with you, Jen!

Sora: (smiles at Riku and Kairi) Riku. Kairi. Thanks for worrying about me.

Riku and Kairi smiled at this.

Sora: Now, let's take Steelix and the zombies down together!

Me: Lets get them!

Troy: Let's send these zombies back to their graves!

Megaforce Rangers: Legendary Ranger Mode: Nova Flashteam!

The Megaforce Rangers turned into the Flashman from 1987.

Me: I have a feeling I know who called forth these zombies. Follow me!

We went over to Billy's house.

Steelix: There's no escape from me!

Over in the Endsville part of Gotham Royal York, a woman was screaming in fright.

News reporter: That's what people are screaming on the streets of Gotham Royal York as zombies roam downtown, with blatant disregard for the laws of nature.

A zombie bumps into his cameraman. A traffic light changes green and the zombies walk in front of cars.

News Reporter: And absolutely no respect for the rules of the road.

In a meat truck, the meat came alive and busted out.

News Reporter: Yes indeed folks! Anything that has once passed away appears to be walking around!

A dead moose that hunters killed and tied to a car comes alive and snorts at them.

News Reporter: Something is bringing the dead back to life all around the world!

The malodorous odor that we smelled earlier is spreading around the globe!

---

PARIS, FRANCE

---

News Reporter: On the streets of Paris!

The smell was in Paris.

French man: (French Accent) Ho hoho. Ze excellent legs of ze frog.

A frog leg came alive and kicked him in the face and they got up and ran.

---

THE OCEAN FLOOR

---

News Reporter: From the depths of the ocean.

The malodorous smell entered the oceans and brought a bunch of sunk pirate ships and a bunch of navy ships lost to us in many wars to the surface as if they were never sunk and they came to us.

---

In the airports around the world, the zombies were taking flights to Gotham Royal York. Thousands of planes, buses and cars were crammed full of zombies and they were converging all on Gotham Royal York!

News Reporter: To the great skies above! The zombies are coming, but where are they going? And more importantly, will Team Loud Phoenix Storm be able to stop them!?

At Billy's house, he was gonna kick some zombie butt with a stick.

Billy: All right you deadbeat zombies! Taste this!

He had a stick ready.

BANG!

A gun blast blew a zombie's head in half and it fell to the ground and an energy blast blew a zombie apart in a fiery explosion.

KRABOOOOMMM!

Billy: Hee!

A gun cock was heard and Billy saw us.

We were there.

Hoss Delgado: I smell evil!

Me: And we're here to exterminate it!

Mandy: Wow! Thank goodness you all came!

Grim: (Jamaican Accent) Thank goodness mon.

Me: Lets kick some zombie butt!

We powered up and went at the zombies.

Me: No way are these zombies getting our brains!

I fired a blast of energy at a bunch of zombies and blew them apart in a fiery explosion! Lola fired a powerful blast of fire and burned many zombies. Lincoln fired a powerful blast of lightning and electrocuted them all over and Laney fired a massive shower of wind of blew many zombies away with wind and shredded them apart and Lana fired powerful blasts of ice and froze them and Lucy fired powerful blasts of black lightning and reduced many of them to ash. Killer Frost froze a bunch of zombies in ice and Francis incinerated many zombies. Teresa blasted many zombies with sonic blasts and Venom and Scream were slashing them apart with their Symbiote powers and ripping them in half. The Transformers were blasting them apart all over with their weapons and abilities. Max and the Flock girls were tearing a bunch of zombies apart with their speed and strength. Varie fired massive blasts of water and drenched them all over and Aylene fired powerful blasts of fire and incinerated them. Will Vandom fired powerful blasts of lightning and electrocuted them all over. Irma fired powerful blasts of water and drenched them and Taranee fired powerful blasts of fire and incinerated them all. Cornelia fired powerful earth blasts and crushed them into pulp and Hay Lin fired powerful blasts of wind and destroyed them in the air. Megan fired powerful blasts of star energy and blew them apart and I fired powerful blasts of lightning and electrocuted many zombies and Elyon fired powerful time blasts and disintegrated them into dust. Linka fired powerful blasts of lightning and electrocuted many zombies and turned them into dust and Girl Jordan fired powerful blasts of water and drenched them. Riley and Sam Manson fired powerful leaf storms and shredded many zombies apart and Danny Phantom fired powerful energy blasts and blew them apart and Tucker and Valerie blasted them apart with powerful weaponry. The Justice League and Avengers were blasting the zombies all over apart. Brian threw numerous molotov cocktails and burned the zombies all over and Stewie blasted them all over with his ray guns and more. The Power Rangers were hitting them all with powerful energy blasts and their weapons and they were really blowing them apart all over the place. Clyde blasted a lot of zombies with his time powers and disintegrated many of them into dust and Syd Chang slashed many of them with her plant powers and Ronnie Anne fired powerful blasts of fireworks and burned them all over. Paige fired a powerful blast of fire and burned many zombies and Maggie fired powerful blasts of black fire and burned them. Haiku fired powerful murders of crows at the zombies and they hit the zombies and exploded and Zach fired powerful blasts of fire and Liam fired powerful blasts of lightning and snow and Carmen fired powerful blasts of fire and they destroyed many zombies. Also Maria and William fired powerful blasts of lightning and water and electrocuted a bunch of zombies all over.

Luna: Hey bro! Time to call in the special forces!

Lincoln: You know it Luna!

Luna and Lincoln put on brown rings with an R on them.

Luna and Lincoln: IT'S RIPPING TIME!

A portal opened and out came the Ripping Friends!

Rip: Whoa! Looks like we got here just in time fellas!

Chunk: No kidding!

Slab: I hate zombies!

Crag: Either way, we got to help out!

Luna: Hey fellas!

Chunk: Good to see you guys.

Lincoln: Lets rip them apart!

Rip: Took the words right out of my mouth Lincoln.

Crag: Come on fellas!

Luna, Lincoln and the Ripping Friends: IT'S RIPPING TIME!

They put their rings together and got a massive energy boost and they went at the zombies. Crag grabbed a zombie and ripped him in half and punched one in the face and ripped its body in half and Slab kicked a zombie and it was ripped in half and he punched it and ripped it apart. Chunk headbutted a zombie with incredible force and smashed it and Rip tore a bunch of zombies apart with his bare hands and Lincoln and Luna blasted the zombies with lightning and water and destroyed many of them all over.

Hoss Delgado was demonstrating his awesome hand. It was light an awesome Swiss Army hand. He demonstrated the following tools:

A steel punching/normal hand

An ectoplasm cannon

A chainsaw (that can be fired from a crossbow if needed)

A laser blaster

A lightsaber (two versions; one red, and a dual bladed purple version)

An imaginary hammer

A large metal nose (for detecting things)

A box of tic tacs

A cannon

A grenade launcher

A machine gun

A taser

A spork

A banana (also used in nunchuck form)

A mace (the mace's spiked ball may also be used as a bomb)

A hammer

A net launcher

and so much more.

Me: Boy that is a really cool hand!

Hoss Delgado: Why thank you.

Me: That is the ultimate Swiss Army Knife.

Hoss Delgado: It is nifty huh?

Ben: Lets show them some ultimate power!

Ben then turned into a new ultimate alien! It was ULTIMATE BLOXX! He looked more humanoid but made of blocks and he had a huge build and muscular physique.

Ben: ULTIMATE BLOXX!

Me: Whoa! An Evolved Segmentasapien!

Shanan: Wow! I've never seen something like this before. It's so awesome!

Ultimate Bloxx: Lets see what it can do.

He turned into a powerful sword and slashed a bunch of zombies apart and then he turned into a powerful hammer and smashed a bunch of zombies into pulp and then he turned into a powerful spear and skewered a bunch of zombies all over. Then he jumped into the air and turned into a huge ball and he smashed a bunch of zombies with devastating force!

Linka: That is so powerful!

Jaime: Boy no kidding! That is awesome!

Bella: Lets see how they like this!

Bella activated her Ultimate Bella form.

Bella: IONSTORM!

Bella fired a bunch of laser blasts with the power of the Drej and then she activated Diamondhead's powers and formed powerful crystal clusters and skewered many zombies all over.

Bella: Try this on! XLR8!

She went at the zombies with incredible speed and punched them all over the place. She activated Clockwork's powers and blasted them all over with time powers. Disintegrating them into dust.

Shannon: Wow! That is amazing!

Me: Lets blast them with our teamwork!

Sinnertwin: Right boss! CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and enhanced his fire powers 100-fold.

Killer Frost: Time for some freeze power! GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into her right arm device and enhanced her ice powers 100-fold.

Sinnertwin and Killer Frost: FIRE & ICE MEGABLAST!

Sinnertwin fired a powerful blast of fire and Killer Frost fired a powerful blast of ice and the blasts combined and they hit the zombies and exploded all over.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Gomamon: Time for some power of Digimon! DIGIMON CYBER KEY POWER!

The Digital World Cyber Planet Key went into his right arm device and it enhanced his powers 100-fold.

Streetwise: This is gonna be good! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his

photon pistol 100-fold.

Gomamon and Streetwise: MARCHING FISH PHOTON BOMBS!

Gomamon used his Marching Fishes and they went at the zombies and Streetwise fired a powerful blast of photon energy and the blasts merged with the fish. They hit the zombies all over and exploded all over.

KRABBBBOOOOOOOOMMMMMM! KRABBBOOOOOOOOOMMMM! KRABBBBOOOOOOOOOOOOOOOOMMM! KRABBBOOOOOOMMMMM! KRAABBBOOOOOOOOOOOOOMMM! KRABBBOOOOMMM! KRABBBOOOOOOOOOOMM!

Me: Lets finish all these zombies off!

Nico: Yeah!

Billy: Oh oh oh! Me first! BOOGER PRETZEL BOMBS!

Billy made booger pretzels by covering them with snot and he threw them at the zombies and they exploded and blew them apart!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Mandy: Nice one. My turn. MAGIC DEATH LIGHTNING!

Mandy fired a powerful blast of black lightning and it hit a bunch of zombies and blew them apart!

Grim: Time to send these guys back to the grave mon. SUPERNATURAL SCYTHE SLASHED!

Grim slashed a bunch of zombies and cut them all into pieces and they all were incinerated into a pile of flaming ashes.

Lucy Loud: You all need to stay dead! BLACK LIGHTNING EVISCERATION!

Lucy Loud fired a powerful blast of black lightning and electrocuted a bunch of zombies and destroyed them all over.

Shannon: These zombies are never gonna be welcome here. BLACK MAGIC CRYSTAL STORM!

Shannon fired a powerful cloud of black magic crystals and they hit numerous zombies and killed them in powerful explosions of fire.

Hoss Delgado: Now it's time for me to get serious! SUPER SWISS ARMY HAND CANNON!

Hoss Delgado formed a powerful super laser cannon and he fired it at numerous zombies and they all exploded with incredible power.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We eradicated all of the zombies.

Me: That takes care of those zombies.

Lana: And I think I found the cause of what brought them here.

Lana showed a tray full of brownies.

Mandy: Brownies!

Me: Brownies? I didn't know zombies liked brownies.

Ben: Lola, you might get sick eating those brownies. Maybe I can turn into Upchuck and eat them.

Me: I think Lana has got you covered Ben.

She ate all the brownies and they were tasty.

Lana: Hey these are delicious!

Grim: And I found out the cause of those brownies bringing those zombies here. Billy got into my trunk and used evil powder instead of salt. That explains why those brownies were delicious.

Billy: Sorry.

Me: Billy you need to learn how to be more careful. But we're not finished yet.

We then set our sights on Steelix.

Jen Scotts: You're under arrest Steelix.

Steelix: I don't think so!

I fired a powerful blast of energy and it hit him and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

He was reverted back into an action figure toy.

I picked him up and handed him to Jen.

Jen Scotts: Thanks J.D.

Me: Anytime Jen.

Kairi and Riku had a nasty headache.

Kairi: Oh man! What a headache.

Riku: I feel like I got run over by a truck.

?: But that's not the only thing you have to worry about.

We turned and we saw the original SEVEN NINJA SWORDSMAN OF THE MIST!

---

Mangetsu Hozuki

Mangetsu Hōzuki (鬼灯満月, Hōzuki Mangetsu), reputed as the Second Coming of the Demon (鬼人の再来, Kijin no Sairai), was a shinobi from Kirigakure's Hōzuki clan, and a member of the previous generation of the Seven Ninja Swordsmen of the Mist.

Both Mangetsu and his brother Suigetsu trained with the intention of becoming members of the Seven Ninja Swordsmen of the Mist. This dream acted as their motivation for them to complete gruesome missions day after day. Mangetsu eventually succeeded in becoming a member of the Seven Swordsmen and learned how to wield all seven of the swords. With his premature death, Suigetsu seemingly became demotivated from their dream.

## Zabuza Momochi

Zabuza Momochi (桃地再不斬, Momochi Zabuza), given the moniker Demon of the Hidden Mist (霧隠れの鬼人, Kirigakure no Kijin), was a missing-nin from Kirigakure's Seven Ninja Swordsmen of the Mist.

Before the term of the Fourth Mizukage, Yagura Karatachi, Kirigakure began the practice of pitting Kirigakure Academy graduates against each other in death matches as a final exam with the exceptionally skilled students named prime candidates for the Seven Ninja Swordsmen of the Mist. After Zabuza, not yet a student himself, killed over one hundred Academy students, the practice was discontinued and he would thereafter be known as the "Demon of the Hidden Mist". His fame grew over the years as he became an Anbu, killing the Konohagakure ninja Kumade Toriichi at that time, before finally joining the Seven Swordsmen. At some point, he discovered Haku, a child with a special kekkei genkai and began training him to be the ultimate weapon. In the anime, he and Haku witnessed the Kaguya clan attacking Kirigakure yet chose not to help his village. Soon after, they encountered Kimimaro, the soon-to-be-sole survivor of the Kaguya. Although Haku wanted to talk to the boy, Zabuza forced him to leave Kimimaro alone and keep moving. In time, after his assassination attempt on the Mizukage in a coup d'etat failed, Zabuza subsequently fled with Haku and some other followers, such as the Demon Brothers, becoming mercenaries in order to gather funds for a second attempt in the future, which is why he worked with Gatō. With his departure he took the Kubikiribōchō with him, causing Kirigakure to lose one of its famed swords.

## Jinpachi Munashi

Jinpachi Munashi (無梨甚八, Munashi Jinpachi) was a jōnin from Kirigakure and a member of the previous generation of the Seven Ninja Swordsmen of the Mist.

In the anime, according to Kakashi Hatake, Jinpachi committed many acts of cruelty in his lifetime, killing his older brother being one of them.

## Ameyuri Ringo

Ameyuri Ringo (林檎雨由利, Ringo Ameyuri) was a kunoichi from Kirigakure and one of the members of the previous generation of the Seven Ninja Swordsmen of the Mist.

In the anime, Ameyuri was stated to have died of an incurable disease at a young age.

## Kushimaru Kuriarare

Kushimaru Kuriarare (栗霰串丸, Kuriarare Kushimaru) was a Kirigakure jōnin and a member of the Seven Ninja Swordsmen of the Mist.

In the anime, Kushimaru committed many acts of cruelty in his lifetime, killing his sensei being one of them. At some point in time, Kushimaru encountered the young Might Guy, Ebisu and Genma Shiranui on a mission alongside the other members of the Seven Ninja Swordsmen of the Mist. The young shinobi managed to flee, however, due to the timely arrival of Might Duy who sacrificed himself in order to save the genin. In the anime, Kushimaru was killed by Might Duy's effort.

## Fuguki Suikazan

Fuguki Suikazan (西瓜山河豚鬼, Suikazan Fuguki) was a jōnin from Kirigakure and a member of the Seven Ninja Swordsmen of the Mist.

At some point in time, Fuguki became a jōnin and joined the Seven Ninja Swordsmen of the Mist, where he inherited the sword Samehada. Some time after the Third Shinobi World War, Fuguki alongside the other seven swordsmen, cornered a team of Konoha shinobi consisting of Might Guy, Ebisu, and Genma Shiranui. Before the swordsmen could attack, Might Duy intervened and fought off Fuguki and his teammates, by using the Eight Gates at the cost of his life, taking down four of Fuguki's allies in the anime.

Some time later, Fuguki assigned his subordinate Kisame Hoshigaki, to the secret Cypher Division to serve as a bodyguard, ordering him to protect his comrades. However, he stressed that the codes that were important to the village are worth far more than the lives of his comrades. With this set of priorities, Kisame resolved to massacre his own teammates when they were in danger of falling into the hands of Ibiki Morino during a mission to protect such valuable information. Later, Fuguki was revealed to have been leaking information to enemies, and was killed by Kisame, with his corpse visibly impaled by sharp implements tied to chains. Kisame would then take Samehada for himself, becoming a member of the Seven Swordsmen, Yagura's direct subordinate and Madara Uchiha's accomplice.

## Jinin Akebino

Jinin Akebino (通草野餌人, Akebino Jinin) was a jōnin from Kirigakure, and a member of the Seven Ninja Swordsmen of the Mist.

At some point, Jinin joined the Seven Ninja Swordsmen of the Mist, where he came in possession of the Kabutowari. Some time after the Third Shinobi World War, he alongside the other swordsmen encountered a Konoha team. After managing to corner the shinobi, the three were saved by Might Duy, who sacrificed himself in order for them to escape. In the anime, Jinin was killed by Duy's effort.

## Juzo Biwa

Jūzō Biwa (枇杷十蔵, Biwa Jūzō) was a jōnin from Kirigakure and a member of the Seven Ninja Swordsmen of the Mist. In the anime, Jūzō deserted his village and became a member of Akatsuki, where he was partnered with Itachi Uchiha.

When Jūzō joined the Seven Ninja Swordsmen of the Mist, he became the wielder of the Kubikiribōchō, which he used many times to dye the battlefields red with the blood of his enemies. This level of brutality made him famous in several parts of the shinobi world. At some point after the Third Shinobi World War, Jūzō and his teammates cornered a Konoha team consisting of Might Guy, Genma Shiranui and Ebisu. Jūzō was surprised that the young ninja knew of his team and acknowledged their growing fame. Before the swordsmen could proceed any further, they were confronted by Might Duy, who activated the Eight Gates Released Formation, sacrificing his life in order to allow his son and his team-mates to escape.

In the anime, Jūzō survived the encounter along with Raiga Kurosuki and Fuguki Suikazan. Following the incident, Jūzō became a missing-nin and joined Akatsuki. Shortly after the Uchiha Clan Downfall, Pain instructed Jūzō to partner up with the newly-recruited Itachi Uchiha. Over time, Jūzō and his new partner completed various missions together. Eventually, they were given a mission in the Land of Water, much to Jūzō's annoyance. After completing the mission, Jūzō and Itachi were followed and engaged by a team of hunter-nin lead by Yagura, the Fourth Mizukage. Jūzō and Itachi were able to strike down most of the hunter-nin, but Yagura entered his Version 2 form and launched a Tailed Beast Ball toward Jūzō.

With little time to react, Jūzō attempted to deflect the attack with the Kubikiribōchō but failed, leaving him mortally wounded. After Itachi managed to defeat the Mizukage, Jūzō lamented having to die in this country, reaching out for his sword, which he viewed as his only true ally. Upon dying, out of respect, Itachi placed the remains of Kubikiribōchō in Jūzō's hand. After his death, his sword fell back into the possession of Kirigakure.

Me: Whoa! The SEVEN NINJA SWORDSMAN!

Naruto: All of them this time!

Zabuza: It's been a while J.D.

Me: You've been doing well Zabuza.

Qin: Who are all of they?

Me: These guys are the Seven Ninja Swordsman of the Mist. The most elite members of the Hidden Mist's Shinobi Corps. Mangetsu Hozuki, Zabuza Momochi, Ameyuri Ringo, Jinin Akebino, Jinpachi Munashi, Kushimaru Kuriarare, and Juzo Biwa. They were some of the strongest shinobi ever to grace the Hidden Mist. Zabuza is one of our friends.

Qin: Oh man! Mei told me all about them.

Jinin: So the famous J.D. Knudson is gonna face us yet again.

Ameyuri: This is gonna be fun.

Me: Last time we fought Ameyuri, was back during the 4th Great War when you were brought back as tools to destroy the planet.

Kushimaru: So we remember.

Mangetsu: I remember that.

Qin: What happened to Zabuza? Isn't he alive now?

Me: In the future I fought them in, Zabuza died at the hands of Orochimaru's Sound Ninja.

Qin gasped.

Zabuza: That's right.

Jinpachi: You all know how we died right.

Me: I sure do Jinpachi. Mangetsu, you died when you were mortally wounded on a mission. Jinpachi was killed by me, Same with Jinin and Kushimaru. Ameyuri died of a terminal disease. Fuguki was killed by me as well for his treachery and Juzo was killed by Itachi, Sasuke's older brother.

Mangetsu: That's right. How is Suigetsu doing?

Me: He's doing really well Mangetsu. He speaks so highly about you and is now training a new generation of the Seven Ninja Swordsman in the Leaf.

Mangetsu: I'm happy for him. Give him my regards.

Me: I'll be sure to tell him and Haku is doing really well Zabuza. She is getting married shortly to Naruto in a couple of years.

Zabuza: I'm so happy for her. Take good care of her kid.

Naruto: I will Zabuza. You have my word and I never go back on it.

Me: That's my brother.

Jinin: So are you gonna fight us?

Me: I plan to.

I went up to them and snapped my fingers and we were on the planet Gladirome.

---

Planet Gladirome is a forest city planet located in the Unknown Zone. It is a historically replicated world reminiscent to the ancient gladiators and the Ancient Roman Empire which lasted from 753 B.C. to 476 A.D. They have Gladiator fights, good shows, good food and more.

---

Nico: Wow! look at this planet!

Lincoln: It looks like we're in the Roman Coliseum.

Me: This is the planet Gladirome. It's a planet that takes place during the ancient Roman Times.

Carol: It feels like we've gone back in time to the Roman Empire.

Me: It sure does feel that way.

Jinin: Impressive. So this is where you chose to fight.

Me: That's right Jinin. This fight is gonna be intense. I've gotten far more powerful since our last fight during the war. I'm not the same person you faced.

Nico and everyone else went into the stands.

Zabuza: I heard that you killed Raiga, J.D.

Me: I sure did. He was a rogue ninja slime ball.

Ameyuri: He wasn't even worthy of my swords.

Me: I know. So did the Masters of Evil bring you all back to kill me?

Jinin: That's right. Because you killed most of us.

Kushimaru: And we will have our revenge.

Me: Well then, Get ready to see my true power.

I then powered up and flared up my rainbow aura and the ground was shaking violently as the skies darkened with storm clouds and lightning struck everywhere and tornadoes touched down. Then I released the full extent of my power and I was now in my Super Angel-Ebonwu 100,000 Elemental Phoenix form.

Me: (Divine Voice) **Here's my ultimate power. Shall we dance?**

Fuguki: Lets dance.

(DOWN WITH THE SICKNESS BY DISTURBED PLAYS)

They each had their swords ready to destroy me.

Me: **Lets dance.**

OOOH AAHHH AAHHH AAHHHH AAHHH!

I went at them with incredible speed and kicked Fuguki in the face and sent him crashing into the wall.

CRASH!

I ducked under a slash from Zabuza and punched him in the face and kicked him in the face and I teleported as Ameyuri slashed at me and I kicked her in the back and fired powerful blasts of lightning at her and electrocuted her. She got up and went at me and fired powerful blasts of lightning at me and I dodged them all and they hit the walls of the stadium and exploded.

KRABBOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOMM! KRABBBOOOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOOMMM!

I fired powerful energy blasts at Ameyuri and they hit her all over and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOMMMMMM!

The explosions from the blast sent her crashing into the wall and Jinpachi used the Shibuki Sword and sent numerous paper bombs at me and I flew into the air and fired numerous blasts of fire and lightning and they collided with the paper bombs and exploded with incredible power all over the place.

KRABBBBOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOOMMMMM!
KRABBBOOOOOOOOOOOOOMMMMMM!
KRABBBBOOOOOOOOOOOOOOMM! KRABBBOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOMMMM! KRABBBOOOOOOOOMMM!
KRABBBBBOOOOOOMMM!
KRABBBOOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOMMMM!

KRABBBBOOOOOOOOMMMM!
KRABBBBOOOOOOOOOMMMMM!
KRABBBBBBOOOOOOOOOOOOMMMM!

I went at him Jinpachi and kicked him in the face and sent him flying. I fired powerful blasts of fire and crystal and they hit him and exploded all over.

KRABBBBOOOOOOOMMMM! KRABBOOOOOOMMM!
KRABBBOOOOOOOOMMM! KRABBBBOOOOOOOMMM!
KRABBBOOOOOOOOOOMMM!

Ameyuri came at me and I ducked under a strike and she charged up powerful lightning and I fired a powerful blast of lightning and she fired her own lightning and the blasts collided and exploded with incredible power.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: **Try this on Ameyuri.**

I unsheathed my sword and lightning struck me.

Me: (ECHOING) **THUNDERBOLT CUT!** 雷光斬

I fired a powerful barrage of lightning and energy needles and they hit Ameyuri and cut her down and electrocuted her all over.

I sensed Jinin coming at me.

I blocked his strike and kicked him in the face and sent him flying.

Me: (ECHOING) **RAGE OF INFERNO!** 超弾動閃煌斬

I swung my sword and sent a massive vortex of fire and light and it slammed into Jinin and he screamed in pain as he was incinerated in an instant in a massive explosion of fire.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful that it slammed into Kushimaru and incinerated him too.

Me: (ECHOING) **STAR STORM SCREAM!** **嵐星斬**

I fired a powerful blast of lightning from the stars and they slammed into Fuguki and obliterated him in a powerful explosion of lightning.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I then set my sights on Jinpachi.

Me: (ECHOING) **SNAKE FANG STRIKE!** **蛇牙剣**

I formed a powerful energy sword whip of my sword and it went at Jinpachi and slashed him and destroyed him in a massive explosion of poison and fire.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I then set my sights on Mangetsu.

Me: **Try this on.** (ECHOING) **BLACK LIGHTNING SLASH!** **暗黒跳飛斬り**

I fired a massive blast of black energy and it fired a powerful barrage of black lasers and they hit Mangetsu and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Mangetsu was down.

Zabuza: You have fought valiantly J.D. and you have indeed gotten stronger than ever since we last fought.

Me: **I'm glad you think so Zabuza.**

Zabuza: Kushina was able to defeat all of the Seven Ninja Swordsmen in one fell swoop. They didn't call her the Leaf's Red Death for nothing.

Me: **I know. Kushina had unbridled and incredible skill. She is a strong and amazing woman. She is also a powerful and strong teacher.**

Zabuza: That she is. Shall we have a sword fight like before?

Me: **With pleasure.**

Me and Zabuza went at each other and we clashed our swords and it was a powerful sword clash and sparks were flying all over the place and setting much of the stadium on fire. It lasted for 1 hour and it was a powerful fight and I kicked him in the face and knocked him down.

Zabuza: You've beaten me J.D. You have beaten the previous generation of the 7 Ninja Swordsman of the Mist and you have now become the 2nd Shinobi to best all of us.

Me: (Chuckles) **It would be the first time I've done that. The first time was during the war. And now here on Gladirome.**

Zabuza: That's true.

Me: **I can give you a second chance Zabuza. You helped us when our best sword jutsu teacher Hayate Gekko was sick and gave us new swordsman. The Leaf will always be grateful to you for that.**

Zabuza: You would do that for me J.D.?

Me: **I sure would. Same with Mangetsu. Suigetsu needs his brother back and I can do the same with Ameyuri as well.**

Ameyuri and Mangetsu were shocked that I would do a kind thing for them.

Mangetsu: You would do that for me as well J.D.?

Me: **I sure would Mangetsu. I've known you for a while when I was in the distant future 150,000 years from now. Suigetsu now needs his brother to help him realize his dream of becoming a member of the new Leaf Seven Ninja Swordsman.**

Mangetsu then started crying.

I snapped my fingers and resurrected Mangetsu, Zabuza and Ameyuri. They were given their lives back.

Mangetsu then got up and came to me.

He then hugged me.

Mangetsu: Thank you so much J.D.

Me: **Anytime my friend. Anytime.**

Zabuza: It's good to be back. Thanks J.D.

Me: **No problem Zabuza.**

Ameyuri: I guess I owe you one J.D. Thank you for bringing me back.

Me: **Anytime Ameyuri.**

Everyone cheered wildly for me. We went back to Earth and I filed my report to Lady Hokage. Mangetsu put the Seven Ninja Swordsman's swords in his scroll and it was a grand day for the Leaf.

* * *

Back at the estate, we were watching Aqua, Lynn, Megan, Cornelia and Lola doing some Ice Skating in our skating ring. They were so graceful and beautiful as they skated.

Me: Wow. They are so graceful.

Sora: Aqua sure is talented.

Me: Same with Kairi. Look.

We were watching Kairi Skate as well. She was really good.

Me: Wow. Look at them go.

Lincoln: So graceful and beautiful.

Me: Yep.

Then a figure came out and it was THE FROZEN FIEND!

According to Brett Hull, the ghost was once a Russian hockey player who was banished to Siberia for not scoring an easy goal that would've won his team the game, and froze to death.

The Frozen Fiend first appeared in the middle of a hockey game between the Russian and Swedish teams. One of the men guarding the Emperor's Cup got scared and tried to run, but hit a wall and knocked himself out. The Fiend knocked out the other two guards by nailing them with hockey pucks, then stole the trophy. Several hockey players tried to stop him, but the Fiend just plowed right through them and got away with the trophy.

Mystery Inc. arrived in Moscow to attend the hockey tournament. During a game between the U.S. and Finland, the Frozen Fiend showed up again. He launched icicles at one of the Finnish hockey players and pinned him to the wall, then came after Brett. The gang decided to form a "human chain" and try to capture the Fiend as he skated by, but he just leapt over them and crashed through the edge of the arena. The crowd started panicking and ran away from the stadium. The Fiend came back and chased the gang into Lenin's Tomb, where they hid. The Fiend lost track of them and left.

Shaggy Rogers and Scooby-Doo were investigating Nicolai, a potential suspect, at a frozen pond, when the Fiend busted out of a nearby shed and attacked them. They were rescued by Brett, who whacked the Fiend with hockey pucks until he left.

The gang regrouped, and Fred Jones decided to set a trap before the mystery had been solved. The gang posed as Finnish hockey players and waited for the Frozen Fiend to attack. When he did, they used ropes to wrap him up. They prepared to unmask him, but he spun himself free. Fred wasn't worried, since he figured that after spinning, the Fiend must have been dizzy, and tried to tip him over. However, the Fiend just swatted him away. He chased the gang into a locker room where they hid as the Fiend trashed the place looking for them. He eventually ducked into a shower and somehow got out through the wall despite the window being too small for him to fit through.

When the gang returned to the arena, the Fiend went after them in a zamboni, which was stopped by something in the ice. Velma Dinkley figured out the mystery and the gang set a trap for the Frozen Fiend, hosing him with icy water, which froze him in his tracks. The Fiend was cracked free and revealed to be Galina Korzhakov. She stole the diamonds, but couldn't get them out of the rink because of the tight security, so she hid them in the ice; that's what caused the zamboni to stop. She had a special dress made with fake diamonds, and was going to switch them out with the real diamonds.

---

Shaggy: ZOINKS! Like, it's the Frozen Fiend!

Me: Whoa I remember him!

Qin: What is his story?

Me: He was really disgraced former Russian figure skater Galena Korzhakov.

Lola: Whoa! I loved her! She was an amazing figure skater!

Me: Yep. She stole the diamonds on the Grand Emperor's Cup trophy for an awesome hockey tournament. Those diamonds once belonged to Tsar Nicholas II. They are priceless.

Anastasia: I remember those diamonds. Dad kept them on a cup and it was beautiful.

Laney: Wow.

Nico: That's incredible!

Lana: It sure is.

Me: She wanted to switch the real diamonds in the trophy with fake ones she made so she can put the real ones on a dress she made.

Lynn: Whoa! I've heard about that trophy! That's the trophy for the Moscow International Hockey Tournament!

Me: Yeah. Big major Hockey Tournament. One of the biggest in the world. Galena got life in the White Swan Maximum Security Prison in Latvia. That's where Russia's most dangerous women criminals go.

Nico: Jeez!

Qin: That's rough.

Me: She wasn't in on the conspiracy because they don't allow inmates to use computers there.

Qin: Whoa. They say that Diamonds are a girls best friend, but to Galena they are her worst enemy.

Me: Yep. Stealing a priceless piece of history from Russia is the same as the capital crime of treason.

Lynn: Whoa! Wait a second! Velma, I saw you replace an injured goalie for the U.S.A. Team in that tournament.

Velma: Yep that was me.

Lynn: WHOA! That is so awesome!

Me: I remember that. That was awesome!

Winsor: Wow. I didn't know that Velma.

Velma: It was a perfect way for them to improvise.

Me: It sure was.

Lola: I got this creep!

Lola fired a powerful blast of fire at the Frozen Fiend and melted him.

Me: That was awesome!

Nico: Way to go Lola!

Lola: Thanks Nico.

Later we went with Sora.

Sora: The reason I was doing all that stuff is because I was helping out down here.

Sora led us to an alley and he led us to a cardboard box with a stray white pup.

Riku: Is that a puppy?

Kairi: (hugs the pup) It's so cute!

Sora: I just couldn't ignore the little guy. I've been feeding him and looking for someone to adopt him.

Grim: So that's why you've been going off on your own lately.

Me: Aww that's really sweet of you Sora. I think I have the perfect person for you to keep him with. You and Aqua.

Aqua: Really?

Sora: Really?

Me: You bet. You found him and he should be yours. Kairi can have him too.

They hugged me.

Aqua: Thank you so much J.D.

Kairi: Yeah! Thank you!

Sora: Thanks J.D.

Me: No problem guys.

Grim: (To the viewers) Never mess with forces that no mere mortal should ever understand mon. Trust me.

We went back to the estate with one of our new pets.

THE END

Another Fanfiction complete and another awesome episode of GAOBAM done.

Brown Evil from The Grim Adventures of Billy and Mandy was awesome and funny! It was terrifying that Billy made brownies that woke the dead. The Seven Ninja Swordsmen of The Mist were the most formidable adversities in the Naruto Universe and they were powerful. Next up is the Gold and Silver Brothers - Kinkaku and Ginkaku and we're going to get the 9-Tails Chakra that they stole from her. NicoChan11 gave me the ideas for this one. Thanks man. Let me know what you all think. Next up is a chapter where we take down the ruthless Anti-Aqua and we're going to make sure she never terrorizes Aqua ever again.

See you all tomorrow.

# AQUA'S RUTHLESS DARK SIDE

We were walking over the Girl Jordan's house.

Me: Are you sure you want to do this G.J.? After Cletus Kasady destroyed your relationship with your mom, he ruined your life.

Girl Jordan: I have to make things right J.D. Kasady may have ruined my life, but I want to at least tell my mom everything.

Me: Well if this is what you want then we won't stop you. But one thing still puzzles me.

I went to talk to my Ebonwu Squadron self in my mind.

Me: I just want to know something. How is it that I know so many planets all over the universe and the unknown zone and even some that were never thought possible?

J.D. 2: Well that's because we've been all over the universe not just in reality, but in simulation adventures and they took us all over the entire universe. We saw so many planets the likes of which we have never seen before. We have seen it all.

Me: Wow! So in a way we know the same planets you do.

J.D. 2: Exactly. When I merged with you, my knowledge and secrets became yours.

Me: I see. Thank you.

I popped back into reality.

Me: Wow. So that's how I know so many planets.

Nico: Amazing. Your Ebonwu Squadron Counterpart must've been everywhere all over the universe.

Me: He sure has.

Maria: Alright. Here we are.

Me: Boy its been a long time since I was at Girl Jordan's house.

William: Time for Girl Jordan to be undisowned.

She Hulk: Is that even a word?

Me: No it's not. But it works and I agree with you.

We walked up to the door and knocked on it. Answering it was Nina McGraw, Girl Jordan's mom.

Nina: Can I help you all?

Nico: We need to have a talk.

Nico's Cloyster: Cloyster!

Me: Hello Nina. Its been a while.

Nina: It sure has J.D. You were very busy. But what is SHE doing here.

Me: That's what we wanted to talk to you about.

We went inside and we were talking to her.

Blot: If I were you, I'd remove your disowning of Girl Jordan.

Nina: Why should I?

Snotlout: Ok, do you know what she and all of us have been through because of you disowning her?! When we encountered a Heartless of Kasady alongside Bludvist, she got so pissed off that Astrid told me to knock her out so she doesn't get herself killed! Granted, she stopped me from doing so by giving me a death glare. But still! And she's only going to keep getting pissed off whenever she gets reminded of you disowning her unless you accept her!

Astrid: That's probably the most serious thing we've ever heard you say.

Snotlout: Thanks. I am one of the most important Dragon Riders after all.

Hiccup: Just don't let it get to your head, alright?

Girl Jordan: It's all right guys. We got this.

Me: You see Nina, Cletus Kasady, the ruthless homicidal maniac that is also known as Carnage, is the one that made you disown her.

Spiderman: Yeah Carnage was one of my most dangerous enemies and he got a sick thrill out of making people suffer.

We went over everything that happened in the events of Carnage Is Chaos and what happened during our time in Berk.

Nina gasped in shock.

Nina: I had no idea. (Crying) What have I done!?

Nina broke down crying and Girl Jordan was comforting her.

Girl Jordan: It's okay mom.

Nico: What Kasady did makes him one of the worst of the worst.

Me: But he's now in the River of Fire forever. He will never terrorize the world again.

Vince: That's right.

Laney: He was what's called a Nihilistic Destroyer and Sadomasochist and he got a sick thrill out of destroying everything.

Lisa: Affirmative. What Cletus Kasady can make him no less than a screwed up psychotic homicidal maniac.

Nico: Yeah.

Nina calmed down.

Nina: (Sniffles) Honey, if you and I are going to be a family again, then you'll need to see a therapist for your anger problems. If what

Snotlout said is true, then there's a chance you might get killed if you get mad.

Groove: She has a point.

Me: We didn't see her have any anger problems. She was doing really well.

Laney: That's right. But if she does, we have a really great therapist. Her name is Ino Yamanaka. She's a really nice woman.

Nina: I've heard of her. She is one of the Leaf's great ninjas.

Me: She sure is. And she is a great therapist and psychologist.

Girl Jordan: I'll do it.

Nina: Thank you my little girl.

She hugged her and they were reunited.

* * *

Later back at the estate, we were watching TV and playing card games.

Me: So far things have been quiet.

Lincoln: Yep.

Aqua: I know.

But then suddenly, Aqua got a nasty headache!

Me: Aqua what's wrong!?

I sensed what was coming!

Me: Uh oh! Anti-Aqua is coming out!

Lincoln then went over and pressed the code red emergency button! The alarm went off and we gathered and we stood ready as a blob of darkness separated from Aqua and we saw ANTI-AQUA!

She looked like Aqua, but really pure evil!

Anti-Aqua: Freedom!

She then grabbed Ben.

Riley: Ben!

Anti Aqua: (holds Keyblade to Ben's throat) Alright. If I see any of you following me, Tennyson gets it!

Me: Let him go! This is between you and us!

Anti-Aqua: Never!

She went outside.

Lynn Sr.: (sees Anti Aqua walk outside with Ben in her grasp) Aqua? What's going-

Anti Aqua: (points Keyblade at him) Drive us to the lake. Now.

Lynn Sr.: Okay okay.

They got in and were off.

Me: Lets go!

We went after them

Lynn Sr. was driving Vanzilla to the lake with Ben at the front seat. Anti-Aqua was in the back seat pointing her Keyblade at them.

Lynn Sr.: You know you're not getting away with this!

Ben: Mr. Lynn's right. The others will find us!

Anti-Aqua: (smirks) That's what I'm counting on.

Later they arrived at the lake and we were watching from the trees.

The Masters of Evil just got to the lake.

Vypra: Are you sure Aqua told us to come here telepathically?

Dark Spicer: I'm sure of it.

Professor Calamitous: We seem to be heading to face a very serious um um um.

Waffle Woman: Challenge.

Professor Calamitous: Yes thank you.

Waffle Woman: She seemed very serious on challenging us to a fight.

Zs'Skayr: Well, she should be careful on what she wishes for.

Number 7: I'm detecting some life forms near the lake.

Vanitas saw what appeared to be Aqua near Ben and Lynn Sr.

Vanitas: Aqua! And here I thought you backed out at the last minute.

But when the figure turned towards them, Vanitas knew something was wrong.

Vanitas: (frowns) You're not Aqua.

Anti-Aqua: What was your first clue?

Vypra: You must be Aqua's dark side. How did you get out of her?

Anti Aqua: I had to bide my time until I was strong enough to get out of that weak bitch. But even when I was still inside her, I was trapped in the Realm of Darkness for more than a decade. I reached its shore after endless wandering, waited forever for help to arrive… but no one ever came. I lost my Keyblade temporarily before Knudson got my weak half out. I had no means of fighting my way back through the Heartless. Do you have any idea how lonely it is here? How frightening it is to have no one? But now… you all can share it!

I swooped in and kicked her in the face and sent her crashing into a tree. Riley freed Ben and we all stood ready to fight her.

Anti-Aqua got up.

Me: You will pay for kidnapping Ben and Mr. Lynn you bitch!

Anti-Aqua: We'll see about that! I will kill all of you! I am the real Aqua! I was the true essence of her existence when I was in the Realm of Darkness!

Vypra: You really are a fool if you think you're more perfect then Aqua. She might be one of the Legendary Keyblade Masters. But even she has her flaws.

Anti-Aqua: Even still, what makes you think you all can defeat me?

Vanitas: Because we've watched her fights from her time with Team Loud Phoenix Storm. And I, in particular, know how to cause her pain!

Anti-Aqua: Which is causing me pain! I will kill all of you and then I will destroy this entire planet!

Me: You're insane!

But Jimmy saw Professor Calamitous with them.

Jimmy Neutron: Professor Calamitous!

Professor Calamitous: Neutron, its been a long time.

Me: I've heard about you! You're working with the Masters of Evil!?

Professor Calamitous: Yes and they are amazing at what they do. They are perfect for um um um.

Jimmy Neutron: Helping you?

Professor Calamitous: Yes thank you.

Me: He has a speech problem doesn't he?

Jimmy Neutron: Yep.

Nico: (to the Masters of Evil) Look, I think we can agree that Anti Aqua is a threat to all of us. So, can you all please help us kill her so we can live to fight each other another day?

Dark Spicer: Fine. But no teleporting to another planet. We end her here and now! (fires blaster at the ground, creating a smokescreen)

Me: With pleasure.

I then went Super Angel-Ebonwu 100,000 Elemental Phoenix.

Me: (Divine Voice) **Anti-Aqua, you will pay for your crimes. I will never allow you to torment Aqua ever again.**

Aqua: That's right.

Dark Spicer: (to Anti Aqua) Here's your warning: Your ass is about to be kicked!

Troy: Aqua, I hope you don't take offense to us beating up your bad side.

Aqua: None at all Troy. Lets get her.

Megaforce Rangers: Legendary Ranger Mode: Techno Bionic Team!

The Megaforce Rangers turned into the Electronic Bioman Rangers from 1985.

We went at her and I kicked her in the face and sent her flying and I fired a powerful blast of fire at her and it hit her and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOMMMM!

Lincoln fired many blasts of lightning at her and they hit her and exploded all over.

KRABBBBOOOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOOOOOMMM!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOMMMMM!

Anti-Aqua went flying and she skidded on the water and fired powerful blasts of keyblade energy at us and we deflected them all over the place and they exploded with incredible power!

KRABBBOOOOOOOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOMMM! KRABBBOOOOOOOOOMMM!
KRABBBOOOOOOOOOMMM! KRABBBBOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOOOMMMM!

KRABBBBOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOMMM!

Lola fired powerful blasts of fire and they hit Anti-Aqua all over and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOMMM!

Nico fired powerful blasts of fire and lightning with Nuova Shenron and Rage Shenron's powers and they hit Anti-Aqua and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I fired a massive blast of fire energy and Anti-Aqua fired a powerful blast of dark energy from her keyblade and the blasts collided and exploded with incredible power.

KRAAABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion set much of the forest on fire! We then went at her and we were clashing at her mercilessly! I punched her in the face with devastating force and she kicked at me and I dodged her and punched her in the face and kicked her in the face and sent her flying! Carol fired a powerful blast of Godzilla's Orange Spiral Ray and it hit Anti-Aqua and exploded with an incredible amount of power and fire.

KRABBBBBOOOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOOOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOOMMMMM!

Carol then fired Gamera's Fireballs and they hit Anti-Aqua all over and exploded with incredible fire.

KRABBBOOOOOOOOOOOOMM!
KRABBBOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBBBOOOOOOOOOOOMMMM!

Laney went at Anti-Aqua and head butted her and kicked her in the face and sent her flying and she fired a powerful blast of fire and dark energy and the blasts exploded into a massive line of fiery explosions!

KRABBBOOOOOOOOOOBOOOOMMBOOOOOOOOMBBOOOOOOOOO

Lily appeared as Night Owl and kicked Anti-Aqua in the face and sent her flying. But she got back up and fired a powerful energy blast and Lily did the same and fired a star energy blast and they deflected their blasts and fired more of them and deflected more. Turning the entire area into a war zone!

KRABBBBBOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBBBBOOOOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOMMM!

Leni punched Anti-Aqua in the face and kicked her in the stomach and fired a bunch of powerful blasts of gravity lightning at her and they hit her all over and exploded!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO
KRABBBBOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOOOOOOOOOMMMM!

Anti-Aqua was sent flying and she laughed with evil.

Me: **You will pay for your crimes Anti-Aqua.**

Anti-Aqua: All that's left in my heart is misery and despair… and now, you can share it!

She fired a powerful blast of energy at me and I deflected it and I sensed where she was gonna appear and I kicked her in the face and sent her flying and Naruto slammed a Rasengan into her back and sent her flying. Sakura Haruno sent her flying with a powerful and devastating punch to her stomach with the Hundred Strength's Jutsu and Sasuke slashed her all over with his sword and kicked her away.

Fu: Try this on for size! TAILED BEAST BOMB!

Fu went into her Tailed Beast Chakra Mode and fired a powerful blast of powerful Tailed Beast energy and it slammed into Anti-Aqua and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion from the blast was so massive, so powerful and so devastating that it blew much of the entire area apart and ignited most of the lake and trees into a raging inferno of epic proportions. The entire forest around us was completely engulfed in flames and was burning out of control. Lori kicked Anti-Aqua in the face and fired a powerful blast of wind and blew her into a huge rock.

CRAAASSSSHHH!

Lucy fired a powerful blast of black lightning and it hit Anti-Aqua and electrocuted her all over. Lynn fired a powerful wave of lava and it hit the ground around Anti-Aqua and exploded in a massive wall of powerful fire and she fired powerful blasts of lava and they hit Anti-Aqua all over in powerful explosions of fire.

KRABBBBOOOOOOOOMM! KRABBBBOOOOOOOOOOMM!
KRABBBOOOOOOOOOOOMMMM! KRABBBOOOOOOMMM!
KRABBBOOOOOOOOOMMM! KRABBBOOOOOOOOMM!
KRABBBOOOOOOOOOMMM! KRABBBOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOOOOOMMMM!

Carol fired Fire Rodan's heat ray and it hit Anti-Aqua and exploded all over her with incredible power and fire.

KRABBBBOOOOOOOOOMMM! KRABBBBOOOOOOMM!
KRABBBOOOOOOOOMMM! KRABBBOOOOMM!
KRABBOOOOOMM! KRABBBBOOOOOOOOOOMM!
KRABBBBBOOOOOOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOOOMMMM!
KRAABBBBOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOMMMMM!

Vypra and Anti-Aqua then got into a powerful and massive sword fight. It was Vypra's sword VS her keyblade and it was a powerful clash of the titans as massive sparks and embers were hitting the land all over and setting everything on fire and destroying everything with incredibly massive fiery explosions at an incredible level!

KRABBBOOOOOOMM! KRABBBOOOOOMM!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOMMMMMM!

Carol: Hold my hand Vince.

Vince: Right.

He took her hand.

Carla: Let us help mommy!

Evelyn: Yeah!

Pearl: This witch is going down.

Mothra: Let me help too.

Erika: Count me in too!

Carol fired Mechagodzilla's rainbow laser eyes and plasma laser, Vince fired King Ghidorah's Gravity Rays and Space Godzilla's Corona Ray, Carla fired Megalon's lightning ray and Godzilla's Orange Spiral Ray, Evelyn fired the Super X's lasers and Mechagodzilla's energy missiles and Pearl fired Destoroyah's Micro-oxygen ray and Gigan's laser ray. Mothra fired powerful rainbow energy blasts from her hands and Erika used Biollante's powers and formed plant vines with mouths and they fired powerful radioactive sap blasts. They were hitting Anti-Aqua all over and blasting much of the area all over with a massive and powerful full scale assault and mega barrage of incredible power!

The whole area was being blasted apart at a mega powerful level. Dark Spicer turned into Ultimate Dirtdrive, an Evolved Mutant Kineceleran and he went at Anti-Aqua with incredible speed and punched and kicked her all over. Then he turned into Ultimate Crystal Freak, An Evolved Mutant Petrosapien and slashed her all over with powerful crystals.

Lynn Sr. was watching in sheer awe as he saw us fight at an incredible level.

Lynn Sr.: Oh I wish I could help out. But I'm a chef and a restaurant owner, not a fighter.

But then the ground rumbled and out came a powerful bunch of grape plants and they touched Lynn Sr. and he was enveloped in a powerful tornado of grapes and wine. When it faded a couple of seconds later, Lynn Sr. was forever changed. He had a powerful muscular physic like his body double did in Fool Me Twice, he had an olive leaf ring around his head, and he also had wings made of leaves!

Lynn Sr.: Man I feel strange. Wait a second.

Lynn Sr. went to the lake and he saw his reflection in the water and he had wings and awesome muscles!

Lynn Sr.: (GASP) I have powers now! Wow! Look at me! I look awesome! Now it's my turn to help out.

Lynn Sr. flew into the air and helped us out.

I punched Anti-Aqua in the face again and fired a powerful energy blast and it hit her and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMM

Waffle Woman fired a powerful blast of Syrup and it hit Anti-Aqua and exploded all over!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Tara fired powerful chunks of Earth at Anti-Aqua and they slammed into her and knocked her all over.

Vanitas fired powerful blasts of fire at Anti-Aqua and they hit her all over and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Spiderman fired powerful web blasts at her face and covered her.

Edd as Iron Boy fired powerful repulsor blasts and they hit Anti-Aqua and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Edzilla: ED SMASH FAKE AQUA! (PUNCHES HER ALL OVER WITH DEVASTATING FORCE)

Dark Spicer fired his blaster at Anti-Aqua and Eddy did as well and they hit her and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Muscle Man: You know who likes smashing people like you? MY MOM!

Muscle Man punched Anti-Aqua all over the place with incredible fury.

Zs'Skayr fired powerful blasts of dark energy and they hit Anti-Aqua and exploded all over.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Number 7 fired powerful missiles and lasers at Anti-Aqua and they all hit her and exploded all over.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO
KRABBBOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOOOOMMM! KRABBOOOOOMMM!

Luan fired powerful blasts of light at Anti-Aqua and they hit her and exploded all over.

Then we saw grapes fly in and they hit Anti-Aqua and exploded with incredible power!

KRABBBOOOOOOOOOOOOOOOMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOMM!

Lynn Sr. flew in and punched Anti-Aqua in the face with devastating force and sent her crashing into a rock.

Me: **What the!? Mr. Lynn!?**

Lynn Sr.: Yep. It's me kiddo.

Lincoln: Dad!? Wow! Look at you!

Laney: You look amazing!

Lynn Sr.: I have plant powers like you now sweetie.

Me: **We can look it up later. Right now we have a bitch to destroy.**

Lori fired powerful blasts of wind and blew Anti-Aqua around in a powerful tornado and the Megaforce Rangers blasted her all over.

Me: **Lets take her down with some teamwork!**

Maria: You got it J.D.! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into her right arm device and she got a water version of Cybertron Snarl's sword and it was surging with lightning.

Blot: Time for some fire power! CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and enhanced his Fire Breathing powers 100-fold.

Maria and Blot: FIRE SWORD MEGASLASH!

Blot fired a powerful blast of fire and it merged with her sword and she slashed Anti-Aqua all over with it.

Nico: Lets get her Cloyster! POKEMON CYBER KEY POWER!

The Pokemon Cyber Planet Key went into his right arm device and enhanced his Cloyster's powers 100-fold.

Groove: Time for some action! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his photon pistol 100-fold.

Nico: Cloyster, use Aurora Beam!

Nico and Groove: RAINBOW PHOTON DEATH RAY!

Nico's Cloyster fired a powerful blast of rainbow energy and Groove fired a powerful photon blast and the blasts combined and turned into a deadly death ray and it hit Anti-Aqua and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Despite the battle starting to wear them out, Eddy and Dark Spicer still managed to keep standing.

Anti Aqua: (snarls) Why won't you two quit?!

Eddy and Dark Spicer smirk.

Dark Spicer: (referring to Eddy) I know he'll never give up!

Eddy: (referring to Dark Spicer): He always gets back on his feet!

Mickey: It's like those two know each other perfectly.

Eddy: Lets get this Aqua imposter!

Dark Spicer: With pleasure!

Eddy and Dark Spicer fired their powerful blasters.

Eddy and Dark Spicer: LIGHT AND DARK MEGABLAST!

The blasts combined and they hit Anti-Aqua and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Zs'Skayr: Lets do it!

Zs'Skayr fired a powerful blast of dark energy and Iron Boy fired blast of Energy.

Zs'Skayr and Iron Boy: GHOST REPULSOR SUPERBLAST!

The blasts combined and they hit Anti-Aqua and exploded all over.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Waffle Woman: Feel the power of breakfast!

Tara: And Earth!

Tara fired a massive barrage of powerful boulders and Waffle Woman fired a powerful barrage of strawberry bombs.

Waffle Woman and Tara: BREAKFAST EARTH MEGABOMB BLAST!

The rocks and berries hit Anti-Aqua and exploded all over with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM!
KRAABBBBOOOOOOOOOOOOOOMMM!

Bentley: Time for us to take this monster down!

Penelope (Sly Cooper): With pleasure!

Professor Calamitous: Lets do it!

They all fired powerful missiles and energy blasts

Bentley & Penelope and Professor Calamitous: THIEF SCIENTIST SUPER STRIKE!

The missiles and energy blasts hit Anti-Aqua all over the place and exploded with incredible power.

KRABBBBOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBBOOOOOOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOOOMMMMM!

Spiderman: Time for some web power from your Friendly Neighborhood Spiderman!

Spiderman fired powerful web blasts and Vanitas fired powerful blasts of fire.

Spidey and Vanitas: STICKY FIREBOMB MEGA BARRAGE!

The fire merged with the web blasts and they stuck to Anti-Aqua and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOMMMMMMMM!

Edzilla: Ready to smash!

Number 7: Very logical.

Edzilla fired a powerful blast of fire and Number 7 fired a powerful laser barrage.

Edzilla and Number 7: FIRESTORM LASER BARRAGE!

The blasts hit Anti-Aqua all over and exploded.

KRABBBBOOOOOOOOOOOOOMMMMM!

Luan: This blast is gonna light her up! (Laughs) Get it?

Vypra: Okay that was a good one.

Luan fired a powerful blast of light and Vypra fired a powerful blast of energy from her sword.

Luan and Vypra: LIGHT AND DARKNESS SLASH BLADE!

The blasts combined and turned into a powerful blade of light and dark energy and it hit Anti-Aqua and slashed her.

Ben: Time for this bitch to pay for trying to kill me!

Ben then used a new Ultimate Alien. It was ULTIMATE ALIEN X! He was now outfitted with awesome armor and a powerful spear!

Ben: (Ben and 6 other voices) **ULTIMATE ALIEN X!**

Me: **Whoa! An Evolved Celestialsapien!**

Shanan: Unbelievable! I didn't think it was possible for Celestialsapiens to evolve like that! But this is unbelievable!

Me: **His power is incredible! I've never even known this was possible. Celestialsapiens have been around ever since the universe was born and it's amazing that they are that powerful!**

I went over and I sensed 4 more personae in him.

Me: **Let me give you full control Ben.**

I channelled my energy into him and he now had full control of Ultimate Alien X.

Ultimate Alien X: **Thank you J.D. Now this is the power Anti-Aqua should really fear.**

Ultimate Alien X fired a powerful blast of star energy and it hit Anti-Aqua and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: **I won't let you haunt Aqua anymore!**

I fired a powerful blast of lightning from my hands and Aqua did her Spellweaver dance.

Me and Aqua: SUPER LIGHTNING SPELLWEAVER STRIKE!

Aqua spun around with a powerful energy spin and the lightning merged with it and she struck Anti-Aqua all over the place and electrocuted her.

Nico: Anti-Aqua, you have failed this universe!

Ventus: And failed at being my love!

Nico fired a powerful blast of fire and Ventus fired a massive blast of fire as well.

Nico and Ventus: FIRESTORM KEYBLADE STRIKE!

The blasts hit Anti-Aqua and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Vince: You will never ruin Aqua's image again!

Vince fired a powerful barrage of crystal blasts and Terra fired a powerful barrage of boulders.

Vince and Terra: EARTH MEGABARRAGE SUPER SLAM!

The rocks and crystals slammed into Anti-Aqua with devastating power!

Aylene C.: You will pay for your crimes!

Aylene fired a powerful blast of fire and Sora fired a powerful blast of fire from his keyblade.

Aylene and Sora: INFERNO KEYBLADE BURN!

The blasts hit Anti-Aqua and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Will Vandom: We won't forgive you for hurting our friend!

Irma: Yeah!

Taranee: This bitch needs to pay with her life!

Cornelia: And more!

Hay Lin: Lets get her!

The Guardians fired powerful blasts of Lightning, Water, Fire, Earth and Air and Riku fired a powerful blast of dark fire.

W.I.T.C.H. and Riku: ELEMENTAL FIRESTORM BLAST!

The blasts hit Anti-Aqua and exploded with incredible power!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Naruto: You are not fit to be a keyblader! WIND STYLE: TWIN RASENSHURIKEN!

Naruto formed 2 powerful Wind Style: Rasenshuriken and Kairi fired powerful blasts of light.

The blasts hit Anti-Aqua and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Aqua and Sora then went at Anti-Aqua and slashed her all over and blasted her as well with incredible power.

Anti-Aqua: Who do you two think you are?!

Aqua: We're brother and sister!

Sora: There's nothing we can't do!

Aqua: I'm the real Master Aqua. Not you, impostor!

Me: **Lets finish this bitch off once and for all!**

Ventus: With pleasure! Lets do it!

Terra: I've had it with this bitch making a mockery of the real Aqua.

Aqua: No one ruins my good name and lives.

King Mickey: I agree Aqua. Lets get her.

Donald: Lets get her!

Goofy: Yeah!

Sora: Count me in!

Riku: Me too!

Kairi: Lets do it!

Roxas: This bitch has got to go!

Lea: Lets show her!

Olette: You said it Roxas.

Hayner: We're with you all the way.

Pence: Yeah!

Xion: Lets take her down for good!

Tidus: Lets get her!

Selphie: Yeah! Lets show her no mercy!

Wakka: Count me in!

Keybladers: LIGHTKEY SUPER CONNECTED HEART MEGABLAST!

They all fired a powerful blast of powerful energy from their keyblades and it turned into a powerful blast of energy and it hit Anti-Aqua and obliterated her in a massive and powerful explosion of incredible power!

**KRAAAABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO**

We powered down and we cheered wildly, knowing that we won.
Her evil spirit was sent into the River of Fire.

Me: That's it for that bitch.

Vypra: I have to admit, Aqua. That was sneaky of you to lure us out here just so we can help defeat your dark half. It's almost devious. Are you sure you don't want to become a villain anytime soon?

Aqua: (sighs) Are you really gloating right now, Vypra?

Vanitas: Why'd you do it? Not that I'm complaining of course.

Aqua: (glares at him) You've said it yourself, Vanitas. You know how to cause me pain.

Me: And we really appreciate all your help in taking her down.

Vypra: Keep your thanks. But you're welcome.

We then watched as Sora and Aqua hugged each other while crying. But not out of sadness. They were crying happy tears.

Dark Spicer: (smiles genuinely) I think the 7 of us will let you guys have this moment.

Carter Grayson: (to Vypra) You realize, Vypra, that we could take you 7 down now and end this war between us once and for all.

Vypra: True. But I think we need some rest after today's battle. But don't worry. This won't be the last time we'll team up against a common enemy.

With that, the Masters of Evil teleported out.

Me: Well we now have another enemy to face in the Masters of Evil. Professor Calamitous is now part of their group.

Jimmy Neutron: Yep.

Lynn Sr.: But thank goodness you all are okay.

Me: Same to you Mr. Lynn. You were awesome! Oh right.

I pulled out my legends book and looked up how he got his powers. He got his powers from the Grapes of Bacchus - the God of Wine in Greek Myth. Once every 234 years, Bacchus grants his powers over wine and fruit to anyone who is a great chef and wants to give great food.

Lynn Sr.: Wow! So Bacchus gave me his powers.

Me: Lord Bacchus always has been the party master of the gods of

Olympus and he is also an incredible partygoer.

Lynn Sr.: I can see that. But I can now fight alongside you whenever needed.

Me: You sure can Mr. Lynn.

We later went back home after fixing the area and Rita was reunited with Lynn Sr. She was worried sick. But when she saw him forever changed she clung to him really amorously and she was in love with him even more.

Aqua: (To the viewers) Not even Anti-Aqua is gonna be a match for the power of our sibling bond and the power of our hearts being connected as one.

Me: You said it Aqua. I'm glad we never have to see Anti-Aqua again.

We agreed.

Another Fanfiction Complete and the End of the ruthless Anti-Aqua.

I beat Anti-Aqua in Kingdom Hearts III and she was by far the most difficult foe in the game. But she was really ruthless and evil to the core because of Xehanort. But I'm glad we never have to see her evil face again. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is a full fledge fight against Mikaela and the evil vampires in Seraph of The End. We're going into a post-apocalyptic world where we are at war against him.

See you all tomorrow.

# Phoenix Angels VS Vampires

In the Neptune Prison for Traitors, we were there to visit the ruthless former Fire Lord that resided there: Fire Lord Ozai. With us was Iroh, Ursa and Kiyi.

Qin: So who is Fire Lord Ozai?

Me: He was the ruthless Fire Lord that was one of our most dangerous enemies.

I went over the entire history of Fire Lord Ozai.

---

Ozai was the Fire Lord and absolute ruler of the Fire Nation during the final years of the Hundred Year War. He was the second son of Fire Lord Azulon and Ilah, the younger brother of Iroh, uncle of Lu Ten, husband to Ursa, the father of Prince Zuko and Princess Azula, and paternal grandfather of Izumi. Ozai was a firebending master and, prior to the ending of the War, was believed to have been one of the most powerful firebenders in the world.

After Iroh's only son, Lu Ten, died, Ozai usurped his brother's birthright to the throne in a scheme that resulted in his father's death and Ursa's banishment.

Ozai's rule saw a mass buildup of industry and significant technological advancements. Like his father and grandfather before him, Ozai sought to conquer the other nations and become the supreme ruler of the world. To do this, he planned to utilize Sozin's Comet to burn down the Earth Kingdom, renouncing the title of Fire Lord and declaring himself the Phoenix King, ruler of the world. Before his plans could come to fruition, he was defeated by Avatar Aang, who used energybending to remove his firebending abilities permanently.

After the end of the war and Zuko's crowning, Ozai was sentenced to life in prison for several war crimes. However, he was able to maintain a degree of influence on world politics through some of his loyal followers creating the "New Ozai Society" and his son, who occasionally sought advice from Ozai. As a result, the former Fire Lord was indirectly responsible for the failure of the Harmony Restoration Movement.

Ozai was born to Fire Lord Azulon and his wife Illah, and according to his older brother Iroh displayed a difficult temperament from the moment "he could crawl". When Ozai was a baby, a portrait was painted of him while he was playing on a beach. As he grew up, he became increasingly stubborn, impatient, and ambitious. As result, Ozai's relationship with Iroh was always rather strained, and the two were highly competitive, regularly fighting about the pettiest matters like a game of Pai Sho. Regardless, many dismissed Ozai's aggression as simple temper tantrums by a emotional youth. His ruthlessness and ambition greatly helped him in school, however, and this impressed his older brother, resulting in a short-lived rapprochement. When Iroh later realized that Ozai's temperament stemmed from a deep-seated lack of empathy and brutal ambition, he distanced himself from his younger brother once again. At some point, Ozai, like his father and grandfather before him, attempted to find and capture the Avatar, but failed as they all did. Unlike his grandfather, father, and brother, Ozai was never a general, and so he has not known great military accomplishments aside from being leader of the Fire Nation later in his life.

Eventually, Ozai and his father sought to add Avatar Roku's lineage to the royal family, as the Fire Sages predicted that doing so would yield a more powerful bloodline. The two traveled to Hira'a and tracked down Ursa, the granddaughter of the past Avatar. After a short introduction by his father, Ozai proposed to Ursa and she agreed. However, when they prepared to travel back to the capital city, a commoner blocked their way, demanding to release Ursa. Azulon ordered their bodyguards to deal with him, but after a short struggle, Ursa pleaded with Ozai to call off his soldiers' attack, securing the man's safety, and let her talk to the man to get him to go home. After being called "My Love" by his future wife, the prince complied to the request. After the man was told off, the group continued their journey back to the capital.

## Marriage and early family life

Ozai and Ursa were later married, and during the following banquet the prince told his wife about her new duties. Much to her shock, he explained that she had to sever all ties to her past life in accordance with the old traditions, including family and friends, in order to completely devote herself to her new duties and the royal family. Ozai happily kissed Ursa, saying that she now belonged to him. After their wedding, they had two children together: Zuko and Azula. However, when Zuko was born, his parents were not sure if he was a firebender, as he lacked "that spark in [his] eyes". Considering what a "shame" it would be for a prince of the Fire Nation to have a nonbender as firstborn, Ozai planned to cast his infant son from the palace. However, Ursa and the Fire Sages pleaded with Ozai to give Zuko a chance, and the prince eventually gave in.

The young family made frequent vacations to Ember Island in order to relax. On a vacation around 87 AG, Zuko nearly drowned in an attempt to help a turtle crab. When the tides were pulling his son further into the sea, Ozai dove in the water and rescued Zuko, who spent the remainder of the day in the care of his mother, recovering from the experience. Ozai would later muse that he had attempted to be a good father in his children's early years.

## Deteriorating relationship with Ursa

Aware of his wife's longing for her previous life, he had ordered her servant, Elua, to file away all the letters Ursa secretly attempted to have someone smuggle outside the palace. However, one day when he was training, the elderly woman came to him with a letter that she felt needed the prince's attention. After he read it, he yelled out the impossibility of the secret the writing contained, and crumpled the letter in his hand.

Consumed by the information he had learned from Ursa's letter, he grew even more bitter toward his wife and oldest child. He called a Yuyan Archer, Vachir, to the palace and ordered him to travel to Hira'a in order to kill Ikem, Ursa's former boyfriend.

Months later, during a family dinner, Ozai listened to Azula's animated recollection of how she showed up her firebending teacher, Master Kunyo, much to the latter's displeasure. He sided with his daughter when she posed that Kunyo was wrong about how one creates the biggest fire blast, noting that he would send the firebending teacher to the colonies. When Zuko tried to speak in Kunyo's defense, however, Ozai snapped at his son, telling him he had no right lecturing Azula about firebending, considering that even though she was a year younger, she was already more advanced in the bending art. Ozai went on, telling him that he was not even sure that Zuko had been a bender at first, and that he had been lucky his mother and the Fire Sages had come to his rescue, as he had been planning to cast him over the palace wall for being a nonbending disgrace to him. He finished by telling Zuko that Azula "never [had needed] that kind of luck", and that "[he had been] lucky to be born". At that moment, a palace servant alerted Ozai to the return of Vachir, and Ozai promptly left the room.

Ozai met Vachir on one of the palace balconies and listened to the Yuyan Archer's recollection of his adventures. The prince was informed that Vachir had failed to track down Ikem, as the man had disappeared in Forgetful Valley, where he was assumed to have perished on his own. Ozai, however, was not satisfied with this, deeming it all to be conjecture. He dismissed the archer, commanding him to resign from the Yuyan Archers, as his failure made him unsuitable to be part of the elite fighting group.

Afterward, Ozai went down to Ursa's quarters and confronted her about the letters she had sent Ikem, reminding her that she was supposed to forget her old life and that any communication with her past life was treasonous. Even though he deemed Zuko to be evidence of her treacherous act, he stated he would not kill the boy, proclaiming himself to be merciful. However, he took pleasure in informing his wife that he had sent an assassin after Ikem and that he had been successful, breaking her heart. When Ursa told Ozai that Zuko was indeed their son, Ozai replied that he had already known that, as he had sent spies to keep an eye on Ursa months before their wedding, but was angry as to why she would write such an obvious lie. When Ursa replied that she wished for Zuko not to turn out like Ozai, the prince said he would be sure to treat their son like that "of a treacherous dog", and every time he would wound Zuko with harsh words, he would be "fulfilling his mother's wish".

## Coronation

About eight years before Avatar Aang was found in the iceberg, Ozai's older brother Iroh began the six-hundred-day Siege of Ba Sing Se, the Earth Kingdom capital, which ended when Iroh's only son, Lu Ten, died in battle. This led Ozai to request that his father, Fire Lord Azulon, revoke Iroh's birthright as crown prince, allowing Ozai to inherit the throne instead of Iroh. Ozai explained that without an heir, the line of Fire Lords would end with Iroh, while Ozai still had two children. Azulon became furious, refusing to betray his firstborn son's right to the throne. As punishment, Azulon ordered Ozai to kill his own son, Zuko, so he would understand Iroh's pain.

Ozai retreated to his own chambers to wait for Zuko to fall asleep. Ursa pleaded with him to spare Zuko's life, but Ozai countered that he had no choice, since it would be treason to refuse the Fire Lord's command. As a last resort to save Zuko, Ursa offered Ozai what he desired most in exchange for Zuko's life: the Fire Nation throne. She concocted an untraceable color- and odorless poison and turned it over to Ozai to do "whatever [he wished]". Ozai agreed to this on the condition that his wife would leave the palace, believing he too might otherwise be poisoned one day. Ursa tried to take Zuko and Azula with her, but Ozai assured her they would be safe in his hands as long as she kept her word, and threatened to hunt them all down should she try taking their children. Shortly thereafter, Ursa made the poison and turned it over to him, and he sneaked into Azulon's room that same night to end his father's life with it.

The next morning, Azulon was found dead in his bed. His cremation took place a little later, and while Ozai and his two children were present, the Fire Sages announced Azulon's alleged dying wish; that Ozai would be his successor. The High Sage subsequently crowned the former prince Fire Lord, whereupon those present hailed him as their new ruler and bowed to him.

## New plans

Despite familial ties, Zuko bore the brunt of his father's cruelty. Two years prior to Aang's discovery at the South Pole, thirteen-year-old Zuko, his eldest and least favored child, spoke out in Ozai's war room against a general's plan to sacrifice novice troops in pursuit of victory. Angered by his impudence, Ozai demanded Zuko duel in an Agni Kai, not with the general whom Zuko had disrespected, but with Ozai himself. Seeing the Fire Lord in the arena, Zuko fell to his knees, pleading for forgiveness and refusing to duel his own father. For this perceived cowardice and disrespect, Ozai badly burned the left side of Zuko's face, permanently scarring him. He subsequently exiled Zuko from the Fire Nation, under orders not to return until he had done the impossible: capture the long-lost Avatar, who had been missing for nearly a hundred years. This was meant to be an easy way of getting rid of Zuko, as all previous Fire Lords failed to find the Avatar. With the Avatar's sudden reappearance as the twelve-year-old airbender Aang, Ozai became more aggressive in his pursuit of victory. Distrusting his son's competence, he promoted Zuko's rival Zhao from Commander to Admiral to increase his chances of capturing the Avatar. Admiral Zhao was thwarted in his mission by Ozai's brother Iroh, who committed treason in an effort to stop Zhao from killing the Water Tribe's patron Moon Spirit. Ozai expressed distaste at what he saw as his brother's treachery and son's failure by giving his daughter, Azula, the task of capturing both Zuko and Iroh.

After the successful Coup of Ba Sing Se, Ozai had almost successfully taken control of the world. Eventually, he spoke with his son Zuko, who had regained his honor by supposedly "killing" the Avatar, and helping Azula to conquer Ba Sing Se. This was the first and only time when Ozai felt proud of his son.

## Drastic measures

In a war meeting with his generals, the day before the eclipse, Ozai learned from Zuko that even though the Earth Kingdom had been officially conquered, its citizens would not accept defeat as long as they had hope. Following Azula's recommendation, Ozai concluded that the only way to end Earth Kingdom resistance was to use the power of Sozin's Comet to completely burn it to the ground, as had been done with the Air Nomads one hundred years before.

During the eclipse on the Day of Black Sun, Ozai evacuated the Capital City in preparation for the invasion and hid in a heavily guarded underground bunker. Zuko showed up and demanded permission to speak to his father. Ozai granted his request, amused that Zuko chose the eclipse to confront him. Zuko revealed that Azula shot down the Avatar and that she claimed he did it because the Avatar was in fact still alive. Ozai was infuriated and attempted to attack Zuko, but stopped when Zuko pulled out his dual dao swords against his father's disabled firebending. Zuko told him that he was done trying to earn his love, knowing that the very man who banished him and scarred him was not worthy of his love. Ozai said that it was to teach him respect, but Zuko denied this, saying it was cruel and wrong. Having had to learn everything on his own, Zuko now realized that the Fire Nation was unfit to rule the world and needed to return to harmony with the other nations. Ozai laughed at this declaration, remarking that Iroh had gotten through to him. Zuko went on to say that he would free Uncle Iroh from jail and help the Avatar defeat Ozai, prompting him to declare Zuko a full-blown traitor. Zuko refused to fight Ozai because he knew that fighting the Fire Lord was the Avatar's destiny, not his. Ozai, however, distracted Zuko by offering to tell him what really happened to his mother.

Ozai revealed to Zuko that his father, Fire Lord Azulon, had indeed commanded Ozai to kill him, and that he would have done it had Zuko's mother not found out and interfered. She had proposed a plan to have Ozai spare Zuko's life by giving the throne over to Ozai through Azulon's downfall. However, Ursa "committed vicious, treasonous things that night" and was not killed, but banished as a result, making Zuko realize that she may still be alive. Ozai decided that "banishment [was] far too merciful a penalty for treason" and, sensing the eclipse outside had ended, tried to kill Zuko with a powerful display of lightning generation. However, he was not aware of Zuko's ability to redirect lightning, which Zuko used to send the bolt right back at Ozai, slamming him against the wall and leaving him to seethe in anger as Zuko fled the Fire Nation to join the Avatar.

## Phoenix King (100 AG)

When Sozin's Comet arrived, Ozai crowned himself Phoenix King, the ruler of the world, and left Azula as his successor as Fire Lord. He later departed with his fleet of Fire Nation airships for the Earth Kingdom to carry out his plans. When he reached the Earth

Kingdom, he began his attack but was quickly repelled by Avatar Aang, who destroyed his airship.

## Battle at Wulong Forest

Ozai prepared to battle with the Avatar for control of the world, declaring that the universe had delivered Aang to him "as an act of providence", while his father, grandfather, and son had all failed to capture the Avatar. Aang asked Ozai to stop the Hundred Year War, but instead, Ozai began his attack.

For much of the battle, Ozai had an advantage due to the power of Sozin's Comet enhancing his already powerful firebending. Aang was at a great disadvantage due to his unwillingness to harm or kill the Fire Lord. Eventually, Ozai overwhelmed and cornered Aang, whom he proceeded to mock for having such a peaceful nature and for being the last of his race.

Determined to finish off the Avatar, Ozai accidentally unblocked Aang's seventh and final chakra, prompting him to enter the Avatar State. While in this state, Aang easily gained the upper hand. Using a combination of all four bending arts, Aang went on the offensive. Though he tried to defend himself, Ozai quickly realized he no longer had the upper hand, and was forced into a fighting retreat. Eventually, Aang caught up with him and pinned him down before preparing to deliver the final blow. Before it could be delivered, Aang regained control and voluntarily left the Avatar State, still not willing to kill Ozai to win. Instead, Aang used an ancient type of bending power, energybending, to strip Ozai of his firebending forever, ending the fight peacefully without any casualties. Sokka, Toph, and Suki later arrived and taunted Ozai, powerless and weary from Aang's new ability, calling him the "Loser Lord", "Phoenix-King-of-Getting-His-Butt-Whooped", and "King of the… Guys… Who Don't Win?", respectively.

## Imprisoned

With the war over and Zuko crowned the new Fire Lord, Ozai was transported to the Capital City Prison, located near the Royal Palace, where Iroh was once held. Zuko later visited him, saying that his banishment set him on the right path, and that Ozai could use his time in prison to reflect on his actions, let go of his pride, and allow remorse to show him the path that Zuko spoke of. Fire Lord Zuko promptly demanded that Ozai state Ursa's whereabouts, but he did not answer this question. Instead, he taunted Zuko about the stresses a Fire Lord could face while in office, and he expected Zuko to return soon to seek his help. Following his imprisonment, most of Ozai's loyalists were removed from their offices by Zuko, minimizing his influence within the nation. However, some revisionists actively sought to reinstate Ozai as Fire Lord, including the "New Ozai Society", though ultimately, these attempts failed.

A year after the Hundred Year War, Ozai's prediction proved correct as Zuko returned to him seeking advice on how to rule the Fire Nation and still be able to sleep peacefully. Enjoying the fact that his son came groveling back to him, Ozai told a story about Zuko's childhood where his son's indecisiveness over which animal he would save, a turtle crab from being eaten or a hawk from starvation, caused him to get into trouble when a wave washed him to sea. When Zuko did not understand why his father told him the story, Ozai simply dismissed the Fire Lord and ordered him to come back the next day with more tea.

When Zuko returned with more tea, Ozai explained to him that the lesson to be learned from the memory was that there was no wrong or right in the world, as whatever the Fire Lord decided to do, was right by definition. When Zuko refused to see this and was set on going through with the peace talks with the Earth King, Ozai predicted that they would fail as the previously weak Earth King would be set on showing the world that he could be a strong and decisive ruler by leading his armies to the gates of Yu Dao. Zuko rejected Ozai's predictions again, which led the former firebender to the conclusion that Zuko trusted the Avatar more than he trusted himself. Sickened by this display of weakness from his own son, he demanded that Zuko leave his presence.

After the solution of the Yu Dao crisis and the collapse of the Harmony Restoration Movement, Zuko again began his pursuit of information about Ursa's whereabouts. Because of Ozai's uncooperative behavior in this regard, Zuko requested help from his sister. Subsequently, Azula was placed in adjoining cells with her father, though they did not speak with each other for half an hour. When Zuko noticed that, he came to bring them tea, in an attempt to make the situation more enjoyable. Azula grabbed hold of the tray with her teeth, however, and subsequently made Zuko fall over. This scene caused Ozai to grin satisfied, but nevertheless, he remained silent. After a short struggle, Azula told her brother that she wanted her and their father to have a dignified conversation in private. To Ozai's surprise, Zuko gave in to this request. During their following conversation, Ozai told his daughter of his past with Ursa and her letters from Ikem, information that could serve as an opportunity for Azula to take the throne from Zuko.

Ozai was later visited by Ursa in his prison during the latter's visit to the Fire Nation Capital. Angered by her appearance, he vowed to hurt her and everyone she loved. His threat left her unfazed, however, as she simply retorted that, while he tried to be "big", he had a small heart and no room for love for anyone, including himself. Ozai commanded her to grovel, but Ursa ignored him and left.

---

Qin gasped!

Qin: That is just horrible that he was going to do all kinds of unspeakable crimes!

Nico: His crimes were completely unforgivable.

Me: The entire war was. For 100 years, there was nothing but fighting, fighting, fighting.

Zuko: But we brought an end to my evil fathers reign of terror and made sure that he could never hurt anyone again.

Azula: Good riddance.

Kiyi: You said it.

Ursa: I will never accept that monster as my husband.

Lori: I wouldn't either. Ozai is literally the devil in human form.

Me: Here we are.

We arrived at Ozai's cell.

Guard: Hello J.D. sir. Here to visit Ozai?

Me: Yep. We're here to show Qin here what he looks like and what the true face of evil looks like.

Guard: I see.

He opened the door and we went in.

We saw Ozai sitting in his cell.

Me: Hello Ozai. Been a while since we talked.

Ozai: I should be glad you're all here.

Zuko: Boy J.D., you weren't kidding when you said that Kiyi left her mark on him.

Me: Yep. She's a strong Firebender. I got a very strong sense of poetic justice that day.

Iroh: At least we now saw his true colors.

Me: Yep.

Qin: So you are Ozai. I can't believe that you were responsible for all those terrible crimes.

Ozai: And all the lands should've been all Fire Nation.

Qin: But killing millions of innocent people is never right!

Me: That's right Ozai. Nothing good ever comes out of war. All it brings is death, chaos, destruction and pain.

Ozai: I was the Phoenix King! You are nothing compared to me!

Me: Not anymore. You don't have your Firebending anymore and now you are forever condemned to rot here for the rest of your natural life.

Qin: That's right!

Me: By all accounts, we should've just killed you. But you should consider yourself lucky that Avatar Aang spared your life. I think having you sit here in prison is an appropriate punishment.

Nico: (to Ozai) You know what's ironic? You taught Zuko everything there is about Firebending. And he used what you taught him to help Aang defeat you. Have fun thinking about that as you rot in here for the rest of your life. (mockingly) Bye, Felicia.

Me: You watch too many comedy movies. But Ozai, if you ever threaten anyone ever again, we will finish what Avatar Aang started and kill you.

We left the prison.

Arixam: Now that we got threatening Ozai, out of the way, how about we explore more of the Fire Nation?

Me: Good idea.

We went back to Earth.

---

Later we went to the Fire Nation and we were watching an awesome play that is widely known around the place. It was called Love Amongst the Dragons.

---

The play features the Dragon Emperor, bound to mortal form by the Dark Water Spirit, and forced to adopt the alias of Noren. The humble experience results in Noren falling in love with a mortal, and through this love he is able to break free of his curse. The play concludes with Noren defeating the Dark Water Spirit and embracing his mortal girlfriend, revealed to be the Dragon Empress.

---

Jake Long: I wonder if this play will be good.

Ursa: It sure is. This is how I got the part in the play a long time ago.

Me: I didn't know you were in this play Ursa.

Zuko: Mom told me so much about that.

Azula: It was an amazing thing.

Kiyi: That's amazing mommy!

Laney: This is gonna be amazing!

Aang: I hope it's better than the last play that was about me and my adventures.

We watched the play and it was an amazing performance. It was just as good as Ursa said it was and it was phenomenal!

When the play was done we cheered.

Me: BRAVO BRAVO BRAVO!

Varie: That was so amazing!

Reflector: That was a really good play.

Zuko: It's always a really good play.

Laney: But it was really amazing.

First Aid: There seems to be one based on your adventures.

Aang: NO!

Me: Huh?

Marinette: What?

Katara: Trust me. You do not want to see that play.

Troy Burrows: Why not?

Toph: It's really horrible. Even when I was blind, I saw how atrocious it was.

Jenny Wakeman: Is it really that bad?

Zuko: It is. It's a mockery of everything we went through.

Lincoln: Whoa!

Nico: It must be really bad.

Me: I think that's an understatement. Let me see here.

I looked it up and it was not a pleasant thing.

Me: Here it is. It's called The Boy in The Iceberg and it's about all of the adventures of Aang and Team Avatar. But it ends in tragedy.

I looked at the plot.

---

The Boy in the Iceberg is a play created by acclaimed writer Pu-on Tim and performed by the Ember Island Players. Carefully researched, the play follows Team Avatar's journey in helping Avatar Aang master all four elements. Pu-on Tim's sources include singing nomads, pirates, prisoners of war, and a cabbage merchant.

The play begins with Katara and Sokka finding Aang in the iceberg. It progresses to Team Avatar's escapades in the rural Earth Kingdom, Northern Water Tribe, Ba Sing Se, and the assault on the Fire Nation Capital. The play also exhibits Fire Nation propaganda and ends with the defeat of Aang and Zuko, resulting in the subsequent victory of Ozai and the Fire Nation.

Awake for days at a time during pre-production, Pu-on Tim, who often described the experience of following the Avatar as a "painful and blurry dream", was almost driven to insanity while writing The Boy in the Iceberg. It was as if he had managed to talk to every person with whom Aang had come into contact, likely over the weeks Tim spent on the road researching leads and tirelessly following Aang. These seven months of information-gathering ultimately accumulated hundreds of scrolls filled with notes about the Avatar.

Play

There are three acts separated by two intermissions.

## Act I

Boy in the Iceberg play

Katara and Sokka's discovery of Aang is the play's first key scene.

Katara and Sokka release Aang from the iceberg and discover he is the Avatar.

Zuko and Iroh search for the Avatar.

Aang finds Momo at an air temple.

Sokka asks Suki, the Kyoshi Warrior, if his Kyoshi Warrior dress makes his butt look too big.

Aang must answer Bumi's riddles if Team Avatar is to leave Omashu.

Katara steals the waterbending scroll from pirates.

Zuko captures Aang, but the mysterious Blue Spirit saves the Avatar.

Jet wipes out the "nasty town" for Katara.

A disinterested Team Avatar flies over the Great Divide.

Sokka says goodbye to Yue as she departs to become the moon.

The Avatar transforms into Koizilla and defeats the Fire Nation armada.

## Act II

The Avatar finds an earthbending teacher, Toph, a muscular blind man who sees by releasing a "sonic wave" from his mouth.

Zuko and Iroh split up after an argument over Zuko's hair.

Team Avatar, Zuko, and Iroh confront Azula, but she escapes by distracting Zuko.

The drill tries to penetrate the walls of Ba Sing Se.

Jet is hypnotized by Long Feng and attacks Team Avatar, but he is killed by a falling rock.

Katara admits her romantic feelings for Zuko while imprisoned with him in the Crystal Catacombs.

Azula challenges Zuko to choose his country or treachery. Zuko chooses his country and pushes Iroh down, yelling that the latter smells and that he hates him for all time.

Mai and Ty Lee defeat a pair of royal guards. Aang enters the Avatar State, but is shot down by Azula's lightning.

**Act III**

Aang killed

Aang is killed by Ozai, securing total victory for the Fire Nation.

Team Avatar infiltrates the Fire Nation after Aang's recovery.

Katara becomes the Painted Lady.

Sokka acquires a sword.

Combustion Man dies.

The Fire Nation is invaded.

Zuko joins Team Avatar.

The Fire Lord plans to use the power from the Comet to fight the Avatar.

Azula and Zuko battle; Zuko loses.

Ozai and Aang battle; Ozai defeats Aang.

Ozai achieves total victory and the Fire Nation conquers the world.

Differences in the plot

Katara used waterbending to break open Aang's iceberg.

It is Zuko, not Zhao, who captures Aang at Pohuai Stronghold. The Avatar is later saved by the Blue Spirit, a separate character from Zuko.

Team Avatar did not stop at the Great Divide.

Zuko split from Iroh in the Earth Kingdom after an argument about his hair.

Azula escaped Team Avatar, Iroh, and Zuko at Tu Zin by pretending to see Zuko's honor in the distance.

During the Comet-Enhanced Agni Kai between Azula and Zuko, she ends up killing her brother.

Ozai wins the battle with the Avatar.

---

Me: This is all horseshit. The setting and plot of most of it is very accurate, but some of it is an atrocity to the name of the Avatar.

Aang: I agree.

Nico: Whoever made this entire play has failed the Fire Nation.

Zuko: Yep. I agree. That's why I ordered for that play to be banned.

Me: That's good Zuko.

Lana: That play was made by a sicko.

Naruto: I agree with you Lana.

Me: But the Love Amongst the Dragons play was a masterpiece. I'm no critic but I give it 5 stars.

Everyone agreed with me.

Lincoln: It would win a Tony Award.

Me: I can't argue with that.

Everyone agreed.

---

Back at the Estate, we were sleeping. It was in the early morning hours that I had a dream about my adventure in the world of Seraph of the End. It was like what I experienced before. But I was an astral projection this time. It was a powerful and majorly brutal fight from what I was seeing. It was like something out of a post-apocalyptic war movie. It was a powerful and brutal fight between the humans led by Yuichiro Hyakuya and the vampires led by his brother Mikaela Hyakuya. Mikaela was a powerful and skilled swordsman as I remember when I faced him. It was a powerful fight that left much of Apocalypse-Wasted Japan. I saw where my dream had taken me and it was on another Earth in another Universe located in the Pinwheel Galaxy.

I woke up at 8:00 AM and went down for breakfast. As we were having breakfast, I told everyone my dream.

Nico: So you had that Apocalyptic Wartorn Japan dream again.

Me: I sure did. That dream was telling me where it was located here in our universe. I was taken to another universe when I fought Mikaela the first time.

Maria: I think you faced Mikaela in a dream about a week after I first joined you guys.

Me: Yes I did. That was amazing.

Nico: What happened in that world?

Me: It was completely ravaged by a manmade virus that killed most of humanity except for kids under the age of 13.

Everyone gasped.

Lincoln: I remember that! That was terrible!

Nico: So it's a post-apocalyptic Earth that is on the verge of destruction because of evil vampires out to kill them.

Me: Bingo. It's not gonna be safe there for the humans anymore. Our best chance is to go there and gather all the vampires in one place and blow them all to dust. And we can bring Yuichiro and the survivors here to Earth where they can start lives anew.

Laney: That's a really good idea.

Lana: I'm all for it.

Yumi: Count me in J.D.

Lola: Lets do it!

Brittney: This is gonna be awesome.

Me: It is. Lisa, deploy the U.S.S. Valorous Phoenix!

Lisa: Affirmative!

We got into the ship and we were off to the Apocalyptic Earth in the Pinwheel Galaxy.

---

The U.S.S. Valorous Phoenix was flying through the endless reaches of space.

Me: Captain's Log, Stardate 2791.3: The U.S.S. Valorous Phoenix is en route to a Post-Apocalyptic Earth where humans and vampires are fighting in a massive war. This was is for the humans rights to survive and repopulate the planet after it was destroyed by a terrible virus that destroyed much of humanity. Our mission is to kill all the vampires and bring them to our Planet Earth where they will have a new home.

Qin: This is gonna be really tough.

Me: It sure is.

Qin: Brittney, how did you all form the Goths of Darkness?

Brittney: Well Qin, it was a group I created where we use the powers of darkness and vampires to fight for good. We are called the Goths of Darkness because we are gothic people that hate everything and embrace the darkness of despair and sadness to fight good. Also we wear these awesome rings that show that we are part of it.

Brittney had an awesome ring on that was shaped like a Crescent Moon with a Star of Satan in it and it was around black fire.

Qin: Amazing ring.

Yumi: It sure is.

Haiku: Being a goth has its perks.

Lucy Loud: It sure does.

Maggie: I've always been a goth ever since I was little. The only emotions I've ever known are darkness and despair.

Raven: I can relate to that.

Me: One of these days, we'll have to have the entire young morticians club join the Goths of Darkness. I'm sure they would be perfect for the team.

Brittney: That's a great idea dad.

Juleka: I recently joined the Goths of Darkness because of my gothic style.

Brittney: That's right. When we met in Paris, I could tell that you embraced the Gothic Subculture at a young age like me.

Juleka: Looks like we have something in common.

Luka: That's my little sister for you.

Lisa Loud: Captain, we have appeared to have arrived at our destination.

Me: On screen.

On the view screen we saw the Post Apocalyptic Earth and it was a strange place. But it was still a ravaged place.

Me: Wow. This planet looks like it went to hell.

Nico: No shit. It's hard to imagine that it was ravaged by a manmade virus.

Me: Well lets land and help them out.

We landed and we were getting ready.

Me: Here we go guys.

Shaggy: Like speak for yourselves! We're not going out there if our lives depended on it!

Scooby Doo: Yeah!

Laney: You two are just a couple of chickens.

They started clucking like chickens.

Me: What a couple of wusses.

Nico: Would you two do it for some new Chocolate Chip Cookie Dough Scooby Snacks?

Shaggy: Like, Chocolate Chip Cookie Dough!? Oh boy!

Scooby Doo: Ro boy!

Nico gave them two Scooby Snacks each and they ate them and they were tasty. They were really good!

Shaggy: Those were delicious!

Scooby Doo: Ruh huh!

We went outside and we saw that the city of Tokyo was rotting away and all of nature was trying to reclaim the land by rotting the buildings away.

Me: Wow.

Varie: This is terrible. I can't believe this all happened so quickly.

Laney: No kidding. Everything J.D. told us was all true.

Lisa: Affirmative.

We went and explored and we saw that the whole city was decaying. It was a terrible sight.

Kira Ford: This is awful.

Ethan James: I can't believe all this happened on this world.

Connor McKnight: But where is everyone?

Me: My scans are picking up life signs but they aren't showing anyone in the area. But I have a perfect way for us to kill all the vampires in one fell swoop.

I pulled out a phial full of a black liquid.

Me: This phial has a virus created by the Nightstalkers. It's called Daystar. A powerful biological weapon designed to kill all vampires on contact.

Yumi: Whoa!

Lucy Loud: Gasp!

Me: Don't worry, I'm only gonna use it on all the vampires here in one spot and then, once they're all down, I'm gonna blow them all into ashes with the Superlaser from our ship above.

Nico: I like that plan.

Lincoln: Isn't Blade part of the Nightstalkers as well?

Me: He sure is. He gave me this virus just in case. All the peace talks with vampires on our Earth have failed and we were going to destroy them all. But I was against that and Blade gave me this for this purpose.

Vince: Good thinking.

Rachel S.D.: That's a great idea. But you better be careful.

Me: I know.

I put the phial in my trench coat pocket and then we heard an explosion.

KRABBBOOOOOOMMM!

Me: Looks like a fight is going on! Lets go!

We got to a city bridge and we saw a huge fight between a bunch of humans and vampires and they were also fighting MIKAELA HYAKUYA!

---

At some point in the Dark Ages of Greece, Noya, Ashera and Krul looking at the corpse of a "Mikaela", whom what all of them were meant to become but failed. A young Yu looks from afar having taken interest in what all of them been doing. Ashera confronting Yu gently stating he isn't supposed to be here due to Sika Madu orders. Yu is still interested as seeing that everyone being here, wanting to know their doing claiming if there is a fun toy.

Noya tells Yu he could call it a fun toy when Yu believes it to be that, annoying Krul which she gently also tells Yu to keep what he saw a secret, but the young boy doesn't know the meaning of secret, telling Noya they would be in trouble now that Yu have seen them. Noya isn't concerned about that that their secret is still safe, questioning Noya's idea, and Noya helps him see what is in the coffin before killing Yu. Angering them both, but Noya isn't concerned in the least, being a forbidden room and all and states that Sika Madu wouldn't notice them adding that he will just create more Yu's. It is unknown what they were trying to do with the "Mikaela" at that time.

21st century

When Mikaela Shindō was a child, his parents abused him. Eventually, they "grew tired of him" and threw him from a moving vehicle. Since he possessed the seraph gene, the Hyakuya orphanage picked him up afterward. He was one of the children that were being experimented on by the religious Hyakuya Sect to create a weapon of mass destruction, as part of the "Seraph of the End" plan in destroying the world.

---

Me: Whoa! What a fight.

Nico: Looks like we got here just in time.

Lincoln: We sure did.

Me: Lets help them out guys!

We flew at them!

Yuichiro: Mikaela. Your reign of terror ends here!

Mikaela: We'll see about that brother.

Then a massive fiery explosion formed in the area and a phoenix cry was heard and it burned many vampires into dust on contact!

We landed and we stood ready to face him.

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

Me: Hello Mikaela.

Mikaela: So you all are the famous Team Loud Phoenix Storm.

Me: That's right. And we have come here to destroy all the vampires on this planet and bring the Human Survivors to our Earth.

Mikaela: You can't do that! We need humans for food! Their blood is what keeps us going!

Me: Do you honestly think I give a flying fuck about what you think?

Laney: What you all are doing is wrong on so many levels!

Lana: Yeah!

Yumi then noticed that Ulrich was missing!

Yumi: Guys, Ulrich is gone!

Me: Huh?

?: (Transylvanian Accent) He's with me now!

We then saw a figure come out and it was COUNT NOCTURNE from episode 40 of Power Rangers Turbo!

---

Count Nocturne was created by Divatox when she wrapped her tongue around a passing lunar space bat. When Carlos was wandering through the park alone, he sent Piranhatrons to ambush then flew down to the park at night and bit him, turning him into a vampire and he slowly began to take on the characteristics of a vampire. When Divatox realised Justin was catching onto the vampire scheme too quickly, she sent Nocturne and some Piranhatrons to bite all the almost got his chance but TJ and Cassie easily defeated the help and he was forced to flee as they approached. However, the Rangers began suspecting he had infected Carlos. While trying to obtain blood at the Blood Drive that was held at the high school, T.J. and Ashley teleported him to the Power Chamber, where he received a temporary antidote. The alarm went off as Nocturne had apparently attacked Cassie and Justin in the Park so they morphed to help thier friends.

The Rangers then took on Count Nocturne at the park,where he hoped to get Carlos back on his side again. When that failed, he tossed down his former slave and blasted the Rangers with his fire breath. The Rangers blasted the Count with theTurbo R.A.M ., but as always, Divatox made him giant, and the Rangers took him on in the Rescue Megazord, but the main torso sustained damage. The Rangers switched to the Turbo Megazord, but the Count locked up the Megazord in chains before multi-slashing it with his claws, causing critical damage to the arms and legs. As Nocturne's power grew stronger, Carlos was more in danger of falling under the Count's spell once again, but Carlos came up with the idea of combining the remaining undamaged zords to defeat the monster. The Rangers were able to knock the monster down with the Turbo Megazord's Headlight Blaster, then created the Rescue Turbo Megazord, using Red Lightning and Mountain Blaster from the Turbo Zords with Thunder Loader, Star Racer and Wind Rescue from the Rescue Megazords to create the Rescue Turbo Megazord . Using this new combo, they sliced apart Nocturne's weapon, and on Carlos's command, used Artillery power to destroy the monster, freeing Carlos from the evil spell.

---

Carlos Vallerte: Count Nocturne!

Count Nocturne: Its been a long time Carlos my old friend.

Me: I remember this guy! He turned you into a vampire Carlos!

Carlos: Yeah he sure did. And I will never forget that.

Count Nocturne: You've all been watching me on TV huh?

Me: We sure have.

Count Nocturne: Like what I did to your friend here.

Out came Ulrich and he had fangs and red eyes!

Me: Ulrich? You turned him into your slave!

Count Nocturne: Yes I did and he'll make a fine servant for me.

?: Don't forget us.

Two figured came out and we saw THE GOLD AND SILVER BROTHERS - KINKAKU AND GINKAKU!

---

The Gold and Silver Brothers were the ones who attacked Tobirama Senju, the Second Hokage, and A, the Second Raikage, during an alliance meeting and tried to steal the Nine-tails for themselves. Later they were eaten by the Nine-Tailed Demon Fox and the brothers ate the meat inside the demon fox to stay alive but they acquired a piece of the fox's chakra. They were rumored to be distantly related to the Sage of Six paths due assimilating a piece of Kurama, the Nine-tails' chakra.

They were revived by Kabuto Yakushi to fight in the Fourth Shinobi World War.

Both of them later fought Darui, Samui, and Atsui. They sealed Samui and Atsui into the Benihisago, but Darui managed to defeat Ginkaku and sealed him into the Benihisago. This enraged Kinkaku and caused him to transform into the six-tailed fox form where he proceed to wreak havoc on the army. He was sealed into the Kohaku no Johei after his battle with the First Division. Tobi later appeared captures both of them and fed them to the Demonic Statue of the Outer Path in order to revive the Ten-Tails.

After the defeat of the Ten-Tails jinchuuriki, Obito Uchiha, the Benihisago and Kohaku no Johei were released in the form of the Nine tails chakra. However, it was resealed into the statue again and the Ten-Tails was revived by Madara. Seeing how the tools were a strain on his chest, Madara spits out the tools which fell on Guy and Rock Lee. Tenten decided to seal the tools for later use but Madara broke the seal. After Infinite Tsukyomi was dispelled, Darui managed to release Samui and Atsui but the Gold and Silver Brothers' fates remain unknown. Tenten shown she has possession of the tools in the epilogue chapter, along with the Kokinjou that Kinkaku was wearing upon being sealed, thus raising the question of how it was acquired off of Kinkaku, hinting a possibility he was released and returned to the afterlife alongside his brother like the other Edos.

---

Me: The Gold and Silver Brothers!

Ginkaku: Its been a long time J.D.

Kinkaku: You said it. And you will now pay for killing us in the future.

Me: You two fuckfignewtons brought that on yourselves for stealing the Treasured Tools of the Sage of The Six Paths.

Qin: Who are they?

Me: Those two are the Gold and Silver Brothers, Kinkaku & Ginkaku. They were responsible for an attempted attack on the Second Raikage to get the 9-Tails all for themselves. They ate parts of its stomach.

Qin: YUCK!

Me: I know. I was grossed out myself. They also stole the Six Paths Sacred Treasures.

Qin: What are they?

Tenten: The most powerful tools ever created. They were said to be wielded by the legendary Sage of The Six Paths himself.

Me: They are five of the most powerful and most amazing tools ever made. Said to be powerful artifacts from the heavens.

I went over what they were.

---

The Treasured Tools of the Sage of Six Paths (六道仙人の宝具, Rikudō Sennin no Hōgu), also known as the Six Paths Sacred Treasures (六道の神器, Rikudō no Jingi), are a set of powerful tools said to have once been wielded by the Sage of Six Paths himself. They are considered the most powerful ninja tools, and it is said those who demonstrate their power surpass even the Five Kage. However, their usage consumes an enormous amount of chakra, so much so that a normal human could die if they used them.

The five treasured tools have been handed down in Kumogakure since ancient times. Eventually, they came into the possession of the Gold and Silver Brothers. As the siblings possessed immense chakra reserves and later became imbued with a small amount of the Nine-Tails' chakra, they were capable of wielding the treasures without fatal repercussions. Using these tools, the brothers were able to drive the Second Hokage and Second Raikage to the brink of death when they ambushed them at a peace ceremony. Of the five, Kumogakure only managed to retrieve the Kohaku no Jōhei from the brothers, and the Third Raikage later used it to seal the Eight-Tails whenever it went on a rampage in the village.

Prior to the Fourth Shinobi World War, Kabuto Yakushi reincarnated the brothers, and they were once again given access to the remaining four treasured tools. During the war, they used the tools against Darui, who ultimately managed to seal them inside the Benihisago and Kohaku no Jōhei. Tenten later discovered the Bashōsen and used it to destroy at least one of Kakuzu's masks. At the end of the war's first day, Tobi appeared on the battlefield and took the tools containing the brothers in order to use the Nine-Tails' chakra inside them for his Eye of the Moon Plan, later feeding the tools to the Demonic Statue of the Outer Path to begin its transformation into the Ten-Tails. The two tools were later regurgitated by Madara Uchiha after he became the Ten-Tails' jinchūriki, as he claimed they made him feel heavy; they landed on top of Might Guy and Rock Lee. Tenten sealed the two tools within a scroll, but was unable to use them against the enemy before being caught in the Infinite Tsukuyomi. At the war's conclusion, Darui managed to release the two shinobi the brothers had trapped inside the Benihisago. Years later, the Benihisago, Kōkinjō, and Bashōsen were proudly placed on display in Tenten's weapons shop.

## The Banana Palm Fan

The Bashōsen (芭蕉扇, Literally meaning: Banana Palm Fan) is a large fan that is able to generate all five of the basic elemental chakra natures. To do so, the user need only say a mental command, which produces substantial amounts of the desired element when the fan is waved. In the anime, the fan could also be used as a shield and was able to defend Kinkaku against Darui's Storm Release: Laser Circus.

The Bashōsen is revered as one of the treasured tools of the Sage of Six Paths. All five of the tools consume enormous amounts of chakra when used, so much so that normal humans would die after using the tools for only a short period of time. When the tools later came into the possession of Kumogakure, only the Gold and Silver Brothers had the large chakra reserves necessary to constantly wield the treasures without fatal repercussions. While not in use, Kinkaku had the fan stored within his own body, drawing it from his mouth when needed.

Kinkaku still possessed the Bashōsen when reincarnated by Kabuto Yakushi, but dropped it during battle against Darui. After Kinkaku was sealed away, Tenten found the Bashōsen, and used it in battle at least once - destroying Kakuzu's lightning-element mask - before collapsing due to its high chakra absorption.

After the Fourth Shinobi World War, Tenten placed the Benihisago, the Kōkinjō and the Bashōsen on display in her weapons shop.

## The Crimson Gourd

The Benihisago (紅葫蘆, Literally meaning: Crimson Gourd) is a giant brown-coloured gourd with a red cloth around it. It is able to take a person's word soul (言霊, kotodama, English TV: spirit word) hostage by saying the verbal command "record" (録音しろ, rokuonshiro, English TV: record them). After the word soul has been drawn out by the Kōkinjō and then severed from their body by the Shichiseiken, it is absorbed into the gourd. Completing these conditions "curses" the victim; if they utter the word they have said the most during their life, they will be sucked into and trapped within the Benihisago. Saying a homophone of their most frequently spoken word, or even saying nothing at all for a certain amount of time, will also trigger the gourd's suction. If a victim starts to be sucked into Benihisago, the suction will stop if their most-used word changes. Kurama noted that whatever was sucked into the gourd was sealed away and could not come out, no matter what. It can even keep those brought back with Summoning: Impure World Reincarnation sealed after the summoner releases the technique. Despite this, Darui managed to release Samui and Atsui after attaining the gourd, along with the Kōkinjō that was captured alongside its wielder.

The Benihisago is revered as one of the treasured tools of the Sage of Six Paths. All five of the tools consume enormous amounts of chakra when used, so much so that normal humans would die after using the tools for only a short period of time. When the tools later came into the possession of Kumogakure, only the Gold and Silver Brothers, due to their large chakra reserves, were able to wield the treasures without fatal repercussions. When not in use, Ginkaku used the Kōkinjō to tie the gourd around his neck for easier transportation. When the rope is removed for combat, he must carry the gourd.

Tobi later steals it and allows the Demonic Statue of the Outer Path to devour it in order to acquire the Nine-Tails' chakra from Ginkaku. After Madara Uchiha became the Ten-Tails' jinchūriki, with both Gyūki and Kurama's Yang half fully instilled as part of the Ten-Tails, he spat out both the Benihisago and Kohaku no Jōhei from his body, deeming them useless. They landed on top of Might Guy and Rock Lee. Tenten now keeps it within one of her scrolls. After the Fourth Shinobi World War, Tenten placed the Benihisago, the Kōkinjō and the Bashōsen on display in her weapons shop.

Amber Purifying Pot

The Kohaku no Jōhei (琥珀の浄瓶, Literally meaning: Amber Purifying Pot) is a large pot that had the ability to seal anyone within it, if the target responds when called by the wielder of the pot. If the person responds, the pot records their voice and then seals them. It is similar to the Benihisago in function, but more advanced, as less preparation is required.

The pot has a stylised kanji for "lightning" (雷, kaminari) on it and a thick rope tied around its rim. Kurama noted that it is such a powerful tool that whatever is sealed into the pot cannot escape it, and can keep those brought back with the Summoning: Impure World Reincarnation technique sealed even after the summoner releases the technique. In the anime, it is filled with a dark liquid. The person that is sealed into the pot seemingly merges with the liquid.

The Kohaku no Jōhei is revered as one of the treasured tools of the Sage of Six Paths. All five of the tools consume enormous amounts of chakra when used, so much so that normal humans would die after using the tools for only a short period of time. When the tools later came into the possession of Kumogakure, only the Gold and Silver Brothers - due to their large chakra reserves - were able to wield the treasures without fatal repercussions. According to the Fourth Raikage, the pot was the only treasure that Kumogakure was able to wrest possession of from the brothers.

The Third Raikage used the pot to temporarily seal the Eight-Tails when its jinchūriki lost control of the beast. Darui would later use it in the Fourth Shinobi World War to seal Kinkaku. Tobi was later able to snatch the Kohaku no Jōhei from the Allied Shinobi Forces, and later allowed the Demonic Statue of the Outer Path to devour it, granting it the Nine-Tails' chakra from Kinkaku. After Madara Uchiha became the Ten-Tails' jinchūriki, with both Gyūki and Kurama's Yang half fully instilled as part of the Ten-Tails, he spat out both the Kohaku no Jōhei and Benihisago from his body, deeming them useless. They landed on top of Might Guy and Rock Lee. Tenten kept it within one of her scrolls in hopes to later use it against Madara.

## Golden Canopy Rope

The Kōkinjō (幌金縄, Literally meaning: Golden Canopy Rope) is a thick length of rope. By saying the verbal command "Bind and Draw Out" (しばり出せ, Shibaridase, English TV: squeeze em') it is able to draw out the word soul (言霊, kotodama, English TV: spirit word) of anyone the rope has come into contact with, allowing it to then be severed by the Shichiseiken. The command is not mandatory. The Kōkinjō will not draw out the word soul of its wielder. The item generates an aura that can take the form of additional ropes, giving it a greater range.

The Kōkinjō is revered as one of the treasured tools of the Sage of Six Paths. All five of the tools consume enormous amounts of chakra when used, so much so that normal humans would die after using the tools for only a short period of time. When the tools later came into the possession of Kumogakure, only the Gold and Silver Brothers, due to their large chakra reserves, were able to wield the treasures without fatal repercussions. When not in use, Ginkaku used the Kōkinjō to tie the Benihisago around his neck for easier transportation. In combat, Kinkaku wrapped the rope around his arm to make it easier to hit targets.

The Kōkinjō was sealed in Kohaku no Jōhei along with Kinkaku, which is then fed to the Demonic Statue of the Outer Path to revive the Ten-Tails. The Kōkinjō ended up in Konohagakure after the war, in a weapons store owned by Tenten, with the Benihisago and the Bashōsen.

The Seven Star Sword

The Shichiseiken (七星剣, Literally meaning: Seven Star Sword) is a light blue broad and flat sword with a brown talisman hanging from the bottom. By saying the verbal command "curse" (呪え, noroe, English TV: curse them), it can be used to sever the word soul (言霊, kotodama, English TV: spirit word) of those struck by the Kōkinjō, allowing the soul to be sucked into the Benihisago. Completing these conditions "curses" the victim; if they utter the word they have said the most during their life, they will be sucked into and trapped within the Benihisago. Whatever this word is will be inscribed onto the Shichiseiken's blade. The wielder can fold the blade to prevent the victim from seeing what it is. If their most-used word changes at any point, the inscribed word will be updated.

The Shichiseiken is revered as one of the treasured tools of the Sage of Six Paths. All five of the tools consume enormous amounts of chakra when used, so much so that normal humans would die after using the tools for only a short period of time. When the tools later came into the possession of Kumogakure, only the Gold and Silver Brothers, due to their large chakra reserves, were able to wield the treasures without fatal repercussions. When not in use, Kinkaku stored the sword within himself, drawing it from his own mouth when needed.

Shichiseiken is the only treasured tool whose location is currently unknown, as the other four weapons are in possession of Tenten.

---

Qin: Whoa! Those tools are powerful!

Tenten: They sure are.

Me: The most powerful I've ever seen in the world of Shinobi.

Mikaela: Very interesting.

Nico: I agree.

Me: Shall we fight?

Kinkaku: With pleasure. You and I have an old score to settle J.D.

Ginkaku: Indeed brother.

Me: I'll take on the Gold and Silver Brothers. This time I'm going to make sure that Natsumi gets her chakra that they stole from her back.

Natsumi: Show no mercy J.D.

Me: With pleasure.

Yumi: I'll take on Count Nocturne and Ulrich.

Nico: And we'll take on Mikaela.

Count Nocturne: Now, my slave. Destroy them!

Ulrich: Yes, Count Nocturne.

Emma Goodall: Sorry about this, Ulrich.

Megaforce Rangers: Legendary Ranger Mode: Lightmask Squad!

The Megaforce Rangers turned into the Light Squadron Maskman from 1988.

We went at them and I snapped my fingers. I was was fighting Kinkaku and Ginkaku on the gas giant planet Zymphoquora IX

---

Planet Zymphoquora IX is a gas giant planet located in the Unknown Zone. It is a cold gas giant planet and it is about 23,000,000 miles in diameter and it is the most electrically charged planet in the universe with clouds that produce 20 billion lightning strikes every millionth of a second. The clouds also have a special kind of radiation that enhances chakra 5000-fold. But it only works on those that are pure of heart.

---

I was using my magic to help us stand on the clouds.

Ginkaku: So this is the world you chose for us to fight.

Me: That's right and soon it will be your final resting place.

Kinkaku: We'll see about that. We may not have the treasured tools anymore but we'll take a great thrill in killing you.

Me: We'll see about that.

Kinkaku: Yes we will.

Then they were enveloped in powerful red auras and I felt their power increasing at an incredible rate! Then in powerful vortexes of red chakra they turned into into their Pseudo-Jinchuriki forms and they had 6 tails but one was abnormally longer and larger than the others and they had bulky muscle mass! The level of power they had was incredible!

Me: (Gasp) HOLY SHIT! That is powerful!

Ginkaku: (Beast Voice) **Now you will experience our full power!**

Kinkaku: (Beast Voice) **Yes you will!**

Me: Well I hate to break it to you fuckwads but I am far more powerful than I ever was before.

I then flared up my rainbow aura and released the full extent of my power and I was now in my Super Angel-Ebonwu 100,000 Elemental Phoenix form! The planets radiation enhanced my power 5000-fold and it was a permanent increase.

Ginkaku and Kinkaku gasped.

Kinkaku: **What power!**

Ginkaku: **What is he!?**

Me: (Divine Voice) **I'm your worst fucking nightmare.**

I went at them and I kicked Ginkaku in the face with devastating force and punched Kinkaku in the face and I fired powerful blasts of energy and they enveloped them and obliterated them in massive explosions!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I gathered all the chakra that they stole from Natsumi and teleported back.

---

Battle 2: Count Nocturne

---

Yumi punched Ulrich and kicked him in the stomach and grabbed his arms and the Megaforce Rangers blasted Count Ulrich and he exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Troy Burrows: That's it for him.

Count Nocturne's spell over Ulrich was destroyed and he had a huge headache.

Ulrich: What happened? Ouch! My head.

Yumi: It's okay Ulrich.

Yumi revealed everything and he was shocked.

Ulrich: Oh man! I'm so sorry guys.

Jeremie: It's not your fault Ulrich.

I arrived back and gave the chakra back to Natsumi and she was happy.

Natsumi: Thank you so much J.D.

Me: **You're welcome Natsumi.**

We then went to face Mikaela.

## Battle 3: Mikaela Hyakuya

Now we were facing Mikaela.

Me: **We won't let you get away with all the pain and suffering you've caused to the world Mikaela.**

Ben: Time to fight vampire with vampire.

Ben then turned into a new ultimate alien. He was now ULTIMATE WHAMPIRE! He had a helmet where the ears protrude from it. He is muscular and now his fingers are three that were four before. His skin tone is gray that was white before. His wings are bigger than black and gray. He has a small armor. Ultimate Whampire carries the Ultimatrix in the helmet.

Ben: (Transylvanian Accent) ULTIMATE WHAMPIRE!

Me: **Whoa! An Evolved Vladat!**

Shanan: Wow! That is so cool! I've never seen an Evolved Vladat.

Yumi: First, Count Nocturne. And now, Ultimate Whampire. This is turning out to be a Vampiric adventure.

Lucy Loud: It sure is.

Me: **Lets get him guys.**

We went at Mikaela and he unsheathed his Red Sword and I clashed my sword with his and it was a powerful and violent sword fight and we were clashing with a powerful level of power. Nico kicked Mikaela in the face and I punched him in the stomach and Lincoln punched him and fired a powerful blast of lightning and electrocuted him all over and Shinoa slashed Mikaela with her scythe and burned him all over and Yuichiro slashed him all over with his sword and Laney fired powerful blasts of fire and poison barbs at him and burned him and skewered him. I fired powerful blasts of fire, light, darkness and crystal at him and the blasts hit him and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Mikaela Hyakuya, you have failed this city!

Nico punched him and May fired a powerful blast of ice and froze his leg off. I punched him in the face and slashed him with my Wolf Fire Scythe and kicked him in the stomach and Carol fired a powerful blast of atomic energy with Godzilla's spiral ray and it blew much of the area apart in a massive explosion of fire.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ultimate Whampire fired powerful blasts of darkness and dark fire and they hit Mikaela and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM

Me: **Lets finish this fuckweed off for good!**

Reflector: With pleasure! CYBER KEY POWER!

The Earth Cyber Planet Key went into Reflector's back and enhanced his flash explosion ability 100-fold.

Arixam: Time for some Water Power! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into Arixam's right arm device and it enhanced her powers 100-fold. She formed her water into Cybertron Snarl in Wolf Form!

Reflector and Arixam: VERTIGO WOLF BITEBLAST!

Reflector fired a powerful light blast from his camera mode and it made Mikaela dizzy and Arixam bit Mikaela and boy did it really hurt.

First Aid: Time for some action! CYBER KEY POWER!

The Autobot Cyber Planet Key went into his back and enhanced his Decrystalizer cannon 100-fold.

Jake Long: Time for some dragon power! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into his right arm device and enhanced his dragon powers 100-fold.

First Aid and Jake Long: CRYSTAL DRAGON MEGAFIRESTORM!

Jake Long fired a powerful blast of fire and First Aid fired a powerful Decrystalizer blast and the blasts combined and they hit Mikaela and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: **Lets finish this monster off for good!**

Yuichiro: With pleasure J.D. Mikaela, I will respect the man you were as my brother. But I can't respect this monster you've become. Goodbye brother. CURSE SWORD MEGA DRAGON SLASH!

Yuichiro swung his sword and fired a powerful blast of fire from it and it turned into a dragon and slammed into Mikaela with devastating force and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Shinoa: No one hurts my friends and gets away with it! DEMON SCYTHE MEGASLASH!

Shinoa fired a powerful blade of fire and it cut Mikaela and bisected him.

Brittney: Lets make this monster pay for ruining the human race!

Lucy Loud: With pleasure.

The Goths of Darkness all stood in a circle and formed the symbol for the Star of Satan and they chanted a powerful and demonic incantation. It formed the circle around Mikaela.

Goths of Darkness: SATAN'S CALLING PORTAL!

A portal opened underneath him and lots of fire came out of it and the hands of the demons of Hell grabbed him and pulled him down into the fire of hell for all eternity.

Me: **Enjoy the darkness of hell Mikaela. Lets get the survivors and gather all the vampires together.**

Nico: Right.

We powered down and gathered all the Human survivors and got onto the ship and we got into orbit and I teleported the vampires into a special dome in the middle of the city of Moscow. It had the Daystar phial in the top.

Me: Drop it.

Lisa pressed a button and the phial dropped and shattered and it released the virus into the air and it was killing all the vampires on contact with necrosis and destroying their blood from the inside.

Me: Now you vampires are going to Hell where you belong. Charge superlaser and fire.

Fu: Right. Commence primary ignition.

Fu pressed some buttons and pulled a lever and the superlaser fired and it hit the dome and exploded with incredible power.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The entire dome and all the vampires in it were completely obliterated in a massive and incredible explosion. The explosion blew them into space dust.

Me: BINGO!

Nico: Bullseye!

Yuichiro: Wow! What power!

Shinoa: That was amazing! But thank goodness we never have to hunt vampires again.

Laney: Yep.

Lucy Loud: But this was amazing that we killed a lot of vampires.

Yuichiro: (To the viewers) Never underestimate the power of Team Loud Phoenix Storm. Not even vampires are a match for their incredible and awesome power.

Me: You said it Yuichiro.

We went back to Earth.

---

Later at school, we were getting ready to go to class.

Me: Boy I can't wait to see what Mrs. Johnson is gonna teach you.

Lincoln: Me too.

Paige: This is gonna be awesome.

Then we heard a roar that sounded like a brrr and out came THE ICE DEMON!

---

The gang decided to go on a vacation at Snowy Mountain Lodge. When they got there, they heard about the Ice Demon from Mr. Peterson, a man who wanted to buy the property and build a mall on it. The Morgansons, the lodge's owners, claimed that there was no Ice Demon, and the gang went to bed. However, the Ice Demon appeared in Shaggy Rogers and Scooby-Doo's bed and chased them around the lodge, shooting ice at them. Velma Dinkley deflected one of his ice shots back at him with a fan, causing him to fall down a laundry chute.

The gang woke up the Morgansons to complain about their false claim regarding there being no Ice Demon. They confessed that the demon had been scaring their customers away for months, killing their business. The next day, the gang met Mr. Forester, a ranger who wanted to buy the land and build a park, and learned of an old mine that used to have gold in it. They decided to check out the mine, only for the Ice Demon to start an avalanche. They escaped from the avalanche and found the mine entrance.

When they entered the mine, the Ice Demon came after them again. They tried to get away, but he froze the exit with his ice powers, then proceeded to freeze the gang. They used "Getaway Plan #62", which involved Scooby coiling his tail into a spring and the gang simultaneously leaping backward. They sprung into a wall, breaking themselves free, but Scooby's feet were still frozen. Despite this, they managed to get away from the Ice Demon after much chasing around.

They set a trap for the Ice Demon, acting as if they had found diamonds. The demon took the bait and came after Scooby and his bag of "diamonds". He was lured into the beam of a heating lamp, causing the Ice Demon to start melting. The demon fled, and the gang chased after him with the lamp. They chased him into the ranger station, where they found Mr. Forester. He exclaimed, "Quick, he went that way!", but the gang weren't fooled; the Ice Demon costume was right next to him, and he was still wearing the feet. Forester tried to run, but Scooby caught him by using his own costume against him, freezing him in his tracks. It turned out that Forester had discovered that the mine was full of diamonds, and he wanted the Morgansons' land so he could claim ownership of them.

Shaggy: ZOINKS! Like, It's the Ice Demon!

Me: I remember this frozen freak!

Qin: What's his history?

Me: He was really the park ranger Mr. Forester and he found out that there were diamonds in an old abandoned mine down from a lodge on a mountain up in the Catskill Mountains in New York. He stole the snow making equipment and made it look like that he can shoot ice. He froze us in a block of ice. But I thawed us out and we busted him. He wanted the diamonds in the mine all for himself.

Qin: Geez!

Me: Yep. He got 30 to 40 years in prison for his crimes and the Morgansons paid off the bank with the diamonds.

Qin: And I'll bet he got life in prison right?

Me: Nope. He was beaten to death by fellow inmates. Turns out he was a former police officer and he made a huge number of enemies while on the force.

Qin: Geez!

Me: Yep.

Paige: Lets see if fire will thaw this freak out.

The Ice Demon fired a blast of ice and Paige fired a powerful blast of fire and the blasts collided. The fire overwhelmed the ice and it hit him and melted him into a puddle of water. Lincoln put a wet floor sign on the floor and mopped the floor.

Lincoln: Safety first. Nice job Paige!

Everyone cheered for Paige.

Me: Good job Paige.

Paige: Thanks guys.

We went to class.

Back at the headquarters of the Masters of Evil, a new member was joining them.

Vypra: Today we welcome a new member into the Masters of Evil.

Out of the shadows came Tommy Oliver's evil twin from a parallel universe: LORD DRAKKON from the Power Rangers comic books.

---

Lord Drakkon (real name: Thomas "Tommy" Oliver) is an evil Power Ranger who controls the mysterious Black Dragon Zord and fought the Power Rangers, and he serves as the main antagonist in the Shattered Grid arc of the Mighty Morphin Power Rangers comic books by Boom! Studios. He is a sinister and older version of Tommy Oliver from an alternate reality where he rules his Earth with an iron fist from a dystopiac and futuristic Angel Grove where he is in total control.

Being Tommy Oliver from alternate reality, Lord Drakkon's backstory as Tommy matches his prime counterpart's until his climatic final battle against the Red Ranger, Jason Lee Scott. When Tommy was freed from the alien witch Rita Repulsa's curse, instead of joining Zordon and his Rangers, Tommy fled, wandering from city to city, avoiding the Rangers as they tried to find him. As result, it allowed Rita to swayed him to her cause once again, telling him why she had chosen him and that he was meant for great things, to bring peace to the world as its one leader. Rita also told him of Drakkon, another young man in whom she saw potential and whom had successfully built a legacy with her guidance. Tommy, intrigued, left with Rita and continued to serve her, this time in his own volition. Believing Rita Repulsa meant to better the world through conquest, Tommy aided Rita in taking over the Earth, one city at a time. Over time, their conquest caused Rita Repulsa herself to become popular to Earth's population.

Eventually, Tommy led Rita Repulsa's forces into one final battle against Zordon's last battalion of Rangers and Zords just as Zordon was on the verge of creating White Ranger Power. Tommy breached the Command Center as Jason was being infused with this new power, interrupting the process before it could finish. After killing Jason in one final battle, he stole the new Ranger Power and forcefully combine it is Green Ranger power, resulting his Ranger armor assume its signature appearance. The triumphant Tommy, now Lord Drakkon, then emerged from the Command Center clutching Jason's shattered helmet.

Due to his new powers, Tommy and his forces singlehandedly defeated the rest of the Rangers, destroyed their Zords, and successfully conquered the planet Earth. While he originally did so in Rita Repulsa's name, his hunger for power grew and he became a ruthless monster and an oppressive tyrant far worse than his creator, something Rita herself not foreseen. A testament of his fall from grace was his backstabbing on Rita after Rangers' destruction and after the sorceress taught him her spells, such as brainwashing. He then gained the loyalty of Rita Repulsa's elvish alchemist Finster, who he turned into the cyborg Finster 5, using Alpha's body parts.

Now rechristened "Lord Drakkon", Tommy drew upon the Power Coin energies to create Ranger Sentries, each serving a specific role in his army. However, he lacked Billy's coin, as Trini hid it away. The former Rangers and those who were against Tommy's rule formed the resistance group called "The Coinless". Unknown to Drakkon, Skull had infiltrated his army as a Tyrannosaurus sentry.

Ever since the death of Billy and Matthew by Lord Drakkon's regime, Kimberly Ann Hart began her solo quest for vengeance against the dark lord Power Ranger. However, Drakkon managed to enslave her with one of Rita Repulsa's brainwashing spells quickly, turning her into his brainwashed Ranger Slayer.

---

Lord Drakkon: Thank you all for having me. With me here I will destroy the Power Rangers and my good for nothing good self. (Laughs Malevolently)

They all laughed malevolently.

UH OH!

THE END

---

Another Fanfiction complete and another awesome anime series covered.

Seraph of The End was an awesome and amazing anime. It was awesome! The Gold and Silver Brothers from Naruto were really ruthless. Next up is the ultimate true antagonist that started the events of Naruto: Obito Uchiha and we're going to face him as the 10-Tails Jinchuriki! Get ready for a very explosive battle as I test the full limits of my ultimate power against him! NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is Darkhai's requested chapter for the sequel to the Carrie movie "The Rage: Carrie 2!" This is gonna be a battle that destroys the entire town of Chamberlain and we're going to make Rachel Lang pay for her crimes.

See you all tomorrow.

# Insanity All Over Again

We were over in the beautiful forests of Oregon and we were heading to Celadon City, home of the Celadon City Gym.

Me: Here we are guys. Celadon City.

Ash: It's just as pretty as it was the last time we were here.

Me: It sure is pretty.

Block Man: So this is Celadon City?

Nico: Yep. And some of us might have to dress up like girls in case Erika has a dislike of boys.

Me: Why do you think that?

Nico: Just in case.

Me: Oh.

Brock: Erika is really nice. She doesn't hate boys.

Lucy (Pokemon): I remember Erika. She is a great leader of the Celadon City Gym and she is a great gardener.

Jessie (Pokemon): But she won't like us. We almost burned down her gym.

Me: I remember Ash told me about that. But he saved her Gloom from that fire.

Nico: Wow.

We arrived at the Celadon City Gym and it was an amazing building. Nico was dressed up like how Lincoln dressed up during the events of A Novel Idea.

Me: So this is Celadon City Gym. It's beautiful.

Laney: It sure is.

We saw Erika come out.

Erika: Team Loud Phoenix Storm, welcome.

Me: It's a pleasure to meet you Erika.

Ash: Good to see you again Erika.

Erika: Same to you Ash.

Nico: (Falsetto) Pleasure to meet you.

Erika: Why is he dressed up like a girl?

Me: Nico's being paranoid. He thinks you hate boys and he dressed up like a girl.

Erika: Oh man. I don't hate boys, I treat everyone with love just like plants and pokemon.

Me: Well that's a relief.

Earthworm Jim: (to Erika) That's good that you don't hate boys.

Me: It's okay, guys. You don't have to dress up as girls anymore.

Nico: (holds me close) But J.D. I thought we were having a fun time. (I whimper like a little girl)

May grabbed his ear and pulled.

May: Okay Girl-Boy that's enough.

Nico: OW OW OW OW! Okay okay May!

Me: Thanks May.

May: No problem.

Erika: (to Jessie, James, and Meowth) What are you three doing here?

G1 Tantrum: It's ok. They're good guys now!

Me: Yeah we killed all of Team Rocket. There was a massive battle at their headquarters near Pallet Town.

Erika: I've heard about that! That was incredible!

Meowth: Yeah it was a powerful battle that killed Giovanni and all of Team Rocket.

James (Pokemon): We got canned from Team Rocket before the battle happened.

Me: It's true. And the leader of Team Rocket was Giovanni, the gym leader of Viridian City.

Erika gasped.

Erika: I never knew about that.

Laney: Yeah and Giovanni got what he deserved.

Nico changed back into his attire.

Nico: He failed this world.

Me: And if he comes back as a heartless or nobody he will be sent into the River of Fire.

Erika: Good.

Lincoln: Yeah.

We went inside the gym and it was awesome.

Hot Spot: One of these days, we should have you meet Gardenia from the Sinnoh Region.

Me: We will someday Hot Spot.

We walked around Celadon City and it was a beautiful place.

Back at the estate, we were watching TV and reading books. Suddenly, the alarm went off.

Me: Uh oh.

We went to the computer and we found out that the town of Chamberlain in Maine was under attack and the computer was showing incredible psychic energy spikes that were destroying much of the town.

Me: Chamberlain is under attack!

Nico: Again!? I thought we were done with that!

James M.: Looks like this is a different source.

Seia: We got to get over there!

Me: Right. Lets roll!

We were off to Chamberlain, Maine.

CHAMBERLAIN, MAINE!

We arrived in Chamberlain, Maine and what we saw can only be described as a sight of horror. The whole town was completely engulfed in flames and completely destroyed and burning to the ground.

We gasped in horror and shock.

Me: My god. What the hell happened here?

Nico: This whole town went to hell.

Fu: What could've caused this? I know this isn't acts of terrorism.

Sasuke: No, this was not terrorism. This was all the work of one person.

Laney: But who?

We landed and we looked around and saw the whole town totally on fire and fully engulfed in flames. Cars were on fire, buildings were burning and dead bodies littered the ground. It was described as a nightmare from Hell.

Lily: This is terrible!

Carrie W.L.: I'd say Home Sweet Home. But that would be a lie.

Me: Yeah. Unbelievable.

Vince: This is horrible. What happened here.

Carrie W.L.: I didn't do this.

Lori: No this is literally the work of someone else that is just as strong as you Carrie.

Me: It showed that there was powerful psychic energy spikes here. Something obviously went down here.

Nico: I know that Chris and Margaret weren't responsible for this. Margaret is dead and Chris is in prison where she belongs.

Lincoln: I know.

Carrie W.L.: It's hard to imagine that this happened. This whole town was wiped off the map.

Me: Well after everything that happened here with you Carrie, most of the people just packed up and left this town behind. After what Chris and Margaret did, this whole town was declared the Worst Town Ever to visit and it brought all this on itself.

Lola: I'm not surprised.

Lisa: I would say that this town deserved it.

Me: All this town brought was nothing but bloodshed and destruction.

Varie: I agree.

But then we saw a man on the ground still moving and he was still alive.

We went over and I held him.

Me: Sir, what happened here? Who did this?

Man: It was a girl! (Coughs) It was Rachel Lang.

We gasped!

Carrie W.L.: That's my half sister!

Me: We didn't know that Carrie!

Leia: Wow!

Linka: Can you tell us what happened?

Carrie W.L.: Her story is exactly like mine. She's in every way like what happened to me.

Carrie went over her history.

---

Rachel Lang is a young woman with deadly telekinetic powers and the main character of The Rage: Carrie 2, and well as being the protagonist and main character of the film. Rachel is the half-sister of Carrie White, the protagonist of the original classic thriller "Carrie".

On a rainy night, the suffering schizophrenic Barbara Lang paints her house red to protect her telekinetic daughter Rachel from demons. Later on that night Barbara became institutionalized in an asylum after the police came and took her away from Rachel whose telekinetic capabilities that became dormant only after that. Walking away from a police officer who tried to help her by putting her in foster care, Rachel enters a door in her house, it shuts itself behind her. Also, the windows open and shut and the lights turn on and off.

After Rachel yells at the objects to cut it out, she runs in the closet with her dog Walter.

Years later, Rachel first caught the eye of the adult Sue Snell when her best friend Lisa committed suicide as the result of a prank perpetrated by members of the Bates High football team. Basically, the team members slept with girls at random and then dumped them. Also, the girls' names were placed in a notebook along with a number (points).

Rachel was deeply affected by Lisa's death, so much so that other students' lockers began to suddenly spring open, strewing papers and miscellaneous stuff on the floor.

In the meantime, an investigation was conducted on Lisa's death and all leads pointed to a team member named Eric Stark. Eric became concerned about his role in the "prank" when Lisa killed herself, and tried to remove her name from the notebook. But Rachel discovered that she developed photos of Lisa and Eric together. Some time later, Rachel confronted Eric at his locker, which prompted him to make a B-line to his friend Mark Bing.

He told Mark that Rachel was on him, as well as one Sheriff Kelton, who approached Eric earlier to question him, and then reveal the photo with Lisa and Eric in it. Mark decided it was time to act.

Later that night, Rachel was getting ready for a date with another member of the football team, Jesse Ryan (the two of them became acquainted following an auto accident involving Walter). The telephone then rang, Rachel answered and somebody with a Donald Duck-like voice answered by saying, "What's your favorite scary movie?" The voice turned out to be Mark's. Soon, some other team members began to heckle Rachel from outside her home and Eric, wanting to stop playing games, put a brass knuckles on his right hand and was about to break into Rachel's house via a kitchen window. Rachel sensed it, and used her telekinesis to slam the window on his hand. When Rachel's foster parents returned home, Bing and company fled. When asked by her parents how one of the windows got broken, Rachel just said, "How should I know?"

The following day, Jesse came to Rachel and asked about why she did not show for their date and she informed him of the previous night's "events." Jesse did not want Rachel to leave with the idea that he consented to the prank in any way, so he tried to set up another date with Rachel, and would not clear out of her path until sher consented. Rachel eventually consented. However, Sue called Rachel to her office and administered a test to her. Rachel wrote off the whole thing as absurd, but Sue insisted that they go on with it. Eventually, Sue hit a nerve within Rachel when she said, "Sometimes, I can make things move with my mind." (This may point back to an earlier meeting between Sue and Rachel where the two were talking about Lisa's death and a similar traumatic experience Sue suffered, and Rachel inadvertently knocked a mug off of Sue's desk). Rachel had had enough at that point and tried to leave. Sue wanted Rachel to stay and Rachel yelled at her to let go. Simultaneously, a snow globe on Sue's desk "smashed" itself to pieces. Once Rachel left her office, Sue looked upon the wreckage, horrified. Then, the haunting visions of her one-time friend Carrie White flashed in her mind. Sue began to feel as if history was about to repeat itself.

Meanwhile, Jesse confronted Mark about going to Rachel's house and suggested that he send his "regards" for Rachel to him next time. The situation escalated into a short fist fight between the two, and Mark yelled at Jesse about what his "problem" was and that they were friends. Jesse answered and said that they only grew up together.

Sue then visited Rachel's mother Barbara at Arkum Asylum to find out who the girl's father was. Barbara was wary of Sue at first, and even asked her if she had children. Eventually, the two women found their way into an empty room and Barbara began to to tell Sue what she wanted to know, although on one condition: that Sue would not go and hurt Rachel with what Barbara has told her. Barbara then said, "I never told Rachel who her real daddy was because a lot of people around here aren't fond of Carrie White because of what she did."

Carrie White was shown to have a familiar name. Sue had tried to help Carrie by asking her one-time boyfriend Tommy Ross to go to the prom with Carrie as a way of making up for teasing Carrie, especially during the shower scene from the first film. The plan worked until Chris Hargenson and her boyfriend Billy Nolan botched it by dumping blood on Carrie's head while she was being crowned prom queen.

Barbara then said that "his" name was Ralph-Ralph White. Sue became uneasy at what she heard. Moreover, it made her realize that she had to warn Rachel, lest she suffer Carrie's fate.

Rachel was called out of class the following day to accompany Sue to the site of what remained of the "old" Bates High School. Sue hadn't been to this place in about 20 years, to which Rachel responded by saying, "Welcome home." The wrecked building was crumbling, and Sue said that she wished that it were torn down. She also said that the few people that survived the black prom never talked about it.

The conversation swiftly shifted to what Rachel knew about this "Carrie White." Rachel answered and said that she believed that Carrie started the fire as some kind of a "revenge-suicide" thing; Elvis was her date; and both escaped in a UFO. Sue knew better, and tried to inform Rachel about what was happening to her, saying that she was not crazy and the devil has nothing to do with it. It was the result of Rachel's having the gift of telekinesis: the ability to move or change objects by way of the mind. When Sue began to offer further help, Rachel had really had enough of her. In her mind, she was not about to be helped in the same manner as Sue was, and made it absolutely clear when she said, "I don't want or need your help!" That was Rachel and Sue's final meeting.

In the meantime the investigation regarding Lisa´s death is covered up by the Senior D.A. because of political reasons (the families of the football team members are the most influential of the town) leading to Rachel not knowing what is going on in full.

Some time later, following the opening game of the Bates football team (which they won, thanks to Jesse nabbing the ball midair for the touchdown), Rachel was escorted to the after party at Mark's parents' summerhouse by two other girls named Monica and Debra. Meanwhile, Jesse had to catch a ride with a girl named Tracy ("It seems that Tracy has had her eyes on both Jesse and Rachel for a long time"). That said, it may have only been a stall so Mark and his crew could do what they were about to do.

At the after party, Rachel was not immediately welcomed by the enormous group of onlookers, but Monica assured her that they would "adjust." Rachel was then whisked about to another part of the house to share a drink with Monica, Mark, and Brad. No sooner there than Rachel was moved about again to the middle of the floor to dance with Mark. However, he and several of his friends mentioned the "game" Rachel was in, and yet another footballer tossed a notebook to Mark. Rachel opened it and read. What she saw clearly bothered her, but Mark only asked if she saw someone she knew inside. Rachel tried to leave, but Brad was there to block her path. Monica made a vituperative comment about Lisa being a skank. Then, Mark and Eric (who joined in after he was called downstairs) began to make their own jokes.

Later, the line was crossed: on the multiple television screens around the downstairs area of Mark's pad there was playing a video of Jesse and Rachel having sex. Rachel could not believe it - she had been set up. Then, Mark grabbed Rachel and forced her to watch the video and everyone at the party started laughing. Mark then let Rachel fall to the ground for everyone round about to make fun of her. (Monica was even bold enough to spit on the poor girl.). Everything seemed to be moving at warp speed in Rachel's eyes, until the last thing she saw in her mind was Jesse chanting "sucker" over and over.

That was the last straw - Rachel could not take anymore. Suddenly, doors everywhere in the summerhouse closed by themselves. Brad picked Rachel up and made a cruel comment about Rachel's tattoo. Brad then saw Rachel's heart-shaped tattoo pounding and he got freaked out. Rachel grew veins all around her body from her own tattoo. (This was a symbol that Rachel was furious.) Rachel mentally made an earthquake in Mark's house, which freaked everyone out. Chandelier's and pictures fell off the wall, while Rachel's veins continued to spread around her body.

Suddenly, all the windows broke simultaneously and everyone ducked. The shards from the windows flew around everywhere and decapitated Chuck in the process. Rachel mentally threw disks around the house and multiple disks stabbed Debra in her chest and stomach. Then Rachel set a fire in the house.

Sue and Barbara arrived at the house too late - the very thing that Sue wanted to prevent had happened again. Sue ran towards a back door to try to get in, but the doors were locked. Rachel mentally threw a spear and it stabbed Brad through his head and pinned him to the door. Sue got in the way of the door and the spear went through Brad's head, into Sue's forehead, pinning her to the door, along with Brad. Barbara witnessed this and went in Mark's house to see what was going on. The door behind Barbara closed and she was knocked down by Mark and Eric. Mark suddenly realized that Rachel was responsible for everything, and he, Eric and Monica ran off.

Barbara sat on the floor and prayed for the Devil to leave Rachel's body. Rachel's vision became grey and she walked away infuriated.

In the rear, Rachel had cornered Eric, Mark and Monica, all three armed with spear guns. Rachel used her telekinesis to break Monica's glasses and the shards from her glasses stabbed her in her eyes. This caused a chain reaction, where Monica swung her spear gun in pain and she accidentally stabbed Eric in his groin with her spear gun. Mark was left alone to confront Rachel. She mentally threw the spear gun from his hands and was about to finish him off, when she heard the sound of her mother's voice.

Rachel stood somewhat awestruck: the mother whom she had not seen since she was a little girl was inside this wreck. No sooner had Rachel heard Barbara call out to her when she felt a nasty, sharp pain in her hip. Mark had fired a concealed flare gun at her, causing her to collapse into the pool. Mark then made the mistake of looking over the edge just as the pool cover was expanding itself. Then, Rachel emerged from the pool, screaming.

She pulled Mark downward and exited the pool using a harpoon moments before the cover had fully closed up over it. Mark got hit in the head with the cover as it was moving. He tried to break free, but he later drowned.

Barbara ran to the spot where her daughter was lying. Rachel looked up and called out to her. For a moment, Barbara thought she was looking at her child, as she was when she was little. But then, her vision cleared and she saw Rachel with the outline of the vines from her tattoo on her face. Barbara became frightened, screamed out "The Devil is in you!" and ran off. Rachel called out to her mother again in vain, and then laid on her back and begged for death to come. Soon, she heard a familiar voice calling for her.

Rachel had enough strength to get to her feet and run back into the house. Jesse and Tracy were inside observing the carnage unleashed by Rachel moments prior. Rachel caught sight of Tracy looking up at her and, in about three camera cuts, used her "TK" to collapse a fire covered ceiling on Tracy. Jesse tried to pry the wall off, but Rachel made yet another one fall to prevent the effort. So, Jesse ran upstairs to Rachel to find out what happened. She responded by pointing out her name, point total and those of the other girls whose names were in Mark's notebook, and accusing Jesse of lying to her after all that time.

Rachel then played back the tape of her and Jesse during their moment together. Jesse said that he did not know that someone was taped them together, and confessed that he truly loved Rachel. Somehow, Rachel began to replay the part on the videotape where Jesse said, "I love you" and she realized that Jesse was telling the truth; however, Rachel and Jesse could only stare at each other, unable to think of a thing to say.

It was then that the fire covered ceiling started to collapse, and Rachel pushed Jesse out the way, but it landed on her and crushed her. Rachel told Jesse to leave her, but he would not. Even as his sleeve started catching fire while he was kissing Rachel, Jesse was adamant on staying with her.

But Rachel used her telekinesis a final time to launch Jesse into the pool in order to save him. She then died in the midst of the falling debris.

One year later Jesse is at King's University, sharing his room with Walter. He has a dream that Rachel enters his room, looking as she did when they made love. They kiss before she shatters into ash. Jesse awakes and looks at himself in the mirror.

We gasped in sheer shock and horror!

Me: Mega déjà-vu!

Nico: What the fucking hell is wrong with people here!?

Lana: They just don't care!

We then saw a basset hound come and it was Rachel's dog Walter. He went over to Carrie.

Carrie: Walter!

She petted him and more.

Me: Aww. Cute dog. Better get him to the estate for protection.

I snapped my fingers and he was over at the estate and Lana made a Shadow Clone and it went with him.

Me: We got to find Rachel and save her.

?: Carrie?

Me: Looks like we won't have to look far.

We saw a girl with black hair in a dress come out and it was RACHEL LANG!

Rachel Lang: Carrie? Is that you?

Carrie W.L.: Rachel? Rachel!

They went and hugged and were reunited.

Me: (In my head) I sense an evil force inside of her. But I can get rid of it. (Out Loud) Rachel, we are Team Loud Phoenix Storm and we can destroy that dark side inside you.

Rachel Lang: Really? You can do that?

Me: I sure can.

I fired a blast of light and it hit her and separated her dark side from her and it took the form of another Rachel Lang and it looked like her with flower vines around her skin from a heart shape tattoo on her left arm. And she had ferocious evil red eyes that reflected the very essence of pure evil!

Me: Now it's personal. You will pay for all the pain and suffering you caused to this town.

Dark Rachel: This town wronged me! Now you will pay for everything I've suffered!

?: You all will soon know what despair is.

I recognized that voice.

Me: Oh shit on me and fuck me sideways. I thought you would've learned your lesson by now after 150,000 years, Obito Uchiha!

A figure came out and it was OBITO UCHIHA - THE 10-TAILS JINCHURIKI!

---

Obito Uchiha, also known by his iconic alias, Tobi, as well as the Masked Man, is the central antagonist of the Naruto franchise. He is the true leader of Akatsuki and serves as a dark reflection of the titular hero Naruto Uzumaki. Despite appearing late in the story, Obito orchestrated most of the conflict from behind the scenes.

He is a fallen hero from Konohagakure, the Village Hidden in the Leaves, who follows Madara Uchiha's goal for his own gain. Believed to be Madara Uchiha himself, he later ignites the Fourth Shinobi World War in order to obtain the powers of the Ten-Tailed Beast, but ultimately reconciles with his former ideals and sacrifices himself as an atonement.

Obito Uchiha was born in one of the major clans of Konohagakure, the Ninja Village of the Fire Country where the story takes place, but lost his parents during his first years of life. Obito always struggled to keep up with the highly skilled ninja apprentices of his generation, let alone the very high standards of his clan. Still, he nurtured the dream to become Hokage (lord of Konoha).

Obito was named Genin (apprentice ninja) during the Third Great Ninja War. He formed a team with Kakashi Hatake, a child-prodigy who became his rival, and Rin Nohara, a young girl he fell in love with; under the tutelage of the legendary Minato Namikaze, one of the most powerful ninjas to ever live. He became Chunin (normal ninja) the same day Kakashi became Jonin (master ninja).

One fated day, Minato's team was tasked to destroy a bridge in the enemy territory. During this mission, Obito and his teammates got separated from their teacher and Rin was captured by enemy shinobi. Disgusted by Kakashi's willingness to abandon Rin, Obito resolved to rescue her alone. However, they worked out their differences after Obito helped Kakashi to solve his personal issues, and went together to rescue their comrade. They found Rin after a short skirmish with enemy ninjas, during which Kakashi lost an eye and Obito awoke the Sharingan (his clan's eye-power).

However, one enemy caused a cave in and Obito got crushed under boulders while saving Kakashi, with the entire right side of his body being destroyed. Obito gave his remaining Sharingan to replace Kakashi's lost eye and made him promise to watch over Rin for him. Seconds later, the cave collapsed and Obito was presumed deceased and hailed as a hero.

## Start of Darkness

By miracle, Obito survived long enough to be rescued by Madara Uchiha, whose underground lair was located near the collapsed cave. Madara rebuilt the destroyed half of Obito's body with a vegetal organism grown from the cells of the late First Hokage Hashirama Senju. Obito at first wanted nothing to do with Madara and trained very hard to regain his peak condition, striving to reunite with his friends, but he could not escape Madara's lair. During this time, he was watched over by Zetsu and his "brother" of sorts Tobi-Zetsu (nicknamed Spiral Face, Guruguru in Japanese, by Obito).

One day, Zetsu warned Obito that Rin and Kakashi were surrounded by ninjas from Kirigakure (the Village Hidden in the Mist). Helped by Tobi-Zetsu, attached to him like an armour, Obito broke free from the cave and rushed to his friends' rescue… Only to witness Rin dying by Kakashi's hand. Obito eventually learnt that she willingly chose to die, as she was made the jinchuriki (host) of Isobu, the Three Tailed Demon Turtle, so that the demon would be released upon returning to Konoha and destroy the village from the inside.

It was later revealed that the entire situation had been staged by Madara, who wanted to break Obito's spirit to make him his successor. Madara also placed chakra receivers in the vegetal half of his body and a seal on his heart, to prevent him from stepping out of the plans he had for him and make him easier to control once he would outlive his usefulness.

Broken with despair and left grief-stricken, Obito awoke the Mangekyo Sharingan (the second level of the Sharingan) and slaughtered the ninjas of the Mist. Obito later embraced Madara's nihilistic views and became his apprentice, with Madara dubbing him as Madara Uchiha himself. After Madara's death, Obito set out to enact Madara's plan. However, he never intended to resurrect Madara as planned, wanting to do it for his own gain. The years he spent roaming the Ninja Countries would cement his belief that the world was beyond saving.

Madara's "Eye of the Moon Plan" consisted of gathering the nine demonic Tailed Beasts to resurrect the Ten-Tailed Beast from which they were born and become its jinchuriki. He would then be able to project the Infinite Tsukuyomi, a reality-warping hypnosis, from the moon to unite every mind under his control. By enacting this plan, Obito seeks to replace reality with a dream-world in which his wishes would come true.

## Creation of Akatsuki

Since Madara had given the Rinnegan eyes to Nagato, Obito, still "wearing" Tobi, approached Nagato and his friends Yahiko and Konan and, despite lukewarm first contacts, inspired them to create Akatsuki. After Yahiko's death, he manipulated Nagato's desire to change the world to gain him to his cause. It was at this point Obito disregarded his name entirely and embraced a new alias named after his companion, Tobi. Tobi remained in the shadows and made Nagato appear as Akatsuki's leader, while he was in fact its second-in-command. Under Tobi's impulse, Akatsuki became an evil organization gathering the worst renegade ninjas, bent on obtaining the Tailed Beasts at all costs.

After the Third Ninja War, the five great ninja countries started a process of disarmament, but without relinquishing their rivalry. Tobi used this to his advantage to increase Akatsuki's influence, making it appear as an elite mercenary team much less expensive and more efficient than the ninja villages, and turning it into a world power.

## Puppeteer of the Mizukage

At some point in the past, Tobi came to Kirigagure and used his Sharingan to control Yagura, the fourth Mizukage (Lord of the village) and the jinchuriki of the Three-Tails, for a yet unknown purpose. Tobi made Yagura's reign nightmarish, causing Kirigakure to be nicknamed the "Village of the Bloody Mist". At some point, he revealed himself to Kisame Hoshigaki and gained his obedience.

## The Uchiha Clan Massacre

Tobi waited for Kushina Uzumaki, the jinchuriki of Kurama the Nine-Tailed Fox, to give birth, when the seal weakens. He killed her bodyguards and took her new-born son Naruto hostage, threatening to kill him if she was not handed to him.

Minato Namikaze (now Naruto's father and fourth Hokage) rescued his son, but Tobi had filled the baby's blanket with explosives to drive him away. He released Kurama, enslaved him and unleashed him on Konoha. Minato caught up with him (identifying him as Madara Uchiha), fought him and forced him to flee. He was later forced to give up his life to seal Kurama within his own son (sealing part of the demon's power in him in the process), hoping that Naruto could one day use the Fox's power to defeat Tobi.

Konoha escaped destruction but, since the Uchiha Clan wields the power to control Kurama, the entire village came to believe that they were responsible of the attack and shunned them. Then, the resentful Uchihas staged a coup d'état to take over the village. (Tobi was most likely responsible of that situation.) They chose Itachi Uchiha to infiltrate the village's spheres of influence. However, fearing that the coup would escalate into the Fourth Great Ninja War, Itachi accepted orders from the village's elders to slaughter his clan.

Itachi eventually realized that Tobi (whom he also believed to be Madara Uchiha) was behind Kurama's attack. He offered him to participate in the massacre, in exchange for a promise that he would do nothing against Konoha, and they slaughtered the clan. Yet, Itachi spared his brother Sasuke Uchiha, hoping to one day die by his hand.

## Role in the Story

Tobi is first introduced as a subordinate of Zetsu, who enters Akatsuki as a replacement for Sasori and gets partnered with Deidara. His goofy antics often get on Deidara's nerves, prompting him to retaliate with explosions. The two capture the Three Tailed Demon Turtle, before Tobi assists Deidara during his fight with Sasuke. After being thought dead in Deidara's suicide explosion, Tobi is revealed to be the real leader of Akatsuki, who makes everyone (readers included) believe that he is Madara Uchiha. He then orders Nagato and Konan to capture Naruto in order to get his hands on Kurama.

## Truth revealed

Tobi is later seen sitting on Madara's statue at the Valley of the End, reflecting on the current situation. Meanwhile, the legendary ninja Jiraiya starts suspecting that someone (whom he identifies as Madara) is behind Kurama's attack on Konoha. Later, Itachi reveals to Sasuke Tobi's role in the Uchiha massacre, before they fight to the death. As for Tobi, he intercepts Naruto's squad, searching for Sasuke or Itachi, to keep them away from the battle.

He toys with them with his goofy persona, phasing through all their attacks. Upon learning about Sasuke's victory, Tobi scornfully dismisses them while displaying his Sharingan. He then takes Sasuke away and treats his wounds. When Sasuke wakes up, Tobi introduces himself as Madara Uchiha and takes off his mask, only to be engulfed in Amaterasu's black fire. Itachi planted a trap into Sasuke's eyes to save him from Tobi's influence, but he escapes it.

Tobi then gains Sasuke's trust by telling him about the founding of Konohagakure and Itachi's decision to slaughter his kin for the sake of peace. While Tobi tells the truth, he subtly presents it from his point of view, depicting the Senjus as untrustworthy and abusive and denying involvement in Kurama's attack.

From then on, Tobi has Sasuke trapped in his snare and though the latter claims to be using Akatsuki, Tobi uses him as a pawn and gradually turns him into a merciless criminal. Apparently he plans to sacrifice Sasuke to better use the Demonic Statue of the Outer Path.

Tobi offers Tailed Beasts to Sasuke's team to help them in their goal, if they capture Killer Bee the jinchuriki of Gyuki the Eight Tailed Demon Ox for him. Sasuke's team seemingly succeeds and brings Killer Bee to Tobi, but it appears that they only captured a mere clone created from one of the demon's tentacles. Irked, Tobi intercepts Sasuke's team before Konoha, revealing that the village has been destroyed and that Danzo Shimura, a village elder and the replacement Hokage, is heading to the Land of Iron for a summit of the five Kage (the lords of the five most powerful ninja villages). This makes Sasuke plan to kill Danzo.

## The Five Kage Summit

Upon Tobi's orders, Zetsu guides Sasuke's team to the five Kage's gathering. He then sneaks into the meeting and reveals Sasuke's presence. While Tobi pays Naruto a visit and tells him about Sasuke's spiraling descent, Sasuke battles the Kage and their powerful bodyguards using his Mangekyo Sharingan. However, they prove far too strong for him alone and Tobi enters the fray, absorbing Sasuke into his alternate dimension.

Tobi expected Sasuke to weaken the Kage for him to take hostages, but he admits this was too bold. He demands to be handed Killer Bee and Naruto, the last two jinchurikis, threatening to unleash the Tailed Beasts he controls if he is denied. Upon their refusal, Tobi declares war to the five great ninja countries, plus the samurais of the Land of Iron. The Kage assume that Tobi cannot use the Tailed

Beasts so easily, and that he uses this threat to make them involve the jinchurikis in the upcoming war as major military assets, and easy targets for him to capture.

Tobi later confronts Danzo, capturing his two bodyguards, and makes him battle Sasuke, who wins while further falling into evil. As Sasuke, who has gone nearly blind due to his reckless overuse of the Mangekyo Sharingan, is confronted by his former master Kakashi Hatake and his former comrades Naruto and Sakura Haruno whom he plans to kill, Tobi reappears to take him away, stating that he stands no chance against them in his weakened state. Upon Sasuke's request, Tobi transplants Itachi's eyes on him to grant him the Eternal Mangekyo Sharingan.

Tobi then goes to the Land of Rain to confront Konan, planning to get Nagato's Rinnegan. He makes the mistake of underestimating his former subordinate, who uses her knowledge of his powers to drive him into a corner. She traps him in a chasm of exploding papers from which he cannot normally escape, forcing him to cast Izanagi to survive.

He then hypnotizes Konan to learn the location of Nagato's vault before killing her, and transplants a Rinnegan in his left eye-socket. (It was later revealed that even he could not wield both Rinnegans and that he hid the other away. Also, he hid no less than six White Zetsus to keep tab on Sasuke.)

## The Fourth Great Ninja War

Preparing for the war, Tobi is forced into an uneasy alliance with Kabuto Yakushi, Orochimaru's successor, who blackmails him with the resurrected Madara Uchiha. Tobi is using a hundred-thousand clones of Zetsu as his military forces, to which Kabuto adds many immensely powerful ninjas that he resurrected.

Sometime later, Tobi receives a report from Kisame Hoshigaki, who upon his orders faked his death to infiltrate the giant Turtle-Island where Naruto and Killer Bee are hidden. He plans to attack it personally but Kabuto offers to go instead. Fortunately, the Tsuchikage (lord of the Hidden Village of the Rocks) forces Kabuto to retreat; but he abducts Yamato, one of Naruto's bodyguards who masters the Mokuton, whom Tobi uses to empower his army.

Tobi later forces Kabuto to reveal the secrets of his resurrection spell under threat of death; killing one of Danzo's bodyguards to use him as a demonstration. As Kabuto departs, Tobi orders Zetsu to keep an eye on him.

When the war begins, Tobi sends his army underground to avoid detection, but the Ninja Coalition intercepts them and holds its own, sealing away many of the resurrected ninjas. He also sends Black Zetsu to capture the Lords of the ninja nations, in order to keep their powerful bodyguards away from the battlefield.

When Naruto learns about the war, he breaks away with Killer Bee and Zetsu informs Tobi of their move. Tobi then enters the fray and summons the Demonic Statue of the Outer Path to deal with the coalition, while he steals two magic gourds in which two undead ninjas wielding Kurama's chakra have been sealed.

It appears that the clash between the two armies was only the first step of Tobi's strategy. Indeed, during the night, the remaining Zetsu clones use the chakra they absorbed from their opponents to transform into perfect doubles of them, going undetected and decimating the forces of the coalition from the inside, starting with the medic ninjas.

Knowing from Kisame's report that Naruto can now sense evil intent (the only way to unmask a transformed Zetsu) he counts on this to bring him out of hiding. Even worse, he created his own version of Nagato's Six Paths of Pain; using the reanimated corpses of six former jinchurikis and granting them their Path's respective Rinnegan power and the Sharingan, and sealing their Tailed Beasts back within them.

The following day, the real Madara Uchiha is revealed to be part of Akatsuki's undead warriors. As Madara engages a battle against the five Kage, Sasuke joins forces with an undead but independant Itachi to defeat Kabuto and lift his resurrection spell. Meanwhile, Naruto and Killer Bee challenge Tobi.

## The War's Climax

Tobi uses his Six Paths of Pain's Tailed Beasts' powers, combined vision and ability to anticipate their foes' movements to gain the upper-hand. Killer Bee turns into Gyuki and levels the forest to knock out the jinchurikis and seal them, but Tobi counters him by transforming the jinchurikis into their Tailed Beasts. He then hides underground and nearly captures Naruto, only to be driven away by Kakashi Hatake and his fellow master ninja Might Guy.

Tobi has Son Goku, the Four-Tailed Demon Gorilla, swallow Naruto but the boy manages to get in contact with the demon and escapes. Naruto attempts to remove the stake used to control the Four-Tails but Tobi had rigged it with energy chains to bind him. Still, Naruto left one clone inside the demon's mouth to remove the stake from the inside, but Tobi merely seals back the freed demon into the Statue of the Outer Path. Tobi then unleashes the five other Tailed Beasts, but Naruto defeats them thanks to Kurama's power, forcing Tobi to seal them back.

After Kabuto's resurrection spell is lifted, Tobi makes the Statue swallow Gyuki's tentacle and the jar containing Kurama's chakra, to revive the Ten-Tailed Beast. He seals the Statue behind a force-field and holds his own against his four enemies without trouble. However, Kakashi discovers that he and Tobi both master the Sharingan-based spell Kamui, hinting his true identity. As Tobi attempts to talk them down, playing on Kakashi's regrets, Naruto attacks him replete with Kurama's power and forces him to warp himself into his dimensional void, where a clone of Naruto (warped there by Kakashi) manages to shatter his mask.

Right after Kakashi and Guy recognize Tobi as Obito Uchiha, Madara (who just trounced the Kage) barges in. Tobi attacks Kakashi, who is too guilt-ridden to even react, while refusing to explain his reasons and harshly insulting him. Disgusted, Naruto sends one of his clone protect his teacher, renewing Kakashi's resolve. Naruto and Killer Bee then attempt to obliterate the Demonic Statue of the Outer Path but too late, the Ten-Tailed Beast is reborn.

## Resurrection of the Ten-Tails

As Obito and Madara take control of the Ten-Tails, which brushes off the heroes' attacks, the Ninja Coalition barges in and traps the demon into a pit to attack the rogue Uchihas… in vain. The Ten-Tails reaches its second stage of evolution and escapes the pit, before launching Spheres of Destruction to obliterate random locations across the world, including the Coalition's Headquarters and the Intelligence Squad within. Madara suggests ending it once and for all but Tobi silences him, reminding him that he needs his cooperation to accomplish his plan (while voicing his disgust at the fact that he must sacrifice himself to revive his mentor).

Having recognized his younger self in Naruto, Obito becomes determined to prove his point and uses the Ten Tails' power to unleash an onslaught of wooden stakes on the Coalition, causing many casualties including Neji Hyuga, one of Naruto's close friends who sacrificed his life to protect him.

Obito harshly lectures Naruto and succeeds in breaking his spirit for a while, until Neji's cousin Hinata and Kurama put the boy back in track, stating that his life is connected to those who bet their ones on his ideals. Naruto then uses Kurama's might to empower each ninja of the Coalition, and they land a collective blow on the Ten-Tails.

Obito and Kakashi settle their score in the Kamui dimension. Kakashi cannot bring himself to kill his former best friend and keeps appealing to him, only for Obito to reassert how much he hates this world that makes everything hollow, proving his point with illusions. Stabbed through the heart by Kakashi, Tobi flees back to the battlefield. (It is explained later that he let himself get stabbed to break a seal by Madara's, barring him from absorbing the Ten-Tails.)

Madara uses chakra receivers he hid in Obito's vegetal half to force him to resurrect him, but Obito saw him coming and instead casts a spell to seal the Ten-Tails in him. The undead Hokage attempt to seal him but he effortlessly breaks through their barrier. As the experience nearly shattered Obito's mind, The protagonists attempt to defeat him before he can regain control, but his power proves too overwhelming and soon the metamorphosis is complete.

Working carefully with the undead Hokages, Sasuke and Naruto strike Obito by combining their mightiest attacks, in vain. Naruto then discovers that natural energy can harm Obito. The Second Hokage teleports Naruto near Tobi and the boy wounds his foe with a nature-powered Rasengan attack. Incensed, Obito traps the entire Coalition in a force-field and prepares to obliterate them with giant Spheres of Destruction, but Naruto and Kurama reach the half of Kurama's power sealed within his father and uses it to reactivate the power boost he granted to the Coalition's ninjas tenfold; before using his father's power to teleport them out of the force-field.

The four undead Hokage attempt to seal Obito, but he effortlessly breaks through their barrier and blasts them apart. The protagonists do their best to defeat him before he can reach full control of the demon, but his power proves too overwhelming and soon the metamorphosis is complete.

Unimpressed, Obito returns the Ten-Tails to its original form: the divine God Tree from which the world was born. As soon as the God Tree's flower blooms, Obito will be able to rewrite reality as he pleases, meaning that he must be defeated before it happens.

The God Tree kills many ninjas by draining their chakra but the Coalition still attempts to destroy it, prompting Obito to turn the tree's roots into dragons to fight them. Meanwhile, Naruto combines Kurama's power with natural energy while Sasuke combines his Susanoo technique with Jugo's natural energy to strike Obito, who shrugs them off. He prepares to destroy them with a gigantic sword of black chakra, but Naruto and Sasuke strike him with their mightiest attacks combined, backed up by their friends.

With help from the entire Coalition, they succeed in extracting the seven Tailed Beasts from Tobi's body, breaking his power. In the process, Naruto reaches Obito's mind and memories and tells him that rejecting the world means betraying Rin's expectations, and that he should stop fleeing from his former self. Despite wondering what he could have become had he not came back to Madara, Obito refuses to hold back and ends up defeated.

Kakashi emerges from the Kamui dimension and prepares to finish Tobi off, but Minato stays his hand. It is only when his former master and former best friend reach to him, stating that he helped them envision a better future that Obito finally reconciles with his former self. Musing about Naruto's resolve being stronger than his own, he prepares to sacrifice his life to resurrect all the victims of the war.

Alas, things turn from the worst when Black Zetsu is revealed to have faked his death upon Madara's order. Zetsu possesses Obito and forces him to resurrect Madara, before using his dying body as shell to fight Minato and Kakashi. Gaara and Sakura bring a Naruto on the verge of death, since Madara ripped Kurama out of him, to Minato, so that the other half of Kurama's power could be transferred into him. However, Black Zetsu steals Kurama's Power before Obito manages to subdue him.

## Final Redemption

Madara, now the new jinchuriki of the Ten-Tails, attempts to talk Obito back into his side. When Obito asks what he is to Madara, he tells him that he has always been one thing to him; that he is Madara Uchiha, he who rejects this world and strives to achieve the Infinite Tsukuyomi. Obito then approaches to him, only to feign his acceptance and steals a part of the nine Tailed Beasts' power from Madara, before prying his Monk-staff off him. With Kakashi's help, Obito sends Naruto and Sakura into the Kamui dimension before jumping there himself, while Might Guy sacrifices all his life-force to drive Madara into a corner.

Obito saves Naruto's life by transferring the half of Kurama's power along with a part of the other Tailed Beasts' into him. Later, Naruto and Sasuke, who gained divine powers from the Sage of the Six Paths' spirit, almost defeat Madara, forcing him to steal Kakashi's

Sharingan to enter the Kamui dimension. Obito asks Sakura to destroy his Rinnegan, but Madara arrives before she can do so. Obito saves Sakura from Madara's attack, but he can no longer hold Black Zetsu, and Madara uses both Rinnegan to cast the Infinite Tsukuyomi, leaving Obito for dead.

With the entire world, save from Naruto's team (who are protected by Sasuke's Susanoo) and the undead Hokage, under his control and absorbed into the God Tree, Madara prepares to finish his foes off, but he is betrayed by Black Zetsu, who reveals that the Uchihas and the entire Ninja World were his pawns for millennia to resurrect Kaguya Otsutsuki, the goddess of the ancient world. Kaguya then uses Madara's body as a vessel and drags the protagonists into another dimension to kill them.

As Naruto and Sasuke are holding their own against her, Kaguya ends up banishing Sasuke into a desert dimension, as they need to unite their power to defeat her. Meanwhile, Obito (who was revived by Naruto earlier and regained his two Sharingans) and Sakura manage to enter Kaguya's dimensional plane and use Obito's dimensional power to rescue Sasuke.

After everyone returns to the dimension where Naruto is battling Kaguya, she paralyzes Naruto and Sasuke by increasing gravity before firing deadly projectiles at them. However, Kakashi and Obito shield them with their bodies and Obito vanishes the projectile threatening Kakashi, sacrificing his life in the process. Obito slowly crumbles into dust, indifferent to Black Zetsu's taunts, stating that such fate is a fitting punishment for his crimes. Before dying, he thanks Naruto for redeeming him and encourages him to succeed in the battle and in his dream of becoming Hokage. Before passing on, Obito uses Kamui to somehow contact Kakashi's spirit and grant him both of his eyes, and the immense power that goes with it.

## Road to Ninja

Tobi is the primary antagonist of the semi-canonical movie Road to Ninja. He appears to Naruto and Sakura and traps them into a limited version of the Infinite Tsukuyomi, both to test it and to isolate Naruto to capture him, and get his hands on Kurama. They find themselves in an illusionary world, in which the Uchiha massacre never took place, with everyone having lived a different life and as such being radically different to the people they know.

It soon appears that in this world, Naruto's parents are still alive while Sakura's are dead, somehow switching their life. Meanwhile, Tobi sends his spirit into the dream-world, where he gains the obedience of a young masked criminal. The masked boy later sneaks into Konoha to steal an artifact, abducts Sakura to use her as a hostage and destroys most of the village. Naruto rushes after him and destroys his mask, only to discover that it is his dream-world counterpart Menma Uzumaki.

As Menma is able to summon his counterpart of Kurama, Naruto is forced to do the same, but this is what Tobi wanted all along. Indeed, this battle would weaken the seal, enabling him to extract Kurama like he did to Naruto's mother in the real world. He then possesses Menma, who gains a Sharingan, and takes the matter in hand.

Tobi-Menma manages to hypnotize Naruto, but he is saved by Sakura before Kurama can be extracted. Naruto eventually manages to defeat Tobi-Menma thanks to one of his father's teleporters, in a similar fashion to how Minato defeated Tobi during the attack of the Nine-Tails.

Admitting defeat, Tobi breaks the spell and returns Naruto and Sakura to the real world.

Nico: Obito!

Obito: So you all know me.

Me: That's right.

Qin: Who is he?

Me: That is Obito Uchiha. I faced him in the future 150,000 years from now and it was a battle that was gonna rip the whole planet apart. He was once one of Minato Namikaze's students, and he fought in the 3rd Great War and was supposedly killed during a rescue mission of Rin Nohara in the battle of the Kannabi Bridge. Rock Ninjas crushed him to death. But Madara healed him and nursed him back to health and after Kakashi killed Rin for the villages protection, he sent about to destroy the entire planet and is responsible for a huge number of unholy calamities that have taken place over the course of 17 years. He caused the 9-Tails Attack that made Naruto the 9-Tails Jinchuriki, started the Bloodline Holocaust, helped Itachi destroy the entire Uchiha Clan and many more atrocities all over the 5 Great Nations.

Qin gasped in sheer horror along with everyone else.

Me: He was gonna destroy the entire planet and rebuild it in his own image. But it was actually a world without free will and that is the ultimate fate worse than death. When I faced him in the 4th Great War, he resurrected the 10-Tails with fragments of each of the 9 Tailed Beasts and he succeeded in becoming the 10-Tails Jinchuriki. His power was unimaginable as you see now and I knew what was coming next. So I had no choice but to blow up the Moon. As reprehensible as that was, it was the only way to destroy his plans and it ruined his entire plan and destroyed everything that he did and it saved the world from total destruction. But after doing so, Obito was enraged and I unleashed the massive full extent of my power and we fought with everything we had.

Obito: That's right. Very good memory.

Me: Flattery will get you nowhere.

?: He's not the only one.

A figure came out and it was STRIKNING from episode 7 of Power Rangers Lightspeed Rescue!

---

Strikning was summoned by Diabolico to destroy the city with his Light Strike abilities. In the first battle with rangers he attacked Mariner Bay with army of Batlings and easily defeated the Lightspeed Rangers, but he gets ambushed by the New Cyborg Rangers and was forced to retreat, which Lightspeed Headquarters responded to by creating the Cyborg Rangers. Later he returned and battled with the Cyborg Rangers an managed to scramble their circuits, causing them to go haywire and attacking the people, which meant that the Lightspeed Rangers needed to be called upon to destroy both the Cyborg Rangers. Later Strikning appeared again and fought with rangers again but was destroyed by Rescue Bird. But he was revived and enlarged by Jinxer and the Lightspeed Megazord was summoned, Strikning hit The Lightspeed Megazord with the spikes and the Rangers quickly grabbed the monster with the ladder arms and lifted him off the ground, which conducted the lightning attack through them and right back at the monster, they finally destroyed him with the Lightspeed Megazord Saber.

---

Carter Grayson: Strikning!

Strikning: That's right rangers. Its been a long time.

Me: I know this guy all too well! He was gonna destroy all of Mariner Bay with his lightning spikes!

Strikning: That's right. You watched me fight the rangers on TV huh?

Me: I sure did. You were a strong one.

Laney: I remember he turned the Cyborg Rangers against you all.

Dana Mitchell: He sure did.

Kelsey Winslow: I remember that.

Strikning: Too bad those Cyborg Rangers aren't here. I would've loved to turn them against you all again!

Me: I remember the Cyborg Rangers. But what General McKnight did to the Lightspeed Rescue Rangers really pisses me off!

Noah Carver: Didn't General Mcknight make the Cyborg Rangers?

Carter Grayson: He did.

Connor Mcknight: But I'm not related to him.

Me: Even though you share the same last name.

Troy Burrows: Well, here's an indirect reference to him anyway.

Megaforce Rangers: Legendary Ranger Mode: Dino Thunder!

The Megaforce Rangers turned into the Dino Thunder Rangers and Orion turned into the Titanium Ranger.

Laney: Don't worry, Rachel. Your Dark Side is as good as dead!

Me: I'll face Obito. The rest of you hand the others.

Nico: Got it J.D. Be careful.

Me: No need to tell me twice. But I'll be fine.

I went up to Obito and I snapped my fingers and we were in the clouds of a Hot Jupiter planet called Xeyxonkora XIII.

---

Planet Xeyxonkora XIII is a Hot Super Jupiter Gas Giant Planet located in the Unknown Zone. It is 500 trillion kilometers or 310,685,596,118,667 miles in diameter, and is one of the largest planets in the universe to date. It orbits close to a yellow hypergiant star measured at 500 trillion miles in diameter and it orbits at 53 million miles away from its parent star and orbits at a fast pace. 1 full circle around its parent star is 12 hours long. The planet is also one of the most windiest and most electrically charged planets in the universe. The temperature gets up to 100,000,000˚ Fahrenheit on the day side and on the night side the temperature can drop to -376˚ Fahrenheit. The winds blow at 80 million miles per hour and the lightning strikes all over the clouds with 500 trillion bolts of lightning ever 1/12 of a millionth of a second. Fire blows up from the planets liquid surface.

---

We were standing on the clouds of the planet and it was gonna be one rough battle that will shake the fabric of the entire universe to the core.

Me: This ends right now Obito. You have caused too much pain and suffering and I will never forgive you for any of your crimes.

Obito: The only thing I felt when Kakashi killed Rin was nothing but despair.

Me: Kakashi thought he killed her for the village's protection. But he didn't. Orochimaru healed her and restored her and made her better than ever. But that still doesn't give you the right to annihilate all life on an entire planet all for your own selfish gains. I killed you because you deserved it for all the pain and suffering you brought to the entirety of the 5 Great Nations.

Obito: The world of shinobi is a hellish place full of war and death! I was gonna make a new world where there is only peace and happiness!

Me: By committing total omnicide and destroying an entire planet!? I don't think so! I stopped you from doing that by blowing up the moon and I won't let you do the same thing again.

Obito: Then come and get me.

Me: I will. Just so you know Obito, I'm not the same as I was when I faced you the last time in 150,000 years. I've gotten far more powerful than ever before.

I then flared up my power and my rainbow aura flared up. The skies of the planet were having lightning surge all over the place and the clouds were having lightning strike all over with fire from the planet being absorbed right into me and enhancing my power and making my power rise exponentially. I then unleashed the full extent of my power and I turned into a Super Angel-Ebonwu 100,000 Elemental Phoenix at full power!

Obito: So this is your full power.

Me: (Divine Voice) **That's right and now you will feel the ultimate power of a god.**

Obito: We shall see about that. Soon you will feel the power of despair.

Me: **Quite the contrary, it is you that will feel the misery and pain of despair. From all the lives that you've senselessly destroyed.**

Obito: Even so, Jutsu has no…

POW!

I punched him in the stomach with devastating force and knocked all the air out of him and then I kicked him in the face and sent him flying and he flew into the air and fired a powerful blast of fire at me and I fired a powerful blast of fire and the blasts collided and exploded with incredible power.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We then flew at each other and we were mercilessly punching and kicking at each other with ferocious power and released a massive explosion of incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We were punching and kicking each other at an incredible and ferocious rate and thunderous powerful shockwaves were exploding out all over the place at an incredible level as we were going at each other with incredible speed and power!

KRABBBBBOOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOMMMMMMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOMMMMMMMMM!
KRABBBBOOOOOOOOOOOOOOOMMMMM!
KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM!
KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOOOOMMMMMM!

KRABBBBOOOOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMM
KRABBBBOOOOOOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOOOOMMMMMMMM!
KRABBBOOOOOOOOOOOOOOOOOOOOOOMMM!

I punched him in the face and kicked him in the stomach and then we clasped our hands and flared up our powerful auras. Mine was a rainbow aura and Obito's was pitch black and overflowing with ultimate evil and the auras clashed and mixed as our powers were rising dramatically at an accelerated and incredible level! The massive power increase was so strong and so powerful that the entire universe was shaking with fear under the incredible magnitude of our power! Light-years away on Earth, everyone was feeling the massive extent of my power!

Nico: WHOA! You guys feel that!?

Vince: All that power is coming from J.D.!? That's impossible!

Goku: That's incredible!

Piccolo: How can we feel J.D.'s power from this far away!? It's inconceivable!

Krillin: Unreal!

Vegeta: His power is unreal!

Tien: How can J.D. generate that much power!?

Yamcha: I know! It's mind boggling!

Trunks: Incredible!

Laney: That is an incredible amount of power!

Naruto: It's not just Ki, but it's also Chakra and many other energies!

Back at the fight I punched Obito in the face and he formed a powerful weapon called The Sword of Nunoboko!

---

The Sword of Nunoboko is a large, double-helix shaped sword, formed from the Truth-Seeking Ball and was originally wielded by Hagoromo Ōtsutsuki. According to Obito Uchiha, the sword is a holy relic which Hagoromo had used to shape the world, and the blade was powerful enough to just as easily destroy it by his own hands. While being wielded by Obito, this sword was partially destroyed by Sasuke Uchiha's Susanoo Sword while enhanced by senjutsu and Kurama's chakra.

---

He came at me and just as he was about to slash me I stopped the sword with my hands and I destroyed it with my power!

Obito: (Shocked) WHAT!? IMPOSSIBLE!

I kicked him in the face and fired a powerful blast of fire and it hit him and exploded with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared, Obito had a massive hole in his chest.

Me: **Now you will pay for everything you've done. This is for everything you've done to all of the 5 Great Nations and for all the people you've senselessly destroyed.**

I cupped my hands to the side.

Me: **It's over for you Obito! KAAAAAAAAAAAAAAAAAAAA!
MEEEEEEEEEEEEEEEEEEE!
HAAAAAAAAAAAAAAAAAAAAA!
MEEEEEEEEEEEEEEEEEEEEE!**

Obito: NO! I WILL KILL YOU! I WON'T LOSE TO YOU AGAIN!

Obito then formed a massive Tailed Beast Bomb!

Obito charged up a massive and powerful Tailed Beast Bomb as big as a small moon and he condensed it and it was more concentrated and more powerful than all the entire Tailed Beasts combined together. He fired it right at me with incredible and explosive power!

Me: **HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA**

I fired a massive rainbow Kamehameha Wave and it slammed into the Tailed Beast Bomb and shattered it apart and destroyed it and it went at Obito! Obito fired many more Tailed Beast Bombs at the blast, but they were all powerless to stop it and the blast slammed into Obito and enveloped him and he screamed in pain as he was completely obliterated by the blast in an instant as it went out into space and exploded with incredible power!

***KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

The explosion was so massive, so powerful and so devastating that it shook the very fabric of the entire universe with an incredible amount of power! When the blast faded, there was nothing left of Obito as his energy signal was completely gone.

Me: **That's it for him. In the immortal words of Nico: "Obito Uchiha, you have failed this universe."**

But then his spirit appeared.

Obito: I will be back J.D.!

Me: **I don't think so Obito. You've survived for far too long and now it will end.**

I held up my hand to him.

Me: **HAKAI!**

Obito screamed in pain as he glowed purple and he was completely erased from existence forever. He was now one of those that were never born at all.

Me: **What a waste of life. Now to head back and help everyone**

**else.**

I teleported back to Earth.

---

Battle 2: Strikning.

---

Back on Earth, Nico, Lincoln, Lana and the Megaforce Power Rangers were facing Strikning.

Strikning: So you all think you can destroy me?

Lincoln: We don't think, we know!

Strikning: Then try this on!

Strikning fired his spikes and they went and stuck into Lincoln and then storm clouds struck him with the power of 700,000 lightning strikes every half a millionth of a second and it was incredibly powerful! But instead of killing him, the lightning strikes supercharged him!

Strikning: WHAT!? IMPOSSIBLE!

Lincoln: Thanks for the supercharge Strikning.

Lincoln pulled the spikes out and threw them away. Lincoln had absorbed all of his lightning and gotten a massive supercharge from it.

I teleported in.

Me: **Miss anything?**

Nico: Nope. You arrived just in time.

Lincoln: Now lets see how you like this.

Lincoln flew faster than a bolt of lightning and kicked Strikning in the chest and then we got a incredible surprise!

***KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

Lincoln blasted all the way through him and out the other side with so much incredible and devastating force like with how Goku killed King Piccolo! Strikning's blood and guts splattered all over the place!

Me: **WHOA!**

Nico: HOLY SHIT!

Troy Burrows: UNBELIEVABLE!

Noah Carver: HOLY FUCK!

Gia Moran: WHAT POWER!

Emma Goodall: UNREAL!

Orion: HOLY GOD!

Jake Holling: WOW!

Me: **He went all the way through him and out the other side with incredible force! Holy fuck!**

Lana: That was awesome!

Lincoln landed and he kept Strikning's lance as a trophy and Strikning fell to the ground and exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: **Lincoln that was awesome!**

Nico: Well done buddy!

Lincoln: Thanks guys.

Me: **We're not done yet. Lets go help destroy Dark Rachel.**

Emma Goodall: Right.

We went to face Dark Rachel.

## Battle 3: Dark Rachel

We then went and faced Dark Rachel.

Maria punched her in the face and Lola fired a powerful blast of fire and burned her. Matilda used her telekinetic powers and sent a piece of wood into her leg. Lincoln then fired a powerful blast of lightning and electrocuted her and the Megaforce Rangers blasted her and bashed her all over with their weapons. I punched her in the face and Dana Tan slashed her in her arm with her sword and fired a powerful blast of blue fire and burned her all over. James Maxfield kicked her in the face and threw her into the ground and Seia grabbed her and kicked her all over with powerful punches and kicks at a ferocious level.

Ben: Lets see how she likes this!

Ben then turned into a new Ultimate Alien! It was ULTIMATE BLITZWOLFER! He looked like a full fledge wolf and he had spike collars on his arms, can walk on all fours and he had shoulder spines and sharper teeth.

Ben: ULTIMATE BLITZWOLFER!

Me: **Whoa! An Evolved Loboan!**

Shanan: Wow! It looks so much now like a full fledge wolf!

Lana: Awesome!

Lily: That is awesome!

Ultimate Blitzwolfer fired powerful blasts of fire at Dark Rachel and it was incredible!

Me: **WHOA! That was awesome!**

Laney: No kidding.

Me: **Time for some teamwork!**

G1 Tantrum: With pleasure! CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and enhanced his 20,000 volt lightning horns 100-fold.

Block Man: Time for me to break and smash her! GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into his right arm device and it enhanced his Block Dropper 100-fold.

G1 Tantrum and Block Man: LIGHTNING BLOCK SMASHER!

Block Man formed a massive shower of blocks and Tantrum fired a powerful blast of lightning and it merged with the blocks. They rained onto Dark Rachel and hit her all over and smashed her all over.

Earthworm Jim: Time for this monster girl to Eat Dirt! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into his right arm device and enhanced his blasters firepower 100-fold.

Hot Spot: Time for some firepower! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his fireball cannon 100-fold.

Earthworm Jim and Hot Spot: PLASMA FIREBALL SUPER BARRAGE!

Earthworm Jim fired a powerful blast of plasma and Hot Spot fired a powerful barrage of fireballs and they hit Dark Rachel and exploded with incredible power.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: **Time to finish you once and for all you bitch! And say Hi to Margaret for me when you're in hell.**

Carrie W.L.: I agree! PSYCHIC MEGABLAST BURST!

Carrie formed a powerful blast of psychic energy in her hands and she fired it at Dark Rachel and it hit her and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Leia: No one hurts our mom and lives!

Carrie's kids: THUNDER FLASH SUPERSTRIKE!

They fired a powerful blast of lightning and it hit Dark Rachel and electrocuted her all over.

Laney: Time for some poison power! STRYCHNINE Ω SUPERPOISON DARTS!

Laney fired a powerful barrage of darts covered in Strychnine Ω and they hit her and killed her instantly and she was disintegrated into a pile of green slop.

Me: **Yuck.**

Nico: Dark Rachel Lang, you have failed this world.

Rachel Lang: She sure has. Carrie!

She hugged Carrie and cried hard.

Nico: Boy this whole town is gone.

Maria: Normally, we'd use something to destroy this entire town. But it's already been destroyed enough.

Me: **Because of Margaret White and Chris Hargenson, this whole town went to hell.**

Carrie W.L.: Let it all out Rachel. Let it all out.

Laney: (To the viewers) Never listen to anyone that is a monster bully. It will only lead to destruction in the end.

We later went back home. Rachel went with us.

---

Later at school in gym class, we were having dodgeball.

Me: Is that all you got!?

I threw a ball at Lynn and it nailed her in the stomach.

Then a roar was heard and out came THE TITANIC TWIST!

---

The Titanic Twist's body was heavily deformed and contorted, to the point that he appeared to have completely misaligned eyes and two left arms. He had purple skin and wore black trunks, red knee pads, and red shoes.

The Titanic Twist was a wrestling move so devastating that it was banned after the very first time it was used. The monster was supposedly the ghost of the wrestler the move was used on seeking revenge.

Curt and Connie Crunch weren't trying to hurt anyone-they just wanted to scare their dad, Malachi Crunch, into retiring from his wrestling so he wouldn't get hurt.

---

Shaggy: ZOINKS! It's the Titanic Twist!

Me: Whoa I remember this ugly freak!

Nico: He's REALLY ugly!

Qin: What's his story?

Me: The Titanic Twist was really Curt and Connie Crunch, the children of famous wrestling champion Malachi Crunch.

Lynn: Whoa! I love Malachi Crunch! He's one of my heroes!

Me: Yep. Curt and Connie wanted to scare their dad into retiring because they just didn't want him to get hurt. They loved their dad so much and were really worried about him.

Nico: Wow. I remember that when we were in the game to save Mystery Inc. That was really understandable.

Lynn: The Titanic Twist. (Gasp) That move is one of the most dangerous forbidden moves in all of pro wrestling!

Qin: What is the Titanic Twist?

Lynn: The most lethal move in all of Pro Wrestling! It was a very dangerous move where the wrestler would grab their opponent and twist him in a horrible way! It was so dangerous that the world of wrestling outlawed it after the first and only time it was used.

Qin: Holy shit!

Lynn: I know. It was a lethal and terrible move.

Me: I saw it on the internet and it was awful.

Lynn: I got this freak.

Lynn went at the Titanic Twist and got into a powerful fight and she punched him in the face and kicked his teeth out and she grabbed his arms and ripped them off and she fired a massive blast of lava and incinerated him into nothing.

Me: That did it. Well done Lynn!

Nico: Yeah! Titanic Twist, you have failed this world.

Lincoln: Yep.

We got back to playing Dodgeball.

THE END

---

Another Fanfiction Complete and the end of another bad town and villain.

The Rage: Carrie 2 was a terrifying sequel to the popular movie Carrie and it was a scary movie. But what those kids were doing to Rachel made me sick! Obito was the mastermind behind everything in the world of Naruto and he was gonna destroy the entire planet all for the sake of bringing peace!? That is not true peace. That is total annihilation. Next up is the ruthless Dr. Jekyll and Mr. Hyde type villain from the 2nd Naruto movie Haido and it's gonna be a battle for the power of Gelel! NicoChan11 gave me the ideas for this one. Thanks man. Darkhai gave me the idea for the chapter and it was his request. Thanks guys. Let me know what you all think. Get ready for a fight that's out of sight when we face the ruthless Sebastian Cane as the Hollow Man! We're going to fight him as he is invisible and the whole lab is gonna go up in fire!

See you all tomorrow.

# Wrath of The Invisible Scientist

At the estate, we were watching TV and reading books.

Me: Sure is quiet.

Nico: It sure is.

Laney: Lets hope it stays that way. We've been very busy.

Me: We sure have.

Varie: I know. But I just can't believe that there are so many villains out there.

Me: And the Masters of Evil are still increasing their forces. They already have Professor Calamitous in their ranks.

Android 21: I know. It's hard to imagine.

Nico: I have a strong feeling that they will soon have more recruits.

The doorbell rang.

Ice Man (Mega Man): I'll get that.

Me: Okay.

Ice Man went to get the door. He answered it and to his surprise, it was Dark Spicer!

Ice Man (Mega Man): What do you want, Dark Spicer? Are you going to attack us with your Transylian and Gourmand forms next?

Dark Spicer: I'll save that for the next time I fight you guys. But today, I thought I'd give you a present.

We were about to attack in case Dark Spicer pulled out a weapon. But to our surprise, he brought out an unconscious Notacon, all tied up.

Trip: Notacon?! What have you done to him!?

Dark Spicer: Relax. I only sedated him. I had to use Menace Arms to carry him the rest of the way.

Maria: (suspicious) So, you're just giving him to us. Why?

Dark Spicer: (sighs) Maybe you guys are starting to rub off on me. But I don't think Notacon will fit in real well with my team with how friendly he is. So, I thought he would fit in better with you guys.

William: That's awfully nice of you, Dark Spicer. Thanks.

Dark Spicer (smirks): Don't get used to it. (turns into Dirtdrive and runs off)

Maria: I got him.

Maria used her water to lift Notacon up and bring him in.

Maria: We have a new guest.

We saw that it was NOTACON From episode 19 of Time Force!

---

Like all other mutants, Notacon was created as the result of the chemical accident. He is a peaceful but powerful mutant. Notacon was frozen in the year 3000 for the crime of petty theft. He only stole some vegetables because no one would feed him due to looking threatening, much to his sadness. He was released in the year 2001 by Frax for Ransik, who upon learning of the mutant's minor crimes and lack of aggression told him he would fight whether he liked it or not. Frax placed control device on his back, but Notacon escaped.

Notacon managed to get away from the criminals and hide in the city (though many people run away from him because of his appearance) where he was discovered by Time Force as Ransik's forces were searching for him, having read up on his record and negligible crime they promised they would help him.

Unfortunately the same courtesy was not extended to Eric who believed that all mutants were evil based solely on not being human and should be killed outright, if not for Trip standing between Notacon and Eric and revealing his own status as a non-human the Quantum Ranger would have destroyed him. Eric eventually showed mercy for Notacon and spared him. But he didn't tell it to Trip. He said that "It is something wrong with pistol".

Frax was soon able to take control of Notacon's body and force him to fight and grow to giant size. While the Shadow Force Megazord Mode Red takes him on and tries to hold him in place, but Notacon is too strong. To the Rangers' shock, Eric uses the Q-Rex to hold Notacon in place so Trip can destroy the control device with the Electro Booster. Frax tried to stop Trip from destroying control device, but Eric defeated Frax. The Rangers then freezed Notacon with Blizzard Slash much to his delight as Notacon desired just that.

Trip promised to help Notacon someday in the future, and the Rangers bid Notacon sweet dreams.

---

Jen Scotts: Notacon!?

Wes Collins: What is he doing here?

Me: I remember him. Notacon was not like all the other mutants you all faced. He's an anti-hero.

Trip: That's right. He's my friend and I promised to help him.

Me: I remember seeing that Trip.

Laney: Maybe we can have Lisa help him out in her laboratory.

Me: Good idea. But I can tell that he wants to join the Redemption Squad. Dark Spicer brought him right?

Trip: Yes he did.

Ice Man (Mega Man): He was sedated and knocked out and just given to us.

Notacon then woke up and he saw us.

Colossus: (Russian Accent) Easy, Comrade Notacon. You are among friends here.

Notacon: Trip? Thank goodness I found you.

Trip: Well actually you were brought to us.

Notacon: Really?

He saw us.

Notacon: Team Loud Phoenix Storm. It's an honor to meet you all.

Me: Pleasure is ours Notacon.

Notacon: I have a lot to make up for now that Ransik is gone.

Jen Scotts: He's now redeemed.

Me: When the Wild Force Rangers and the Time Force Rangers joined forces, they battled evil Mut-Orgs. They destroyed them and it was an intense battle. But they helped cure Ransik.

Cole Evans: It's true.

Eric Meyers: Notacon, I owe you an apology. When you first saw me, I wasn't really friendly with Wes and the others. And at the time, I thought all mutants were evil becaue they weren't human and that they had to be killed. Good thing TRip showed me the error of my ways.

Notacon: It's ok. You were just doing your job.

Eric Meyers: (guilty) Was I really?

Dirge: Of course you were. So, how about turning that frown upside down?

Taylor Earhart: Yeah big boy.

William: Notacon, I know that fighting is the last thing on your mind.

But, how would you like to join the Redemption Squad?

Notacon: I would be honored William.

William: Awesome.

Me: Great.

Then the alarm went off.

Me: Uh oh.

We went to the computer and we saw that a laboratory in the middle of the city has come under siege. It was under attack by molecular biologist SEBASTIAN CAINE!

---

Sebastian Caine is the protagonist villain of the 2000 film Hollow Man. A brilliant but narcissistic scientist, Caine has been tasked with finding a means of conferring invisibility on living beings and eventually returning them to visibility. Though initial tests are successful with animal subjects, Caine's hunger for fame and power leads him to test the invisibility serum on himself; this newfound power allows him the freedom to indulge his criminal fantasies, eventually drawing him steadily closer to insanity as his tolerance for violence grows.

He was portrayed by Kevin Bacon, who also portrayed villains including Bobby Hayes in R.I.P.D., Sebastian Shaw in X-Men: First Class, Wade in The River Wild, Joe Hickey in Trapped, Sean Nokes in Sleepers, Jacques in Super, Martin Thiel in Criminal Law, and Ray Duquette in Wild Things.

Sebastian Caine has been tasked by the Pentagon with the job of formulating and testing a serum that will allow a living being to become invisible, with the eventual intention of harnessing it for the US Military. Together with a team consisting of Dr. Linda McKay, Dr. Matt Kensington, Sarah Kennedy, Carter Abbey, Frank Chase and Janice Walton, Caine has been working in a high-security research base hidden deep underground, and begins experimenting on a wide variety of animals - most prominently gorillas.

However, though the brilliant project leader is able to create a working invisibility serum, it's quickly discovered that the serum is not without its pitfalls, as many of the test subjects become unnaturally aggressive as a result of their condition, forcing team members to don infrared goggles and fit the corridors with thermal imaging cameras in order to assist in recapturing escape-prone animals. Worse still, returning the test subjects to visibility is a much more dangerous process: by the start of the film, at least one test gorilla has been fatally liquefied as a result of a botched reversion.

## Achieving Invisibility

The film begins with Caine running another serum test in his apartment, clearly not expecting any positive feedback. However, in between spying on a female neighbor and grouching over his breakup with Linda McKay (who is now in a relationship with Matt Kensington, unknown to Caine), he manages to develop a working reversion serum.

The following morning, the team tests the new batch on their current invisible gorilla, and though the process almost results in her flatlining over the course of her exertions, the test subject is successfully returned to visibility. However, Caine feels curiously disappointed by his victory, believing that this is the last big breakthrough before the experiment is finally taken out of his hands.

When the time comes to report his progress to the Pentagon, Caine inexplicably lies to the oversight committee and his mentor Dr. Howard Kramer, claiming that he has not yet cracked the reversion process, and instead pleads for more time. The disappointed committee reluctantly permit him an extension - but not before warning him that their patience is not unlimited and Caine himself is not indispensable. On the way out of the building, Linda and Matt naturally confront Caine, who insists that this is the only way to keep the higher-ups from seizing control of the program and putting another team in charge for the next phase.

Determined to claim all the glory of the experiment's success for himself, he talks the two of them into proceeding to human trials without oversight from the Pentagon - the chosen test subject being Caine himself. Though the rest of the team are a little suspicious at this development and reluctant to proceed in the new direction outlined for them, Linda reluctantly convinces them to agree, deciding to keep their project leader's recklessness a secret for the time being.

Over the course of an extremely painful transformation process, Caine is made invisible - though he almost immediately passes out from shock. After getting used to the fact that his eyelids are translucent and the laboratory lights have to be lowered accordingly, he soon gets into the habit of abusing his powers for his own amusement, either spying on his fellow team-members or playing childish pranks on them; this quickly comes to a head when he goes so far as to inappropriately fondle Sarah in her sleep, and only stops when Sarah unexpectedly wakes up.

After three days of tests and protracted immaturity, the time comes for Caine to return to visibility: unfortunately, the reversion serum fails, nearly killing him. For the time being, he is left invisible while he and the rest of the team struggle to find an alternate means of restoring him to normality; in order to make him easier to interact with, they also provide him with gloves and a home-made latex mask for him to wear around the lab, granting him hands and a visible but disturbing-looking face at long last.

## Descent Into Madness

After another week of extensive testing, the project leader is beginning to crack under the strain: ten straight days of cabin fever, nausea-inducing radiation tests and the practical failure of his own reversion serum have left Caine almost explosive with rage, and the fact that he can't sleep easily due to the transparency of his eyelids only worsens his mood. As a result, his relationship with the rest of the team further deteriorates, and he often resorts to taking out his frustrations on the furniture.

One night, unable to stand another minute underground, Caine leaves the facility in direct contravention of laboratory protocols and returns to his apartment, pausing only to frighten a carload of small children along the way. Once there, he quickly returns to his old habit of spying on his neighbor as she undresses - but this time realizes that he has the power and the freedom to take his voyeurism to the next step. Stripping naked, he sneaks into the neighbor's apartment and rapes her, trusting that his invisibility will make any testimony on her part irrelevant.

Though Caine eventually returns to the lab of his own free will before the rest of the team are forced to hunt him down with tranquilizer guns and thermal imaging goggles, Linda warns him that she'll have no choice but to reveal everything to Dr. Kramer if he tries to leave again. Over the course of the days that follow, Caine appears to be on his best behavior, showing no signs that his confinement bothers him other than sarcasm. However, when Carter mentions the fun he would have in committing pranks as an invisible man, he is able to use the opportunity to express his feelings concerning the rape of his neighbor, claiming to have merely pranked her - and admits that he liked how it felt, proving himself utterly unrepentant for his crime.

Eventually, Matt concocts a promising means of returning Caine to visibility, but the computer simulation of the cure predicts a lethal failure, resulting in an explosive temper-tantrum from the increasingly-demented project leader. When Linda attempts to reign him in, he grows even more aggressive and comes dangerously close to assaulting her in his frustrations over not being able to exercise his "gift." In private, he also expresses a growing obsession with discovering the identity of Linda's new boyfriend.

One night, unable to sleep and unable to put aside thoughts of Linda enjoying a life without him, Caine sabotages the thermal camera in his cell by fitting it with a device that replaces the current video feed with a looped recording of himself asleep. Once this is in place, he is free to sneak out of the compound and proceed on foot to Linda's apartment, where he observes her having sex with Matt. In a rage, the invisible man smashes their bedroom window, and though the two lovers almost immediately suspect Caine as the culprit, the looped video feed immediately diverts any suspicion from him. Meanwhile, Caine returns to the lab and throws another temper tantrum over the betrayal he believes this incident represents, eventually losing all composure at the sound of a barking invisible dog and killing the animal by brutally smashing it against the cage wall.

Eventually, the team soon discover that the security feed has been a recording, and that Caine has been leaving the facility on an almost nightly basis. Realizing that the experiment has officially spiraled out of control, Linda and Matt go to Dr. Kramer's house and confess to both the deception and their illegal experiments; an immensely disappointed Kramer fires them, and attempts to warn the rest of the committee - and from there, their superiors at the Pentagon, presumably. Unfortunately, Caine has followed the two scientists to the committee head's home, and as soon as they leave the area, he cuts off Kramer's phone connection before he can notify anyone. Luring Kramer outside, he then drowns him in his own swimming pool.

With the only non-team member aware of Caine's status dead before he could alert the Pentagon, the invisible scientist then engineers a plan to ensure that the rest of the team suffer a similar fate, guaranteeing a clean escape from government scrutiny. The next day, Caine waits until all the team members have assembled in the lab, then disables the phones and overrides the team's elevator codes - except for his own. With the team effectively trapped in the facility, he once again strips naked and begins hunting them down: Janice ends up becoming his first victim after falling behind to retrieve her goggles, being strangled with an IV line and dumped in a locker.

Upon discovering Janice's corpse and the alterations made the the lab's security systems, the surviving members quickly realize Caine's intentions, and attempt to counter as best as they can: while Linda, Sarah, and Frank hide in the lab, Matt and Carter take tranquilizer guns to hunt down Sebastian using their thermal imaging goggles. Unfortunately, the most prominent heat signature turns out to be from a steam vent, and the distraction is enough for Caine to ambush the two of them: having concealed himself on one of the overhead pipes, he grabs Carter by the neck and throws him down so violently he ruptures Carter's carotid artery. Though Matt arms himself with a fire extinguisher and tries to make Caine visible enough to attack, he merely toys with him until the extinguisher is empty, and almost kills Matt before Linda is able to open one of the security doors for him.

Splitting up in an ill-advised attempt to rescue Carter, Sarah leaves Frank to stand guard over the mortally wounded Carter while she retrieves blood for an emergency transfusion. Unfortunately, this leaves her cornered in the medical bay when Caine arrives on the scene: in a panicked frenzy, she tries to prevent herself from being attacked by covering the ground with as much blood as she can spare - hoping that Caine's footsteps through the puddle will reveal him. However, he proves too quick to be caught by this method, and attacks Sarah as soon as she believes herself alone in the room; though she is able to make him temporarily visible by throwing a bag of blood in his face, Caine overpowers her and shoots the veterinarian in the chest with her own dart gun, before snapping her neck.

Nearby, Carter bleeds to death, forcing Linda, Matt and Frank to look for Sarah, once again using fire extinguishers in an attempt to reveal Caine: however, their target is able to lure them into the walk-in freezer with Sarah's body and then ambush them, fatally impaling Frank with a crowbar and badly wounding Matt with the hook-end, before sealing the two survivors in the freezer.

## Death

Now intent on leaving the building in style, Caine washed up and gets dressed, augmenting his mask with makeup and wig to make himself look more human; then, in order to destroy any evidence of the experiment or his survival, he mixes up a batch of nitroglycerin and places it in the laboratory centrifuge on a timer, guaranteeing a massive explosion when the centrifuge finally stops spinning. For good measure, he also smashes the keyboard so the countdown cannot be stopped or delayed.

While he's preparing for his escape, however, Linda is able to use a defibrilator to improvise an electromagnet powerful enough to open the freezer door from the inside: after hastily tapes Matt's wounds shut and providing him with enough warmth to recover from the hypothermia, she hurriedly jerry-rigs a flamethrower, then goes looking for Caine.

She soon finds him entering the elevator, intent on leaving well in advance of the detonation: before he can leave, Linda fries him with the flamethrower, destroying both his clothes and his mask and burning a good deal of his upper body in the process. However, his invisibility adapts quickly to the burns, and he vanishes from sight as soon as he's able to extinguish himself; Linda is able to trigger the sprinklers, partially revealing him again, but Caine is able to overpower her before she can finish him off.

Just when it appears Caine has the upper hand, Matt appears and knocks him down with the crowbar. Recovering swiftly, the invisible man attacks the fleeing scientists with the crowbar, only for Matt to deflect the blow, throwing their attacker into a nearby circuit box. Accidentally penetrating the box with the crowbar, the soaking-wet Caine is immediately electrocuted, and though he is thrown clear before the voltage can kill him, the shock is enough to destabilize his invisibility - rendering his muscles, bones and internal organs visible, but leaving his skin and hair invisible.

Returning to the lab, Linda and Matt find the nitroglycerin bomb about to explode and quickly evacuate the lab; however, since their codes don't work on the elevator anymore, they're forced to climb up the elevator shaft via the emergency ladder. They are barely able to reach a safe distance before the bomb detonates, reducing the laboratory to blazing wreckage and flinging the elevator car into the air - where it's immediately jammed in the shaft just below them.

Against all odds, Caine is somehow able to regain consciousness and reach the elevator shaft before the bomb explodes, for just when Linda and Matt are on the verge of escaping, Caine reappears, dragging Linda off the ladder and onto the precariously-balanced elevator car. He is able to kiss Linda one last time "for old time's sake" before attempting to kill her, but while the semi-invisible man is distracted, she grabs the elevator cable and knocks the car loose, sending Caine plummeting to his death in the inferno below.

Me: Sebastian Caine!? I've heard about him. He is a famous molecular biologist that specialized in making an invisibility serum! He's also known as the Hollow Man.

Nicole: Invisibility!? That's really dangerous!

Nico: No kidding.

Lisa: Very fascinating.

Laney: This sounds like we're dealing with another invisible madman. Really playing with fire.

Lily: And we're gonna be going after another invisible madman.

Me: Yep. Lets get him!

Notacon: I want to help too!

G1 Blades: You sure you want to come with us on this mission, Notacon? There's a good chance you might have to fight your former teammates.

Notacon: I'll take that risk. Besides, I want to prove to everyone that I've changed.

Me: Okay. Lets go!

We were off to the biochemical military laboratory in the middle of the city.

---

GOTHAM ROYAL YORK MILITARY LABS

---

In the lab it was quiet and then a massive fiery explosion blasted a hole through the ceiling and a Phoenix Cry was heard as we landed.

We looked around and saw that it was empty.

Hawkeye: Looks like there's no one here.

Lana: So we wasted our Phoenix Cry? Aw man!

Me: No he's here.

Ronnie Anne: Oh, Hollow Man. Come out, come out, wherever you are!

I turned on my infrared vision and I saw that there was a man that was completely invisible on the Visible Light part of the Spectrum and he was now sticking out like a sore thumb in my Infrared Vision.

Me: Gotcha.

I went over and punched him in the face and sent him crashing into the metal door that lead to the chemical storage.

He got up and it was Sebastian Caine.

Caine: So we meet at last Team Loud Phoenix Storm.

Me: So you are the famous Sebastian Caine. It's hard to imagine that you are now invisible but I can still see you plain as day.

Caine: How can you see me? I'm invisible.

Me: Not to other forms of light you aren't. I can see you in Infrared,

I switched my vision to X-Ray and I saw his bones and skeleton.

Me: X-Ray,

I switched it to Ultraviolet Light and I saw him as a red blob under ultraviolet light.

Me: And even Ultraviolet Light.

I switched it back to Infrared.

Me: But it's your heat signature that drew you out.

Ben: We may not have infrared vision like J.D. does, but you will not escape us that easily.

Caine: Impressive. I'm amazed that all of you can see me. But I have to kill you now to make sure that you don't stop me.

Me: I was told that you were nothing but talk. But you will pay for your crimes. (ECHOING) WEB OF DECEPTION! 投蜘網

I fired blades of energy and they entangled Caine in a powerful spiderweb.

Nico: Boy that was too easy.

Laney entangled him in vines to make sure he can't escape.

Laney: That oughta hold him while we synthesize an antidote.

Lisa: Agreed.

Caine: You have no idea how much fun this is.

Me: Your fun's over. Now you have a lot to answer for when we bring you to the cops.

We went into the lab and we looked around for his research and we found it.

Nicole: Found it.

Lisa: I will make a reversing serum right away.

Me: Okay.

There was pounding coming from the freezer.

Jared went over to the freezer and opened it and inside it was Linda McKay and Matt Kensington.

Jared: We got two survivors!

We looked them over and they were half frozen.

Lola: We'll warm you up for you.

Lola enveloped herself in a fire aura and warmed them up.

Me: You two okay?

Linda: Yeah thanks to you all.

Matt Kensington: How did you find us?

Me: We have our ways. Lets get you all out of here.

Linda: We can't. The elevator won't work on our codes.

Me: Don't worry. We made our own entrance and exit.

Lisa: I made the antiserum.

Me: Good work Lisa.

Lisa: This time it will work without the painful effects.

Me: Excellent.

We gave the serum to Caine and he was back to full fledge human.

Caine: No! My power! It's gone.

Me: And now you are under arrest.

We went out of the lab and Sebastian Caine was taken away by the FBI.

Me: Good riddance. But he'll be brought to trial for his crimes. (To Linda and Matt) You too go home and get some rest.

Matt Kensington: Thanks J.D. We owe you one.

Me: Thank nothing of it.

Then explosions occured and we saw a figure emerge from the shadows! It was CYBAX from episode 2 of Super Megaforce! The real one this time!

---

Cybax is a cyborg brain coral monster who was the third monster Prince Vekar sent down to further his plans of ruling Earth. He was in charge of launching Levira's missiles and overseeing the destruction of major cities. However Troy Burrows uncovers his plan and Cybax was defeated with the Legendary SPD Megazord.

---

Troy Burrows: CYBAX!

Me: The Real one this time! We actually encountered a mutant and he had a clone that turned into you.

Cybax: So I have heard about that. That Goosebumps monster got every detail about me exactly right.

Gia Moran: So we have seen.

Cybax: (to Notacon) The boss might be willing to let you walk off, traitor. But not me! (to the SPD Rangers) And don't think I forgot about you SPD Rangers. If I remember correctly, it was one of your Zords that played a part in my demise!

Me: I remember watching that on TV and they destroyed you.

Cybax: What are you going to do? Turn into your SPD mode again? I know how to counter that now!

Noah: Then, it's a good thing we're using a different team.

Megaforce Rangers: Legendary Ranger Mode: Animal Supersquad!

The Megaforce Rangers turned into the Super Beast Squadron Liveman from 1989.

?: He's not the only one he has with him.

I recognized that voice.

Me: Its been a long time since I left you in the Gelel Mines for dead, Haido.

Out came a gentlemanly man with a monocle on and it was HAIDO!

* * *

In the past, Haido formed his organization. He traveled to a village where Temujin lived and laid waste to it by causing a war which ended up killing countless people. When he encountered a destitute young Temujin by himself near a pile of rubble, he mocked him.

Haido later appeared in front of Temujin (this time, without wearing a hood) and told him about his dream of starting a utopia and accepting the boy into his organization. Since Temujin have been a member of Haido's force, he held a special power that Haido liked and kept him as a powerful asset to his organization. The weaker children, however, were turned into soldiers by having them become armored men.

Haido sent his forces out to attack the Land of Wind. The Sand ninjas fought them until Gaara came to defeat many of his men. Haido's forces retreated after the battle. Haido later appeared in his tower where Temujin introduced Naruto to him. Upon his introduction, Haido told Naruto about his goals of world peace and encouraged him to join his organization. Nerugui, the ferret, that Naruto had in his possession scowled at Haido sensing the evil in him. Temujin and Naruto soon left to deal with a situation outside.

After gathering more information on the stone of gelel, Temujin abducted Kahiko and sent him to his tower. Haido appeared and was about to get Kahiko until Shikamaru trapped him with his shadow technique. Haido told everyone that he wanted world peace even though he intentionally went about it through warfare. When Kahiko told everyone the stone may not be accessible, Haido became furious and broke out of the Shikamaru's shadow technique, attacked Naruto, and went after Temujin and Kahiko to the dungeon to where the power of the stone was at.

While pursuing Temujin and Kahiko, Haido appeared and attempted to murder Kahiko when he got the power. Temujin stopped Haido's attack and questioned him on his ideals, to which Haido became frustrated at Temujin's defiance. When Naruto appeared, Haido laughed and gleefully confessed to murdering Temujin's parents and using the latter as a pawn. With the power that he acquired, Haido transformed into a more powerful form and attacked Temujin. Haido prepared to kill Naruto, Temujin, and Kahiko. During his battle with Naruto he overwhelmed Naruto and nearly killed everyone until Haido's armored men shielded them from his attack. Disappointed at how the children turned against him, he resumed his fight against Naruto until the latter attacked him with a rasengan. Haido recovered with the power of the stone of gelel and fought Naruto until the latter destroyed his defenses and gelel power source with the demon-fox rasengan and gelel rasengan and incapacitated Haido with the gelel rasengan. Because of the severity of the gelel rasengan burrowing a hole into Haido's chest, he succumbed to his injuries. With the source of life energy from the stone leaking out, Temujin nearly sacrificed himself to banish the power to a void. As a result, Haido's body was swept into the void along with the power from the stone of gelel.

---

Qin: Who is he?

Me: That man is Haido. He was the leader of a Utopian Force that was trying to bring about peace with the power of a mystical stone called the Stones of Gelel. The Stones of Gelel are a powerful mystical and legendary artifact that have incredible regenerative capabilities. They also have the power to make a person immortal.

Nico: Wow! That's incredible!

Laney: Amazing!

Me: I was amazed myself.

I went over the history of the Stones and Power of Gelel.

---

The Stone of Gelel is a source of life energy contained in a mineral seen in Naruto the Movie: Legend of the Stone of Gelel.

Overview

It was first discovered long ago as a vein of ore by Temujin's ancestors. Only the royal blood of his clan could forge stones from the ore, a process performed with flesh and blood of the body. These same forgers were also the only ones capable of implanting the stones into bodies, as well as destroying them.

The entire deposit of Gelel is said to be capable of destroying half a continent. For this reason a long and costly war was fought over it, resulting in the ore being sealed away by Temujin's ancestors. In the present day, only Kahiko knows the location of the Gelel vein (ゲレルの鉱脈, Gereru no Kōmyaku), and he and his followers protect its secret.

Years after its sealing, Haido found some remnants of the stone by destroying Temujin's village. Later, he also found the Book of Gelel, which allowed him to learn how to control the power of the crystal. Haido wanted to use the Stone of Gelel to rule the world. After a brutal fight to stop Haido, the key to the Gelel's mine was accidentally destroyed, causing the vein to go berserk, threatening to destroy the continent. To prevent this, Temujin, who carried the royal blood of his clan, destroyed the stone and the entire vein of Gelel by summoning a Space-Time Hole.

The stone itself is oval-shaped and bluish-green in colour with the appearance of somewhat white bluish tentacles on the inside of it.

## Abilities

The Gelel stones, when embedded into a person's body, grant them incredible regenerative powers, on par with the jinchūriki of the Nine-Tailed Demon Fox, as well as seemingly halt ageing: Nerugui the ferret lived past his life expectancy and was immortal due to having a pebble of Gelel inside him.

Those who have the stones inside their bodies can manipulate Gelel energy for combat purposes. This can range from simply channelling the energy to launch against the opponent to converting it into concentrated sound blasts or electrical energy, or even casting illusions. Haido himself can blast objects without touching them. The stone's power can also allow the users to transform into a monstrous form unique to each person, increasing their strength and prowess, as demonstrated by Haido and his followers (excluding Temujin), an aspect similar to Orochimaru's Juinjutsu.

When drawing the Gelel energy from the vein itself, it granted Haido regenerative powers far more powerful than before, as he can heal twisted limbs, even his own neck, near instantly. He can also fire a deadly laser of immense power. Only when Naruto and Temujin drew power from the vein as well to form a Gelel Rasengan and shatter the stone embedded in Haido's hand were they able to kill him.

---

Qin: Whoa! That's incredible!

Naruto: I was surprised myself when I found out about it.

Sakura Haruno: Me too.

Fu: It sure was.

Haido: I'm amazed that you still remember me after all this time J.D.

Me: And I left you there for dead.

Haido: What did you do to the Mines of Gelel?

Me: After the seal was destroyed, we had no other option. We had to absorb all of the entirety of the Mines of Gelel into us and it made us far more powerful than ever before. But as a result, it sent a massive wave of life energy all over the entirety of the landscape and turned it all into a massive and super dense rainforest of incredible foliage and it was loaded with all kinds of things.

Haido: So that's what happened.

Me: It was.

Vince: Wow! That explains why there have been so many more plants and flowers than normal.

Me: Yep. Now I will finish what I started when I faced you.

I took off a fingerless glove on my right hand and revealed that I had a Stone of Gelel embedded in the back of my right hand. It was a stone in the shape of an egg.

Me: I'm amazed I still have this even after our fight 150,000 years from now.

I put my glove back on and I went to face Haido.

Me: You guys face Cybax. I'll deal with Haido.

Naruto: Be careful bro.

Me: Don't worry bro. I'll be just fine.

I walked up to Haido.

Haido: So you want a rematch huh boy?

Me: Not just a rematch. A fight to destroy you.

I snapped my fingers and we were on a volcano planet called Eldfell.

---

The planet Eldfell is the 2nd planet of the Mexjanxia System. It is named after Eldfell Volcano in Iceland on the island of Heimaey, which is Iceland's most important fishing port. Eldfell erupted in 1973 after 6,000 years of dormancy and lava flows were about to cut off the port. The people of Heimaey cooled the lava flows with lots of sea water from February 6th to July 10th, 1973. The People of Eldfell live in villages away from the oceans of lava and volcanoes and resort to big game hunting.

---

Haido: So this is the spot you wish to fight me at.

Me: Yes and for the record, I'm not the same person that took you down 150,000 years from now.

Haido: How so?

Me: I've gotten far more powerful than ever before.

Haido: Well then lets see what you have learned. I only wanted to bring an end to war.

Me: Your intentions were good, but your heart was not.

Then Haido transformed into his monster form and it looked very similar to Mr. Hyde. His Gelel transformation, he takes on the form of a humanoid-like monster with, light grey skin, light red eye sclerae, dark black slanted eye pupils, long unkempt spiky white hair with two long even strands of hair on each side of his face, thin blank white eyebrows, a medium-built six pack, and four light red floating balls behind his back.

Me: Impressive. I remember you transformed into this exact form when I beat you the last time. You look very similar to Dr. Jekyll and Mr. Hyde.

Haido: Indeed. You made that same remark and reference to me when you faced me in the future.

Me: Good memory. Now here's my true power.

I then flared up my Rainbow Aura and I released the full extent of my power and I was now in my Super Angel-Ebonwu 100,000 Elemental Phoenix Form.

Haido: What the!?

Me: (Divine Voice) **Now here is my true power. What you see before you is the ultimate power that I used to kill Orochimaru of the Sannin and Obito Uchiha.**

Haido: I see. Lets see how it compares to my power.

Me: **I'll see your bet and raise you.**

I went at him and punched him in the face with devastating force and kicked him in the stomach and sent him crashing into a rock. Haido then came at me and tried to punch at me with incredible speed and fury and I dodged all his strikes and then I punched him in the stomach and kicked him in the face and fired a powerful blast of lightning at him and electrocuted him all over. He then got up and fired a powerful blast of Gelel Energy at me with his GELEL LASER.

When Haido is transformed into a monstrous humanoid, through the powers of the Gelel Stone, he is able to fire a giant bluish-green laser from the back of his right hand, where the stone is embedded. The blast is very powerful and can kill most people in one shot. The laser can be further augmented to fire a much larger blast.

I fired a massive energy blast at the Gelel Laser blast and it collided with the blast and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful that it sent Haido flying and I flew at him and kicked him in the back and fired a powerful barrage of earth and crystals at him and they slammed into him and skewered him all over and I fired a powerful blast of lava and burned him all over. He then fired numerous blasts of energy at me with his Gelel Blast!

With a piece of the Stone of Gelel embedded in the back of his right hand, Haido can blast objects without the need to make physical contact with it. He learned such powers in the Book of Gelel and demonstrated the power by causing a small shock wave on a pillar from a distance.

I fired powerful barrages of energy blasts at him and he fired powerful blasts at the blasts and they exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBOOOOOOOOOMMMMM!
KRABBBOOOOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOOMMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOOOMMMMM!

Some of the energy blasts hit him all over and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I punched him in the face with devastating force and we were really going at each other with incredible fury and speed and power. I kicked him in the face and punched him and kicked him all over with incredible and ferocious fury.

Haido landed on the ground and he was down.

I landed in front of him as he was bleeding profusely.

Me: **You have gotten stronger since the last time we fought and I'm impressed.**

Haido: Thank you. You've gotten stronger yourself J.D. But I'm afraid our fight must end.

Me: **I couldn't agree more.**

Haido got up and I went at Haido with two powerful Rasenshuriken in my hands. One was made of pure light and the other was made of pure darkness.

Haido: LETS PUT AN END TO THIS! TIME FOR YOU TO DIE!

He fired a massive blast of Gelel Energy at me. But my energy protected me and it was too powerful for him to stop.

I jumped into the air.

Haido: FUCKING BRAT!

Haido flew into the air and I had the Dark Rasenshuriken ready to strike and he sent powerful rock pillars at me and I blocked them with the Dark Rasenshuriken.

Haido: I doubt if you can even touch me boy!

But my Dark Rasenshuriken was too powerful and it shattered the rock pillars.

Haido: WOULD YOU JUST DIE ALREADY!?

Me: **GO TO HELL!**

My Light Rasenshuriken hit his right hand and shattered his Gelel Stone.

Me: **Now you die! ECLIPSE STYLE: TWILIGHT FORCE TWIN RASENSHURIKEN!**

I slammed both Rasenshuriken into him and they made him explode in a massive explosion of light and darkness.

***KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

The explosion was so powerful that it shook much of the area on the planet all over with incredible power. When the smoke cleared Haido was down but badly hurt and wounded. He had blood pouring out of him.

Me: **You fought valiantly Haido. But I'm afraid you are just too dangerous to be kept around.**

I held up my hand to him.

Me: **HAKAI!**

Haido glowed purple and he screamed as he was being completely obliterated and he vanished completely as if he was never born at all.

Me: **You brought all this on yourself. Now to help everyone else.**

I teleported back to Earth.

---

Back on Earth, everyone was facing Cybax. Massive fiery explosions were blowing much of the area apart as Jack Spicer and Eddy and Luan were blasting him with their blasters and light powers and the Megaforce Rangers were blasting him all over with their weapons and more.

Carlitos: (sees Spicer and Eddy exchanging gun blasts against Cybax) Man, they're really going at it!

Lily: No kidding!

I appeared and fired powerful blasts of fire and they hit Cybax and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOMMMMM!
KRABBBOOOOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOMMMM!

KRABBBOOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOOMMMM!

Me: **Am I in time to join the party?**

Nico: Just in time buddy.

Laney fired powerful blasts of fire and they hit Cybax and exploded with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ben: Time for some lightning power!

Ben then turned into a new Ultimate Alien. It was ULTIMATE FRANKENSTRIKE! His skin tone has changed to olive green and gray. He is super muscular. There is a huge beard on his face. It has a powerful cannon on his back. He has wires coming out of his back.

Ben: ULTIMATE FRANKENSTRIKE!

Me: **WHOA! An Evolved Transylian!**

Shanan: Wow! This is awesome! I've never seen one like this before.

Riley: Wow! This is so awesome!

Ultimate Frankenstrike: Lets see what it can do.

Ultimate Frankenstrike fired a powerful blast of lightning from the cannon on his back and it hit Cybax and electrocuted him all over and massive fiery explosions went off all over him.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM!
KRABBOOOMM! KRABBOOOOOMMMM!
KRABBBBOOOOOOMMMM!
KRABBBBOOOOOOOOOOOMMMMMM! KRABBBOOOOOOMMM!
KRABBBOOOOOOMMMM!

KRABBBBBOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOOMMMMM!

Ultimate Frankenstrike then fired powerful blasts of lightning from his cables on him and it hit Cybax all over and electrocuted and exploded.

KRABBBOOOOMMMM! KRABBBOOOOOMMM!
KRABBBBOOOOOOOOOOMMMM! KRABBBBBOOOOMMM!
KRABBBOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOMMMM! KRABBBOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOOOOOMMM!
KRABBBOOOOOOOOMMM!

Me: **Whoa! What power!**

Lincoln: The lightning is registered at 500 Zettawatts! Unreal!

Lily: WHOA! That's amazing!

Ronnie Anne: That is awesome!

Nico: Boy no kidding!

Lana: What are Zettawatts?

Lisa: A zettawatt is 1 Septillion Volts of electricity or 10 to the 21st power.

Lana: Whoa!

Carol: That's amazing!

Ronnie Anne fired a powerful blast of fireworks and they hit Cybax and exploded in a powerful dazzling explosion.

KRABBBBOOOOOOOOMMMM! KRABBBOOOOOOOMMM!
KRABBBOOOOOOOOOOMMMM! KRABBBOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOMMMM!

Me: **Time for some teamwork!**

Colossus: Roger that Comrades! GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into his right arm device and enhanced his powers 100-fold.

G1 Blades: Time for some action! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his photon pistol 100-fold.

Colossus and G1 Blades: PHOTON HAMMER MEGASLAM!

Colossus formed his arm into a powerful hammer and Blades fired his photon blaster and the blasts merged with it and Colossus slammed his hammer into Cybax with devastating force!

Me: **Awesome job Comrade Piotr.**

Colossus: Thanks Comrade J.D.

Dirge: Time for some action! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his missiles 100-fold.

Ice Man (Mega Man): Time for this guy to freeze. EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into his right arm and enhanced his Ice Slasher 100-fold.

Dirge and Ice Man (Mega Man): ICE MEGA MISSILE BARRAGE!

Ice Man fired powerful blades of ice and Dirge fired powerful missiles and they hit Cybax and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: **Time to finish this freak!**

Ronnie Anne: With pleasure! FIREWORKS DRAGON FIRE!

Ronnie Anne fired a powerful blast of Fireworks and they formed into a powerful dragon and it hit Cybax and exploded.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOMMM!

Lily Loud: Time for some action! OWLA! Spread my Wings!

Lily turned into Night Owl.

Lily: Time for some star owl power! STAR OWL STORM!

Lily fired a powerful blast of star energy and it turned into a flock of owls and they hit Cybax and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Carlitos: Feel the power of Fire! FIRESTORM FIREBALL BARRAGE!

Carlitos fired a powerful barrage of fireballs at Cybax and they hit him and exploded all over.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Cybax: I have lost again.

He fell down and exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Yeah! Cybax, you have failed this universe.

Ronnie Anne: Yeah!

Me: **That takes care of him. Now we have to go to the Federal Trial of Sebastian Caine.**

Nico: Right.

We powered down and went to Washington D.C.

The Federal Trial of Sebastian Caine got underway. He was charged with 7 counts of murder, rape, animal cruelty, Illegal Experimentation, Federal Interstate Stalking and theft. The testimony and evidence mounted against him was overwhelming and it was all irrefutable. He did all kinds of evil things not just to colleagues but to the entire United States. The Jury found him guilty of his crimes and sentenced him to death by firing squad. We blasted him and killed him.

BURN IN HELL SEBASTIAN CAINE.

---

Later at Gym Class in the elementary school as we were playing dodgeball, we got an unexpected appearance by the SPIRIT OF FIREBALL MCPHAN!

---

The Spirit of Fireball McPhan was the disguise of Jesse Finster and Mr. Griffith's twin brother. They used the ghost gimmick to scare everyone away so their backers could buy the school cheap and then they could turn it into a gambling operation.

---

Shaggy: ZOINKS! It's the Spirit of Fireball McPhan!

Lynn: (Gasp!) I've read a lot about Fireball McPhan! He was a famous super athlete and one of my heroes! But he suddenly disappeared years ago.

Qin: I've heard about him! He was really good!

Me: I remember this guy. He was really Jesse Finster and Mr. Griffith's twin brother and they wanted to scare everyone away so that their backers could buy the school he was haunting cheap and turn it into a gambling empire.

Qin: That is awful!

Me: Yep, they got 20 to 30 years for their crimes and ordered to pay

$60,000,000.00 in restitution.

Lynn: Let me face him. He is one of my heroes after all.

Me: Go for it Lynn.

Spirit of Fireball McPhan: So you are the awesome athlete that is as good as me.

Lynn: You are one of my heroes Fireball. You have amazing talent.

Spirit of Fireball McPhan: Thank you. Now shall I see what you are made of?

Lynn: Lets.

We set up everything for Lynn and Fireball McPhan.

Lynn challenged him to a powerful marathon and they were jumping over the hurdles and doing pole vaulting and all kinds of athletic feats. Lynn and Fireball McPhan were equal and really gifted.

Nico: Wow! Look at them go!

May: Boy they are really good!

Lincoln: That's my sister. She is just as good as Fireball McPhan.

Me: Not only that but Fireball McPhan was a great athlete. He could play any kind of sport and master it like Lynn could.

Naruto: Wow.

When they were done, Lynn was sweating up a storm and Fireball McPhan was exhausted too.

Spirit of Fireball McPhan: You are a really impressive athlete Lynn.

Lynn: Thanks Fireball. I learned so much from you.

Spirit of Fireball McPhan: I am very proud of you.

Lynn: Thanks Fireball.

The Spirit of Fireball McPhan vanished.

We cheered wildly for Lynn.

Me: Way to go Lynn!

Nico: That was awesome!

Laney: That's my sister for you.

Lana: Yep.

Me: Oh that's right! Tomorrow morning we have a special charity basketball game and it's being hosted by the world famous Harlem Globetrotters!

Lynn: WHOA! I love the Globetrotters! They are so awesome!

Lincoln: The Harlem Globetrotters are awesome!

Nico: I love the Harlem Globetrotters! They are the greatest trick basketball team ever.

Me: They sure are and they are awesome. The elementary school kids, Ronnie Anne, Lynn and me are playing them to raise money for the homeless and the local orphanage.

Naruto: That's awesome!

Nico: I can't wait to see that.

Qin: Me too.

May: Good luck to you J.D.

Me: Not that we'll need it but thanks.

Ronnie Anne: It'll be so awesome to play them.

Me: It sure is.

Ronnie Anne: (To the viewers) Hope to see you all tomorrow as we play the famous Globetrotters.

Me: We'll be there.

THE END

---

Another Fanfiction Complete and another mad scientist defeated.

Hollow Man from the year 2000 was an awesome and scary movie. Kevin Bacon and Elizabeth Shue did a great job in that movie. Haido was from the second Naruto movie and he was a monster! The next Naruto villain is the traitor Aoi Rokusho and get ready to face a ruthless and manipulative monster. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Get ready for a hair-raising furry adventure as we help Dave Douglas take down Dr. Kozak in a chapter for The Shaggy Dog from 2006! It's gonna be where Man's Best Friend takes down one of the Animal Kingdom's worst enemies.

See you all tomorrow.

# Going to The Dogs

At the Elementary School, it was game day as it was packed in the gym. Me, Lynn, Ronnie Anne and all of Lincoln's class were facing the world famous Harlem Globetrotters, The Greatest Trick Basketball Team in the world.

Me: It's an honor to meet the Harlem Globetrotters.

Hammer Donte: Same to you J.D. my man.

Hot Shot Swamani: You too. Good luck to all of you in our game.

Me: Same to you.

Nico: Go get them J.D.!

May: YEAH!

Aqua: WHOO! YEAH!

Sora: YEAH!

I gave them the thumbs up.

Lincoln: This is gonna be so awesome!

Laney: You said it!

Lynn: Yeah baby!

Ronnie Anne: Yeah!

Lynn Sr. and Rita were with everyone as Lynn Sr. was videotaping the whole thing.

The game got under way and I was doing some awesome tricks in the basketball game and we all were doing some really cool tricks and Laney jumped and did a cartwheel spinning dunk.

Big Easy: That was awesome!

Laney: Thanks Big Easy.

Lynn dribbled and saw Animal Hyche coming and she bounced the ball hard over him and went jumped over him and Cheese Chisholm tried to get it but Lynn was too fast as she dove down and grabbed the ball and slam dunked it.

Lola: That was awesome!

Nico: That was so cool!

Vince: Boy the Roosters are as good as the Globetrotters!

Carol: Yeah!

Maria: Wow!

I spun the basketball on my finger and passed it to Lincoln who did an arm slide basketball throw and Laney headbutted the ball and it went into the hoop.

Leia Necturn: Wow! That was awesome!

Dirge: Boy it sure was.

For over two hours we were doing really well. But then the score was tied at 99 each. I was dripping sweat like there was no tomorrow. We had over $750,928,735.00 to be given to the Orphanage for charity.

I was then in a one on one match with Champ Thompson.

Me: Boy it's really down to this Champ.

Champ: It sure is J.D. Best of luck to you.

Me: Thank you.

Only 10 seconds were left on the clock. I dribbled the ball and Champ chased after my as I was doing some awesome 1 arm moves and I slid underneath him as I threw the ball over him into the air and jumped and grabbed the ball and made the slam dunk as the clock ran out and the buzzer went off.

BBBBBUUUUUUUUUUUUUUUZZZZZZZZ!

Everyone cheered wildly for me and the crowd went absolutely nuts! We won 99 - 101! It was amazing!

Announcer: AND THAT'S THE GAME FOLKS! GOTHAM ROYAL YORK WINS!

We were awesome!

We raised over $1,000,000,000.00 for the Orphanage!

Lana: Way to go J.D.!

Lola: That was awesome!

Lily Loud: Yeah!

Lori: That was literally so awesome!

Leni: Totes awesome!

Later at the Burpin' Burger, we were having a celebration. It was awesome.

Elsewhere on the other side of the city, Carly Douglas's boyfriend Trey was walking towards the Douglas house.

Trey: I better tell Carly and her family about Kozak being back.

Dark Spicer: (approaches him from behind) Sorry. I'm afraid I can't let you do that.

Trey: (turns around) Jack Spicer?

Dark Spicer: Oh, I'm not Jack Spicer at all. Some could say I'm his Dark Side. (shoots Trey in the shoulder with his blaster, knocking him out)

I sensed a disturbance.

Me: Uh oh. I sense a disturbance in the Force.

Nico: What is it?

Me: Follow me.

We went to where it was and we saw that it was coming from a huge mansion.

Me: It's coming from here.

Nico: Wonder what it is.

Kimiko: I know this house! It's the home of Dave Douglas!

Me: Attorney Dave Douglas? He's a really good attorney!

Nico: I've heard about him. But he's also a dog.

Everyone: (Confused) WHAT!?

Me: He was bitten by a Bearded Collie that turned him into a Bearded Collie. It was because of Dr. Kozak.

Laney gasped when she heard that name.

Laney: I've heard of Dr. Kozak. He was a mad scientist that was arrested for doing illegal experiments and doing inhumane experimentation to help give us immortality.

Me: Just what the universe needs. Another fucked up mad scientist running amok.

?: Hey guys.

We saw Dave Douglas.

Ember McLean: Are you Dave Douglas?

Dave Douglas: That's right. Dave Douglas, Attorney at Law.

Me: It's a pleasure to meet you Dave. I take it you heard that Dr. Kozak is up to no good.

Dave Douglas: I sure did.

He saw Jack Spicer.

Dave Douglas: (to Spicer) What's Jack Spicer doing here? Is he planning to steal another Shen Gong Wu?

Spicer: I don't even use those that much anymore. I like using my blaster now.

Me: He's now one of the good guys now. But it's his Dark Side that we have to worry about.

Dave Douglas: I see.

We went into the mansion and we saw clothes on the floor.

Edd: Why are your family's clothes lying on the floor? Are they running around naked?!

Leia Necturn: Wait. I don't think they took their clothes off by choice.

Then there was barking and a husky ran to us and she was a pretty dog.

Nico: Aw you are a pretty baby.

Dave: Carly?

Carly: Yes dad.

Kimiko: (Gasp) Carly? Is that you?

Carly: (sadly) Sorry, Kimiko. But Carly Douglas doesn't exist anymore.

Me: How do you know Carly, Kumiko?

Kumiko: I met her in middle school shortly before I became a Xiaolin Warrior. She and I have been close since then.

Laney: How did this happen to you?

Carly: I was bitten by a husky and it turned me into this.

She saw Jack Spicer.

Carly: Jack Spicer!

She then bit Jack Spicer in the leg.

CHOMP!

Jack Spicer: YEOWCH!

Me: Wait a second. I've seen this before. It's like in the 2006 movie The Shaggy Dog.

I went over what happened.

---

Dave Douglas (Tim Allen) is a deputy district attorney in Los Angeles County who is prosecuting social studies teacher and activist Justin Forrester (Joshua Leonard) for firebombing the pharmaceutical corporation Grant and Strictland. Forrester denies this, but claims that Grant and Strictland have been engaging in illegal animal experimentation. This distances Douglas from his daughter Carly (Zena Grey), one of Forrester's students. As Dave is also a workaholic, his relationship with his wife, Rebecca (Kristin Davis), and son, Josh (Spencer Breslin), are also strained.

The greedy geneticists working for Mr. Lance Strictland (Philip Baker Hall), led by Dr. Kozak (Robert Downey Jr.), have stolen a 300-year-old sacred dog named Khyi Yang Po (a Bearded Collie) from a Tibetan monastery. The scientists determine that Khyi Yang Po's genetic sequence, when isolated and put into a vaccination, invades and alters the cells and DNA of a victim. They continue their experiments some of which are a frog-bulldog hybrid, a cobra-dog hybrid which nearly died of old age and was injected with the serum made from the Khyi Yang Po's viralized DNA, all cell degradation has ceased along with a furry dog tail as side effect to it, a monkey, a chimpanzee, rats and rabbits who bark in hopes of uncovering the genetic component that allows Khyi Yang Po such a long life, potentially immortality. Khyi Yang Po escapes the lab and is picked up by Carly, who was protesting with her friends and classmates outside Grant and Strictland.

Carly brings Khyi Yang Po, who she calls 'Shaggy', home. When Dave returns from work, he takes Khyi Yang Po out in the garage, then the dog runs to get the newspaper. Khyi Yang Po gives him his newspaper, and Dave reaches for it, only to be bitten on the hand by Khyi Yang Po. Khyi Yang Po's saliva and cells infect Dave and is taken to be tested for rabies and the tests came back negative. Over the next few days, Dave realizes that he uncontrollably transforms into a sheep dog exactly like Khyi Yang Po when prompted by distractions and activities typical of a dog, such as a stick thrown through the air and chasing cats. These transformations can be reversed by sleeping, but Dave's human absence from his family further strains his relationships. During this time, his family, unaware of Dave's condition, continue housing Dave as a dog, thinking it's Khyi Yang Po. Dave slowly learns just how little he understands his kids and wife and resolves to make amends.

In the ongoing trial, Forrester testifies seeing the animals behaving like dogs and the presence of a bearded collie he identifies as a giant sheepdog, which sparks Dave's suspicions about Grant and Strictland. When his dog-like behavior annoys the judge, Dave is removed from the case. Seeking answers to his transformation, Dave heads to Grant and Strictland. He has a janitor help him transform so that he may sneak in through a vent. Hidden in the laboratory, Dave witnesses Dr. Kozak injecting company president Lance Strictland with a drug that will paralyze him for several months, giving Kozak enough time to usurp control of the company. After viewing security cameras, Kozak and his minions realize that Dave is capable of transforming into a copy of Khyi Yang Po.

When Dave comes home, still in his canine form, he overhears a conversation between Carly and Josh that he and Rebecca may be splitting up. After hearing this, Dave then knocks over a Scrabble game and uses the letters to reveal his identity to his kids. But when Dave gets out of the house, he is captured by Kozak's minions. His kids attempt to save him, but end up picking up the real Khyi Yang Po instead and rush to their mom at work to report recent events.

Dave is taken to the lab to be euthanized, but Kozak has a court summons, and must deal with Dave later. Right before he exits, Kozak mocks Dave in canine form and Dave bites him in response. The other mutated animals in the lab tell Dave to meditate to reverse his transformation. Dave succeeds in returning to human form, and is able to escape with all of the other animals. He drives to the courthouse and calls his wife to ready a change of clothes for him at the courthouse, but is forced to abandon the car with the animals when they get stuck in traffic. Dave runs on all fours to trigger his transformation to get to the courthouse in time. At the courthouse entrance, his attempts to tell his wife that he loves her allows him to transform back.

In the courtroom, Dave calls Kozak back to the stand and tries to get him to admit what he has done, but Kozak manages to hide his secret. Thinking quickly, he mocks Kozak by implying he was working under Strictland's shadow, and angers him. The two begin growling at each another, and the judge, exasperated by Dave's canine behavior, orders the bailiff to remove him. Dave grabs the baliff's baton and tells Kozak to fetch, triggering a partial transformation in him and thus implicating him of illegal and unethical experimentation. The pharmaceutical company is returned to Strictland, the mutant animals enter protective custody, and Dave finally makes amends with his family.

The movie ends with the family vacationing in Hawaii with Khyi Yang Po. Josh tells his dad to fetch a frisbee he just tossed, and Dave catches it with his mouth.

---

We gasped in shock.

Laney: Whoa man!

Dave Douglas: That is exactly what happened to me.

Carly: So it's deja vu.

Me: Yep. But good thing our powers prevent us from getting diseases or anything like that.

Jack Spicer: Whew.

We heard more barking and out came a golden retriever and a doberman pinscher. Rebecca was now a golden retriever and Josh was now a Doberman Pinscher.

Josh: Wow! Team Loud Phoenix Storm.

Rebecca Douglas: It's an honor.

Me: Same to meet you guys.

Kairi: Me and Aqua will go to Carly's room to help her revert back.

Maria: Me and Carol will go with Rebecca in her room.

Ben: Me and Sora will go with Josh in his room.

Thunderblast: Good ideas.

Me: Okay.

They went to their rooms.

In Carly's room, they were helping her out. Aqua and Kairi snapped their fingers and Carly was reverting back and she went back to human in less than 4 seconds. But she was naked as a jaybird.

Kairi: How do you feel to be human again, Carly?

Carly: (legs feel wobbly) Good. But I feel weak. Can you girls get me my leotard from my closet?

Aqua: Sure.

Aqua got her sea foam green leotard and gave it to here.

The same thing happened to Rebecca and Josh.

They were back to human again.

Maria: How do you feel Rebecca?

Rebecca: Amazing but weak.

They went downstairs with new clothes.

Carly: Thank you all and Kimiko, I'm sorry.

Kimiko: It's not your fault Carly.

Carly: But what have you been doing these past few years?

Kimiko: I was looking for the Shen Gong Wu and helping in destroying our enemies with Team Loud Phoenix Storm.

Carly: Wow.

Me: We're now going to throw Dr. Kozak into the pound in the Enceladus Prison for Mad Scientists.

Josh: Enceladus? Saturn's icy moon?

Me: Yep.

Josh: That's a good plan. There's just one question.

Nosecone: And that is?

Carly: Why the Hell should we trust Jack Spicer?!

Raimundo: Believe it or not, he's a good guy now. It took me and Omi a blast from Stewie's stasis blaster to see that.

Rebecca: How do we know he's not secretly working for Kozak?

Me: Because it's his dark side that we have to worry about. Now lets get him.

We went to face Dr. Kozak and on the way we found Trey and he was knocked out.

Carly: Trey!

Me: He'll be all right. He got knocked out.

We took him back to the estate infirmary.

---

In Dr. Kozak's laboratory in a warehouse, he had been working on his really fucked up experiments.

Dr. Kozak: I will kill Dave for sending me to prison.

Then a massive fiery explosion blasted a hole through the roof and a phoenix cry was heard and we landed. We saw DR. KOZAK!

---

Dr. Kozak is the main antagonist of the 2006 live-action Disney remake, The Shaggy Dog. He is the former chief executive of the "Grant and Strictland" corporation, later becoming its temporary president. He is an animal tester; therefore, he kidnaps a Bearded Collie from Tibet believing using its DNA to create a potion for immortality.

Kozak and the whole corporation were being charged because of unauthorized mutations with animal genes. He kidnapped a dog from Tibet who is believed to be 300 years old, trying to use his genes to develop a potion for immortality.

The dog escapes the lab and Kozak orders his goons to find him. His many attempts to capture "Shaggy" (the dog's name given by the Douglas family) resulted in the "accidental" capture of Dave Douglas, that was bitten by Shaggy and became a dog himself. Kozak's team finds the real dog and takes him back to the lab.

Hidden in the laboratory, Dave witnesses Dr. Kozak injecting company president Lance Strictland with a drug that will paralyze him for several months, giving Kozak enough time to usurp control of the company. After viewing security cameras, Kozak and his minions realize that somehow Dave became an exact copy of Khyi Yang Po. Kozak orders his goons to go to Dave's house to "pay him a visit." Kozak and his minions paralyzes and kidnap Dave before they drive off with.

Dave is taken to the lab to be euthanized, but Kozak has a court summons, and must deal with Dave later. Right before he leaves, Kozak mocks Dave in canine form and Dave bites him on the finger in retaliation. He then begins to exhibit the same issues Dave had at the beginning of his adventure; Dave had successfully transferred the gene sequence into Kozak.

Dave, with the help of the dog-mutated animals, manages to escape as a human and races to the courthouse in his car with the mutated animals. Dave calls his wife and kids, tells them to meet him at the courthouse with clothes and the dog. Dave gets caught in a traffic jam and changes into a dog to get to the courthouse in time, where his family are waiting for him.

In the courtroom, Dave calls Kozak back to the stand and tries to get him to admit what he has done, but Kozak manages to hide his secret. Thinking fast, Dave mocks Kozak by implying he was working under Strictland's shadow, and angers him. The two begin growling at each another and the judge, exasperated by Dave's canine behavior, orders the bailiff to remove him. Before the Judge is about to call off the court, Dave thinking fast, returns and throws Kozak a nightstick like a common stick, alerting his dog senses to get it like a dog to catch it, thus causing him to grow a tail, much to everyone in courtroom's shock and Dave's amusement. Kozak is immediately arrested for his crimes. As a humiliated Kozak is being taken away by the bailiff, he swears vengeance on Dave before asking the bailiff "are we going outside?"

---

Me: Dr. Kozak. You are under arrest.

Dr. Kozak: So you are the famous J.D. Knudson and Team Loud Phoenix Storm.

Me: That's right.

Iron Man: You know, you and I look so much alike.

Dr. Kozak: How so?

Iron Man took his helmet off and showed his head.

Iron Man: Like this.

Dr. Kozak: We look like twins!

Iron Man: We sure do.

Dark Spicer then came out.

Dark Spicer: Yo.

Dark Spicer then walked out of the shadows.

Carly: Spicer really does have a dark side!

Spicer: What have we been saying this whole time?

Dark Spicer: (to Dave) Here's your warning: Your ass is about to be kicked!

Me: Come and try it!

We saw that he was not alone. With him was Lucas Kendall's former rival Dash from episode 21 of Time Force!

---

Dash, like all other mutants, was created by a chemical accident. He had two forms, a mutant form and human form. This mutant was one of the best race car drivers. He was a rival of Lucas and wanted to defeat him. Lucas sympathized with Dash and even respected him as a friend. Dash said that he and Lucas had six races; Dash won three and Lucas won three. But in the tiebreaker, Lucas lost, only because he nearly killed children in the race. Later, Dash, while racing recklessly, caused a terrible accident and was frozen. In the twenty-second episode, Ransik released Dash and Nadira wanted him as her driver, because of his ability. When Dash met the Rangers, he greeted a morphed Lucas, who wanted him to quit working for Nadira. But Dash challenged Lucas for a tiebreaker race. Lucas stopped the race, because Dash nearly killed children on the road. Dash realized the harm caused by his obsession with winning, declared Lucas the winner and quit as Nadira's driver. But she gave Dash a mind control armor. Under the armor's control, he fought the rangers, but was eventually defeated. He removed his chain of DNA and enlarged himself. In the giant battle, Lucas finally freed Dash, destroying the armor with Time Force Saber. Dash asked Lucas to freeze him, because he is sorry for his actions. Sadly, Lucas froze him with Time Strike. He promised his former rival, now friend, to free him in the future. Flashforward shows that Dash is free once more and a racecar winner again. So it is possibly he made peace with Lucas and turned to the side of good.

---

Lucas Kendall: Dash!

Dash: Its been a while Lucas.

Me: I remember you. You were Lucas's old racing rival.

Dash: J.D. Knudson, right? I heard a lot about you. I'm sorry to do this. But I don't have a choice.

Lucas Kendall: (to Dark Spicer) So you'll let Notacon go but not Dash?!

Dark Spicer: (defensively) Hey, don't look at me. I was fine with just Cavity. But Kozak had to dog growl at me to convince me to let Dash out!

Cavity: Way to spoil my entrance.

We then saw Cavity from episode 6 of Dino Charge!

---

Cavity was commissioned to prepare various cakes by Poisandra to sample to decide on which one to use for her wedding day. When she asks for a really nasty cake, so that people will remember her wedding day, he made one guaranteed to produce debilitating and extremely painful tooth decay. Poisandra tested this cake on Fury, with phenomenal results.

When Sledge discovered Cavity had been released, he ordered the monster to give the Rangers his new confection. Cavity immediately complied, going down to the Dino Bite Cafe, tying up the chef, and setting out samples of his decay recipe. Riley, however, quickly realized something was wrong when the customers were reacting in intense agony. With the Rangers spotting him at the counter, Shelby, Tyler and Koda helped untie the chef as Chase and Riley followed after Cavity. After a brief battle, Cavity was able to escape. When he was later berated by Poisandra, Cavity got annoyed with her and transformed to a more vicious form, pushing her aside as he went on a rampage after declaring his loyalty to Sledge. He was confronted by Chase, who underestimated how strong Cavity's teeth were, and got hit with Cavity's energy blast, which began decaying his teeth. He would have been finished him off were it not for Riley's intervention. Using a combo of both their respective Dino Chargers, Chase and Riley first destroyed Cavity's teeth and then the monster himself by Chase firing a combination of his Dino Morpher Blast (whilst utilizing the Raptor Charger's power). When Sledge turned him into a giant through the Magna Beam, Cavity was destroyed again by the Dino Charge Megazord's Stego Saber Final Slash.

---

Tyler Navarro: Cavity!

Cavity: It's sweet that you remember me.

Me: I remember you! You were making Poisandra's wedding cake for Sledge's wedding day!

Cavity: That's right. You watched us fight on TV.

Me: How can we forget.

Cavity: (gestures to the table full of cakes) Before we fight, how about some cake?

Luan: Sure. I love cake!

Luan tried some cake. But then, she had a nasty toothache.

Cavity: (laughs) Can't believe you fell for that! At least those braces are good for something now!

Me: Boy how can I forget what you were doing. You made all the customers at the Dino Bite Cafe get nasty toothaches.

Laney: You would make our mom filthy rich.

Nico: He sure would.

?: And don't forget about me.

Me: Its been 150,000 years since we saw each other Aoi Rokusho.

A figure came out and it was AOI ROKUSHO!

---

Years prior to the story, Aoi was once an instructor in Konoha who manipulated his pupil Idate into looting a secret scroll and the Sword of the Thunder God, a weapon once used by Tobirama Senju. The two were fleeing to Amegakure when Ibiki and two ANBU ambushed them. Aoi murdered the ANBU and tortured Ibiki into reading the scroll. The two brothers managed to escape while Aoi later became a jonin in Amegakure.

In the present, Aoi and Team Oboro are hired by Kyūroku Wagarashi to sabotage Idate from winning the Land of Tea race. Even though Aoi ambushed messengers en-route to get help, one managed to alert Konoha of the dire situation of the Wasabi clan. Actually, Aoi wasn't doing it for them but for himself.

During the race, Aoi ordered Team Oboro to trail Idate. Although Idate and his team managed to escape the boat, Aoi ambushed them on the island. He broke Idate's arm and poisoned him with senbon daggers. When Naruto's team came to the rescue, Aoi claimed that outcome of a jonin being victorious was still the same. Aoi used his Senbon Shower on the team, yet they survived thanks to antidote given by Tsunade.

Midway through the race, Aoi warned Fukusuke that if he threatened him again, he would break him. At the bridge, Aoi ambushed Idate's party again with the Sword of the Thunder God and cut the ropes, rendering the bridge useless. He managed to shock Idate and block Sasuke's Chidori, but not without getting the Sword of the Thunder

God cracked by the strike. Sakura managed to save Sasuke from falling, then Naruto finished the rogue ninja with the Rasengan; The Sword of the Thunder God broke under the pressure and Aoi was blown into the canyon to his death.

---

Qin: Who is he?

Me: That's Aoi Rokusho. He was once an instructor at the Leaf Academy and he used Ibiki Morino's little brother Idate to steal the Sword of The Thunder God, the legendary weapon that once belonged to the 2nd Hokage, Tobirama Senju. They joined up with the Hidden Rain after fleeing.

Qin gasped.

Qin: That's nuts!

Me: Yep. We killed him in 150,000 years.

Dark Spicer: I have 2 new forms to show you.

Dark Spicer then turned into a mutant Transylian. He looked like Frankenstrike but with 6 more lightning towers on his back.

FrankenDummy: Say hello to FrankenDummy! (to Ed) Hey, Ed.

Ed: Yeah?

FrankenDummy: (smirks) Zappity Zap Zap! (zaps Ed with electrified finger before shooting lightning at Jinx)

Jinx deflected the lightning back at him and electrocuted him.

Shanan: A Mutant Transylian. Yawn.

Me: FrankenDummy? Come up with that one all by yourself?

FrankenDummy: Just came with it. But look at this.

Dark Spicer then turned into a mutant Gourmand. He looked like Upchuck but he had eight eyes, spines on his back and 3 more mouths in the middle of his stomach.

Vomitfactory: I call this form Vomitfactory! (to Cavity) Your cakes won't give me a toothache, right?

Cavity: Nope! Only Team Loud Phoenix Storm.

Vomitfactory: Good.

Cavity understood what Vomitfactory was planning and tossed a cake to him. Vomitfactory opened his mouth and all four of his tongues burst out to swallow the cake. Vomitfactory then spit the cake out as a projectile at Circe (Generator Rex).

Circe deflected it back at him and it hit him and exploded.

Circe: You are disgusting.

Me: Vomitfactory? That is a really stupid name.

Shanan: Especially for a mutant Gourmand.

Me: All right lets take them on. I'll face Aoi.

Lana: I'll face Dash.

Troy Burrows: We'll take on Cavity.

Jake Holling: Sorry. But we're not eating your cakes. Even though they look delicious.

Megaforce Rangers: Legendary Ranger Mode: Alien!

The Megaforce Rangers turned into the Aquitar Rangers.

Mary ate all the cakes and then she underwent a massive power boost! Her aura was so strong that it looked like pure fire!

Nico: Whoa! Awesome!

May: That is a huge power boost!

Lana: I'll face Dash.

Lily: I'll face Dark Spicer.

Laney: And the rest of us will face Dr. Kozak.

Me: Lets get them!

We went at them.

---

Battle 1: Aoi Rokusho

---

I was facing Aoi Rokusho.

Me: I don't need to power up to destroy you Aoi.

Aoi: Your arrogance is what brought me down.

Me: You are the one who is arrogant. Your evil ways nearly destroyed Idate and for that you will pay.

I held up my hand.

Aoi: I won't be beaten this time!

He charged at me.

Me: HAKAI!

Aoi glowed purple and he was obliterated into nothing as he dropped the Sword of The Thunder God and the scroll that was with it. Aoi was erased from existence forever.

Me: Enjoy oblivion.

I picked up the Sword of The Thunder God and went to help everyone.

---

Battle 2: Dash

---

Lana was facing Dash.

Lana: It's very tempting for me to kill you, Dash. For disgracing the world of racing. But, you've already been through enough. And Lucas would want to give you a chance. So, I'll settle for this. (knocks him out)

Lana: That oughta hold you till we take down your friends.

---

Battle 3: Dark Spicer

---

Lily Loud was facing Dark Spicer and she punched him in the face and fired a powerful blast of water and knocked him down.

Dark Spicer: Before you take me down, I have one thing to say.

Carly: What?

Dark Spicer: (takes out a tennis ball) Fetch! (throws ball)

Carly chases after the ball long enough for Dark Spicer to turn into BooDunce and phase through the wall, making his escape.

---

Battle 4: Cavity

---

The Megaforce Rangers were facing Cavity. They fired powerful blasts of energy from their sabers and the blasts hit him all over and exploded.

KRABBBBBOOOOOOOOOOOMMMM!

He fell down and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Cavity was destroyed and dead.

Nico: Monster extinct! Cavity, you have failed this world.

Next we set our sights on Dr. Kozak.

## Battle 5: Dr. Kozak.

We were now facing Dr. Kozak. I punched him in the face and kicked him in the stomach and Nico punched him in the stomach and Lincoln fired a powerful blast of lightning and electrocuted him all over.

Ben: Lets see how he likes this!

Ben then turned into a new ultimate alien! ULTIMATE FEEDBACK! He had yellow skin with black areas. Its antennas, tails, hands and feet were combined with pure electrical energy. He had two plugs in the chest and two cannons.

Ben: ULTIMATE FEEDBACK!

Me: WHOA! An Evolved Conductoid!

Shanan: Wow! I've never seen something like this. This is so amazing!

Riley: Really cool and awesome!

Nico: It sure is.

Ultimate Feedback: Lets see what it can do.

He fired a powerful blast of lightning at Dr. Kozak and really electrocuted him all over and we tied him up.

Me: You have a lot to answer for when we send you to prison for your crimes.

Nico: Dr. Kozak, you have failed this world.

Me: Come on guys, lets blow this place to smithereens.

Laney: Lets do it!

Fiery explosions broke out all over the warehouse and setting everything on fire.

KRABBOOOOOMMM! KRABBBOOOOOOOOOOMMM! KRABBBOOOOOOOOOMMM! KRABBBOOOOOOOOOMMM! KRABBBOOOOOOOOMMM! KRABBOOOOOOOOMMM! KRABBOOOOOOOOOOOOOOMMMMMM!

We fired energy blasts and blew much of the entire warehouse apart, engulfing it in flames.

Trunks: Payback time for all the suffering you've caused!

Me: Yeah!

We were blasting much of the entire place apart and destroying everything while Dr. Kozak could do nothing but watch in horror as we were destroying everything he worked so hard for.

Me: Time for some teamwork!

Thunderblast: Right! CYBER KEY POWER!

The Earth Cyber Planet Key went into her rocket launcher and turned it into a bigger rocket launcher.

Ember McLean: Lets do it! GHOST ZONE CYBER KEY POWER!

The Ghost Zone Cyber Planet Key went into her right arm device and enhanced her Ghost Powers 100-fold.

Thunderblast and Ember McLean: GHOST FIRE ROCKET FIRESTORM!

Ember fired powerful blasts of fire and Thunderblast fired powerful blasts of energy and they hit much of the equipment and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Nosecone: Time for some action! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his X-Ray laser 100-fold.

Leia Necturn: Lets do it! POKEMON CYBER KEY POWER!

The Pokemon Cyber Planet Key went into her right arm device and enhanced her powers 100-fold.

Nosecone and Leia Necturn: HYPER X-RAY BURST!

Leia fired a powerful hyper beam blast and Nosecone fired a powerful X-Ray blast and they hit a bunch of equipment and they exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Time for some Final Smash power!

Dave Douglas: You got it! YOU GOT SERVED JUSTICE!

Dave Douglas fired a powerful blast of fire and incinerated a bunch of Dr. Kozak's papers.

Lana: Feel the Ice of virtue! ICE FREEZE SHATTER!

Lana fired a blast of ice lightning and froze a bunch of machines and shattered them.

Carly: This is for turning me into a dog! FIRESTORM WOLF COMET!

Carly fired a powerful blast of fire and it turned into a comet with a wolf head and it slammed into a bunch of machines and they exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM

Kimiko: Never again will you destroy peoples lives Kozak! XIAOLIN FIRESTORM MEGA BLAST!

Kimiko fired a powerful blast of fire and it incinerated the rest of his lab and work.

The whole place was then gonna collapse.

Me: Lets get out of here!

We got out of the warehouse just in the nick of time as the whole place exploded into a massive raging inferno and collapsed.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: That was awesome!

Laney: It sure was.

Spicer (To the Douglas family): Now are you guys ready to trust me?

Dave Douglas: Yes we trust you now.

?: Good riddance to that monsters warehouse.

We turned and we saw THE GHOST OF ELIAS KINGSTON!

---

While Mystery Inc. traveled to their friend Sharon Wetherby's estate, they observed a man going into an old mansion. Sharon soon told the gang about the disappearance of her Uncle Stuart, prompting them to investigate whether it was the man they saw. When they found Stuart at the Kingston Mansion, he had aged into an old man. Stuart told them that the Ghost of Elias Kingston commanded him to come to the mansion and insisted that the Wetherby fortune was rightfully his. Stuart also stated that the ghost made him into an old man and also threatened to curse the other Wetherby family members with old age unless they turned over the Wetherby fortune. Later that night, Scooby-Doo heard the Ghost's voice beckon Stuart again; soon after, both Stuart and Sharon were missing. The gang returned to the Kingston Mansion where they were covertly hindered in their search by the ghost. Shaggy eventually found the skeleton of Stuart, and the Ghost appeared to the gang to once again demand the fortune.

When the gang followed clues to a Swami shop, the Ghost appeared to the them in a crystal ball and condemned them for not heeding his warnings. The crystal ball table began to fly and it chased them around the shop, all while the Ghost laughed at them from the crystal ball. Eventually the table crashed, the gang discovered a movie camera and a propulsion system for the table and returned to the Kingston Mansion to trap the Ghost.

The Ghost of Elias Kingston quickly appeared to Shaggy and Scooby when it looked like they were bringing him the Wetherby fortune, but he became infuriated when he discovered that it was a trick and chased them throughout the mansion. The Ghost eventually became terrified when more Ghosts of Elias Kingston began appearing alongside of him, along with a giant sized Scooby-Doo. Unaware that Sharon had been found and rescued from his secret room in the mansion, he retreated there to discover the skeleton of Uncle Stuart. Concluding that the mansion was truly haunted, he tried to leave but was captured by the gang and revealed to be Uncle Stuart, who disguised himself as the Ghost and as an older version of himself in an attempt to steal the fortune.

---

Shaggy: ZOINKS! It's the Ghost of Elias Kingston!

Me: I remember this guy!

Qin: What's his story?

Me: He was really Sharon Wetherby's uncle Stuart and he dressed up as the ghost to get the fortune that Sharon and her husband inherited all for himself.

Nico: Whoa!

Me: Stuart got 30 to 50 years in prison for his crimes and he died of cancer 6 years into his sentence.

Qin: Geez. He died a horrible death.

Elias Kingston: Yes you are right about that J.D. But what this monster did was not right.

Me: I have a feeling I know what you are about to do Elias.

I put Kozak down and Elias Kingston held his hand to him and almost instantaneously Dr. Kozak was aged into a really old man! He looked like he was 120 years old!

Laney: (Gasp!) He rapidly aged him!

Lori: That is literally scary!

Lucy Loud: Wicked.

Lincoln: Man that is really scary!

Me: Yeah I was shocked myself. But this is the real deal.

Dr. Kozak: (Elderly voice) I would've gotten away with my plans if it weren't for you meddling kids.

Me: Wrong cartoon stupid.

I picked him up.

Me: Thank you Elias.

Elias Kingston: You are welcome J.D. Keep fighting bad guys and I'm sorry that Stuart did that to the Wetherby estate.

Me: It's all right Elias.

He vanished.

We dropped Kozak off at the Enceladus Prison for Mad Scientists. Sentenced to life in prison without parole.

Dave Douglas: (To the viewers) Never mess with the rights of animals anywhere or else.

We went back to the estate and Dash was put in the cell that Kitten was in.

Dash: I knew that you guys wouldn't kill me. But I didn't expect to be at your base without being frozen.

Nico: We didn't want to kill you because we knew about your history with Lucas.

Lucas Kendall: I've forgiven you for your crimes.

Dash: So that's it? You're forgiving me for all the crap that I did?

Lucas Kendall: Sure Dash. I treated you like a brother during our races.

Dash felt the same way.

Dash: Thank you so much Lucas.

They hugged. The Douglas family now lives with us under our protection and we gave them the ability to turn into dogs at will instead on heart rhythms. Trey was gonna make a full recovery.

THE END

Another Fanfiction Complete and another funny chapter done.

The Shaggy Dog from 2006 with Tim Allen was a really funny movie! Nico got me into it and it was awesome! Aoi Rokusho from the Land of Tea Arc in Naruto was one evil monster! I'm glad he's gone for good. No Naruto Villain in the next chapter. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Buckle your seat belts as we gear up and take down the Vandals and make them pay for their crimes!

See you all tomorrow.

# Interdimensional Race Battles

In the Living Room, everyone was watching TV. I came downstairs and I had a box in my hands.

Me: Hey guys. I have something I think you'll like.

Nico: What is it?

Me: This box has my old Hot Wheels cars and track sets. Would you like to play with them?

Lana: Wow! Awesome! I love Hot Wheels.

Lola: I got to see this.

Lana: I got miles of Hot Wheels tracks we can use and I got lots of cars too.

Me: Awesome.

We got to work building the biggest track set in an empty room and it was awesome! We built the biggest Hot Wheels track ever and it was amazing! We built a huge city in it as well. We built a miniature city with buildings and miles of track and more. It took hours to build and it was awesome.

We finished and it was a masterpiece.

Me: Wow! Awesome!

Laney: This is amazing! I didn't know that it was possible to build all this.

Aqua: Me neither.

Ben: So, Aqua. How do you feel now that your Dark Side's gone?

Aqua: Stronger than ever and totally purified.

Sora: That's awesome.

Nico: It sure is.

We made our huge Hot Wheels city solar powered and it was very awesome.

---

Later we got a call from an anonymous source from out in the middle of the desert that something is going on. We were flying all the way out to Zeke's Diner. The name was really familiar to me somehow.

Me: I wonder why we got called out here.

Nico: We'll find out later.

Laney: We're already here.

We saw the diner and we landed. We went in and we saw Zeke running the diner.

Zeke: Can I help you all?

Sinestro (to Zeke): Excuse me. We'd like to order some pizza and burgers.

?: You don't have to pay for those.

We then saw Vert Wheeler walking up to us.

Vert: They're on me.

Me: Vert Wheeler!

Vert: J.D. Knudson!

We hugged for the first time in a while.

Me: It's great to see you again.

Vert: Same to you J.D.

Me: I didn't expect to see you here.

Vert: Small world huh? We heard so much about your adventures and more. It's so awesome.

Agura: Yeah they are awesome.

Sherman: My favorite adventure was when you guys defeated Motor Ed.

Me: That was one of our most speedy adventures.

Sophie Necturn: I think he got grounded by Drakken's mom.

Eddy: He did. And Lumpy used static electricity on him rather then smashing him with Edzilla.

We laughed.

Agura: Sorry, I'm Agura Ibaden.

Spinner: Name's Spinner Cortez and this is my little brother Sherman.

Sherman: Honor to meet you.

Stanford: (British Accent) Good day to you all. I'm Stanford Isaac Rhodes IV. But you can call me Stanford.

Zoom: I'm Zoom Takazumi. Pleasure.

Tezz: (Russian Accent) Hello comrades. I'm Tezz Volitov. It's a pleasure to meet you.

A.J.: (Canadian Accent) And I'm A.J. Dalton. Pleasure to meet you eh?

Me: It's an honor to meet you all.

Nico: Wow! You are the famous Battle Force 5! I love how you guys kicked the Vandals butts.

Stanford: That's right Nico.

Gwen (Total Drama): It's a pleasure to meet you A.J.

A.J.: The Total Drama crew. Nice to see some fellow countrymen and women.

Geoff: Same to you dude.

Lana: Wow! I love how you guys thrashed the Vandals. But what really infuriates me is the evil Red Sentient Krytus.

Me: I remember him.

Qin: Who is Krytus?

Me: You would hate this guy Qin. He was a monster that wanted to destroy all life in the entire universe.

I went over his history.

---

Krytus is the main antagonist of Season 2 of Hot Wheels: Battle Force 5. He is the leader of the Red Sentient 5, Vert Wheeler's counterpart, and Sage's twin brother. He drives the vehicle known as the Syfurious

He once he tried to kill Sage, but was stopped by Rawkus, and as a result, made her the last blue Sentient until her people were restored. Krytus possesses high amounts of strength and has the ability to form blades from his hands. He created Zemerik to lead his army, until Zemerik turned on Krytus and imprisoned him in the Krypt Zone.

Due to Zemerik's betrayal, he harbored an intense hatred for his once-loyal creation. Neither he nor the other members of the RS5 seem to remember Vert's involvement in Zemerik's betrayal, though Krytus vaguely remembers the BF5 in Blast from the Past. Because they are twins, Krytus and Sage share a weak telepathic link, which Sage uses to locate him. Though physically stronger, his mental powers are weaker than Sage's. After being forced to work together in Shadow Runners, Krytus admits a grudging respect for Vert and calls him by his name, rather than just "human".

In "Get Zemerik", he finally got the chance to terminate Zemerik, but felt cheated out of revenge when Zemerik's new personality "forgave" him. In Unite and Strike, he destroys a Battle Zone in order to create an intense beta wave, which was capable of not only reaching the Red Sentient homeworld, but also undoing the stasis field that trapped his people, thus freeing them. However, his plans for conquest come to naught as the Blue and Red Sentients, weary of eons of fighting, agree to a new peace and Krytus is forever banished into stasis to a frozen wasteland on a distant planet.

---

Qin and the rest of us gasped in horror.

Laney: So he was banished to another planet for his crimes.

Me: Yes. But I have a feeling that Krytus will be back and we have the Vandals to deal with.

Zoom: The Red Sentient 5 are got punished by the rest of the Sentients. The Sark are currently MIA. And the evil versions of us are stuck in their own Battle Zone.

Ransack: So that leaves those Vandal guys at large.

Agura: If they show up, we'll take them down easy!

Stanford: (rolls his eyes) Figures you'd say that. (Agura steps on his foot) OW!

Me: But we'll gladly help you take them down.

Nico: That's right.

We went to the awesome base of Battle Force 5 and it was an awesome headquarters.

Me: Wow! Your base is awesome Vert.

Vert: Thanks man. It was built for us by our friend Sage.

We saw Sage. She was a humanoid computer creature called a

Sentient.

Sage: Greetings to everyone on Team Loud Phoenix Storm.

Me: It's a pleasure to meet you Sage.

Shanan: Wow. You are a Sentient. I've heard so much about them.

Sage: That's right.

Agura: We have been battling the Vandals, the Sark and the Red Sentients for a while until the war ended with the Blue and Red Sentients uniting. Krytus was banished to another planet.

Me: Well soon we will kill him and send him off to hell. But I think that's too good for him. But we'll have to worry about him down the road. Now we got to kill Captain Kalus.

I went over the history of the Vandals.

---

The Vandals are an antagonistic race of mutant, anthropomorphic, tribal animals from the planet Vandal, who also occupied the Blue Sentient planet.

Unlike the Sark, the Vandals are driven by aggression and value strength gained through combat above all else. While the Sark conquer worlds, the Vandals loot and vandalize them, enslaving alien beings for their necessities. The position of Vandal Warlord is decided by a ritual (trial by combat) called Kio Hakoko, and even in everyday life, the slightest insult is settled through fighting. Apparently they are also very superstitious and often explain unknown things due to sources of magic. Due to their dependence on scavenged Sentient technology and their enslavement of the Kharamanos, their war machines were destroyed in Rumble in the Jungle when a bomb was detonated at their power source, thereby robbing them of their ability to ravage other worlds. Currently, with no technology the only way to access planet Vandal is with a Battle Key.

Members

Captain Kalus (voiced by Colin Murdock) - A lion-like Vandal and Vandal Warlord. He uses a crossbow mounted on his right arm. He also has a wide assortment of spears, axes, and throwing projectiles. Kalus rules over the Vandals through intimidation and brute force, and considers humans and other races inferior. He is also shown to have aquaphobia and gets seasick easily, since he very closely resembles a cat. After the final defeat of the Vandals, Kalus is last seen approaching a captured Grimian with a spear, implying he will execute him. He has shown extremely good hand to hand combat prowess being able to go head to head with Krytus. He has a dimension counterpart who has silver armor, and wears a crossbow on his left arm.

Krocomodo (voiced by Brian Drummond) - A crocodile-like Vandal. He planned to overthrow Kalus and take control of the Vandals as leader, but gives up when Kalus discovered his intentions. It was later revealed that his ancestors and Stanford's started the war between the Vandals and Sentients. He is also adaptable to water environments, though not as much as Sever. He was previously Kalus' second-in-command, but with Grimian being appointed to that position, he was demoted to third-in-command. With Grimian's banishment and eventual execution, he returned to second-in-command.

Sever (voiced by Colin Murdock) - A shark-like Vandal. Sever has a keen sense of smell which allows him to detect life forms from a mile away, similar to Krocomodo's. However, he isn't very bright, especially since he often thinks about food. So far, he is the only Vandal on the team who has not tried to overthrow Kalus. In the Vandal Ocean, he leads a team of shark-beings like himself called the Aqua-Jaws, and can communicate with them using high-pitched screeches similar to a whale.

Hatch (voiced by Kathleen Barr) - A crustacean-like Vandal. It is shown that he is an expert in making crude electronics as well as poisons and chemicals, and is able to perform black magic, which he actually confuses with science and technology. His position is as a sorcerer, though most of his 'spells' are actually bits of Sark and Sentient devices he had scavenged. Hatch is capable of creating a magical aura with his antennas that makes him (and others) as he pleases invisible to insects. He is cowardly and sycophantic, and will not hesitate to grovel in the event of a new leader, though he does show more loyalty to Kalus.

Vandal Warriors - Kalus's soldiers (seen so far: Felines, Crocodiles, Sharks, Crustaceans)

* * *

Qin gasped.

Qin: Geez! And I thought that Orochimaru had nasty barbarian mutants under his thumb.

Me: I know.

Sage: Allow me to modify your vehicles for easy access to Battle Zones.

G1 Lightspeed: Can you do the same modifications for me and my fellow Cybertronians as well?

Sage: I would be honored.

I beamed our cars to the base and Sage made some powerful modifications to them and they were really awesome and really high tech.

Me: Wow! Really awesome.

Nico: I'll say!

Vince: Our cars look awesome.

Carol: They sure do.

Then Sage sensed something.

Sage: The Vandals are coming here.

Me: What?!

A portal opened and out came CAPTAIN KALUS AND THE

VANDALS!

Captain Kalus: Battle Force 5. How long has it been?

Sever: (to the Loud Kids) Why don't you kids go home and play and let the grown ups talk?

Me: For your information you fish face, we all stick together and we're gonna all talk.

Captain Kalus: So you all are the famous Team Loud Phoenix Storm we heard so much about. Your reputation precedes you all.

Me: So we have known. What are you here for Kalus?

Captain Kalus: A fight to the death.

Me: If it's a fight you want then you'll get one.

?: And I'll help him out.

We then saw a figure come out and it was DRAGONFLAY from episode 4 of Megaforce!

---

Dragonflay was sent down by Creepox to spread chaos. In an effort to impress Malkor and prove Vrak wrong, Dragonflay is invoked to attack humanity and deal with the Mega Rangers by using raw speed. Despite his blindingly fast speed, Dragonflay was no match for the Rangers once they learned to feel his location by tuning their senses and feeling the air current he produced while moving. While Creepox deals with Troy, Dragonflay tangles with the other Mega Rangers. He is first defeated by the Mega Blasters' Sea Blast. He grows thanks to Vrak's Zombats and is destroyed by the Land Gosei Great Megazord 's Land Strike.

---

Troy Burrows: Dragonflay!

Dragonflay: Long time no see Megaforce Rangers.

Me: I remember this guy! He had incredible speed that was so fast that not even human eyes could keep up.

Dragonflay: That's right. You've been watching me on tv haven't you?

Me: We sure have.

Gia Moran: And he was a tough one.

Captain Kalus: I see you all know him.

Me: By terms of different sources.

Captain Kalus: (I am about to snap me fingers) Don't bother teleporting us to another planet, Knudson. I've already made arrangements for our battle to take place on the Vandal Homeworld. Meet us there in 4 hours.

Lincoln: We don't have a choice, do we?

Hatch: Of course not! Unless of course, you prefer to let us have fun with those poor civilians.

Dragonflay: The lobster has a point.

Hatch: (to Dragonflay) I'm not a lobster! I'm a cockroach!

Me: We'll be there. But you better be ready for a fight to the death.

Captain Kalus: All right.

They left through the portal and we got ready.

We then went into our cars and we activated a portal and were on the Vandal Homeworld - Vandus.

Me: Planet Vandus. Also known as the Vandal Homeworld.

We arrived at a coliseum full of the Vandal people.

Me: Wow.

Captain Kalus: Welcome.

Me: So you called us here so you can kill us.

Vert: Is that right?

Captain Kalus: That's right. You all will die here and Earth will be mine.

Me: I don't think so.

Captain Kalus: (to the crowd of Vandals) I promised to show you a fight to the death. I promised you a victory… and I am a man of my word! And now… (to us) The endgame!

Troy: It's the endgame for you!

Megaforce Rangers: Legendary Ranger Mode: Dragon Blitz Force!

The Megaforce Rangers turned into the Blitzkrieg Squadron Changeman from 1986.

Dragonflay: What!? This is totally new!

Noah Carver: We've learned some new moves the last time we fought.

Me: I'll face Kalus with Nico and Vert. You all take down the others.

Lynn: Got it. Me, Lori and Lola was take down Alligator face.

Luna: Me, Sam and Simon will face Shark breath.

Lana: Me, Carol, Laney, Leni and Lucy will face Bug boy.

Lincoln: Me and the Megaforce Rangers will take on Dragonflay.

Cybertron Scourge: I'll help you J.D. After we destroy Kalus, I'm going to become the leader of the Vandals and get them on the path of good.

Me: Good idea Scourge.

Lori Jimenez: Be careful Scourge.

Cybertron Scourge: I'll be just find little sister.

I then flared up my Super Angel 30,000 power and we were ready to fight.

Me: Lets get them!

We went at the Vandals.

---

## Battle 1: KROCOMODO

---

First was Krocomodo!

Krocomodo: (to Lynn, Lori, and Lola) You think you can defeat me, ugly girls?

Lola: UGLY!?

Lynn: UGLY!?

Lori: UGLY!?

OH HE DID NOT JUST SAY THAT!

Lori Jimenez: Krocomodo just dug his own grave.

Nick F.: Boy he sure did. And something tells me that it's not going to be pretty.

Venom: Oh man. We are not going to like this.

Lola then exploded in a massive fire aura and Lynn exploded in a massive aura of lava and Lori had a massive aura of wind around her with eyes glowing red with rage and fury!

Lola: (ENRAGED SCREAMING!) NO ONE!

Lynn: (ENRAGED SCREAMING! CALLS US!

Lori: (ENRAGED SCREAMING!) UUUUUGGGGGGGGGGLLLLLLYYYYYYYYYYYYYYYY!

Sherman and Spinner fired energy bolts from their car and Agura spun an energy cable around Krocomodo's car and Lynn, Lori and Lola went at Krocomodo with ballistic fury and punched him with incredible force and knocked out some of his teeth and Lola fired a massive blast of fire and burned him and Lynn fired a powerful blast of lava and burned his arms and legs off and Lori fired a powerful blast of wind and shredded him into fine powder and blood and guts and killed him. Bobby grabbed Lori and calmed her down and Winston grabbed Lola and calmed her down and Lightning grabbed Lynn and did the same.

Bobby: Babe stop! He's dead. You did it! You won!

Lori snapped out of it and she saw Bobby and cried hard into his chest.

Lightning: Lynn, you won! It's over!

Lynn saw Lightning and cried hard into his chest. Same with Lola.

---

## Battle 2: SEVER

---

Luna, Sam and Simon were facing Sever.

Sever: Come and get me freaks!

Simon: No one talks about my sister like that!

Zoom slashed Sever with his car and Stanford blasted Sever all over. Simon fired a powerful barrage of Nuee Ardente rocks and they went at Sever and slammed into him and exploded with incredible power.

KRABBBBOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Sam S.L.: Whoa! That was awesome Simon!

Simon: How did I do that!?

Pelee: I think I might have had something to do with that. Since you are Sam's brother, you have her powers as well like I have given them to Sam.

Simon: Wow!

Sam S.L.: I got my powers from Pelee the Goddess of Fire in Hawaiian myth and she controls all of the volcanoes.

Simon: Wow! That is amazing!

Luna: I was surprised myself little dude.

Luna fired a powerful blast of water and it drenched him and Sam fired a powerful blast of fire and incinerated Sever in an instant.

Simon: That was awesome!

Sam S.L.: Thanks bro.

Sever was dead.

---

## Battle 3: HATCH

---

Lana, Carol, Laney and Lucy were facing Hatch.

Hatch: So you want to face me and my sting?

Carol: And destroy you bug boy!

Tezz fired energy bolts from his car and A.J. fired missiles and blew up Hatch's car. Carol fired a powerful blast of Godzilla's Orange Spiral Ray and it hit him and exploded with incredible power in a huge amount of explosions and fire.

KRABBOOOOOOMMM! KRABBBBOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBOOOOOMMMMMM!
KRABBBBBBOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBBBBOOOOOOOOOOMMMMMM!
KRABBBOOOOOOOOOOOOMMMMM!
KRABBBOOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOMMMM!

Lana fired a powerful blast of ice lightning and froze his legs to the ground as he was on fire and Laney and Lucy fired powerful blasts of fire and black lightning and Hatch and they hit him and he exploded in an incredible explosion of fire.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Hatch was dead.

Lucy Loud: You have a special place in hell waiting for you Hatch.

Laney: That's right.

---

Battle 4: DRAGONFLAY

---

Lincoln and the Megaforce Rangers were facing Dragonflay.

Lincoln: Get ready for your end Dragonflay.

Dragonflay: Lets see about that.

Lincoln took off like a bolt of lightning and kicked him in the face and he fired a powerful blast of lightning and it hit Dragonflay and electrocuted him. Troy Burrows fired a powerful blast of fire with the power of the dragon and it burned him all over.

Noah Carver fired a powerful blast of wind with the power of the Pegasus and blew him all over.

Gia Moran fired a powerful blast of water with the power of the Mermaid and drenched him and Emma Goodall fired a powerful blast of fire with the power of the phoenix and burned him all over. Jake Holling fired a powerful blast of lightning and electrocuted him all over with the power of the Gryphon and Orion fired a powerful shower of leaves with the power of the Elf.

Lincoln: Try this one on! The Elemental Power of The Fairy!

Lincoln had an Orange Fairy appear behind him and it gave him powerful fairy wings made of pure elemental energy and he fired a powerful blast of lightning and fire and they hit Dragonflay and exploded and he fell down and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Dragonflay was dead.

Troy Burrows: Wow! Lincoln that was awesome!

Noah Carver: It sure was. Awesome job buddy.

Lincoln: Thanks guys.

## Battle 5: CAPTAIN KALUS

Now it was just us and Captain Kalus.

Me: Get ready for the fight of your your life.

Captain Kalus: I will make you suffer.

Me: Bring it.

I unsheathed my sword and we went at each other and we clashed. I kicked him in my face and Vert punched him in the face and I slashed Kalus in the face and cut his eye.

Vert: This whole thing started between us, Kalus.

Kalus: And it will end with your demise. I admire your newfound ruthlessness. But in the end, you're just one weak human.

Me: Now he's something more!

Vert slashed him with his car blades and I punched him in the face and kicked him in the stomach and Nico punched him in the stomach with devastating force and Kalus belched out a huge amount of blood.

Captain Kalus: (To Nico) You can't be that strong for a human!

Nico: I'm actually a Saiyan!

Captain Kalus: What!? But they were wiped out ages ago!

Nico: That's right. My whole planet was completely destroyed by a ruthless galactic tyrant and now I'm going to redeem my people and bring us to the path of good.

Nico then punched him in the face and knocked out some of his teeth and kicked him in the face and punched him in the back and I punched him in the chin and dealt him a powerful uppercut and Scourge bashed him in the face with a powerful blow from his axe.

Me: Lets show him some teamwork!

G1 Lightspeed: You got it boss! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his missile launchers 100-fold.

Sophie Necturn: Lets see how you like the fury of the Earth! POKEMON CYBER KEY POWER!

The Pokemon Cyber Planet Key went into her right arm device and enhanced her Groudon powers 100-fold.

G1 Lightspeed and Sophie Necturn: TERRA MEGA MISSILE BLAST!

G1 Lightspeed fired a powerful missile blast and Sophie fired a powerful blast of fire and earth and the blasts hit Kalus and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ransack: Time for some speed blasting. CYBER KEY POWER!

The Velocitron Cyber Planet Key went into his seat and turned it into a powerful blaster.

Sinestro: Time for fear to destroy you. KHOROS CYBER KEY POWER!

The Khoros Cyber Planet Key went into his right arm device and enhanced his Yellow Lantern Powers 100-fold.

Sinestro and Ransack: SPEED OF FEAR!

Sinestro and Ransack fired powerful blasts of energy and they hit Kalus and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We regrouped.

Ben: Time for some Ultimate Alien power!

Ben turned into a new ultimate alien and it was ULTIMATE BALL WEEVIL! He was much bigger and he had many green spots on his back and he had bigger beetle horns and larger pinchers.

Ben: ULTIMATE BALL WEEVIL!

Me: Whoa! An Evolved Weevilan!

Shanan: Whoa! That is a cool one. I've never seen an evolved Weevilan before.

Nico: That's cool.

Ultimate Ball Weevil: Lets see what he can do.

He fired numerous plasma balls at Kalus and they hit him all over and exploded.

KRABBBBBOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOOOMMMM!

Me: Time to finish you for good Kalus!

Lana: Lets do it! ICE LIGHTNING SUPERBLAST!

Lana fired a powerful blast of ice lightning and froze him in a block of ice.

Kevin Levin: Time for some Osmosian power.

I pulled out a crystal of diamond.

Me: Here Kevin.

Kevin Levin: Thanks J.D.

Kevin touched it and turned into pure diamond.

Kevin Levin: DIAMOND SUPERSWORD SLASH!

Kevin Levin formed his arm into a sword and slashed Kalus.

Sage: This is for the pain you've caused! SENTIENT UNITY BLAST!

Sage fired a powerful blast of energy and it hit Kalus and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM!

Nico: Captain Kalus, you have failed this universe!

Vert: Agreed! Lets get him!

Battle Force 5: POWER OF 5 SUPERBLAST!

The Battle Force 5 fired a powerful blast of energy and it slammed into Kalus and completely obliterated him in a massive explosion.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Go to Hell, Kalus.

Nicole: But I think Hell is too good for him.

Nicole sent him into the River of Fire.

Cybertron Scourge: (to the crowd of Vandals) Kalus and his crew are no more! I am your new leader now.

Maria: Feel free to bow before the king.

Everyone did so and Cybertron Scourge was now the King of the Vandals and he vowed to have them go on a path of good and virtue.

Vert: (To the Viewers) It was awesome destroying Kalus. Now we have a few more of our enemies to destroy and they will pay for their crimes.

Me: They sure will Vert. But you all did a great job.

Agura: Thanks J.D. It was awesome helping you.

Stanford: I have a feeling we're going to be helping you more often.

Sherman: That's right.

Zoom: It'll be an honor joining you all.

Me: We are honored to have you with us.

Nico: That's right.

The Battle Force 5 and Sage were now members of Team Loud Phoenix Storm and they now live with us. We moved the Vandal Homeworld to the orbit of Earth.

THE END

Another Fanfiction complete and another awesome battle won.

Hot Wheels Battle Force 5 was an awesome show that NicoChan11 got me into. It was quite an adrenaline rush and it was awesome! The next Naruto Villain is gonna be Hanzo of the Salamander and get ready for when I take down the poisonous dictator of the Rain and make him pay for setting the stage for the planets destruction in Rise of The Angel Shinobi. NicoChan11 gave me the ideas for this. Thanks man and thanks for getting me into Battle Force 5. Let me know what you all think. Next up is the SpongeBob Episode Welcome to The Bikini Bottom Triangle as we journey to rescue Mr. Krabs from the mermaids that live there.

See you all tomorrow.

# Welcome to The Bikini Bottom Triangle

At the estate, things were really quiet as everyone else was watching TV and reading books. But some of us were missing.

May: Where are J.D. and the others?

Nico: I sent them to see Dr. Lopez to get rid of any negative Psychological issues that they might have.

Sora: Don't you think that's a little harsh?

Nico: Well, J.D. had doubts about himself just a few weeks ago. And Lynn, Lori, and Lola have been arguing with a lot of fellow heroes recently. And who knows what issues the others Loud Kids have? They basically brought this on the themselves.

FLASHBACK 1

While Lincoln was out on a date with Paige and Ariel's sisters, and everyone else was out at the mall, Nico went into Lincoln's room and pulled out Lincoln's walkie-talkie from his drawer. He was gonna talk to Clyde.

Nico: Clyde are you there?

Clyde: Nico? What's up man?

Nico: Well, I need your help. I've been noticing some strange behavior problems in J.D, Lincoln and his siblings and I think the battles we've had over the last few weeks have taken a toll on their minds.

Clyde: Lincoln told me all about all that. I think I've got just the thing for them. My psychologist and therapist Dr. Miranda Lopez might be willing to help them out.

Nico: You mentioned Dr. Lopez many times before. She must be really good.

Clyde: She is the best and if there is one person that can help J.D. and everyone out, it's her.

Nico: Thanks man. I owe you one.

Clyde: No problem.

FLASHBACK 1 ENDS

Maria: Boy those were stressful.

May: Yeah.

Nico: I know.

Maria: Nico, you realize that J.D, and the others might be pissed at you when they get back, right?

Nico: If the therapy session works, then them getting mad at me will be worth it.

Adrien: And here I thought you knew that J.D. wouldn't turn out like the Justice Lords.

Nico: I do still think that about J.D. The battle against your dad proved that to me. But I can't guarantee the same about the rest of the Loud Kids. What's to stop them from flying down, ripping of the roof of the White House, and grabbing the President right out of the oval office?

Marinette: Come on Nico, they wouldn't even resort to that.

Chloe Bourgeois: Yeah.

Nico: I know. But I still worry about him.

Syd Chang: But J.D. will be helped after everything that happened.

Carly: Yeah he will be okay.

Nico: Carly, how did you and Kimiko first meet each other?

Carly: That is an amazing story.

Kimiko: It was a memorable story.

FLASHBACK 2

Kimiko: (Narrating) **We met each other in a New York City Middle School. I was on a special foreign exchange program and I saw Carly being picked on by bullies.**

Bully 1: Look at the little freak!

Bully 2: You are a little bitch that doesn't belong here.

Past Kimiko: Hey!

The bullies saw her.

Past Kimiko: Leave her alone you jerks!

Bully 1: And what are you gonna do about it?

Past Kimiko punched a bully in the face with incredible force and knocked him out.

Bully 2: Why you!? Now you are gonna get it bitch!

The bullies charged at Kimiko and she punched and kicked them all over the place with incredible power and sent them crashing into the lockers and walls. Knocking them out.

Past Carly: Wow! That was awesome!

Past Kimiko: Thanks. I'm a 9th Degree Black Belt. Lets all that from Japan.

Past Carly: That is so cool! Sorry I'm Carly Douglas.

Past Kimiko: Kimiko Tohomiko. I'm on a foreign exchange program.

Past Carly: Welcome to America.

Past Kimiko: Thank you.

Carly: (Narrating) **Ever since then we became really good friends**

**and almost like sisters.**

Kimiko: **When I went to the Xiaolin Temple, I would always talk to Carly on the Computer and share about our adventures.**

FLASHBACK 2 ENDS

Nico: Wow! That is so awesome.

Omi: (Tibetan Accent) I've always wondered how you two met.

Raimundo: That is really cool.

Clay: (Southern Accent) That there is a really cool story.

Carly: Thanks guys. Kimiko, do you think Master Fong has room for another student?

Kimiko: I'm sure he would be more than honored to teach you.

Later in the middle of the city we were at the building of Dr. Miranda Lopez. Lynn Sr. and Rita were with us and so was my daughter Nicole.

Me: Well this is it.

Lori: Lets go.

We went in and checked in for our appointment.

Later we went into the office of Dr. Miranda Lopez. She was a Mexican descent woman with beautiful black hair, brown eyes and she had a white lab coat and a red shirt and black skirt and black shoes.

Dr. Lopez: (Spanish Accent) J.D. Knudson of Team Loud Phoenix Storm and these must all be the Loud Family.

Me: That's right. It's a pleasure to meet you doctor. Clyde has told us so much about you and gives good references of you.

Dr. Lopez: That's very sweet of him.

Me: He speaks so highly of you and how you help him and his dads.

Dr. Lopez: I do my best for him. How shall we start?

Me: Well (To the Loud Siblings) ladies first.

Lori: Thank you J.D.

LORI

Lori went first and Nicole was there for support.

Dr. Lopez: So what is your relationship with your family?

Lori: Well I am the oldest sibling in my family. Normally… things at home can be pretty… chaotic. I'd be on the phone talking with my boyfriend, in fact, that's what all my siblings think I do…

Dr. Lopez looked at her skeptically.

Lori:… Ok ok I do talk on my phone a lot, but that doesn't mean I don't take note of my siblings' activities. Leni is usually going on about the latest fashion trends, Luna is always thinking of a new song, Luan is always cracking corny jokes, Lynn keeps trying to make every little thing she does into a sport… Lincoln… he's busy reading his favorite comics, Ace Savvy. It's his favorite superhero. Lucy is busy writing poems, and I wish she'd stop popping up at random. I swear, one of these days, she's literally going to wound up punched in the face if she does that to a random person. Laney is always reading books and trying to help out whenever like she's a sweet angel. Lana and Lola usually fight over something trivial, and when they aren't, Lana is either feeding her reptiles and Lola is looking at herself in a mirror to keep up her pageantry. Lisa is always in her room working on whatever experiment she has in mind, and Lily, being the youngest… just does whatever she wants. She's a photographer.

Dr. Lopez: I see. Given how you keep a close eye on your siblings, would you say you have a strong relationship with them?

Lori: Yes… yes I do. My sisters and brother often think I'm this self-absorbed person that just pushes them around due to the fact I'm the oldest. Unfortunately… they were right about that to a degree… but that doesn't mean I don't love them. I love everyone in my family even though I didn't show it that often, and even if I did have to threaten them, I'm only doing what's best for them. Any time mom and dad leave the house, I'm always put in charge. None of my siblings like this because I'm practically this drill sergeant and I have them spend the rest of the night in their rooms.

Dr. Lopez: What's your reasoning for this?

Lori: If I let them do whatever they wanted, we literally wouldn't have a house to live in."

Nicole: Before we turned our house into a multi-million dollar mansion castle, The Loud kids only lived in a 1,400 square foot house. Really small.

Dr. Lopez: I see.

Lori: Yes. When I was 9, my parents felt it was ok for me to start looking after everyone else while they went out. I only had 6 siblings then at the time, as Lucy was just a few months old. I was both excited and nervous because I didn't want to let my parents down, but at least we could finally have some freedom. I just let everyone do what they wanted and we had few issues. But as the family grew both in size and age… things got crazier…

Flashback 3 - 2012

A 13 year old Lori was running around the house, trying to control her siblings. Rita and Lynn Sr. went out to the movies roughly two hours ago, and the eldest sibling was growing increasingly worried that they'd be home any minute.

Young Lori: Lynn, stop playing soccer in the house!

She ducked as the aforementioned ball came screaming at her.

She growled spotted an infant Lisa doodling on the wall.

Young Lori: Lisa, you can't write on the wall!

Lori took the crayon from her and the teen was a bit shocked to see her doodle was actually some sort of math problem. This made the baby start to cry, making Lori cringe.

Young Lori: Ok ok, you can write… for five minutes!"

Young Lisa blew a raspberry at her before giggling. The 13 year old then spotted the twins, only 2 years old, fighting over a doll.

Young Lola: Mine!

Young Lana: Mine!

They were fighting and Lola took the doll with more force and bopped her twin on the head.

BOP!

Enraged, Lana pounced on her. Their big cloud of violence moved about throughout the living room, nearly hitting Young 7-Year-Old Lincoln, 3-Year Old Laney and 4-Year OldLucy who were sitting on the couch. The duo was too engrossed watching A.R.G.G.H.! to pay attention to their surroundings. Young Laney was reading a book.

Young Lori: Not again…

However, she needed to get Lynn who was still kicking a ball around the house. Amazingly, the girl hadn't broken anything yet.

Young Lori: Leni, can you wrangle the twins?! I gotta get Lynn!

Young Leni poked her head out of the kitchen before quickly going back in to get some water. Lori had no idea what she was going to do, but she hoped it would quell those two beasts. Lori chased Lynn up the stairs, the 9 year old taunting her all the while. Lynn was already growing to be quite the quickster, as the 13 year old had issues catching her, to the point the teen lost track of that sports fanatic. Growing increasingly frustrated, Lori decided to use her brains instead of her muscle.

Young Lori: Ok Lynn, you win~! I'll let you play soccer all you want~!

Lori then ducked into one of the rooms.

Young Lynn poked her head out of the closet at the end of the hall, checking for any signs of the blonde. Thinking she lost her, Lynn hummed to herself while kicking the ball repeatedly into the air. As she made her way to the steps, the little jock failed to notice someone creeping up behind her.

Young Lori: Gotcha!

She tackled her. Unfortunately, this caused them both to tumble over the steps. Lori quickly braced herself so she'd take most of the brunt force while protecting the 9 year old in her arms. When they reached the bottom, the two girls suddenly found custard on their faces.

A 10 year old Luan laughed.

Young Luan: Guess whose got pie on their face?"

Lori and Lynn groaned in annoyance. Having found her passion for comedy when she was 8, the little girl was doing her best to become an aspiring comedian. Lynn Sr. definitely approved of her jokes, but to everyone else? Not so much. You'd think after two years she might have gotten better. Meanwhile, 11-Year-Old Luna came and sat down next to her siblings on the couch. Being only 11, she was quite troubled with wondering what kind of activity she'd be interested in. This was especially worrisome as Luan and Lynn seemed to have found their passions quite early. The little girl wasn't too interested in watching something about ghosts, so she grabbed the remote to change the channel.

Young Lincoln: Hey! We were watching that!

Young Laney: I wasn't.

Young Luna: Sorry Lincoln, but I'm not that interested in spooky stuff…

Young Lucy: Spooookeeey…

Young Lincoln: Well me and Lucy were here first, so give me that!

However, Luna wasn't so keen on giving up control of the TV. Pretty soon, all 3 siblings were squabbling over the remote.

Leni came back with a pitcher and doused water on the twins, hoping to put out their little flame war.

Young Leni: You guys seemed heated, so I wanted to cool you down!

However, she was met with looks of anger before Lola and Lana turned their aggression towards her. This caused an even larger fight that quickly drew everyone else in. The trio first bumped into the siblings on the couch, causing them to get involved with the brawl before slamming into Lori, Lynn, and Luan, the former two still busy getting pie off their face. At this point, the only sibling not involved in the brawl was little Lisa, who stared at them with a bored expression. Lori ended up getting thrown out of brawl and slammed into the wall. Her impact caused a few pictures above her to fall on her head as a result. Being 13 years old, puberty was beginning to hit her hard. She was already wearing braces to correct her teeth, had a few zits, and more importantly, she was prone to sudden changes of emotion or expressing it in extreme volumes. Lori looked at her quarreling siblings as her anger built up. Her face turned red as she started grinding her teeth, something you shouldn't be doing when you have braces. All they had to was listen to her for just one second. Was that too hard to ask? In the Loud House, apparently so.

Young Lori: (ENRAGED!) THAT'S IT!"

Her voice boomed, causing everyone to stop what they were doing. Lori stood up with the look of pure rage etched on her face, making her siblings shrink in fear.

Young Lori: ALL OF YOU ARE SPENDING THE REST OF THE NIGHT IN YOUR ROOMS, DOING NOTHING! AND IF I HEAR SO MUCH AS A PEEP, I'LL TURN YOU INTO A HUMAN PRETZEL! IS THAT CLEAR?!

Young Lincoln: But we-

Young Lori: I SAID IS THAT CLEAR?!"

Everyone nodded before hurriedly scampering up the stairs. Lori breathed heavily for a few moments before taking in the mess around her. Giving a heavy sigh, the teen started the long process of cleaning up the living room and the kitchen. By the time Rita and Lynn Sr. got home, she was passed out on the couch. It was oddly quiet for the first time in the Loud House, but the parents didn't question what Lori did. All they knew, is that she did a good job watching over everyone.

FLASHBACK 3 ENDS

Lori: And that was the first time I yelled at any of them.

Nicole: I remember hearing about that when we were on our Worldwide Adventure. It was how you came up with that threat for turning them into Human Pretzels.

Dr. Lopez: I see. And how did you feel about that Lori?

Lori: Terrible… I didn't want to have to do it, but they literally drove me so far up the wall I just… lost control of myself…"

Dr. Lopez: I can understand that. Your patience was worn thin by that point. But why do your siblings see you as nothing but bossy?

Lori: I wanted to make up to them for that incident, but as most would say… puberty was a bitch… still is. My emotions would get out of control and I would end up saying the wrong thing, I keep acting selfish at times when it's unwarranted… and when it comes to watching over the house when our parents are gone, if being bossy and mean was the only way they'd listen to me, then that's what I just stuck with… I realized this made me look like a bad sister in their eyes, but if I can't really change their minds, then might as well be the sister they think I am.

Dr. Lopez: But in the end, you still love them with all of your heart right?

Lori nodded.

Lori: Over the past 3 years of watching them, it feels like I've grown up so fast… I practically know what mom feels like when she raised us but… this is the real confusing part for me. I'm always there for my siblings, or try to be, for the most part, and I always take joy in watching them accomplish stuff on their own, but to me it feels… empty… like I want to be with them for the most part, but I get this knot in my stomach knowing that I'm close to going to college and leaving the house… I'm just not sure what they'd do without me, if that makes sense.

Dr. Lopez: Hmm…

Miranda tapped her chin with her pen.

Dr. Lopez: Would you say you've done something very selfish and crazy?

Lori: I had this deal with my siblings that I'd offer them free rides in exchange for doing my chores… they didn't like it so much, and decided to help Leni earn her license. Now, Leni is old enough to drive with a permit, but being she's… Leni… she's failed her test so many times like a certain sponge that Lily knows. I'm actually surprised the DMV allows her to re-take it so many times. Thanks to my sisters, but mainly Lincoln, she learned to drive properly…

Tears started to form in her eyes.

Lori: (Crying) But for some reason… I just couldn't let her succeed. I wanted to be the one to give her lifts to wherever she wanted to go… doing so made me feel warm inside knowing I'm helping my siblings. So… I ended up sabotaging Leni's mind to get her to fail her test…"

A few tears slid down her cheeks.

The doctor now had a clearer picture and had one theory in mind. However, just to be sure…

Dr. Lopez: Lori, do you see yourself as being a 'second mother' to your sisters and brother?"

The teen gave a confused look, not sure where Miranda was going with this.

Lori: Um… I guess? Might be because I've watched over them a lot while growing up.

Dr. Lopez: Well, you may not know it, but I believe you have an issue where you're afraid of seeing your siblings becoming independent.

Lori's eyes went wide at this.

Lori: W-Wait, how can that be true?"

Dr. Lopez: Well being a mother your self biologically and after watching your siblings over the last few years, you've clearly developed a strong bond with them. I'm not sure how often your parents leave them in your care, but you do seem to take a lot of pride in the fact you care for them to the point it almost feels like you're raising them yourself. As a mother, it's not uncommon to be worried about your babies growing more independent to the point they leave the nest. You know that, at some point, they'll be your age and be ready to leave the house just like you will soon. And as you said, you feel as if you know how Rita felt when she was raising you. As such, you find yourself as being something like a mother to the others. Well, you may not know it, but I believe you have an issue where you're afraid of seeing your siblings becoming independent.

Lori: I think I see what you mean. But I feel like a huge weight has been lifted off my shoulders. Ever since I've had my dark side removed, I feel like I've been purified.

Dr. Lopez: I'm glad. I heard about the stressful battle you've had to endure with Hawk Moth. It was tough to not kill him after all the pain he caused. But it was for a good cause to bring his family back together.

Lori: I know. Nico literally told us what happened and we were surprised.

Dr. Lopez: That's good that he's looking out for everyone.

Lori was done and better than ever.

LENI.

Leni was up next.

Dr. Lopez: So Leni, what is it that you like to do?

Leni: I'm a fashion designer.

Nicole: Leni makes all our clothes and she is a great fashion designer.

Nicole got up and showed her awesome trench coat.

Nicole: Most of our family has amazing clothes like this.

Dr. Lopez: That's amazing.

Leni: Thank you.

Dr. Lopez: So what is troubling you?

Leni: Well I still have problems with the stress of the battle with Hawk Moth. I can still remember some of my idiot moments, like the time I thought Lily's crib was a prison, the fact I thought I was blind when my eyes were closed, or the time I thought there was a solar eclipse because my shades were down, or the time I thought our kitchen was in the mall (and I was like, so mad at Luan for that prank…) and that's just a few examples. I could go all day about my dumb moments… by some miracle I found my pills in my dresser last night. If I didn't, we likely wouldn't be having this conversation…"

Dr. Lopez: Sad to see a nice girl like her have to suffer so much. If there was one thing you could change, what would it be?

Nicole: What pills Leni?

Leni handed Nicole a container full of pills.

Nicole: Hmm. These are A.D.D. Pills. Leni we didn't know all this.

Leni: Yeah that's why I've been so focused and all that.

Leni shuffled a little in her seat.

Leni: I want my family to stop treating me like I'm an older Lily… I know they make stuff sim… sim… simpler for my sake, but I'm 16! I'm not a child anymore! Sure I can be tricked quite easily at times, but it hurts when they use that against me! Even when I'm being a bit dumb, I'm still smart in certain things.

Dr. Lopez: Such as?

Leni: Well, as you've seen, I'm totally into fashion and design, and I could make almost any piece of fabric into clothing. Like, a couple times I turned Christmas decorations into a nice dress, though mom doesn't like it when I do that, but the reason I do it is because it's the only thing I have the best understanding of and it helps me keep a wider focus on things when I'm not taking my pills. I once actually made a bed frame for Lori when she told me to make her bed.

Dr. Lopez: Wait, so you actually designed a newer frame when all she wanted was for you to organize her sheets?

Leni nodded.

Leni: I can also pick locks and make the best smoothies."

Nicole: Yeah. She made a really good kale, mango and kiwi smoothie for my brother Jared.

Miranda wrote this down.

Dr. Lopez: Well, if what you say is true, then you might have a decent career in creative design Leni.

Leni: Really?!

The doctor nodded.

Dr. Lopez: Now, given what we've discussed, you have insecurities about being viewed as the idiot in your family, harsh as that sounds. The easiest way to change this is by remembering to take your medication. Normally I would keep this closed but since you are aware of what your parents are doing, you'll have to tell them that you know they've been slipping meds into your drinks. However, in order to be not be viewed as 'the dumb one', I would suggest taking your medication more often. If you start to forget, remind yourself to leave a note out that will convince you take it again in the future. Also, you mentioned they only last for a few hours. Mind if I see your case?

Leni pulled her small case out and handed it to the doctor. Miranda took one of the pills out and examined it carefully. Little did most know, the Hispanic woman has a minor in medicine as well, just incase her psychology job didn't work out.

Dr. Lopez: Hmm… these are decent, but for you I think a stronger stimulant would be more beneficial.

Leni: A stim… what?"

Dr. Lopez: Basically something that will increase a certain part of your brain to help you focus better. A preferably one that gives you less side effects…

Leni: Oh. Okay.

Leni got better and we had no idea she was taking medicine to help her.

LUNA

Next up was Luna.

Luna: It's a pleasure to meet you doc.

Dr. Lopez: Same to you Luna. So tell me what you do.

Luna: Well, not to brag, but I'm what puts the loud in Loud of our family. I make the place rockin' day and night, 7 days a week, 365 days a year. If my sisters and bro need some music, I'm the one they turn to.

Dr. Lopez: And judging by your attire, I'd say you're interested in rock and roll?

Luna: Heavily mate.

Dr. Lopez: So when did you start getting into the music industry?"

Luna: Now that's a long story. Unlike most of my sisters, I didn't exactly have a 'special talent' when I was little, you know? I guess if you use my brother as a divider, I'm the middle child of my teenaged sisters. There were times I had felt like the only one who couldn't carry a beat, as both my 2 older and 2 younger sisters found something they were good at. Lynn found she really liked sports when she was only 6, Leni got into fashion around that age, Lori found she was a decent speller (which would explain why she has that phone in her hands so much), and even Luan started taking up comedy in elementary school. As for me, I didn't know what I was good at."

The musician gave a sigh.

Luna: None of the stuff my sisters did got me goin', but it didn't bother me much. Not until I was in 7th grade at least by then I was getting worried I might not have any sort of skill like my sisters. But, over the past few years I found that I had really gotten into music, the classics to be exact; but even then, it just didn't feel like the real me. But all of that changed when I heard about the Rocking Boulders doin' a concert in town one day. The night I heard Mick Swagger sing and call me on the stage, it was then that I knew, that I was meant to be rockin' the world anywhere I go. And that's why to this day, I always viewed Mick as my hero, cause he showed me that I had the skills all along, but just didn't realize it. Besides singing and playing the axe, I still practice using a lot of other instruments."

Dr. Lopez: What kind of instruments do you know how to use?

The 15 year old started counting off her fingers.

Luna: Drums, the piano, the flute, tuba, trumpet, violin, the harp, I tried the banjo once, and of course, the guitar.

Dr. Lopez: Hmm, would you say that there isn't any instrument that you couldn't play?

Luna: Welp… maybe? I mean, when I usually get my hands on somethin' I haven't touched yet, I can figure it out within an hour or so. My sisters and bro do have some taste too, like Lincoln is pretty sick on the cello and Lucy can make a wicked tune on the organ and Laney can play a Saxophone really well. Lori isn't half bad on the trumpet either, even if she's a little off-key."

Dr. Lopez: Interesting.

Miranda noted, jotting something down.

Dr. Lopez: (In her head) Each of these girls are very gifted for their age. However, their conflicting personalities are quite obvious." (Out Loud) Ok, so I understand that you have a passion for the arts, particularly the rock genre. Has this at times come into conflict with your siblings?

Luna felt a little bummed out when asked that, as one particular situation came to mind.

Luna: There was this time that our family had signed up for the talent show at the fair. Many ideas were thrown around but we couldn't agree on anythin'. So I said 'Let's start a family band!', and of course they weren't keen on the idea since they didn't know how to play certain instruments. So, I just told them that it didn't matter as long as they had fun doin' it. We were havin' a good time until my roadie Chunk called me and said that Mick Swagger was gonna be scoutin' for talent at the fair. I really, really, REALLY wanted to make a good impression but knew my family wasn't that talented… long story short, I ended up forgetting about that one rule I said to them and made a huge jerk of myself…

Nicole: I don't remember that one.

Dr. Lopez: And how did that turn out?

Luna: Well, after meeting someone who ended up being Mick in disguise, I apologized for putting out bad vibes and we all took the stage and rocked it! Best Family Fun Fair I could remember.

Dr. Lopez: Sounds good. Now, my next question is going to stem from some of the things I've learned from your other siblings: has your musical talent annoyed your siblings at any point?

Luna: Sometimes… I get a bit too into my jam sessions to notice what I'm doin'. I get so pumped up from the riff of my axe that a few times I broke the neck of it, and I almost stage-dived Lily once…"

The guilt was evident in the last part of that sentence.

Dr. Lopez: (Shocked) Wait, you almost landed on the baby?"

Luna: Yeeeah… thankfully she was moved out of the way and I landed on my drum set. Aside from that, they only seem to get annoyed when I turn it up to 11 and talk in a British accent.

Dr. Lopez: So the accent you're speaking now, isn't your real voice?

Luna: Yeah. I idolized Mick a lot that I started talking more like a good ol' Brit soon enough. I practically forgot what my real voice sounded like.

Dr. Lopez: I see. I've asked this quite a few times with your other sisters in terms of the relationship you girls have with each other. However, I think I already have a clear picture given what I've heard so far. So in this instance, I'll narrow it down: what kind of relationship do you have with Lincoln? Do you feel he's very close to you?"

Luna: Is Lincoln close to me? He sure is. I'm his Guardian Sister. I would ask him to help me with a few things and he'd ask me for stuff, we'd both listen to various bands, Hell, I even went with him to his first SMOOCH concert. The other girls didn't like me doing that since I, on accident, ruined their experiences. But I wanted to prove them wrong and show them that I can make someone's first concert one to remember. It also helped that it was a rock band and not some boring opera or boy band. Lincoln actually got in trouble shortly after he told me to leave because this mall cop tricked him into illegally buying tickets just so he could put him in a cell. Kinda wish I could've smashed my axe on that guy's head. Luckily, I picked up the phone before anyone else did and got him out of there, even though I was caught pretending to be mom, I still owe Bobby for backin' us up then, but I sure proved my sisters wrong about me always ruining concert outings.

Dr. Lopez: I see.

Nicole: That's amazing that you had fun though.

Dr. Lopez: Anything else you want to add?"

Luna: Loads. When Lincoln was born, I was pretty excited at the fact we got a brother. I love my sisters, but it was so cool that we got a boy in the family now. Aside from mom, I was the second sister to hold him. Believe it or not, Lynn was the first, and she loved it. Sometimes I almost felt like a mom when I had to sing him to sleep if he was being fussy, but I always played with him when the others were busy, occasionally feed him, and me and Leni would argue over who gets to hold him when we go somewhere. He's drifted close to me since those days, even if we aren't as close as we used to be. I do the same thing with Lily even, though I'm pretty sure she doesn't want to be anywhere near me after what happened.

Dr. Lopez: Aside from recent events, has your relationship with your brother had pitfalls? Like, has he done anything to make you upset or vice versa?"

Luna regretfully nodded.

Luna: There have been times where I've been actin' jerkish to him. There was this one instance where he mapped out a seat in the van called 'the sweet spot' and like my sisters, I got jealous and wanted to have it for myself. No offense to Vanzilla, but you get tired of restin' your bums on soggy, sticky seats next to broken windows all the time. Another time was when we all went shopping and he made a deal with mom to get the groceries in order to get some Zombie Bran. All of us wanted treats too and, I took his cereal from him and we ended up fighting a ruthless criminal that escaped from prison and it was a very thrilling adventure. But it ended up destroying the store.

Nicole: I remember that. The FBI was after that guy.

Luna: Yeah. But we made it up to Lincoln since it was that criminal's fault that he didn't get his prize, but that was still a low note, on the other side, bro can be selfish or clumsy at times. He had a bad habit of clogging the only toilet in the house with stuff that shouldn't go in that tube, like a sweater. Last time we thought that he clogged it with a Princess Pony book, when in actuality it was Lucy's book. He's more into Ace Savvy and boy stuff, not girly girl things.

Luna then described the only time she ended up blasting Lincoln into the wall with her extremely loud speakers. Thankfully, he only suffered some temporary hearing loss. Miranda was starting to notice a pattern at this point. Whenever Luna acted like a jerk, her sisters seemed to be acting the same way, almost as if they had some kind of mob mentality. She wrote this down in her notes to bring it up later.

Luna: The best I did was try to help him through music, as it always helps me out when I'm thinking of something. But Lincoln just isn't into music like I am. I'm not sure what he likes besides comics, but I do want to help him find his calling so he doesn't feel like he's draggin' the band down.

Dr. Lopez: Well then, I think it's wonderful that you're helping your brother in trying to realize what he's good at.

Luna: Right.

Dr. Lopez: Now, another thing I want to bring up is your interactions with your brother during certain times. When you talked about the times you've acted selfish towards him, you also said your sisters acted the same way. Whether this is based on coincidence due to having similar ideals, I'm not certain, but it doesn't seem like you act out on your own in these situations. The only time you have is when you admitted to being selfish when it came to the incident involving the family fair. It seems that you girls act as one without realizing it, though it appears it often devolves into infighting, particularly when your brother comes up with the idea in the first two examples you've given me."

Luna wasn't too sure how to make sense of this bit of information.

Luna: So, like, are you saying when us girls act selfish, we tend to think too much of ourselves and be inconsiderate of our brother?

Dr. Lopez: It could also stem from jealousy of the fact none of you thought of it yourselves before it was too late, so you try to bend the rules to suit your needs, but this only exacerbates the problem into unnecessary conflict.

Luna: That, does make a lot of sense. Lincoln did say he spent 8 months scouting out for that seat in the van. We ended up almost tearing the car apart in the process and he made a deal with mom to get the groceries. We promised to help him shop, but all we did was goof around…"

Luna rubbed her head as she recalled the moment she used the store's PA system to play a guitar riff.

Luna: I'm thinking it probably leans more towards jealousy than anything else. I think I've been roped into the idea of wanting something for myself when I didn't plan in advance more than I would like to count. At least Lincoln always tends to plan ahead.

It suddenly dawned on the musician as to why Lincoln always makes up these plans with incredibly long names. He seems to be well-aware of how his sisters will act when they're in a group, and if anything, the girls have proved time and time again as to why he would have to stay a few steps ahead of them, especially if it's something he didn't want them to ruin: they would either want the same thing or try to force their opinions on him. Perhaps Dr. Lopez's theory of this mob mentality isn't too far-fetched, and Luna didn't like it one bit.

Shaking her head, Luna stood up.

Luna: Thanks for the time doc, but I think I'd like to leave now…"

Dr. Lopez: Are you sure?"

Luna: Yeah.

LUAN

Next was Luan.

Dr. Lopez: So Luan, from what I've heard, you're the family's comedian?"

Luan: Yep! I live and breathe it, as the price for laughter is getting everyone to smile!

Dr. Lopez: Would you say that you're pretty good at it?

Luan: For the most part yes. I run a website called Luan Out Loud's Comedy Channel, a video channel that hosts my various comedy routines. I also run a side business where I am hosted as a clown for birthday parties. Not only that, I practice ventriloquism, juggling, balloon animals, Miming, some baking on the side, and of course cracking jokes."

Dr. Lopez: I see. Well, to get us started, I want to get to know you better. I want to understand, how did you become Luan Loud.

Luan: Fire away admiral. (Laughs)

Dr. Lopez: So when exactly did you start practicing comedy? And on that note, why did it interest you so much?"

Luan scratched her head as she looked up at the ceiling.

Luan: Welp… I started getting into comedy when I was 7. During one day at school, I accidentally slipped on a banana peel and crashed into a teacher, making him fall on his butt. A lot of people laughed afterwards, and like most kids, I was embarrassed by it. I didn't think it was that funny, but others said I was hilarious in a good way. Before then, I hardly had any friends, and most people made fun of me because of my teeth. It's the reason why I wear braces to be honest. You know what my name was back in elementary school? It wasn't Luan Loud, it was Brace Face. I used to hide my teeth by wearing a fake smile mask sometimes, but it didn't work, even today some still call me that horrid name. I don't let it bother me as much as I used to, but I still get annoyed just by people mentioning my teeth. probably more than those stupid preppy girls who made fun of my so-called fashion sense, but still…

Nicole: Those kids are monsters!

Dr. Lopez: I'm no stranger to those situations. I've had a couple kids in the past who had visited me due to similar circumstances.

Luan: Wow. So when I accidentally made a fool of myself, I suddenly became a class clown. All the attention I got, it felt intoxicating I guess? If others were going to see me as some sort of comedian, then I figured I might as well give them what they want. I hit it off quite well as a practical joker. I used my own allowance to buy gags and do small time pranks on others, and sometimes on myself in the midst of my small time career. But over time I got too absorbed with the praise and got very cocky, and an attitude. I don't want to go into the details, but let's just say on one April Fools day I accidentally caused one of the school's water pipes to burst and it flooded half the building."

Nicole: Geez.

Luan: Oooh boy, I got such a grounding after that and was lucky enough to not get expelled."

Dr. Lopez: How'd you manage to do that?"

Luan: It was part of a prank?"

Dr. Lopez: Gonna need to get down to the reasoning behind these large scale pranks. What happened when you returned to school?

Luan: When I got back, instead of being appreciated as the class clown, I was shunned by the entire school for months. Not only was I called Brace Face, but I got a new name as well: Ms. Pipe-for-brains. Plus the added question of other kids asking me if I was ready for a flood. That was because I only wore a skirt.

The 14 year old gave a small blush at that.

Nicole: Bunch of stupid ingrates.

Luan: Mmm, I'm guessing this continued all throughout elementary?

Luan: Somewhat. I had a lot of time to think about where I went wrong, and after some advice from dad and doing some digging, I realized there was more to comedy than just cheap tricks and pranks. I didn't realized it at first, but despite everything that happened, I liked making others laugh. They usually say that laughter is the best medicine, and in order to do that, I had to learn to not only get others to laugh, I had to learn to laugh at myself. Since then, I started getting more into comedy, making puns, practicing juggling, and when I was 9, I purchased my first ventriloquist dummy, Colonel Crackers. He wasn't really working out, so over time I dumped him for a better dummy, my beloved Mr. Coconuts.

Dr. Lopez: So you've been practicing comedy since then?

Luan: Yeah. I gotta say I've really stepped up my game since I was little. I've gotten better at making jokes, I am a certified clown (I even met my friend Giggles at a Clown School), so I just love making little kids birthday parties quite entertaining. But one of my best acts is upping my pranking game. I've gotten plenty of good simple pranks to even some large scale ones.

Dr. Lopez: (Tilts her Glasses) Care to list any examples?"

Luan: Well, there's the simple pail on the door trick and the shaving cream/feather prank, but it's the biggest ones I save for my favorite holiday: April Fools.

Nicole: These pranks were pretty terrifying doctor. And some of us got seriously hurt because of it.

The 14 year old then went into detail on some of the pranks she had put out on that specific holiday for the past few years. Such acts included nailing all of the house furniture to the ceiling, covering the house in wrapping paper, trapping her siblings in jello, shaving off her sisters' eyebrows (even the pet's fur), timed flour bombs that would cover an entire room with the substance, misleading signs, embarrassing videos, sticky tape traps, and generally almost any pranks she wouldn't pull on a typical day. Miranda was quite surprised at the length of the list Luan was giving, and surmised that the other sisters' claims were very much true.

Dr. Lopez: Well, it seems you r-really enjoy April Fools Day.

Luan: Well duh! It's the only time of the year I get to go all out and unleash the prankpocolypse I have planned. But thankfully, after my dark side was removed, I don't do that anymore.

Dr. Lopez: Ok, but let me ask this Luan: I know you enjoy the holiday, but does your family share the same sentiments?

Luan: Well, they used to when I was younger, but over time they started to take measures to avoid my pranks. Lisa even built a bomb shelter in our backyard for the holiday. I think that's a tad overboard but, they can't avoid the Master Prankster forever. (Laughs)

Dr. Lopez: I see.

Miranda looked over her previous notes.

Dr. Lopez: Luan, this may be a bit personal but do your siblings not find you funny at times?

Luan: Well, not quite, they…

The comedian remembered all the times her siblings would just groan at the puns she made, some of which were understandable as the joke was clear as day, but some of the jokes she made could've knocked their socks off. Luan just didn't understand why her siblings didn't find them to be funny. Sure, there were a few occasions where they all had a good laugh, but this was few and far between. The only person in the house who seemed to laugh at every joke she made was her father, but that was only because they both have a shared sense of humor. It didn't help that at times Luan would also crack a joke during the most inappropriate times, and that says nothing about her pranks.

Luan: Ok you got me. They usually just groan at my jokes.

Nicole: Not all of us Luan. Dad and us love your jokes and so does Eddy. Most of us laugh now.

Luan: That's true.

Dr. Lopez: And if they don't seem to enjoy April Fools like you do, why go through with these large scale pranks if your family wants no part in them?

Luan: I just thought it'd be funny. I mean, you gotta admit, the wrapping paper joke was gold.

Nicole: I remember seeing that. That was clever.

Dr. Lopez: Well yes. I'll give you credit for the amount of dedication you put into your work, but I think it's clear that while you certainly enjoy the spirit of the holiday, your family certainly doesn't. I'm not too familiar with the rules of comedy, but I think you can help me with this one. Imagine that you're the headliner and your family is the audience.

Luan Nodded.

Dr. Lopez: I'm not sure if there are any rules to performing comedy, but is there some advice you can give?"

Luan: Easy. The basic rule of comedy is that both you and your audience must have a good time. You can have a good time telling all the puns, but your audience has to be able to understand it so they can get a good laugh.

Miranda wrote this down.

Dr. Lopez: I see… but during the last April Fools day, was your family laughing when you pulled pranks on them?"

The teen hesitated for a moment.

Luan: No?

Dr. Lopez: So when you pulled pranks on that holiday, you were the only one laughing, correct?"

Luan: Yes?

Dr. Lopez: So from the sound of it, it seems you've forgotten your own rule. I think you were at best pranking your family for your own enjoyment. Now, while your pranks have been top notch and unusual, they could also be potentially harmful. What if the furniture you nailed to the ceiling had come down on someone? The ceiling isn't exactly as stable as the ground floor after all, nor suitable for holding a 300 pound piece of furniture. Also, what if your siblings ended up suffocating in the gelatin? Also from last April, you said your brother had been attacked by raccoons from a prank you set up. What if one of them had rabies? Did you think about the potential consequences?

Luan looked at the floor in shame. She didn't realize that while her April Fools shenanigans were largely for her enjoyment, that she didn't see the possible side effects that her siblings could've gotten from them. Usually after every April Fools day, her sisters and brother shunned her for a few weeks, and she was grounded by her parents. But in the end, Luan thought it was worth it and they'd get over it soon enough, and she had an opportunity to out-do herself next year. But after going into detail about it with the therapist, even after having her dark side removed, Luan realized she looked more like a sadistic psychopathic loon who took joy in causing harm and suffering to others for a cheap laugh.

Luan: N-no, I h-hadn't looked at it that way.

Dr. Lopez saw that the girl was almost on the verge of crying, so she lent her the tissue box. One of the things she didn't like about her job was giving people the hard truth, because even she herself knew it was hard to face facts than to lie to yourself that everything was ok.

Dr. Lopez: Sorry about that Luan, but it had to be said.

Luan: I-It's fine. I, I just didn't realize it myself. I loved April Fools Day so much that I didn't care if someone got hurt as long as I found it funny and last A-April, I got hurt while stopping Nico's little brother Connor from doing more pranks.

She could remember the hurt and irritated look Connor had on his damaged face, not to mention his missing eyebrows, bandaged body, nearly bald head, black eye, sour lips, and his foot was stuck in a bucket and a mouse trap was on his arm and leg. All because she was protecting everyone from the wrath of Connor. The dam was starting to burst as tears streamed down Luan's cheeks when she realized this.

Luan: (Crying) I'm so sorry guys. I'm so sorry. What kind of sister just sits there and laughs as she causes o-others pain? W-Why didn't they stop me?… W-Why didn't mom and dad do something?!"

Nicole went over and comforted her.

Miranda watched Luan started to cry into her hands.

Luan: Did your family do anything to try to convince you to not go through with it in previous April Fools days?

Luan: Oh wait, they did try to reason with me! Sorry. They even locked me in a cage knowing what could happen! But what did I do?! I just brushed them aside just to see my pranks come true!"

More tears started flowing out, the guilt obviously taking its toll on her.

Luan: How could I do this to my own family, my parents are too afraid to stop me from doing any pranks until its too late. Is that it? Was my family too afraid to stop me when I get like this?

Dr. Lopez: Luan, I can assure you that your family isn't afraid of you anymore.

Luan: Then tell me Ms. Lopez. Why couldn't they do anything? It was literally 13 against 1. They all could've done something to stop me or am I just too much of a monster for them to do much?

Luan curled into a ball on the furniture.

Dr. Lopez: That, I can't answer Luan. But that's something we're going to figure out. When you saw your family on April Fools day, it's clear that you don't see them as the same family members you've lived with your entire life. I feel that there is a bigger reason as to why you were the way you are on April Fools Day and I believe it stems from your past.

Luan perked her head up.

Luan: My past?"

Dr. Lopez: You said yourself you had a hard time in grade school. You're free to correct me if I'm wrong on this but please bear with me. From what I believe, the reason you keep doing the things you do on April Fools is because you've been bottling up the hurt and anger you've gained from the constant teasing and ridicule by your peers. You wish to get back at them, but know you are unable to do so without consequence. It probably doesn't help that your siblings don't find your jokes funny most of the time, and as a result you turn your anger onto them when that day comes… is that right, or wrong?"

Luan stared back at the floor. While it was true that she hated the teasing she received from Abigail Sanchez and her posse long ago, she didn't think it would affect her all the way up to that point. She still saw herself as a monster who just pranked her family on the side for some extra laugh on top of the funny acts she performs for kids and her viewers online. What would others think if they saw this side of her? The comedian didn't have a clear understanding as to why she would go nuts on April Fools, believing she just had a major itch to get rid of by the time April 1st arrives. But the more she thought over Miranda's words, the more it made sense. Luan wished to prank the utter hell out of all of those who constantly berated her for something she can't control, something to make those bullies come to fear her and make them eat their words. However, such time has passed and she wasn't exactly much of a fighter back then until she got her powers. Luan may have forgotten what the bullies looked like, but she could never forget their harsh words, no matter how hard she tried. She found that outlet of revenge from her scared family, relishing in the fact they were powerless to stop her and lived in fear of her next big prank.

Luan: It's true… it has to be true, I loved the fact that my family was too powerless to do anything to stop me. I think at times, I didn't see them as family members, just the bullies I had years ago, putting me in a cage last April probably enforced this, not to mention the puns they made against me. I thought I didn't deserve to be treated like that, it just brought up one instance where I had been shoved into a locker.

Nicole gasped.

Luan: I begged for hours for someone to get me out, but it wasn't until school ended that one of the teachers finally found me in there. I felt the exact same way when my sisters and brother locked me in a cage. They all just laughed and refused, just like my bullies. I actually cried a bit during the night, but I grew angry and promised to make them all pay for that deed. Yet despite all that, the horrible conclusion was that I deserved Every. Second. Of it for treating my family and friends so horribly and worst of all, I took advantage of my brother's own feelings that day too. After all the pranks he went through, I was gonna have Ronnie Anne cap it by pieing him in the face, if I knew I was going to end up like this before my dark side was removed, I would've given up trying to be funny a long time ago."

Dr. Lopez: Possibly, but what else could you be good at Luan? You've invested so heavily in the art that it seems pretty hard to imagine you doing something else."

The 14 year old shook her head.

Luan: I, I don't know…"

Dr. Lopez: While you are very regretful of your actions, you still want to make kids happy right?"

The brunette nodded.

Dr. Lopez: And you still like to perform various acts for your social blog right?"

Luan: Yes?

Dr. Lopez: And do you wish to make it up to your family? Do you want to promise them that you won't go overboard next time April Fools rolls around?"

Luan: More than anything.

Dr. Lopez: Then Luan, you're still a dedicated comedian. You are NOT a monster, sure you have mis-aimed your hidden rage towards your family, but if you were being bullied, you could've at least talked with them about it. Have you done so in the past?

The teen shook her head.

Luan: I was too afraid to talk about it.

Dr. Lopez: Well, it's not too late to bring it up. After all, that's why you are here correct?

The girl nodded.

Luan: I want to make amends with my whole family.

Luan was ready to make amends.

LYNN

Lynn was up next.

Dr. Lopez: Would you say you've had a troubling relationship with your siblings before you became a good girl?

Lynn: It was rocky sure, but it didn't get like all of this. Before J.D. came I didn't talk with my older sisters much, but we do get along well. My younger sisters on the other hand, two of them I kinda have a few issues with, but with Lucy, Laney and Lana, I get along with just fine. It's a bit disappointing that almost none of them are into sports though.

Dr. Lopez: I see. In relation to your older siblings, is there a particular reason you don't associate with them?

Lynn: In all honesty, between Lori's bossiness, Leni's not-so-smartness, Luna's loud tunes and Luan's lame jokes, they make me irritated a lot, and since you might as ask about Lola and Lisa, well one's a brat, and the other thinks we're her personal guinea pigs.

Miranda could somewhat agree with that, particularly since the elder siblings already expressed themselves.

Dr. Lopez: And why do you seem close to Lana, Laney and Lucy?"

Lynn: That's easy. Out of the twins, Lana and Lola are like total opposites. Lola likes to be 'prim and proper' and 'showing some class' or whatever it is she goes on about, but Lana, she's like me. She's not afraid of getting dirty, she's a bit tough considering that she likes to wrestle gators, and the best part is she loves play fighting. She's probably the closest thing to a boy in the house besides myself and my brother.

The doctor noted the sadness on Lynn's face upon mentioning Lincoln. She'd bring him up in a minute, as she wanted to know the relationship between Lynn, Laney and Lucy.

Dr. Lopez: What about Lucy? What is she like?"

Lynn: She's an emo, plain and simple. Always dark, moody, and outright depressed. She loves the dark so much she always hides in the vents of the house writing poems.

The athlete gave a snort.

Lynn: She even spray painted the whole room black at one point. It was around the time we were supposed to start saving energy to save some polar bear. That made me really mad because it's not like she's the only one in there. Me and Laney are practically in the room whenever she's off hiding somewhere, and she keeps popping up out of nowhere, scaring the crap out of us! And don't get me started with her constant sighing. It gets annoying real fast. She's always like 'sigh'…'sigh'…'sigh'. Would it kill her to smile more for a change? Lucy always goes on with how depressing life is, but I hardly see it."

Nicole: Well goths do that.

Dr. Lopez: She doesn't sound like an ideal roommate for someone like you.

Lynn: You're right. She's not. In fact, we had such a big fight at one point that I decided that I couldn't sleep in the same room with her for a while."

Lynn lied back on the chair, arms spread apart.

Lynn: That was, until I realized I actually missed having her as my roommate, during the time I was staying with, another of my siblings. I saw her poetry book on the steps. I was about to just toss it elsewhere, but I decided to peek at it because I wanted to see what she gets so depressed about. That book, had some really deep stuff in there. I don't know much about poetry, but I could at least understand what it was mainly about. When Lucy says she writes poems to express her pain, it wasn't a figure of speech. She feels like she's always forgotten and no one cares about her. I even saw a poem where she just says hi to us and we all keep getting freaked out by it because we didn't see her coming. I guess that's a bad habit all of us do, but since she's so quiet in a house like ours, she often goes unnoticed at that point, I forgot about why we were fighting and wanted to make it up to her, but, I just couldn't.

Dr. Lopez: And what was the reason for your fight starting?"

Lynn paused for a moment.

Lynn: After having repainted the room back to it's normal color, I found out she spray painted over some of my clothes and gear and she said I should get over it, and she's right, I should have, but that didn't mean she was allowed to paint our room black. It took forever to wash all of that paint off my stuff! I didn't want to give her that satisfaction of making it seem like I was being a big baby about it.

Dr. Lopez: So how did you two manage to reconcile?

Lynn: My brother helped us make up, he was right about everything that happened then: me and Lucy missed each other but were too stubborn to admit it. I didn't think Lucy had much pride going for her, but I guess we aren't that different you know?

Dr. Lopez: I find it to be an interesting dynamic between you two. You seem to be energetic and joyful while Lucy seems to be more reserved and depressed, and yet you two still manage to make up even if it required an outside source. The love you both have for each other is probably still strong to this day.

Lynn looked to the side.

Lynn: I guess so.

Dr. Lopez: Now, moving on, what do you think of your brother?"

Lynn gave a deep frown. There were a lot of things she could say to describe Lincoln, most of them being synonymous of each other: a nerd, wimpy, couch potato, lazy, comic geek, afraid to take a hit, doesn't exercise… afraid of his own sisters, living in a nightmare, a victim of circumstance, taken advantage of… those were the last parts Lynn thought about when picturing her brother the last time she saw him. She felt her eyes beginning to water as she reimagined Lincoln begging for mercy after seeing all of his sisters in the same room as him.

Lynn: (Crying) Ever since we were babies, I've always played with Lincoln. We both used to play fight with each other, pass the ball around, play on the see-saw and swings at the park, we even shared a room until the twins were born and I got stuck with Lucy when I started getting into sports, I thought Lincoln might join in as well since he was a boy. I thought all boys wanted to do was get into something sporty, but Lincoln wasn't that kind of guy. As we got older, we started to hang less and less until the point we hardly hang out with each other. He's into comics and I'm into sports. I missed the times we used to play around, so I would ask him… sometimes force him to help me practice for something, even if I didn't need to… it was my way of trying to bring back those times we were close, but he'd just get annoyed and would want to go back to reading Ace Savvy. I even tried rough-housing him just to see if he'd fight back and remember the times we used to do that all that did is irritate him, but I really wanted him to try to fight back for another reason!

Dr. Lopez: Which is?"

Lynn: I've seen people similar to Lincoln around school a lot, and they are ALWAYS the main targets for bullies. I want to see if he has any fight in him. If he does, then it shouldn't be hard teaching him how to defend himself. I've chased off bullies for him before. but there was one who actually had a different motive than just tormenting him.

Lynn went over the times with Ronnie Anne.

Dr. Lopez: I see.

Lynn also went over her times with me and all of us on Team Loud Phoenix Storm and all the dies she argued with some of us and more.

Dr. Lopez: But you have it under control now right?"

Lynn nodded.

Dr. Lopez: Now, recall what you said earlier about you being a bully. You told me that you've fought off other bullies to protect your brother and sisters. Now, before you told me the story of how you met Ronnie Anne, you were not only playing with him to not only relive past memories, but also get him to fight back, correct?

Lynn: Yes, but I don't think it's ever worked.

Dr. Lopez: Possibly, but you are on the right step to teaching your brother how to stand up for himself. Bullies will often strike at any opportunity. While your actions have mirrored that to a tee, you never meant any ill-will towards Lincoln. All of the times you've caught him by surprise, does it seem like he's gotten better at expecting when you will wrestle him or toss an object at him?

Lynn lied there in thought as she searched her mind for an answer.

Lynn: I-I guess? He's gotten better at dodging, but not so much as using force like I would want him to.

Dr. Lopez: It's still a step in the right direction. While it is important to teach younger siblings how to defend themselves, it's not a good idea to enforce the idea upon them at a moments notice, nor force them to participate if they are not in the mood. What you could do is ask Lincoln if he wants to know how to defend himself. While I'm certain there may come a time when he will have to fight his own battles, it's also important to take things slow, especially if no one is in any real immediate danger. On that note, you aren't a bully

Lynn… like your sisters, you just let yourself get caught up in a wave of anger. You still love your brother and want what's best for him, but you need to help him on his pace, not yours. It's much like trying to drive a tractor trailer and you just learned to drive a car. In the mean time, you could also help your sister Luan. I've noticed you seemed rather vexed if I'm assuming she told you about her bullying problem.

Lynn nodded, absorbing the doctor's advice. She wasn't one to take things slow, but for Lincoln's sake… she'd do whatever it takes to better her relationship with her brother. He's done a lot to help her in the past, even if it was for his own benefit. She did get a good laugh at the time when she bunked with him and he dressed as an emo to try to get her to leave. All it did was remind her of Lucy. During the whole football fiasco, she enjoyed playing the sport for him as well. Given his laziness, she knew Lincoln wouldn't last a minute out there. Lynn felt bad about that situation for weeks, especially since she got too cocky and had her ankle sprained. As a result, while Lincoln was taking responsibility for his actions, he still didn't know much about football and ended up scoring for the wrong team. And he got jumped by the Roosters afterwards. To ensure Lincoln wasn't harassed at school about it, she gave the Roosters a stern warning to leave the boy alone unless they felt wanted her attention. While it still irritated her that she couldn't quite fix Luan's past bullying problem, it did make sense to help her solve any future bully problems.

---

All the Loud Siblings had their turns. Lincoln and Linka revealed everything they had to endure on their adventures with their brothers and sisters and all that. Dr. Lopez said that it was really responsible of him and her and more. Liberty, Lee and Lyra revealed how they were kidnapped and how I found them and all of the things that happened with them. Lucy revealed about why she became a goth and how she became that. Laney revealed that she was voice of reason and how she does her best to help out her friends and family and all that. Lana & Lola revealed how they became who they are. Lana revealed that she was a tomboy because she loves all the mud and she loves and animals and all that. She also revealed how she wrestles alligators and more. Lola revealed how she became a pageant queen and all that. She also revealed how she became a spoiled brat and all that. Lisa revealed a brand new revelation. We found out that she had autism and she had a really high IQ and decided to cut herself off from all emotions because she thought that they cause problems when in actuality it's just the opposite. Without emotions, no one can understand what you feel. Lily explained that she has no problems at all and expresses herself through photography and artwork. She is really good at it. Also we told her that Lynn, Lori and Lola have been clashing with other heroes because of things that have been happening recently. Dr. Lopez told them that it was stress from all the things that have been happening.

J.D.

Finally it was my turn.

Dr. Lopez: So J.D. how have things been with you?

Me: Well things have been very hectic these last couple of weeks.

Dr. Lopez: Can you tell me what was happening?

Me: Well the trouble starting when we had to go into battle against Hawk Moth. When we got word about what he was doing over in Paris when we were fighting the Invisible Man of Gotham, we thought we had to go kill him. But as we dove deeper into his background we found out that Hawk Moth was a troubled man that just wanted to bring his wife back. It took every ounce of our will power to not try to kill him. It was one of our most strenuous adventures as we call it.

Dr. Lopez: That must've taken an amazing amount of willpower.

Me: It did.

Dr. Lopez: What is your relationship with the Loud Siblings?

Me: We're very close. We've been very close ever since I moved here in 2016 after winning a huge $75,000,000,000.00 jackpot in the Lottery.

Dr. Lopez: Wow. I've heard about that. That was all over the news.

Me: Yeah. Biggest ever. But I didn't let the amount of money I have go to my head like some of my enemies did. But my relationship with the Loud's has been a very close, strong and powerful bond. We've been very close and we have loved each other like brothers and sisters since then.

Dr. Lopez: Very powerful bond.

Me: It is.

I went over what happened during the entirety of our adventures and there were many adventures that were very good and some were charitable and some were amazing and some were awesome. We've done it all over the course of 4 years.

Dr. Lopez: Wow. I'm really impressed and Clyde told me so much about what you have done. But I think I know what is going on with you. The stress of your adventures with Hawk Moth, the Kisenian Blossom, the Battle with Thanos, and even battles in the future and what you went through these past 4 years have been taxing.

Me: I guess so. I've been really busy these 4 years doing all kinds of things.

I then realized that I was better!

Me: Hey. I'm better. I feel great.

Dr. Lopez: I'm glad.

We got done with our therapy and we went back.

* * *

Back at the estate, we arrived back home.

Nico: (nervously) Oh, hey. You guys are home. And probably pissed off.

William: It's been nice knowing you, dude. (leaves the room)

Me: No Nico we aren't mad. You were right. We needed therapy and it was really thoughtful of you to look out for us.

Laney: Yeah. You helped my family and J.D.

Nico: I'm glad. But I was just helping you.

Lincoln: Nico-

Nico: Yeah, I know, I know, I went behind your back to schedule that therapy session. But you know what? You guys were asking for it. (to me) You were doubting yourself a week ago. (to Lynn, Lori, and Lola) And lately, you three have been clashing with some of our fellow heroes. That therapy session was to get rid of those problems and any other psychological issues that you guys might have had.

Laney: You don't-

Nico: So, yeah, I did go behind your back to schedule this therapy session, but you know what? When, it comes down to your well being, I'd do it again. What do you guys say to that?

Me: I agree with you man. But you have to know that it was all because of everything that was happening to us over the course of the last 4 years.

Nicole: Yeah and we've been there for each other ever since.

Me: So you were right. We needed therapy and it worked.

I went over everything that we found out.

Nico: Whoa man! I didn't know that Lisa had autism. But she doesn't even look like she has it.

Me: And we found out that Leni has A.D.D.

Nico: Attention Deficit Disorder?

Me: Yeah. But we also found out that she has been taking medicine for it.

Nico: Wow.

Bart: She has the same thing like me. I had to take medicine for it as well.

Me: Really?

Laney: Wow.

Homer: (Offscreen) YOU SHUT UP OLD MAN!

Me: Sounds like Homer is fighting with the portrait of his dad.

Bart: Yep. He was fighting with gramps while you were gone.

In Homer's room, Homer was fighting the portrait of his dad Abraham Simpson.

Abraham: YOU ARE THE WORST SON I'VE EVER HAD!

Homer: AND YOU ARE THE BIGGEST FUCKING SCREW UP IN THE ENTIRE 20TH CENTURY!

Abraham: WHY YOU LITTLE!?

But Abraham couldn't reach out of the portrait because he was forever bound to it.

Homer: YOU NEVER SAID ANYTHING NICE TO ME DAD! THAT MAKES YOU THE WORST FATHER IN THE WORLD AND IN THE UNIVERSE!

Abraham: YOUR MOTHER LOVED YOU MORE THAN ANYONE! I HATED YOUR MOTHER BECAUSE SHE WAS BETTER THAN ME! YOU ARE THE BIGGEST MISTAKE EVER!

WHOA! CRUEL!

Homer: IF MOM WERE STILL AROUND, SHE WOULD HATE YOU MORE FOR SAYING THAT! YOU'RE JUST A HEARTLESS AND MEAN SON OF A BITCH!

Abraham: YOU…

He had nothing to say and Homer left his room.

[In Bikini Bottom, an eerie fog appears, and mysterious singing occurs overnight.]

Lily was walking down the street of Bikini Bottom to SpongeBob's house. In SpongeBob's house, he woke up.

SpongeBob: Hey, where's my alarm clock?

Gary: Meow.

SpongeBob: [gasps] Your shell is gone, too?

Gary: Meow.

SpongeBob: I think we've been robbed!

Gary: Meow!

[Cuts to Patrick's rock]

Patrick: [screams] My cuff links! They're missing! Oh, why? Why?! [sobbing]

SpongeBob: I hope this doesn't mean that we're missing the one thing that's nearest and dearest to our heart.

Gary: Meow.

SpongeBob: The Krusty Krab!

Lily rang his doorbell and SpongeBob went to get it. He saw Lily.

SpongeBob: Oh good morning Lily.

Lily: Good morning Mr. SquarePants.

They went to the Krusty Krab

SpongeBob: Reporting to duty, Mr. Krabs! Mr. Krabs? Mr. Krabs?

Mr. Krabs? Mr. Krabs? Mr. Krabs?

Lily: That's weird. I wonder where he went.

They then saw Pearl working behind the grill.

SpongeBob: Pearl? what are you doing here?

Pearl: Oh, nothing, SpongeBob. Just trying to juggle schoolwork, having a social life, and running a family business, that's all.

Lily: That's stressful.

SpongeBob: Where's your dad?

Pearl: I don't know. When I went to get my allowance this morning, he was gone.

SpongeBob: Mr. Krabs is missing?

Lily: Boy that's weird.

SpongeBob: I'm missing my alarm clock and Gary's shell.

Patrick: Has anyone seen my cuff links?!

Charles: [laughing] So, you lost your cuff links, eh? They're probably in the Bikini Bottom Triangle.

SpongeBob: Bikini Bottom Triangle?

Gali: What's the Bikini Bottom Triangle?

Bai Tza: Oh man! I've heard about that place.

Bai Tza went over the legend.

---

The mermaids are the first people to settle here. The island contains many items taken by the mermaids via singing to activate a giant vacuum, which opens a rift in the sky while doing so. When they sing their song backwards, the items are returned to their owner.

The place from a far looks like a dump.

Role in episode

The Bikini Bottom Triangle serves as a major plot point of the episode.

One night in Bikini Bottom, a mysterious fog appears and the voices of mermaids are heard singing. That morning, SpongeBob realizes his alarm clock, Gary's shell, Squidward's clarinet, Patrick's cuff links, and Mr. Krabs are missing. While investigating, SpongeBob, Squidward, and Patrick are sucked into the triangle. They find Mr. Krabs, who tells them that he loves all the piles of "resellable stuff." He realizes that Pearl is left alone at the Krusty Krab with all his money, but she gets transported to the triangle too.

Pearl and Squidward relax, Mr. Krabs looks for change, and SpongeBob and Patrick look for the mermaids. The mermaid quintet only knows how to "surround themselves with cool new stuff" whenever they feel like. They call SpongeBob's dilemma "TNOP" (totally not our problem). SpongeBob then quickly says upon return, "Unfortunately, I was unable to get the information from the aauugh," and being noticeably tired, he simply collapses. Mr. Krabs realizes SpongeBob desperately needs a Krabby Patty. He finds one close by and feeds it to SpongeBob. He then wonders who makes that Krabby Patty. Suspecting that Plankton might have stolen the formula, Mr. Krabs intends on getting back to the Krusty Krab as soon as possible.

The whole group goes to the mermaids, Pearl wants to go to the mall, and the mermaids want to go too. SpongeBob has an idea and hypothesizes that if the mermaids sing their song backwards, it will also reverse the effects of the vacuum, and so the mermaids begin to sing backwards. They get sucked back to Bikini Bottom.

---

Charles: That's right. First, an eerie fog rolls in, [makes noises with tongue] then, you can hear the hypnotic song of the mermaids. [makes the noise again] And then, poof, your cuff links are gone. Never to return… [he leaves and laughs]

Mindy (SpongeBob): That is really strange.

SpongeBob: The triangle must've taken Mr. Krabs! We gotta find him!

Maria: We should make sure Mr. Krabs is all right.

Nokama: Usually Mr. Krabs takes out the trash this time of day.

SpongeBob: Good idea.

[Behind the Krusty Krab]

SpongeBob: Mr. Krabs, are you out here?

Lily: I don't see him.

Squidward then came and he was laughing.

Squidward: (laughs at Lily and Luna) Heard you had to go to therapy. Guess there was something messed up about you after all!

Lily: Shut up stupid Squidward.

Luna: You want to say that again you 8 armed freak!?

[An eerie fog appears and the mermaids begin singing]

Squidward: Oh, no, is that a mermaid song?

SpongeBob: No, just a thick eerie fog.

Bai-Tza: No that's a mermaid song all right!

[A spotlight appears on them.]

Squidward: Uh-oh!

[SpongeBob and Squidward and the Neptune Crusaders scream and get pulled into the Bikini Bottom Triangle]

SpongeBob: Squidward.

[Squidward shows up in a gumball machine]

He put a quarter in and poured the gumballs out.

SpongeBob: Come on, Squidward, quit messing around. We've gotta find Mr. Kra- [sees gumballs] Hey, gumballs! [He chews one and blows a bubble].

Lily: Ooh don't mind if I do.

She chews one.

Something opened up and they were dumped out.

Squidward: Oh! This is the Bikini Bottom Triangle? Looks more like a dump.

The camera zoomed in and it showed that they were on an island completely flooded with piles of stuff!

Lily: Whoa! Look at this island!

Girl Jordan: It's completely covered in all this stuff!

Luna: I've never seen so much of it dudes.

Varie: Me neither. This is hoarding on a grand scale.

Lana: Wonder why these mermaids want all this stuff.

Rikki: No idea but this is too much.

SpongeBob: Come on, we've gotta find Mr. Krabs. The Krusty Krab needs him. Mr. Krabs? [Squidward trips and bumps into SpongeBob] Squidward, this is no time for seahorseplay!

Squidward: Oh, my neck.

SpongeBob: Mr. Krabs! [very drawn out] Mr. Krabs!

Squidward: Would you shut it already?!

Nokama punched him in the face!

SpongeBob: Oh, Squidward, Mr. Krabs is gone. Oh, it hurts so bad! I can't take it much longer! I hope he's not in any pain… wherever he is.

Squidward: I think he's doing just fine.

Girl Jordan: There he is!

Irma: Thank goodness.

[Shows Mr. Krabs getting a massage]

SpongeBob: Mr. Krabs! You've gotta get up! We gotta get out of here!

Mr. Krabs: Ohh, okay, Tibor, I think I'm good.

Tibor: (Russian Accent) Remember to drink plenty of fluids.

Lily: Are you okay Mr. Krabs?

Mr. Krab: Yeah thank you lass. But how did you guys get here?

Gali: We were about to ask you the same question.

Mr. Krabs: And why is Squidward with you?

Lily: He got sucked up with us.

Mr. Krabs: Oh. Look, guys, you see all this stuff, including you all and me, are brought here when the mermaids sing their beautiful song. The mermaids' song triggers this here contrapteron, to suck the sky like a vacuum, dumpin' all the contents here on this island. That is how we ended up surrounded by all this stuff.

Lily: Wow. That's amazing.

Irma: I never knew that this happens.

Mr. Krabs: [Mermaids begin singing, again] Ooh. Uh oh.

Lily: Run!

[They all ran and screamed as they are chased by a pile of items]

Mr. Krabs: Pretty neat though, eh, guys? [Mr. Krabs pulls out Patrick]

SpongeBob: Patrick!

Patrick: Have you found my cuff links?

SpongeBob: No.

Lily: Haven't looked yet.

SpongeBob: [Patrick begins eating a Krabby Patty] Patrick, is that a Krabby Patty?

Patrick: Yep. Pearl doesn't make them as good as Lily does, though.

Mr. Krabs: Pearl? [begins crying] Oh, me sweet little girl, all alone, with me cash register!

Pearl: [off-screen] Daddy!

Mr. Krabs: Pearl!

Pearl: Get me out of this trash heap! [Removes her leg before falling to the ground]

Mr. Krabs: [hugs Pearl] Oh, me little angel. Thanks, mysterious singing mermaids!

Pearl: Enough with the hugging!

Lily: Pearl calm down!

SpongeBob: That's it, Mr. Krabs! I'll just find the mysterious singing mermaids and ask them how to get out of here!

Lily: Good idea Mr. SquarePants. I'll go talk to the mermaids. (Squidward approaches her) What do you want now, Squidward?

Squidward: (pats Lily on the back while secretly placing an explosive on her) Only to wish you luck, Mighty Lily.

Lily: I don't believe in luck. (goes on straight ahead)

Squidward (smirks evilly): Neither do I.

Lily began walking and once at a safe distance away from us, Squidward just pressed a detonator to the explosive that he placed on Lily.

KRABBBOOOOOOOOMMMM!

An explosion just occurred with Lily's scream of pain being heard.

Squidward: (cheers) Yes! She's dead! Finally! (throws detonator away and composes himself) Now, then. Solemn face. Solemn face. (catches up to us)

Lily got up and she had a huge hole on her shirt and a burn mark on her back with smoke coming out.

Lily: OW! That really hurt.

Gali: Lily are you all right?

Lily: I'll make it. But Stupid Squidward put a bomb on my back.

Lana: We saw that sis.

Squidward finally caught up to us.

Squidward: (faking ignorance) Oh no! What just happened to Lily?

Sandy: You think we're stupid? We know you just tried to kill Lily!

Horsea: Be glad we're still sending you to the Insane Asylum in Bikini Bottom and not somewhere worse!

Squidward: Do I look like I have any weapons on me?

Gali punched Squidward in the stomach.

Luna grabbed him and shook him and he had a massive collection of guns, swords, knives and explosives on him.

Lana: Boy Squidward was gonna go into war!

Nokama: I found the detonator.

Gali: Good job Nokama.

Lily: Lets find the mermaids and ask them.

They got going.

Aqua: (Telepathically to Sora) Do you have any plans with Kairi, Sora?

Sora: (Telepathically to Aqua) Well, after we watch Total Drama Galaxy with J.D. and everyone, I'm thinking about proposing to Kairi.

Aqua: Oh wow! I'm so happy for you bro!

Sora: Thanks sis. Kairi and I have been really close since my journey began and I want it to last forever with her being my wife.

Aqua: That is so sweet. I think you and Kairi are perfect for each other. I've noticed that ever since we met you. It's a trait I have.

Sora: Wow. That's so cool. But I don't know where to get a good ring for her.

Aqua: I know a good jewelry store in Twilight Town that is perfect for getting one.

Sora: Awesome.

They climbed a hill of stuff and they saw the mermaids.

Mermaid #1: I love this mirror, girls, but it is sooo ten minutes ago.

Mermaid #2: Like, I couldn't agree with you more.

Mermaid #3: Yeah, like, all this stuff is old news.

Mermaid #4: Shall we ladies?

All mermaids: [clear throats. begin singing]

Lily: Uh hello there.

Mermaid #4: Umm, can I help you?

Mermaid #2: Whoa! Are you okay? There's smoke coming out of your back.

Lily: I'm fine. My name is Lily Loud. We are Team Loud Phoenix Storm's Neptune Crusaders.

SpongeBob: Yes, mermaid ladies, you actually can help us.

Nokama: We seem to be stuck here.

SpongeBob: Yeah, we'd like to know how to get out of here, please.

Mermaid #4: Like, this is the Bikini Bottom Triangle. Nothing ever leaves. Duh.

Mermaid #3: We've heard about you. You saved the world from the evils of Plankton.

Lily: That's right.

SpongeBob: Uhh, are you sure?

Mermaid #4: Look, little freakazoid, we only know one thing, and that's how to surround ourself with cool new stuff whenever we feel like it, anything beyond that is T.N.O.P.

SpongeBob: T-nop?

Mermaid #4: Uh, yeah. You know, Totally Not Our Problem.

SpongeBob: Oh, T.N.O.P! Okay, well, thanks anyway.

Lily: There has to be something you can do that will send us back to Bikini Bottom. (In pain) OW!

Mermaid #5: You need to get that looked at little one.

Lily: I'll make it. Stupid Squidward placed a bomb on me and tried to kill me. But I've been through worse.

Varie: We'll get the others.

Lily: Okay. I'll try to talk to the Mermaids to see if I can work something out.

Lana: Okay.

[Cuts to Mr. Krabs using a metal detector]

Mr. Krabs: Come on, come on, I know you're in there! [finds a quarter] Ah-ha! Playing hard to get, weren't you, little one?

Quarter: Little one? How dare you, sir!

SpongeBob: Sir, I'm back. Unfortunately, I was unable to get the information from the- [passes out]

Varie: SpongeBob!

Mr. Krabs: SpongeBob? SpongeBob, boy-o! SpongeBob, can you hear me?

Pearl: Should we help?

Squidward: He looks fine to me.

POW!

Girl Jordan punched Squidward in the face.

Mr. Krabs: What's the matter, boy-o? [gasps] Your Krabby Patty meter's on empty! We've got to get a Krabby Patty into you quick or- [the mermaids sing again] Please great vacuum cleaner, please just give us just one- [notices a Krabby Patty at the top of the pile. gasps]… Krabby Patty. [puts the patty into SpongeBob's mouth]

SpongeBob: Oh, yeah! Wow, sir, that was the single best Krabby Patty I've ever eaten.

Mr. Krabs: Why, thank you, boy-o. I'm glad you- Wait a minute, I didn't make that Krabby Patty, and you or Lily didn't make that Krabby Patty, and those two couldn't have made it, so it must have been that rotten pipsqueak Plankton! I've gotta stop that poor excuse for a life form from- So, how do we get out of here?

Varie: Plankton isn't with us. He was banished into space forever.

Mr. Krab: Oh right. So how do we get out of here?

SpongeBob: Well, sir, based on what the mermaids told me, there er… there is no way out.

Mr. Krabs: Oh, really? Well, I think you don't know who to talk to the ladies.

SpongeBob: Oh, sir, I-

Mr. Krabs: Look, boy, I've got a way with the ladies, and I guarantee the old Krabs charm will have 'em telling us exactly how to get out of this place. [cuts to the Mermaids] So there's really no way out of this place? 'Cause I really need to get back to the Krusty Krab to stop my arch-nemesis from ruining me business.

Mermaid #4: T.N.O.P, Grandpa.

Mr. Krabs: T-nop?

SpongeBob: [to Mr. Krabs] Totally Not Our Problem.

Mermaid #4: By the way, you need to get Lily's back looked at. It's really burned.

Varie: I left my first aid kit back at the Krusty Krab.

Pearl: Daddy! Daddy!

Mr. Krabs: Don't worry, Pearl, daddy's okay. [Mr. Krabs tosses Patrick off]

Pearl: Can I go to the mall now?

Mr. Krabs: The mall? But, Pearl-

Pearl: I wanna go to the mall! [starts crying while the mermaids are confused by this.]

Lily: Calm down Pearl. We'll think of something.

Mermaid #4: Like, what's a mall?

Pearl: Wait what? You seriously don't know what a mall is?

Mermaid #4: I am seriously serious.

Pearl: Well, the mall is, like, only the most awesome place to get all the best, super-coolest, glittershly fabulous new stuff you want!

Varie: The mall is a great place. Loaded with many stores and so much to do and all that.

Mermaid #4: Really?

Mermaid #3: No way!

Mermaids #1, #2, and #5: We want to go to the mall!

Mr. Krabs: Oh, do you?

All Mermaids: Uh-huh!

Lily: I think I see where this is going.

Mr. Krabs: Now, how do you propose we do that, huh? Wait, I know we just hit the magic reverse button on the giant vacuum cleaner.

SpongeBob: That's it, sir! It's the mermaids!

Mr. Krabs: It sure is- what?

SpongeBob: The reverse switch is the mermaids! They just need to sing their song backwards.

Lily: Just what I was thinking Mr. SquarePants!

Mermaid #4: Yeah! Backwards!

[All Mermaids clear throats and sing backwards]

Mr. Krabs: "Yeah, backwards." What a stupid idea that-

[everbody yells in surprise. The ground starts shaking and the vacuum cleaner sucks in everything on the island and transports them back to Bikini Bottom]

Pearl: You ready for the mall, girls?

All Mermaids: Yeah! Mall! Mall! Mall! Mall!

Varie: It worked!

Lily: Have fun girls.

Pearl: We will Lily.

Mermaid #2: Get better soon Lily.

Lily: I will.

Squidward: Hello, miserable life, I'm back.

The paddy wagon pulled up.

Guard 1: Come on Stupid Squidward. Time for you to go back to the nuthouse.

Nokama and Lily punched him in the face and sent him crashing into the Paddy Wagon.

[Some Bikini Bottomites come to the pile]

Old Fish: And so are my dentures!

Gray fish: Tibor! You're alive!

SpongeBob: Isn't that great, Mr. Krabs? Everyone is reclaiming their stuff.

[Mr. Krabs walks away]

SpongeBob: Mr. Krabs?

Mr. Krabs: Speaking of reclaiming… alright Plankton, I know what you're up to, but the jigs up you little conniving pipsqueak! Huh?

[Charles from the beginning is cooking at the grill.]

Charles: Actually, the name's Charles. Figured I'd hold down the fort for ya while you were gone.

Mr. Krabs: So, you've been the one making me Krabby Patties?

Charles: Yep. All me. Oh, and by the way, you've got a little vermin problem.

But it wasn't Plankton, it was his cousin Clem.

Clem: [in glass jar] Hyuck!

Charles: He's a silly one.

Lily: Oh that's his cousin Clem. He's not a threat. But thank you for taking over for me.

Charles: No problem Lily.

Varie: I'll take you to get looked at.

Varie took Lily over to a table and was checking her out.

Varie: Geez that is a bad burn.

Irma: Stupid Squidward did a number on you.

Cleo: No kidding.

Maria: Yikes.

Patrick: Hey! I found my cuff links! [puts them in and is shown in a suit] That's better. Good day, gentlemen.

Lily: Looking sharp Patrick!

Patrick: Thank you Lily.

[Patrick gets into a limo and drives away]

Patrick: Home, Reginald.

SpongeBob: Patrick! You dropped your cummerbund!

---

Later back at the estate, Lily was telling us what happened.

Me: Geez Lily! I can't believe that stupid Squidward tried to kill you!

Nico: This is a whole new low for him.

Laney: No kidding.

Lily: I know. But it was cool that we got to see the mystery of the Bikini Bottom Triangle and we got to see what it was about.

Varie: It sure was.

Lori: But it was literally cool that you saw all that.

Varie: And the best part is that Pearl has new friends.

Lana: She sure does.

We got back to our daily lives, fully renewed and ready for more adventures.

Another Awesome SpongeBob episode done.

Welcome To The Bikini Bottom Triangle was an awesome 2011 episode and it was awesome how Ginnifer Goodwin guest starred in that episode from Season 7. Awesome! NicoChan11 gave me the ideas for this and I based the therapy parts on ThatEngineers Loud House Fanfiction Syngenesophobia. Awesome story he is making so far! Thanks guys and thank you for the inspiration. Let me know what you all think. Next up is a chapter for the 2005 movie Robots! Really funny movie and really awesome!

See you all tomorrow.

# A Whole City Full of Robots

It starts with Nico, May and Stewie taking Carly out on a walk. She was in her husky form and she was a beautiful husky. They were walking through the park.

Stewie: Hope you don't mind us walking you around the park, Carly?

Carly: Not at all. It's such a beautiful day.

Odd came up to them and with him was his dog Kiwi.

Odd: Hey guys.

Nico: Hey Odd. What's shaking?

Odd Della Robbia: I also brought my dog Kiwi with us on this walk.

May: Aww he's so cute.

But then they got some startling them. They just saw the dogcatcher carry Carly in her dog form in his net.

G1 Thrust: Aw, crap. Dave's gonna kill us!

Nico: Hey!

They caught up to the dogcatcher and went into his van and grabbed Carly. Carly just reverted back to human. But there were two problems. One, she was naked. And two, she was cramped in a cage.

Strafe: You ok, Carly?

Carly: Yeah I'll make it. But I need some clothes.

Carly found some keys and unlocked the cage and got out. But she was naked and Nico and Odd and Stewie covered their eyes.

May: Luckily I came prepared.

May pulled out a robe and gave it to Carly and she put it on.

Nico: That's better.

Nico then went and scolded the Dogcatcher.

They went back to the estate later on.

---

Later at the hospital, I was going there to give flowers to Maria Santiago. It was her birthday today and I figured they would be the perfect gift for her. I went up to the nurse receptionist.

Nurse Receptionist: Morning J.D.

Me: Morning. Is Maria here?

Nurse Receptionist: She is. Last room down the hall to the left.

Me: Thank you.

I went down the hall and went to the room given to me and everyone was there celebrating her birthday.

Maria Santiago: Hello J.D.

Me: Happy Birthday Maria.

Maria Santiago: Thank you so much J.D. I hardly have any time to celebrate my birthday because I'm so busy.

Me: Boy I don't blame you. But I just thought I would come by to celebrate.

But then I heard a loud scream coming from another room.

Me: Uh oh.

I went over to check it out and I heard a young girl at about 14 years old arguing with her parents. To my surprise it was my friend from high school Kidah. She is also one of Lori's best friends. She was a red hair girl with blue eyes and she had a tattoo on her right hand that looked like a flaming heart with a cobra around it.

Me: Kidah?

Kidah's dad: YOU ARE A FUCKING DISGRACE! YOU'VE BROUGHT SHAME UNTO OUR FAMILY!

Me: Hey! What's going on here!?

Kidah: J.D. Thank goodness.

Kidah's Dad: Oh J.D. Thank goodness you're here. I want you to kill this bitch for ruining my family!

Me: What!? Why the hell would I do that? Kidah hasn't done anything wrong. She's just a kid at about my age.

Kidah's Dad: This monster is pregnant at age 14! She has disgraced our family!

Me: So? What's so bad about that? Lots of kids are unexpected parents and I think they are perfect for it.

Kidah's Mom: This monster is not welcome in our family!

Me: Do you even hear yourselves!? You are persecuting your own daughter for something she had no control in! This is something that was unexpected!

Kidah's Dad: I don't care! I want you to kill this bitch! She doesn't deserve to live or ever have any children!

Me: No! I'm not going to kill her! That's murder! I only kill those that deserve it like the Joker or Scarecrow, and she doesn't deserve it. The only ones that should die are you two for being bad parents!

Kidah's Dad: Oh that is it!

He then pulled out a gun and pointed it at Kidah and I fired a laser blast from my finger at his hand and blew it clear off. He was screaming in sheer pain. The police came and arrested Kidah's parents. They were booked on attempted 1st degree murder charges. These were gonna be honor killings and I stopped it.

Me: You two can go to Hell.

I went over to Kidah and sat on her bed and hugged and comforted her as she cried into my chest. She was devastated and I was comforting her. Her own parents tried to kill her in cold blood and she hadn't even done anything wrong. All she did was get pregnant and that was nothing wrong.

Me: It's all right Kidah. It's all right.

After the baby was born I saw her holding her newborn baby girl Olivea. She was so adorable.

Me: She is so adorable Kidah.

Kidah: She sure is J.D. I want to be the best parent ever for her.

Me: And you have it in you.

Kidah: But where will I go? I don't have anyone else to turn to.

Me: You still have your friends at the estate. You can live with us.

Kidah: Really?

Me: Sure. We go to school together. So why not have you live with us? You're one of our friends and we treat you like a sister.

Kidah then rested her head on my chest and cried happily and I comforted her.

Later Kidah was discharged from the hospital and because she was gonna be too tired to walk after giving birth, I formed a basket of vines and carried her and Olivea and they were enjoying the full view of the entire city from the sky.

Kidah: Wow! So beautiful!

Me: Flying is the only way to travel.

We landed at the estate and we went in.

Me: Just take it slow Kidah.

Kidah: Okay.

Kidah came in.

Kidah: Wow. Your house is awesome J.D.

Me: Thanks.

Lori: Kidah? Wow. This is literally a surprise. (Gasp) Oh who is this little one?

Kidah: This is my new daughter Olivea. She is so cute.

Lori: She is literally adorable.

Me: She is also in a very fragile state. Her parents disowned her and they wanted me to kill her.

Lori gasped.

Lori: Why would they want you to do that!?

Me: They called her a disgrace and they said that she brought shame to them. They were really upset that she was pregnant at the age of 14. They wanted me to kill her and I refused.

Nico: Those cretins. Good thing you backed out.

Me: Thanks man. But her dad pulled out a gun and was gonna do it himself. But I blew his hand off and the police arrested him and her mom.

Nico: They have failed at being parents.

Me: Yep they sure have.

Lori: Oh man. Kidah, I'm so sorry. You can live with us under our protection.

Kidah: Thanks Lori. You are a true friend.

Lori: You're welcome Kidah.

We took her to the Nursery to recuperate and she was gonna look after Olivea for a while. She was placed under Maternal Leave for a while. We gave her a great room and we gave her a great job at computer engineering. She was really good at software creation and she makes great computer games for kids that involve mystery and math and education. She has a good job that gives her $700,000,000 a month. Good pay.

---

Later we were watching one of my favorite movies: Robots. It was a really funny and awesome movie from 2005.

---

In a world populated by sentient robots, Rodney Copperbottom is an aspiring young inventor who idolizes Bigweld, a famous inventor, entrepreneur, and philanthropist whose company provides robots with spare parts. Following Bigweld's example to "see a need, fill a need", Rodney invents Wonderbot to assist his dishwasher father Herb. When Herb's supervisor confronts them, Wonderbot panics and wreaks havoc in the kitchen, leaving Herb in debt. To help Herb pay for the damages, Rodney decides to move to Robot City, hoping to present Wonderbot to Bigweld Industries in order to get a job there. Upon arrival at Robot City, Rodney is ejected from Bigweld Industries by his second-in-command Phineas T. Ratchet, who in Bigweld's absence has stopped producing spare parts in favor of expensive "Upgrades", thereby "outmoding" robots who are unable or unwilling to pay for them. Ratchet's mother, Madame Gasket, runs the Chop Shop, a facility that collects scrap and spare parts and melts them to create Upgrades.

Rodney meets ne'er-do-well Fender Pinwheeler; he is taken in by Fender and his fellow outmodes, known collectively as the "Rusties": Crank, Lugnut, Diesel, Fender's sister Piper, and their boarding mother Aunt Fanny. Word of Rodney's mechanical prowess spreads, and he is hailed as a local hero after he and the Rusties fix outmodes throughout the neighbourhood, although they are eventually unable to cope with the demand due to the spare part shortage. Hoping to enlist Bigweld's help, Rodney and Fender infiltrate the Bigweld Ball (where he is reputed to make an appearance), only for Ratchet to announce that Bigweld will not attend. Enraged, Rodney publicly berates Ratchet, who orders his security team to eliminate him. Cappy, a Bigweld Industries executive opposed to Ratchet's plans, rescues Rodney and Fender.

Fender is captured by a Sweeper and taken to the Chop Shop, where he discovers Gasket and Ratchet's plan to use a heavily-armed fleet of Super-Sweepers to destroy all outmodes throughout the city in order to make them into more upgrades, and escapes. Meanwhile, Rodney and Cappy fly to Bigweld's mansion, where Rodney confronts Bigweld, imploring him to return to Bigweld Industries. A disgruntled Bigweld reveals that Ratchet's greed and business sense won over his idealism in the management of Bigweld Industries, and orders Rodney and Cappy to leave. Crushed, Rodney calls his parents, intending to return to Rivet Town, but Herb convinces him to stay and fight for his dreams or he will spend the rest of his life regretting it just like Herb. As the Rusties arrive to bid Rodney farewell, Fender reveals Gasket and Ratchet's plot; Rodney rallies Cappy and the Rusties to stop them. They are soon joined by Bigweld, who has regained his resolve, having realized how much he and his ideals meant to Rodney.

The group returns to Bigweld Industries where Bigweld fires Ratchet, but Ratchet knocks him unconscious, planning on melting him down as well. Rodney, Cappy, and Wonderbot rescue Bigweld from Ratchet and escape with the Rusties in a security vehicle with Ratchet close behind. Rodney unclips Ratchet's vehicle to break free but their vehicle loses control in front of the Chop Shop and Bigweld is rolled inside. Undetermined to give up, Rodney upgrades the Rusties to rescue Bigweld.

Rodney, Cappy and the Rusties battle Gasket and her army of Super Sweepers alongside an army of outmodes that Rodney had repaired earlier. Gasket is destroyed when she falls into her own furnace, while Rodney and Bigweld immobilize the Super-Sweepers and defeat Ratchet. Taking control of Bigweld Industries once again, Bigweld promises to make spare parts available to everyone.

Later, Bigweld holds a public ceremony in Rivet Town, where he nominates Rodney as his new second-in-command and eventual successor. Rodney provides Herb with new replacement parts and a flugelhorn-like instrument to fulfill his dreams of being a musician. After a shaky start, Herb leads Rodney, Cappy, the Rusties, Bigweld and the townspeople in a rousing rendition of "Get Up Offa That Thing".

---

We were watching the movie and it was an awesome and really funny movie! We were laughing at some of the parts and it was funny. Also it was a great movie and we were dancing to Get Up Offa That Thing.

When it was done we cheered wildly!

Me: That movie is so funny!

Nico: One of my favorites! It always cracks me up every time.

Hunter: (German Accent) Ja! Good times. I remember all the funny times with this movie.

Laney: It is so funny though.

Lincoln: I always get a good laugh out of this movie.

Me: Me too.

Obi Wan: That Rodney fellow sounds a lot like me.

Me: He sure does Master Obi Wan. But that is so awesome that a city of robots can be like that.

Vince: But those robots Ratchet and Gasket were monsters of pure evil.

Me: They sure were.

Laney: I would not want robots like them running around. No offense to the transformers.

Dirge: None taken Laney.

Blackarachnia: That's a good point though.

Me: Lets head to Robot City and help get rid of Ratchet and Gasket.

Nico: But what does it say about them.

Me: Lets see.

I pulled up the information of Gasket and Ratchet.

---

Phineas T. Ratchet

Phineas Tony Ratchet (also simply known as Ratchet), or better known as Phineas T. Ratchet, is the central antagonist in Blue Sky's 2nd animated feature film Robots. He is trying to take over Bigweld Industries through lies and manipulation so that he can recycle all outmoded and discarded robots in town. He is Madame Gasket's son.

He was voiced by Greg Kinnear. In the videogame adaptation of the film, he was voiced by Jim Meskimen.

Ratchet hates Rodney bringing Bigweld back to life. His goal is to destroy Bigweld. He has a mother named Madame Gasket, who is the true mastermind behind Ratchet's plot to take over Robot City. He loves Cappy who wants her to be his wife but she is repulsed by him and his motives.

When Bigweld returns to Bigweld Industries, Ratchet was told to get out. In desperation, Ratchet whacks Bigweld in the head with the intercom, knocking him out. Then he ordered his guards to send Bigweld to the Chop Shop and to "put my name on his parking space". Then, during the battle, he activated the moving pails to dump Bigweld and sets his cars to destroy everything and then, his cars are knocked down. When Madame Gasket was pushed into the melter, Ratchet tries to escape on a cable but bumped into the roof and lost all of his upgraded parts. His father tries to comfort him with Bigweld's inspirational motto, but Ratchet cuts him off, growling "Oh, just STOP!".

Ratchet's ultimate fate remains debatable whether he is arrested for his crimes, or remains strapped to the ceiling with his father.

Madame Gasket

Madame Gasket is the main antagonist of Blue Sky's 2nd animated feature film Robots. She is Bigweld's arch-rival, Phineas T. Ratchet's mother, and the leader and boss in the Chop Shop.

She was voiced by Jim Broadbent, who also played Lord Kelvin in Around the World in 80 Days, Wackford Squeers in Nicholas Nickleby, Frank Butterman in Hot Fuzz and Lord Thomas Badgley in Dolittle. In the videogame adaptation of the film, she was voiced by Fred Tatasciore.

Madame Gasket is first seen running the Chop Shop: a massive factory where discarded metal and outmoded robots are collected, recycled, and recirculated. To increase her profits, she had her son Ratchet take control of Bigweld Industries, the world's sole provider of spare robot parts (for some odd reason) and have it instead distribute upgrades (which for another odd reason, seems to be more advantageous and profitable).

Through this, she intended to render the city's lower-class population outmoded and presumably resell the resulting scrap metal to upgrade manufacturers. As a mother, she is very fond of Ratchet. Otherwise, she can be somewhat mean-spirited and villainous to him. In the film's climax, in an epic battle with Bigweld, Rodney, and the others, she was about to order her robotic blacksmiths of Chop Shop workers and giant sweepers to attack the protagonists when Piper came to the rescue with all the outmodes Rodney had repaired prior. During the battle as Gasket's army is being defeated, she tries to finish Bigweld off, but he is rescued by Rodney. Gasket then battles Wonderbot but is overpowered and thrown into a slag pot and the melting furnace.

When the pot swings out of the furnace, Madame Gasket was burned and exploded in the furnace, much to Ratchet's horror. Ratchet then loses all of his upgrades and ends up chained next to his father.

---

Me: What a pair of monsters!

Nico: No kidding!

Hunter: Ja. I would not want them around.

Me: Lets get them.

We went to the simulator.

---

We got into the simulator and we were ready to take the fight to Robot City to destroy Madame Gasket and Ratchet.

Me: Here we go guys.

The Simulator activated and we found ourselves in Robot City. We saw that it was an amazing city full of robots, by robots, for robots. It looked like a massive city from the year 15,000. It was thousands of years far more advanced than anything we have ever seen.

---

Robot City is the central setting for the film Robots.

It is the city the protagonist Rodney travels to in the hopes of making it big as an inventor. The city is controlled by Bigweld Industries. This is also where Rodney first meets the characters Fender, Piper, Diesel, Crank, Aunt Fanny, Lug, Ratchet, Loretta, Cappy, Madame and Monsoir Gasket.

Common modes of transport in the city include traversing by foot / rollerblading, vehicles, flying trains, and the popular Cross-Town express.

The city's garbage collection and recycling service is run by the evil Chop Shop plant, who uses Sweeper robots to patrol the city collecting scrap metal off the floors and sweeping up outmoded robots to be melted down.

* * *

Me: Wow! So this is Robot City.

Nico: This is incredible!

Hunter: Ja. Und it's had to imagine it's this amazing.

Laney: This is so awesome!

Lisa: (FANGIRL SQUEAL!) I love this whole city!

Me: Looks like Lisa is enjoying herself.

We walked around and we were keeping our eyes peeled for Ratchet and Gasket.

We approached two robots talking to each other. But they got scared when they saw us.

Robot 1: Team Loud Phoenix Storm! We don't want any trouble.

Robot 2: Yeah! No trouble!

Me: Whoa whoa whoa. We're not here to hurt you.

Lori: (frowns) Are the robots here… literally afraid of us?

Me: Well I think we're the first humans here. I don't think they've ever seen humans here before.

Naruto: That could be the reason bro.

Kid Robot: Look, Mommy! It's Team Loud Phoenix Storm!

Mother Robot: No, sweetie! They might kill you with that Hakai move!

Maria: We would never do that!

Mother Robot: You're right. You'll probably seal my son into the Book of Vile Darkness or the River of Fire!

Lynn: (sadly) So this is what it feels like for people to be afraid of us.

Naruto: Welcome to my world Lynn.

Me: We would never do that to you! We only do that to those that deserve it.

?: Yeah!

We then saw Rodney Copperbottom and his friends. We saw Cappy, Crank Casey, Lugnut Aunt Fanny, Fender, Piper Pinwheeler and Bigweld.

Me: Wow! Rodney and everyone!

Rodney: It's such an honor to meet the famous Team Loud Phoenix Storm.

Nico: Same to you Rodney.

Rodney: Guys, don't let this get you down.

Fender: Yeah! This whole thing will be forgotten about in about a week.

Lola: (bitterly) You guys weren't there when those other robots were afraid of us. They thought we were going to kill them!

Crank: We know what's really happening around here.

Bigweld: It's Ratchet. He and Gasket are causing the people to fear you.

Me: Those fiends!

Rodney: But we won't let that happen to you guys.

Piper: We still believe in you guys!

Crank: Yeah! Even if everyone else is afraid of you guys forever, we'll have your back!

Me: Thanks Rodney. Thanks guys. We owe you one.

Rodney: Think nothing of it.

Piper: All right everyone come out now!

Everyone came out.

Lugnut: (to the Robot City citizens) Ok, this whole thing of you guys being afraid of Team Loud Phoenix Storm needs to stop!

Diesel: (in Darth Vader's voice) I find your lack of faith disturbing.

Anakin: Is that my Darth Vader voice?

Me: It sure was Master Anakin. But Lugnut is right! We are not here to destroy any of you. We are here to destroy Phineas Ratchet and his evil mother Gasket. It's obvious that she is spreading lies about us and what we did over the years to instill fear and terror. But we came here to make sure that Ratchet and Gasket pay for their crimes.

Bigweld: That's right! My friends, Ratchet as you all know was once my assistant and I fired him and sent him to the Chop Shop with his evil mother. And we thought that we killed Gasket as well. But it looks like she obviously came back to get revenge on all of us by making you all afraid of Team Loud Phoenix Storm. They are the greatest protectors in the entire universe and they have done more good than anyone else we know. They have done so much. Now it's time for us to help them by getting rid of Ratchet and Gasket forever!

Cappy: Yeah! Lets do it for them and for us!

Everyone cheered wildly!

Me: Thank you all so much.

Coop: I'll use Megas to blow open a hole in Gasket's wall so we can get inside.

Lana: That's probably going to be overkill.

Coop: And busting in there with a Phoenix Cry isn't?

Leni: He's got a point.

Me: Go for it Coop.

We got ready for war against Ratchet and Gasket.

---

Meanwhile at the Chop Shop, Gasket and Ratchet were laughing malevolently.

Phineas T Ratchet: Isn't this great, Mom? Everyone in Robot City is afraid of Team Loud Phoenix Storm! And we didn't even have to lift a finger.

Gasket: I'm glad for that, son. And now, we just need to focus on my master plan.

But then the wall exploded as Megas punched all the way through it with a massive punch.

Coop: See? Was that an entrance or what?

Lucy Loud: Next time, we'll stick to our Phoenix Cries.

We went in and we faced MADAME GASKET AND RATCHET!

Me: It's over Gasket and Ratchet! You two are headed to the scrap heap in oblivion!

William: You're gonna get it for making people afraid of us, Gasket!

Gasket: Oh, I didn't make Robot City afraid of you fools. You did that all by yourself.

Phineas T Ratchet: We didn't even have to tamper with the video footage that those idiots saw.

Me: But everyone saw through your lies when I told them. Now it's time to take you two down!

Gasket: Yeah right. You and what fucking army?

Me: Me and THIS fucking army! (Points behind me)

A massive army of enraged citizens of Robot City appeared behind me in the 10s of millions.

We had them really outnumbered.

Me: It's over for you.

?: Oh it's just beginning.

A Figure came out and it was the SUBTERRANEAN PLUTONIC GOPHER BOT from episode 4 of R.P.M.!

---

The Subterranean Plutonic Gopher Bot is a Venjix Attack Bot, created by his generals Shifter and Crunch. He possess no speech capabilities. He is scoop-themed. He serves as the main antagonist of the episode "Go for the Green".

This scoop themed Attack Bot was created by Shifter and Crunch by orders of Venjix. His main ability was to dig very fast under the ground. He also could throw large piles of ground on his enemies and he possessed scoops on his arms as weapons. Shifter and Crunch sent him to dig under the ground to Corinth, under the Defence Shields of the city and then attack. He was sucessful. He managed to enter the city. However, once Dillon and Ziggy learned about him, they attacked the exact spot of the ground and forced him out.

The Gopher Bot attacked the two Power Rangers, but the other rangers quickly arrived to help their friends. They gave some hits to the villain, but before they could destroy him, he buried Scott, Summer and Flynn and escaped.

Dillon and Ziggy went after him and caught up to him in the city. They fought him with their weapons, and managed to take him down with their Turbo Plasma Launcher.

Venjix brought the Gopher Bot back online and made him grow huge. Rangers Scott, Flynn and Summer arrived, called for their Zords and formed the High Octane Megazord. The two battled it out, with the Megazord having the advantage. The Rangers were able to destroy the bot with the Supper sabres slash.

---

Scott Truman: GOPHER BOT!

Subterranean Plutonic Gopher Bot: Long time no see rangers. Lord Venjix is really enraged with you.

Me: I remember this guy! He has a very clever strategy for getting to his enemies.

Subterranean Plutonic Gopher Bot: After you're all dead, this place will be the home of Venjix's new robot factory!

Ziggy: You know that the new robot factory in question is gonna belong to your Masters of Evil buddies as well, right?

?: He's not the only one.

Me: I haven't heard that voice in 150,000 years. Its been a long time Hanzo of The Salamander.

Out of the shadows came HANZO OF THE SALAMANDER!

---

Hanzō (in Japanese: 半蔵, Hanzō) is an antagonist in the Naruto series, serving as the main antagonist of Nagato's backstory. He was the leader of the Hidden Rain Village before he was overthrown and murdered by Pain. He was later reanimated by Kabuto Yakushi during the Fourth Great Ninja War.

He was voiced by Ikuya Sawaki in the Japanese version, and Richard Epcar in the English dubbed version.

As a child, Hanzō was implanted with the poison sac of a black salamander that died in his village. The surgery intended to create a ninja able to poison others and immune to all forms of toxin, Hanzō was required him to wear a mask to protect others from his venom-laced breath. In his youth, defeating Mifune in the past but spared his life, Hanzō once sought the ideals of "peace" and even attempted to achieve it with the unification of the Five Great Countries. However, after realizing that such a method would only bring about perpetual war and thus, leave only death in its wake, he cast aside this conviction and focused on maintaining his status as the Hidden Rain Village's ruler.

Hanzō later gave the same respect to the team of Jiraiya, Tsunade, and Orochimaru during the Second Great Ninja War where he christened them the Sannin for enduring his attacks. He also engaged into battle with Chiyo numerous times, allowing her to create an antidote to his salamander's poison. Years later during the Third Great Ninja War, Hanzō feared the budding Akatsuki and its unorthodox means to end conflict as a threat to his regime, requesting the services of Danzō Shimura to eliminate the organization's three top ninja (In an anime filler it was revealed that Danzō secretly manipulated Hanzō into this alliance by framing the Akatsuki for trying to overthrow him). However, though Yahiko died, Hanzō's scheme only caused Nagato, as Pain, to start a civil that ended with Hanzō killed by Nagato through Yahiko's body. Pain did not stop by only killing him but as well as killing his close relatives and ambassadors from other nations as well as considering his name a taboo in Hidden Rain Village under his reign.

Plot

Hanzō was among the ninja reanimated by Kabuto for the Fourth Great Ninja War. After being mobilized, he became part of the group that Chūkichi from the Surprise Attack and Diversion Platoon requested assistance from, along with Chiyo and Kimimaro. Encountering the remnants of the Alliance's Surprise Attack Division with this improvised team, Hanzō chastised Deidara for being caught and remarked that he would have had no intention of freeing him, if it weren't for the accursed technique which governed his actions.

Summoning Ibuse, Hanzō overpowered the allied ninja until Mifune arrived. As they engaged in their rematch is defeated by Mifune, Hanzō learns that he loss of conviction in his ideal for peace dulled his skills. After Hanzō reminisced about his past battle with Mifune, where he divulged the details surrounding his infamy eventually spared the defeated samurai due to his strong devotion towards his allies, he then explained that the weakness he described then still remained despite his immortality. In a tremendous demonstration of will, Hanzō places his faith in Mifune and - overcoming the talisman that governed his actions - stabbed himself to pierce his poison sac and leave him paralyzed for the Fifth Division to quickly seal him for the duration of the war until the Reanimation Jutsu was cancelled.

---

Hanzo: It has been a while J.D.

Qin: Who is he?

Me: That's Hanzo of the Salamander. He was the leader of the Hidden Rain before Pain of the Akatsuki. He was a ruthless dictator that ruled over much of the land with an iron fist. He's also the man that gave the title of the 3 Legendary Sannin to Lady Tsunade, Master Jiraiya and the traitorous Orochimaru after they lasted so much longer against him than any other opponent. He was also the man that Danzō Shimura manipulated and it set the stage for the events that would destroy the entire planet because of the Akatsuki.

Qin: Whoa! So he is Hanzo of The Salamander!

Me: Yep. I killed him in the distant future. He's called that because he has a salamanders poison sac implanted inside him and it makes his breath lethal and poisonous and it's what gave him his moniker Hanzo of The Salamander. He also wears that gas mask to prevent people from smelling his poisonous breath. He also was the user of the Salamander Summons. But I found out from Ibuse, the leader of the Salamanders that he was abusing them for his own selfish purposes and evil. So I stripped him of his use of the Salamanders and gave that contract to Fu, Lana and to Laney.

Laney: Wow! I remember that.

Fu: That is an awesome summon we now use.

Laney: And Salamanders are amazing lizards.

Lisa: Actually, Salamanders are amphibians where as lizards are reptiles.

Laney: Oh right.

Lana: They are still really cool!

Me: Yep.

Hanzo: And now I will have my revenge on you for killing me J.D.

Me: We'll see about that. You guys face everyone else. I'll take on Hanzo.

Nico: Okay. Time to send these two bad robots to the scrap heap!

Robo Knight: In the name of good robots everywhere, you will be stopped!

Troy: We'll help you with that Robo Knight!

Megaforce Rangers: Go Go Megaforce!

The Megaforce Rangers turned into their Basic Megaforce Form.

I went up to Hanzo and snapped my fingers and we were on the volcano planet Galunggung VI.

---

Planet Galunggung VI is a volcano planet located in the Unknown Zone. It is named after Galunggung volcano on the island of Java in Indonesia. It has an extremely arid volcanic wasteland with lots of volcanic features and it one of the most geologically active planets in the universe.

---

Hanzo: What the!? What is this place!?

Me: It's the world I chose for our fight. Now I'm gonna make sure that you die like I killed you in the future.

Hanzo: If you think you can win, then you are wrong.

Me: Hm. Your overconfidence will be your undoing. And for the record, I am far more powerful than when I faced you before.

Hanzo: Oh really? How so?

I then powered up to the extreme and I then went Super Angel-Ebonwu 100,000 Elemental Phoenix!

The level of power he felt off of me was mind boggling!

Me: (Divine Voice) **You now have to face my ultimate power.**

Hanzo: So you got a new power boost. Big deal.

I punched him in the face with devastating force and sent him crashing into a rock with incredible force!

CRASH!

Hanzo lost his gas mask.

I grabbed him and threw him into the air.

Me: **COLD FIRE STYLE: BLUE FLAME DRAGONSTORM!**

I fired a powerful blast of ice fire and it was at a temperature at -459.67˚ Fahrenheit or Absolute Zero and it turned into a deadly dragon and it slammed into him and froze him into a block of ice.

He fell to the ground and shattered into a million pieces and killed him in an instant.

Me: **That was a waste of time.**

Hanzo's spirit then appeared.

Me: **You've caused too much pain and suffering Hanzo. In my opinion, Hell is too merciful for someone like you.**

I held my hand to his face.

Me: **HAKAI!**

Hanzo glowed purple and he screamed in pain as he was being obliterated from existence forever. He was erased from existence for all eternity and he was never born at all.

Me: **Never again.**

I went back to Robot and helped everyone.

---

In Robot City, a massive battle began and I appeared and smashed a bunch of of Gasket's evil robots.

Me: **COLD FIRE STYLE NINJA ART: ABSOLUTE ZERO FREEZEFIRE BLADE!**

I formed a sword of Absolute Zero fire and slashed many evil robots and they froze into blocks of ice and Penny and Cappy shattered them into a million pieces with amazing strength.

Me: **COLD FIRE STYLE NINJA ART: FREEZEFIRE SHURIKEN SHOWER!**

I fired a powerful barrage of shuriken made of blue fire and they hit many evil robots and froze them into blocks of ice and Rodney shattered them all into dust.

?: Very impressive you fools.

Then a green light appeared and it was the parallel universe Tommy Oliver A.K.A. LORD DRAKKON!

---

Being Tommy Oliver from alternate reality, Lord Drakkon's backstory as Tommy matches his prime counterpart's until his climatic final battle against the Red Ranger, Jason Lee Scott. When Tommy was freed from the alien witch Rita Repulsa's curse, instead of joining

Zordon and his Rangers, Tommy fled, wandering from city to city, avoiding the Rangers as they tried to find him. As result, it allowed Rita to swayed him to her cause once again, telling him why she had chosen him and that he was meant for great things, to bring peace to the world as its one leader. Rita also told him of Drakkon, another young man in whom she saw potential and whom had successfully built a legacy with her guidance. Tommy, intrigued, left with Rita and continued to serve her, this time in his own volition. Believing Rita Repulsa meant to better the world through conquest, Tommy aided Rita in taking over the Earth, one city at a time. Over time, their conquest caused Rita Repulsa herself to become popular to Earth's population.

Eventually, Tommy led Rita Repulsa's forces into one final battle against Zordon's last battalion of Rangers and Zords just as Zordon was on the verge of creating White Ranger Power. Tommy breached the Command Center as Jason was being infused with this new power, interrupting the process before it could finish. After killing Jason in one final battle, he stole the new Ranger Power and forcefully combine it is Green Ranger power, resulting his Ranger armor assume its signature appearance. The triumphant Tommy, now Lord Drakkon, then emerged from the Command Center clutching Jason's shattered helmet.

Due to his new powers, Tommy and his forces singlehandedly defeated the rest of the Rangers, destroyed their Zords, and successfully conquered the planet Earth. While he originally did so in Rita Repulsa's name, his hunger for power grew and he became a ruthless monster and an oppressive tyrant far worse than his creator, something Rita herself not foreseen. A testament of his fall from grace was his backstabbing on Rita after Rangers' destruction and after the sorceress taught him her spells, such as brainwashing. He then gained the loyalty of Rita Repulsa's elvish alchemist Finster, who he turned into the cyborg Finster 5, using Alpha's body parts.

Now rechristened "Lord Drakkon", Tommy drew upon the Power Coin energies to create Ranger Sentries, each serving a specific role in his army. However, he lacked Billy's coin, as Trini hid it away. The former Rangers and those who were against Tommy's rule formed the resistance group called "The Coinless". Unknown to

Drakkon, Skull had infiltrated his army as a Tyrannosaurus sentry.

Ever since the death of Billy and Matthew by Lord Drakkon's regime, Kimberly Ann Hart began her solo quest for vengeance against the dark lord Power Ranger. However, Drakkon managed to enslave her with one of Rita Repulsa's brainwashing spells quickly, turning her into his brainwashed Ranger Slayer.

---

Me: **Lord Drakkon!**

Tommy Oliver: My parallel universe evil self!

Lord Drakkon: So you are the leader of Team Loud Phoenix Storm and I see you have my goodie-goodie two-shoes self with you.

Me: **That's right. And in your universe that you came from Kimberly is out on a quest for vengeance to kill you.**

Tommy Oliver: I can't believe that happened to Kim.

Me: **So you are now part of the Masters of Evil.**

Lord Drakkon: That's right. I am now under Vypra's employ.

Me: **But you turned on Rita after you have killed the Rangers.**

Lord Drakkon: That's right. You've read about me in the comic books huh?

Me: **Been collecting them since I was little. You aren't the first parallel universe twin that we encountered.**

Lord Drakkon: Well soon you will die.

Me: **Not if you die first.**

Tommy Oliver: Let me help you J.D. It's Morphin' Time!

THUNDERCLAP!

Tommy Oliver: WHITE TIGER!

Tommy Oliver turned into the White Tiger Ranger.

Me: **Lets dance.**

We went at Lord Drakkon and I punched him in the face and kicked him in the stomach and punched him in the chest and threw him to the ground and fired a powerful blast of fire at him and burned him all over and Tommy slashed him all over with Sabba and his Brachio Staff and powerful fiery explosions blew Lord Drakkon all over the place with incredible power.

KRABBBBOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOMMMMMM!
KRABBBBOOOOOOOOOOOOMMMMM!
KRABBBOOOOOOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

I kicked him in the face and fired powerful blasts of lightning at him and electrocuted him all over and Tommy blasted him with the Dragon Dagger and his Brachio Staff and explosions blew Lord Drakkon all over.

KRABBBOOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOMMM! KRABBBOOOOOOMMM!
KRABBBOOOOOOOOOOOMMM! KRABBBBOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBOOOOOOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMM!

Massive fiery explosions were going off all over the place and they were blowing Lord Drakkon apart and taking some of the evil robots with them.

Me: Try this on! Tommy lets use a combo on him and take him down.

Tommy Oliver: Right!

Me: (ECHOING!) **RAGE OF INFERNO! 超弾動閃煌斬**

I swung my sword a fired a massive vortex of fire and light rays and Tommy Oliver fired a powerful blast of energy that had the powers of his ranger powers from over the course of 26+ years.

Me and Tommy Oliver: INFERNO RANGER LEGACY BLAST!

The blasts combined and they turned into a deadly dragon of fire and energy and it slammed into Lord Drakkon and exploded with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion of fire and energy destroyed the entire chop shop in a powerful blast and everything and the evil robots were completely destroyed in the blast. Lord Drakkon was down and defeated. His helmet split in half and revealed his face. He looked so much like Tommy but with black veins all over parts of his face and his eyes were overflowing with pure unrestrained ultimate evil.

Me: **It's over Drakkon.**

Tommy Oliver: You will pay for your crimes.

Me: **You are in every way like Tommy was when Rita brainwashed him.**

Tommy Oliver: I can't believe I was like that.

Lord Drakkon: (smirks) You haven't lost your touch, Mr. Goody Two Shoes. But next time, you won't get lucky! I will be back. (teleports out)

Me: **And we'll be ready.**

Tommy Oliver: I think I know the reason why I was killed in the comics. I fought my evil self alone.

Me: **And that made you pay the price. But just remember Tommy, Divided we are weak, but united we are more powerful. You are never in this alone.**

Tommy Oliver: Thanks man.

Me: **You're welcome. Lets take down the rest of these tin cans.**

We went to help out.

We helped the Megaforce Rangers face the Subterranean Plutonic Gopher Bot and I punched him in the face and Scott Truman slashed him with his Street Saber and fired a powerful blast of fire and it hit him and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOMMM!

The R.P.M. Rangers formed their Rail Enforcer.

Flynn McAllistair: (Scottish Accent) Care to do the honors J.D.?

Me: **With pleasure Flynn.**

I put in my number 25 Engine Cell.

Me: **Engine Cell Activate!**

I put the Engine cell in and it was ready.

Me: **Venjix is never gonna be welcome here!**

Scott Truman: R.P.M. ENFORCER!

Subterranean Plutonic Gopher Bot: NOT AGAIN!

Me: **FIRE!**

I pulled the trigger and it fired a powerful energy blast and it slammed into the Bot and he exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Next we went to face Gasket and Ratchet.

Me: **Lets see how you stand up to this you ugly bitch! METROID STYLE: MULTIVIOLA BURN SWARM!**

I fired a powerful blast of fire and it turned into a powerful swarm of Multiviola from the planet Zebes and they hit Gasket and Ratchet all over and burned them and melted some of their skin off.

Ben: Lets see how they like it when I turn into a Viola!

Ben then turned into a Viola.

Ben: SPHERE FIRE!

---

A Viola resembles a living fireball with what appears to be a sneering or grimacing facial expression. They can be blue or orange in color, with the latter being stronger than the former; in Super Metroid, only blue Violas appear. Normal ones have the same wall-crawling behavior as several other lifeforms.

Violas are the larvae of Multiviolas, a more powerful enemy found throughout Norfair. With the exception of Super Metroid, Violas are only found in Ridley's Lair, suggesting these younger specimens may be safer in the lower depths of Norfair.

---

Riley: Wow! That is so cool!

Shanan: They sure are. Violas are very volatile creatures from the planet Zebes in the Norfair caves.

Me: **Yep. Lets see how Ratchet handles this. METROID STYLE: WAVER SWARM PAIN!**

I fired a powerful blast of rock and wind and they turned into Wavers from Super Metroid.

---

A Waver resembles a large rugged clam with an insectoid creature living inside. It can perpetually fly through the air without the need of wings.

These enemies constantly arc up and down when traveling, creating a "wave" type pattern, making it somewhat difficult for Samus to shoot them down. Interesting to note is that Wavers move in a similar pattern to the Wave Beam, hence their name.

They appear in Brinstar on Zebes in Metroid and Metroid: Zero Mission, and in Crateria and Norfair in Super Metroid as well. Curiously, while they were fairly abundant in many of Brinstar's upper rooms during the original Metroid game, they are relocated to only two rooms in the remake Zero Mission.

---

The Wavers smashed and bashed Gasket and Ratchet all over with incredible force.

Ben: Time for some powerful Ultimate power!

Ben then turned into a new Ultimate Form. He turned into ULTIMATE ASTRODACTYL! He had stronger wings and more technological and he had a powerful visor over his eyes and he had stronger armor and clothes and powerful arms.

Ben: ULTIMATE ASTRODACTYL!

Me: **Whoa! An Evolved Vaxadactylus!**

Shanan: Wow! I've never seen something like this before. This is so cool!

Riley: I think this is one of the coolest of the Ultimate Aliens.

Ultimate Astrodactyl: Lets see what it can do.

He went at Gasket with incredible speed and fired amazing lasers and they hit her and Ratchet and exploded with incredible power.

KRABBBBOOOOOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOMMMM!
KRABBBOOOOOOOOOOOOOOOOMMMM!

Me: **Wow! What power!**

Nico: Amazing!

Naruto: No kidding.

Me: **Lets see how she likes this. Ready Samus?**

Samus: I sure am.

Me: **COLD FIRE STYLE NINJA ART: FREEZE FIRE MEGABLAST!**

Samus: METROID STYLE: ICESPREADER SUPERBLAST!

Me and Samus: METROID STYLE NINJA ART: SHEEGOTH PREDATOR SUPER BLAST!

The blasts combined and turned into a Sheegoth from the Phendrana Drifts of Tallon IV and it fired powerful blasts of energy from its mouth and they hit Gasket and exploded with incredible power.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Janeen: Lets see how it likes this. JOVIA STYLE NINJA ART: HYPER LIGHTNING MISSILE!

Janeen fired a powerful blast of lightning with the power of a Hyper Missile blast from Metroid Prime 3 and it hit Gasket and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Gandrayda: Wow! That was impressive!

Me: **Boy that was awesome!**

Janeen: Thanks guys.

Me: **Lets do some teamwork!**

Gasket: Do it! Kill me! Then, everyone in Robot City will be afraid of you all again!

Me: **I disagree. Everyone has had enough of you Gasket.**

Everyone: YEAH!

Nico: Gasket, you have failed this world!

Strafe: Yeah! CYBER KEY POWER!

The Autobot Cyber Planet Key went into his back and enhanced her heat ray rifle 100-fold.

Odd: Time for some Lyoko power!

Odd turned into his Lyoko form.

Odd: LYOKO CYBER KEY POWER!

The Lyoko Cyber Planet Key went into his right arm device and enhanced his powers and weapons 100-fold.

Strafe and Odd Della Robbia: LASER FIRESTORM BARRAGE!

Strafe fired powerful heat blasts and Odd fired his laser arrows and they hit Gasket and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOMMMMM!

G1 Thrust: Time for some missile power! CYBER KEY POWER!

The Decepticon Cyber Planet Key went into his back and enhanced his missiles 100-fold.

Stewie: Time for some awesome power! EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into Stewie's Right Arm Device and enhanced his blaster powers 100-fold.

Stewie: ALL RIGHT YOU OVERGROWN FUCKING TIN CAN BASTARD! TIME TO SEND YOU BACK TO HELL!

G1 Thrust and Stewie: MISSILE RAY BLAST BARRAGE!

Stewie fired a powerful blast of energy from his ray gun and Thrust fired a powerful barrage of missiles and they hit Gasket and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ben then turned into Overflow!

Ben: OVERFLOW!

Overflow fired a powerful blast of water and Jewel Man fired a powerful barrage of jewels.

Overflow and Jewel Man: MAELSTROM JEWEL STORMSTRIKE!

The blasts hit Gasket and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ben then turned into Shock Rock.

Ben: SHOCK ROCK!

Ben fired a powerful blast of lightning and Spark Man fired a powerful blast of lightning as well.

Shock Rock and Spark Man: SUPER LIGHTNING MEGASHOCK!

The blasts combined and they hit Gasket and she overloaded and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ratchet: MOM!

Me: **Time for you to join her.**

Lisa: You are not welcome in the world of artificial intelligence you monster! TECHNOLOGICAL MEGA RAYBLAST!

Lisa fired a powerful blast of atomic energy and it hit Ratchet and

exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Lana: You aren't even worthy of those upgrades! SUBZERO LIGHTNING FREEZE!

Lana fired a powerful blast of ice lightning and it hit Ratchet and froze him. It shattered and stripped him of his upgrades as they fell off.

Rodney: You are never welcome in this city Ratchet.

Cappy: You and your mother have caused so much pain and suffering!

Piper: It's time for us to finish you for good!

Rodney and his friends: ROBOT SUPER ENERGY BURST!

Rodney and his friends fired a powerful rainbow energy blast at Ratchet and it hit him and exploded with incredible power!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ratchet was completely obliterated and reduced to nothing but dust and rubble and their spirits were sent into the River of Fire.

Everyone in Robot City cheered wildly for all of us. We were heroes of Robot City.

Rodney: Well, looks like no one in Robot City's afraid of you guys anymore.

Me: **No they aren't.**

We were awarded with medals for bringing an end to Gasket and Ratchet and ending their reign of terror again.

Rodney: (To the Viewers) Robots and Humans when working together can be an awesome and powerful force to be reckoned with.

Me: They sure can.

We had Robot City merge with Gotham Royal York and it was awesome! Robots and Humans can now learn to coexist in peace.

THE END

---

Another awesome chapter and movie done.

Robots from 2005 was an awesome and really funny movie! A lot of huge stars were in it. Ewan McGregor, Halle Berry, Robin Williams, Amanda Bynes, Drew Carey, and many other huge stars all did a fantastic job in that movie and it was awesome! Hanzo of the Salamander will never terrorize the world again. The Next Naruto Villain is gonna be Dr. Amachi and Isaribi is gonna be looking for some payback against him. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is a full fledge chapter for the 2002 movie Treasure Planet. Last time we did this is was for Nicole's Babysitting Adventure and now it will be a full fledge chapter as we journey through the stars to find the legendary Treasure Planet - the Loot of a Thousand Worlds.

See you all tomorrow.

# An Interstellar Treasure Hunt

Over in the mountains of Oregon, me and Xerneas were enjoying the very beautiful scenery of the beautiful Oregon scenery. We were about 30 miles away from the Springfield Radioactive Crater.

Me: (Inhales) Ahh. It's so beautiful out here.

Xerneas: Boy it sure is. Look at all the beautiful splendors of life and nature. It's so beautiful.

Me: As beautiful as you Xenia.

Xerneas blushed. She then saw something.

Xerneas: What's that?

We saw something down a cliff and it looked like a lunch box and down on the ground at the bottom of the cliff was what looked like a car and a bunch of clothes.

Me: Looks like someone threw some stuff away.

We went down and I picked up the lunch box and opened it and inside it was a bunch of recipe cards.

Me: It's a bunch of recipe cards.

I scrolled through them and they were really good desserts and dinners and they looked really awesome. I saw some notes on the backs.

Me: "Homer, you're just like this pie: Sweet and Warm Inside." (Gasp) We found the recipes that Homer lost!

Xerneas: We sure did. I can tell that he loved his mother more than anything.

Me: And Abraham Simpson hated them both. Abraham gives fathers everywhere a really bad name.

Xerneas: Boy you're telling me.

Me: Look at this one. "Remember I love you, because your father's a mean S.O.B." So true and sweet.

We took the cards and lunchbox and we went back home. We also took the car and clothes as well.

Back at the estate, Homer, Bart, Lisa and everyone else were watching Itchy and Scratchy. After we blew up Springfield it was made into it's own show now that Krusty is dead and his show is no more.

They watched Tears of A Clone and it was really funny.

They were laughing at the end.

We came in.

Me: Hey guys. Watching Itchy and Scratchy?

Bart: We sure are.

Me: Awesome. Me and Xenia found a really good surprise for Homer. I think these belong to you.

I handed Homer the recipe cards and lunch box. He gasped and he was so happy!

Homer: My recipe cards! How did you find them? Dad threw them over a cliff.

Me: We found them and all of your moms things 30 miles away from the Springfield crater. We went down and got them. The car is over in the garage getting fixed by Lana and your moms clothes are being mended by Maria, Leni and Teresa.

Homer had tears in his eyes and he got up and hugged me.

Homer: (Crying) Thank you so much J.D. Thank you.

Me: You're welcome Homer.

Abraham: (Offscreen) DISGUSTING! SHUT YOUR HOLES!

We glared.

Bart: Stupid Grampa.

---

We were over at the awesome amusement park of Shocker Street. It was such an awesome and incredibly high tech place.

Aeleus: So this is Shocker Studio Theme Park?

Erin Wright: It sure is. We'll show you around.

We went around the amusement park and it was an awesome.

Me: This is awesome Erin!

Erin Wright: Thank you J.D.

Taranee: (sees a robot mantis) They aren't really threatening now that they're not trying to kill us.

Manterror: I agree.

We then saw Mr. Wright working.

Erin Wright: Daddy!

Mr. Wright: Kids!

Erin: I'm so glad you're okay, Dad!

Mr. Wright: Of course I am. I manage to hide in a safe place while some of the robot mantis' got stolen by a ghost alien, a monster with a basketball for a head, and some person resembling JecKyl from Jeckyl and Hyde.

Crumplezone: That must've been Zs'Skayr, Game Face, and the Ghost of Mr. Hyde.

Me: They were part of the Masters of Evil. Zs'Skayr is one of Ben's most dangerous enemies. Game Face is the one of the monsters that the Dino Charge rangers faced and the Ghost of Mr. Hyde is one of the monsters I busted with Mystery Inc.

Mr. Wright: I see. Wow. You all have been busy.

Me: Busy is an understatement.

Mack Hartford: I know the exact feeling about being an android Mr. Wright.

Mr. Wright: Really?

Mack Hartford: (to Mr. Wright) I was actually an android created by my dad, Andrew Hartford. After learning the truth, it took me a while for me to trust him again. But eventually, I learned that he really does love me and that he had good intentions. Of course, like your kids, I actually became a real human. But now, I can't use my Battlizer anymore.

G1 Scattershot: (to Mr. Wright) You and Andrew should meet together sometime.

Mr. Wright: Good idea.

Me: I can give you the ability to use your Battlizer again Mack.

Mack Hartford: You can do that J.D.?

Me: I sure can. The Power Rangers have helped us in Team Loud Phoenix Storm through thick and thin ever since 6 months ago. We help each other and are there for each other and help everyone like our family.

Cole Evans: That's right.

Wes Collins: Yeah.

Shane Clarke: That's right!

Everyone agreed.

Mack Hartford: Thank you guys. Thank you.

Me: You're welcome Mack.

We then continued exploring the park and it was very much like Universal Studios Park and it was awesome.

The following morning it was time for the trial of Kidah's evil parents. They were in Federal Court because the F.B.I found out some things that were terrible beyond all words. We found out that Kidah's parents were in charge of a major league human trafficking ring connected to the Italian Mafia. They were selling kids on the worlds black market to be sold into families they didn't know. Kidah's parents were part of an evil crime syndicate connected to the Italian Mafia where they would kidnap babies and sell them to families who couldn't give birth and it made them filthy rich. The F.B.I caught up to them with our help and booked them. We pondered at what kind of people would do something like that and we discovered that they were really Heartless Monsters with absolutely no love for anyone but themselves and their own greed. Kidah's parents could only be described as malevolent monsters that deserve nothing more than to die like rabid dogs. Millions of dollars were made because of them and lots of lives were destroyed because of them and we brought all the kids that were stolen back to their families. It was good that they disowned Kidah. Because their motive for trying to kill her was to silence her to make sure that the feds wouldn't find out. If I hadn't stepped in, Kidah would've been dead with a bullet in her head. It was like the plot of a strange and terrible movie. They were also charged with child abandonment because disowning a child at the age of 14 is the same as murder.

Bailiff: Calling the courtroom to attention in case of People of The United States VS Cheng and Kori Nuyava. Honorable Judge Katherine A. Rockell presiding.

Judge Katie came out and took the bench.

Judge Katie: You may be seated.

We sat down.

Kidah and Olivea were with us and we had them under our protection as the trial was going on. For days we had to listen to countless hours of testimony from hundreds of witnesses and how the families were impacted by this whole thing that was carried out. The amount of evidence against them was piling up fast and it was completely overwhelming and really damning.

After the case went to the jury, we waited. But it didn't take them long for them to come back with a verdict and it was as expected.

Judge Katie: Has the jury reached a verdict?

Juror 1: We have your honor.

Judge Katie: And I assume it's the same on all charges?

Juror 1: Yes your honor.

Judge Katie: Good. That will make it much faster.

The Jury Foreman read the verdict.

Jury Foreman: In case number 625547245K in the People of the United States VS Cheng and Kori Nuyava, we the jury of the Federal Court find the defendants GUILTY on all charges.

We were joyous and the families of the babies that were stolen from them cheered in a wild roar of cheering. Cheng and Kori Nuyava were found guilty of 472 counts of aggravated kidnapping, 472 counts of 1st Degree Kidnapping, 472 counts of human trafficking, 2 counts of Child Abandonment, 2 counts of attempted 1st Degree Murder, 812 counts of Fraud and numerous counts of conspiracy.

Judge Katie: Well can't say that was surprising.

Both of Kidah's former parents were given the maximum penalty: 5,273 Life Sentences in a Maximum Security Federal Prison with no hope of release or parole plus 7,232,254,125 years and they were ordered to pay $10,892,837,899,846,875,150,165,124.00 in Restitution to the families whose lives they tore apart, including

Kidah and Olivea. They were also cursed with a fate worse than death: Eternal life without eternal youth. Their prison sentence was made the longest prison sentence ever known in the history of the world. Cheng and Kori Nuyava were now the most hated pariahs in the entire world. They were condemned to serve their sentence in the ADX Florence Supermax Prison in Colorado. The federal court system placed Kidah and Olivea into our care as a permanent member of our family.

Kidah now hates her mom and dad for everything they did and she will never forgive them for their crimes. She took her family picture and tore it to shreds. After that, they burned down the entirety of her house and destroyed everything. Because of their crimes, they made a tremendous number of enemies and now they are gone.

BURN IN HELL CHENG AND KORI NUYAVA.

---

Later in the living room, we were watching one of my favorite movies from my past and it was also Nicole's favorite as well: Treasure Planet!

---

Jim Hawkins is secretly reading the story of the notorious Captain Flint, the creator of the legendary "treasure planet", past his bedtime. Sarah (Jim's mother) bursts in, emphazising that she thought he had fallen asleep "an hour ago".

12 years later, in the year 36,022, Jim still believes in the stories of Treasure Planet but has become quite a troublemaker, rebel, and hoodlum (in the eyes of other people) with a hobby for 'solar-surfing,' a combination of sky-surfing and wind-surfing on a rocket powered board with a solar sail. In this case he happened to be surfing in a restricted construction area, where he got caught by robotic cops. He is escorted to the Benbow (an inn run by Jim's mother), much to his mother's disappointment, and retires to the inn's roof, where he overhears Sarah venting her frustration with Jim's behaviour to the family's canine friend, Dr. Delbert Doppler.

That night, a spaceship crash-lands on the port outside the inn and an old, injured salamander-like being clambers out. His name is Billy Bones. Jim helps him inside, and the alien hands him a mysterious sphere, warning him to "Beware the cyborg" in his last breaths. Bones soon dies and suddenly, a bunch of marauding pirates ambush the inn, burning it to the ground whilst trying to find the sphere. Jim, his mother and Doppler manage to escape along with the spherical orb which later turns out to be a holographic map, showing the way to the one and only Treasure Planet.

Jim and Doppler soon set off to Montressor Spaceport where the doctor has commissioned a ship called RLS Legacy, complete with a crew, to take them on this one heck of a voyage. The ship is captained by the feisty, feminine, feline Captain Amelia along with her First Mate, Mr. Arrow. The crew is an odd-looking, suspicious bunch, or as Amelia described them: "A ludicrous parcel of driveling galoots" who are secretly led by John Silver, the ship's cook. He trains Jim as a cabin boy and owns a cute, cosmic, pink blob named Morph who can take the shape of whatever he chooses. Jim remembers Bones' warning and is reluctant in trusting Silver, a cyborg. Despite first impressions and mistrust, a strong and caring bond develops between the two of them with Jim beginning to see Silver as a father figure, as he remembers his own father's neglect and eventual abandonment of him and his mother.

One member of the crew, the treacherous spider-like alien Scroop, senses a weakness in Silver and, after an encounter with a black hole, Scroop cuts Arrow's lifeline to show his impatience and willingness to attack. Arrow falls to his death in the singularity of the black hole. Jim, who was fastening the lifelines at the time, blames himself for Arrow's death, until Silver comforts him before sending him to bed, while worrying that his crew might think he's gone soft.

The next morning Morph plays with Jim, who manages to playfully chase him down a barrel of purple fruit. Suddenly, the crew members come in and Jim overhears Silver rallying them, crushing Jim's trust. It isn't long before Silver manages to find Jim out, and the pirates finally sabotage the ship, forcing Jim, Doppler, and Amelia to abandon deck, and accidentally leave the map on board after Morph plays a trick on them. The trio's longboat is shot down with a plasma cannon by one of the mutineers, and they crash land onto Treasure Planet during their escape. Amelia is badly injured and is in need of a place to rest.

Whilst exploring the forests of Treasure Planet, Jim meets B.E.N. (Bio-Electrical Navigator), a whimsical robot, driven mad by 100 years of isolation, who claims to have lost much of his memory due to his memory chip being removed. Nevertheless, he provides them with a place to stay where Doppler cares for the wounded captain. However, the maniacal pirates corner the group from outside and Silver attempts to make a deal with Jim for the map, which Jim rejects. Using a secret passage, Jim, Morph, and B.E.N. hijack a longboat to fly back to their ship - where Scroop is keeping guard - in an attempt to retrieve the map.

Unfortunately, after B.E.N. encounters some trouble with the on-board electrics while trying to disable the laser cannons, Scroop becomes aware of the trio's presence and instantly attacks. Meanwhile, B.E.N. accidentally disables the artificial gravity system causing them all to go floating upwards into space. Luckily, Jim manages to grab the ship's mast whereas Scroop gets horribly tangled in the pirates' flag. As he tries to free himself, the flag is severed from the mast and Scroop floats away into space to his doom. The map is then found and the group return to their hideout, only to be captured by Silver and his gang, who have already tied up Doppler and Amelia.

Jim is forced to use the map in order to lead the pirates to where Flint's treasure is stored. As it transpires, the map is also a key to a vast portal which can lead to any place in the universe, including the center of Treasure Planet, where the loot is. While the pirates occupy themselves in hoarding the treasure, Jim finds B.E.N.'s memory circuit in the hand of Captain Flint's skeleton, and B.E.N. remembers that Flint had rigged the planet to blow up should anyone come for his treasure. Jim tells the robot to help Delbert and the Captain while he hotwires the late Flint's ship. Silver, seeing the planet and the treasure are not far from being blown up, boards the now working, treasure filled ship to leave with some loot, but Jim stops him at sword point. Before either can react to the other, both Silver and Jim are thrown off balance by a heavy explosion. Silver manages to grab on to the end of the ship but Jim is left dangling off the edge of a cliff. Forced to choose between his treasure and his surrogate son, Silver abandons the ship and saves Jim just in time. The two race back to Captain Amelia's ship and attempt to leave the exploding planet. However, one of the rocket thrusters is badly damaged and the ship doesn't have enough power to leave the planet's atmosphere. Jim, remembering the portal, convinces the crew to turn towards it so he can shift their course. A reluctant Amelia instructs Dr. Doppler to follow Jim's orders and, making a makeshift solar surfer from scrap metal and a spare rocket thruster with Silver's help, Jim races towards the portal. However, the thruster loses power seconds before he can reach it. In a desperate attempt, Jim scrapes the thrusters against the cliff edge to spark a last bit of energy from it and changes the portal's destination to the Montressor Spaceport. As the crew celebrates his success, Jim goes to find Silver, who was trying to sneak off the ship to avoid hanging or incarceration for his part in the mutiny. Although Jim has a chance to blow the whistle on the rogue sailor, he instead allows him safe passage off the ship. In return, Silver gives Jim Morph to look after, with the instruction that Morph keep an eye on Jim for him, and reminds him of his potential for greatness. After a quick embrace, the two part company, but not before Silver throws some of the treasure he salvaged to Jim, so the Benbow can be rebuilt. Jim returns home to his mother and some time later the Benbow is grandly rebuilt. A party is thrown to celebrate the opening which a lot of customers and family friends attend. Doppler and Amelia are now married and the proud parents of four children (three girls and one boy), B.E.N. has taken up a job in the kitchen, and Jim has joined the Royal Interstellar Academy following a recommendation by Amelia. Breaking away from the dancing for a moment. Jim looks out the window and remembers Silver, confident that the pirate's words about him were true. An image of Silver in the clouds of the night sky shines down on Jim.

---

We saw the amazing places they went to and the amazing deeds that were done. When it was done, we cheered wildly.

Me: That is so awesome!

Nico: I love this movie!

Nicole: Me too. Its been one of my favorites since I was a little girl

Carol: Me too Nicole.

Lincoln: I remember we did a Treasure Planet adventure when you babysat for us Nicole.

Nicole: I sure did buddy. That was so much fun and we learned so much about all the planets that Captain Flint went to.

Jim Hawkins: That was an amazing adventure though.

Me: It sure was Jim.

Carol: Where is the planet Montressor?

Me: It says that it's located 34,000 light-years away from Earth.

Shanan: It's just incredible that Montressor is home to many species from all over the universe. It's like my favorite book Valerian and the City of a Thousand Planets.

Laney: That's one of my favorites.

Lincoln: What year does Treasure Planet take place?

Me: That's what I was wondering. Lets see here.

I looked it up and what we saw was incredible! We saw that Treasure Planet took place in the 365th Century over 36,400 years into the future! In the year 36,422!

Me: WHOA! In the year 36,422!?

Lincoln: WHOA!

Nico: Wow! That's a really long time from now!

Carol: I never knew that it was that far into the future.

Me: That's 34,002 years from now. That's unbelievable!

Jim Hawkins: Wow. I never knew we were that advanced on the planet Montressor.

Me: None of us did. But that is so awesome. We've been thousands of years into the future before. I was in the future 150,000 years from now. And we went to the planet Arrakis in the year 21,267.

Lincoln: And the future in the year 802,701.

Kiva: Wow. That's incredible and I'm from the year 3037.

Coop: That is really cool though.

Me: It sure is.

Jim Hawkins: I wonder why we aren't on Earth anymore.

Me: Probably left Earth because of the sun turning into a Red Giant.

Laney: That could be the case.

Lisa: That is a very good assumption.

Me: Well some of us had their shot at Treasure Planet. Lets all help out and get our shot in as well.

Nicole: Good idea dad.

Me: Lets head to the Simulator. Lisa, have the U.S.S. Valorous Phoenix ready.

Lisa: Affirmative.

Troy: I think the Skyship could come in handy here. It can do a lot of damage even when it's not in Megazord mode.

Me: Good idea. We can also use Sora's ship the T.L.P.S. Phoenix Maelstrom for this as well.

Nico: Good idea.

Me: Lets go!

Everyone cheered.

---

In the Simulator we got ready. We were gonna have one of the greatest Interstellar Treasure Hunts in the stars. The Simulator activated and we were in Dr. Doppler's observatory and we saw Dr. Doppler and Sarah Hawkins.

Me: Dr. Doppler and Sarah Hawkins.

Dr. Doppler: The famous Team Loud Phoenix Storm.

Sarah Hawkins. It's an honor to meet you all.

Me: Same to you Sarah. Jim told us so much about you.

Nico: It's a pleasure to meet you.

Sarah Hawkins: Same to all of you.

Me: I think I have the answer to all your problems Sarah. Jim can go on an awesome treasure hunt to find a treasure worth remembering. And I think I have the solution.

I went over to a strange orb and picked it up. I pressed a couple buttons and spun it and then all of a sudden it opened and out came some energy and it was really a really awesome holographic map.

Dr. Doppler: Oh! Why it's a map.

Laney: Wow! What a map.

Janeen: This is unlike any kind of map I've ever seen.

Samus: No kidding.

Dr. Doppler pointed to an orb.

Dr. Doppler: Oh! This is us. The planet Montressor.

He touched it and the map was showing us something and Dr. Doppler was pointing out some objects he knows.

Dr. Doppler: That's the Magellanic Cloud. (Passes by another object) The Coral Galaxy.

Me: Wow. Look at all these planets and stars.

Nicole: I know some of these all too well.

But then we saw one object that stood out from the rest and it was Treasure Planet!

Jim Hawkins: Treasure Planet!

Dr. Doppler: No!

Jim Hawkins: That's Treasure Planet!

Me: Wow!

Dr. Doppler: Flint's Trove!? The Loot of A Thousand Worlds!?

Me: And worth a flipping fortune!

We found the answer to all of Earths and Jim's problems. We got ready for our big journey and went to the Montressor Spaceport, Crescentia.

It was a really amazing! It was the most advanced spaceport we've ever seen. It was a spaceport as big as a whole moon and it was a major interstellar hub. We got ready for our journey and we had our ships ready and we had the R.L.S. Legacy attached to the Valorous Phoenix. We were introduced to the crew and there we met the 365th century version of LONG JOHN SILVER!

---

Long John Silver, also referred to as the Cyborg by Billy Bones or also simply known as John Silver, is the former main antagonist and later deuteragonist of Disney's 43rd full-length animated feature film Treasure Planet, which is loosely based on the 1883 adventure book Treasure Island by the late Robert Louis Stevenson. He was based on the character of the same name from the book.

Making his debut in Treasure Planet, John Silver is initially assigned as the ship's cook by Captain Amelia. She then gives him the task of looking after Jim Hawkins. At first, they do not get along; Jim suspects Silver of being the cyborg who torched his mother's inn, and Silver does not enjoy having to look after Jim, concerned that Jim may get wind of the plans. He decides to give Jim so much work that he will not notice any plotting.

However, as the journey passes and Silver gets to know how strong-willed and determined Jim is, they form a father-son relationship. When Jim's confidence is dashed after the first mate by the name of Mr. Arrow fell into a black hole, Silver realized that it must have been Scroop who did it, and tries to comfort Jim, convincing him not to give up. However, soon after, Silver had to tell his mutinous crew that he saw Jim as nothing more than a "nose-wiping little whelp" to keep them in line, and Jim overhears this just as they arrive on Treasure Planet itself.

When Jim escaped with the map, Silver could not bring himself to shoot him. He later apologized and offered Jim a deal on the treasure, his deal appearing to be very genuine, only to grow extremely angry ("That treasure is the old me by thunder!") when Jim took a powerful stand and mocked his former friend, turned him down, and threatened to blast him to kingdom come, although he was also shown to not wish to do this. Later, Silver and his pirates captured Captain Amelia and Dr. Doppler, and took the map, and Jim along with it. When Silver finally got the treasure, Treasure Planet began to self-destruct, and Jim almost fell to his death. Silver had to choose between some of the treasure, or saving Jim in the process. He chose Jim, which effectively saved his life as between them, they built a solar surfer and Jim managed to save the entire remaining crew from the planet's destruction.

Silver then attempted to escape the consequences of prison for his treacherous actions, but Jim caught him out. They exchanged a heartwarming goodbye, and Silver also gave Jim his pet pink shapeshifter named Morph to have Jim remember Silver by. Just before Silver left, he gave Jim the few gems that he had managed to salvage from Treasure Planet, enough for Jim to rebuild the Benbow Inn. At the very end of the film, Jim looks up to the clouds and remembers John Silver, and the star/cyborg eye twinkles.

The game continues Jim Hawkins' adventures. 5 years after Treasure Planet, Jim Hawkins is about to graduate from the Royal Navy Academy. The first mission revolves around the final exam, which is invigilated by Admiral Amelia aboard her ship known as the Lyonesse.

As Jim patrols various sectors of the Etherium, Her Majesty's Empire is in the process of negotiating peace with the Procyons, raccoon-like warriors who have been at war with the Empire for centuries. They send a Diplomatic Fleet that seems more like a war fleet under the command of Procyon diplomat Evar to Parliament, the centre of government and home of the Queen, for the peace talks.

However, on the Frontier, ships begin to mysteriously vanish without trace. Soon, strange ships are sighted. While all known craft are solar-powered wooden ships (Procyons use trimaran designs), these strange ships are made of iron; where there should be sails, there are only smoking chimneys. These bizarre and almost unstoppable craft are nicknamed Ironclads.

After missing out on a chance to join the fleet scouring the Frontier for Ironclads, Jim is then sent to investigate Ironclad activity after finding one apparently lost deep in Empire territory. After locating and destroying an Ironclad base hidden in a nebula, he discovers the Ironclads are Procyon vessels, meant to draw the Navy fleets to the Frontier, allowing the "Diplomatic" Fleet to kidnap the Queen unhindered. Meanwhile, it turns out that the command ship of the Pirate fleet apparently aiding the Procyons is Long John Silver, Jim's old friend. Jim is ordered to warn the Empire of the Procyon trap.

However, they are soon intercepted by Silver's Pirate fleet. Jim tries to talk to Silver, but Silver denies ever knowing him. After a brief altercation, Silver retreats. Jim refuses to believe Silver is in league with the Procyons, but is heartbroken as he sees Silver disable a civilian ship and force it into a black hole. Now determined that Silver is not the man he once knew, he pursues Silver to a Pirate fortress.

Inside the fortress, Jim finds two identical command ships, both commanded by a Silver. Both Silvers recognize Jim, each claiming the other is a robot. One is happy to see him, claiming he just escaped his robot doppelgänger's prison, and is angry over the other Silver's ruining of his good reputation. The other Silver is aggressive, repeatedly ordering Jim to destroy the first Silver. Here the player has the option of firing on either Silver's ship. If Jim fires on the aggressive Silver, the real Silver congratulates Jim, and together they destroy the false Silver. Silver regains command of his fleet, and (together with Jim's fleet) rush back to Parliament to stop the Procyons. It was revealed that the Procyon created a robot duplicate of him and imprisoned him in his own ship to trick his crew into helping them in fighting the Empire.

They arrive at Parliament, only to find the Procyons have already sprung their trap. The Navy fleet, commanded by Admiral Amelia, is fighting off a combined force of the Procyon Diplomatic Fleet and a fleet of Ironclads. After aiding Amelia in fighting off the first wave, the Procyons split up. The Diplomatic Fleet heads straight for Parliament, and the Ironclads head for the combined Navy/Pirate force. Jim agrees to protect Parliament from the Procyon vessels, while Silver and Amelia have their troops fighting the Ironclads. Jim manages to stave off the Procyons, but an Ironclad Dreadnought arrives, apparently having destroyed both Amelia and Silver's fleets. Fearing the worst, Jim engages the Dreadnought. Although the Dreadnought is outnumbered, it easily outguns Jim's fleet.

Jim's Man-O-War is heavily damaged in the battle, and loses all of its weapons. The Dreadnought stops firing, preparing to ram, which will completely obliterate the Navy vessel. At the last moment, Silver's badly damaged ship arrives. Ramming the Dreadnought, both ships are apparently destroyed.

The Procyons are forced into harsh peace terms thanks to their treachery, and the Empire is saved. And because of Silver's cooperation with the Navy, Silver has been pardoned of his past crimes, but because no trace of him was found, an honor of a Knight of the Empire was awarded to him posthumously. Though the official word was that Silver has died during the ramming of the Dreadnought, Jim believes otherwise, knowing that Silver is out there somewhere.

Long John Silver (Treasure Planet): Pleasure to meet you J.D.

Me: You too John.

I looked at his arm and body with my data eyes and it was an amazing mechanical feat. His cybernetic arm had amazing tools and many features. Who needed a Swiss Army Knife when you had an arm like John Silver's?

Nico: That is an amazing arm.

Lincoln: Amazing machinery.

Long John Silver: Why thank you.

Me: Boy that is really amazing. I think this kind of technology and machinery would be perfect for a friend we have on Earth.

Long John Silver: That it would.

We saw Long John Silver cook a really good stew with all kinds of tools in his arm and it was a really impressive feat.

Long John Silver: Here. Have a taste of me famous Bonzibeast Stew.

Me: Sure.

I tasted some and it was delicious.

Me: Wow! Delicious.

Starfire: It sure is delicious. On Tamaran we have such confectionaries during the celebration of the Blorthog.

Dr. Doppler: That's interesting.

Lana: I'll say. Very good stew!

Lana ate the whole bowl.

Later we got our journey underway. We were off to Treasure Planet.

Me: Captain's log, Stardate 2793.4: We are en route to the legendary Treasure Planet, a mysterious world said to house a powerful treasure worth more than all of the money in over 100,000 galaxies combined together. Our mission is to find this treasure, help Jim get his family and his hotel back together and bring the treasure back to Earth.

We were flying through the stars and we saw all kinds of amazing features never before seen.

Me: Wow. Look at all this.

Varie: Incredible.

Maria: We're gonna watch the other crew members J.D.

Me: Good. If they make any moves, blast them.

Maria: Right.

Jim was not having a good day. He was made a cabin boy and was moping the deck.

Jim Hawkins: Yeah, I got your Mr. Mop.

A big four armed alien walks by him and pushes him

Big Alien: Watch it, twerp.

Maria: Back off freak.

A bunch of aliens were talking and Jim was looking at them.

Alien 1: What are you looking at, weirdo?

The 1st alien got off another alien.

Alien 2: Yeah, weirdo.

Lincoln: Nothing you freaks.

---

Down from the crows nest came Mr. Scroop.

Mr. Scroop: Cabin boys should learn to mind their own business.

Jim Hawkins: Why? You got something to hide, bright eyes?

He was insulted

Mr. Scroop picked up Jim.

Mr. Scroop: Maybe your ears don't work so well.

Jim Hawkins: [Grunts] Yeah. Ahem. Too bad my nose works just fine.

Mr. Scroop: Why, you impudent little-

[Crew shouting]

Alien 3: Go ahead! Slice him! Dice him!

Mr. Sluff: [Poot poot phoot]

Mr. Scroop: Any last words, cabin boy?

John Silver appeared and grabbed his arm in a clamp.

Long John Silver: Mr. Scroop… you ever see what happens to a fresh purp when you squeeze real hard?

He crushed his arm.

Maria then formed a sword of water and slashed off Mr. Scroop's left arm.

Maria: That's for wanting to hurt Jim.

Ben, Bella and me got all kinds of unique alien DNA samples. Some of them were from planets in other galaxies. We saw Jim and Long

John Silver bond very closely and it was an incredible experience. They had all kinds of good times. They were doing all kinds of good things like a father and son.

But then suddenly without warning, we felt the massive blast wave from a massive explosion!

Me: Geez!

Lisa: J.D.! We felt a blast wave from an exploding star!

Dr. Doppler saw what happened from the Crows nest!

Dr. Doppler: Good heavens! The star Pelusa, IT'S GONE SUPERNOVA!

We saw the star explode right in front of our very eyes!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Captain Amelia: Evasive action J.D.!

Me: Aye captain! Hold on guys!

We were outrunning the explosion.

Mr. Arrow: ALL HANDS FASTEN YOUR LIFE LINES!

They got to tying themselves to ropes.

We outran the explosion and fired energy lasers at the debris and destroyed much of it. But then a massive chunk of star debris was coming and it then went back and we saw the star devolving into a BLACK HOLE! It was pulling us in! We then formulated a plan to ride a massive and powerful shockwave from the Black Hole out of it. Mr. Arrow was blown overboard by another shockwave blast. But luckily his lifeline was holding. Scroop was about to cut it.

Maria: NOT THIS TIME!

Maria slashed his arm 2nd off and kicked him into the boat and pulled Mr. Arrow back on board.

Mr. Arrow: Thank you so much Maria.

Maria: You're welcome.

We got sucked into the black hole and then a massive shockwave went off and then we were blasted out of the black hole with incredible force! We were free from it!

Me: Wow! That was awesome!

Nico: Yeah!

Laney: Yeah! That was awesome!

Naruto: It sure was.

Back on the ship, Maria went to talk to Silver.

Maria: Silver, can we talk to you for a second?

Long John Silver: Certainly lass.

They went to below deck.

Long John Silver: Ok, lads. What's so important that you had to take us somehwere private.

Maria: You can drop the tough guy act, Silver. I know that you care about Jim so much.

Long John Silver: Aye. He's like a son to me.

William: Then I think it would be wise to join up with us and help get Flint's treasure the right way.

Long John Silver: But I can't abandon my pirate crew. They're important to me as well.

Spicer: Then you're gonna have to make a choice, won't you?

Scroop: Silver. Your time as leader is over. It's time for me to take command!

Long John Silver: You and what army, bug?

Scroop: (smirks) Only some of yours.

Maria fired a laser blast and completely obliterated Mr. Scroop and some of the crew.

Long John Silver: (to the remaining pirates) Would anyone else like to join Mr. Scroop in Hell? (none of them spoke) That's what I thought.

Maria: I never liked that 8 legged freak.

Lana: Me neither. Why do you think we kept Leni on board our ship?

Gia Moran: Good thinking.

Laney: LAND HO!

We then saw TREASURE PLANET!

It was a beautiful 2 ringed planet.

Me: Prepare to land.

We landed onto the planet and it was gonna be a big adventure. We got out and got onto the planet and it was amazing. We found a robot named B.E.N. and Jim opened the map and it showed where to go and we were lead to a big hole.

Lana saw a hole in the ground and she told Jim to put the map he had in there. He did so and a holographic orb appeared and then golden beams of light converged and shot up at the edge of the cliff and formed into a triangular portal. The portal showed a big nebula.

Lana: Oh wow!

Jim Hawkins: The Lagoon Nebula?

Long John Silver: But that's halfway across the galaxy.

Janeen: That's 6,000 light-years away from Earth in the constellation of Sagittarius the Archer.

Lana: That is so cool!

Me: That's one of my favorite Nebulae.

Nicole: It sure is pretty.

Jim pressed a button on the hologram orb.

Jim Hawkins: A big door…

The portal changed to another location. It was the Planet Chyar.

---

The Planet Chyar is a gas giant planet located 82,000 light-years away from Earth. The cities in the clouds are made of crystals and they float above the clouds. The planet is 45 million kilometers or 27,961,703 miles in diameter and the natives are very friendly.

---

Jim Hawkins:… opening and closing.

Shanan: Wow! That's the planet Chyar!

Lana: That is so cool!

Janeen: It sure is.

Girl Jordan: Wow!

Laney: Breathtakingly beautiful.

Jim pressed another button and it changed to another location. It was the Planet Taypora.

---

The Planet Taypora is a desert mining planet located in the Cigar Galaxy 12 million light-years away from Earth. The planet mines gold, silver, gems and other metals.

---

Janeen: I remember seeing all these planets.

Lana: Me too.

Shanan: That's the planet Taypora in the Cigar Galaxy.

Jim Hawkins: These are cool planets. (Looks at the orb) Lets see. Kinapis. (Sees another location. One that he knows) Montressor Spaceport.

He pressed it and the portal changed to his home planet, Planet Montressor.

Me: Montressor Spaceport.

Nico: Home base.

Jim Hawkins: So that's how Flint did it. He used this portal to roam the universe stealing treasure.

Nico: Wow.

May: This is incredible. I never knew he was that crafty in doing that.

Samus: Where did he put the treasure?

Jim Hawkins: Lets see.

Jim pushed some buttons and we saw numerous planets. We saw the storm planet Xaikora.

Planet Xaikora is a gas giant planet located in the Sombrero Galaxy 31 million light-years from Earth. It orbits a Black Dwarf Star (Dead Star) and is home to living ball lightning creatures called Xaikoran Lightning Sprites. The planet is 13 times larger than Jupiter.

Shanan: That's the planet Xaikora.

Lincoln: Wow! It sure is creepy and cool!

Lucy Loud: I would enjoy going to a planet like that.

The portal opened up to the island planet Ziphorma.

---

Planet Ziphorma is an ocean planet with a very unusual oceanscape. The cities are actually giant hollow domes and in them are aqua people. The domes on the outside look like islands. The planet orbits a Red Dwarf Star and lives in the Black Eye Galaxy, 24 million light-years away from Earth.

---

Shanan: That's the planet Ziphorma. It's pretty.

Nico: No kidding.

Fu: Boy it sure looks really amazing.

The portal changed to the rocky planet Uintahzia.

---

Planet Uintahzia is a rocky planet located in the Andromeda Galaxy 2.3 million light-years away from Earth. 15% of the planetary structure was blasted to space dust millions of years ago by an asteroid that slammed into the planet. The creatures on the planet are predatory.

---

Shanan: That's the planet Uintahzia.

Sheila Castille: That's Shredlegs home world.

Nico: Wow. So that's Uintahzia. It's sure strange.

The portal then changed into the futuristic city planet Qintorakin.

---

Planet Qintorakin is an advanced city planet located in the Sombrero

Galaxy. The planet is many years more advanced than Earth. The population is 200 trillion people.

---

Shanan: Wow! That's planet Qintorakin.

Lynn: Whoa! These planets are all incredible!

Janeen: This is all amazing. I can't believe that there are so many planets.

Nicole: There's an infinite number of planets out there. With over 200 Billion plus galaxies out there, there's countless planets waiting to be discovered.

Paige: That is amazing.

Lana: And all these planets are the ones that Captain Flint stole treasure from over the years.

Lily: That is amazing.

B.E.N.: Treasure. Treasure. It's buried in the…

Jim: Buried in the Centroid of the mechanism. Wha… What if the whole planet is the mechanism? Then the treasure is buried in the center of this planet.

Lana: I remember that.

Lana pressed a small button in the middle of the planet on the hologram and the portal opened up and revealed the center of the planet.

Jim Hawkins: There it is. Flint's Treasure.

Captain Amelia: Let's be careful. It might be booby trapped.

Me: It is booby trapped. Flint wanted to make sure that no one could ever steal his treasure. He rigged this whole planet to explode.

Everyone gasped.

We flew through the portal and we saw that I was right.

Me: There it is. A laser tripwire.

Luan: He really Tripped that one. (Laughs) Get it?

Me: Love the jokes Luan. But now is not the time.

We then saw something that defied all form of logic! In the core of the planet, we saw that the center of the planet was really where Flint stored the treasure. It was completely covered with gold, jewels, and so much treasure that it defies all description.

Janeen: Whoa!

Lana: The Loot of 1,000 Worlds!

Nico: Wow! Look at all this treasure!

Jim Hawkins: Incredible!

We went out and got a lot of treasure and it was all worth a huge amount of money that would make any planet the richest planet in the universe.

We beamed most of it all to the ship and we gave some of it to Jim. It was an amazing find.

Long John Silver: (Gasp!) A lifetime of searching! And at long last! I CAN TOUCH IT!

Later me, Jim and B.E.N. were on another boat and we saw the skeletal remains of Captain Flint.

Jim Hawkins: Captain Flint?

B.E.N.: In the flesh.

Me: Whoa!

Janeen and Lana jumped onto the boat

Lana: Whoa! Looks like he has been in here for a long time.

Janeen: He sure has.

Me: No kidding. He wanted to stay with his treasure till the end of his life.

After we got the treasure on board the ships we got an unexpected surprise.

?: Looks like you got all the treasure.

We then saw PROFESSOR CALAMITOUS!

Me: Professor Calamitous!

Jimmy Neutron: What in Pukin Pluto are you doing here!?

Professor Calamitous: Isn't it obvious Neutron? I'm here to destroy you.

?: And he's not the only one.

I recognized that voice.

Me: I thought you would give up your fucked up ways after spending all that time in Hell. 150,000 years hasn't been too kind on you Dr. Amachi!

Out came Orochimaru's scientist DR. AMACHI!

---

Amachi (in Japanese: アマチ, Amachi) is the main antagonist of the Kaima Capture Mission Arc of Naruto. He is a scientist who used to work for Orochimaru. In the past, he conducted illegal experiments on the citizens of the Land of Sea.

He was voiced by Hideyuki Umezu in the Japanese version, and by Doug Stone in the English dubbed version.

In the past, Amachi used to work alongside Orochimaru in the Land of Sea. They work to abduct the citizens of the Land of Sea and put them through illicit experiments so that they can create a human that can breathe under water. As a result of their abductions, everyone who was taken to be experimented on did not return to the Land of Sea. Amachi also witnessed Orochimaru giving Anko the Cursed Seal of Heaven mark when she was a young girl. Orochimaru left the Land of Sea and Amachi continued his experiments on the citizens of the Land of Sea. Amachi found Isarabi and successfully turned her into a human-fish hybrid. He coerced her into attacking ships so that he can one day turn her back into human. At some point, he experimented on himself and managed to turn himself into a fish-humanoid. Unlike Isaribi, Amachi can transform back into a human.

After the events of the chuunin exams, Yoroi Akado and Misumi Tsurugi came to help Amachi. Orochimaru also returns to the island to talk with Amachi about their experiments. During his meeting with Orochimaru, Amachi had the moment to meet Sasuke Uchiha briefly. Amachi continues to coerce Isaribi into attacking the ships so that he can get his hands on the resources on the ship. Amachi eventually meets the leaf ninja in his hideout when he came face-to-face with them. He attempts to trap them which results in them being expelled from his hideout.

Amachi confronts the leaf ninja on one of the ships after having Isaribi attack them. Naruto manages to talk Isaribi out of her actions leaving her to hesitate. Amachi fights Anko and manages to gain the upperhand over her. Amachi confronts Isaribi and gets angry when she no longer wants to go along with his schemes. Amachi transforms into a stronger fish-humanoid form and attacks Naruto. Naruto soon finds himself trapped by Umibozu, a creation of Amachi that is made out of water. Naruto uses his nine-tails chakra form to burst out of the water creature and defeats Amachi with his brute strength. Amachi is detained by the leaf ninjas. Umibozu attempts to attack Naruto until the latter summons his giant frog, Gamabunta to help defeat Umibozu.

When Amachi is detained by the leaf ninjas, he mocks the ninjas and mocks Isaribi saying that when she was done working for him he was going to dissect her instead of turning her back to human. Anko asks him where Orochimaru was but Amachi refuses to give her an answer. He is taken by the leaf ninjas and arrested.

Dr. Amachi: I'm flattered you still remember me after all this time J.D.

Me: I haven't forgotten everything you've done and all the lives you've ruined in cold blood.

Qin: Who is he?

Me: That's Dr. Amachi. He was one of Orochimaru's top scientists. He specialized in trying to create the ultimate shinobi that can live and breathe and fight underwater. His experiments ruined so many lives and he is just as fucked up as Orochimaru was. We ruined all his plans and destroyed all his research and we got him sent to the Leaf to face trial for his crimes and we sentenced him to death and sent it as a message to Orochimaru.

Qin: What was the message?

Me: You fuck around with mother nature, you fuck around with us and you will die a horrible and painful death. Which is exactly what Orochimaru and Amachi got.

Dr. Amachi: With my skills and science I would've surpassed him.

Me: You're just as fucked up as ever and you're too late for that. Orochimaru is dead and I erased him from existence forever. He's not even in the afterlife.

Isaribi then went up to him.

Dr. Amachi: So Isaribi, you've showed up. I'm still not surprised that you are with them.

Isaribi: I will never forgive you for ruining my life Amachi! You may have turned me into a master of the water, but I will never forgive you for all the pain and suffering you've caused to so many others!

?: Aww let me help too.

Out came another figure and it was GOOGLEHEIMER THE TOY ROBOT from episode 24 of Zeo!

---

Googleheimer the Toy Robot is a robot toy monster used by Prince Sprocket (he wanted a new toy to play with, so his parents gave in). Despite his appearance. he is a deadly adversary. The Rangers did take him down with the Zeo Cannon, but it wasn't enough, as Klank & Orbus made the monster grow. During the Megazord battle, the monster trapped the Zeo Megazord in what looked like silly string. The Red Battlezord came to the rescue and bailed out the Zeo Megazord. He was defeated by the Zeo MegaBattlezord.

---

Tommy Oliver: Googleheimer!

Googleheimer: I've been wanting to play some more.

Me: I remember this guy! He put up quite a fight with you all.

Kat Hillard: (Australian Accent) He sure did. It was a terrible fight.

Googleheimer: You wouldn't hurt a nice toy, would you?

Stacy: A nice toy? Nope. But you aren't a nice toy!

Me: I'll face Amachi. You guys handle the others.

Isaribi: No J.D. I'll face Amachi. I have an old score to settle with him.

Me: If that's what you want then I won't stop you Isaribi. Show no mercy.

Isaribi: With pleasure.

Qin: What is she gonna do?

Me: Amachi experimented on her and turned her into a Fish Humanoid. Isaribi now wants to make sure he pays for his crimes.

Qin: Geez!

Troy: Silver, I hope the Ranger Team we turn into has technology that amazes you.

Megaforce Rangers: Legendary Ranger Mode: SPD!

The Megaforce Rangers turned into the S.P.D. Rangers!

Long John Silver: Whoa! That is amazing!

Gia Moran: Thank you.

Me: Lets dance.

Nicole: I'll go with Isaribi.

Me: Okay.

We went at them.

Battle 1: ISARIBI VS AMACHI

Isaribi went up to Amachi and she snapped her fingers. Instantly they were on the ocean planet Aquimogu XIII.

Planet Aquimogu XIII is an ocean planet located in the Unknown Zone. It is a very strange world because it has a huge dense pine forest 500 feet below the surface of the ocean and it is loaded with lots of fish, sharks, whales, deep sea fish, mermaids and more.

The look on her face showed it all. Her face showed that she was determined to make sure that Amachi pays for his crimes to the full extent.

Isaribi: You ruined my life and turned it into a living nightmare and I will never forgive you for your crimes.

Dr. Amachi: You are a monster like me!

But Isaribi was not the same person Dr. Amachi made from before. She then flared up her aqua blue aura and water swirled around her as her power was rising at an exponential rate at an incredible level! She then underwent an incredible transformation and then she unleashed the full extent of her power and she was forever changed. She had an aqua blue bow in her hair, a mermaid mark was emblazoned in the middle of her forehead, she had aqua blue angel wings and she had fish fins on her arms and she her feet and she had blue ANBU pants, blue dress and she had an ocean sleeveless trench coat with the kanji for Isaribi Uzumaki - Neptune's Oceanic Maelstrom on the back. うずまきいさりび-海王星の海洋大渦 She was now a SUPER ANGEL 20,000 MERMAID OCEAN!

Dr. Amachi was shocked and he wasn't expecting Isaribi to have this kind of power!

Isaribi: Now your time has come!

Dr. Amachi turned into his Ocean Kaima form! It made him part fish.

Dr. Amachi: Then come at me!

Isaribi punched him in the stomach with incredible force and sent him skidding on the water and he stopped and he dove into the water and Isaribi dove into the water and she swam up to him without the buoyancy resistance and kicked him in the face and kicked him in the stomach and punched him in the stomach fired a powerful blast of water and it blew him around in a deadly tornado underwater. Isaribi then fired a powerful blast of energy and blasted a huge hole in his chest and it revealed his black heart as blood was pouring out of him. This got the attention of sharks and they went at him and ate him in a grizzly manor and killed him. Isaribi was on the surface of the ocean and then she saw his spirit appear.

Isaribi: Your crimes against nature made me what I am and you ruined so many lives. It's time for you to join Orochimaru in oblivion.

She held her hand up to him.

Isaribi: HAKAI!

Amachi glowed purple and he was being completely obliterated. He was completely obliterated in seconds and he was erased from existence for all eternity and it was like he was never born at all.

Isaribi: You are never welcome here.

Nicole went up to Isaribi and Isaribi broke down crying and she hugged Nicole and she was comforting her.

Nicole: It's all right Isaribi. Let it all out.

They went back to the others.

---

Battle 2: GOOGLEHEIMER

---

Nico and the Megaforce Rangers were facing Googleheimer.

Nico: Googleheimer, you have failed this world!

Nico, Stacy and the Megaforce Rangers fired a powerful blast of energy and lightning and it hit him and exploded!

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM!

Googleheimer: Bye bye.

He fell to the ground and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Emma Goodall: Yeah!

---

Battle 3: PROFESSOR CALAMITOUS

---

Next we were facing Professor Calamitous.

Me: You are a monster Calamitous.

Calamitous: I wasn't expecting to bring this out after so long. But, you've all forced my hand!

He pushed a button and a red robot suit teleported in.

Calamitous: Say hello to the CalamiBot! (hops inside it)

Cindy: Sheen, no matter how many times we argue, I've always seen you as a friend!

Sheen: Cindy, I've been using your toothbrush to clean my toilet!

Cindy: YOU WHAT?!

Me: Now's not the time to argue. Lets get him!

We went at him and I punched him in the face and Lincoln fired a powerful blast of lightning and electrocuted Calamitous all over and Lola fired a powerful blast of fire and burned him and Maria fired a powerful blast of water and drenched him and the suit was shorting out.

Me: Time for some teamwork!

Crumplezone: Right! CYBER KEY POWER!

The Velocitron Cyber Planet Key went into his back and his engines turned into powerful shoulder cannons.

Aeleus: Time for some Earth pain. EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into his Right Arm Device and enhanced his powers of Earth 100-fold.

Crumplezone and Aeleus: CRUMPLE EARTH MEGA BLAST!

Crumplezone fired a powerful blast of energy and Aeleus fired a barrage of boulders and they slammed into him and exploded!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

But one of the boulders from the blast triggered the tripwire.

G1 Scattershot: Time for some powerful missiles! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his electron pulse gun 100-fold.

Taranee: Time for some serious fire! CANDRAKAR CYBER KEY POWER!

The Candrakar Cyber Planet Key went into her right arm device and enhanced her Fire Powers 100-fold.

G1 Scattershot and Taranee: PYROLIGHTNING STORM STRIKE!

Scattershot fired a powerful blast of lightning and Taranee fired a powerful blast of fire and the blasts hit Calamitous and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

Ben: Lets see how he likes this!

Ben turned into Slapback.

Ben: SLAPBACK!

Astro Man: Lets get him!

Slapback turned into 8 more copies of himself and Astro Man fired a powerful meteor shower.

Slapback and Astro Man: SUPER SLAP METEOR SHOWER!

Slapback slammed into Calamitous and the Meteor Shower smashed him all over.

Ben then reverted back.

Ben: Lets see how he likes this!

Ben then turned into a new Ultimate Alien. It was ULTIMATE ARMODRILLO! He was bigger and had powerful armor and he had powerful drills on his shoulders and back and he had a tail with a drill at the end and he had stronger earth powers.

Ben: ULTIMATE ARMODRILLO!

Me: Whoa! An Evolved Talpaedon!

Shanan: Wow! That is amazing! I've never seen an evolved Talpaedon.

Riley: Wow! This is amazing!

Nico: It sure is.

Ultimate Armodrillo: Watch this!

He threw numerous rocks at Calamitous and drilled into his suit all over and it was a powerful attack.

Me: Time for Final Smash power!

Nicole: Right! STAR MEGA DRAGONSTORM!

Nicole fired a powerful blast of star energy and it turned into a deadly dragon and it slammed into Calamitous and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Jim Hawkins: Time for some treasure power. TREASURE PLANET SUPER STORM!

Jim Hawkins fired a powerful blast of gold energy and it hit Calamitous and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Dr. Doppler: Try this one! STARDUST MONTRESSOR BURN!

Dr. Doppler fired a powerful stream of stardust and it hit Calamitous and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Captain Amelia: This is for ruining our voyage! LEGACY MEGA CAT FIREBLAST!

Captain Amelia fired a powerful fireball and it hit Calamitous and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Morph: (Coos) CRYSTAL MORPHING BLAST!

Morph fired blasts of crystals and they turned into fire blasts and they hit Calamitous and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOM

The explosions destroyed Calamitous's robot suit and he was knocked down.

Calamitous: Drat! The suit still needs some improvements. But next time, it'll defeat you all easily! (teleports out)

Me: I don't think so.

Later, Jim saw a missing piece from B.E.N. and he put the two together.

Lana: I think this is B.E.N.'s mind piece. Here Jim.

Jim Hawkins: You're right Lana.

Me: That's it all right.

She handed it to Jim and he put it back and B.E.N.'s memories were restored.

B.E.N.: Whoa! Hello. You know uh Jimmy I was just thinking. (Realizes something) It's all coming back! All my memories! Right up to the point where Flint pulled my memory circuit so I can never tell anyone about his booby trap!

KRABOOOM!

An explosion was heard.

B.E.N.: Speaking of which.

Me: UH OH!

We saw a structure explode and knew that it spelled trouble.

B.E.N.: Flint wanted to make sure that nobody could ever steal his treasure. So he rigged this whole planet to blow HIGHER THAN A KALEPSIAN KITE!

Janeen: We got to get out of here!

Lana: Lets go!

Me: LETS GO!

We all boarded the ship

Double D was about to start the ship but Eddy stopped him.

Double D: What are you-

Eddy: Seatbelt.

Double D: Eddy, this whole place is about to blow! We have to go now!

Eddy: Then I guess you should stop complaining and put your seat belt on.

We did so.

Me: Lets get the Hyperdrive online.

Laney: Right!

Laney pressed a button and two key cards came out.

Me: On my mark Laney.

Laney took a key card and put it in a slot.

Me: 3, 2, 1, Initiate.

We turned both keys at the same time and the Faster Than Light Engine was activated.

Me: Here we go.

We then went faster than the speed of light and we left the planet

The planet exploded after doing so.

***KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

We arrived back at Montressor Spaceport.

Me: Wow! That was awesome!

Jim Hawkins: Wow! No kidding. But this was so awesome!

Me: It sure was.

Nico: Boy that was an awesome treasure hunt.

Nicole: It sure was. It was awesome!

Captain Amelia: It was an amazing and very invigorating adventure.

Troy Burrows: It sure was.

Jim Hawkins: (To the viewers) Treasure hunts are fun, but never take risks.

Me: True.

We went back to Montressor and the Benbow Inn was rebuilt it was bigger and better than ever and it was big. It was awesome! We later went back home and we had a good rest. Long John Silver joined the Redemption Squad and so did Captain Amelia and Morph and Dr. Doppler and Sarah Hawkins.

THE END

Another Awesome fanfiction and Disney Movie done.

Treasure Planet has been one of my favorite movies for a long time. It's too bad it didn't do well in the box office because of the competition with the 2nd Harry Potter movie, Die Another Day and The Santa Clause 2. But it was still a really awesome movie! Dr. Amachi during the Land of The Sea arc from Naruto was an awesome villain but he was really screwed up in the head. Next up is the Ido Monster from Yakumo Kurama and get ready to face a monster from the darkest reaches of the Subconscious. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is Scooby Doo Stage Fright and get ready for a hair-raising entertainment show.

See you all tomorrow.

# STAGE FRIGHT

In the estate, we went down into the prison. We were there to visit Dash. We got to his cell.

Bai Tza: Good news, Dash! You're getting out today!

Dash: Really? But I haven't even been in this cell for a whole year yet.

Me: We decided to let you out Dash.

We let him out and it was good for him to be outside a cell.

Thor: It is a relief to see you well, Dash.

Dash: Thanks Thor.

We got back up to the living room.

Dash: Lucas, I forgive Nadira and her dad for all the crap they pulled. But if she breaks your heart, I may have to snap her neck.

G1 Divebomb: (laughs) Trust me. Lucas actually broke her heart the first time they tried out their relationship.

Me: I remember seeing that on TV. But her dad has also redeemed himself. Ransik is no longer that mutant out to destroy the world.

Lucas Kendall: Yeah I made a mistake. But Nadira and I are now on good terms.

Me: Yep.

Qin: Who is Ransik?

Me: He was the primary enemy of the Time Force Rangers.

I went over his history.

---

Ransik is the main antagonist of Power Rangers Time Force and a supporting character of Power Rangers Wild Force. He is the (former) archenemy of Jen Scotts the Pink Time Force Ranger.

He was portrayed by Vernon Wells, who also played Bennett in Commando, Wez in Mad Max 2, and Mr. Igoe in Innerspace.

Ransik was created by the very people he seeks to destroy. In the future, children are born in labs, with traits designated by their parents. Ransik is a product of this tampering, born from an accident in a lab: During one of the required genetic enhancement sessions, one of the vials containing embryonic biomass unexpectedly fell and shattered, spilling the contents into a drain where the staff believed that the biomass would die out due to exposure to the outside world.

However, instead of dissolving, the sewer environment around the said spilled biomass unexpectedly caused it to mutate, and from the amalgamation of toxic waste and mutated biomass, a full-grown adult man was born. Possibly due to inherited memories of his parents' DNA donor, the creature, whom named himself Ransik, developed intelligence equivalent with that of full-grown man, but was forced to raise himself in the underground, rejected from society. As the first mutant, he organized factions of other mutants to take the world away from those who fear and hate his kind. He was also presumably married to a female mutant where from their union, Nadira was born. Who Ransik's wife and Nadira's mother was is never revealed in the series.

While roaming the dark parts of the city, he found three statues which were actually imprisoned Orgs. Since they had the same goal as him, to destroy humanity, Ransik set them free. The Org spirits copied his DNA and created bodies for themselves, making them Mut-Orgs. In exchange for freeing them, the Mutorgs gave Ransik the power to pull weapons from his body.

At one point before he organized factions of evil mutants, Ransik was bitten by the poisonous mutant known as Venomark. Alone and dying, Ransik was taken in by Dr. Fericks, who developed a serum which Ransik would need to take for life. Ransik turned on Dr. Fericks, stealing the serum and his Cyclobot technology, and laying waste to the lab. Dr. Fericks actually survived the explosion, and became Frax. It should be noted that it's not just Ferricks who felt pity on the mutant, as Jen stated many people tried to help him in spite of the mere sight of his hideous look which would terrify anyone who saw him, but Ransik was too consumed by hatred that reaching him was extremely difficult causing him to deny any help from humans.

From there on he carried out his plan to conquer the world and wipe out humanity. But due to Time Force stopping his evil plans, he resorts to traveling back in time with his army to conquer the world in the past, only for the Rangers to follow him.

In 2001, In what would be his last battle against the Power Rangers, Ransik injured Nadira, mistaking her for the Pink Ranger. Upon discovering this, Ransik was horrified at what he did and he realized that his hatred of humans had to end, because it only causes more suffering. He then turned himself over to Time Force.

Wild Force

A year after incarceration, Ransik was called on by Time Force to aid them against a new threat - the Mut-Orgs due to the history between himself and them. He agreed to help the Rangers, and travelled to the year 2002, where the Mut-Orgs went to ally themselves with Master Org. Before they started to hunt the Mut-Orgs, Ransik tells all the Rangers his story about how he unleashed them in the future, and revealed that the Mut-Orgs bestowed him powers to turn any part of his body into a weapon. He also reveals that he's already seen the error of his ways, especially the Mut-Orgs' existence. Just as the Mut-Orgs powered up their Spirit Bomb attack, Ransik, who was determined to fix his mistake, threw himself on them, causing an explosion which destroyed their mutant halves, allowing the Rangers to defeat them. The explosion nearly killed Ransik, but it also destroyed his mutant half, making him wholly human.

---

Qin gasped in horror.

Qin: That's terrible! But thank goodness the Wild Force Rangers and the Time Force Rangers helped him.

Nico: Yeah. I remember seeing that.

Lincoln: Yeah it was awesome how they teamed up and beat the Mut-Orgs.

Laney: It sure was cool.

Afterburner: (to Dash) We should do something about you and Notacon's DNA patches so you two can take them off without getting giant.

Me: Good idea.

I pulled Dash's patch on his left upper thigh and off and Lisa pulled Notacon's upper left thigh patch off.

Notacon: Thanks Lisa.

Dash: Good thing too.

Lincoln: Now you won't be able to go giant.

Nico: Yep.

Then an ad came up on TV. It was for the Talent Star competition!

Me: Hey look guys! Talent Star! Fred and Daphne told us that they were gonna be on that show over in Chicago.

Laney: Oh that is awesome!

Lola: That is amazing! I would look awesome on TV.

Nico: We should go there to root them on.

Me: They have a good singing act that they are gonna do there.

Linka: Really cool!

Liberty: I heard that the owner of the show, Dewey Ottoman, is a total germaphobe. He hates all germs and more.

Nico: What a freak.

Me: I got a surprise for him when we get there. Lets go root them on and Shannon, because of your bad history with Chicago, you can sit this one out.

Shannon: Thanks J.D.

Qin: Why can't Shannon go?

Me: She has a really dark history with the city of Chicago, Illinois. She was once a member of the ruthless Black Daffodil gang and she became a member of that gang to get revenge on her evil parents that were executed for capital murder. When Betsy Davis hired the Black Daffodil Gang, Luan helped Shannon come back into the light.

Luan: I sure did. That was an intense adventure.

Qin: Whoa! That is amazing!

Me: It was. Lets head to Chicago.

We were off to Chicago, Illinois.

## CHICAGO, ILLINOIS

We arrived in the Windy City of Chicago, Illinois.

Me: Well here we are guys. Chicago, Illinois. The Windy City.

Nico: Boy there's so much to do here.

Laney: I know. It's so cool being here.

Me: But Chicago also has one of the highest crime rates in the country.

Lana: Boy that is nuts.

Lola: Also this place is home to a crazy event that happened back in 1891. The Great Chicago Fire.

Me: Oh yeah. That was a terrible event.

Jessie K.: And can you believe that was all started because of a cow kicking over a lit lantern?

Me: I know. In all honesty, I don't know what Catherine O'Leary was thinking leaving a lit lantern in a barn that caused a cow to kick it and start one of the worst fires in our country's history.

Nico: I know.

We arrived at the old Chicago Opera House.

Me: Here we are guys.

We also saw the Mystery Machine there and we saw them there.

Me: There they are.

We walked up to them.

Guard: Sorry sir. No dogs allowed other than seeing-eye dogs.

Me: He's with us.

The guard saw us.

Guard: Team Loud Phoenix Storm!

Me: Yep. He's with us and we came to root Fred and Daphne here.

Fred: Glad you all came.

Daphne: Yeah.

Velma: We are helping Daphne and Fred in their singing act. But we got word that a Phantom is running around.

Me: A Phantom?

Shaggy: Like yeah! We saw him! He was an ugly creep with red glowing eyes.

Nico: Sounds like we have another mystery on our hands.

Me: Yep.

Maria: (to Fred and Daphne) You two nervous?

Daphne: A little.

Maria: It's ok. We all get Stage Fright at some point in our lives.

Nico: That's true.

Me: Okay lets get to work.

Dewey Ottoman then came.

Dewey: You are not getting your germy hands and feet all over. Especially with that filthy dog!

I then grabbed him by his shirt.

Me: We are coming in whether you like it or not you freak.

I them pulled out a test tube full of a blue liquid.

Me: You will let us walk around and check things out or I will turn you into a carrier of the most lethal virus ever known in the history of mankind!

I held up the liquid to his face.

Me: This is something I call Virus-99. It's the most lethal virus ever discovered next to the Ebola Virus! Symptoms start out as flu like symptoms and then it destroys your organs starting with your brain and then your heart. It's highly contagious and kills you in 4 hours! No incubation period and it's highly contagious. Now let us in or else!

Dewey: I would rather die than have you in my building!

Me: Have it your way!

I popped the cork and poured it down his throat.

Dewey: (SCREAM!) NO!

He ran away.

Nico: Nice one!

Lisa took the tube and tasted the liquid.

Lisa: This tastes like blueberry juice.

Me: That's because it is Blueberry Juice, Lisa. I did all that to scare him.

Guard: That is very clever. I never liked Ottoman anyway. His germaphobic ways were really getting on my nerves.

Me: I don't blame you.

We went in and searched for clues. We looked around and we found out that there was more than one phantom! We found out that one of them was the handsome phantom named Steve Trilby. He was really the original phantom and he vandalized the Opera house over 40 years ago because he hated disco music. But we decided to let him go. In Dewey's office we found a magazine article for the famous and priceless Soap Diamond, a natural diamond worth a fortune. We captured a phantom in the office and found the Soap Diamond in his pocket. Next we found another Phantom setting the stage on fire and we caught him and Lola extinguished the flames. Next we found another phantom writing on the walls "Christine Must Win" and we caught that phantom. Lastly we caught another phantom that was running around and we tied them all up in chains.

Me: Well these phony phantoms are looking at a long time in prison for their crimes.

Emma Gale: Yeah!

?: And you'll be joining them in hell!

A figure came out and it was ULTROG from episode 4 of Operation Overdrive!

---

Ultrog was created by Kamdor. This black-and-blue-colored keylock/ laser disc-themed monster was first seen trying to "kidnap" Mira in order to lure Dax to where he was in the city. Dax attacked the monster and gave him a beating to impress Mira; soon the monster retreated. Later, Ultrog returned, seeking the Neptune scrolls. The Rangers battled him, but because Dax's heart was so tender after thinking about Mira, Dax could not handle him. Ultrog threatened to take Mira away again unless the Rangers gave him the scrolls. Dax, feeling helpless, handed them over, but the monster ended up throwing Mira up into the air, for which the Blue Ranger was able to catch her. Ultrog had absorbed the power of the two scrolls he had taken, making him stronger than before and now given him a Lighting Baton. He proved to be too much for the other four Rangers when he battled them again that night, but the tables were turned when Dax came back to join the others, as well as to reveal that the third scroll that Mira (who finally revealed to Dax her true identity of the evil Miratrix) had stolen was a fake. The Rangers soon took out Ultrog, but from inside the jewel of Miratrix's necklace, Kamdor used a sutra to make Ultrog grow. After forming the DriveMax Megazord, Ultrog had the upper hand again, but then Spencer gave the Rangers the power of the third scroll, which allowed them to suck the power of the other scrolls out of the monster; the scrolls then made their way back into Spencer's hands. Soon afterwards, Ultrog was destroyed by the DriveMax Megazord Saber.

---

Mack Hartford: Ultrog!

Ultrog: Its been a long time rangers!

Me: I remember this guy! His crimes really made my blood boil and he messed around with Dax's love life!

Ultrog: (to Dax) How's your love life, Blue Ranger? Oh, wait. I forgot. You don't have any!

Dax: (Cries hysterically) Do you have to remind me?!

Will Aston: (glares at Ultrog) Dude, that was not cool!

Me: Don't waste your breath Will. He's pure evil and proud of it.

Ultrog: (to Mack Hartford) Too bad you don't have your Battlizer anymore, Red Ranger. If you did, you would've beaten me by now!

Mack Hartford smirked and he activated his Battlizer.

Ultrog: (to Mack Hartford) What?! That's impossible! You can't have access to your Battlizer anymore! You're no longer an android!

Mack Hartford: While you were busy helping the Phantom cause trouble here, J.D. managed to restore my Battlizer and make it compatible for humans.

Me: That's right.

?: **It's not nice to Meddle.**

Me: It's been over 150,000 years since I helped Yakumo destroy you Ido.

We then saw another figure come out and it was YAKUMO KURAMA'S IDO MONSTER! It was just as ugly as it was when I faced him 150,000 years from now.

Qin: (GASP) What is that ugly thing!?

Me: That is Yakumo Kurama's Ido monster. It was a monster that was responsible for nearly killing her family in a deadly fire. He is really merciless and evil to the core.

Yakumo: That's right. I have a really dark history with this monster. He nearly ruined my relationship with Kurenai-Sensei and nearly gotten the entire Kurama Clan completely destroyed!

Yakumo went over her dark history.

---

Born with a weak body, she was unable to perform the physical activities required of a ninja. Worried about this development, her father petitioned the Third Hokage to grant Yakumo a special tutor to allow her to become a proper ninja. This tutor was Kurenai Yūhi, who was a genjutsu user like Yakumo. Inspired by the example of Rock Lee, who was unable to use ninjutsu or genjutsu, and his relationship with his sensei Might Guy, Yakumo believed she could become a ninja through simply concentrating upon her genjutsu skills.

But Kurenai lacked Guy's optimism and felt that she was unable to train Yakumo in this regard. She eventually refused to train Yakumo, instructing her to seek another path in life. But Yakumo's refusal forced Kurenai to later seal up the young girl's powers. This was done on the order of the Third Hokage, as he had been made aware of the Ido (イド, id), a sentient and malicious personality within Yakumo's mind, which had been generated from the id part of her psyche. This personality could control her and use her incredible powers for destructive means - with the destruction of Konohagakure foremost in its mind. However, the monster overcame the seal, and cast the illusion of a fire engulfing the Kurama clan's household, which killed Yakumo's parents. Yakumo, however, believed that the fire was started on the order of the Third Hokage, having overheard a conversation that she believed indicated that the Third Hokage was planning to kill her if she became too much of a threat.

---

Qin gasped.

Qin: I've heard about Ido monsters! They are like what I saw in that movie Forbidden Planet!

Me: That's right. We found out about it when her uncle Unkai told us the story.

FLASHBACK - 150,000 years from now.

Sakura was healing Unkai.

Unkai Kurama: We wanted to find out what caused the near tragedy. So we ordered a complete medical examination on Yakumo.

A memory shows Yakumo in a room hooked up to all kinds of machines.

Unkai: They arrived at the conclusion that the creature which appeared at the fire came from Yakumo's deep subconscious. In other words, it was a manifestation of her Ido.

The medical personnel were horrified at what they saw! They saw on a special machine that showed her powerful chakra, a horrible and terrifying spirit creature roaring malevolently.

Sakura: An Ido monster?

Unkai nodded.

Me: I've read about Ido monsters. They are said to be the physical and spiritual constructs of our evil thoughts and primal instincts.

Unkai: That's right. I immediately went to the 3rd Hokage and asked for guidance.

FLASHBACK WITHIN A FLASHBACK

Unkai: Ultimately, the girl was unable to endure the physical expectations that the village placed on her and soon her subconscious cracked under the pressure. To protect itself, it released her pent up fury. Sir, we do not believe that Yakumo's Ido monster is finished. It will keep going until the whole Kurama Clan is decimated, and then the entire Hidden Leaf Village.

Lord Third: I understand the risk, but I refuse to authorize any violence. Yakumo isn't even aware that this evil power exists inside of her, and this village does not take innocent life.

Unkai: But Lord Hokage, once her subconscious completely awakens, there will be nothing we can do to stop it.

Lord Third: In that case, we'll just have to work with Yakumo until she can control the power by herself. And if that's not possible, then we'll have to seal her Genjutsu.

Unkai: How can we?

Lord Third: It's slightly different, but there has been one precedent. In a similar situation, the spirit of the 9-Tailed Fox was sealed away inside the body of a newborn.

Unkai: That's absurd. There isn't a ninja alive strong enough to seal the immense power that Yakumo possesses.

Lord Third: Actually, there might be one person I know who fits the bill. However, the mission will be brutal. I pray this person can teach the girl to control what is inside her. If we are forced to seal her powers, we will erase all the good Yakumo could have achieve in her life. This person will have to weather Yakumo's resentment and bear the weight of ending the lineage of the Kurama clan's powers.

FLASHBACK WITHIN A FLASHBACK ENDS.

Unkai: Then the 3rd Hokage lowered his head and wept.

Me: Don't tell me. The person who was teaching Yakumo was Kurenai?

Unkai: That's right.

We were shocked.

Kiba: Of course! So that's what Kurenai-sensei was talking about this whole time. Darn it, I had no idea she was going through all that.

Me: None of us did Kiba. I sensed some huge energy abnormalities in Yakumo when we first met her. But we never even knew about this until now.

Might Guy: I knew that Kurenai had decided to seal away Yakumo's powers, but this is the first I've heard about the danger the girl's subconscious caused.

Me: This is why Naruto went and did some detective work shortly before we came here. He went to Sarutobi-Sensei and he found out everything.

Sakura: Kurenai-sensei risked everything to keep it a secret, even her reputation.

Me: Yes. It was a huge burden even for her.

FLASHBACK ENDS

Me: Even after all that time 150,000 years from now, the scars of the wounds that the Kurama Clan were dealt still linger.

Qin: That is awful.

Me: I know. Now we got a fight on our hands. I'll face the Ido monster.

Nico: And we'll face Ultrog.

Me: Okay.

I snapped my fingers and me and the Ido Monster were on the volcano planet MASAYA!

---

Planet Masaya is the 4th planet of the Mexjanxia System. It is named after Masaya Volcano in Nicaragua and the giant lava lake is its most prominent feature. The lake is called Boca del Infierno, the Mouth of Hell. The people of this planet greatly fear this lava lake because of its connections to Hell. The lava of lava has countless souls of the damned.

---

Ido: **So this is the place where you will die.**

Me: It is. I chose this planet for our fight. And for the record I'm not the same person you faced 150,000 years from now.

Ido: **Oh and how is that?**

I then flared up my power to the extreme and went Super Angel-Ebonwu 100,000 Elemental Phoenix.

Me: (Divine voice) **This is why. I've gotten far more powerful than ever.**

Ido: **Then you will die little…**

POW!

I punched him in the stomach with devastating force and punched him in the face and sent him crashing into the rocks. He got up and fired a powerful blast of blue fire and I fired a powerful blast of fire and the blasts collided and exploded.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I then punched him in the face and fired a powerful blast of energy and it hit him and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM

Me: **SCORCH STYLE NINJA ART: SAHARA FLAME SWORD MUMMFICATION!**

I formed a sword of pure fire and heat and slashed the Ido Monster and it dried it's legs up and turned them into mummified bones,

Me: **Check this out. SCORCH STYLE NINJA ART: DEATH VALLEY DROUGHT FLAME WIND!**

I fired a powerful blast of fiery wind and it hit the Ido monster and dried his arms up and mummified them.

The Ido monster was on its last legs.

I held my hand up to his face.

Me: **You've tormented Yakumo and her family for the last time.**

**HAKAI!**

The Ido monster glowed purple and he was being obliterated in a instant as it was being erased from existence for all eternity.

I then saw into the Lava Lake and it was really scary and more as I saw many damned souls screaming in pain in the molten lava.

Me: **Wow. This planet would've been much more perfect for the fight with Evil Sasuke. Now to help everyone else take down Ultrog.**

I teleported back to Earth.

---

Back on Earth everyone was facing Ultrog.

Troy: (to Emma Gale) Emma, me and my team would like to do an act of our own.

Emma Gale: Right now?! In the middle of a battle?

Emma Goodall: Trust me. You're gonna love this one!

Megaforce Rangers: Legendary Ranger Mode: Star Earth Five!

The Megaforce Rangers turned into the Earth Squadron Fiveman from 1991.

Emma Gale: Wow! That is so awesome!

Nico punched him in the face and the Megaforce Rangers blasted Ultrog all over the place.

I appeared and punched him in the face and Lincoln fired a powerful blast of lightning and electrocuted him all over and Laney fired a powerful blast of fire and burned him all over.

Luna and Sam fired powerful blasts of water and fire and burned and drenched the freak.

Edzilla: ED SMASH KEYLOCK MAN! (punches Ultrog)

SMASH!

Emma Gale then shocked us by punching Ultrog in the face and kicked him in the stomach and sent him crashing into the wall. He fired a powerful chest beam blast at her and she was running at him as the blasts missed and exploded in fiery explosions!

KRABBBBBBOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOMMMMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOOOOMMMM!

She then kicked him in the face and sent him flying and then Emma Gale fired a powerful blast of fire from her hands and it hit Ultrog and exploded with incredible power!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She then shocked us more by spreading wings of pure fire and flew into the air.

Ultrog: WHY YOU LITTLE BRAT!?

Ultrog fired green laser blasts from his arm and blue energy blasts from his chest and Emma slashed him all over with a sword of pure fire.

Emma Gale: (Chanting in Latin) Novus ordo seclorum de custodibus sumus? Milites sumus de potentia ad lucem! Nos ex centro est, sole profundum! Et flamma ignis: ut sint unum!/We are the guards of the new world order! We are the soldiers of the power of light! We are the centre, the depth of the sun! Fire and flame, we are one!

Emma was then enveloped in a massive aura of fire and it was unbelievable and it increased her powers 100 Novemdecillion-fold.

Me: **WHOA! Look at that!**

Goku: Whoa! Her power just skyrocketed at an incredible level!

Vegeta: Incredible!

Shanan: That was latin for "We are the guards of the new world order! We are the soldiers of the power of light! We are the centre, the depth of the sun! Fire and flame, we are one." I've heard that from somewhere.

Nico: Do you know where it came from?

Shanan was in deep thought.

Emma punched him in the face and sent him crashing into the wall.

Suddenly we felt a massive energy increase and we saw that we are enveloped in fire auras of different colors.

Me: **WHOA! My power! Its skyrocketing!**

Nico: Wow! All our powers are skyrocketing!

Emma Gale: My aura seems to be affecting you.

Me: **It sure is Emma.**

Shanan: Wait a second! I remember now! Emma, you are from the planet Honou Prime.

Emma Gale: That's right.

Me: **Honou Prime?**

Shanan: It was a beautiful peaceful planet located over in the Cartwheel Galaxy.

Emma Gale: That's right. The people of Honou Prime were a very peaceful and powerful warrior race whose hearts showed everlasting purity for all life and they were known as the true masters of fire and life. But Honou Prime was an extremely unstable world like the planet Krypton. When I was a baby, my mother sensing impending doom, put me into a capsule and sent me to Earth. I was blasted off to Earth just as planet Honou Prime exploded. I lost all of my real family. But my parents adopted me and raised me like a member of their family.

Me: **Wow! That's incredible.**

Superman: That is exactly like what happened to the planet Krypton.

Nico: Very similar.

Lori: Emma we're very sorry about what happened.

Shanan: That also explains why you have those awesome fire powers. The Honouians were the masters of fire and life and they have powerful life energy that is strong enough to revive dead plants and even cure diseased people.

Emma Gale: That's right.

Me: **I never even knew about that. That is so cool and amazing.**

Emma Gale: It sure is.

Nico: That's amazing.

Emma Gale: I know. Lets take this monster down.

Me: **With pleasure. Lets show them some teamwork!**

G1 Divebomb: With pleasure! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his particle rifle 100-fold.

Bai Tza: Lets do it! ZODIAC CYBER KEY POWER!

The Zodiac Cyber Planet Key went into her right arm device and enhanced her powers of water 100-fold.

G1 Divebomb and Bai Tza: MAELSTROM PARTICLE BLAST!

Bai Tza fired a powerful blast of water and Divebomb fired a powerful particle blast and the blasts hit Ultrog and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Thor: Feel the power of the lightning! ASGARD CYBER KEY POWER!

The Asgard Cyber Planet Key went into his hammer and enhanced his lightning powers 100-fold.

Afterburner: Feel the need for speed! CYBER KEY POWER!

The Velocitron Cyber Planet Key went into his back and it enhanced his incendiary missiles 100-fold.

Thor and Afterburner: LIGHTNING INCENDIARY MEGABLAST!

Thor fired a powerful blast of lightning from his hammer and Afterburner fired a powerful barrage of missiles and they hit Ultrog and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM

Ben: Time for some powerful strength!

Ben then turned into a new ultimate alien. It was ULTIMATE FOUR ARMS! He had 6 arms instead of 4. The arms were of three sizes. The biggest ones were on top, the medium ones were below that and the smallest ones were below that. His skin now had powerful spines all over it and his strength and power was enhanced 1,000-fold.

Ben: ULTIMATE FOUR ARMS!

Me: **Whoa! An Evolved Tetramand!**

Shanan: Wow! I've never seen an evolved Tetramand before. This has to be the coolest ever.

Lincoln: It sure is.

Riley: Yeah this is awesome!

Ultimate Four Arms: Time for some awesome strength.

He punched Ultrog all over the place and he was tearing him apart.

Me: **Time for some Final Smash power!**

Lincoln: Lets do it! LIGHTNING MEGA DRAGON BLAST!

Lincoln fired a powerful blast of lightning and it turned into a powerful dragon of lightning and it slammed into Ultrog and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Fred: This is for messing with a great talent show! FIRE MEGA BURNFIST!

Fred fired a powerful blast of fire and it turned into a deadly fist of fire and it slammed into Ultrog and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Daphne Blake: Time for some Dangerprone power! RAINBOW DANGERPRONE ANVIL SLAM!

Daphne fired a blast of rainbow energy and it formed into an anvil and it slammed onto Ultrog with a deadly clang.

CLAAAAANNNGGGGGGG!

Emma Gale: And no one messes with my friends! PHOENIX MEGA BURNBIRD!

Emma Gale fired a powerful blast of fire and it turned into a powerful phoenix of pure fire and it slammed into Ultrog and exploded!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ultrog then fell and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

William: Now that was a performance!

We cheered wildly.

Nico: Yeah! Ultrog, you have failed this universe!

Me: **Yeah! Emma, you were really awesome. You did a great job.**

Emma Gale: Thanks J.D. It was so cool helping all of you.

Me: **You were an awesome help.**

Emma Gale: Thanks J.D.

Me: **Now for the piece de resistance.**

We went over to the tied up phantoms.

Me: **Time for us to see who these phony phantoms really are. Starting with Phantom 2.**

I went over to him and pulled off the mask and it was Mel Richmond.

Me: **Mel Richmond. He wanted to burn down the entire opera house to collect insurance money. $50,000,000 worth of insurance money. Now he's looking at spending 30 to 40 years in prison for Arson.**

Mel Richmond: And I would've gotten away with it too if it weren't for you meddling kids!

Me: **Time for Phantom 3.**

Lucy Loud pulled off his mask and it was Christine's father Lance!

Lucy Loud: Lance Damon.

Me: **He wanted Christine to win by any means necessary. So he resorted to cheating by sabotaging the other contestants. Now he's looking at 20 to 40 years in prison plus paying $50,000,000 in restitution.**

Lance Damon: And I would've gotten away with it too if it weren't for you meddling kids.

Me: **Now for Phantom 4.**

Lana pulled off his mask and it was Dewey Ottoman.

Lana: Dewey Ottoman.

Me: **I knew Mr. Germ Freak was up to something. He stole the Soap Diamond so that he could keep it all for himself. Now he's looking at spending 30 to 50 years in prison.**

Dewey: And I would've gotten away with it if it weren't for you filthy meddling kids and your filthy germy dog! And you will pay for infecting me!

Me: **That wasn't really a virus that I poured down your throat. It was just blueberry juice. I did that to scare you.**

Dewey: I guess that explains why it tasted like blueberries.

Me: **Now for the last phantom.**

I pulled off Phantom 5's mask and it was Brick Pimiento.

Me: **Brick Pimiento.**

Nico: But why!? He was the host.

Me: **He wanted to make the shows ratings go up by using the phantom as a publicity stunt. Now he's looking at spending 30 to 50 years in prison.**

Brick Pimiento: And I would've gotten away with it if it weren't for you meddling kids.

Me: **Get em outta here.**

They were taken away. We had arrested 4 people in one day and brought them to justice.

Fred: (To the viewers) Just remember this folks, Crime Doesn't Pay.

I powered down.

Me: No it doesn't Fred.

Steve Trilby was made the new host of the show and we continued the show and it was an awesome show. We saw Daphne and Fred do a magnificent job and they won the most votes. After Emma Gale told us that she and her family were gonna lose their home due to bankruptcy, I decided to give her some money. I gave her and her family $500,000,000.00 to help her family. It was the least I could do to help her. Also at the end, Daphne and Fred won the whole show and we were so proud of them! It was an awesome thrill! Emma Gale and her family decided to move to Gotham Royal York with us so that she can help us on our adventures. We later went back home.

THE END

Another Fanfiction and awesome Scooby Doo movie done.

Scooby Doo Stage Fright was an awesome movie! It was so funny and awesome and really great. The Ido monster from Naruto was really freaky and awesome! He was a deadly foe. No Naruto Villain is next. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is the SpongeBob episode Friend or Foe and we're going to learn how Mr. Krabs and Plankton became such bitter mortal enemies that hate each other with a vengeance.

See you all tomorrow.

# Friend Or Foe

In the middle of the city, we were walking home after busting some bad guys. But then suddenly, a bunch of police cars appeared and surrounded us!

Tom Lair: J.D. Knudson, you are under arrest for attempted murder.

Irma: Dad, there has to be some kind of mistake!

Tom Lair: (sadly) There is no mistake. We were handed evidence that JD attempted to murder Brad Morton.

Sheila: Look, we don't want to believe it. But we don't have a choice.

Maria: (starts to cry) It's ok, Sheila. You and Irma's dad are just doing your jobs.

The Masters of Evil saw this.

Zs'Skayr: So just like that, Team Loud Phoenix Storm loses.

Dark Spicer: You know they haven't lost yet, right?

Lord Drakkon: No. But without their leader, they're going to fall apart. Not to mention that they all look they're in no position to fight us.

Dark Spicer just watched the events unfolding from the footage the buzzcams showed them with a frown on his face.

Vanitas: Yo, Dark. Are you all right? Knudson's about to go to the big house for the rest of his life but you're not happy at all.

Dark Spicer: No. I'm not happy. I feel… cheated.

Calamitous: Cheated, but why?

Dark Spicer: J.D.'s been fighting our fellow villains ever since 2017. And he's survived worse then a simple frame-up.

Number 7: I understand. You want to be the one to kill Knudson and Team Loud Phoenix Storm. But now that he's going to prison, they aren't going to be a challenge for you. They won't be able to handle the stress of dealing with us and the fact that their leader is going away for a long time.

Waffle Woman: But we can't help him. Not without proof.

Dark Spicer: And I'm gonne get that proof. The only one who's gonna kill him and the rest is me. Even if it means clearing his name, it's only so we can mess with him later.

Vypra: But how are you going to find evidence of J.D.'s innocence?

Dark Spicer: Rotwood and Morton are probably the ones behind this. I'll turn into Dirtdrive, go to where they are, and threaten them into confessing what they did. I can tell that you guys especially want to fight Team Loud Phoenix Storm when they're at their best.

Dark Spicer then turned into Dirtdrive and he ran fast. He caught up to Rotwood and Morton.

Dark Spicer: Hans Rotwood and Brad Morton, I presume.

Rotwood: That's right. Have you come to thank us for framing Knudson?

Dark Spicer: Why should I thank you two?

Brad Morton: Because we did what you and your team couldn't. We got Knudson sent to jail. And that mean Team Loud Phoenix Storm is history!

Dark Spicer: How exactly did you two pull it off?

Rotwood: I put ketchup on Mr. Morton to make it look like Knudson made him bleed. It was so easy to convince the police since they know that usually, Knudson prefers charging and attacking ahead when it comes to fighting you and your fellow villains.

Dark Spicer: That was actually a genius plan. Except for one thing.

Brad Morton: What's that?

Dark Spicer turned into Menace Arms and grabbed the two by the throats.

Menace Arms: (glares at them) No one messes with Team Loud Phoenix Storm but the Masters of Evil!

The cops had me surrounded.

Me: There has to be a mistake.

Crystal Freak: (Offscreen) He's telling the truth!

He landed by us and he had Morton and Rotwood in his hands.

Maria: (glares at Crystal Freak) You've got some nerve picking now of all times to fight us, Dark Spicer!

May: (on the verge of tears) All you and your team have done is try to get rid of J.D. and the rest of us. Well, now J.D.'s going to jail forever! ARE YOU FUCKING HAPPY NOW?!

Crystal Freak: (seriously) No. I'm not happy at all. Not when it's these two who got Knudson framed in the first place. (throws Morton and Rotwood to the ground.)

Nico: What are they doing here?!

Crystal Freak: (about to shoot diamond shards at Morton and Rotwood) They're going to tell you guys what they told me. Or else this is their last day alive!

Rotwood and Morton told us all everything. But what they didn't know is that Luan, Stewie and Bowser Jr. were videotaping the whole thing and showing the world the kind of monsters they really are.

Dark Spicer: (to me): J.D., since you just avoided going to prison for the rest of your life, me and my team are giving you guys a break for today.

Me: I guess I owe you one.

Nico: Thanks, Dark Spicer. You don't know how much you've helped us today. We might still be enemies. But we know we can rely on you guys when we need you.

Dark Spicer: You hug me and I'll turn into Hot Burn to fry you all. You should enjoy your free time while you can. Because tomorrow is another day.

Jungle Fury R.J.: And tomorrow, today will be yesterday.

Dark Spicer: It'll be another challenge I look forward to. (turns into Dirtdrive and runs off)

Lynn: (glares at Rotwood and Morton) Now, there's just one loose end to take care of.

Morton: Hey, you guys brought this on yourselves by always acting recklessly!

Rotwood: Have you all learned nothing from this ordeal?!

Me: SHUT YOUR FUCKING TRAPS! You tried to frame me for a crime I didn't commit and for that you will pay!

Jake Long: (stops us) It's cool, guys. I'll take care of them.

Lori: No offense, Jake. But letting these two off with a warning is literally what got J.D. into this mess in the first place!

Jake Long: I know. That's why I'm going to correct my mistake. I just need to take them somewhere private.

Nico: (to me) I really am glad you're not going to jail, J.D. But I just hope this mess has taught you something.

Me: I hope so too. But I guess we'll charge in on only small time criminals like bank robbers and all that. But not like the enemies we know.

Nico: Good thinking.

Later Jake Long just dropped Rotwood and Morton in the middle of a forest.

Rotwood: So, even now, you're still too soft to kill us.

Jake Long: I knew you two were jerks before. But what you did is something that the Dark Dragon and the Huntsclan would be proud of.

Morton: You haven't beaten us, Long! We can still go back to our homes and plan our next move!

Jake Long: No, it's over for you two. Stewie and Bowser Jr. probably have exposed your crimes to the world. And now, there's nowhere for you to go. No other school will ever accept you two. You guys don't have anything else except for the clothes on your back. I was planning to kill you two. But you two being fugitives for the rest of your lives is more fitting. But I'll keep you two still being alive to myself. See ya. Dragon up! (turns into dragon form and flies away)

Now everyone knows the awful truth about what Rotwood and Morton did. Jake Long came back.

Lola: What did you do to Rotwood and Morton?

Jake Long: I burned them alive. They're dead.

Nicole: Then how come they're not in the Book of Vile Darkness or the River of Fire?

Jake Long: (lying) Because Hell was still willing to accept them even after what they did.

It looked we weren't going to buy the lie.

Nico: (smiles) Well, I guess that settles that.

I knew what Jake did and I winked at him for it.

---

Later at the Krusty Krab, we were having a good lunch.

Lily looked at a Krabby Patty and wondered something.

Lily: I just can't believe that stupid Plankton. He hates not only everything but he hates Mr. Krabs with a vengeance.

Maria: I know. What a little monster!

SpongeBob: Why, Mr. Krabs? Why does he hate us so?! [cries]

Varie: That's what has me wondering myself.

Mr. Krabs: Well, you might as well blame me, guys. [sits on a barrel seat] There was a time when Plankton and I were… best friends. [everyone gasps and runs up to hear the story]

SpongeBob: Best friends?

Maria: (to Mr. Krabs) You and Plankton used to be friends?!

Lily: I learned about that in the Fry Cook Games.

Varie: I remember that.

Luna: Dude that is awful.

Girl Jordan: Being friends with a low-life like Plankton is just wrong.

Lana: Yeah.

Mr. Krabs: We were friends at birth, you might say. Even as wee ones…

---

[Mr. Krabs began to recall himself and Plankton as babies, which was the time they were born.]

Baby Plankton: Goo. [Baby Krabs laughs, then he puts Plankton on the mobile hanging above him.]

Everyone: Aw!

They were so cute as babies.

[Cut to flashback of Krabs' third birthday. There's a birthday cake reading "Big Boys". Toddler Krabs inhales, then sticks out his tongue to get Plankton to blow out the candles]

Mr. Krabs: [offscreen, narrating]… things were all peaches and cream… [Plankton blows out the candles, then dives off his tongue into the cake as if jumping off a diving board into a swimming pool. Bubble transition to elementary school, after passing years]… until we hit grade school.

[In a classroom, kids are in science class, chattering and doing chemistry as the teacher reads at his desk. Krabs, as a kid, is writing on paper as Plankton, also a kid, holds up two test tubes in his gloved hands.]

Young Eugene: Hey, Planky. What'cha doing?

Kid Plankton: Oh, just a little something I thought I'd try out. [a spitball hits Plankton in the back of his head. The classmates laugh] Idiots! I'll show you with science! This concoction is going to blow everyone away. [muffled explosion. Plankton's container blows up all over his table and covers him in ashes. Classmates laugh. Billy, the ringleader of the hooligans, grabs him]

Billy: How's this for a science experiment, Mr. Brainatron 5000? [He stuffs Plankton into his straw and blows him out like a spitball. He splatters into Mr. Krabs's eye.]

Kid Plankton: [moaning in pain] They'll pay for this one day, Eugene!

Mr. Krabs: [peeling off squished Plankton] Darn tootin'. Hey, barnacle brains, I think you owe Plankton an apology.

Billy: [feigning guilt] You're right, Plankton, I'm sorry. [back to mean and cruel bully mode] Sorry you have to hang out with Rag Boy. [bullies laugh]

Classmate #2: Yeah. Where'd you do your clothes shopping, the trash can? [the class laughs again. Krabs is on the verge of breaking down into tears.]

Mr. Krabs: [offscreen, narrating] 'Twas true. I did get me clothes from the trash. [flashback ends] You see, when I was growing up, times were tough. Me mother had to… [sniffles]… fashion me clothes from rags.

[flashback to Krabs' mother sewing up clothes]

Mama Krabs: There you go, son. Your outfit's all finished. It's a good thing Old Man Jenkins was kind enough to spare his last washcloth.

Old Man Jenkins: Oops. [rips off Mr. Krabs' clothes and uses it as a rag to dry his boat] I missed a spot.

[Krabs and Plankton are walking through the carnival grounds, with Plankton conversing with him. Krabs has a box around his body]

Mr. Krabs: [offscreen, narrating] Then one day, as Plankton and I plotted our revenge, I met the love of me life.

Kid Mr. Krabs: What in Neptune's name is that? [picks up a penny off the ground] It's the most beautiful thing me eyes have ever seen! What is it?!

Kid Plankton: It's money.

Mr. Krabs: Moneyyyyyyyyyy?

Plankton: Yeah. You can buy things with it.

Kid Mr. Krabs: Buy things?

Mr. Krabs: [offscreen, narrating] So, I spent it on a gift for me best pal Plankton. [Mr. Krabs buys a balloon for Plankton, but when he gives it to Plankton, he flies up into the sky because of his weight. Krabs reaches up, looking desperate]

All: Wow!

Nico: That's amazing.

Sydney: I can't believe the two of you used to be close friends.

Seaspray: And now, you two are bitter enemies, even if Plankton is banished into space forever.

Octopunch: It's like what happened between Optimus and Megatron.

Nokama: No kidding.

Gali: Yeah.

SWAT Fish #4: So, if you guys were such great friends, what happened?

SpongeBob: Yeah, Mr. Krabs. What did happen next?

Sandy: That's what I was wondering.

Mr. Krabs: Here's where it gets good. It all started in a place called "Stinky Burgers".

SpongeBob: That abandoned restaurant in the middle of town that was closed for years?

Mr. Krabs: That's the very one lad.

FLASHBACK 2

Mr. Krabs: It was the only place to get a burger. The kids loved Stinky. [a group of kid regulars (Billy and his gang) run up clamoring] And Stinky loved the kids.

Stinky: Now, what can I do for you, young 'uns?

Billy: Uh, Mr. Stinky? I'll have one burger, please!

Bully #3: Me, too, Stinky!

Stinky: Oh, now, now, kids. There's plenty of burgers for everyone. [they all cheer]

Big Johnny: That's why we like you so much, Stinky. You always deliver the goods.

Bully #5: We don't like Stinky, we respect him.

Stinky: Well, which one is it, kids? Do you like or respect me?

Big Johnny: Like!

Bully #5: Respect!

Big Johnny: Like!

Bully #5: Respect!

Stinky: Okay, let's just meet in the middle and say you li-spect me. [they cheer again]

Mr. Krabs: Excuse us!

Plankton: Valuable customers coming through.

Big Johnny (in Billy's voice): What are those dorks doing here?

Mr. Krabs: Two Stinky Burgers, please.

Stinky: [Stinky makes weird faces] Did your brains dribble out all over the sidewalk you slept on last night? If it's burgers you want, go around back.

All: Yeah, Stinky!

Billy: Thanks for keeping the nerds out.

Bully #2: You're the best, Stinky.

Stinky: Okay, that's enough, kids. Gather around, children. There's something I want to tell you. What I have to say is very important. If you remember one thing for the rest of your life, remember that without your kind patronage, I'd be a penniless loser like Rag Boy. [Mr. Krabs is knocking on the door in the back of the building. Stinky opens up the door, he makes weird faces again] Do you two have kelp for brains? Don't you understand? If you two yahoos come around, you'll drive away all the normal customers. I've worked too long and too hard to make this a li-spectable business. As it is, I can barely afford the essential things in li… [his watch beeps] Is it quitting time already? [rips off his clothes to reveal some nicer clothes underneath] Now, if you'll excuse me, I'm off to enjoy some of life's essentials. [gets in his limo and moves the stack of cash over on the seat. As he closes the door and drives off, a dollar flies into Mr. Krabs' hand]

Plankton: Did you hear that, Krabs? By flipping burgers for those cretins, he was able to gain their li-spect.

Mr. Krabs: Did you see that fat stack of loot? I bet if someone made a better burger, they'd have a fatter stack of loot. [cash register dings as Mr. Krabs' eyes turn into dollar bill signs] But who has the ability to make such a burger? Who has the skill?

Plankton: Skill, schmill, Krabs, baby. Who needs skill when science is on your side? We'll make that burger, and when we do, we will rule the school!

FLASHBACK ENDS

Lily: Geez. And knowing Plankton he would say something different to contest your story.

Karen: That he would Lily. They were both liars. That's not how it happened at all. In those days, I was just starting out as a security system. Plankton and I met when he installed me. It was only our third date back then. Anyways, I had recorded the whole thing in my databanks. [flashback on Karen's computer screen]

Plankton: Now that's a handsome looking burger.

Mr. Krabs: You said it, old chum. [over intercom] Attention! Get your Plankton and Krabs patties right here! [a tumbleweed rolls by] Do you think it was a good idea to open in the dump? [music is playing in the background]

Plankton: What's that music?

Mr. Krabs: I'd know that theme song anywhere. It's Old Man Jenkins. Old Man Jenkins! [Old Man Jenkins puts a tire in his boat]

Old Man Jenkins: I just been looking for some new shoes for Ol' Bessie.

Mr. Krabs: You've help me mom and me through some tough times. It would be an honor if you'd be the first to try our delicious burgers.

Old Man Jenkins: Why, I'd be happy to! [bites into the burger then smiles]

Mr. Krabs & Plankton: Yeah! [Old Man Jenkins falls over. Later, a newspaper appears on screen]

Mr. Krabs: "Plab Patties KO Old Man J". I can't believe we poisoned that sweet old guy.

Plankton: Well, he is old.

Mr. Krabs: Hey. That guy is like family to me.

Plankton: Well, it was your fault the patty was tainted.

Mr. Krabs: You're the one who put too much seaweed sauce in the burger. (The Subtitles in Netflix reads "You're the one who put too much seaweed sauce in".)

Plankton: You let it sit out too long. That's what did it! I'm taking the recipe and fixing it.

Mr. Krabs: No way, that recipe's mine! [both fight over the recipe]

Plankton: Stop, you're gonna… [recipe tears in half, sending both into opposite sides of the restaurant. Plankton walks out] You wanna fight over this recipe, I'll give ya a fight you'll never forget! [slams the door, causing a shelf above the boiling patty meat to spill the jars into the cauldron]

Mr. Krabs: Well, that's ruined. But, no use letting this go to waste. These kids'll eat anything. [licks some of the patty mix] I've done it. I've discovered the perfect patty batter.

Karen: [offscreen, narrating] Meanwhile, Plankton was back at the elementary school. But this time, he was going it alone. [Plankton puts a Chum Bucket bucket with meat in it while Mr. Krabs wheels in "Krabby Patties" and knocks him over]

Mr. Krabs: Oh, no you don't! This is my turf.

Plankton: I think not, Rag Boy!

Mr. Krabs: What?! Why I oughta squash you right now! You little…

Plankton: Get out of my face! [both growl at each other]

Bully #3: Hey, look! Nerd fight.

Billy: I bet five bucks on Rag Boy.

Plankton: Aha! We'll let the customers decide whose burger is better. Step right up, gents. Get a delicious Chum Burger right here.

Billy: Big Johnny will eat anything. [Big Johnny walks over to Plankton's side]

Plankton: Have a Chum Burger, Johnny, sir. [Johnny eats it]

Karen: [offscreen, narrating] Plankton had pieced together his own creation using memory and science.

Lily: [offscreen, voiceover] By selling burgers made out of puke and fish guts.

Karen: Yep.

Plankton: Go on, sir! Tell your buddies what you think! [Big Johnny spits the burger out on both his friends]

YUCK!

Billy: I'm gonna try one of Rag Boy's burgers.

Mr. Krabs: Here ya are, sir. You are the first to taste a Krabby Patty. [hands him a patty. KRABBY PATTY® appears over it. He takes a bite and instantly enjoys it]

Billy: Flavor!

Bully #5: Edible!

Bullies #2 and #6: We can actually hold it down!

Abigail-Marge: This is the most flavortastic sensation my still-developing taste buds have ever experienced!

All: Yay, Rag Boy!

Plankton: I'll show you, Krabs! I'll steal that cursed recipe from you one day, and I won't stop till I do!

FLASHBACK ENDS

Lily: Geez! So that's how Plankton turned into the malignant maniacal one-eyed freak and failure he became.

Nokama: Wow.

Cleo: I'm glad he got what he deserved though.

Mr. Krabs: That he did.

Nico: But we still have to deal with that naked Krabs in that stupid Crab Net across the street now.

Lana: Yeah. What a freak.

Lily: How long has this hatred been going on Mr. Krabs?

Mr. Krabs: We hated each other for 65 years now lass.

Everyone was shocked!

Lana: 65 years!?

Nico: Holy crud!

Luna: Dude, that is a long time to be hating someone!

Girl Jordan: I would call all those attempts at stealing the Krabby Patty Secret Formula acts of karma on Plankton's part.

Rikki: But hating someone for 65 years? That is extremely unhealthy.

Nokama: No kidding.

Gali: Even I can't hold a grudge for that long.

Lana: Even Lincoln wouldn't hold a grudge for that long.

Lily: No kidding. I'm glad we always were able to stop all of Plankton's plots. He failed every time.

Varie: That he sure did.

Lana: How many times has Plankton tried to steal the Krabby Patty formula?

Mr. Krabs: Follow me.

We were lead to a room and in it was a huge book.

Lily: What's this book?

Mr. Krabs: This is a log book I made of all the times Plankton tried to steal the Krabby Patty secret formula.

We looked it over and what we saw was staggering.

First movie

Plans A-Y - These are all the plans in 25 folders that Plankton had employed before, which all had failed. He thinks he has exhausted every plan until Karen reminds him that there is one more letter in the alphabet for him to try.

Plan Z - The one plan that Plankton missed. This one was the most evil of the other plans, and even lemon-scented. He used this to steal King Neptune's crown, and put the blame on Krabs so King Neptune can freeze Krabs, then Plankton gets his hands on the formula, and brainwashes Bikini Bottom's residents. However, he does not count on SpongeBob and Patrick, and after they retrieve the crown from where Plankton hid it - with some help from David Hasselhoff - the two bring it back in time. When Plankton orders his minions to annihilate SpongeBob, he destroys their helmets via heavy-metal music. All the freed Bikini Bottomites run him over, and he is then arrested for turning Bikini Bottom into a living nightmare by enslaving Bikini Bottom and framing Mr. Krabs.

Second movie

At the beginning of the movie, Plankton tries to steal the formula with a plane, tank, and robot. These all fail. This Plankton is soon revealed to have been a robotic dummy all along and the real Plankton is hidden inside a penny. Plankton, on the phone with Karen, infiltrates Mr. Krabs' safe and replaces the formula with a fake bottle. SpongeBob comes into Mr. Krabs' office and finds Plankton stealing the formula. They fight over the formula and suddenly, it disappears into thin air.

Season 1

Plankton! - Enters SpongeBob's mind and makes him steal a Krabby Patty but that failed when he fell into the machine due to him listening to SpongeBob's heartfelt speech about the Krabby Patty.

Culture Shock - Pretends to be a magician for The Krusty Krab talent show, and asks for a volunteer from the audience. He steals a Krabby Patty from a customer and attempts to run off with it. Mr. Krabs stops him, and Plankton tries to disappear within fire, but ends up burning himself.

F.U.N. Tries to steal it again. Then pretends to befriend SpongeBob and steals a Krabby Patty from his hand while they are watching a movie. Plankton fails when he runs into the wall behind the movie screen.

Walking Small - Tries to make Goo Lagoon the site of his new fast food restaurant, The Mega Bucket. It almost works when he tricks SpongeBob into making civilians leave the beach by being aggressive, but SpongeBob's kindness brings them back.

Season 2

Imitation Krabs - Comes to the Krusty Krab dressed up as a robot man and says he will give SpongeBob $1,000,000 for the Krabby Patty formula. Later on, builds a robotic Mr. Krabs, which he uses to attempt to get the formula out of SpongeBob. Even though it managed to trick SpongeBob to turn against Mr. Krabs, he accidentally put the penny in Robo Krabs which causes it to self-destruct on Plankton.

Welcome to the Chum Bucket - Cheats in poker, and makes SpongeBob his fry cook to get Krabby Patties. When SpongeBob refuses to make Krabby Patties, he takes SpongeBob's brain out and puts it in a Robot SpongeBob, but it's SpongeBob's brain that is in the robot, and SpongeBob became lazy and annoying while at the Chum Bucket so as a result, Mr. Krabs takes SpongeBob back while at the same time gets fifty bucks.

The Fry Cook Games - He and Mr. Krabs compete in the Fry Cook Games. When he brought Patrick into the event, he and Mr. Krabs pitted both SpongeBob and Patrick against each other. He then tells him that SpongeBob is not really his friend. Therefore, Plankton lied to Patrick so he could win the award for the Chum Bucket. However, neither side won in the end when SpongeBob and Patrick call off the battle and reconcile as best friends.

Season 3

The Algae's Always Greener - Hides inside a ketchup bottle, but he gets shot out without getting to the Patty. Then, he tries the transmogrifier to be in Mr. Krabs' life only that didn't work out so well.

Krusty Krab Training Video - Tries to plant a bomb in the patty to walk it away but was foiled again by Mr. Krabs.

Party Pooper Pants - When asked by Mr. Krabs what his topic card says, Plankton says "discuss the secret ingredients to the Krabby Patty formula" while the card says "where are you from?". Backfires.

This is famously one of the most minor and short schemes of the series and holds the shortest foil of it after 8 seconds.

Plankton's Army - Being a cockroach, but squished by Mr. Krabs.

Later he disguises himself as a dollar bill. Then gathers relatives to steal the formula but when they found out it was made of plankton, they ran away, terrified. However, it was all part of Mr. Krabs' plan to trick them.

Season 4

Fear of a Krabby Patty - Forces the Krusty Krab to open 24 hours and orders 10,000 Krabby Patties, thus causing SpongeBob to go insane out of exhaustion, and become irrationally terrified of Krabby Patties. He then makes himself into a psychiatrist and invites SpongeBob to tell him about the formula, but backfires when SpongeBob repeatedly crushes him with a piano, resists his attempts, and his work proves too well and inadvertently actually work and cure SpongeBob without revealing the formula to him.

Krabs vs. Plankton - Attempts and fails to steal the formula again, then fakes injuring himself after slipping on the Krusty Krab's recently mopped floor and sues Mr. Krabs. During the trial, he lied to the court about how he ended up injured in the first place. He negotiates with Krabs for the secret formula during the trial only to fail when SpongeBob makes him confess. He was arrested and sent to jail off-screen.

Enemy In-Law - Grabs customers to the Chum Bucket. Then, attempts to date Betsy Krabs and forces her to tell about the formula. But she eventually found out and punch Plankton back into the Chum Bucket.

Wishing You Well - Wishes on the Eugene Krabs Memorial Wishing Well to be taller in order to crush his enemies. Later succeeds, thanks to SpongeBob and Patrick when they struck magic.

New Leaf - He builds a gift shop. Then, he pretends to be friends with Mr. Krabs and get the formula which is a fake.

Best Frenemies - With the help of Mr. Krabs, finds out the secret recipe to Kelpshakes, and partially re-befriends Krabs. At the end, he tries to steal the formula again. Feeling nostalgic, Mr. Krabs gives him a head start.

Season 5

Friend or Foe? - Makes a cake for Mr. Krabs (since it is his birthday). Then at the end again, he attempts to make Mr. Krabs cry then steal the formula.

Spy Buddies - Mr. Krabs and Plankton switched lives and try the different way and SpongeBob and Patrick become spies for the fake Mr. Krabs, but after a series of events the real Mr. Krabs steals the formula back.

Krabs à la Mode - Freezes the Krusty Krab so that no one buys a Krabby Patty and comes to the Chum Bucket. Fails when Mr. Krabs turns his restaurant into an ice skating rink.

Tries to steal a Krabby Patty while everyone is distracted skating on the ice. Fails when he steals a patty from the local hockey team and can't escape the Krusty Krab.

Uses the Krusty Krab thermostat to freeze Mr. Krabs, SpongeBob, and the customers. Fails when he gets cocky, falls off the thermostat, and Mr. Krabs freezes him.

Bucket Sweet Bucket - Redoes the Chum Bucket, and makes SpongeBob, Patrick, and Squidward work for him so he can go to the Krusty Krab and steal the formula. Fails again when SpongeBob and Patrick replaced the Chum Bucket by the Krusty Krab and Mr. Krabs has the formula with him during his vacation as well as using a chore list as a decoy. The Chum Bucket is mainly destroyed at the end.

Goo Goo Gas - Dresses as a pepper shaker to steal the formula. Then, he creates a gas to turn Mr. Krabs into a baby and tries to steal the formula without "Baby" Krabs to notice. In the end, all the babies start playing around with Plankton, and he fails once again.

Atlantis SquarePantis - Plankton checks out the armory vault, intent on using the city's lost weapons for his own ends. He then chooses his weapon, a tank Plankton comes in and tries to destroy them with the tank he found, but much to his dismay, it showers the group with ice cream. Lord Royal Highness captures Plankton, and says that "a talking speck" would be a fantastic replacement for the bubble.

Mermaid Man vs. SpongeBob - He makes a shampoo that hypnotizes Mermaid Man and Barnacle Boy and makes them talk badly about the Krabby Patty and advertise the Chum Bucket, causing a large number of customers to come. This fails when SpongeBob has Mermaid Man and Barnacle Boy eat two Krabby Patties and uses fiber to digest them, causing them to go back to normal.

20,000 Patties Under the Sea - He makes a Chum Bucket mobile to get customers but this plan fails as well when the submarine gets damaged and a sea monster thinks Plankton is food and chases after him.

Banned in Bikini Bottom - Since the Krusty Krab is banned, he tries to celebrate. Then he finds out there is a secret Krusty Krab, so he calls the police. However, when Miss Gristlepuss tried a Krabby Patty, she instantly loves it and decides to bring the Krusty Krab back into business. Later, she unknowingly tries to eat Plankton.

Stanley S. SquarePants - At the end, Plankton hires SpongeBob's cousin, Stanley, thinking that Stanley will be able to help him in stealing the secret formula as he has SpongeBob's own flesh and blood, and the fact that he knows nothing about the Krusty Krab and Chum Bucket rivalry, so he will fall for it. But in the end, Stanley blows up Plankton's restaurant as he is a terrible employee, as seen earlier in the episode. The episode ends with Stanley saying " Sorry, boss."

Season 6

Krabby Road - He heard SpongeBob singing a song with lyrics as the formula so he creates a band. Eventually, SpongeBob manages to catch on to charade and the police showed up to arrest him. Later, he was heard screaming in pain in his new cell from SpongeBob, Patrick, and Squidward's rock and roll music.

Spongicus - Tears down the Chum Bucket and creates a stadium to keep customers. Tries to boil Mr. Krabs in a giant bisque. But SpongeBob throws the sausage necklace around Plankton which causes the sea lion to chase him.

Plankton's Regular - Peterson Nat Tucker likes his food and makes Mr. Krabs' business 1% wreck. However, it was revealed that Karen paid Ned to pretend to like chum so Plankton would stop crying.

Komputer Overload - Replaces Karen and makes other robots to get the formula. But the cord got yanked out which causes the robots to be disabled.

Chum Bucket Supreme - He hires Patrick to create dumb slogans to attract customers such as the word, "Chum is Fum". But Patrick quit due to his brain being worn out which once again ending the Chum Bucket's fame.

Single Cell Anniversary - He uses SpongeBob to help him give the perfect gift for Karen so he can get the formula. Even though Karen loves the song so much, her tears cause her to shut and once again make Plankton fail at getting the formula.

Chum Caverns - He builds an underground restaurant named the "Chum Caverns" to attract customers. It was successful, but was eventually destroyed.

Season 7

Someone's in the Kitchen with Sandy - Gets inside a bun and tries to steal the formula. He ends up going home inside Sandy's helmet, and steals Sandy's pelt to disguise himself and attempt to get the formula. But Sandy showed up just in time and place Plankton in a mustard jar.

The Inside Job - Plankton goes in SpongeBob's body and uses a device to try and absorb SpongeBob's knowledge about the secret formula. Plankton fails when he ends up absorbing SpongeBob's personality as well and becomes a Plankton-like SpongeBob himself. Upon escaping SpongeBob's body, Plankton runs into Patrick and accidentally absorbs his personality, thus causing him to forget the secret formula and become a Plankton-like version of Patrick.

SpongeBob's Last Stand - He designs Shelly Superhighway to run straight over The Krusty Krab and end at The Chum Bucket. This plan was starting to be successful as Mr. Krabs almost sold the secret formula to Plankton but ended up unsuccessful when SpongeBob, his friends, and the rest of the Bikini Bottomites banded together to destroy the highway and bring the Krusty Krab back into business with Plankton being squished during the destruction.

Gramma's Secret Recipe - Plankton dresses in his Grandma's clothing so he can trick SpongeBob and steal the Krabby Patty Recipe. Once again, his plan was foiled when his grandmother figured out the lie and painfully pull Plankton out of the restaurant.

Buried in Time - After witnessing Mr. Krabs put a copy of the Krabby Patty secret formula into a time capsule, Plankton goes after the buried time capsule and drills a hole into it to try to get the formula. He gets the formula, but Squidward steps on him, making him swallow the bottle.

Shellback Shenanigans - Plankton gets into Gary's shell to fool SpongeBob into giving him the formula but Gary manages to get to the bottom of this ruse. So as punishment for deceiving his owner, Gary beats Plankton up and makes him run away in fear.

Perfect Chemistry - Plankton pretends to be Sandy's lab partner in order to get her into making a teleporter for him to get the formula without Mr. Krabs knowing. But Sandy always knew something like that would happen and instead makes Plankton and the formula swap places with Plankton being stuck in the bottle.

Season 8

The Other Patty - Mr. Krabs and Plankton unite in their dislike of a new eatery called "the Flabby Patty," and work together to steal its recipe.

Frozen Face-Off - Plankton creates a sled race and tries to get everyone in Bikini Bottom to join, so nobody will see him steal the Krabby Patty recipe, but the Abominable snow mollusk confuses Plankton as a jelly bean and swallows him.

Sweet and Sour Squid - Plankton attempts to strike up a friendship with Squidward in order to get the secret formula, until he gets fed up with Squidward's corny clarinet music and he gets arrested afterwards.

Walking the Plankton - Plan B: Plankton goes on a cruise with SpongeBob and Mr. Krabs, which he made up is for his and Karen's honeymoon, in order to steal the formula, however Karen finds out about the plan and destroys the ship.

Plankton's Good Eye - Plankton grows a second eye in order to have better chances of stealing the formula. However, this plan was a failure as the eye from SpongeBob changed his personality.

Fiasco! - Plankton steals the art thinking it's the remains of a Krabby Patty hoping to revert it into a regular Krabby Patty but his plan nonetheless failed when the art piece gets eaten and Squidward indirectly led some police officers to him.

Free Samples- Plankton gives the customers fake Krabby Patties so that they wouldn't eat at the Krusty Krab anymore, but fails when Mr. Krabs gets them back.

Karen 2.0 - Plankton makes another Karen (Karen 2.0) and the real Karen gets mad. Finding her parts in a box, Mr. Krabs makes Karen the cashier at the Krusty Krab. When Plankton tries to get into the Krusty Krab with Karen 2.0, she and the original Karen get into a fight, however during the fight, Karen 2.0 runs over Plankton and the original Karen, distressed, finishes off Karen 2.0 and then runs over to Plankton's side. After Plankton is revealed to be okay, Karen runs out of battery. Using batteries from the now dead Karen 2.0, Plankton revives Karen, and they walk back to the Chum Bucket together.

For Here or to Go- Plankton uses his technology to successfully win a free Krabby Patty from Mr. Krabs. However, at the end, this plan failed as Karen actually scanned the insides of Plankton rather than just the patty itself.

It's a SpongeBob Christmas! - Plankton uses Jerktonium fruitcakes to make everyone else in Bikini Bottom a jerk, so he, the nicest person in comparison, can get the secret formula from Santa. That is, until SpongeBob caused the mechanism to explode and Santa finds out about the scheme. So as a result, he orders one of his elves to bury Plankton under hard coal.

Super Evil Aquatic Villain Team Up Is Go! - Plankton has Man Ray team up with him to scare Mr. Krabs into giving him a Krabby Patty. Though, Man Ray enjoys and eats all of the Krabby Patties leaving Plankton having to pay for Man Ray's patties.

Chum Fricassee - Plankton hires Squidward into making good tasting chum to run the Krusty Krab out of business, until Grandma Tentacles finds out and reveals that Squidward was feeding undercooked chum. The customers were so ticked that they ended up destroying the Chum Bucket and Squidward's reputation.

Move It or Lose It - Plankton tries everything to help bulldoze the Krusty Krab but SpongeBob and a State Officer ended up bulldozing the Chum Bucket instead.

Season 9

Eek, An Urchin!: Plankton attempted to fool Mr. Krabs by wearing some fake glasses but was trampled by the fleeing customers. He then found out that it was a sea urchin causing problems and agrees not to steal the Krabby Patty secret formula until the urchin is gone.

Jailbreak!: Plankton attempts to steal the Krabby Patty secret formula by having his cellmates, who were all fans of him and his chum, break into the Krusty Krab. They were successful in breaking in but Plankton and his cellmates were soon arrested when SpongeBob warns Mr. Krabs about this and had the Bikini Bottom Police Force stalled in the safe marking this plan as a failure too.

Evil Spatula: Plankton uses the "Six Phases Plan" which mainly involves him using his spatula the Majestic Sizzlemaster to get the Krabby Patty secret formula:

Phase 1: Infiltrate the Krusty Krab: Plankton successfully enters the Krusty Krab through a fax machine.

Phase 2: Sabotage: Plankton saws off a bit of SpongeBob's spatula and when SpongeBob tries to flip a Krabby Patty, it breaks.

Phase 3: Give SpongeBob a New Spatula: Plankton waits for SpongeBob at Harvey's Spatula Emporium and offers to give SpongeBob a new spatula. At the Chum Bucket, Plankton gives SpongeBob the Majestic Sizzlemaster.

Phase 4: Gain SpongeBob's Trust: Plankton, using a voice modifier, talks to SpongeBob through the Sizzlemaster and hopes to gain his trust. This is the longest phase due to SpongeBob not trusting anyone with the grill. Plankton finally manages to get SpongeBob to take the Sizzlemaster back to his house completing this phase.

Phase 5: Further Gain SpongeBob's Trust: Plankton, as the Sizzlemaster, does various house work in order to gain SpongeBob's trust. Back at the Krusty Krab, Plankton finally manages to get SpongeBob's trust in working the grill completing this phase.

Phase 6: Burn All of the Krabby Patties: Plankton, as the Sizzlemaster, then burns all of the Krabby Patties and convinces SpongeBob to get the Krabby Patty secret formula to make more. However, Mr. Krabs finds out it's Plankton's doing and tricks him into making an explosive formula making this overall plan a failure.

It Came from Goo Lagoon: Plankton attempts to steal the Krabby Patty Formula by using the giant purple goo bubble he literally created by opening the crack in the Goo Lagoon sea floor but fails when a dynamite exploded in his sub once he was reading the fake formula he got from Mr. Krabs.

Company Picnic: Plankton tries to get Squidward and Mr. Krabs to work for him by having a company picnic with many fun games and delicacies. It was about to work but SpongeBob found out what he was up to and they, later on, find out that everything that was at Plankton's picnic were holograms.

Married to Money - Plankton disguises himself as a stack of dollar bills to have Krabs fall in love with him and give him the formula, but the mechanism explodes when Mr. Krabs' tears short circuits the system.

CopyBob DittoPants - Plankton clones SpongeBob to have the clones steal the formula, but whenever they encounter the regular SpongeBob they forget the plan, and they all disappear towards the end of the episode.

Lame and Fortune - Plankton creates a bunch of fortune cookies that trick people to eat at the Chum Bucket. He then gives Mr. Krabs a fortune cookie that tells him to give Plankton the secret formula or die. This plan was nearly successful, but Plankton snapped when he couldn't get to the secret formula due to the numerous amount of customers at the Chum Bucket and he yelled out that he made fake fortunes.

Pineapple Invasion - Plankton sets off a skunk into the Krusty Krab which causes all of the customers, SpongeBob, and Mr. Krabs to leave. However, Plankton's plan was foiled after there was a safe within a safe of the one he blew up. Plankton was then crushed by Mr. Krabs and tossed out of the window. Plankton doesn't stop there as he hears that Mr. Krabs is letting SpongeBob take the Krabby Patty secret formula home with him. Plankton first disguises himself as a door-to-door Snail Product Salesman. However, Gary closes the door on him. Plankton then disguises himself as a Sweetie Patrol Girl but Gary doesn't fall for that as well. Later, Plankton distracts Gary with a cut-out of himself and manages to eat his way into SpongeBob's house. Plankton then searches the house for the formula tearing up the house in the process. Eventually, Gary catches him and gets into a fight with him. Plankton then goes inside Gary's shell thinking the formula is in there. Plankton eventually makes it to the center of the shell and thinks he has found the formula. However, it turns out he found one of SpongeBob's grocery lists and went crazy from breathing in the fumes in Gary's shell.

Salsa Imbecilicus - Sandy accidentally gives Plankton an idea to steal the Krabby Patty formula by making Mr. Krabs as dumb as Patrick. Plankton soon gets Patrick's DNA and makes sauce to put it in but accidentally gets it on himself making him as dumb as Patrick. Soon, still being as dumb as Patrick, tries to make Mr. Krabs hand it over thinking that Mr. Krabs is scared of him but soon SpongeBob throws Mr. Krabs his diploma which makes Mr. Krabs pretend to be smart again tricking Plankton. He told him in about seven seconds making Plankton upset. Mr. Krabs tells him he graduated months ago and was just doing extra an acting class and flung Plankton off making his plan fail. He soon lands on Karen bringing him to his post-college years making him depressed from another failure.

Season 10

Mimic Madness - Patrick, Sandy, Squidward, Mr. Krabs, and Plankton are mimicking SpongeBob. Plankton tells Mr. Krabs that he forgot the Krabby Patty recipe in his best SpongeBob voice. Mr. Krabs almost gives him the recipe but remembering he's Plankton, he hits him with the formula.

House Worming - SpongeBob tells Plankton he will give Plankton anything if he gets the worms out of his head, so Plankton tries to get the Krabby Patty formula with SpongeBob's promise. This fails when he gets beaten up by the worms.

Plankton Gets the Boot - Creates an analyzer that can analyze the formula using only one molecule of a patty.

Burst Your Bubble - SpongeBob creates a small monster-shaped bubble boat for Plankton, so that Plankton will be able to bring fear and chaos to Bikini Bottom. This fails when Larry squishes Plankton with his foot, destroying his bubble boat in the process.

Plankton Retires - Plankton has had numerous schemes in this episode:

Jetpacking into the open safe. The safe is later revealed to be a fake.

Taking a patty that Krabs dropped when he was making a Krusty Katering delivery.

Stealing a patty from a customer.

Cutting through the walls of the Krusty Krab with a laser.

Hiding in a stomach.

Using a robot disguise for retirement.

Season 11

Spot Returns - Plankton uses Spot's puppies to get the Krabby Patty formula. This fails when SpongeBob knocks over Karen Plankton and Plankton drops the formula which SpongeBob grabs and rolls it to Patrick who then gives it back to Mr. Krabs. SpongeBob then made the puppies destroy the Chum Bucket by causing them to fuse together.

Spin the Bottle - Plankton poses himself as a genie in order to get into the bottle containing the formula. This fails when the real Genie traps him, along with Squidward, Patrick, and Mr. Krabs, in an empty ketchup bottle and SpongeBob thinking it is a ketchup bottle gone bad throws it away.

The Legend of Boo-Kini Bottom - Plankton attempts to team up with the Flying Dutchman in hopes of stealing the Krabby Patty formula and take over the world. This fails when the Dutchman turned down the offer and turned Plankton into a ghoul, making him become his lackey.

No Pictures Please - Plankton hides in the tourist's camera in hopes of getting pictures of the Krabby Patty ingredients. This fails when he realizes that there's no film in the camera and the tourist was just an illusion caused by The Tidal Zone.

Bottle Burglars - Plankton manages to steal the Krabby Patty secret formula. This plan actually almost worked because SpongeBob and Squidward failed to get the formula back. If it weren't for Mr. Krabs taking back the formula himself, the plan would have worked, forcing the Krusty Krab out of business and ultimately changing the SpongeBob timeline. This episode is also a role reversal, as SpongeBob and Squidward are trying to get the formula from Plankton and not vice-versa.

Shopping List - Plankton follows SpongeBob and Sandy around and steals the bag of ingredients in hopes of making Krabby Patties. However, this fails when it was revealed that the ingredients that SpongeBob and Sandy got were fake while Mr. Krabs has been hiding the real ones. So as a result, the Chum Bucket exploded after Plankton makes the fake recipe.

Patnocchio - Plankton poses himself as Patrick's conscience in order to get a Krabby Patty so he could figure out the formula. This fails when Patrick's real conscience arrives and tells Patrick that Plankton's a fake, which results in the two stepping on him.

Plankton Paranoia - After successfully helping SpongeBob and the gang put Mr. Krabs' insane behavior to a stop with a surprise party, Plankton sees the bottle with the secret formula left on the table. When he opens it, he finds a lit dynamite in the bottle and it explodes, destroying the Chum Bucket in the process.

Call the Cops - Plankton steals the formula again, but he immediately gets taken away by the police and the formula is put in the evidence room. He teams up with Patrick to escape his cell and head to the evidence room to get the formula back. This fails when Mr. Krabs snatched it from him, causing a massive brawl. Eventually, they all get arrested and placed in the same cell Plankton is in.

Surf N' Turf - Plankton steals the formula off-screen after SpongeBob hands Sandy the bottle it was in. This fails when SpongeBob snatched it back from him.

The Grill is Gone - When Plankton heard that a group of obnoxious and immature children stole the Krusty Krab grill and made it into a racing cart, he decided to participate in the race in hopes of getting the formula. This fails when Mr. Krabs flicked Plankton off the racing track.

Season 12

The Krusty Slammer - Plankton vandalizes the entire town of Bikini Bottom by painting graffiti messages about Mr. Krabs as an attempt to attract people. However, his plan fails when he gets arrested by the police. But towards the end, it's Mr. Krabs who gets arrested and ends up being tortured by Plankton. This is one of the few episodes ending with Plankton getting the last laugh.

King Plankton - Plankton attempts to take over SpongeBob's aquarium filled with sea monkeys, but it backfired when they rebelled against him.

Plankton's Old Chum - Plankton tricks SpongeBob into hiding rotten chum all over Bikini Bottom when he told him about Chum Day, a fictional holiday he just made up and a holiday similar to that of Christmas. It seemed to have worked well at first, until the Health Inspector gives him a fine and forces him to eat all of the rotten chum.

The Krusty Bucket - Plankton tries to create a clone using the DNA samples of himself and Mr. Krabs' hair to steal the formula. However, his plan backfired when the clone takes over both the Krusty Krab and the Chum Bucket.

SpongeBob's Big Birthday Blowout - Plankton tries to use SpongeBob's keys to the Krusty Krab to steal the formula. However, his plan was foiled when Mr. Krabs squished him with his foot and snatches the keys back.

The Ghost of Plankton - He turns into a ghost using a ghost extracting machine to steal the formula, with the help from The Flying Dutchman, but fails due to the fact that the bottle was too solid to float through the safe.

The Hankering - When Plankton learned about Mr. Krabs' craving on chum, he attempts to trick him into giving away the secret formula in exchange for a lifetime supply of chum. Plankton nearly succeeded until he and Mr. Krabs get into a massive brawl which led to the secret formula sinking into the chum. Plankton attempts to retrieve it by swimming through all the chum. Mr. Krabs assumed that his business is ruined, but SpongeBob reminded him that Plankton is tiny and it would take him forever to swim through the chum to get the formula. In the end, Mr. Krabs managed to save the formula and foil Plankton's plan by eating all the chum, which eventually ended up swallowing Plankton in the process.

---

Me: Wow! That's a lot of attempts!

Nico: Whoa! I've never seen so many attempts at it.

Mr. Krabs: Yep. Plankton tried to steal the Krabby Patty secret formula 12,272 times up until Lily sent him into space.

Lana: Wow! Is that even a real number?

Me: It sure is.

Nico: That's amazing!

Girl Jordan: He has been keeping track the entire time.

Luna: That is really impressive dudes.

Varie: It sure is. I didn't know all these happened the entire time Lily worked here.

Lily: I remember all these. Most of them were up until we sent Mr. Krabs to prison.

Mr. Krabs: Yeah that's right.

Lily: Good times huh Mr. Squarepants?

Spongebob: Lily, you don't have to keep calling me Mr. Squarepants all the time. My friends call me Spongebob. And so should you.

Lily: Sorry. But it was good times.

SpongeBob: That it was Lily.

We all laughed.

THE END

Another SpongeBob chapter done.

Friend Or Foe was an awesome episode that premiered on April 13th, 2007 and it was awesome! It was a great story about how Mr. Krabs and Plankton went from best friends to the most bitter enemies in the history of Bikini Bottom. For over 65 years they have hated each other since they were 7 years old. WHEW! That is a really unhealthy hatred. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is the Teen Titans villain Trident! Get ready for the ultimate battle underwater as we help Aqualad destroy the ruthless Trident.

See you all tomorrow.

# A Deadly Underwater Rogue

At the Hogwarts Courtyard, we were there to show everyone the execution of 4 more Death Eaters: Mr. and Mrs. Snyde and Mr. and Mrs. Lee. They served under Lord Voldemort during the first Wizarding War and they were at large ever since.

Me: Well well well. What have we here? We have 4 more of Voldemort's followers.

Mr. Snyde: (British Accent) Yes and Lord Voldemort will return to kill all filthy muggle scum.

Mrs. Lee: (British Accent) And he will start with you J.D.

Me: I think not you fucktraps. You see, we are completely impervious to magic and we will not let Voldemort annihilate the entire human race all for his senseless racial beliefs. He will pay for his crimes. Because in my opinion, Hell is too good for a worthless son of a bitch like him. He should've never been born at all.

Mrs. Snyde: (British Accent) Don't you dare talk about Lord Voldemort like that you muggle fucker!

Me: FUCK YOU BITCH! I can talk about him any way I want and Voldemort will die by my hands and he will pay for his crimes. Just like all of his followers will.

Mr. Lee: (British Accent) You are a monster J.D.! I can't believe you would stand against Lord Voldemort's beliefs!

Me: His "Beliefs" are full of nothing but racist views in the world of wizardry and the world. It's all total bullfuck. I found out something much darker about Salazar Slytherin. He wanted to kill all of the wizards that weren't pureblood back then. Over a thousand years ago we didn't have even over a billion people on the planet. We only had a population of 310,000,000 people back then. Now we have almost 8 billion people. Voldemort will kill 7.8 billion innocent people and destroy much of the human race. That's 99.7% of the entire human race! That's total genocide!

Everyone gasped at the sheer number of people that were gonna be killed because of Voldemort! What he will do is 100 times worst than the Holocaust back in 1943.

Me: People like you and Lord Fuckermort give wizards everywhere a really bad name. But I think I've heard enough from you fuckpots.

I held my hand to them.

Me: HAKAI!

All four of them glowed purple and they were being obliterated from existence forever. They were wiped out of existence forever as if they were never born at all.

Draco and his gang were shaking in fear.

Nico: The Lee's and the Snype's, you four have failed this universe.

Qin: They sure have. They were disgusting freaks.

Lincoln: Yeah.

Daphne Greengrass: (British Accent) Good riddance. I hope we never see those monsters again.

Nico: We won't Daphne. Whatever is hit with Hakai will forever cease to exist. They won't even appear in the afterlife.

Harry Potter: (British Accent) That's amazing.

Ron Weasley: (British Accent) That is bloody amazing!

Liberty: It sure is.

Laney: They deserved it.

Me: They sure did.

I went up to Draco and his gang.

Me: Did you see that? That's what's gonna happen to you if you go down the same path. Remember that. Or else.

They nodded in fear.

Professor Dumbledore: (British Accent) Well done J.D.

Me: Thank you Professor Dumbledore.

We left Hogwarts.

Back in the estate, we were watching TV.

Skullcruncher: Rose, can you explain to us how you joined the Huntsclan?

Rose: Sure. It's not something I like but you all have a right to know.

Rose went over the history of her clan and why it became a group of human supremacists out to destroy all the monsters and magical creatures.

* * *

The Huntsclan is an order of human hunters who know about the magical underworld, dating back thousands of years. Their honor dictates the slaying or capture of magical creatures and the thievery of artifacts. They are equipped with ancient and futuristic weaponry and equipment. Their goal and mission is to rid the Earth of all magical creatures, which they seem to see as "lesser beings". They believe that magical creatures are "unnatural" and need to be wiped out from the world.

Each member of the Huntsclan has a dragon birthmark somewhere on their body, otherwise known as the "Mark of the Huntsclan", commonly on their right palm and arm. The Huntsman's dragon birthmark is round his chest and face on the left hand side. The mark apparently is a recessive genetic trait. Rose was born with a mark, yet her biological parents and twin bore no sign of it. Huntsclan members monitored hospitals for infants with the mark and kidnapping such children.

In addition to their undercover infiltration of hospitals, such as the doctor or nurse attending Rose's birth, the clan also kept tabs on various contemporary communication lines in order to locate or gather information on the whereabouts of possible dragons or other magical creatures.

Eventually, all of the Huntsclan were destroyed by Rose's wish when she used the power of the crystal skulls to destroy the Huntsclan, including herself. After Rose's wish, she and Number 88 and 89… the cowardly apprentices of the Huntsman… were the only known Huntsclan left alive. During a trip to Hong Kong, it was revealed that Huntsclan bases all over the globe still existed. One of which was in Hong Kong, which was destroyed when Jonathan Long accidentally set off a self-destruct operation.

## Levels of Huntsclan

Huntsclan Trainee: Beginner-level students of the Huntsclan. They are young pupils who attend the Huntsclan Academy and are educated and trained on how to slay different types of magical creatures. Their uniform consists of a suit and pants (with the appropriate "trainee number" embedded on their arm sleeves), and a mask with holes for the mouth and eyes.

Huntsclan Apprentice: Advanced-level students of the Huntsclan. They often participate in field-work and obey all Huntsclan Masters. Their major goal is work towards slaying a dragon to be promoted to a higher status in the Huntsclan. They wear the standard Huntsclan uniform (only without the cape and dragon-skull helmet).

Huntsclan Master: Highest level of Huntsclan. Those who have passed the necessary trials and had slain their first dragon are instantly made a true-member of the Huntsclan. They are leaders of the Huntsclan who wear the skull of the dragon they have slain upon their head as a helmet. They wear the standard Huntsclan uniform with a black cape and the dragon skull. However, only one is the true leader of the Huntsclan - The Huntsman.

## The Huntsclan Academy

New recruits and current members attend the Huntsclan Academy. It is located in up-state New York. The facility is used to train various Huntsclan Trainees and Apprentices in the methods of slaying different magical creatures. There has been mention of punishment for disobeying or betraying the Huntsclan. One punishment involves a student fighting against the Kraken.

## Notable members

There are four major recurring members of the Huntsclan:

### The Huntsman

Jake's main enemy, the Huntsman, referred to as "Huntsmaster" by his subordinates, is the leader of the Huntsclan. The Dragon Council rates him as the fourth greatest threat to the magical community. He ultimately meets his demise when Rose wished the destruction of the Huntsclan. The Huntsman was originally Rose's first guardian because of the fact that he took her from her parents as an infant which ultimately resulted in giving her the idea that her parents were deceased.

### #88 and #89

Two Huntsclan students that become the Huntsman's apprentices in the second season. They both act brave and arrogant, when in reality, they are cowards who run in fear at the sight of a dragon. Other than Rose, #88 and #89 are the only known Huntsclan members that were left alive after Rose's wish for the destruction of all Huntsclan was granted due to them resigning. However, they returned later still trying to be monster slayers. It is interesting to note when the Huntsclan birthmarks started glowing, both Numbers 88 and 89 did not have glowing birthmarks, questioning if they faked their birthmarks, or if their vocally renouncing their Huntsclan memberships moments prior had been enough to avoid the same fate as the rest.

### Huntsgirl/Rose

Rose, Jake's paramour is a member of the Huntsclan. There is a birthmark on her right palm and wrist resembling a Chinese dragon.

Jake eventually learns of her secret identity as the Huntsgirl and she, in return, eventually learns that Jake is the American Dragon. Contrary to expectation, Rose helped Jake throughout the show until the Huntsman learned of their relationship. After Rose's wish for all Huntsmen to be destroyed (herself included) was granted, Jake immediately wished that Rose had never become a member of the Huntsclan. Thus, resulting in a normal life for her but also meaning that their relationship had never been. However, she later learns of the relationship and helps Jake defeat the Dark Dragon. After defeating the Dark Dragon, both her and Jake start dating.

Other members of the Huntsclan:

Huntsgirl 18

A redheaded girl attending the Huntsclan Academy. She and #23 a.k.a. #32 fought over Spud when he and Jake infiltrated the academy trying to learn the Huntsman's plan. It is unknown if she was destroyed by Rose's wish, or if she washed out of the academy or quit.

Huntsgirl 23 a.k.a. #32

A light- or honey-brunette girl attending the Huntsclan Academy, where her number patch seemed at times to read 23 and other times 32. She and #18 fought over Spud when he and Jake infiltrated the academy trying to learn the Huntsman's plan. It is unknown if she was destroyed by Rose's wish, or if she washed-out of the academy or quit.

Huntsboy 42

A four-eyed boy attending the Huntsclan Academy. When #88 and #89 escaped Lao Shi's electronics store to warn the Huntsclan about the imposters (Jake and Spud) impersonating them to infiltrate the Huntsclan Academy, Spud swapped patches with him to avoid capture. It is unknown if he was destroyed by Rose's wish, or if he washed-out of the academy or quit.

Role in the series

They are an organization of human hunters whose main goal was to get rid of all magical creatures by any means necessary. The Huntsclan nearly accomplished that but was fortunately destroyed just in time.

---

Rose Killdragonosa, also known as the Huntsgirl, is a former antagonist in American Dragon: Jake Long.

She tries to kill the American Dragon who at first unknown to her is Jake Long, a boy at her school who has a crush on her. Whilst on a school trip to a ski lodge, Jake discovered that she was Rose after whilst battling her, he pulled her glove off revealing her dragon-shaped birthmark which she says is The Mark of The Huntsclan meaning that she was born to slay dragons.

A few episodes later, Rose and Jake do battle once more and just when Rose ties up Jake and prepares to kill him, he turns back into his human form to which she removes her mask and frees Jake before fleeing.

She was voiced by Mae Whitman.

Rose was a member of the Huntsclan. There is a birthmark on her right palm and wrist resembling a Chinese dragon, otherwise known as the "Mark of the Huntsclan". Initially, Rose revealed very little about her past or history. She was simply "the new girl" at Jake's school, and nothing was truly learned about her early childhood until much later in their relationship.

According to her, the Huntsclan was her only family for as long as she could remember - saying earliest memory was "lying in my Hunts-crib, crying out for my Hunts-nanny to change my Hunts-diaper". Her skills were exceptional enough to have been accepted as an apprentice to the Huntsman himself while working in the field in New York City. Taken under his wing as his ward, he personally indoctrinated her with his views about magical creatures as being disgusting, unnatural, and in the methods of hunting.

During a class ski trip, Jake discovered Rose was also the Huntsgirl and was uncertain whether to love or fight the girl of his dreams, but eventually realized that he strongly cared about her and that his strong romantic feelings for her were indeed mutual and genuine. Which later prompted him to reveal to her his identity as the American Dragon while being hunted by the Huntsclan along with other captive magical beings.

Rose had been told by the Huntsman that both of her biological parents died shortly after she was born before being taken in and raised by the Huntsclan. However, during a shared dream experience where she and Jake spent time together while asleep, she discovered that her parents, as well as a twin, did not die. Rather, the Huntsman, as well as Huntsclan members working undercover in the hospital, kidnapped Rose shortly after her birth, having noticed her dragon-shaped birthmark. The names and whereabouts of her family remained largely unknown until after her wish for the Huntsclan to be destroyed, where having never been taken by the Huntsclan, she and her family moved to Hong Kong, China. However, her twin sister remained unseen.

After Rose's wish for all Huntsmen to be destroyed-herself included, Jake immediately wished she had never been a member of the Huntsclan. This ended their relationship until the Dark Dragon attacked the Dragon Council in Hong Kong and Rose regained her memory after being shown a picture of her and Jake at the dance. In a display of her innate natural prowess and abilities, she helped Jake fight and defeat the Dark Dragon in "The Hong Kong Longs".

---

When she was done, we were shocked and horrified!

Me: That is insane!

Qin: I can't believe that the Huntsclan wants to kill all the magical creatures! That's insane!

Lincoln: And I thought Voldemort was crazy. But your uncle was bad!

Nico: No kidding.

Black Canary: Do you still wear your Huntsgirl outfit?

Rose: Only when I have to. But I want to use it to help you guys fight.

Me: That's a noble cause Rose.

Runamuck: Those Aztec Skulls sound similar to the Infinity Stones.

Me: They sure sounded like it. But thank goodness they are all destroyed.

G1 Chase: (to Jake Long) That must've been tough wishing for Rose's survival at the cost of her memory.

Jake Long: It was. But it was worth it to help Rose.

Me: Yeah. But what the Huntsclan was doing is wrong on so many levels. But thank goodness we don't have to deal with them ever. They brought all this on themselves.

Nico: They sure did.

Rachel S.D.: If I encountered them, I would finish them off for good.

Me: We all would Rach. But at least we don't have to worry about that.

Nico: Yeah.

Bulma: They remind me of an evil cult of aliens that Tapion once told me about when we were fighting Hirudegarn: The Kashvar.

Me: The Kashvar?

Shanan: (Gasp) I remember them!

Laney: What are the Kashvar?

Shanan: They are a malevolent cult of power-hungry aliens who believed themselves to be the superior species of the universe. For eons they've travelled the stars using their dark magic to hunt down and exterminate all lifeforms different from their own.

Shanan went over their entire history.

Kashvar are a race of power-hungry aliens that set out to kill all life other than their own. They are only seen in the movie Dragon Ball Z: Wrath of the Dragon, when Tapion explains their origins. Hoi, the evil wizard that tricks the Dragon Team into releasing Tapion from his enchanted music box, is the last known member of the race to still be alive (according to him).

Not much is told about the Kashvar other than their belief that they are the dominant species of the universe, with all other life compared to them being scum and pathetic. More than one-thousand years before the events of Wrath of the Dragon, the Kashvar waged war on the Konatsians on their home planet of Konats. Tapion explains that using their evil magic, they brought the evil monster Hirudegarn back to life, and used the creature's destructive and awesome power to completely ravage the planet. By the near end of the war, almost half of Konatsian's population had been killed off.

It was not until an enchanted sword and two ocarinas were found that the tides turned. A powerful wizard, and two brothers, Tapion and Minotia, used these items to successfully slay the beast. The wizard then sealed the two halves in each of the brothers. Specialized enchanted music boxes were created to hide the brothers from the Kashvar. Tapion and Minotia were then sealed, and sent off into the far reaches of space, Minotia ending up on an unknown distant planet, and Tapion on Earth.

During the following millennium, the Kashvar are hunted down and brought to justice, either through imprisonment or death, until only one is left, Hoi (who refers to himself as the last of the Kashvar). During the battle against Hirudegarn on Earth, Hoi is stomped on, which kills him, (possibly) bringing the Kashvar race to final extinction, even though it was an accident.

We gasped in sheer horror!

Goku: I remember that. That was awful.

Shanan: Yeah. I've read legends about Hirudegarn. It was terrible that he is that dangerous. But it's good that the Kashvar and Hirudegarn are dead.

Nico: That's terrible. I've heard about Hirudegarn and the Kashvar as well. The Kashvar are a cult that was widely feared amongst the Saiyans. They were intergalactic bigots.

Me: Like the Ku Klux Klan.

Shanan: That's right.

Lori: That is literally horrible.

Me: But thank goodness we don't have to worry about them.

Goku: Yeah.

---

Later we were heading over to the eastern coastline of Lake Michigan. We were heading over there to visit Titans East.

Me: This is gonna be so awesome! I can't wait to meet the Titans East.

Starfire: They are amazing friends J.D.

Raven: Especially our friend Aqualad.

Aquaman: I haven't seen Aqualad in a long time.

Miss Martian: It sure has been a while.

Nico: No kidding.

We arrived at a T-Shaped tower on the cliffs of Lake Michigan and we saw that it was right by a beautiful lighthouse.

Me: Wow! It's amazing that it looks like a letter T.

Cyborg: It sure does.

We landed and we were me by Jackson Hyde A.K.A. Aqualad.

Aqualad: Hey guys! Welcome.

Robin: Good to see you again Aqualad.

Bumblebee: AQUALAD!

Bumblebee hugged him.

Aqualad: Karen, we've been really worried about you!

Bumblebee: I was with J.D. and everyone the entire time.

Me: Jackson Hyde A.K.A. Aqualad. It's a pleasure to meet you.

Aqualad: You too J.D. We've heard so much about you and all of Team Loud Phoenix Storm.

Me: I know.

Aqualad: Thanks for taking care of Bumblebee while she was with you.

Me: It was our pleasure Jackson. Karen has been like a great sister to all of us.

Starfire: Yes she has.

We went inside the tower and it was amazing. Inside sitting on the couch was Roy Harper A.K.A. Speedy and Más y Menos the speedy twins.

Speedy: Wow! Team Loud Phoenix Storm!

Me: Roy Harper A.K.A. Speedy. It's a pleasure to meet you.

Speedy: Same to you J.D. We heard so much about you.

Me: (To Mas y Menos) (Speaking Spanish) Ustedes dos deben ser Más y Menos los gemelos de la velocidad. (You two must be Mas y

Menos, the Twins of Speed.)

Mas: Si. Mas.

Menos: Menos.

Ronnie Anne: Cool! (Speaking Spanish) Es un placer conocerlos a ambos. Soy Ronnie Anne Santiago. (It's a pleasure to meet you both. I'm Ronnie Anne Santiago.)

Menos: Placer senorita Ronnie Anne.

Mas: Si.

Aqualad: That's cool that you can understand them and speak Spanish.

Me: Thanks Jackson.

Green Arrow: I see you are doing well Roy.

Speedy: (With disdain) Yeah and I can see that you are well Oly.

Lincoln: (Whispering) What's wrong with him?

Me: (Whispering) Oliver and Roy used to be partners. But they got into a heated argument and Roy abandoned him.

Nico: (Whispering) Yeesh. I remember that.

Laney: Yikes.

Aqualad: Why is Kitten and Blackfire with you?

Me: They are on the road to redemption.

Kitten: I just want to say that me and Blackfire are sorry for all the crap that we did.

Speedy: Hey, if we can forgive Jinx for her crimes, we can forgive you two. (to Blackfire) But I don't think we ever saw you with the Brotherhood of Evil.

Blackfire: That's because I was banished to another planet.

Me: Starfire told us that before the Titans came to our dimension, she overthrew Blackfire for the crown of Tamaran.

Robin: I remember that.

Beast Boy: Yeah that was intense.

Tara: It sure was. I remember that.

Aqualad: Isn't Terra a bad guy now?

Me: Not anymore. She told us her dark past and what happened with Slade Wilson. To atone for her deeds, she made the ultimate sacrifice to save the entire city from total destruction. A volcano was gonna blow and she not only killed Slade, but also saved the whole city from total doom by sacrificing herself.

Aqualad: Whoa.

Speedy: That is intense.

Qin: I remember that. That was really amazing.

Nico: A true act of heroism. She risked her life to save everyone and atone for her deeds.

Me: Yep.

Tara: But now I have 2 amazing kids and an awesome fiancé to boot.

Beast Boy and Tara then showed their rings.

Aqualad: Wow! Congratulations you guys.

Speedy: We're so happy for you both!

Beast Boy: Thanks guys.

Aqualad: Also what happened to Brother Blood? We couldn't find him anywhere.

Me: He's dead. We killed him.

Qin: Who was Brother Blood?

Me: He was the founder and headmaster of the H.I.V.E. Academy.

Qin: H.I.V.E.?

Me: It stands for the **H** ierarchy of **I** nternational **V** engeance and **E** xtermination. It's a school for supervillains that are going to destroy the world.

I went over Brother Blood and the H.I.V.E.'s history.

---

Brother Blood

Brother Blood is the main antagonist in the third season of Teen Titans, and the archenemy of Cyborg. In this version, he is the headmaster of the HIVE academy school. He has the power and ability to influence people's minds.

He is voiced by John DiMaggio, who also played Dr. Drakken in Kim Possible, Diagon in Ben 10: Alien Force, the Joker in Batman: Under the Hood, Don Vito in MTV's Celebrity Deathmatch, and Bender in Futurama.

He first appeared in the episode "Deception" while Cyborg (disguised as Stone) were practicing combat with Gizmo, Jinx, and Mammoth. After Cyborg betrayed Blood and destroyed his school academy, Blood has many plans to get revenge on Cyborg for destroying his school.

Later, in the episode "Wavelength", he hired Bumblebee, a student from the H.I.V.E. academy, to fight Cyborg. After Cyborg and Bumblebee made up, they worked together to fight Blood and destroy his underground fortress near the ocean.

In the episodes, "Titans East Part 1 and 2", he sent a monster called Steamroller to fight Cyborg and the Titans East. And brainwash the Titans East After that, Blood once again fought Cyborg and badly injured him, but he used a secret weapon to shoot Blood out of the tower.

Then, Blood became an android and was more powerful than ever. He controlled the Titans East to attack Cyborg, but Robin and his friends came to his rescue. And they fight the titans East Then, on top of the tower, Cyborg and Blood came face-to-face in one final showdown. He easily injured Cyborg, but there was only one thing Blood can't destroy in Cyborg's body; his core, which restored his body. Then, Cyborg finished Blood off by destroying his hands and giving him a kick, thus defeating Blood. Aqualad stated that he was sent to prison and vowed that Titans East would make sure he would stay there.

## H.I.V.E. Academy

The H.I.V.E Academy ("Hierarchy of International Vengeance and Extermination") was a school for young villains-in-training where they learned all the basics of becoming professional villains.

The Academy was owned and headed by the H.I.V.E. Headmistress, before management was taken over by Brother Blood.

Cyborg found out that Blood was preparing to mass-construct a new weapon called an Ion Amplifier. In the course of the conflict, the Academy was destroyed by Cyborg. The H.I.V.E. Academy was likewise foiled by the Titans, and eventually, Blood was captured and taken into custody.

Despite being a school for villains, the Academy possessed the general atmosphere of a public school and even held yearly events, such as proms.

Me: We destroyed all of the H.I.V.E. and killed Brother Blood and sent some of them off to prison for life.

Aqualad: That's good you did. At least we'll never have to worry about Brother Blood ever again.

Qin: Yeah but I'm glad we never have to see him again. He sounded like really bad news.

Me: He was a very formidable adversary.

Aquaman: I know. Good that you have been doing a good job Jackson.

Aqualad: Thanks Arthur.

Then the alarm went off.

Me: Uh oh! Something is going on.

They went to the computer and they saw that TRIDENT was back!

---

Trident is a villain from the Teen Titans show. He is a powerful foe from Atlantis and a special enemy of Aqualad.

Trident is first seen sinking a cargo ship and taking with it, containers of toxic waste. This forced the Teen Titans to stop him. Trident attacked their submarine but retreated when Aqualad faced him. While the Titans wait until their sub is fixed, Beast Boy and Aqualad search for Trident's hideout. They find out that Trident uses the toxic waste to clone himself so that he would take over Atlantis and Earth. The clones started fighting when Beast Boy said that which one was the best. While they did not stop the clones from hatching, the other Titans arrived in time to blast the entrance to the cave sealing Trident and his clones inside.

Trident was later freed and was recruited into the Brotherhood of Evil. He teamed up with Plasmus to capture Aqualad and Tramm. They both succeeded and were well rewarded by the Brotherhood. During the final battle with the Titans at the Brotherhood's headquarters, he is defeated by Thunder and flash-frozen with the rest of the villains.

Aqualad: Trident!

Me: Whoa! I've heard of him. He was one of the most dangerous criminals that is wanted by Atlantis.

Aqualad: That's right.

Aquaman: He's one of the most dangerous enemies in all of Atlantis next to Black Manta.

Me: Sounds like you all have a really bad history with this guy.

Beast Boy: He sure does.

Me: We'll help you all take him down.

Aqualad: Look, Trident is my responsiblity. I can't ask you guys to go with me.

Nico: Aqualad, we have a saying in this team. Never fight alone!

Me: That's right. We are all in this together. It took all of our teamwork to take down the most dangerous enemies in the universe.

Beast Boy: Besides, the last time you fought Trident by yourself, he had Plasmus with him. And they both overpowered you before you ended up getting frozen. Even if Tramm did come and try to help you.

Robin: I remember that.

Me: Yeah. But we killed almost all of the Brotherhood of Evil. Some of them are still at large and the Teen Titans enemies are now our enemies.

Nico: Yeah.

Laney: We should worry about what Trident is doing.

Me: Right.

Aqualad: Okay.

We went out to face Trident.

---

Out on the waters of Lake Michigan, we were ready to face Trident.

Trident: Ah, Titans. How long has it been? (to the Loud Kids) Don't try and be heroes, kids. Just run along and play.

Lincoln then went at him faster than a bolt of lightning and slammed into his stomach with a massive and devastating punch that sent him skidding and he crashed into an island.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMM

Lincoln: That was too easy.

Trident: It's not over yet.

Out of the water came a massive army of Tridents! There were hundreds of them!

Me: WHAT THE FUCK!

Nico: HOLY SHIT! There's hundreds of them!

Aqualad: I forgot to mention that he can create hundreds of copies of himself to be in many places at once.

Me: Whoa!

Lisa: Very ingenious!

Vypra: Indeed it is.

We saw the Masters of Evil with Trident.

Me: Oh great.

Vypra: (to us) The previous times, you fought us individually. But now, you're fighting all 6 of us at the same time!

Me: You just love making our job harder, don't you Vypra.

Vypra: It's what I live for.

Dark Spicer: (to Titans East) Here's your warning: Your asses are about to be kicked!

Lincoln: Not if we kick yours first!

Number 7: And I believe you know him.

We then saw a familiar foe that we thought was destroyed: Dominikos Ioannis Petrakis A.K.A. AVALANCHE!

Laney: AVALANCHE!

Vypra: I see you two know each other.

Me: We met when we fought the Brotherhood of Mutants. He escaped after Ed punched him into the lake. We couldn't find him so that we could finish him off.

Avalanche: Yes and Trident found me and saved me.

Me: That was nice of him Dominikos. I see you still have some fight left in you.

Avalanche: Indeed.

?: He's not the only one.

We then saw a figure come out of the water and it was WITCHBLADE from episode 7 of the Alien Rangers!

---

Lord Zedd's old friend Witchblade was sent to prevent the Alien Rangers from finding pure water instead of a monster made by Finster. She battled the Blue Ranger, trying to prevent him from re-hydrating. She was destroyed by the Shogun Megazord.

---

Cestro: (Alien Voice) **Witchblade!**

Witchblade: Its been a long time Aquitar Rangers.

Me: I remember you! You were sent by Lord Zedd to prevent the Aquitar Rangers from re-hydrating!

Witchblade: That's right. You watched me on TV haven't you?

Me: We sure did. And you are also named after a very popular anime called Witchblade.

Lori: That is literally one of my favorite mangas.

Lincoln was surprised about this.

Lincoln: I didn't know you liked that show Lori!

Lori: I've literally had a lot of hobbies growing up Lincoln.

Me: That's cool.

Witchblade: You know the difference between me and the Wicked Witch of the West? I'm not gonna die when I make contact with water!

Me: That reference is over 81 years old. She has been dead for a long time.

Dark Spicer: I have two new aliens to show you.

Dark Spicer then turned into a Splixson Mutant hybrid. He looked a lot like Ditto but he was purple and he had horns on his head with numbers on them.

Splitlife: Meet Splitlife! (makes several clones of himself)

Shanan: A mutant Splixson. This time it has a number horn. Very distinguishable.

Dust Man: Great! More Clones!

Splitlife: Yep. It's really gonna be difficult for you guys, huh?

Me: Not really.

Spltilife clones himself and throws the clone at Dust Man. As soon as the clone made contact with Dust Man, he kicked him. The other Splitlife clones then dogpiled on me.

Splitlife clone 1: Grab his legs! (gives me a wedgie)

Me: HEY!

Splitlife clone 2: I've got his ears! (gives me a wet willie)

Me: EW! You are so disgusting!

I flared up my power and blew him away!

I got up.

Me: Yuck! A wet willie.

I put my underwear back.

Me: That was not funny!

Splitlife: That's not all.

He then turned into a mutant Opticoid. He was a black opticoid and he had ugly eyes all over his body and he had some eyes on tentacles.

Darkeye: Say hello to Darkeye!

Tundra Man: Oh, great! All of Dark Spicer's eyes are looking at us now!

Darkeye: Eye think that's the least of your problems! (launches energy beams from one of his eyes at Tundra Man)

Laney flew and sent the blast back at Dark Spicer and it hit him and exploded.

Luan: That was a terrible joke!

?: He's not the only one you fuckers have to face.

Me: Its been 150,000 years since I destroyed your fucking face Hidan of Jashin!

We then saw a figure come out and it was HIDAN OF JASHIN!

---

Hidan (in Japanese: 飛段) is a minor antagonist of Naruto. He is the partner of Kakuzu (despite having mutual dislike for each other) and was the second newest member of Akatsuki, at the time of his introduction. Kisame Hoshigaki laughingly referred to Hidan and Kakuzu as the "Zombie Brothers".

He served as one of the two main antagonists in the Akatsuki Supression Mission arc.

He was voiced by Masaki Terasoma in the Japanese version, and Chris Edgerly in the English dubbed version.

Hidan hailed from Yugakure, the Village Hidden in Hot Water. After it deteriorated from a shinobi village to a tourist site, Hidan became infuriated with how things were turning out. He believed that the shinobi that resided there were meant to kill, and thus slaughtered his neighbors before leaving Yugakure, and joining the cult-like faith known as Jashin, a religion that worshiped a deity of the same name. The primary teaching of this faith appears to be kill thy neighbor, where anything less than utter destruction is considered a sin. Through experiments with Jashin's secret technique, Hidan was also granted immortality.

Eventually, he joined the Akatsuki after seeing Kakuzu, a man who he saw as a pioneer in immortality and eventually was partnered with.

Part II

After he and Kakuzu defeat Kumogakure's Yugito Nii, the Jinchūriki of Matatabi the Two-Tails, and handed her to Zetsu, Hidan makes his way to the Land of Fire to capture Naruto. However, Hidan begrudgingly joined Kakuzu in attacking a temple so his partner could the bounty on the head monk, Chiriku. While he waited for Kakuzu to collect the money, Hidan was ambushed by a ninja group led by Asuma Sarutobi and his apprentice Shikamaru. In the battle that ensued, Hidan manages to get his hands on Asuma's blood and creates out the ritual to kill his opponent by stabbing himself in the heart despite Shikamaru's attempt to stop him. When reinforcements from Konoha arrived as Shikamaru collapsed, Hidan is reluctantly called back by Pain to aid in the extraction of Matatabi.

Once the sealing was over, Hidan and Kakuzu headed for Konoha, eager to continue their battle before being jumped by Shikamaru with the rest of Team Asuma and Kakashi Hatake. But with Kakuzu aiding him, Hidan overpowers Team Asuma, until Shikamaru leads him away from the battle and engages him one-on-one. Once led to the Nara Clan Forest, Shikamaru's shadow possession wears off, and Hidan takes the opportunity to draw his blood and kill him. However, Shikamaru tricks Hidan into unwittingly harming Kakuzu using a vial of his blood that Kakashi had filled earlier. Soon after, Hidan finds himself covered in explosive tags as Shikamaru detonates them all to literally blow Hidan to bits as what remained of his still living body parts are buried. Hidan curses his opponent, telling him he will eventually escape and kill Shikamaru, but he denies this, telling him that the deer guarding the forest will prevent his escape.

During the Fourth Great Ninja War, a reanimated Kakuzu reveals that Hidan still lives but slowly dying from lack of nutrition.

---

Hidan: It's nice that you remember me. I'm flattered that you do.

Me: I will never forgive you for your crimes Hidan.

Qin: Who is he?

Me: That's Hidan. He's a member of a satanic cult that worships the evil god of destruction Jashin. They are ruthless and extremely savage and they kill with total pleasure. We thought that they were destroyed ages ago.

Qin gasped.

Me: I know. He's immortal like me and the only option I had when I faced him and Kakazu was to send them into the sun. Total obliteration.

Nico: Geez!

Me: I know. Speaking of which, usually Kakazu is with you Hidan.

Hidan: Normally yes.

Me: What's wrong? Did you two break up in a bad gay relationship?

We laughed!

Hidan growled in rage.

Avalanche: (to Ed) I actually learned something from our previous encounter.

Ed: What's that?

Avalanche: (takes out serum) To defeat a monster, you must become a monster! (drinks serum)

That's when he turns into his rock monster form.

Me: WHOA! He's now on par with Ed! Lets take them down!

Troy: Time to take all these clones out!

Megaforce Rangers: Legendary Ranger Mode: Royal Flush Squad!

The Megaforce Rangers turned into the J.A.K.Q. Squad from 1977.

Me: Lets take them on and destroy them! I'll face Hidan. He and I have an old score to settle.

Eddy: Me, Dust Man and Tundra Man will take on Dark Spicer.

Iron Boy: I'll face Zs'Skayr.

Tara: Waffle Woman for me.

Luan: I'll face Vypra.

Spiderman: I got Vanitas.

Ed: I got Avalanche and Number 7.

Nico: Me, Maria, the Megaforce Rangers and the Aquitar Rangers will face Witchblade.

Me: And the rest of you will face Trident. Where are Professor Calamitous and Lord Drakkon? Usually they are with you.

Vypra: You guys really did a number on them so we let them recuperate.

Me: I see. That's what happens when you underestimate our power. Lets dance.

We went at each other and I snapped my fingers and me and Hidan were on the mountain planet EIGANJARO!

---

Planet Eiganjaro is a Neptune-Sized Super Earth planet that is located in the galaxy Centaurus A approximately 16 million light-years away from Earth. The mountains are the highest in the universe. They are 438,000+ feet high. Normally a mountain that tall would be crushed to to the atmospheric pressure. But the bigger the planet, the more likely it will support mountains that high.

---

Battle 1: Me VS Hidan.

---

Hidan: What the!? What is this place!?

Me: I took us to another planet to avoid having the others get hurt. We can fight here without restriction.

Hidan: So you know the universe.

Me: I sure do. And just for the record Hidan, I'm not the same person you faced in 150,000 years. I'm far more powerful than ever before.

I then flared up my power and then I transformed into a Super Angel-Ebonwu 100,000 Elemental Phoenix!

Me: (Divine Voice) **You are about to face the power of a being that has transcended into a god.**

Hidan: We shall see. I'm immortal.

Me: **Lets see if your immortality can stand up to me.**

I flew at him faster than a laser and punched him in the stomach with devastating force and kicked him in the face and sent him crashing into a mountain.

Me: **Try this one on. BETELGEUSE STYLE NINJA ART: ARROW OF THE RED STAR!**

I formed a bow made of pure red fire with a white hot arrow. When it was formed it emitted the loud bang of a thermonuclear explosion. I fired it and it went at 200,000 miles per hour and it created a massive wall of red fire. It hit Hidan and exploded with the massive power of the Castle Bravo nuclear explosion minus the radiation. Escape from this technique is completely impossible.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Hidan got up and he came at me with his triple-bladed scythe.

Me: **Try this one! BETELGEUSE STYLE NINJA ART: SCYTHE OF THE RED WILDFIRE!**

I formed a powerful scythe made of pure red fire and we clashed our scythes and I slashed Hidan and burned his arm off and he screamed in excruciating pain. His arm exploded and splattered his blood everywhere in a massive fiery explosion.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: **That must've hurt huh?**

Hidan: DAMN YOU!

Me: **You should say that to yourself you fuckwad.**

Hidan: I will not lose to you ever again! YOU ARE FINISHED!

Me: **I think not.**

I then went at him and slashed him in half and cleaved him in half and he exploded in a massive explosion of red fire.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Hidan exploded into nothing but a massive wall of red fire and he was incinerated in an instant. All that was left of him was his scythe, headband and necklace.

His spirit then appeared.

Me: **You have cheated death for the last time Hidan. You will never terrorize the world all for the power of an evil god that doesn't exist.**

I held out my hand to him.

Me: **HAKAI** !

Hidan glowed purple and he screamed in pain as he was being obliterated in an instant. He was erased from existence for all eternity as if he was never born at all.

Me: **What a waste of a life.**

I took Hidan's necklace, headband and Triple-Bladed scythe and kept them as trophies.

Me: **Now to help everyone else.**

I went back to Earth.

## Battle 2: Eddy, Dust Man, and Tundra Man vs Dark Spicer

Eddy, Dust Man and Tundra Man were facing Dark Spicer.

Eddy: They're playing our song Dark Spicer. Time to dance.

Eddy punched him in the face and fired blasts of light at him and burned him and Dust Man fired powerful blasts of garbage at him with his Dust Crusher and they hit him and exploded.

KRABBBBOOOOOOOMMMM! KRABBBOOOOOOOOOMMMM! KRABBBBOOOOOOOOOOOOOOMMMMMMM! KRABBBOOOOOOOOOOOMMM!

Tundra Man skated on the water and froze it and he fired blasts of ice at him and froze him and Eddy kicked him in the face and knocked him down.

Tundra Man: Now that is a worthy performance!

Dust Man: You said it.

Eddy fired a powerful blast of light and sent Dark Spicer flying.

## Battle 3: Iron Boy vs Zs'Skayr

Iron Boy was facing Zs'Skayr.

Zs'Skayr: Time for this ghost to wipe you out.

Iron Boy: We'll see about that.

Iron Boy fired powerful repulsor blasts at Zs'Skayr and they hit him and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM!

Zs'Skayr was sent flying and he was knocked down.

---

## Battle 4: Tara vs Waffle Woman

---

Tara was facing Waffle Woman once again.

Tara: You still can bring good breakfast everywhere if you turn to the side of good.

Waffle Woman: I am what I am Markov.

Tara: Lets dance.

Tara threw many rocks at her and they hit her all over and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOMM! KRABBBOOOOOOOMMM!
KRABBBOOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOMMMM!

Waffle Woman was burned and she fired a syrup blast and it hit the land behind Tara and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Tara threw a massive chunk of earth at Waffle Woman and flattened her like a pancake.

SPLAT!

She was down but not out and she was weakened.

---

## Battle 5: Spiderman vs Vanitas

---

Spiderman was facing Vanitas yet again.

Spiderman: You know Vanny, it's pretty cool facing you again.

Vanitas: Thanks Parker.

Spiderman fired blasts of web and they hit him and exploded and Vanitas fired blasts of dark fire and they hit the water all over as Spiderman was dodging them. Massive fiery explosions were blasting the water all over the place and even some of the land.

KRABBBBOOOOOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOOOMMMMMM!
KRABBBOOOOOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBOOOOOOOOOOOMMMMMM!

Spiderman then hit him with explosive webbing and knocked him down.

Spiderman: Just another job well done by your friendly neighborhood Spiderman.

---

Battle 6: Luan vs Vypra

---

Luan was facing Vypra yet again.

Vypra: So the jokester is up for a fight.

Luan: As always Vypra. And that is no joke. You can't Fight your way out of this one. (Laughs) Get it? But seriously, it will be a big fight.

Vypra: So it shall.

Luan and Vypra went at each other and clashed their swords and it was a massive clash as sparks were flying all over the place and setting some of the lake on fire.

Luan fired a powerful blast of light and it hit Vypra and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Vypra got up and fired a powerful blast of darkness and Luan fired a powerful blast of light and the blasts collided and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion blew Vypra back.

Luan: Try this one on! LIGHT STYLE NINJA ART: MOONLIGHT SONATA!

Luan flew into the air and the full moon shined behind her as Beethoven's 14th Symphony the Moonlight Sonata played in the background and the moon fired beams of light at Vypra and they hit her all over and exploded.

KRABBOOOOOOOOMMM! KRABBBOOOOOOOOOOOMMMM! KRABBBOOOOOOOOOOMMMM! KRABBBBOOOOOOOMMMM! KRABBBOOOOOOMMMM! KRABBOOOOOOOOOOOOMMM! KRABBOOOOOOOOOOOOOOOOMMMMM! KRABBBBBOOOOOOOOOOOOOOOOOMMMM!

Luan: Also try this one! LIGHT STYLE NINJA ART: HYMN OF THE CHERUBIM!

Luan sang Tchaikovsky's Hymn of the Cherubim and the divine singing of angels graced the skies as light from the heavens shined onto the land and it hit Vypra all over and exploded with incredible power.

KRABBBBBBOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOOMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOMMMMMM!

KRABBBBOOOOOOOOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOMMMM!

Vypra was knocked down and badly burned and hurt.

Luan: That is true Light power.

## Battle 7: Edzilla vs Avalanche and Number 7

Ed turned into Edzilla and he was facing Avalanche and Number 7.

Edzilla: ED SMASH ROCK FACE!

Ed punched Avalanche in the face with devastating force and fired a powerful blast of fire from his mouth and burned him all over and he punched Number 7 and sent her flying. Avalanche was knocked down and I appeared and stripped him of his powers and made them my own.

Maria came over.

Maria: (looks at the unconscious Avalanche) We could kill Avalanche right now. But there's been enough death among mutants.

Me: **I have a better place for Dominikos.**

I snapped my fingers and beamed him to the Uranus Prison.

## Battle 8: Nico, Maria, the Megaforce Rangers and the Aquitar Rangers VS Witchblade.

Nico, Maria, the Megaforce Rangers and the Aquitar Rangers were facing Witchblade.

Nico: The Magna company called and they want Witchblade back.

Nico punched her in the face and Maria fired a powerful blast of energy and water and it hit her and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM

The Megaforce Rangers and Aquitar Rangers blasted her all over the place and powerful explosions blasted all over her.

KRABBBOOOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOMMMM!

Nico fired a powerful energy blast and it hit her and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Witchblade: Oh, no, I'm falling, falling! What a world!

She fell and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: You have failed this universe. And that line was 81 years too old.

Maria: Yeah! But it was a good line.

Delphine: (Alien Voice) At least we never have to see that witch again.

Nico: You said it Delphine. Now we have to destroy Trident.

## Battle 9: TRIDENT

We all were now facing the massive Trident army.

Me: **This ends now Trident.**

Trident 2: We shall see about that.

Trident 3: We will rule this world after we rule Atlantis.

Aquaman: Not gonna happen you freak.

Trident 4: Yes it will.

Me: **Lets get him!**

We went at the massive Trident army and I punched one in the face and fired a powerful blast of lightning and it electrocuted a bunch of them all over and they exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBOOOOOOOOMMM! KRABBBOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOOOOOOOMM!
KRABBBBOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOOMMMM!

Lucy Loud: DARKNESS STYLE NINJA ART: APOCALYPSE TOMORROW!

Lucy flew into the air as the song Apocalypse Tomorrow by Charles Evans plays and she fired a powerful wave of darkness and it turned into the legendary 4 Horsemen of The Apocalypse plays and the powerful horsemen slashed and blasted numerous Trident's in powerful explosions of fire and energy.

KRABBBBOOOOMMM!
KRABBBBBOOOOOOOOOOOOOOMMMMM!
KRABBBOOOOOOOOOOOOMMM!
KRABBBBBOOOOOOOOOOOOOMMMMM!
KRABBBOOOOOOOOOOMMM! KRABBBOOOOOOMMM!

KRABBBBOOOOOOOOOOMMMMM!

Me: **Wow! That was awesome Lucy!**

Lucy Loud: Thanks J.D.

Lincoln: Lets see him survive this. LIGHTNING STYLE NINJA ART: MASTER OF SHADOWS!

Lincoln flew into the air as the song Master of Shadows by Two Steps from Hell played in the background and he fired a massive wave of lightning and it formed into a huge wall that showed powerful scenes from the movie 2012 from 2009 and it sent rocks and boulders, lava bombs, massive megatsunamis and powerful blasts of energy at numerous Trident's and they exploded.

Me: **WHOA! That was epic!**

Lincoln: Wow! No kidding!

Nico: That was so awesome! I remember seeing all those scenes from the movie 2012 and that was really awesome and scary!

May: No kidding! But that was awesome!

Lincoln: Thanks guys.

Luan: Here's a good one. LIGHT STYLE NINJA ART: UNITED WE STAND, DIVIDED WE FALL!

Luan flew into the air as light shined down on her and United We Stand, Divided We Fall by Two Steps From Hell played in the background and it sent a massive shower of light fireballs at many of the Trident's and they hit them and exploded all over.

Eddy: WHOA! That was amazing!

Lensay: YAY MOMMY!

Me: **Wow! Luan that was so Illuminating!**

Luan: (Laughs) Good one J.D. Thank you.

Me: **Y ou're welcome.**

Laney: Let me try one. CELTIC STYLE NINJA ART: HAUGHS OF CROMDALE!

Laney flew into the air and vines and plants grew all over her as the song Haughs of Cromdale, a famous Irish Ballad from the late 17th century played and it sent massive blasts of green energy and vines they destroyed and slaughtered many Tridents.

Me: **Whoa!**

Natilee: (Irish Accent) That was real well done lass!

Laney: Thanks Natilee.

Aqua: Here's one I've been wanting to try out. OCEAN STYLE NINJA ART: NAUTILUS!

Aqua went underwater and spread her wings and the light of the full moon shined on her in the water as the song Nautilus from the band 2002 played and she called a squad of powerful mermaid warriors and fish and they slashed and cut a bunch of the Trident Army and brutally destroyed them.

Sora: Wow! Way to go sis!

Nico: Wow! That was so awesome!

Aqua emerged.

Aqua: Thanks guys.

Lola: This one is a good one. FIRE STYLE NINJA ART: FIREBIRD SUITE!

Lola flew into the air and the song The Firebird Suite by Igor Stravinsky played in the background and Lola sent a massive blast of fire that turned into the terrifying Firebird from Fantasia 2000. It was a phoenix made entirely of pure lava and it went at some of the Trident Army and engulfed many of them and incinerated and burned them.

Me: **WHOA! That was awesome!**

Lily: That's one of my favorite classical musicals. The Firebird Suite was an awesome musical.

Nico: That was a cool version of it though and I don't think we've ever encountered the Firebird before.

Me: **We'll have to face him later on.**

Lucy Loud: I know this will be a scary one. DARKNESS STYLE NINJA ART: A NIGHT ON BALD MOUNTAIN!

Lucy flew into the air and the song A Night On Bald Mountain by Modest Mussorgsky played and she sent a powerful wave of darkness that turned into the souls of the damned from Fantasia and waves of fire and demons went at many of the Trident Army and destroyed them in massive fiery explosions.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOMMMM!

The army was destroyed and all that was left was the Original Trident.

Me: **So you are the Original Trident.**

Trident: Yes you caught me.

Lincoln: Lets get him!

We went at Trident and I punched him in the face and kicked him in the stomach and Nico punched him in the back and jumped in front of him as he swung his trident at him and kicked him in the face and Lincoln fired a powerful blast of lightning and electrocuted him all over.

Me: **Time for some teamwork!**

Lincoln: I'll start us off!

Aurore: Let me help too. FEEL THE WRATH OF THE STORM!

Aurore turned into STORMY WEATHER!

Lincoln and Stormy Weather fired a powerful blast of lightning.

Lincoln and Stormy Weather: LIGHTNING SUPERSTRIKE THUNDERCLAP!

The blasts of lightning hit Trident and electrocuted him and exploded all over.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: **Wow! That was well done!**

Stormy Weather: Thanks J.D.

Me: **I guess the powers Hawk Moth gave you really were beneficial.**

Bonnie (Pokemon): Thanks to me.

Me: **Yep.**

Stormy Weather: (Giggles) Thanks J.D. and yes. I will always be forever in Bonnie's debt for saving me.

Skullcruncher: Lets get him! CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and enhanced his jaw strength 100-fold.

Runamuck: Time for some friction power! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his Friction Rifle 100-fold.

Skullcruncher and Runamuck: BITING FRICTION BURN!

Runamuck fired a powerful Friction blast and it hit Trident and gave him a flaming friction burn and Skullcruncher bit him with incredible power and shook him all over the place and threw him into the water.

Skullcruncher: (Smack) (Italian Accent) That's a Spicy Meat-aball!

Nico: (Laughs) Good one Skullcruncher.

Skullcruncher: Thanks boss.

G1 Chase: I see you! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and it enhanced his radar powers 100-fold and turned them into sonic blasters.

Black Canary: Time for some sonic power! JUSTICE LEAGUE CYBER KEY POWER!

The Justice League Cyber Planet Key went into right arm device and enhanced her Sonic Scream powers 100-fold.

G1 Chase and Black Canary: SUPERSONIC HYPER SCREAM!

They fired a powerful sonic blast wail and it hit Trident and exploded with incredible power!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Lets finish him with our Final Smashes!

Robin: I'll start us off! GRENADE SHOWER OF THE BIRD!

Robin threw a powerful shower of birdarang grenades and they hit Trident all at once and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM

Starfire: It is my turn! STAR SHOWER OF TAMARAN!

Starfire fired a massive starbolt barrage at Trident and they all hit him and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Cyborg: This is gonna hurt. SONIC BEAM OF BOO-YAH!

Cyborg fired a massive blast of energy from his arm and it hit Trident and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Raven: The Dark Magic of Azerath will haunt you! AZERATH METRION ZINTHOS!

Raven fired a powerful blast of black lightning and it hit Trident and exploded all over.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Beast Boy: The Animal Kingdom is gonna smash you yo! BRONTOSAURUS MEGASLAM!

Beast Boy flew into the air as a hummingbird and then turned into a Brontosaurus and he fell onto Trident and slammed into him with a massive crash and splash!

KRAAAASPPPPPLLLAAAAAAAAAAAAAAASSSSSSSSSSHHHHHHHHH

Trident was floating on the surface.

Tara: The Earth with smash you! MOTHER EARTH ROCK PILLARSMASH!

Tara formed two powerful pillars of rock and they smashed Trident in between them.

Gloria: YEAH MOM!

Selena: YEAH!

Aqualad: This is for ruining the ocean! NEPTUNE MAELSTROM SUPERSPIN!

Aqualad formed a massive whirlpool and it was spinning Trident in it all over.

Speedy: Time for some shots! ARROWS OF HAMMERING JUSTICE!

Speedy fired a powerful barrage of arrows and they formed into deadly mace balls and slammed into Trident with incredible force.

Bumblebee: Time for some serious stinging power! BUMBLEBEE DEATHBLAST STING!

Bumblebee fired powerful laser blasts from her blasters and they hit Trident and it really hurt.

Mas y Menos: (Speaking Spanish) La velocidad de más y menos! MÁS Y MENOS SÍ PODEMOS! ¡VELOCIDAD SUPER LIGERA SLAM! (The Speed of Plus and Minus! PLUS AND MINUS YES WE CAN! SUPER LIGHTNING SPEED SLAM!)

They went at Trident with incredible speed and lightning and they slammed into him with incredible force and sent him crashing into the land.

Ben: Lets see how he likes this new ultimate form.

Ben then turned into ULTIMATE UPCHUCK! He now had 4 eyes, four eyes and he had a second huge mouth in the middle of his stomach with three tentacle tongues.

Ben: ULTIMATE UPCHUCK!

Me: **Whoa! An Evolved Gourmand!**

Shanan: Wow! This is the coolest one I've ever seen. I've never known Gourmands could get a second mouth in their stomachs.

Riley: That is freaky. But really awesome!

Ultimate Upchuck: Watch this.

He went and took some rocks and ate them and he fired more powerful energy blasts from his mouths and they hit Trident all over and exploded.

KRABBBBOOOOOOOOOOMMM! KRABBBOOOOOOOMMM! KRABBBBOOOOOOOOOOOMMM! KRABBBBOOOOOOOOOMMM! KRABBBBBOOOOOOOOOMMM! KRABBBBOOOOOOOOOOOOOOOOMMM! KRABBBBBBOOOOOOOOOOOOMMMMM! KRABBBBOOOOOOOOMMM! KRABBBOOOOOOOOMMM!

KRABBBBOOOOOOOOOOOOOMMM!

Lucy Loud: Lets see how he likes the darkness. VAMPIRIC DARKNESS BAT SWARM!

Lucy fired a powerful blast of darkness and it turned into a colony of vampire bats and they went at Trident and they sucked out his blood.

Laney: Lets see how he likes these plants. WHITE SNAKEROOT POISON DEATH!

Laney fired a powerful cloud of seeds from the deadly White Snakeroot plant and it covered Trident and he was coughing and gagging as he was poisoned.

Lana: Here's hell freezing over! ICE LIGHTNING MEGAFREEZE!

Lana fired a powerful blast of ice lightning and it hit Trident and froze him.

Lola: Feel the burn of fire! FIRE DRAGONSTORM INCINERATION!

Lola fired a powerful blast of fire and it turned into a deadly dragon and it hit Trident and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Lisa: It's time for this Aquatic criminal mastermind to meet the depths of oblivion! IONIC RAYBLAST SUPERSTRIKE!

Lisa fired a powerful blast of ionic energy from her hands and it hit Trident and knocked his trident out of his hands.

Lily: Time for you to see the light of your maker! LIGHT STYLE NINJA ART: AVE MARIA!

Lily flew into the air as powerful rays of light shined down from the heavens and she sang the world famous song Ave Maria by Franz Schubert. It sent powerful beams of light from the angels and it slammed into Trident and knocked him down.

Aqualad then took Trident's trident and then stabbed him in the heart and killed him.

Raven: (Aqualad keeps stabbing Trident's corpse with his own trident) Aqualad, Trident's dead. You can stop now.

Aqualad: I'm not pulling this out until Trident's spirit appears to be sealed into the Book of Vile Darkness.

He then appeared.

Nicole: Your crimes are unforgivable Trident. (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Trident was sucked into the book of Vile Darkness.

Trident: I WILL RETURN!

He was gone for good.

Naruto then fired an energy blast and it went into a cave with a machine in it and destroyed it.

Me: **Nice job bro.**

Naruto: Thanks bro. Now we've seen the last of Trident.

A roar was heard and we turned and we saw THE CREEPY KEEPER!

---

The Creepy Keeper was the disguise of Verona Dempsey, who used it to create her own commercial monopoly (by wrecking ships of rival importers while allowing only her own ships to come in).

---

Shaggy: ZOINKS! It's The Creepy Keeper!

Qin: Geez!

Me: **I remember him! He was really Verona Dempsey. She was**

**using the story of the Creepy Keeper to wreck the ships of her rival importers so that her own would get in uncontested for the materials she needs for really good long underwear.**

Daphne: And she has really good long underwear.

Qin: I'll bet.

Me: **Verona got 20 to 40 years in prison for her crimes and was ordered to pay a restitution of $300,000,000.00.**

Nico: Hefty penalty.

Me: **Yep.**

May: I got this creep.

May went up to the Creepy Keeper and punched it in the face and kicked it in the stomach and punched him in the face with a deadly uppercut and she kicked him in the chest and back and knocked him down and then she knocked him down. May then took off its mask and too our shock it was VERONA DEMPSEY!

Me: **It's Verona Dempsey!**

Velma: Jinkies! She must've escaped from prison.

Me: **But how? She was placed in a maximum security prison.**

Nico: That's what I would like to know.

The cops arrived and rearrested Verona.

Nico: Nice job May.

Me: **Verona is now looking at life in Solitary Confinement for escaping.**

Verona: And I would've gotten away with it again if it weren't for that meddling kid!

May: Tough luck bitch.

Me: **Nice one.**

Aqualad: (To the viewers) Never mess with the rules of the ocean or anyone on Team Loud Phoenix Storm. Or else.

Me: **You said it. Great job Jackson.**

Aqualad: Thanks J.D. It was cool helping all of you.

Aquaman: That's my helper and sidekick. He's a great leader too.

Me: **He sure is Arthur. He sure is.**

Lincoln: Listen, Dark Spicer. Before you guys teleport out, we just want to thank you for proving JD's innocence.

Dark Spicer (smiles): Don't mention it.

Lincoln: And remember what you said about us always giving you a challenge whenever we fight? Well, we feel the same way.

Dark Spicer: Well, I expected that. But remember what I said about you guys hugging me.

With that, the 6 members of the Masters of Evil teleport out.

We later went back home and Titans East now lives with us.

THE END

---

Another Fanfiction complete and another Teen Titans Villain bites the dust.

Trident was a weird villain from Teen Titans but he was really cool. I remember watching that episode back a long time ago and it was awesome! Hidan from Naruto Shippuden was a terrible freak of nature and I'm glad he is dead. The next villain we're facing is the evil versions of the 9 Jinchuriki. Get ready for a really explosive fight as me and Nico take them on in a powerful fight that will shake the cosmos to the core! NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is the Goosebumps book Lets Get Invisible and we're going to face evil mirror universe counterparts of Max and his friends.

See you all tomorrow.

# Evil Mirror-Verse Twins

In the ocean at Bikini Bottom, the Neptune Crusaders were fighting Squidward. He had just broken out of the Bikini Bottom Insane Asylum to launch another assault on SpongeBob.

Squidward: I will kill you both you morons!

Lily punched him in the face and kicked him in the head and sent him crashing into a rock.

But just as they were about to send Squidward back into the nuthouse, Lord Drakkon and Professor Calamitous appeared.

Drakkon: Sorry, Neptune Crusaders! But Squidward's coming with us!

Calamitous: Unlike Morton and Rotwood, he has much potential in being part of the Masters of Evil!

Squidward: Looks like I'll see you on the battlefield, Lily! Oh, and get better insults for me! (laughs)

With that, Drakkon and Calamitous teleport out with Squidward.

Maria: Now what are we gonna do?

Varie: No idea.

---

Back at the estate I was exercising in the gym by running on the treadmill and Lincoln was with me lifting weights and Lynn was punching on a punching bag.

We were sweating up a storm and we were really working out and building our muscles more.

Later as we got upstairs to the living room, we saw Nico and the Loud Kids were sitting in the family room moping.

Me: What's wrong guys?

Lincoln: Yeah why the long faces?

Luna: Dudes, I can't believe Squidward got away from us.

Luan: I can't believe you guys didn't call the rest of us so we could've helped prevent his escape.

William: (sarcastically) Doesn't this sound familiar?

Riku: (sarcastically) Yeah. I get the feeling that I was sitting in this exact same spot listening to this exact same conversation before!

Maria: That's because you were. Every time we're with them, they go on and on about how Squidward got away from us with the help of the Masters of Evil. It was a week ago, guys! Get over it!

Cheetah: It's not healthy to dwell on the past like this. You've gotta live in the here and now. That's what matters.

Me: That's right.

Jake Holling: Speaking of the here and now, I'm gonna practice soccer.

Rex Salazar: I'll practice with you. (looks at Lynn) Since a certain athlete is too busy moping to even think about sports. (he and Jake leave the room)

Lynn: Actually I'm okay Jake. But I'l go with you.

Noah: I'm gonna work on some of our weapons. I think it's time they had an upgrade. (leaves the room as well)

Gia: Look, I'm going shopping with some of the other girls. My advice? Go outside and either practice Jutsu in training yard or go to Hogwarts to learn some more magic. But do something! Anything that doesn't involve a certain octopus! (leaves the room as well)

I went to the kitchen to grab a protein shake.

---

French Narrator: (French Accent) One week later.

---

One week had passed and we were still moping! Surprisingly, I'm moping too.

Me: (In my head) I can't let everyone suspect something. Having Squidward join the Masters of Evil is part of my plan. So I have to blend in.

Nico: You know what? Gia's right! It's time to move on! I'm going out on patrol with Rippsnapper and Freeway. Wanna come?

Lucy: Maybe later.

Nico: Guys, c'mon. Let this go.

Lily: We can't! Squidward might be stupid but he's also unstable. Bikini Bottom was lucky enough to survive that volcano incident that he caused. Now that he's part of the Masters of Evil, who knows what other trouble he'll stir up?

Nico: I know that. But, what can we do? (leaves the room)

Rippersnapper (to you and the Loud Kids): When you first met me, you saved me from the path of evil by doing a combo attack to knock some sense into me. Right now, I'm waiting for those same people that saved me to come back out. (leaves the room as well)

Freeway: Wait for me. (leaves the room as well)

Lily came to realize that Rippersnapper was right. They all did.

On their patrol, Nico and the transformers were helping Irma's dad.

Tom Lair: Thanks Nico.

Nico: No problem Mr. Lair.

Tom Lair: Sorry about nearly sending J.D. to jail, guys.

Nico: It's fine, Mr. Lair. You and Sheila were just doing your jobs.

Sheila: Where are J.D. and the Loud Kids anyway?

Freeway: They still can't get over Squidward escaping with the Masters of Evil.

Nico: I hope they snap out of it soon. I just got an idea on the Goosebumps monster we'll go after next.

Sheila: What's your idea Nico?

Nico: We're going after the magic mirror from Lets Get Invisible.

Sheila: Ooh. That was a strange one.

Nico: It sure was.

Later back at the estate we were back to normal.

Me: Glad everyone is back to normal.

Laney: Thanks J.D. Gia's talk helped.

Nico and everyone came back.

Nico: We're back. Oh. Hey guys. Feeling better?

Me: Yep. Much better.

Nico: Awesome!

Rippersnapper: Great.

Nico: And I know who we can go after for our next target.

Nico went over and brought me the book for Lets Get Invisible.

Me: Lets Get Invisible. That was a strange one. It ended in a cliffhanger with Lefty being his mirror self there.

Nico: I know. That magic mirror was freaky.

Me: It sure was. But that was a freaky battle between Max Thompson and his mirror counterpart.

Lincoln: No kidding.

Laney: Yeah. We're gonna have a powerful battle on our hands.

Me: No kidding. We have our next target.

Carly Beth Caldwell: Yep. And we are ready.

Me: Lets go.

We were off to Bowling Green, Kentucky.

## BOWLING GREEN, KENTUCKY

We arrived in Bowling Green, Kentucky.

Me: Bowling Green, Kentucky. Its been a while since I was here.

Lana: It sure is a beautiful place.

Laney: Yeah.

We arrived at the house of Max Thompson.

Max Thompson: Wow! J.D. Knudson and Team Loud Phoenix Storm! It's such an honor to meet you guys.

Me: Same to you Max. It's a pleasure to meet you.

Erin: It's an honor to have you all here.

April: Yeah we love all your adventures.

Max Thompson: We're glad you came. Something is wrong with Lefty.

Me: We know. We think that he's a mirror reflection.

Nico: Yeah. Lets test that theory. Lynn can I borrow your football?

Lynn: Sure man.

Lynn handed him her football.

We went over to him.

Nico: Hey, Lefty. Catch. (throws ball to Mirror Lefty)

Mirror Lefty: (catches ball with right hand) You want to play catch with me?

Nico: Aha! I knew you weren't the real deal! Lefty's left handed.

Mirror Lefty: Well, I just happened to catch it with my right hand and- (tries to get away but Spicer shoots his foot, knocking him to the ground)

Spicer: (approaches Mirror Lefty) Your foot looks like it's in bad shape. Time for Dr. Spicer to operate!

Me: I got this.

I fired an energy blast at Mirror Lefty and destroyed him.

Me: Yeah!

?: Impressive figuring that out.

Out of the shadows came a figure and it was MIRROR MANIAC from episode 17 of Season 2 of Mighty Morphin' Power Rangers!

Mirror Maniac was created by Zedd from the small mirror, that Tommy gave as a gift to Kimberly before leaving. Mirror Maniac could blast energy from the mirror on his face. After Kimberly escaped from minions of Zedd, (Zedd wanted to make her his queen), and returned to her friends, they fought with monster and broke the mirror on his face. Zedd enlarged him. In the battle with Thunder Megazord, he used the energy spheres, which he fired from his mirror. However he was destroyed by Thunder Saber.

Kimberly Ann Hart: Mirror Maniac!

Mirror Maniac: Its been a long time Pink Ranger.

Me: I remember this freak! He was originally a mirror given to you by Tommy.

Nico: I remember that.

Kimberly Ann Hart: I remember that.

Mirror Maniac: You've been watching us on TV huh?

Me: Yes we have.

Lincoln: Yeah.

Max Thompson: Where's my brother, Mirror Maniac?!

Mirror Maniac: Where you'll never find him! Assuming you live long enough to try!

Troy: It's 7 years bad luck for you!

Megaforce Rangers: Legendary Ranger Mode: Zeo!

The Megaforce Rangers turned into the Zeo Rangers and Orion turned into Ninjor.

Me: Troy, I don't think I ever told you about this, but we had a terrible experience with a Lincoln that joined an evil doomsday cult that we destroyed and we made a rule stating that we aren't allowed to say B-A-D L-U-C-K ever again. It was a terrible nightmare we never want to go through.

Lynn: It's true.

Lynn went over what happened with her nightmare on the Bad Luck Karma travesty and it was terrifying and horrible.

Gia Moran: Whoa man!

Emma Goodall: Geez! That is terrible.

Jake Holling: Thank goodness that didn't happen for real.

Noah Carver: Yeah.

Lynn: Yeah so we instated that rule as a precaution.

Natilee: Here.

Natilee showed them the picture she drew of what happened.

Natilee showed them picture she drew on her sketchpad. It was a timeline of what would've happened. In the first square was a picture of Lynn threatening Lincoln with her baseball bat and forcing him to come to her game against his will or she would beat his face in. The 2nd square picture showed Karma biting Lynn hard and she lost her game and cursing Lincoln with Bad Luck. The 3rd square showed Lincoln taking advantage of this and enjoying some time to himself. The 4th square showed Lynn poisoning her siblings with her superstitious mumbo-jumbo and they kicked Lincoln out of the house, and made him sleep outside, sold all of his furniture and boarded up his room. The 5th Square shows that he tried to redeem himself and show that he isn't bad luck by putting on the schools mascot suit for the Squirrels. Lynn won the game because of it and everyone started treating Lincoln like a good luck charm. This worked well for everyone but for Lincoln he didn't like it, not one bit as he had a look of sadness and pain. In the 6th square it showed that Lincoln was fed up with it and he got rid of the suit and burned it when he found all of his furniture in the junkyard burning. He burned the suit with it. He confronts Lynn and his family and he was infuriated. The 7th square showed that he and Lynn were fighting in a brutal brawl and he bit Lynn on her leg to where he not only drew blood but also to where he almost severed her Achilles Tendon and Lynn bit his hand. OUCH! The 8th square showed Lincoln saying the 5 most terrifying words in any family for any child to ever say: I HATE ALL OF YOU! But he spared Lily and Laney because he can never bring himself to hate them. The 9th square showed that Lincoln ran away into the darkness of the night and the rest of Lynn's family now hated her guts to the core. The 10th Square showed a pie window of the Loud Siblings lives spiraling downhill fast. News of it broke out and spread across the city like wildfire and their lives were ruined. All their friends abandoned them, Lynn Sr.

and Rita were arrested and thrown into prison for child abandonment and neglect, Bobby and Lori were finished forever in their relationship which shattered her heart, Lynn was kicked off all of her sports teams and banned for life, Luan's business was gone, Luna lost her band and rights to perform and more, etc, etc. It was a horrible dream.

Troy: Whoa! That's terrible! Thank goodness it didn't happen for real.

Mirror Maniac saw it too.

Mirror Maniac: Geez! And I thought Rita was as bad as me.

Nico: I agree. That dream was awful.

Me: Tell that to Dark Lynn in the Pluto Prison.

?: He's not the only ones.

We then saw 9 figures come out and it was the THE DARK SIDES OF THE 9 JINCHURIKI! They looked exactly like the 9 Jinchuriki except they have red eyes with black sclera and they were overflowing with pure unrestrained evil.

## DARK GAARA

Gaara was a major villain in the manga and anime franchise Naruto during the Chunin Exam Arc. But, he reformed following his defeat at the hand of the primary protagonist Naruto Uzumaki and since then serves as a major secondary character. Before his redemption, he served as the secondary antagonist in the Chunin Exams arc and in the Konoha Crush arc.

When Gaara was still in the womb of Karura, his father the Fourth Kazekage, the leader of the Hidden Sand Village, had the Tailed Beast known as Shukaku the One Tail sealed inside him, in the hopes of making him a powerful protector of the Sand Village. With Karura dead from the premature birth, Gaara was trained and nurtured by his father as he had a very miserable childhood due to the isolation Shukaku seemingly caused by Gaara subconsciously harming others with his sand and becoming feared by his older siblings Kankuro and Temari.

The only one who appeared to care for Gaara was his maternal uncle Yashamaru, who became the boy's legal guardian and tried to keep hope alive in the boy. However, Gaara was unaware that his father arranged Yashamaru to test Gaara's ability to control Shukaku by making an attempt on the boy's life. Near death, Yashamaru continued his mission by creating the lie that both he and Karura never loved Gaara, with the latter's final words being Gaara as an instrument of her revenge on the village that allowed her to die. This broke Gaara's heart as he unleashed Shukaku in full fury on the village before the Fourth Kazekage stopped the Tailed Beast. Since that night, with many of his father's assassins killed by him, Gaara became secluded and psychotic killing machine bent on killing everyone in his way to prove his own existence.

When Orochimaru convinced the Kazekage on a partnership to destroy the Hidden Leaf Village, their mutual enemy, Gaara and his siblings enrolled in the Chunin exam to have Gaara unleash Shukaku near the end with ninja from both the Hidden Sand and Hidden Sound Villages invading during the chaos.

During the third phase of the Exam, Gaara faces off against Rock Lee and cripples him severely before he is stopped by Lee's teacher Might Guy.

Though he made it to the finals as planned, Gaara was a bit confused by Guy's loyalty to his student. Later, Gaara murders a Sound Ninja named Dosu who attempted to kill him as Gaara's opponent is Sasuke Uchiha.

One month later, murdering two ninja who were threatening him to throw the fight as they are betting on his opponent, Gaara faces off against Sasuke for the finals. During the fight Sasuke breaks through his Sand Barrier and punctures his chest, injuring him for the very first time. The sight of his blood cause him to freak out, forcing Temari and Kankuro to drag him away from Konoha as the attack begins. As Sasuke catch up with him, a hate-filled Gaara accesses his Jinchuriki powers to beat Sasuke to an inch of his life when his team mates Naruto and Sakura come to his aid. However, pinning Sakura to a tree, Gaara threatens to crush the life out of her if neither Sasuke nor Naruto can defeat him.

Naruto, seeing Gaara to be like him and understanding his pain, accepts the challenge and battles Gaara with Sasuke and Sakura looking on. But the beatings Naruto inflicts on Gaara only makes him more angry as he completely transforms into Shukaku and places himself to sleep to give the Tailed Beast free reign before Naruto summons Gamabunta to hold the monster off so Naruto can headbutt Gaara into waking up. With neither youth having any more chakra left, Gaara and Naruto's fight ends with them punch each other with Gaara knocked unconscious. When he regained consciousness, Gaara learns that Naruto is a Jinchuriki like him and suffered the same ostracizing yet resolved to protect others.

This in turn causes Gaara to change his ways, surprising his siblings when he apologized for the trouble he caused them, and take the path as Naruto to be accepted by his people. Gaara later aids the Sasuke Retrieval team by helping Rock Lee battle Kimimaro, one of Orochimaru's followers, fighting evenly with him until Kimimaro's disease claimed his life. After the battle, Gaara realized even those who are evil have someone precious to them. In turn, taking a Hidden Sand kunoichi named Matsuri as his student, Gaara gains the Konoha 11's help in dealing with an organization called the Four Celestial Symbols who needed his power to revive the Seimei.

After three years of hard work during which he forms a deep bond with his siblings and gains the trust of the villagers, Gaara is appointed as the Fifth Kazekage. However, Gaara's position as a Jinchuriki marked him to be captured by the Akatsuki's Deidara. Taken to the Akatsuki's lair, Gaara was killed when Shukaku was extracted from his body by the Demonic Statue of the Outer Path. Luckily, he was brought back to life by Chiyo, one of the elders of his village, as an apology for her role in sealing the Tailed Beast inside him.

Eventually, due to the Akatsuki's increasing activity, Gaara was summoned to attend the Five Kage Summit to discuss how to deal with the organization. Having experienced the Akatsuki's deed and lived to tell about it, with the notion brought up, Gaara voiced he suggested a coalition of the villages n the past that only the Hidden Leaf accepted. When Sasuke was revealed to have infiltrated the meeting and the Fourth Raikage A went to fight him, Gaara voiced his concern with the other Kages' lack of ethics before he and his siblings leave to see Sasuke. Using his sand to stop the fight between him and A, both on different spectra from the last time they met, Gaara attempted to talk Sasuke out of the path of darkness he is taking before forced to protect himself and his siblings from Sasuke's power.

Soon after, Tobi arrives and declares the Fourth Great Ninja War against the Kage when they refuse to hand Naruto and Killer Bee to him. In turn, the Kage finally accept Gaara's proposal and form the Shinobi Alliance yet voiced that the Hidden Leaf will have no part until it is led by one more trustworthy than Danzō Shimura was. Gaara accepted it while voicing to keep Naruto and Killer B out of the war for their sake. Gaara later tells Naruto of Sasuke's actions in the Summit and tells him that his friend is now beyond saving.

During the war, Gaara is appointed as Commander of the Fourth Division as he talks his men into embracing each other as brothers. On the second day of the war, Gaara encounters the Fourth Kazekage and battles him while now knowing his father's reasons to make him strong with attempts on his life. Eventually, Gaara learns the truth of his uncle's lie and Karura's final words: a promise to protect her son which came true in the form of the sand was the originally thought to be Shukaku's power. After his father apologized for ruining his early childhood as he was sealed, Gaara faced the battlefield with new determination. Eventually, joining the other Kage, Gaara faces the reanimated Madara Uchiha and is mortally wounded by the time their battle ended.

Despite suffering a major loss, Orochimaru, Suigetsu Hōzuki, and Karin managed to find them and help them recover from their injuries. Gaara along with the kage made it to the other battlefield in time to confront the Ten-Tails jinchuuriki Obito Uchiha. When Naruto, Sasuke, and the Konoha 11 manage to land a critical blow on Obito, Gaara along with the other kage and ninjas were able to help pull out the tailed beasts chakra from Obito defeating him.

After Obito's loss, Madara took advantage of it to use rinne tensei and revive himself. Madara immediately went after the Tailed Beast. Gaara tried to help the Shukaku, his former tailed beast, from Madara but the latter overwhelmed them and managed to seal the Shukaku along with the other Tailed Beasts inside the Demonic Statue of the Outer Path and transform it back into the Ten-Tails. As Madara became the new Ten-Tails jinchuuriki, Gaara tried to help Naruto recover after losing the Nine-Tails and provided transportation to his undead father, the Fourth Hokage, so that he can give Naruto the second half of the Nine-Tails chakra. After confronting Madara to steal a portion of Shukaku's and Gyuki's chakra, Obito managed to teleport himself, Naruto, and Sakura to safety.

Gaara, Kakashi, Rock Lee, and the Fourth Hokage, spectate the battle Might Guy had against Madara and throughout the battle provided support for Guy against Madara. After the battle, Gaara and Lee stood back when Naruto emerged from the other dimension to fight Madara. After some time passed, Madara managed to successfully activate the Infinite Tsukyomi jutsu and trap all living beings within their own dream world with the exception of Obito and the members of Team 7. In the dream world, Gaara was a child who dreamed about living peacefully with his family and was about to meet with a young Naruto.

After Kaguya's defeat, Madara's death, and Naruto and Sasuke's battle, Naruto and Sasuke managed to release everyone from the Infinite Tsukyomi and ending the Fourth Shinobi World War.

## DARK YUGITO NII

Yugito was made the Two-Tails' jinchūriki at the age of two and, at the end of a detestable training that was imposed on her, she was able to control her transformation into her tailed beast at will. At some point in the anime, Yugito agreed to give Nekobaa a paw print of the Two-Tails for the Paw Encyclopedia.

She made her début running through the sewers from unknown pursuers, who were later revealed to be Hidan and Kakuzu. When she entered a large area where all the sewers seemed to meet, she finally stopped. After some bickering between the two Akatsuki members, she revealed that she had intentionally led them there, and activated explosive tags which were placed over the tunnels behind them, sealing them in. Knowing that they were from Akatsuki, she fully transformed into the Two-Tails and noted that she could not let them live. However, after a fierce battle that devastated the area, she was taken down by Hidan and brought to the Akatsuki lair by Zetsu who had arrived later. The Two-Tails was later extracted from her body, resulting in her death.

In preparation for the Fourth Shinobi World War, Yugito was reincarnated by Kabuto Yakushi to fight against the Allied Shinobi Forces, before being mobilised alongside the other deceased jinchūriki. As dawn broke on the second day of the war, it was revealed that Tobi had turned the reincarnated jinchūriki into his own customised Six Paths of Pain, with each having a Rinnegan and Sharingan in place of their left and right eyes respectively. Each jinchūriki also had their respective tailed beast resealed within them, and a chakra receiver embedded into their body.

Yugito with the other reincarnated jinchūriki later travelled together with Tobi in pursuit of Naruto and Killer B. Encountering their targets, the reincarnated jinchūriki were sent into battle. With the enemy blinded by Fū's technique, Yugito attacked them directly alongside Han, where she clashed with B and his swords. With her first attack being blocked by B, she extended her toenails and attempted to kick him, only for B to evade the blow, noting that his sunglasses were too dark for him to be blinded. With the initial failed assault, she, like the others, unleashed the power of their respective tailed beasts by materialising the first of its tails. Giving her opponents no time to retaliate, Yugito unleashed her own technique immediately after Rōshi's attack, which forced Naruto and B to flee. Extending her fingernails once again, she pursued the pair and momentarily clashed with B.

Although the injury began to regenerate instantly, the chakra receiver embedded in her chest was exposed long enough for B to take notice. Incapacitated in the wake of the Eight-Tails' devastating attack, after B's recent transformation, Yugito was then restrained by the latter's sealing technique. However, before the technique's completion, she managed to escape by adopting her Version 2 form, where she then proceeded to slash at Naruto. Regrouping with the other reincarnated jinchūriki, after Kakashi Hatake and Might Guy's intervention, Yugito charged past the pair towards Naruto. Rallying once again, she along with the other jinchūriki prepared to confront the two Konohagakure jōnin, after Han's previous attack was thwarted by Kakashi.

After Son Gokū was resealed into the Demonic Statue of the Outer Path, Yugito was forced to transform fully into the Two-Tails as Tobi prepared to go all-out. Unleashing a Tailed Beast Ball alongside the others, the jinchūriki instead resorted to a direct assault when these attacks are deflected by Naruto, only to be repelled as the latter adopted his Tailed Beast Mode. In the resulting chaos, Yugito attempted to strike the Nine-Tails from behind, but found herself sent reeling after a collision with the Six-Tails. With this, the opposing beasts regrouped and prepared a collaborative Tailed Beast Ball, and launched it towards their opponents only to have it diverted by an opposing one.

During his attempt to remove the opposing tailed beasts' chakra receivers in the ensuing blast, Naruto entered the joint consciousness of the tailed beasts, where he met Yugito along with the other jinchūriki and their respective beasts. During this encounter, she told Naruto of how Son Goku had predicted this event before later introducing herself to Naruto alongside her beast, Matatabi. After Matatabi was resealed into the Demonic Statue of the Outer Path, Yugito and the other jinchūriki's corpses were collected by B and held in Gyūki's tentacles. With the release of the Impure World Reincarnation, Yugito and the others were enveloped in a light of sorts before their bodies started to deconstruct and her soul returned to the afterlife.

When Yugito was captured, Kumogakure tried desperately to save her. Rescue teams were sent to investigate Akatsuki lairs, but because there were so many places to look they wasted time, and were unable to get to her before her death. Because of these "mistakes", Kumogakure knew what not to do when Killer B was apparently captured. B's and Yugito's captures by Akatsuki eventually prompted the Fourth Raikage to convene a Kage Summit.

DARK YAGURA KARATACHI

Yagura Karatachi (枸橘やぐら, Karatachi Yagura) was the jinchūriki of the Three-Tails and the Fourth Mizukage (四代目水影, Yondaime Mizukage, Literally meaning: Fourth Water Shadow) of Kirigakure. Yagura is chiefly remembered for a bloody, despotic reign that contributed to Kirigakure being well known as the "Bloody Mist".

As a child, Yagura took part in the village's barbaric ritual where Academy students would be forced to kill each other in order to graduate. Following the Three-Tails' revival after being "killed" in Rin Nohara, the tailed beast was sealed within a young Yagura and he learned to control its powers over the following years. As a jinchūriki, he became known as the third person to achieve full control over a tailed beast. Yagura, being the strongest shinobi in his village at that time, was elected as the Fourth Mizukage. During his reign, he was known to have no tolerance for any form of treachery against the village, reinforcing its nickname as "Village of the Bloody Mist" (血霧の里, Chigiri no Sato).

Around this time, a masked man who claimed to be "Madara Uchiha" took control of Yagura, effectively gaining control over the village. After Kisame Hoshigaki killed Fuguki Suikazan for leaking intel to other villages, Yagura commended Kisame for killing the traitor, before "Madara" revealed that he was manipulating the Mizukage.

In the anime, when two members of Akatsuki infiltrated the Land of Water, Yagura joined the hunter-nin to apprehend them. While his unit was killed by the duo, Yagura quickly entered his Version 2 mode and defeated Jūzō Biwa. Before he could continue his efforts, Itachi Uchiha was able to immobilise Yagura with Amaterasu, allowing the Uchiha to escape. At some point, Yagura killed Iwabee Yuino's grandfather.

His tyrannical reign lead many in Kiri into believing he was being manipulated, as well as other villagers wanting him to be executed. The genjutsu was able to send Yagura, who had a hand in various crimes such as exploiting money from the weak, to his grave, after Ao's Byakugan dispelled it. In the anime, Kirigakure was still grieving over Yagura's death shortly before the joint Chūnin Exams.

Although Yagura died at some point after getting the Three-Tails extracted from him, he did have a child prior to his death, who went on to have Kagura.

## DARK ROSHI

Rōshi became the jinchūriki of Son Gokū over forty years before the Fourth Shinobi World War at a young age. He left his home town of Iwagakure at some point to better understand and control the power of the beast within him.

After being found by the Akatsuki members Kisame and Itachi Uchiha, the former chose to confront Rōshi alone, leading to the pair fighting. Exploiting Rōshi's weakness to Water Release, Kisame managed to capture the jinchūriki after a difficult battle. Afterwards, his unconscious body was taken by Kisame, who took him to one of his organisation's hideouts, where the Four-Tails was extracted from his body, resulting in his death.

In preparation for the Fourth Shinobi World War, Rōshi was reincarnated by Kabuto Yakushi to fight against the Allied Shinobi Forces, before being mobilised alongside the other deceased jinchūriki. As dawn broke on the second day of war, it was revealed that Tobi had turned the reincarnated jinchūriki into his own customised Six Paths of Pain, with each having a Rinnegan and Sharingan in place of their left and right eyes respectively. Each jinchūriki also had their particular tailed beast resealed within them and a chakra receiver embedded into their bodies.

Rōshi later travelled together with Tobi, in pursuit of Naruto and Killer B. Encountering their targets, the reincarnated jinchūriki were sent into battle with Rōshi leading the offensive, using his Lava Release: Scorching Stream Rock Technique to pressure the enemy. When this initial assault failed, he, like the others, unleashed the power of their respective tailed beast by materialising the first of its tails. Whilst Naruto and B conversed, Rōshi exploited this opportunity to attack the former directly, after covering his body in lava. Despite evading the strike, Naruto's face was still scorched by the heat, but when Rōshi attacked again, Naruto endured the blow in an attempt to destroy the chakra receiver embedded in Rōshi's chest. However, this was thwarted by Han.

Incapacitated in the wake of the Eight-Tails' devastating attack, after B's recent transformation, Rōshi was then restrained by the latter's sealing technique. However, before the technique's completion, he managed to escape by adopting his Version 2 form, where he then proceeded to burn the Eight-Tails. Regrouping with the other reincarnated jinchūriki, after Kakashi Hatake and Might Guy's intervention, Rōshi charged past the pair towards Naruto and B.

When he clashes with the former, Tobi forcefully transformed him into his full Four-Tails form, where he then proceeded to assault the Eight-Tails. Grabbing one of the beast's tails, Rōshi hurled the two jinchūriki upwards and, after dislodging Naruto in the process, prepared to swallow him. However, despite Naruto's efforts to lodge himself between the beast's jaws, and B's attempts to restrain the ape, the former is ultimately swallowed whole. While Naruto conversed subconsciously with Son Gokū, Rōshi resisted B's efforts to free his captive comrade, only to be forced to eject Naruto when the young man multiplied. He then tried to impede Naruto from removing the chakra receiver embedded in the beast's chest, but failed to do so thanks to a coordinated strike, leaving Rōshi's incapacitated body behind as Son Gokū was resealed into the Demonic Statue of the Outer Path.

When a transformed Naruto's Tailed Beast Ball later clashed with the collaborative one formed by the other tailed beasts, Rōshi's unconscious body was protected by the Eight-Tails from the resulting blast. Afterwards, Naruto subconsciously met with the other beasts and their jinchūriki, where it was revealed that shortly before Son was resealed, Rōshi questioned his beast as to whether it thought they too had taken the wrong path during life. He then stated that despite not being considerate enough to have spoken it, he had not forgotten the beast's real name. As the two fade away, a smiling Rōshi asked the beast if calling it "Son" would be all right. After Son was resealed into the Demonic Statue of the Outer Path, Rōshi and the other jinchūriki's corpses were collected by B and held in Gyūki's tentacles. With the release of the Impure World Reincarnation, Rōshi and the others are enveloped in a light of sorts before their bodies start to deconstruct and Rōshi's soul returned to the afterlife.

DARK HAN

Following his efforts during war, Han became known worldwide for his prowess with steam ninjutsu.

In preparation for the Fourth Shinobi World War, Han was reincarnated by Kabuto Yakushi to fight against the Allied Shinobi Forces, before being mobilised alongside the other deceased jinchūriki. As dawn broke on the second day of war, it was revealed that Tobi had turned the reincarnated jinchūriki into his own customised Six Paths of Pain, with each having a Rinnegan and Sharingan in place of their left and right eyes respectively. Each jinchūriki also had their respective tailed beast resealed within them and a chakra receiver embedded into their body.

Han later travelled together with Tobi, in pursuit of Naruto Uzumaki and Killer B. Encountering their targets, the reincarnated jinchūriki were sent into battle. With the enemy blinded by Fū's technique, Han attacks them directly alongside Yugito Nii, where he clashed with Naruto. When his punch was blocked, he released steam from his armour and overwhelmed Naruto with his strength. However, when this initial assault failed, he, like the others, unleashed the power of their respective tailed beast by materialising the first of its tails.

As Naruto tried to destroy the chakra receiver embedded in Rōshi's chest, Han intercepted him with a steam-enhanced kick, sending him hurtling backwards. Incapacitated in the wake of the Eight-Tails' devastating attack, after B's recent transformation, Han was then restrained by the latter's sealing technique. However, before the sealing's completion, he managed to escape by adopting his Version 2 form. Han then assumed his full Five-Tails form and proceeded to gore the Eight-Tails.

When the Five-Tails temporarily regained control of itself and tries to attack Tobi, after Kakashi Hatake and Might Guy's intervention, the beast was restrained and forced to revert to Han's Version 2 form. Regrouping with the other reincarnated jinchūriki, Han then charged towards Naruto but was instead intercepted by Kakashi and Guy. Confronting the Konohagakure jōnin, he took advantage of the Six-Tails' Wisdom Wolf Decay bearing down upon the pair, creating multiple chakra arms in preparation to attack them. However, when these are quickly severed by Kakashi, the jinchūriki ready themselves for another attack. As Son Gokū was resealed into the Demonic Statue of the Outer Path, Han was forced to re-enter his full tailed beast form, as Tobi prepared to go all-out.

Unleashing a Tailed Beast Ball along with the others, the jinchūriki instead resorted to a direct assault when these attacks are deflected by Naruto, only to then be repelled as the latter adopted his Tailed Beast Mode. In the resulting chaos, Han attempted to gore the Eight-Tails again, but in a complete reversal, finds himself sent reeling. With this, the rival beasts regrouped and prepared a collaborative Tailed Beast Ball, launching it towards their opponents only to have it diverted by an opposing one.

Attempting to remove the opposition's chakra receivers in the ensuing blast, Naruto enters the joint consciousness of the tailed beasts, where he met Han along with the other jinchūriki and their respective beasts. During this encounter, he told them how they had only happily gathered together after Son and Rōshi's disappearance, thanks to Naruto. With this, Han introduced himself alongside his tailed beast, Kokuō. After Kokuō was resealed into the Demonic Statue of the Outer Path, Han and the other jinchūriki's unconscious bodies were collected by B and held in Gyūki's tentacles. With the release of the Impure World Reincarnation, Han and the others were enveloped in a light of sorts before their bodies started to deconstruct and Han's soul returned to the afterlife.

## DARK UTAKATA

At some point, Utakata became the jinchūriki of the Six-Tails, Saiken. At first a loyal shinobi of Kirigakure, he left the village during the "Bloody Mist" era and died at the age of 26. Sometime after his death, Kabuto Yakushi acquired some of his DNA and reincarnated him.

In the anime, as a student of Harusame, Utakata returned with a scroll saying a ninja should carry out and complete his mission swiftly. Frustrated at his student, Harusame angrily said that Utakata's job was to track and locate the scroll; not return it. Harusame would go on to say Utakata's life was precious, mentioning that a ninja should not run away from conflict nor should he involve himself in a battle that was unnecessary. Nonetheless, he was grateful for his student to be safe and alive. Throughout Utakata's time working under Harusame, his master ultimately saw the tailed beast within him as a burden and took it upon himself to learn of a way to extract the Six-Tails.

Some time later, Harusame had attempted to extract Saiken from Utakata, believing the Beast would only cause trouble in his student's life, thinking he would be better off without it. The process didn't go as planned, and instead of removing the tailed beast, Harusame forced Utakata's transformation into Saiken and was killed by it, in an effort to prevent itself from being extracted which unknowingly to him, would have resulted in Utakata dying. With only fragmented memories of the incident and the impression of betrayal, Utakata grew disillusioned and sceptical of the relationship between a master and student. He became a wanderer, constantly fighting off people who were after him, particularly the hunter-nin sent from Kirigakure to retrieve him.

One day, he was attacked again. A girl named Hotaru, who happened to be there, assumed the assailants were after her. Utakata managed to fend off his attackers, but was injured in the process. Believing that Utakata had saved her, Hotaru took him to her family's fort for treatment. After he recovered, Hotaru begged him to train her in his ninjutsu, but Utakata adamantly refused, not wanting to become anyone's master.

## DARK FU

At some point, Fū became the jinchūriki of the Seven-Tails, Chōmei. In the anime, growing up in Takigakure as the village's jinchūriki, the village leader Shibuki took great care in keeping Fū protected. He also taught Fū the importance of friendship and loyalty. Fū, wanting to make friends and tired of living a secluded lifestyle, signed up for the joint Chūnin Exams being held in Konohagakure and Sunagakure.

When Shibuki was informed she had signed up, he was against the idea and feared people could learn about Fū's jinchūriki status. He ultimately gave in, hoping to use this event as an opportunity to help restore Takigakure's former glory. While Fū was delighted at this, Shibuki assigned Kegon and Yōrō to protect Fū by posing as her genin teammates. Upon entering the Chūnin Exams, Fū and her teammates are randomly put into different rooms, with Fū being placed in room two. After settling in, Shikamaru Nara, explained that everyone only answer a question each, but their team's combined score must equal exactly 100 points to pass. During this time, Fū uses a technique to communicate with her teammates, allowing them to tell each other which question they were going to pick. After time is up, Shikamaru revealed a bonus question that asked if a situation called for it, what team member you would leave to be a decoy, noting that while the answer had to unanimous, the person picked would be disqualified. She, like her teammates, did not answer, and ultimately her team passed the first round. However, a preliminary round was issued which involved a race to Sunagakure, where only the first 30 teams to arrive at the destination to qualify for second phase to lessen the participants.

Her team was the first to dash off into the race, ultimately arriving at the destination first. Later that night, Fū's bodyguards locked her in her room in fear of her reckless actions drawing too much attention. Despite this, Fū broke out and met the other fellow genin who were in a brawl. Displaying her hyperactive personality, it settled everyone down, leading them to dismiss to their rooms as dinner was ruined, much to her dismay. Later, when she found out that Team Asuma were being attacked by a giant scorpion outside, Fū quickly ran to see it for herself. While wanting to have fun with it, Fū quickly took down the beast, to save the captured genin. The following day, the second exam began, where each team would be given one of two scrolls. The objective of the exam was to survive in the Demon Desert for three days and take the opposite scroll from an enemy team, and then the team had to make it to the desert area's main building. Some time into the second phase, Fū wanders off, quickly discovering Gaara's Third Eye, but thought nothing of it once it disappeared. Her teammates soon found her, calling her back.

Later, despite gaining both needed scrolls, Fū was determined to not end this exam before making some friends. She was convinced however to complete the exam when reminded she was taking the exams for Shibuki's sake. Soon afterwards, a massive sandstorm rampaged the area. Hearing people shouting for help, Fū quickly rushed out to find them. After saving a Suna-nin genin team, Fū was approached by Gaara himself. When asked why she saved an enemy team, Fū simply said she was doing as she was taught to make friends with people. After the genin team awoke, Fū offered them her scroll, saying she didn't need it anymore. They respectfully however declined, saying that Gaara, who stayed out of sight, taught them to persevere through their struggles. Accepting this, Fū left.

Later, while initially regrouping with her teammates/bodyguards, Fū sensed the distress of Gaara, realising that he was a jinchūriki as well and his tailed beast was being extracted. She quickly rushed off again to help him. Once arriving, Gaara told her to retreat, but Fū insisted that she understand his pain and wanted to help. She attempted to remove the fūinjutsu chain, only to be repelled by it. The caster, Hōichi, decided to test his fūinjutsu on two jinchūriki at once and began extracting Chōmei from Fū.

Desperate to stop the extraction, Fū used her Cocoon to slow down the process. While Gaara found this pointless as many people like Hōichi would prefer for Gaara to die, Fū insisted that he can keep making friends. Ultimately, Team Guy and Fū's teammates arrived. Together, they were able to distract Hōichi while Neji Hyūga got close to the jinchūriki. Using his Gentle Fist, he was able to block the chakra points in their body from where the extraction was taking place. This forced the chakra chains to be removed, which became Hōichi's undoing as they turned on the Suna-nin and bound him. With the crisis averted, Fū quickly approached Neji and asked him to be her friend, to which a flustered Neji agreed if she would let go of him.

Ultimately, the Chūnin Exams were ended early before starting the finals due to controversy happening in the second exam. Sometime later, Akatsuki members Kakuzu and Hidan tracked the team down to capture Fū. Fū was excited to befriend a fellow Taki shinobi, despite knowing the rogue shinobi's history. However, the rogue Kakuzu states their motives aren't to become friends with her. Fū was subsequently captured, and had her tailed beast extracted from her body and sealed within the Demonic Statue of the Outer Path, resulting in her death. Sometime after her death, Kabuto Yakushi acquired some of her DNA, which he used to reincarnate her.

## DARK KILLER B

Killer B (キラービー, Kirā Bī, Viz: Killer Bee) is a shinobi from Kumogakure. He is the most recent jinchūriki of the Eight-Tails, though, unlike his predecessors, he was able to befriend it and hone its power for Kumo's benefit. Despite being responsible for the village's protection, B aspires to be the world's greatest rapper.

At a young age, B along with several other children were gathered by the Third Raikage and Dodai in order to select a tag partner for his son A. Out of all the children gathered, B was the only person able to successfully perform the Lightning Release: Double Lariat with A. As such he was given the name "B", and A stated they would be brothers from that day on. Since the age of five, B has been best friends with Motoi, whom he always greeted with a fist bump. After A's cousin, the jinchūriki of Gyūki lost control and killed Motoi's father along with seven other ninja on that day, B was chosen as its next jinchūriki. Soon afterwards, B suffered from similar prejudices against jinchūriki, not too different from that the villagers of Konohagakure and Sunagakure had against Naruto Uzumaki and Gaara respectively. However, he kept smiling and pushed himself to be the best jinchūriki that he could be, so that his brother wouldn't be hurt politically as the Fourth Raikage.

After his father's death, Motoi tried to kill B, believing that B's death would also kill Gyūki and avenge his late father, but B disarmed him easily, and despite the attempt on his life, bore him no ill will, which led Motoi to not speak to B for thirty years out of shame. B would later train with his brother on an island in the Land of Lightning, where there he would find the Falls of Truth. There he learned how to control Gyūki in a amazingly short period of time. Some time after his training, B, alongside A, and other Kumo shinobi confronted Minato Namikaze and his small squad. When Minato moved to counter A's attack, B used a tentacle to push A out of the way, causing shock to the Konoha shinobi that he was Gyūki's jinchūriki. The two From this encounter Minato would come to have much respect for B and his abilities. Minato even stated that B acted as a true shinobi killer, thus giving him the title of "Killer". Some time since then, much like Naruto, B has become beloved in Kumo as the village's hero, or, as Motoi called him, the "Hero of Heroes".

When A became the Raikage, he forbade B from fully transforming into the Eight-Tails and restricted him from leaving the village, saying instead that he would become the guardian of the village and attack from within its walls, to protect him from meeting the same fate as his adoptive father. Sometime later, when B learned from pestering Darui that Konoha and Suna were hosting together an impromptu Chūnin Exams, B saw this as an opportunity to give show for the attenders. A however anticipated his young brother's actions and had Darui and C stop him.

## DARK NARUTO

Naruto was born on the night of October 10th to Minato Namikaze (the Fourth Hokage) and Kushina Uzumaki (the second jinchūriki of the Nine-Tails). He was named after Naruto Musasabi, the protagonist of Jiraiya's first book, which made the Sannin his godfather. The Third Hokage made special arrangements for Minato to preserve Kushina's seal containing the Nine-Tails while she gave birth to Naruto in a remote location, escorted by midwives and Anbu. A masked man, Tobi, tracked down their location, however, killed the midwives and Anbu, and captured Naruto, forcing Minato to quickly rescue him and teleport him to a safe house.

With Minato gone, Tobi captured Kushina and released the Nine-Tails from her, using it to devastate Konoha. Minato saved Kushina and left Naruto in her care before he went to protect the village, eventually defeating Tobi and freeing the Nine-Tails from Tobi's control. Returning to Naruto and Kushina's location, Minato realised the only way to stop the Nine-Tails was to seal it within Naruto, believing that his son would someday need the fox's power to defeat Tobi when he returned. Since the Nine-Tails' chakra was too immense to seal into an infant, Minato sacrificed his soul to split the fox's chakra in half, sealing the Yin half within himself and the Yang half within Naruto. After telling Naruto how much they loved him, Minato and Kushina succumbed to their wounds from protecting their son from the Nine-Tails and passed away.

Orphaned, not having parents or anyone else to provide for him, Naruto received monthly income from the village in order to afford daily necessities. Naruto grew up not knowing who his parents were, receiving only his mother's surname, as Hiruzen wanted to protect Naruto from his father's enemies. Minato's dying wish that Naruto be regarded as a hero was honoured by the very few who could put aside their pain and losses caused by the disaster, while the majority of Konoha, however having no knowledge of the circumstances surrounding his birth, openly ostracised and resented Naruto for containing the beast that devastated the village and took many lives; some even viewed Naruto as the Nine-Tails itself. Soon, the Third Hokage forbade anyone from mentioning the Nine-Tails, hoping that the younger generation would not blindly hate Naruto as their parents did. However, Naruto's peers emulated their parents' hatred of him, despite not knowing why. This social isolation caused Naruto to crave acknowledgement, which he would gain by pulling pranks.

On the day of his enrolment in the Ninja Academy - Naruto first met Hinata Hyūga, who was being picked on by three bullies. Despite not knowing her, Naruto immediately came to her defence, but he was outnumbered and knocked unconscious, and the bullies damaged his red scarf. When Naruto awoke, Hinata thanked him for helping her and returned his scarf to him, but he let her keep it. He was unaware that the girl's growing affections for him began from that moment onwards.

In the Academy, Naruto became a student of Iruka Umino, who acted as a surrogate older brother to keep him in line and help him work harder. Naruto also met his class-mate Sasuke Uchiha and tried to befriend him, since he was alone as well. Jealous of Sasuke's skills and popularity, however, he developed a one-sided rivalry in his pursuit to prove himself just as good as, if not better than, Sasuke, wishing that someday, Sasuke would accept him as an equal. Naruto also grew close with the owner of Ramen Ichiraku, Teuchi and his daughter Ayame, being welcomed as their favourite customer.

---

Naruto: Oh my god! It's our evil selves!

Fu: What the hell!?

Yugito: How is that possible!?

Qin: Who are they?

Me: They are the evil versions of the 9 Jinchuriki. They were made from the anger, hatred, resentment and loneliness they've felt all throughout their lives. The kid with the red hair and gourd on his back and the scar shaped like the kanji for love on his forehead is Gaara, the Jinchuriki of the 1-Tail Raccoon Dog of the Sand - Shukaku.

Qin: I met him before. He and his siblings are nice people.

Nico: They sure are.

Me: The girl with the blond hair and the purple clothes is Yugito Nii, the Jinchuriki of the 2-Tailed Wraith Cat of Ghosts - Matatabi.

Yugito: That's right. She was like me long before I became a hero of the Hidden Cloud.

Qin: Geez!

Me: The man with the scar going down his face with the pink eyes and the battle cane is Yagura Karatachi, the former 4th Mizukage and Jinchuriki of the 3-Tailed Turtle of Water - Isobu.

Nico: So this is what he was like during the Bloodline Holocaust, which turned it into the Bloody Mist.

Me: Yep. The one with the red hair and beard is Roshi of the Lava Style, the Jinchuriki of the 4-Tailed Volcanic Gorilla - Son Goku.

Goku: He's not like Master Roshi and me is he?

Me: No way Master Goku. This Roshi is not like that pervert teacher of your and Son Goku is not like you.

Goku: Oh. That's a relief.

Me: Yeah. The big guy dressed in red with the hat is Han of the Steam. He's the Jinchuriki of the 5-Tailed Dolphin Horse of Steam -

Kokuo.

Lincoln: Wow!

Qin: He sure looks tough.

Me: He is. The one in Aqua Blue with the flute is the rogue ninja Utakata. He is the Jinchuriki of the 6-Tailed Alkaline Slug - Saiken.

Naruto: I remember that we helped him and the Tsuchigumo clan.

Me: I'll never forget that bro.

Nico: Wow.

Fu: You all know her. (Points to her dark self)

Me: Yep. The girl with the mint green hair is Fu from the Hidden Waterfall. She is the Jinchuriki of the 7-Tailed Horned Beetle of the Scales - Chomei.

Laney: I remember that. That is amazing that Fu can do all kinds of stuff.

Me: Yeah. The big guy with the 8 swords is the 4th Raikage's brother Killer B. He is the Jinchuriki of the 8-Tailed Ox of Lightning - Gyuki.

Naruto: And he is also an amazing training partner. He is the one who helped me and Natsumi become great partners and more.

Me: I remember that bro. And finally we have Naruto Uzumaki. You all know him. But he's the Jinchuriki of Kurama the 9-Tailed Inferno Fox.

Qin: I thought her name was Natsumi.

Natsumi: Kurama is also my birth name. But I like going by Natsumi.

Qin: Wow.

Dark Gaara: Now we will kill you so that I may prove my existence!

Dark Yugito: I will enjoy destroying you.

Me: Not if I have anything to say about it you cat bitch.

Nico: Let me help you J.D. It's 9 against 2.

Me: Okay.

Lincoln: I'll help you too J.D.

Lisa: Same here.

Lana: Me too.

Lola: Count me in as well.

Lucy: I'll help as well.

Lynn: Me too.

Luan: I'll help too.

Luna: Me too.

Me: Awesome.

Max Thompson: I'll help you guys take down Mirror Maniac.

Nico: Awesome.

Me: Lets get them.

I snapped my fingers and we were on the volcano planet Klyuchevskoy VIII.

---

Planey Klyuchevskoy VIII is a volcano planet located in the Unknown Zone. It is named after Klyuchevskoy volcano in the Kamchatka Peninsula of Russia and it is one of the most active volcano planets. It has a sea of lava in the shape of the Kamchatka Peninsula.

Me: I chose this planet for our battle. Lets dance.

We went at them.

Battle 1: Lola Loud VS Dark Gaara

(APOCALYPSE TOMORROW plays)

Lola was facing Dark Gaara.

Dark Gaara: So you will be the first to die so that I can prove that I exist.

Lola: You are nothing more than a bloodthirsty Jinchuriki that deserves to be put down like a mad dog.

Dark Gaara: We'll see.

Lola then flared up her fire aura with incredible power!

She then was enveloped in a massive vortex of fire and then she transformed. She was now in her Super Angel 20,000 Inferno Flame Princess form.

Lola: (Older Voice) I will never forgive you for your crimes.

Lola then kicked Dark Gaara in the stomach and kicked him high into the air and she flew at him and he fired powerful sand blasts at her. Lola teleported and kicked him in the back and sent him crashing into the ground and she fired powerful blast of fire at him. Dark Gaara saw them and defended himself with a powerful sand shield and the blasts of fire hit him and exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO
KRABBBBBOOOOOMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOMMMM!

KRABBBBBOOOOOOOOOOOOOOOOOOOOMMM!

When the smoke cleared, Gaara's shield was turned to glass and he broke out and fired a powerful blast of sand at her and Lola teleported and kicked him in the face and fired a powerful blast of fire and it hit him and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion sent him crashing into the ground and when he got up he saw that he was badly burned and bleeding profusely.

He saw this and he was infuriated.

Lola: I will never forgive you for your crimes Dark Gaara.

Dark Gaara: We are so alike Lola. I don't have friends as you have, but they are not what makes you strong. It's your purpose that does it. In that way we're alike. (Growls Ferociously) YOU! But mine is the stronger purpose. For only by destroying you and all that you represent can I even prove that I exist! Only by killing you can I know what life is.

Lola: Then you will go to Hell.

Dark Gaara: YOU! YOU ARE MINE!

Then he screamed in pain and he clutched his head in pain and he went into the first stage of his transformation!

Dark GAARA: (INSANE SCREAMING!) YOU ARE MY PREY! MY PREY! MY PREY! (ROARS)

Lola: All right then.

Lola flared up her fire aura to full power.

Dark Gaara: Now. LET ME FEEL IT!

Lola: Come on!

Dark Gaara went at her with incredible speed and Lola teleported and fired a powerful blast of fire from behind him and it hit him and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The fire burned all his sand and crystalized it and it shattered and Lola kicked him in the face with devastating force.

Lola: FIRE STYLE NINJA ART: HOUSE OF FIERY DESPAIR!

Lola fired a powerful blast of fire and turned it into a house of pure fire around Dark Gaara and it had images show him how worthless and disgraceful he is and that he will never be good at anything and that he will just be a worthless waste of a life. The house then then exploded with incredible power.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the explosion cleared Dark Gaara was knocked down and defeated.

Battle 2: Lucy Loud VS Dark Yugito

---

(IT'S THE FEAR BY WITHIN TEMPTATION PLAYS)

Lucy Loud was facing Dark Yugito Nii.

Lucy Loud: I will never forgive you for your crimes Dark Yugito.

Dark Yugito: Then come get me.

Lucy Loud then flared up her power and she became a Super Angel 20,000 Darkness Vampire Raven. Her sword Nizogamourne ready to strike.

Lucy Loud: Lets do it.

Lucy went at her and punched her in the face and fired a powerful blast of black lightning and it hit her and electrocuted her. Dark

Yugito used MOUSE HAIRBALL.

The user transforms their spit into a flaming ball of hair that assumes the shape of a mouse engulfed in flames, which then continually splits into individual and similarly ablaze balls of hair. These flaming projectiles pursue the intended targets before exploding, once they come into contact with an object.

Lucy used her dark powers to send the fireballs back at Dark Yugito and they hit her and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM! KRABBBBBBBOOOOOOOOOOOOOOOOOOMMMMM! KRABBBBBOOOOOOOOOOOMM! KRABBBOOOOOMM! KRABBBOOOOOOOOOOOMMMM! KRABBBBOOOOOOOOOOOOOOOOOOMMMMM!

The explosions knocked her down.

Dark Yugito then grew one of Matatabi's 2 fire tails.

Lucy Loud: Lets dance.

Dark Yugito turned her fingernails into claws and they clashed sword to claws and it was a powerful clash that set some of the land of fire and Lucy kicked her in the face and she swung her sword and sent powerful blades of pure black fire at her and they hit Dark Yugito all over and cut her all over and knocked her down. But she wasn't finished yet.

Lucy Loud: DARKNESS STYLE NINJA ART: DEVIL FIREBLADE MEGA BARRAGE!

Lucy spun around and sent a massive shower of black blades of pure fire from her sword and the blades hit Dark Yugito and cut her all over and knocked her out.

Battle 3: Lynn Loud VS Dark Yagura

---

(PROMISES PROMISES BY NAKED EYES PLAYS)

Lynn was facing Dark Yagura.

Lynn: You will pay for your crimes against the Mist. You slaughtered countless people all for your own selfishness.

Dark Yagura: All bloodline users are scum!

Lynn: Like you!

Lynn flew at him and kicked him in the stomach and punched him in the face and fired a powerful blast of lava at him. It hit him and burned him and Lynn kicked him in the back and sent him crashing into the ground and Lynn fired massive globs of lava that hit him and exploded all over.

KRABBBOOOOOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBOOOOOOOOOOOOOOMMMMMM!
KRABBBBOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOMMM!

Lynn: Lets see how you like this. EARTH STYLE NINJA ART: UPHEAVING PILLAR SMASH!

Lynn slammed her hand into the ground and a pillar of rock sent him flying into the air and more rock pillars smashed him all over the place with devastating force! The final pillar smashed into him and sent him crashing into the ground.

Dark Yagura was defeated.

---

(BLUE (DA BA DEE) BY EIFFEL 65 PLAYS)

Lincoln was facing Dark Killer B.

Dark Killer B: Time for some whining fool. Ya Fool!

Lincoln: We'll see about that.

Lincoln went at him faster than a bolt of lightning and kicked him in the face with incredible force.

Lincoln: VOID STYLE NINJA ART: SHADOW FIRE RASENSHURIKEN!

Lincoln formed a powerful Black Fire rasenshuriken and threw it at Dark Killer B and it slammed into him and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Dark Killer B got up and he fired powerful blasts of lightning at Lincoln and Lincoln did the same and massive explosions went off all over the place.

KRABBBOOOOOOOM! KRABBBOOOOOOOOMM!
KRABBBOOOOOOOOOMM! KRABBBBOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOMMM! KRABBBOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOMMM! KRABBBOOOOOOMMM!
KRABBBOOOOOOOOOOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOMMM!

KRABBBOOOOOOOOOOOOOOOOOOOOMMM!

The whole landscape was being set on fire and massive blasts of lightning was hitting everything.

Lincoln then hit Killer B in the face with devastating force and knocked him down. But he got back up.

KRABBBOOOOOMM! KRABBBBOOOOOOOOMM! KRABBBOOOOOOOOOOOOOOOMMM! KRABBBOOOOOOOMM! KRABBOOOMM! KRABBBOOOOOOOOOMM! KRABBOOOOOOOOOOOOOOMMM! KRABBBOOOOOOOOOOOOOOOOOMMM! KRABBBBOOOOOOOOMMM! KRABBBBBOOOOOOOOOMMMMM! KRABBBOOOOOOOOOOMMM!

The Lightning knocked down Dark Killer B and defeated him.

Battle 9: Me and Nico VS Dark Naruto

(DOWN WITH THE SICKNESS BY DISTURBED PLAYS)

Me and Nico were facing Dark Naruto.

Me: You give my brother a really bad name Dark Naruto.

Dark Naruto: Then it's good that he's a worthless dirtbag.

Me: Like you.

Nico: Dark Naruto you have failed this Universe.

Me: Yep. Lets get him Nico.

I went Super Angel 30,000 Phoenix Firestorm and Nico went Super Saiyan 4.

OOOH AAHHH AAHHH AAHHHH AAHHH!

We went at Dark Naruto and I punched him in the stomach and Nico kicked him in the face and I fired a powerful energy blast at Dark Naruto and it hit him and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion sent him flying and he crashed into a rock.

But then he got up and all the 9 Dark Jinchuriki were standing in front of us.

Me: It's over you freaks.

Luna: You've lost.

Dark Naruto: Not yet. We will now use our trump card.

Me: Oh shit.

---

BATTLE 10: ME VS THE 9 TAILED BEASTS!

---

(THE GAME BY DISTURBED PLAYS)

The 9 Dark Jinchuriki then released the full extent of their Tailed Beast's power and the skies darkened with powerful storm clouds and lightning struck everywhere as we saw them exploded in massive vortexes of powerful red chakra and then we saw them transform into their tailed beasts themselves!

Nico: Oh shit!

Me: Now it's getting serious. Let me handle this guys. I have a special secret that I've been harboring from all of you.

Lincoln: What is it?

Me: Watch.

I then flared up my full power and then I went Super Angel-Ebonwu 100,000 Elemental Phoenix. But then everyone saw me sprout 10 white tails with purple marks on them and I had white wolf ears on top of my head and my fingers and toes had powerful claws and the level of power I had was 100 quadrillion times more powerful than Super Angel-Ebonwu 100,000 Elemental Phoenix. My aura also turned dark blue and it had had planets, stars, moons and galaxies spiraling around it.

Everyone gasped!

Nico: WHOA!

Lincoln: What happened to J.D.!?

Lana: His power is incredible!

Nico: It's unreal! J.D. is a Jinchuriki!

Me: (Divine Voice) **That's right Nico. I am the Jinchuriki of Yomi - the 10-Tailed Wolf of the Moon. When I was walking in the world of shinobi 150,000 years from now, I found one of the Tailed Beasts that was long forgotten. His name was Yomi and he was the 10-Tailed Wolf. He is the most powerful of all of the Tailed Beasts and his power is 100 quadrillion times more powerful than that of all the power of all of the most powerful shinobi over the course of history**

Nico: Wow! That's amazing!

Lana: Looks like Obito missed one.

Me: **He did. But he just assumed that there were only 9 Tailed Beasts.**

Nico: That's incredible. But there's more than just chakra coming off of you J.D. It's filled with incredible life energy. It's far more powerful than anything I've ever sensed.

Me: **It is. He was the guardian of life and I agreed to become his Jinchuriki. We are true partners.**

Luan: Wow! That is so awesome!

Nico: How come you never used Yomi's power until now?

Me: **Because his power is so strong that he can destroy entire planets like nothing. That's why I only use his power when absolutely needed.**

Nico: Wow!

Lucy Loud: That is amazing.

Lisa: Indeed it is.

Me: **Yep. In this form when me and Yomi power up we are called a Super Angel-Ebonwu Elemental Moonlight Phoenix. Now here's our power in action.**

The 9 Tailed Beasts roared ferociously and I went at them faster then a laser and I kicked Shukaku in the face with devastating force and one of my tails grabbed Kokuo and threw him into Isobu and I punched Gyuki in the face and grabbed him in the arm and threw him onto Kurama and slammed him onto him with incredible force and then I grabbed Chomei and threw him into Matatabi and kicked Son Goku with devastating force.

Me: **Lets see how they like this.**

I fired a powerful blast of moonlight fire and it hit Shukaku and exploded with incredible power!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Kurama fired a powerful blast of fire at me and I fired a powerful blast of moonlight fire and the blasts collided and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I jumped back and the Tailed Beasts got up and then they formed an incredibly massive Tailed Beast Bomb. It was as big as a small moon and it carried enough destructive power to completely obliterate the entire planet.

Nico: Whoa! If that massive ball of chakra hits J.D. this whole planet is done for!

Me: **Lets see how they like this.** (Cups Hands to the side) **WOLF MOON KAMEHAME…**

The Tailed Beasts fired a massive ball of powerful chakra right at me.

Me: **HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA**

I fired a massive blast of dark blue energy right at the ball of chakra and the blast hit the ball of chakra and pushed the ball back and it slammed into all 9 of the tailed beasts at once and exploded with incredible power!

***KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

The explosion from the blast was so massive, so powerful and so devastating that it shook the entire planet to the core and shook much of the universe to the brink. The explosion even shook the very fabric of creation. The explosion even breached the planet's atmosphere and it went all the way out into space and it was so powerful that it reached over 900 million miles out into space. When the smoke cleared, there was nothing but a massive smoldering crater and inside it was the bodies of the 9 Dark Jinchuriki. The Tailed Beasts were dead and they laid on the ground buried partially in dust.

Nico and everyone else saw the damage from the blast.

Nico: Whoa! That was powerful!

Lincoln: What power!

Lana: I don't think anyone could survive a blast like that!

Lola: Hard to imagine! I didn't know Jinchuriki possess such enormous power!

Lincoln: They are just that powerful.

I landed by everyone.

Me: **Jinchuriki possess incredible power that can shake the very planet to the very core. Their power is so strong that it dwarfs all normal shinobi. That's why the Akatsuki wanted to use their power to destroy the planet.**

Lincoln: Wow. No wonder they wanted them so badly. But are they still alive?

Me: No. These nine are dead.

Lola: Good riddance.

Me: But lets help and deal with Mirror Maniac.

We went over and faced Mirror Maniac.

---

Battle 11: Mirror Maniac.

---

We were then facing Mirror Maniac.

I punched him in the face and smashed his mirror with a powerful punch and Lincoln fired a powerful blast of lightning and it hit him and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOMMMMM!

Lincoln: SAGE ART: SHADOW STYLE THUNDER BLAST!

By using Yin Release and combining it with natural energy, Lincoln releases myriads of purple tangible lightning bolts from the palms of each of his hands to capture the target.

The lightning hit the Mirror Maniac and electrocuted him all over.

Nico: Try this on!

Nico fired Frieza's Flaming Cannon at Mirror Maniac and sent him flying and he crashed into the rocks.

KRABBBBOOOOOOOOOOOOOOOOOOOMMMM!

Me: **Lets see how he likes this. WOLF MOON STYLE NINJA ART: FULL MOON TWIN RASENSHURIKEN!**

I formed two purple Rasenshuriken with yellow cores and threw them at Mirror Maniac and they hit him and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Lincoln: And this. SHADOW STYLE NINJA ART: DARK DRAGON SWORD!

Lincoln formed a powerful sword of pure dark energy and fire and he slashed Mirror Maniac all over and burned him.

Lincoln: How about this one? LIGHT STYLE NINJA ART: SCYTHE OF PROMISES!

Lincoln formed a powerful scythe of light energy and he slashed Mirror Maniac.

Verbina: This is awesome!

Aster: It sure is.

They fired powerful blasts of ion energy and they hit Mirror Maniac and exploded all over him.

KRABBBBOOOOOOOOOOOOOOOOOOMMMMM! KRABBBOOOOOOOOOOOOOOOMM! KRABBBOOOOOOMM! KRAABBBOOOOOOOOOOOOMMM!

Ben: Lets see how he likes this!

Ben turned into a new Ultimate Alien. It was ULTIMATE STINKFLY! He was now standing on 2 legs instead of 4 and he had a stronger muscular physique, stronger wings and he had a tail covered with spines and he had a fly shape head with 4 eyes and he had spines on the sides and antennae on the head and his wings were stronger and his powers were enhanced.

Ben: ULTIMATE STINKFLY!

Me: **Whoa! An Evolved Lepidopterran.**

Shanan: Wow! I've never seen something like this. But this is amazing.

Nico: It sure is.

Riley: Wow! I think this one is cool!

Ultimate Stinkfly: Watch this.

He demonstrated his powers and he used honey and poison and even goo and they were enhanced and all that. They hit Mirror Maniac and hurt him.

Me: **Wow! That was awesome!**

Lincoln: No kidding.

Me: **Time for some Teamwork!**

Rippersnapper: You got it boss! CYBER KEY POWER!

The Animatron Cyber Planet Key went into his back and enhanced his Cyclone Gun 100-fold.

Cheetah: The Need for Speed! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into her right arm device and enhanced her speed and powers 100-fold.

Rippersnapper and Cheetah: SPEEDING CYCLONE SLASHSTORM!

Rippersnapper fired his cyclone gun and Cheetah slashed Mirror Maniac all over and the wind blasts hit Mirror Maniac and blew him all over.

Freeway: Time for some awesome power! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his homing grenades 100-fold.

Rex Salazar: Time for some action! GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into his right arm device and enhanced his E.V.O. Powers 100-fold.

Freeway and Rex Salazar: GRENADE FIRESTORM BARRAGE!

Rex Salazar formed his cannon and Freeway loaded his grenades into it and Rex fired it and the grenades hit Mirror Maniac all over and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Mirror Maniac: I'm not beaten yet!

He summoned the evil sides of Erin, Lefty, April and Max.

Me: **Time for some Final Smash power!**

Nico: Right! Lets get them! MIRROR RAINBOW RAY REFLECTION!

Nico formed a mirror and it fired a powerful rainbow light blast and it hit Mirror Max and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Max Thompson: You will never terrorize our world again! DARK FIRE MEGABLAST STRIKE!

Max Thompson fired a powerful blast of Black Fire and it slammed into Mirror Erin and incinerated her.

Lucy Loud: Fear the lightning of darkness! DARK LIGHTNING EVISCERATION!

Lucy fired a powerful blast of dark lightning and it slammed into Mirror Lefty and Mirror April and killed them in a powerful explosion.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Lincoln: You will never terrorize the world again Mirror Maniac! LIGHTNING DRAGON DEATH BLAST!

Lincoln fired a powerful blast of lightning and it turned into a powerful dragon and it slammed into Mirror Maniac and exploded and then he fell down and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Mirror Maniac was dead. Back on Earth, the mirror in Max's house was shattered and it disintegrated and vanished into oblivion.

Me: Go to Hell.

Nico: Yeah!

Max Thompson: That was so awesome!

Lefty came back and he was okay.

Nico: You ok, Lefty?

Lefty: Yeah.

We went back to Earth and it was an awesome battle done.

Lincoln: (To the viewers) Looking in the mirror is fun. But never look in a mirror that is evil and magical. Especially one that can bring your evil self to life.

Laney: Well said big bro.

Max, Erin, April and Lefty were now members of the Goosebumps Monster Busters.

---

Back at the estate we were watching TV and playing card games. But then I felt a cold spell.

Me: Brrr! Geez that was cold!

Lana: That wasn't me.

?: It came from me.

A light appeared and it was the Spirit of Tom Riddle Sr., Lord Voldemort's father.

---

Tom Riddle, Snr (1905 - 1943) was an English affluent Muggle who lived in the village of Little Hangleton located in Yorkshire. He was the son of wealthy Muggles Thomas and Mary Riddle, who raised him to be snobbish and rude.

Tom was coerced into marrying Merope Gaunt by means of a love potion. He left her once she stopped giving him the potion, sometime before the birth of their son, Tom Marvolo Riddle, who would grow to become the Dark Wizard Lord Voldemort. Tom Riddle, Snr was very handsome and this was what attracted Merope Gaunt.

The latter's sixteen-year-old son, Tom Marvolo Riddle, later murdered him and his grandparents in cold blood. This was in retaliation for what Tom, Jr saw as his father's abandonment of his family. While neither his death nor that of his parents was notable among Muggles, as few Little Hangleton residents grieved, it would be pivotal in Wizarding history. His murder was used to make his father-in-law's ring into a Horcrux. In 1995, his last remaining bone helped his son return to full power.

Born to Thomas and Mary Riddle in 1905, Tom Riddle Snr lived in a luxurious manor house not far from a run-down cottage that was home to the Gaunts, a wizarding family descended from Salazar Slytherin and Cadmus Peverell, outside the Muggle village of Little Hangleton. Merope Gaunt, who led a miserable life of poverty and abuse at the hands of her father and brother, became infatuated with Tom, watching him ride by on his horse, sometimes in the company of a woman named Cecilia. Tom, on the other hand, looked on with disdain on her brother for his mental instability and her father for his reputation of being arrogant and violently antisocial towards the Little Hangleton people. However, Tom himself was rather snobbish and rude due to his upbringing, and along with his parents, the Riddle family was most disliked by the townspeople.

When her brother Morfin noticed her interest, he hexed Tom with hives. The Ministry of Magic discovered this, among other incidents, and also arrested Morfin and Marvolo Gaunt for attacking Ministry officials. Both wizards were sentenced to Azkaban. While they were gone, Merope and Tom got married.

It was speculated by Albus Dumbledore and Harry Potter that Merope used the Imperius Curse on Tom, but they decided that it was more likely she used a Love Potion to attract him. A Love Potion would have been much more romantic in her eyes than the Imperius Curse. In any case, the two married, despite public disapproval over "the squire's son running off with the tramp's daughter." At some point in their relationship, Merope became pregnant with a boy.

It was believed that Merope eventually stopped whatever enchantment she had used on Tom in the hopes that he had truly fallen in love with her since, or would at least remain with her for the sake of their unborn child. She was wrong on both accounts, as he had reacted quite badly when the enchantment was lifted and discovered the truth as well.

Once Merope's enchantment was removed, Riddle came to his senses and no longer wanted anything to do with her, and thus fled back to his parents' house in Little Hangleton, and never bothered to find out even about his unborn child, let alone Merope. He claimed to have been "taken in" by Merope, which may have been an allusion to her being a witch. He did not state specifically that she used magic to seduce him, for the fear of being thought insane. Rumours in the town claimed that Merope had lied about being pregnant in order to induce Riddle to marry her. Riddle's son himself came to believe that his father abandoned Merope solely because he discovered she was a witch.

After Riddle left, Merope was left impoverished, despondent, and alone in London. Soon after, she gave birth to a son she named Tom Marvolo Riddle, after the baby's father and Merope's own father, Marvolo Gaunt. Merope died shortly after giving birth rather than live for the baby and the child was left in the care of a Muggle orphanage.

## Death

In 1943 sixteen-year-old Tom Marvolo Riddle, who would later take on the alias Lord Voldemort, ventured to Little Hangleton to investigate his heritage. He learned the details of his parents' union from his uncle Morfin Gaunt and sought revenge on whom he saw as the man who abandoned him before his birth. Tom Marvolo Riddle murdered his father and paternal grandparents with the Killing Curse and framed Morfin for the crime. His corpse was described as having a "look of terror upon his face."

Tom Riddle Snr was buried in a Little Hangleton graveyard along with his parents, and their deaths were not at all mourned by the townspeople due to being very unpopular. Tom's murder was used by his son to transform Marvolo Gaunt's Ring into his second Horcrux. Voldemort seemed to see this murder as retribution for the miserable existence his father had condemned him to in his abandonment, as well as his own triumph over his "filthy Muggle" heritage. Voldemort made use of his father's murder again in 1995 when Peter Pettigrew used a bone from Tom Riddle Snr's grave to make the potion that resurrected him. Although hating his father, Voldemort did tell his servant Barty Crouch Junior about this hated heritage; Barty, who also had a disappointing father that he was named after, saw this as a common that binds him and the Dark Lord together, fueling his loyalty.

Although unpopular and not mourned, the townspeople of Little Hangleton were more concerned about how Tom died, fearing the possibility such a murder could happen again. They were particularly concerned that Riddle and his parents seemingly dropped dead for no reason, a highly improbable scenario. Frank Bryce, the Riddle family's gardener, was arrested because he was suspected for being the only one to have a key to the house but was released due to lack of evidence on the Riddles' otherwise healthy corpses. To this day, the Muggle authority have no idea how Tom and his parents died.

Tom's death would ultimately be avenged when Harry Potter defeated Voldemort during the Battle of Hogwarts. However, Voldemort sired a daughter, Delphini, with his subordinate, Bellatrix Lestrange, prior to both their deaths at the aforementioned battle, thus posthumously giving Tom Riddle Senior a granddaughter.

Me: You're Tom Riddle Sr. Father of Tom Marvalo Riddle.

Tom Riddle Sr.: (British Accent) That's right J.D. It's a pleasure to meet you.

Me: I heard that your son killed you in cold blood.

Tom Riddle Sr.: Yes he did and I will never forgive that monster for killing me.

Me: He also became Lord Voldemort and is gonna wipe out much of the entire human race in the name of Salazar Slytherin and his fucking racially motivated beliefs. Because of him 7.8 billion innocent lives are now at risk.

Tom Riddle Sr.: I know. That's why I came. To warn you. Voldemort is coming and he will be after you and Harry Potter.

Me: Let him come. Team Loud Phoenix Storm will destroy him.

Nico: Yeah.

Me: And he will pay for his crimes.

Tom Riddle Sr.: Thank you. I will go with you when the war comes.

Me: Thank you Tom.

He vanished.

Nico: This is gonna be intense.

Me: Yep.

The Doorbell rang.

Me: I'll get that.

We went to the door and to our surprise it was the Vypra and Waffle Woman.

Lincoln: What do you and Waffle Woman want now, Vypra?

Waffle Woman: Take him back.

Nico: Say what?

Vypra: (angrily) GODDAMN, KNUDSON! TAKE YOUR STUPID SQUID BACK! (throws Squidward at me)

He was thrown into my face.

Lily: What gives? I thought you wanted Squidward in the Masters of Evil!

Waffle Woman: For the last week, he has been annoying us with his whining!

Vypra: You're the ones he has a grudge on. So, he's your problem now! (she and Waffle Woman teleport out)

Me: Well that was weird.

I teleported him back to the nuthouse in Bikini Bottom.

Me: My plan worked.

Nico: What plan?

Me: It was to have Vypra and the Masters take Squidward so that he would drive them crazy and we would mope about it.

Nico: (Laughs) You sly little devil.

Carol: Very clever.

We were glad that Squidward was back in the nuthouse.

Another Fanfiction Complete and another Goosebumps boom done.

Lets get invisible was an awesome and really strange one. I would never look into a mirror like that. It was freaky. The Dark Jinchuriki came out of the blue for me and it was a good idea. Next up is the ruthless Doto who wanted to rule the Land of Snow with an iron fist. He was from the 1st Naruto movie. NicoChan11 gave me the ideas for this. Thanks man. Let me know what you all think. Next up is the first chapter for the awesome new Nickelodeon show The Mysticons! Get ready as the worlds of Earth and Gemina and two of the most powerful forces of the universe take on the evils that plague Gemina and bring them down.

See you all tomorrow.

# A Mystical World of Powerful Creatures

Deep in the 9th Circle of Hell - Treachery, I was there to pay a visit to the most evil wizard that ever terrorized the wizarding world. It was the wizard that killed thousands of innocent people and was responsible for the murders of Harry Potter's parents. It was Tom Marvalo Riddle A.K.A. LORD VOLDEMORT!

---

Thomas Marvolo "Tom" Riddle III (December 31, 1926 - May 2, 1998), later better known as Lord Voldemort or simply as Voldemort, is the main antagonist of the Harry Potter book and film franchise.

He is the heir of Salazar Slytherin who was destined to open the Chamber of Secrets and purge Hogwarts from all Muggle-born students. Initially, Riddle's goals were only to fulfill his role as Slytherin's heir, but over time, he had expanded his ambitions into taking over the entire wizard world and shape it under his and Slytherin's supremacist views, becoming the most powerful and feared Dark Wizard of all time, as well as the lord of the Death Eaters in the process. He also serves as Harry Potter's archenemy.

Tom Marvolo Riddle was born on New Year's Eve, 1926 in an orphanage in London. He was born to Merope Gaunt, a direct descendant of Salazar Slytherin, and Tom Riddle Sr., a wealthy and extremely snobbish Muggle. Merope magically tricked Tom Sr. into marrying her and kept him under control until she finally let him go, hoping he would have fallen in love with her on his own after, but he abandoned her without second thoughts, desperate and miserable, she died shortly after choosing a name for her newborn son. J.K. Rowling stated that due to the fact that he was born because of a love potion, it made him unable to feel love and made him the monster he was, though it would have been different if Merope survived and loved him.

Tom Riddle grew up in a dingy orphanage, completely unaware of his Wizarding heritage, though he did have a lot of grasp on his abilities beyond that of normal magical children, which he used to harm people he did not like. He was never caught for any of his acts, but was suspected nonetheless. He used fear and manipulation to control his fellow orphans and regularly stole from them, who feared him so much that they refused to share a room with him. Although he was far more intelligent than his peers, he already demonstrated disturbing sociopathic and megalomaniac tendencies.

When Tom was 11 years old, Dumbledore visited the orphanage and invited Tom to attend Hogwarts. Not much else is known of his childhood.

## Hogwarts Years

Tom Riddle was educated at Hogwarts School of Witchcraft and Wizardry from 1938 to 1945, and was placed in Slytherin. During summer breaks, he would return to the Muggle orphanage, which he despised and dreaded more than any other place on Earth.

Tom described himself as "poor, but brilliant, parentless, but so brave, a school prefect, a model student." This opinion was shared by the Professors, including Horace Slughorn whom Tom tricked into telling him about Horcruxes. The sole exception to this was Albus Dumbledore, the Transfiguration professor at the time, who still admits that Tom was the most brilliant student Hogwarts has ever seen.

Tom eventually became obsessed with his parentage and began researching it with an insatiable hunger. During his research, he realized his shared heritage with Salazar Slytherin. During this time, Tom relinquished the Muggle name he loathed and began going by the name " Lord Voldemort": an anagram of his given name: "Tom Marvolo Riddle" rearranged giving: "I am Lord Voldemort"

In his 5th year, Tom located the secret entrance to the Chamber of Secrets, and was able to control the Basilisk (the snake-like monster inside) because he was a Parselmouth. Tom turned the beast loose on the school, injuring many. The last victim was a student named Myrtle, who was killed in the girls' bathroom and whose soul later became a lingering ghost in the same restroom by the name of "Moaning". Hogwarts was to be closed, but Tom didn't want to return home. To keep the school from shutting down, he framed fellow student Rubeus Hagrid, who secretly raised Aragog, a baby Acromantula (Giant Spider).

Dumbledore, distrusting Riddle, kept a close watch on him after that. Because it was no longer safe to open the Chamber of Secrets, Tom created a diary to preserve a part of his soul, hoping it would one day lead someone to finish Salazar Slytherin's "noble" work. This diary was one of his seven Horcruxes. At Tom's last year at Hogwarts, he was prefect, Head Boy, and he had received a medal for magical merit.

## Little Hangleton

During the summer of 1943, Tom Riddle went to the small hut where his mother once lived. There he gained information about his mother and father, and then stunned his uncle Morfin Gaunt (the last remaining inhabitant) and implanted a false memory of him killing the Riddle family inside his head. Later that morning, all 3 Riddles were found dead in the drawing room of their home. Investigating wizards learned Morfin's wand was used to commit the murders and he confessed the murders. As for people in Little Hangleton, they grew to blame the Riddles' gardener Frank Bryce.

## After Hogwarts

Shortly before graduating, Tom used his charisma to charm the spirit of Helena Ravenclaw (more commonly known as the Grey Lady, the ghost of Ravenclaw Tower) into revealing the location of Rowena Ravenclaw's Diadem. Then when he finished his education, he asked Armando Dippet for a chance to teach Defence Against the Dark Arts at Hogwarts, but was deemed too young. After leaving Hogwarts, he presumably traveled to the far-flung forest in Albania about which Helena had told him and retrieved the Diadem. He murdered an Albanian and turned the Diadem into a Horcrux. Upon his return to Britain, he was offered several positions in the Ministry of Magic, but ended up working at Borgin and Burkes for Caractacus Burke, which disappointed and surprised many. His job was to "persuade" people to part with their valuable magical items - a job at which he was very good.

During his time with Borgin and Burkes, Tom charmed a wealthy, elderly lady named Hepzibah Smith. After several visits showed him her 2 most valuable treasures: Salazar Slytherin's Locket and Helga Hufflepuff's Cup. Tom killed her and stole the objects, vanishing without a trace. He covered his tracks well by implanting another false memory into an innocent person, Hokey, Hepzibah's house elf, who admitted to accidentally putting poison into Hepzibah's cocoa. Meanwhile, Tom ran away with the cup and locket and turned them into two more Horcruxes.

## Transformation

Tom disappeared for many years, slipping deeper into the Dark Arts. The more he made Horcruxes, the less human he became and eventually lost all trace of humanity. Tom appealed once more to Albus Dumbledore, now Headmaster of Hogwarts, for the position of Defence Against the Dark Arts professor, in an attempt to learn Hogwarts' secrets and recruit followers. Dumbledore denied him, knowing of his plan. The position has since been jinxed; teachers only held the position for a year until Riddle's death ended the spell. Riddle's visit to request the position was not fruitless, however; he hid Rowena Ravenclaw's Diadem in the Room of Requirement, where he believed it would never be found.

## The Rise of the Dark Lord

In the 1970s, Lord Voldemort had gathered a following of witches and wizards, who named themselves the Death Eaters. He then began taking advantage of the Wizarding World's greatest weakness: the beings and creatures that they had outcast. He recruited Giants, Werewolves, Dementors and many others; and used his army to wage war against the Ministry of Magic. At the height of Voldemort's reign of terror (and for many years after), people were so afraid of him that they didn't even dare speaking his name, referring to him as "You-Know-Who" or "He-Who-Must-Not-Be-Named."

One of the Wizarding World's few remaining safe places was Hogwarts, which was under the staunch protection of Albus Dumbledore, the only person Lord Voldemort feared. Dumbledore created the Order of the Phoenix to fight against Voldemort, but they were outnumbered and suffered many casualties. In 1979, word came from an informant, Severus Snape, of a Prophecy that predicted Voldemort's downfall:

" The one with the power to vanquish the Dark Lord approaches… Born to those who have thrice defied him, born as the seventh month dies… And the Dark Lord will mark him as his equal, but he will have power the Dark Lord knows not… And either must die at the hand of the other for neither can live while the other survives… „

This Prophecy was made by Sybill Trelawney, during a job interview with Albus Dumbledore for the position of Divination. According to Dumbledore, Snape only heard the part about Voldemort's downfall and to whom it may relate, before being thrown out by the barman, (Aberforth Dumbledore). Frightened, the Dark Lord sprang into action, unknowingly launching a chain of events that would eventually accomplish the fate he sought to avoid.

Lord Voldemort realized he must kill the 2 babies to whom it could refer - Harry Potter, a Half-Blood, and Neville Longbottom, a Pure-Blood - For reasons known only to Voldemort himself, he chose to kill Harry instead of Neville (Dumbledore suspected this was because Harry shared his Half-Blood heritage with Voldemort). Due to the involvement of Peter Pettigrew, James Potter's friend-turned-Death-Eater, Lord Voldemort learned the Potter family's secret location. Voldemort murdered James and Lily Potter, but when he used the Killing Curse on Harry, it rebounded upon himself, ripping his soul from his body and destroying his powers. Lord Voldemort had been defeated by the one-year-old boy because Lily's love for her son created an invisible and powerful defense in Harry's skin when she died for him.

The Death Eaters were lost. Many claimed they had been under the Imperius Curse, while others stayed true to their master and continued his work, most notably the Lestranges; Bellatrix and her husband, Rodolphus. Eventually, they were all captured and locked away in Azkaban.

## Missing Years

Lord Voldemort wasn't dead, however. His Horcruxes kept him alive, although formless and powerless. He retreated to the same Albanian forest he had traveled to find Rowena Ravenclaw's Diadem, expecting one of his faithful Death Eaters to find him and help him. But those still faithful to him were either dead or in Azkaban. He gained a form by inhabiting snakes, which never lived long.

During the incidents with the Cursed Vaults, Jacob's sibling encountred several Boggarts in his/her third year, taking the shape of his/her greatest fear; Lord Voldemort. In the Vault of Fear, he/she had to save his/her friends from three Boggarts taking the shape of Voldemort, turning them into clowns. Then another Boggart appered, saying the words of the real Voldemort; "There is nothing worse than death", before being forced to fight it. After defeating the Boggarts, Jacob's sibling and his/her friends escapes and discovers the treasures of the Vault.

## Second Defeat

Fortunately for Lord Voldemort, Professor Quirrell was wandering into the forest while on a vacation and he was able to make him into his follower. In 1991 - 1992, Voldemort ordered Quirrell to steal Nicolas Flamel's Philosopher's Stone from a vault in Gringotts Bank, so he could make the Elixir of Life. However, it had been removed by Hagrid right before Quirrell could steal it. Lord Voldemort then possessed Quirrel and took form on the back of his head, which was concealed by a turban. Quirrell often drank Unicorn blood to sustain his master.

Quirrell tricked Hagrid into telling him about Fluffy, the three headed Hound that was the first guard of the Philosopher's stone at Hogwarts. Now all they needed was a way to get into the Forbidden Corridor. Severus Snape was suspicious, however, and when Quirrell let loose a Troll in the dungeons as a distraction, Snape blocked him off.

Voldemort had Quirrell send a fake letter to Dumbledore, asking him to go to the Ministry of Magic, then moved on with their plan. They beat their way through the security enchantments and reached the Mirror of Erised. There, Quirrell saw himself presenting the stone to his master, but could not get it. It was only when Harry arrived that they could retrieve the stone, as only someone who wanted to find the stone, but not use it, could get it from the mirror. Voldemort figured this out, and Quirrell attacked Harry, but when he touched Harry, his hands blistered. Harry placed his hands on Quirrell's face, severely injuring him. Lord Voldemort's soul fled when Dumbledore barged in, once more without a body.

Second Exile and the DiaryIn 1992, Lucius Malfoy placed a diary containing the soul fragments of Voldemort embedded in it into Ginny Weasley's cauldron who brought it to Hogwarts. She came in contact with the 16-year-old-Riddle Horcrux, who feigned to comfort her to manipulate her. Riddle's memory learned all he could about his future self defeat and Harry Potter. He slowly drained the life away from Ginny Weasley, and put her under his control. He made her open the Chamber of Secrets and release the Basilisk, kill Hagrid's roosters, and write threatening messages on the wall outside Moaning Myrtle's bathroom. Gradually, Ginny became suspicious, so she threw the diary away in Moaning Myrtle's Bathroom. Harry and Ron accidentally stumbled upon it, and Harry began communicating with Tom.

Tom misled Harry about who opened the Chamber of Secrets, convincing him it was Hagrid. When Ginny saw that Harry had the Diary, she stole it back for she did not want Harry to find out all the things she had done while under its influence. When Tom was ready to take his physical form from Ginny's life, he lured her into the Chamber of Secrets. The switch was almost complete when Harry found them. Tom summoned the Basilisk to kill Harry, but Dumbledore's phoenix, Fawkes arrived and blinded the monster. Fawkes also brought the Sorting Hat, from which Harry withdrew Godric Gryffindor's sword. He killed the Basilisk, then used the Basilisk's fang to stab the Diary, unknowingly destroying one of Lord Voldemort's Horcruxes.

Rebirth and Second Rise to Power

In 1994, Peter Pettigrew, who had been hiding in his Animagus form of Scabbers, Ron's rat, ever since his Master's defeat, was unmasked and fled, eventually returning to his Master. He milked venom from Nagini the snake to built a rudimentary body that Voldemort could travel and perform magic with. Pettigrew had also captured Bertha Jorkins, a Ministry Official. Peter overheard her talking about a Triwizard Tournament at Hogwarts, and Voldemort used a Memory charm to retrieve the information from her, overpowering the previous Memory Charm cast upon her. He then found out about the whereabouts of a loyal Death Eater, Bartemius Crouch Jr, who Crouch Sr. was forcefully hiding in his home, after freeing him from Azkaban.

Voldemort had Pettigrew carry him to the old Riddle manor house, where they killed the groundskeeper Frank Bryce for overhearing their plan; and then to the Crouch home where they placed Crouch Sr. under the Imperius Curse, freeing Crouch Jr. They returned to the Riddle home, where Voldemort instructed Wormtail and Crouch Jr. to capture Alastor Moody, the new Defence Against the Dark Arts Professor at Hogwarts. Crouch Jr. drank Polyjuice potion with a few hairs of Alastor Moody, and went to Hogwarts to make Harry participate in the Triwizard Tournament. The fake Moody helped Harry through all the challenges, and when Cedric and Harry grabbed the Triwizard Cup (which, unbeknownst to them, was a Portkey), they were transported to outside the Riddle mansion, where Peter and Voldemort were waiting. Pettigrew killed Cedric, and used Harry's blood in a ritual for his master's rebirth. Voldemort regained his body, and called his Death Eaters. Those who were perhaps most loyal to him, save for those who willingly went to Azkaban in his name, appeared.

He then tried to kill Harry, but since their wands were made from the same Phoenix's feathers, the core wands connected, and those who were killed by Voldemort's wand came out as spectral beings, including Harry's parents. Harry pulled away, and the beings gave him enough time to grab Cedric's body and the Triwizard Cup to return to the Hogwarts grounds.

Barty Crouch Jr. had been discovered, and was given the Dementors' kiss before he could stand trial, leaving the only knowledge of Voldemort's return as Harry's word, which wasn't taken seriously by most. Due to this, Voldemort was able to operate in secret.

## Prophecy Search

Lord Voldemort kept quiet about his return, and only few believed he was back. Yet Dumbledore started the Order of the Phoenix again, this time with a head start.

In 1995, Voldemort was now after the Prophecy in the Department of Mysteries, to hear the whole of it. Voldemort used the Imperius curse on an Unspeakable: Broderick Bode, and sent him in to get it. However, Bode was seriously injured, and put into a permanent ward at St. Mungo's, where he was eventually murdered by a Devil's Snare plant delivered to his bedside. Voldemort then learned that only the people the Prophecy is about are able to touch it, although understandably he couldn't risk going into the Ministry for fear of exposure. During this period of time, many of Voldemort's most loyal followers, such as Bellatrix Lestrange, escaped from Azkaban and returned to his side.

Eventually he became aware of Harry seeing through his eyes, so he set up a false vision, of Sirius being tortured at the Ministry. Harry, Hermione, Ron, Luna Lovegood, Ginny and Neville went to rescue him, as Voldemort predicted. Now that Harry had gotten the Prophecy, all they needed was to get it from him, but they put up a fight during which the prophecy was smashed.

In the end, Voldemort appeared and tried to kill Harry, but ended up duelling Dumbledore. After a destructive battle with Dumbledore, Voldemort possessed Harry, telling Dumbledore to kill him now, but he fled when Cornelius Fudge and other Ministry officials arrived, now convinced of his return. Many of Voldemort's Death Eaters, including Lucius Malfoy, were incarcerated and sent to Azkaban, though by this time the Dementors had left to side with the Dark Lord.

## Second Wizarding War

Now that Voldemort no longer needed to keep his actions silent, he waged a second war against the Ministry of Magic. Mass Muggle killings and destruction, were rampant.

In 1996, he made Draco Malfoy a Death Eater, requiring a loyal follower within the school. He instructed Draco to kill Dumbledore, for he wished to punish Lucius Malfoy by giving his son a task he could not do. If he failed, he would meet terrible consequences. In the end, Malfoy was able to sneak a group of Death Eaters into the Castle through a pair of Vanishing Cabinets (the second of which was located in Borgin and Burke's), and a Battle at Hogwarts ensued. Voldemort's plans were carried out, as Severus Snape killed Dumbledore (Albus was dying and asked Snape to kill him and also to save Malfoy, for he had made an Unbreakable Vow with Draco's mother, Narcissa).

Voldemort made Malfoy Manor his headquarters. During the summer of 1997, he captures the Muggle Studies teacher at Hogwarts, Charity Burbage, and kills her before he feeds her to Nagini. He also questioned the kidnapped wandmaker, Ollivander, about why his wand reacted so with Harry Potter's wand. Ollivander told him that Voldemort needed another's wand and so he takes Lucius Malfoy's wand.

When Harry is removed for the last time from his Muggle home; Voldemort flies to the scene where his Death Eaters are fighting with Order of the Phoenix airborne. He kills Mad-Eye Moody and then heads straight toward Harry. There Voldemort attempts to duel with Harry, but Harry's wand released a spurt of golden fire at him and destroyed Lucius' wand (Harry's wand absorbed a fraction of Voldemort's magic during their duel at the graveyard). Harry managed to reach the protection of Nymphadora Tonks' parents home and Voldemort was forced to retreat.

Angrily, he returned to Malfoy Manor and demanded from Ollivander to answer why Harry's wand yet again reacted towards him, even with a completely different wand. Ollivander told him truthfully that never in Wandlore has he ever heard of such thing happening. Infuriated, Voldemort resolved that he needed the most powerful wand known to man to defeat Harry Potter: the Elder Wand, the Deathstick, The Wand of Destiny. He set out to assume mastery of the Elder Wand, not knowing that it was one of the 3 legendary Deathly Hallows.

During the wedding of Bill Weasley and Fleur Delacour, Kingsley Shacklebolt announced through his Patronus that the Minister for Magic was dead and that the Ministry of Magic had fallen to Voldemort, giving him control over the entire Wizarding England. He establishes a totalitarian police state in its place and has all Muggle-Borns persecuted and imprisoned in Azkaban.

Voldemort traveled to Germany, in search of the wandmaker, Gregorovich. Eventually, Voldemort finally finds Gregorovich, who informs Voldemort that the Wand was stolen from him. Voldemort then performs Legilimency on him and sees a blond young man who steals the wand and disappears in the darkness. Since Gregorovich didn't know who the thief was, Voldemort killed him.

When Harry Potter and Hermione Granger go to Godric's Hollow, they fall into a trap devised by the Dark Lord, who knew that they would go there. Nagini, whom Voldemort had disguised as the historian Bathilda Bagshot, manages to capture Harry, and calls Voldemort. Harry escapes shortly before Voldemort arrives however, and Voldemort finds not Harry, but a picture of the thief at the scene.

Voldemort realizes that the thief is none other than the Dark Wizard Gellert Grindelwald, whom Albus Dumbledore defeated. He breaks into the prison where Grindelwald was being held, where Grindelwald proceeds to tell him that it wouldn't bring about what Voldemort sought, and that there was so much Voldemort didn't understand. Voldemort killed Grindelwald and stole the Elder Wand from the tomb of Albus Dumbledore.

## The Battle of Hogwarts

Following this, Voldemort became aware that Harry Potter and his friends are seeking his Horcruxes, and realizes that three of them have been stolen, with another destroyed.

Voldemort returns to Hogwarts following these revelations, to quell a revolution sparked by the arrival of Harry Potter. He rounds up his entire army of Death Eaters, giants, Dementors and Acromantulas and, after not receiving Potter, commands them to fight the Aurors, teachers, and students who were of age. Voldemort himself isn't present at the Battle; he is investigating why the Elder Wand doesn't work any differently than his old one. He comes to the conclusion that Severus Snape is the true master of the Elder Wand and orders Nagini to murder him.

Voldemort then calls a one-hour armistice, requesting Harry Potter in exchange for peace and no further deaths. Unbeknownst to Voldemort, Harry carried within him a seventh Horcrux, formed when Voldemort failed to kill him. When Harry meets Voldemort, Voldemort hits him with a Killing Curse almost immediately, but only destroys the Horcrux within, for when Voldemort used Harry's blood in the potion, it kept his mother's protection alive. Harry was knocked to the ground and feigns death.

Voldemort then marched to Hogwarts, proclaiming the death of Harry Potter and his victory. Neville Longbottom, instead of surrendering, charged at Voldemort, and the Battle recommenced.

Neville pulled the sword of Gryffindor from the Sorting Hat and decapitated Nagini with it, destroying the last of Voldemort's Horcruxes. Enraged, Voldemort attempted to kill Neville, but Harry interfered and cast a shield charm between them before the former could raise a wand. Voldemort entered the battle and forced his way into Hogwarts with his army, before getting locked in battle against Minerva McGonagall, Horace Slughorn, and Kingsley Shacklebolt all at once. When he saw Bellatrix Lestrange killed at the hands of Molly Weasley, he turned his wand on her, intending to kill her, but Harry revealed himself then to be alive, forcing the battle to stop, and the pair faced each other in the Great Hall.

When the two men are facing one another, Harry proceeds to tell Voldemort that he has magic that Voldemort knows not and a weapon more powerful than his, in addition to giving Voldemort warning of the fate that lay in store for him if he was unwilling to feel remorse for his actions. Goading him by using his real name, Harry tells him that Snape's loyalty was with Dumbledore all along, that Dumbledore's death was planned and that Snape wasn't the master of the Elder Wand; Draco Malfoy was.

## Death

Originally horrified, Voldemort proceeded to tell Harry that it makes no difference, and that after he has killed Harry, Draco could be disposed of. Harry then states that if the Elder Wand is aware that Harry overpowered Draco in Malfoy Manor, then Harry himself is the true master. Refusing to believe this, Voldemort cast the Killing

Curse at Harry, but Harry was indeed the master: The Elder Wand refused to kill its master and the spell rebounds, killing Tom Marvolo Riddle once and for all.

After his death, the jinx Voldemort put on the Defense Against the Dark Arts position was broken and the Dark Mark signs Voldemort gave to his minions faded from their arm, reduced into nothing but scars. The Ministry of Magic was reformed by Kingsley Shacklebolt, who was named the Minister of Magic. In addition, once the wizarding world as whole became aware of Voldemort's final death, they no longer feared to pronounce his name.

Since the Horcruxes damaged Voldemort's soul to the point that he couldn't even become a ghost, he is stunted to exist in the skinless baby-like form that Harry saw when he was in limbo, unable to cross over into the afterlife for all of eternity. Lord Voldemort, who was extremely afraid of death, received in the end, a fate far worse than that.

Deep in the center of Lake Cocytus all chained up was Lord Voldemort. With me was the spirit of Tom Riddle Sr.

I walked up to him and he saw me.

Lord Voldemort: So the famous J.D. Knudson is here to visit.

Me: That's right and I'm here with a message.

Lord Voldemort: And what is your message soon to be dead one?

Me: My message is this: You and your followers will die by my hands and in my opinion Hell is too good for you. You should've never been born at all.

Voldemort looked at me with incredible hatred and ultimate evil and I had eyes full of blazing hatred and righteous justice.

Me: You aren't the first person to try to rule the universe with a sword of injustice. They all failed and died and so will you and your fucked up followers. I've already killed some of them and you are

next.

I flared up my aura and it was golden yellow and Voldemort's aura was pitch black and overflowing with ultimate evil. Thunder and lightning crashed in the skies of the 9th circle as the damned souls screamed in pain as it was too much for them.

Me: I've spent months and years preparing for the day when I face you with everything you've got. I've come a long way Voldemort.

Lord Voldemort: Then you will die when my magic kills you.

Me: Don't be so sure.

It was a powerful battle that was gonna happen later on.

Me: I will never forgive you for your crimes Voldemort. So be ready to come at us with everything you've got.

Voldemort smirked in amusement.

Me: You will pay for your crimes.

Tom Riddle Sr.: That's right my son. Your reign of terror on the world of wizards and muggles will soon end and you will never be welcome in Heaven or Hell.

We left and went back to Earth.

---

The U.S.S. Valorous Phoenix was travelling through the infinitly vast reaches of space.

Me: Captain's Log, Stardate 2795.2: We are travelling to the mystical world of Gemina, a mystical and magical world loaded with magical and mystical creatures and it is said to be a place full of amazing magic. It is also said to be home to the legendary heroes called The Mysticons. Our mission is to meet the Mysticons and help them out. Also we're going to help bring two amazing worlds together that are 14 million light-years apart.

Lisa: This is gonna be so amazing!

Emma Gale: I've heard legends about Gemina. My people on Honou Prime had books about it that were given to me when I arrived on Earth.

Me: That's amazing Emma.

Nico: I also remember seeing the show The Mysticons on TV. It was really awesome.

Maria: That's so cool Nico.

Laney: It sure is. I can't wait till we get there.

Lisa: Wait no more. We have appeared to have arrived at our destination.

Me: On screen.

The viewscreen turned on and it showed that Gemina was a beautiful purple planet the size of Earth and it had a beautiful huge white moon. It was an amazing planet.

Me: Wow! What a planet. The best landing point is over the ocean near Drake City. Lets land.

We landed.

We were walking in Drake City.

Me: Wow! It's so awesome here.

Laney: It sure is. It's just amazing that there is so much to see here.

Nico: Yeah.

But then a troll came out!

Troll: It's my lucky day! I get to fight Team Loud Phoenix Storm!

Me: Bring it fatass.

Suddenly, a wolf growl was heard.

Proto Man: Omegawolf?

Maria: I doubt it.

Troll: (recognizes the growl) You're a long way from home, little girl.

Another wolf growl was heard.

Troll: You should get back to your mother and sister before something bad happens!

Suddenly, the troll was struck with an arrow, knocking him to the ground. Zarya then landed on the ground.

Zarya: Don't bother getting up, troll! I'm taking you to the queen to answer for your crimes.

Troll: (gets up) Not without a fight!

Zarya punched him in the face and knocked him out.

Me: Wow! That was awesome.

Zarya: Thanks. Wow! Team Loud Phoenix Storm! It's such an honor to meet all of you. My name is Zarya Moonwolf, Mysticon Wolf Archer. It's a true honor.

Me: Pleasure to meet you Zarya.

Lola: It's a true honor to meet you.

Lana: Same here.

Lila Loud: Yeah.

Me: We are from Earth and we heard so much about you.

Zarya: I can tell. You should meet the king and queen.

Me: Okay.

We followed her.

We arrived at the castle and it was beautiful. There we were introduced to the Mysticons.

Arkayna: Team Loud Phoenix Storm. Welcome to Gemina and Drake City. My name is Princess Arkayna Goodfey, Mysticon Dragon Mage.

I knelt before her.

Me: It's a pleasure to meet you your highness.

Arkayna: You don't have to be so formal J.D. Just call me Arkayna.

Me: Sorry.

Emerald: I'm Emerald Zirconia Goldenbraid, Mysticon Unicorn Knight. It's such an honor.

Piper: And I'm Piper Willowbrook, Mysticon Phoenix Striker.

Iron Man: It's really nice to meet you girls.

Me: Same here. It's truly an honor to meet you all. We are from the planet Earth.

Arkayna: It's truly a pleasure to have you all here.

Me: We came all the way from the planet Earth to see if you all needed any help in dealing with some of your enemies. We have a huge number of enemies ourselves and we thought we could offer our assistance.

Zarya: We greatly appreciate that.

Qin: I'm glad we could help you all.

Arkayna: It's truly a pleasure to have you all here.

Eddy: Quick question. Why was Zarya out by herself when she saw us?

Arkayna: She always has a tendency to do that.

Me: Oh.

Malvaron then came.

Malvaron: We do have one enemy you can help us get rid of. Sorry I'm Malvaron Grimm. It's truly an honor to meet you all.

Me: Pleasure is ours Malvaron.

Malvaron: Same here. The one you can help us find and destroy is my sister Tazma Grimm.

Me: And what is her story?

Malvaron: She used to be my sister. But she's an evil Shadow Mage.

Malvaron went over her history.

---

Tazma Grimm is an ambitious top-level Astromancer with tremendous magical gifts. She is the polar opposite of Malvaron, who just so happens to be her younger brother. Where Malvaron has devoted himself to supporting the Mysticons, Tazma aspires only to the highest level of power and success she can attain- even if it means aligning herself with the Spectral Hand itself.

Tazma is a recurring character in Mysticons as a secondary antagonist. She first appears in "Sisters in Arms" in her cloaked form and later officially appears in "How to Train a Mysticon".

In the series finale, she continues to be at large in the realm, being last seen as a cameo before teleporting away to parts unknown.

---

We gasped in horror.

Blackfire: That is exactly like what happened with me and Starfire.

Starfire: Indeed it is.

Me: So your sister is a monster out to destroy you.

Malvaron: Yes. That monster is not my sister anymore.

Me: We'll happily destroy her for you.

Lori: Arkanya, have you, Zarya, Piper, and Emerald ever wonder what's it's like to do things most girls do?

Arkanya: Not really. We've actually been used to the lifestyle on Gemina.

Lola: Ok. I really admire you being a Princess. But you girls need to get out more.

Lynn: Lola's right! After we take down Tazma, we'll help introduce you to stuff Earth girls do, like go to the mall and put on makeup.

Piper: Sounds like fun!

Emerald: Weren't you three called the Trinity of Violence?

Zarya: Yeah! Since when did you girls get wise off all of a sudden?

Scrapper: They're only violent when it comes to bad guys.

Me: That's right. How did you know that?

Arkayna: You all are known for a lot of things. That's why everyone all over the universe knows you all.

Me: That's true.

Piper: I have an idea! When we find Tazma, we'll give her an apple containing a bomb. And when she eats it, her head will explode! What do you guys think?

Rollbar: I think you need a better idea on how to finish her.

Me: Although that is a good idea, we'll need a much more powerful method if we want to kill her.

Nico: We'll make that bitch Tazma pay.

Laney: Yeah.

I then sensed a disturbance.

Me: Looks like Tazma is on the move. (Points to the west) That way.

We went out to face her. The Mysticons went to face her. We then saw TAZMA GRIMM!

Tazma: Still mad about my betrayal, Arkanya? Honestly, some people just don't know when to drop a grudge.

Arkayna: You will pay for your crimes Tazma. You ruined so many lives while helping Necrafa!

Tazma: And what are you gonna do about it?

Zarya: It's not just us. But them.

A massive fiery explosion erupted out of the ground and a Phoenix Cry was heard and then we rose up and we were ready to face her.

Me: Tazma, your reign of terror is over.

Tazma: (to the Loud Kids) Go home and play with your toys, kids. The battlefield is no place for children. (to you) You can stay though. For an enemy, you're rather handsome.

Me: Flattery gets you nowhere Tazma. You will pay for your crimes.

Dark Spicer: Not if we help her first!

We then saw Dark Spicer, Zs'Skayr, Number 7 and Vanitas.

Me: Oh great. Can't you guys bother someone else instead of following us and fighting us?

Zs'Skayr: Not really.

Number 7 (to the Mysticons): So you are the famous Mysticons.

Zarya: Who the Hell are you dorks?

Vanitas: We're the bad guys everyone's talking about!

Dark Spicer: (to the Mysticons) Here's your warning: Your asses are about to be kicked!

Arkayna: We don't even know anything about you.

Dark Spicer: I figure that since the Mysticons have 4 members, they get to fight 4 members of the Masters of Evil, including me!

Lincoln: Sounds like a waste of time if you ask me.

Nico: Yeah.

Dark Spicer: I have new forms to show you.

First Dark Spicer turned into a mutated Sphoeroid with red skin and it had many horns all over.

(It used to be a Spheroid but they changed it for some reason.)

Spitshot: I call this form… Spitshot!

Shanan: A Mutant Sphoeroid. What an ugly creature.

Zarya: Is that a pufferfish?

Spitshot: (chuckles) Not exactly! (spits slime at Dive Man)

I sent the slime back at them and it drenched Zs'Skayr.

Me: You're disgusting.

Dark Spicer: Time that you see one of the strongest forms in the Antitrix. I didn't expect to reveal it so soon. But you've forced my hand!

Dark Spicer then turned into a mutant version of Way Big! This was the biggest alien in his arsenal and he was over 100 feet tall and he had purple and red markings and powerful horns.

Mega Large: Say hello to Mega Large! (grabs me with his hand)

Me: Let me go! Or you're gonna get hurt real bad!

Mega Large: Big talk from a little guy!

I scratch Mega Large's hand, making him cry out in pain.

Mega Large: That's it! You're outta here!

Mega Large then threw me off into the distance, far away from the battlefield.

Mega Large: Now for the rest of you! (crosses his arms in an "X" and fires a large green ray at Demolishor)

Nico punched the blast and sent it back at him and it hit him and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I teleported back to the battlefield.

Me: Nice try Dark Spicer.

Ben: So much for your most strongest form.

Dark Spicer: Joke now, Tennyson. Because next time, I'll be using my own versions of the aliens from the Recalibrated Omnitrix!

Dark Spicer, Number 7, Zs'Skayr, and Vanitas then teleport out.

Me: That was a waste. But we'll be ready.

?: Lets see how you like me.

Then a figure came out and it was GASSER from episode 5 of Lost Galaxy!

---

Gasser was a stag beetle-themed monster dispatched by Furio to put the colony, Terra Venture, into a deep slumber with his distinct gasses. His actions suceeded and allowed Furio to gain entrance into the colony without hinderance until an intervention from a young boy named Matthew trapped him inside the elevator to the command headquarters. Elsewhere, Gasser battled the Galaxy Rangers while the Galactabeasts sucked his noxious gasses from the air, an action which turned them into stone. While he proceeded to try and destroy the sentient Zords in their petrified state, their respective Rangers were able to revive them with the power of their Transdaggers, which transformed their beasts into Galactazords.

Gasser was destroyed by the Galaxy Megazord and was later revived by Hexuba in The Lost Galaxy. The sorceress who sought to take her vengeance on the Rangers for foiling her plans in a previous episode, but Gasser was destroyed with a single blast from Leo's fire power.

---

Leo Corbett: Gasser!

Miya: What are you doing here!?

Gasser: Here to help out against you guys!

Me: I remember you! You were sent to poison the whole colony and get the Quasar Sabers and Transdaggers.

Gasser: That's right.

Kendrix Morgan: Doesn't matter! You won't get them!

Gasser: Time to put your most violent members to sleep. (shoots gas at Lori, Lynn, and Lola) Don't worry. This won't kill them. That honor will go to the others.

Lori: I don't think so.

Gasser: What!?

When the gas cleared he saw that we weren't even in the slightest bit affected by it.

Me: We are immune to poisons and all gas.

William: Anybody know what time it is?

Arkanya: It's magic hour!

Troy Burrows: It's morphing time!

Leo Corbett: Lets do it!

Lost Galaxy Rangers: GO GALACTIC!

The Lost Galaxy Rangers transformed and they were ready.

Troy: Arkanya, I think you'll love this Ranger Mode.

Megaforce Rangers: Legendary Ranger Mode: Dragon Blitz Force!

The Megaforce Rangers turned into the Blitzkrieg Squadron Changeman from 1986.

?: That's not the only threat you have to face.

Me: I thought I was rid of you for good after 150,000 years Doto Kazahana.

A figure came out and it was the former ruler of the Land of Snow/Spring DOTO KAZAHANA!

* * *

In the past, Doto betrayed his family members by hiring snow ninjas to start a coup. During the coup, his men burned down the house where his brother and relatives lived killing them. He tried to obtain the crystal from Koyuki so he could get a vast fortune of the Kazahara's clan to build an army strong enough to overthrow the Five Great Nations but she was saved by the Leaf ninjas. From that moment on, Doto became the daimyo of the Land of Snow where the area remained in winter season. He also sent out his spies and henchmen to try and retrieve Koyuki so that he can get the crystal but all of those attempts failed.

Years later when Koyuki returned to the Land of Snow to film for her filming project, Doto sent his men to capture Koyuki again. When Koyuki felt despair and tried to run away from doing the film, Naruto found her and tried to send her back to Sandayu; however, Doto appeared on a train track that appeared. After Naruto's escape from the train, Doto re-introduced himself to Koyuki. Sandayu's men attempted to fight Doto but he commanded his men to kill them all instead with a large projection of kunai knives. When the leaf ninja attacked his train, he retreated. Doto returned moments later in a blimp to capture Koyuki. Doto tried to talk Koyuki into giving him the crystal. However, Naruto appeared. His men attacked Naruto and Doto allowed Nadare and his men to place a torture device on Naruto to drain him of his chakra causing him to lose his consciousness. Koyuki gave Doto the crystal since she felt that it was hopeless to fight Doto. Doto got angry at her for giving him a fake crystal. Doto had Koyuki and Naruto sent to prison.

When Kakashi gave the newly released Koyuki the right crystal, Koyuki gave it to Doto to trick them. However, she tried to kill Doto which caused him to choke her in response. With the crystal, Doto flew off with Koyuki to a place where he can gain the fortune. While he made it there, he inserted the crystal into the place and was disappointed and angry that it did not give him the fortune he wanted but instead acted as a heat generator to transform the country into the Land of Spring. It is revealed that the entire fortune of the Kazahana's clan had been spent to build the generators. Sasuke tried to defeat him but only managed to crack a part of his armor. Naruto returned after getting defeated by Doto to fight him and used the rainbow rasengan to destroy Doto's chakra armor and sent him crashing into one of the tall stones in the background killing him in the process and bringing spring back to the country.

---

Doto: I'm impressed that you remember me after all these years J.D. Knudson of the Knights of The New Fire.

Me: Then you didn't know that I am also the leader of Team Loud Phoenix Storm as well.

Doto: So I see. But I will kill you for ruining my rule.

Me: You brought all that on yourself Doto. You are just nothing but a waste of fucked up life.

Qin: Who is he?

Me: That's Doto Kazahana. He was the lord of the Land of Snow until we killed him to give his niece Koyuki Kazahana her rightful place as the Daimyo of the Land of Spring.

Naruto: I remember that. That was intense.

Sasuke: It sure was.

Doto: You've grown the last time we saw each other you little brats.

Fu: So we have seen.

Me: Also for the record, I'm not the same person who fought you before Doto.

Doto: Oh really?

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I then activated my 10-Tailed Wolf Transformation and I sprouted all of Yomi's 10 tails, his ears grew on top of my head, my eyes turned dark blue with slits and star sclera and I had claws on my hands and toes. But that's not all. My clothes turned dark blue and I had the kanji for the number 10 on my arm 十 and I also had the kanji for James Dean Knudson, Emissary of The Wolf of The Moon on my right pant leg. 月の狼の使者、ジェームス・ディーン・ナドソン

Me: Feel the power of the 10-Tailed Jinchuriki of the Wolf of the Moon.

Zarya: Wow! J.D. This is so cool!

Me: It is.

Doto: Your chakra just increased unbelievably!

Me: More than that you waste of life. Lets dance.

Zarya: I'll help you out J.D.

Me: Thanks Zarya.

I sensed that there was a powerful bond of romance happening with us.

Muscle Man: Hey Tazma, you know who else loves kicking your butt? My mom!

We laughed.

We went at them.

It was gonna be a battle of Gemina.

## Battle 1: Doto Kazahana

Me and Zarya was facing Doto Kazahana.

Doto: I will have my revenge on you for killing me J.D.!

Me: You deserved it Doto. I will never forgive you for everything you did.

Zarya: He must've been really dangerous.

Me: He was.

Doto: Then I will freeze you and kill you! ICE STYLE: BLACK DRAGON BLIZZARD!

An Ice Release technique formed from already existing ice. After forming the needed hand seal Dotō will thrust his arm to send out a black ether-like dragon to strike his opponent. As it flies through the air it will begin to turn. When it hits the target it will use its motion to launch the opponent high into the air.

I fired a powerful blast of moonlight fire and it hit the dragon and

exploded with incredible power.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: My turn.

I went at Doto with incredible speed and punched him in the face with incredible force and sent him skiding and I teleported and swatted him into the air with one of my tails and fired a powerful blast of moonlight fire at him and it hit him and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Doto came at me and fired powerful ice bombs at me and I flew into the air and fired powerful small tailed beast bombs at him. He dodged them and they hit the ground and exploded with amazing power.

KRABBBBBOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOMMM!
KRABBBBBBOOOOOOOOOOOOOOOOMMMMM!
KRABOOOOOMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBBBOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOMMM!
KRABBBBBOOOOOOOOOOOMMM! KRABBBOOOOOOMMM!
KRABBBBBBOOOOOOMM! KRABBBOOOOOOOOMMM!
KRABBBOOOMM! KRABBBBBOOOOOOOOOOMMM!
KRABBBOOOOOMMM! KRABBBOOOOOOOOOOOMMM!
KRABBBBOOOOOMM! KRABBBBOOOOOOMMM!
KRABBBBOOOOOOOOOMM! KRABBBBOOOOOOOOMM!
KRABBBBOOOMM!
KRRABBBBBBOOOOOOOOOOOOOOOOMMM!

Zarya could not believe what she was seeing. She was seeing the incredible magnitude of my power as I was facing Doto. She saw me facing Doto with incredible power and indiscriminate fury as the landscape was being turned into a massive war zone. I swatted Doto with incredible force with one of my tails and sent him crashing into a mountain with incredible power.

CRAAASSSSSSSHHHHH!

Zarya fired arrows of moonlight at Doto and they hit him all over and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOM
KRABBBOOOOOMM! KRABBBOOOOOOOOOMMM!
KRABBBBBBBOOOOOOOOOOOOOOOOOOOMM!

Doto was knocked through the mountain.

Me: Zarya, lets show this fucked up tyrant what the power of the wolf can do.

Zarya: With pleasure. Time for some wolf power! TIME TO HOWL! (HOWLS)

Me: WOLF FIRE KAMEHAMEHA!

I fired a powerful blast of dark blue energy and Zarya fired a powerful blast of wolf energy.

Me and Zarya: WOLF FIRESTORM KAMEHAMEHA!

The blasts combined and turned the blast into an energy fire blast with a wolf head and it howled and it slammed into Doto and exploded with incredible power!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion completely obliterated Doto in an instant and there was nothing left of him. When the smoke cleared there was nothing but a massive crater. Doto's spirit appeared.

Me: You will never be welcome in this world or the next.

I held my hand up to him.

Me: Sorry Doto but your luck has run out.

Doto: What!? What are you doing!?

Me: HAKAI!

He glowed purple and he screamed in pain as he was being obliterated in an instant. He was erased from existance for all eternity as if he was never born at all.

Zarya: Wow! That was awesome!

Me: Thanks Zarya. You were amazing yourself. Lets go help everyone else.

Zarya: Right!

We went to help the others.

Battle 2: Gasser

Nico and the Lost Galaxy Rangers were facing Gasser. Nico punched him in the face and Leo Corbett slashed him with a powerful blade of fire and Kendrix fired a powerful blast of Earth and flowers and they cut him all over and she fired a powerful blast of energy from her Beta Bow.

Nico: Gasser, you have failed this world!

Nico fired a powerful blast of energy and it hit Gasser and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOMMM!

Gasser fell to the ground and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Gasser was dead.

Battle 3: Tazma

---

Next we were facing Tazma. We were gonna make this bitch pay for her crimes.

Me: It's over Tazma.

Malvaron: You have been nothing but a disgrace to my our family Tazma!

Lincoln: We're gonna enjoy destroying you.

Tazma: (to Lincoln) What are you going to do? Shove your stuffed rabbit into my mouth?

Lincoln: You leave Bun Bun out of this!

Me: Lets get her!

We went at her and I punched her in the face and sent her flying and she fired powerful blasts of shadow magic at me and I deflected the blasts back at her and they hit her and exploded.

KRABBBBOOOOOOOOMMM! KRABBBBBOOOOOOOMMM! KRABBBBBOOOOOOOOOOOOMMM!

Me: Lets see how your Shadow magic compares to this!

I unsheathed my sword.

Me: (Echoing) BLACK LIGHTNING SLASH! 暗黒跳飛斬り

I fired a powerful blast of black lightning at Tazma and it hit her and exploded with incredible power!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

It sent her flying and she crashed into a mountain.

CRAAAAASSSSSHHHHH!

Arkayna: Wow! That was powerful!

Me: Not nearly as powerful as one of my most powerful techniques.

Tazma got up.

Tazma: You have impressive fight big boy. But try this one.

Tazma fired a powerful blast of darkness.

Me: (Echoing) RAGE OF INFERNO! 超弾動閃煌斬

I swung my sword and fired a massive vortex of powerful fire and light and it slammed into Tazma and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Most of the area was completely engulfed in raging fire!

Emerald: Whoa! That was powerful!

Zarya: Unbelievable!

Tazma was on the ground and she got up and she was weakened.

Lily: Try this one on! LIGHT STYLE NINJA ART: SALVE REGINA!

Lily flew into the air and light shined down on her as the song Salve Regina by the Gregorian Chant from 1,000 years ago played and it fired beams of light and they slammed into Tazma and exploded.

KRABBBBOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOMM!

Hunter: (German Accent) Wow! That was amazing!

Me: Boy it sure was Hunter. Salve Regina is a very famous song created back in the 12th century.

Jessie K.: One of my favorite songs from history.

Hunter: Let me see if I know any. GERMANY STYLE NINJA ART: ERIKA!

Hunter flew into the air and the flag of Germany waved in the background as the German folk song Erika by Herms Niel played and her fired blasts of black, red and yellow light at Tazma and they hit her and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Lily: Wow! That was awesome!

Me: That was the famous German folk song Erika. It was their military anthem back in the 1930s.

Laney: Wow! I didn't know that.

Lori: That is literally so cool!

Lily: It sure is. Let me do one. LIGHT STYLE NINJA ART: WALPURGISNACHT!

Lily flew into the air as the famous song Walpurgisnacht by Faun played in the background.

In den Abendhimmel steigen

Heute Nacht die Zauberweisen

Wildes Volk und Liliths Art

Lauernd Winde heimlich fahrt

Lasst uns zu den Feuern streifen

Raunend nach den Sternen greifen

Gutes und auch böses Wort

Tragen wir heut' fort und fort

In den Weiden werden unsere Träume klingen

Und die Winde werden unsre Lieder singen

Lasst uns mit den Funken übers Feuer springen

In der Walpurgisnacht!

Hört die Geigen, hört die Geigen

(Hey yo)

Die Feuer sind entfacht!

(Hey yo)

Folgt dem Reigen, folgt dem Reigen

In der Walpurgisnacht

Ungestüm im Spiel der Geigen

Dreht sich unser nächtlich' Reigen

Und wir treten wild und frei

Diesem alten Zauber bei

Einmal nur im großen Kreise

Tanzen wir auf jene Weise

Bis das erste Morgenlicht

Unser Traumgewebe bricht

In den Weiden werden unsere Träume klingen

Und die Winde werden unsre Lieder singen

Lasst uns mit den Funken übers Feuer springen

In der Walpurgisnacht!

Hört die Geigen, hört die Geigen

(Hey yo)

Die Feuer sind entfacht!

(Hey yo)

Folgt dem Reigen, folgt dem Reigen

In der Walpurgisnacht

Hört die Geigen, hört die Geigen

(Hey yo)

Die Feuer sind entfacht!

(Hey yo)

Folgt dem Reigen, folgt dem Reigen

In der Walpurgisnacht

The spirits of the angels came down and they hit Tazma and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Whoa! That was amazing!

Hunter: Ja! Awesome song choice!

Lily: Thanks Hunter.

Jessie K.: That was an awesome song Lily and Faun is one of my favorite German bands.

Lily: Wow!

Me: Walpurgisnacht is a holiday celebrated in Germany on Earth that is equal to our own version of Halloween.

Zarya: That is so cool!

Me: It sure is.

Lily: I know another good one. LIGHT STYLE NINJA ART: FEDERKLEID!

Lily flew into the air as the song Federkleid by Faun played in the background.

Über die Heide, im ersten morgendlichen Schein

Ziehen die Vögel, wo mögen sie wohl morgen sein

Ich folge dem Rauschen der Schwingen in das stille Moor

Uralte Lieder dringen aus den Nebeln vor

Komm und fliege mit uns fort

Lass den Wind dich tragen

Weit fort von diesem Ort

Komm und flieg so hoch du kannst

Lass uns die Himmel jagen

Im Tanz

Nebel wie Seide streifen meine Haut so kühl

Weiter und weiter, wo find ich meiner Sehnsucht Ziel

Ich schließe die Augen und mir sprießt ein Federkleid

Schon spür ich den Wind und mache meine Flügel weit

Komm und fliege mit uns fort

Lass den Wind dich tragen

Weit fort von diesem Ort

Komm und flieg so hoch du kannst

Lass uns die Himmel jagen

Im Tanz

Die Himmel in dir, wie kann ich sie wissen, kann sie sehen

Wir tanzen im Fluge wie Sterne, die ihrer Wege ziehen

Komm und fliege mit uns fort

Lass den Wind dich tragen

Weit fort von diesem Ort

Komm und flieg so hoch du kannst

Lass uns die Himmel jagen

Im Tanz

Lily fired symbols of ancient German history at Tazma and they hit her and exploded all over!

KRABBBBBOOOOOOOOOMM! KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOMMM! KRABBBBBBOOOOOOOOOOMMMM! KRABBBOOOOOOOMMM!

Me: Whoa!

Hunter: Wow! That was well done!

Lily: Danke Hunter.

Me: Wow! Lily sure knows those songs well.

Lincoln: My little sister is amazing. She sure has been listening to Jessie and the band Faun.

Jessie K.: She sure has. I let her listen to Faun whenever she wants peace and quiet.

Arkayna: That is so cool!

Riley: It sure is.

Lisa: It is very amazing and very fascinating learning about the German history and culture.

Me: Yep.

Ben: Lets see how Tazma likes this.

Ben then turned into a new ultimate alien. It was ULTIMATE RIPJAWS! He had a much bigger physique and he had 4 sets of jaws on his head. The first set of jaws looked like a Dunkleosteus from 430 million years ago and the other 3 were those of sharks and he also had a huge amount of electricity surging through him like an electric eel.

Ben: ULTIMATE RIPJAWS!

Me: Whoa! An Evolved Piscciss Volann.

Shanan: Wow! That is amazing! I never expected this!

Nico: Wow! That is so cool!

Maria: He's gonna need water. I got this.

Maria formed a powerful dome of water and put him in it.

Ultimate Ripjaws: Thanks Maria. Watch this.

He went at Tazma with incredible speed and punched her with incredible force and he released a massive blast of electricity that packed incredible voltage power!

Lincoln: Wow! That was measured at 900 Terawatts!

Me: Wow! That was powerful! That's 900 trillion volts of electricity!

Lisa: Incredible!

Linka: Wow!

Ultimate Ripjaws got out of the dome and reverted back. The dome of water vanished.

Me: Time for some teamwork. Are you girls ready for some awesome combos?

Arkayna: We sure are.

Me: Lets do it! (ECHOING) FLARE UP NOW! 双炎斬

I swung my sword and unleashed a massive blade wall of powerful fire!

Arkayna fired a powerful blast of green fire from her staff.

Me and Arkayna: WILDFIRE DRAGON FIRESTORM!

The blasts combined and they turned into a deadly and powerful fiery dragon made of pure fire and it slammed into Tazma and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Tazma was enveloped in a massive wall of fire! It was incredibly powerful and she was badly burned.

Me: Try this one on. (ECHOING) IRON ROCK CRUSHER! 岩鉄砕

I slammed my sword into the ground and it sent a massive wave of rock and energy and Emerald threw her energy shield.

Me and Emerald: EARTH UNICORN STAMPEDE CRUSH!

The earth merged with the shield and turned it into a rock unicorn and it slammed into Tazma and exploded with the power of a magnitude 17.0 Earthquake!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Tazma was sent crashing through the mountain and it collapsed right on top of her and buried her!

Nico: Wow! That was powerful!

Me: She's not finished yet.

Tazma came out of the rubble with her shadow magic bleeding profusely.

Me: Lets see how she likes this. (ECHOING) THUNDERBOLT CUT! 雷光斬

I swung my sword and fired a powerful blast of lightning and energy and Piper fired her rings at Tazma.

Me and Piper: LIGHTNING PHOENIX FLIGHT!

The lightning turned the ring into a powerful phoenix made of pure lightning and it slammed into Tazma and exploded into a massive blast of lightning.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Whoa! That was powerful!

Me: Yep but she is not done yet.

Tazma was badly electrocuted.

Me: Try this one. (ECHOING) ARROW SHOCKWAVE! 真空波

I swung my sword and fired a powerful arrow of wind energy and Zarya fired a powerful energy arrow.

Me and Zarya: WOLF STRATO ARROWSTORM!

The arrows combined and turned into a Wolf made of pure wind and it slammed into Tazma and a massive explosion of wind energy blew her high into the air.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: WHOA! That was powerful!

Laney: Wow! That was really powerful!

Lori: Literally amazing!

Rollbar: Lets see how she likes this! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his speed and agility 100-fold.

Iron Man: Lets get her! AVENGERS CYBER KEY POWER!

The Avengers Cyber Planet Key went into his right arm device and enhanced his powers 100-fold.

Rollbar and Iron Man: SPINNING AVENGER MEGA PUNCH STRIKE!

Rollbar and Iron Man went at her with incredible agility and punched her all over with incredible speed and ferocity. It was so incredibly fast that even I can't keep up.

Me: WHOA! That was awesome!

Zarya: Wow that was fast!

Me: No kidding.

Proto Man: Lets see how she likes this! GIGANTION CYBER KEY POWER!

The Gigantion Cyber Planet Key went into his right arm and enhanced his Proto Blaster 100-fold.

Scrapper: Time for this bitch to go to the scrapyard! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his strength and laser pistol 100-fold.

Proto Man and Scrapper: ATOMIC LASER PULSE BURST!

Proto Man fired a powerful blast from his Proto Blaster and Scrapper fired his laser blaster and the blasts hit Tazma and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Wow! Time to finish this bitch once and for all!

Lori: With pleasure! I will literally turn her into a Human Pretzel! HURRICANE WING BEATSHRED!

Lori fired a powerful blast of wind from her wings and it spun Tazma in a powerful tornado and it cut her all over the place.

Lynn: Time for this bitch to be Number 0! VOLCANIC LAVA WAVE BURN!

Lynn fired a powerful blast of lava and it turned into a massive wave of lava and it slammed into Tazma and burned her all over.

Lola: How's this for the Trinity of Violence! FIRESTORM DRAGON BLADEDANCE!

Lola fired a massive blast of fire and it turned into a shower of fire blades and they hit Tazma and burned her all over.

Arkayna: Time for you to feel the light of the Dragon! UNLEASH THE DRAGON! DRAGON FIRESTORM SUPERSTRIKE!

Arkayna fired a powerful blast of green fire from her Lance and Staff and it turned into a powerful dragon of pure fire and it slammed into Tazma and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Emerald: Feel the power of the earth of the Unicorn! BATTLE UNICORN CHARGE! UNICORN EARTH STRIKE!

Emerald fired a powerful blast of Earth energy and it turned into a powerful unicorn and it slammed into Tazma and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Piper: Lets do it with the power of the Phoenix! FLY PHOENIX FLY! PHOENIX FIRESTORM MEGASTRIKE!

Piper fired a powerful blast of fire and it turned into a deadly phoenix of pure fire and it slammed into Tazma and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Zarya: Feel the light of the wolf! TIME TO HOWL! (HOWLS) MOONLIGHT WOLFPACK FIRESTORM!

Zarya fired a powerful blast of moonlight and it turned into a deadly pack of wolves and it slammed into Tazma and exploded.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Tazma was defeated.

We went up to her and Lucy stripped her of her shadow magic powers and made them her own.

Me: Consider this our first and only "Date" babe.

Spicer: (to the defeated Tazma) Now that your buddies left you, time for your appointment with Dr. Spicer!

Jack Spicer cut off Tazma's head and killed her.

Spicer: You girls can keep Tazma's head. (throws Tazma's head to Piper)

Piper: (catches the head) Yay!

Me: You are really sadistic man. Great job. And great job guys. Well done.

Nico: Thanks man.

Lola burned Tazma's body and Nicole sent Tazma's spirit into the Book of Vile Darkness.

Me: Good riddance.

Arkayna: It was so awesome helping you J.D.

Me: It was our pleasure Arkayna. After everything that happened here on Gemina, our worlds have been brought together with friendship and powerful bonds of love and peace.

Zarya: That's right J.D. And I have something to tell you. Ever since I saw you transform, I knew that you would be the perfect boy for me. I love you. It was so cool how you destroyed that man.

Me: I appreciate that Zarya. I love you too.

We then kissed.

Everyone: Aww.

Everyone cheered for me.

Varie: Looks like we have a new sister wife girls.

Rachel S.D.: We sure do.

Celica: I'm so excited!

Arkayna: (To the viewers) Not even the dark forces we faced are gonna be a match for Team Loud Phoenix Storm and us working together.

Laney: You said it Arkayna.

We beamed the world of Gemina to the Solar System and Drake City now lives on Earth. It was so awesome helping the Mysticons. But this was just the beginning of a powerful friendship with two worlds.

THE END

---

Another Fanfiction Complete and another awesome show added to the mix.

The Mysticons was an awesome Show that aired on Nickelodeon from 2017 to 2018 and it was an awesome adventure of magic and awesome creatures! Necrafa may be dead, but the world of Gemina will always need our help. Doto was from the 1st Naruto movie and he was ruthless. NicoChan11 gave me the ideas for this. Thanks man and thanks for getting me into an awesome show! Let me know what you all think. Next up is a full fledge chapter for the movie The Rescuers. Get ready as we all journey into the Louisiana Bayou to face the ruthless Madam Medusa and rescue Penny from them.

See you all tomorrow.

# Louisiana Bayou Rescue

In Slaughter Swamp over in New Jersey, we were there to see the abandoned base of the Legion Of Doom. After the Battle with Thanos, the headquarters of the Legion Of Doom was left there to rot like a rotting wound.

We went into the Legion Of Doom headquarters and it was all dark. I turned on the lights and it was one creepy place.

Me: Wow. Lex Luthor really did a good job building this place before we sent him into space.

Laney: He sure did.

Zarya: So who were the Legion Of Doom?

Me: They were a major group of Supervillains that we would always face on a daily basis.

Volcana: That's right. Some of us were once members of the Legion Of Doom and we were turned good because of J.D. and his team. They helped us realize what fools we were and helped us come into the light.

Silver Banshee: (Scottish Accent) Aye. That's right lass.

Star Sapphire: It was not a good feeling.

Cheetah: Yeah.

Me: It's a long history. But I'll explain it as best as I can.

I went over the history of the Legion Of Doom and it's members.

---

Legion Of Doom.

The Legion of Doom is a recurring villainous organization in DC

Comics and its related media. It is an assembly of supervillains that is typically lead by Lex Luthor, gathered for the purpose of defeating the Justice League and eventually taking over the world. After its original conception for the Challenge of the Superfriends TV series, it has been recognized as one of the most popular and recognizable evil organizations in all of fiction, and has since gone on to appear in several other television series', cartoons, parodies, and eventually the mainstream DC universe itself.

Lex Luthor

Lex Luthor is one of the two main antagonists of the DC Animated Universe (alongside Darkseid). He is the main antagonist of Superman: The Animated Series and Justice League Unlimited and one of the two main antagonists (alongside The Joker) of Justice League. He was a billionaire and a criminal mastermind. He also was one of the most brilliant minds of the Earth and one of the archenemies of Superman

Lex Luthor is the founder and CEO of LexCorp. He grew to resent Superman when he stole his spotlight as Metropolis' savior, and usually invested heavily in some of the Man of Steel's greatest foes, such as Metallo and Livewire. He sought to kill Superman for shutting down his major operations and costing him a lot of money. Although Superman already put away many of Luthor's co-conspirators, he could never convict Luthor himself due to lack of evidence. He was also known for his betrayals on many associates, causing many to leave LexCorp; the only one left was Mercy Graves. Lex also is shown to hate Batman as well, as he is an intellectual rival who teamed up with Superman to fight him when he and Joker teamed up, preventing Superman from being killed by Joker's kryptonite in the process. In Legacy, he was thrilled, the whole world turned against Superman when Darkseid brainwashed him and let him loose to take over and invade Earth. But Superman snapped out of it and earned the world's trust back and dismissed the charges against him.

Luthor later fought the Justice League, but was subsequently defeated, exposed as a crook, and sentenced to prison. He also learned that he had a terminal form of radiation poisoning as a result of carrying around a chunk of Kryptonite for years, leaving him with only a few more months to live. He then joined up with Cheetah, Star Sapphire, Shade, Copperhead (who would be in jail and replaced by theJoker), Solomon Grundy and Ultra-Humanite, forming the Injustice Gang, in an attempt take down the Justice League, but failed. Luthor later "redeemed" himself by aiding the Justice League in defeating the Justice Lords and was given a full pardon.

After being freed from prison and cleared of all charges, Luthor reestablished his company and later entered politics and ran in the U.S. Presidential Elections. However, still bent on destroying Superman, he created Project Cadmus and succeeded in ruining the Justice League's reputation twice: once by causing Superman and Captain Marvel to fight each other, causing great destruction in the city, and again by taking control of the Watchtower's orbital cannon and causing it to fire on a Cadmus-related building in New Mexico.

Luthor's malevolent plans were later exposed by Batman and the Justice League, only for Brainiac to reveal that he had been dormant inside Lex ever since the episode Ghost in the Shell. Luthor later convinced Brainiac to fuse with him because they both could reach their ultimate goals. He then battled the Justice League, proving to be one of the group's most difficult foes. However, the Flash was able to separate the two after tapping into the Speed Force.

Luthor went back to jail with a damaged psyche. After Luthor escaped prison again thanks to The Key, Gorilla Grodd offered him membership in the newly formed Legion of Doom. Joining only to revive and refuse with Brainiac, Luthor eventually overthrew Grodd and took over the Legion (who did not oppose him after they learned Grodd's ultimate plan was to turn humanity into apes). Eventually, Lex's quest to revive Braniac lead the Legion into space, where he found a version of Brainiac that had been destroyed years earlier. However, Tala freed Grodd and he and a faction of the Legion fought Luthor and his supporters (which included the likes of Giganta, Bizarro, Toyman, Sinestro, Cheetah, Star Sapphire, Evil Star, etc.) After killing Grodd and trapping and absorbing Tala's magic to resurrect Brainiac, Lex discovers that he had accidentally resurrected Darkseid instead.

Luthor and the rest of the surviving Legion members barely escaped from Darkseid and made their way to Earth, where Luthor warned the Justice League, and he and his allies reluctantly team-up with them to fight against Darkseid and his army. Before the battle against Darkseid, Luthor points out to the Justice League that he doesn't want to help them save the world, but get revenge on Darkseid for destroying Brainiac and ruining his plans, before he and the Justice League go back in being enemies again as usual. He later left the battle with Metron and discovered the Anti-Life Equation. Returning to Earth with the Equation, he offered to share the knowledge with Darkseid, and they both disappeared in a spark of light. While they are presumed dead by the public, members of the Justice League have theorized they will eventually return yet again. However, both Luthor and Darkseid are now part of the Source Wall, that is the fate that occurs to all creature that solved the Anti-Life Equation, where they will remain likely for all eternity.

## Gorilla Grodd

Gorilla Grodd is a major antagonist of the DC Animated Universe. He was a hyper-intelligent ape native to Gorilla City. Grodd is the leader and founder of the Secret Society (later Legion of Doom). He is the secondary antagonist of Justice League and Justice League Unlimited.

Grodd was a scientist in Gorilla City. He developed a helmet that allowed him to control the minds of others. The Gorilla City security force stopped him from using it in the city, but he escaped capture and eventually wound up in Central City, where he obtained aid from Dr. Sarah Corwin via E-mail and Internet communications before meeting her in person. At some point in time, the two grew close and formed a romantic relationship.

Sometime later, Grodd ran afoul of the Flash and Green Lantern during an attempt to take over the minds of every human in Central City. He succeeds at this, and then, with every person under his control, he and Dr. Corwin invade a military base and commandeer missiles that they launch in the hopes of obliterating Gorilla City. Green Lantern destroyed two of the four missiles launched, while Martian Manhunter, Wonder Woman, and Hawkgirl destroy the other two, foiling his plans. He was then seemingly rendered harmless after Flash "crossed a few wires" in his mind control helmet and tricked him into using it. This fried his brain, and everyone assumed that he was brain-dead. This freed every person under his control but Dr. Corwin, whom Flash had assumed was also a slave to him, but then found out, to his surprise, that she had been a willing follower to him and was in love with him. Her fate beyond that point is still unknown, even now, although it can be assumed that she was arrested and sent to prison for her complicity in Grodd's crimes.

Grodd not only recovered from the frying of his brain, but he no longer needed the helmet to control minds. At some point, according to a story he would later tell Clayface, Grodd met a female gorilla named Giganta, whom he transformed into a human, who could grow to many times her normal size. It is unknown if she always had this ability or if it was as a result of Grodd's work, or even if the story was true or not. Grodd and Giganta would later recruit Killer Frost, Sinestro, Parasite, Shade, and Clayface into the Secret Society, a group to oppose the Justice League. Grodd started playing mind games with the league, which left their integrity as a team fragile and the individual members vulnerable to capture. With the Justice League incapacitated, Grodd brought his Society to a stadium in Gotham to announce to the world about a new order. When the League escaped captivity and rebuilt its bonds, both sides faced off, but the Secret Society was defeated in the end.

Grodd would later revive the Secret Society, but on a much grander scale; nearly every supervillain on Earth was inducted into one group, creating the Legion of Doom. To this end, Grodd helped Lex Luthor escape from prison, and secured Luthor's services in Grodd's employ by promising Luthor the last piece of Brainiac, a cube which contained Brainiac's entire computer code, from which Luthor could reconstitute his "partner". Grodd also installed psychic feguards in each of his allies' minds; if they were ever in a situation where his plans could be revealed, their brains would automatically "short circuit" and shut down, wiping their memories and leaving them comatose. Grodd also freed Tala from the mirror Felix Faust tricked her into, winning her loyalty and affection in the process. Their relationship turns romantic, and in a later episode, it is even hinted that their relationship is sexual, marking the second human woman with whom Grodd had had such a relationship.

After the Legion recovered various artifacts and devices (including the Heart of Nanda Parbat), Grodd had his Society invade Gorilla City. Taking control of its advanced shield generator, Grodd finally revealed his grand scheme: With the Heart boosting its power and a DNA sequencer installed in its circuitry, the generator would broadcast a signal to turn all of humanity into apes. Grodd succeeded in his plan, but his smug assurance of victory would be his undoing. Moments after Tala teleported Grodd, Luthor, and herself away, the Justice League arrived and destroyed the device, reverting everyone on Earth back to normal.

Back at Grodd's headquarters, Luthor was so disgusted with Grodd's plan that he incapacitated Grodd by shooting him with a non-lethal weapon and took over the Legion (which Luthor was planning to do eventually, but the sheer ridiculousness of Grodd's plan prompted him to bump up his schedule). To add insult to injury, Grodd was thrown into his own prison and left to watch Tala transfer her fickle affections towards Luthor within moments of his takeover.

Luthor kept Grodd alive for information on the Brainiac piece, even attempting to use his own mental technology to tear the information from the ape's head. However, due to the League's attempts to track Grodd and the Legion down (and some bad timing), Grodd became a circuit that caused Luthor and the Flash to switch minds. Grodd was immediately aware of the switch, but chose to keep quiet for his own amusement, having decided to see how long the Flash could keep up the ruse before being discovered and torn apart by the Legion.

After many fruitless attempts to get Luthor's attention away from Brainiac and possibly seduce him, Tala decided to go back to Grodd, who, although initially skeptical to help her due to her treachery, ended up deciding to help her when he realized that she really intended to turn on Luthor. She freed him from his cell, and the two led a mutiny against Luthor. The Society was effectively split into two factions: Grodd's loyalists and Luthor's loyalists. While the two sides fought a full-blown civil war, Grodd and Lex had a one-on-one fight that Grodd clearly dominated. Unfortunately, the gorilla's arrogance worked against him.

Despite having Luthor at his mercy, the latter's taunts goaded Grodd into using his mental powers, hoping to dominate Luthor's mind. The moment Grodd activated his telepathy, Luthor used a failsafe device to turn Grodd's own powers back against him. Under Luthor's control, Grodd bowed before his rival and walked forward into an airlock. For the final insult, Luthor released his reflected control on Grodd. Outraged at being outsmarted (least of all, by a human), the gorilla expressed his regret of recruiting Luthor. Luthor gave his farewells to Grodd just before opening the airlock. Glaring impotently at the treacherous human, Grodd swore revenge before being sucked out into space, never to be seen again. It's completely unknown what happened to him after this, as the series ended soon after, but it's likely that he died, as, like humans, gorillas cannot breathe in space.

## Angelo Bend A.K.A. Angle Man

Angle Man (real name: Angelo Bend) is a supervillain in DC comics and an enemy of Wonder Woman.

Angle Man first appears in Justice League Unlimited as part of the Legion of Doom. His only lines are in the episode "The Great Brain Robbery". In the series final he is shown siding with Gorilla Grodd during the mutiny and was later shown strangling Heat Wave during the fight. When the mutiny failed he along with most of the other traitors were killed.

He also appeared in Batman: The Brave and the Bold episode "Joker the Vile and the Villainous" in a bar where all the villains hang out.

## Atomic Skull

Atomic Skull is the name of two different DC Comics supervillains, with the first being Dr. Albert Michaels, and the second being college student Joseph Martin. The were enemies of Superman and later the Justice League, and have radioactive powers.

Atomic Skull and Albert Michaels was created by Gerry Conway and Curt Swan, as Joseph Martin was created by Roger Stern and Bob McLeod.

In Justice League Unlimited, the Joseph Martin version of the Atomic Skull was Wildcat's main opponent at Roulette's Meta-Brawl until Green Arrow and Black Canary interrupted the match. Atomic Skull later returns as a member of Gorilla Grodd's Secret Society, and sides with Luthor during the mutiny during the two-part series finale; he survives Darkseid's attack.

He and Luthor insisted that the surviving villains help the heroes during the defense of Earth against the forces of Apokolips, fights alongside Hawkgirl and Steel II, and is last seen taking advantage of the 'five-minute head start' the Justice League grants the surviving villains at the end of the final episode.

He is voiced by Lex Lang, who also voiced Captain Cold and Heat Wave in Justice League Unlimited, Doctor Doom in The Avengers: Earth's Mightiest Heroes and Marvel Heroes, and voices Dr. Neo Cortex in the Crash Bandicoot series and Goku Black.

He later appeared in Young Justice, helping the Injustice League power their giant mutant plant created by Poison Ivy. When the team and the gang fought outside he stayed inside their base helping the Joker control the plant. When the plant was destroyed he helped the rest of the villains fight the team but was later captured by the Justice League.

In Superman vs. The Elite, he was voiced by Dee Bradley Baker, who also voiced Gravemind in Halo 2 and Halo 3, General RAAM in Gears of War, Letz Shake in No More Heroes, and Ra's al Ghul in Batman: Arkham City.

In Justice League vs. Teen Titans, he was voiced by Rick Wasserman, who also voiced Weather Wizard and Solomon Grundy in the film, Absorbing Man, Surtur, Ymir in Avengers: Earth's Mightiest Heroes.

## Bizarro

Bizarro is a character in DC Comics. He is a dimwitted and imperfect clone of Superman who desires to become a hero like his counterpart, although, due to the fact that he perceives everything as the opposite of what it really is, his "heroic" actions usually end up doing more harm than good. Likewise, Bizarro has been portrayed as a tragic villain, an anti-hero, or even a protagonist in many different adaptations and iterations over the years.

Bizarro appeared in Superman the Animated Series as a prototype for an army of Superman clones being manufactured by Lex Luthor. He attempted to be a hero, but was far to destructive to be of any real help. Superman usually showed up to fix Bizarro's "heroic actions". Bizarro then attacked the laboratory in frustration causing it to self destruct. Bizarro, unknown to Superman, survived the explosion and wandered aimlessly ending up at the Fortress of Solitude. While there he destroyed the place and was convinced by the Brainiac orb to be the real Superman. Deciding he needed to rebuild Krypton, he returned to Metropolis and began destroying and rearranging it to look more like "his home planet". Superman intervened once again.

Superman, feeling bad for Bizarro's miserable life, took him to a new planet that could sustain life, but nothing lived there except one creature. Bizarro made this creature his pet, dubbing it Krypto, and was happy there until Mister Mxyzptlk arrived. He convinced Bizarro that Superman put him there out of jealousy. Bizarro returned to earth and battled Superman again. Superman convinced Bizarro Mxyzptlk had tricked him, and Bizarro was returned to his homeworld. At some point, for reasons never explained, Bizarro returned to earth and teamed up with Giganta to break Gorilla Grodd out of prison. Wonder Woman and Longshadow stopped them. He would later be a member of Grodd's Legion of Doom.

Mark Desmond A.K.A. Blockbuster

Blockbuster is a strong supervillain in DC Comics. He is an enemy of the Justice League.

Mark Desmond was a chemist who desired to become stronger and began experimenting on himself to try and increase his strength. he eventually created a serum that gave him body he wanted, but also transformed him into a mindless brute; incapable of speech. Mark was cared for by his brother Roland Desmond, who used him to commit crimes until they were stopped by Batman and Robin. Since then, Mark found himself opposing the Caped Crusader on various occasions and became a member of the Secret Society of Super Villains during a battle with the Justice League.

Robert DuBois A.K.A. Bloodsport

Bloodsport is the name of three DC Comics supervillains, all of them are enemies of Superman. Bloodsport was created by John Byrne and first appeared in Superman Vol #4 (1987).

Robert DuBois was born and raised in Metropolis, and albeit not much is known about his family, he grew up with his brother, Michael "Mickey" DuBois, and the two of them were very close. As a young man, DuBois was drafted, as many others, into the US Army to go to Vietnam. Robert didn't have any particular moral objection to the war, but he was afraid of dying nevertheless: rather than joining his peers on the battlefield, he preferred to flee to Canada. What he couldn't imagine was that Mickey, wanting to save his brother's honor, reported for induction in his place, pretending to be Robert. Mickey went to war in his brother's place, but in Vietnam he was terribly wounded, and lost both arms and legs. As soon as he knew what had happened, Robert went mad with guilt: he blamed himself for what had happened to his brother, and quickly went insane. He became obsessed with Vietnam, and subjected himself to an intensive training as if he was actually going to war. He was locked in several psychiatric hospitals in Canada, but no doctor could help him with his fixation. Then, one man came with a "solution": Kimberley, so he introduced himself, played with his obsessions, convincing DuBois that a new war had to be fought, one even more important than Vietnam, a war for humanity. The enemy was but one: Superman, the alien that was humiliating humanity with every single breath he took. Kimberley equipped Robert with an arsenal of futuristic weapons, weapons he could access to thanks to a teleportation device, and sent him to Metropolis to fight the war he never attended to.
